### GREEK PREMIER ZAIMIS HAS RESIGNED — BRITISH BRIGADE LEAVES SALONIKI

#### BRITISH AND FRENCH WILL JOIN NORTHWEST OF SALONIKI

BRITISH BRIGADE HAS LEFT FOR THE NORTH—BULGARIANS HOLD RAILROAD—TEUTONS ARE ADVANCING VERY SLOWLY IN SERBIA—TURKS PREPARING TO STOP RUSSIANS

(Special to The Daily News.)

Saloniki, Oct. 26.—A brigade of British troops has left for Dorian to prepare for an advance on Strumitza in conjunction with a French movement. Dorian is forty miles northwest of Saloniki.

#### Bulgars Hold Railroad.

The Bulgars in Uskup hold the Nish-Saloniki railroad to Varna, a distance of fifty miles. The French state that the Teutons have advanced less than twelve miles into Serbia from the crossing of the Danube.

#### Waiting for Russians.

London, Oct. 26.—The Turkish troops are concentrating at Burgars, Varna and other points on the Black Sea to oppose the attempt by Russians to land large forces there.

The chief Bulgarian forces have been removed to the Serbian frontier to assist the Germans in holding the French and British while the Bulgarians in the immediate vicinity of the Black Sea ports are reckoned to be able to resist the Russians, with the assistance of the Turks.

GEN. JOFFRE AND ITALY'S KING DINE AT THE BATTLEFRONT

Photo taken during the visit of General Joffre to the Italian army shows him (standing) and King Victor of Italy, eating their luncheon, during an inspection of the Austrian front near Fresco.

#### PRINCE VON BUELOW WILL SUBMIT GERMAN PEACE TERMS

KING OF SPAIN AND PRESIDENT WILSON TO BE APPROACHED IN THE INTERESTS OF PEACE — GREEK PREMIER ZAIMIS RESIGNS—ANOTHER CONSPIRATOR ARRESTED IN NEW YORK

(Special to The Daily News.)

London, Oct. 26.—It is reported that Prince Von Buelow, the ex-chancellor of Germany, will shortly submit to President Wilson and King Alphonso of Spain the conditions under which Germany will discuss terms of peace.

#### Greek Crisis.

Athens, Oct. 26.—A crisis has occurred again in the Greek cabinet, and Premier Zaimis has resigned on being reminded by ex-

Premier Venizelos that the government depends largely upon the control of a large number of the opposition.

#### Another Conspirator.

New York, Oct. 26.—Max Breitung has been arrested on a charge of conspiracy to blow up American munition plants and steamers loading munitions. Breitung is alleged to have been implicated in the schemes of Lieutenant Fay who was arrested yesterday.

#### FARMERS CHARGED WITH ASSISTING ALIEN ENEMIES

(Special to The Daily News.)

New Westminster, Oct. 26.—The jury has disagreed in the case against the Surrey farmers Gustav Hamel and Thomas Kizsl. Accused, who are of German origin, are charged with assisting alien enemies to escape from Canada. The case, which is creating much interest following the execution of Nurse Cavell by the Germans for a similar offense, will probably be tried again at the present assizes.

#### REQUEST REFUSED

V. D. Casley's request for permission to dump muskeg from a building excavation into a hole in an adjacent lane was approved by the board of works, but was refused by the council on the motion of Ald. Dybhavn, seconded by Ald. Beveridge.

Ald. Dybhavn pointed out that the council, for the past two years had allowed the dumping of rock into streets and lanes, but had insisted that all muskeg be hauled to the school grounds. He held that no exception should be made as all citizens should receive the same treatment.

The mayor stated that there was a twenty foot hole in this lane which required filling and that, in these hard times, all building should be encouraged.

Ald. Beveridge said that dumping muskeg in the lane would simply mean that it would spread over other lots in wet weather.

LADIES ARE OFFERED an excellent opportunity to get a handsome winter coat at a bargain in the manufacturer's sample coats now "On Sale" for one week only at Wallace's.

#### MEMORIAL STATUE TO NURSE MARTYR

London, Oct. 25.—The Daily Telegraph, with a donation of 1,000 shillings (\$250), has started a shilling fund to provide a memorial statue to Miss Edith Cavell. Sir George Brampton, the sculptor, has promised to execute the statue as "a labor of love."

There are many suggestions in the morning papers today that a national memorial be erected for Miss Cavell. The Daily Mail suggests the foundation of an institution for trained nurses. Mrs. Humphrey Ward, the novelist, proposes that the Queen take the lead in the name of the women of England, in the formation of a national committee to erect a memorial tablet to Miss Cavell in St. Paul's Cathedral or Westminster Abbey.

A memorial service for Miss Cavell will be held in St. Paul's next Monday.

#### MAJESTIC THEATRE

The Majestic was crowded last night when the 13th episode of "The Broken Coin" was screened. This wonderful serial will run to 22 episodes, so there is a long spell of "reel" excitement still in store for Majestic patrons.

"Her Rustic Hero" is the story of a young authoress, who goes to the country looking for "raw" material, mistakes a city youth on holiday for a rustic and proceeds to use him as copy, with amusing and ultimately happy results. "Father's Strategy" is an enjoyable comedy drama, and the Animated Weekly has several interesting items, including a view of the French trenches at close quarters, showing the barbed wire entanglements.

#### KITSUMKALUM SCHOOL FOR INDIAN CHILDREN

Mark Luther, president, Joseph D. Peirce, captain, and Louis Gosnell, secretary, of the Christian Band of Workers of Port Simpson, returned from the interior last night. At Kitsumkalum on Saturday, they baptized three children and after the services on Sunday they baptized two more.

While in Kitsumkalum they established a school for Indian children, which should prove a boon to the community. The school, which starts today, will be conducted by Miss Robertson, an Indian girl who received her training at the girls' school at Port Simpson. The school trustees appointed were: Louis Gosnell, of Port Simpson; David Starr of Port Essington, and Benjamin Bennett, of Kitsumkalum.

#### COMPULSORY EARLY CLOSING BYLAW

The city solicitor reported to the council last night that, under section 4 of the Shops Act, the city council has power to introduce an early closing bylaw requiring any class of shop to close not earlier than 6 p. m. He suggested that the question of bringing in such a bylaw be left over for a week in order that the council may receive an expression of public opinion.

#### BRITISH CURRENCY HAS DISPLACED GERMAN

A branch of the Bank of New Zealand has been established at Samoa, and British currency has now displaced German currency. The change is a step towards Anglicising the island. British notes, coin, and postal orders have entirely taken the place of German notes and coin, which no longer hold good in Samoa.—United Empire Magazine.

James Richmond, of New Hazelton, arrived last night.

#### LOCAL HUNTERS HAVE BREEZY EXPERIENCE

A company of local hunters had quite an exciting experience over the weekend in the vicinity of Tugwell Island. Their engine having broken down, two of the party made Prince Rupert in a canoe, after three hours' hard paddling in the middle of the night. Procuring a launch, they left again for the island about 6 o'clock yesterday morning. Meantime, the disabled launch had drifted considerably and was nowhere to be found. Eventually the party was picked up by an Indian launch and towed into harbor. The boys had quite a breezy, chilly experience.

#### EARLY CLOSING PETITION

A petition signed by 25 retail salesmen was presented to the city council last night, asking for an early closing bylaw covering grocers. The petitioners pointed out that they thought that a day of from 8 a. m. to 6:30 p. m. was long enough. They also stated that they considered it unfair that grocery salesmen should be discriminated against. The petition was laid on the table for a week.

#### 1916 VOTERS' LIST

The City Hall will be open from 7 to 9 each evening this week to allow of Household and Licence Holders to register. Household holders must bring their road tax receipt.

ERNEST A. WOODS, City Clerk.

LADIES' COATS "ON SALE"—25 novelty coats—no two alike—have been sent us by the manufacturer for speedy sale, all unsold by the end of the week to be returned. They are "smart" and of extra good materials—and very low in price. Wallace's

Olaf Hanson returned from Lake Kathlyn on last night's train.

#### IRREGULAR BOARDING OF THE PRINCE GEORGE

There was quite an exciting rescue at the wharf yesterday, when the Prince George left for Granby. A belated and overloaded passenger arrived just as the boat was leaving and he at once grabbed a rope and jumped.

The weight of a bottle of liquid fuel in his hip pocket probably upset his balance, and he spread-eagled against the side of the ship, and hung on until rescued by some of the crew. What amused the audience most was that the bottle was carefully rescued first.

#### MAORIS FIGHTING IN GALLIPOLI

The British force at Gallipoli has for some time past been strengthened by the arrival of the Maori contingent. These men, who landed at Gaba Tepe, are the first Polynesian troops to be brought overseas to fight for the Mother Country, and if the spirit of their ancestors still lives, they will do it well. In the afternoon the Maoris started to dig themselves in, and they made their bivouacs in an old watercourse on the left flank. Then the "Pakeha" (white) general came and addressed them, and they lined up, while with protruding tongues and a rhythmical slapping of hands on thighs and chests, they began the Maori war-dance. Shriill and high the leader intoned the solo parts, and the chorus crashed out, while, as the dancers became more animated, the beat of their feet echoed through the gullies of Gallipoli. A hundred yards or so away, in the Turkish trenches, perplexed Moslems listened to this blood-curdling serenade, and reported that "man-eating savages" were employed by the British. One of the "savages," he it noted, has an English university degree.—United Empire Magazine

#### THE CRADLE

BORN—To Mr. and Mrs. W. H. W. Murray, of Prince Rupert, a Son, at Edinburgh, Scotland, on October 24th.

#### FATAL FIRE IN PITTSBURG FACTORY

(Special to The Daily News.)

Pittsburg, Pa., Oct. 26.—Twelve girls and one man were killed when fire broke out yesterday in the factory of a paper box company. The dead were trapped in the burning building, which was a four-story structure.

There were many exciting rescues from the burning building. Two men on the second floor were about to jump when they heard the cries of girls on the floor above. They shouted to the girls to jump, which they did and were lowered to the sidewalk. Thorough investigation into the fire has been ordered.

#### WESTHOLME THEATRE

"The Diamond from the Sky" delighted a large audience at the Westholme last night. The monkey, which possessed the diamond, climbs a tree and drops it into an owl's nest and there it remains in the meantime. The story then goes back to Stanley Hall, where the gipsy and her daughter have taken up their abode. Here a most exciting horse race takes place, in which Arthur Stanley appears, unknown to the others, and defeats his cousin. It is a thrilling scene and still more excitement follows when detectives arrive to arrest Blair Stanley for the murder of the old doctor.

"The Hicksville Tragedy Troupe" kept the audience in a continual ripple of amusement, while "The Gold in the Crook" is a pleasing two-reel drama. The Gaumont Gazette, a new feature, was introduced.

Displayed in our main window—some of the ladies coats that have been sent us by the makers "on sale". Wallace's.

**IMPERIALISM**

While in the old country with Premier Borden recently, R. B. Bennett, of Calgary, addressed a gathering of Imperialists at the Royal Colonial Institute in London. In speaking of the effects of the war, he stated that one result would be a demand by the various Dominions for a voice in the control of Imperial affairs, through some central body of representatives at the capital of the Empire.

In this connection, it is well to remember Sir Wilfrid Laurier's definition of imperialism, which is that of Asquith, Grey, Haldane, Hareourt and Lloyd George, and which the Liberal leader aptly outlined at a memorable imperial conference: "Imperial unity based upon local autonomy." "That conception of imperialism is far more practical than that of the formalists and the doctrinaires who dream of centralization, forgetting that, in the words of Burke: 'The hold of Britain on the Dominions is the close affection which grows from common names, from kindred blood, from similar privileges and equal protection. These are the ties which, although light as air, are strong as links of iron.'"

**COAL SHARES**

The allotting of \$105,000 in shares by the directors of the Pacific Coast Coal Mines Company seems, from the evidence given before Mr. Justice Clement, to be a more flagrant piece of business than anything accomplished by the Roblin bunch in Manitoba, and the duty of the lieutenant-governor is perfectly clear. As the representative of the King, he must hold a searching enquiry into every circumstance of the case without delay.

There seems to be no ques-

tion as to the handing over of the stock, and it is self-evident that such an action had more behind it than mere friendship. In any case, it is ludicrous to suggest that the members of the syndicate should be made to pay for the personal love of Mr. Arbutnot for Dr. Young. The following extracts from the evidence leave little doubt as to the reason for Mr. Arbutnot's "generosity".

"I heard from Savage and Wishard that this was a corruption fund; I don't know whether for services rendered. Savage said there had been a contest over some foreshore in the Squash district, and at a hearing before the provincial executive the decision was rendered in favor of our company."—C. C. Michener.

"What was the relevancy of these statements made to you to these shares; what was the connection? You say there was a meeting of the executive; what had that to do with ten hundred and fifty shares?"—Mr. Justice Clement.

"My understanding of these conversations was that it had something to do with the decision."—C. C. Michener.

On Friday, Mr. Luther D. Wishard added his testimony to that of Mr. Michener. He had learned from McGavin and Savage that "some service of the greatest value had been rendered which was deserving of such compensation," that the \$105,000 in shares had been turned over to Arbutnot to be transferred by him to the person said "to be entitled to the compensation," that the services "related to a decision that was secured in connection with a negotiation connected with certain foreshore rights that were claimed by different parties."

## The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

## DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

**INSPECTION**

**INSPECTION of the Gillette Safety Razor by mechanical experts and men of judgment shows clearly WHY seven million shavers prefer it.**

The thin, flat blade is tempered to a uniform hardness impossible in an ordinary thick-backed razor. As a natural result, it takes an edge unequalled for even keenness.

By a simple turn of the wrist you can regulate a Gillette shave to a nicety—light, medium or as close as you like.

The curved holder supports the blade close to the shaving edges, preventing all that vibration which makes hollow-ground open blades and other safeties pull and irritate when they strike a stiff beard.

The toothed guard ensures safety, and permits such free and rapid strokes that a smooth, clean Gillette shave need take no more than three minutes.

Then there's the adjustable feature, exclusive to the Gillette.

Inspect the Gillette and you'll buy it—and shave in comfort thereafter. Go to it! Your Druggist, Jeweler or Hardware Dealer will gladly parade the Gillette Line before you.

"Bulldog", "Aristocrat" and Standard Sets, \$5.00—Pocket Editions, \$5.00 to \$6.00—Combination Sets, \$6.50 up.
