RUMORED CABINET CHANGES AT VICTORIA

M'BRIDE FOR LONDON--BOWSER TO BE PREMIER--TAYLOR AND YOUNG TO GO

SIR RICHARD M'BRIDE MAY LEAVE FOR LONDON SHORTLY

REPORT THAT HE WILL ACCEPT THE AGENT-GENERALSHIP--BOWSER WILL BE PREMIER--TAYLOR AND YOUNG TO LEAVE CABINET--THE PREMIER WANTS PLEBISCITE ON PROHIBITION

(Special to The Daily News.)

Vancouver, Nov. 9.—There is a report in the Province and Victoria Times that Sir Richard McBride is to leave the cabinet this month for London, to take over the agent-generalship of British Columbia.

Hon. W. J. Bowser will be premier, and Taylor and Young will leave the cabinet. By-elections will follow the appointment of A. C. Flummerfelt, Lorne Campbell and C. E. Tisdall to the cabinet.

Prohibition.

The reply of Premier McBride to the prohibition executive was received last night. The prohibitionists asked for a referendum to be taken on any day but

election day.

The Premier made a very guarded reply stating that it was necessary to hold a plebiscite on election day in order to ensure an adequate vote. He objects to the act as failing in the object of its drafters.

Premier McBride also states that he is opposed to the principle of the referendum as being contrary to the spirit of British representative government.

The reply was discussed at length by the executive. The executive, after a further explanation from the premier, will call together a committee of one hundred to formulate a policy to meet the government attitude.

CAPTAIN WARDEN TO GO SOUTH TONIGHT

Captain J. W. Warden did not go south this morning as he intended, having decided to stay over until this evening to allow of a more thorough inspection of the district, including a visit to Metlakatla with a view to securing the services of the band there. He will go south on the Chelohsin tonight.

"BROKEN COIN" TONIGHT AT THE MAJESTIC THEATRE.

This is "Broken Coin" night at the Majestic. On this occasion the fifteenth and sixteenth episodes are blended into one, and the striking story of intrigue goes along merrily as ever. Grace Cunard is still the most interesting character in this magnificent serial, her quaint humor being delightful.

There is the usual bright and newsworthy Animated Weekly, while the comedies are of the first class. "And the Deacon Swore" is extremely funny, while "Pokes and Jabbs" is a perfect scream.

Mr. Delasala announces another great Pathe attraction, entitled "The Heart that Knew." Pathe features are always good and this is no exception.

WEDDING BELLS

Two of the most popular young old timers of Prince Rupert, in the persons of Miss Hettie M. McLeod and Mr. John R. Morrison, assistant postmaster here, were married yesterday. The ceremony was performed by Rev. J. F. Dimmick, the bride being given away by her brother Mr. H. A. McLeod, and attended by Misses Jean and Mayo Bailey, two dainty bridesmaids.

After the ceremony, the wedding party was entertained to a sumptuous banquet at the home of Mrs. A. H. Bailey, 5th Avenue, East. Mr. and Mrs. John R. Morrison will reside in the Clapp Block on Second Ave.

SECTION TWO ENQUIRY

At the council last night, the city solicitor brought in a report as requested, on the question of Orientals building in Section two. He said that a man's nationality had no bearing whatever on the question of building. The only essential was strict compliance with the laws and regulations.

EARLY CLOSING.

The bylaw to shorten the hours during which grocers may carry on business passed its second reading at the council last night. The only alteration was the changing of the closing hour from 7 p. m. to 6.30 p. m.

SCHEME TO REDUCE VANCOUVER COUNCIL

(Special to The Daily News.)

Vancouver, Nov. 9.—The city council has voted to reduce the size of the council. It is suggested that next year the eight wards have each one alderman instead of two.

SPLENDID SHOW AT THE WESTHOLME THEATRE.

The Westholme was crowded last night by interested followers of the fortunes of "The Diamond from the Sky." This serial is proving a worthy successor of "The Million Dollar Mystery" and is becoming more interesting and exciting as it develops.

"Her Martyrdom," a three-reel drama of great power, tells the story of a young lady who marries a millionaire whom she does not love, in order to get money enough to send her real lover to Colorado to recover his health. The return of the invalid provides a most dramatic scene and a tragic conclusion. It is an excellent play, splendidly staged and convincingly acted.

The Gaumont Gazette is full of good things from British military centres and the front, while "She Took A Chance" is a most laughable comedy. The entire show is good.

MARKET CLERK'S BOND

F. Holland, market clerk, complained to the council last night that the \$5,000 bond required would cost him \$50. He had been told it would cost only about \$20.

The subject was freely discussed, and the city solicitor suggested that \$2,000 would be ample.

Ald. Montgomery asked who paid for the bonds of city hall officials. On being informed that the city did, he held that it was unfair to ask this man to pay, while the others, who had larger salaries, did not.

The matter was referred to the finance committee.

F. W. HART, AUCTIONEER

F. W. Hart, whose office is in the Hart Block, at the corner of Third Ave. and Fifth St., has decided to enter the field as an auctioneer and appraiser. Mr. Hart has had a wide and varied experience of many lines of business, and should be just the right man in the right place.

SALVATION ARMY OFFICERS GO SOUTH

Captain Hodge and Captain Pardy, who have been carrying on the work of the Salvation Army in Prince Rupert for some time, left for Vancouver to attend the annual congress, this morning. These Ladies do not expect to return north, and desire to thank all who assisted them in their work in the city. It is expected that the new staff will be here shortly.

Malmö, Sweden, Nov. 9.—The German cruiser Undine was torpedoed while escorting the German steamer Preussen from Treeleborg to Sassenitz, in Prussia. Nineteen were saved, but one officer and six men died later of wounds.

New York, Nov. 9.—The French steamer Rochambeau discovered that her coal bunkers were afire shortly after leaving New York. Latest reports state that the fire has been extinguished and that she is proceeding on her voyage to Bordeaux.

Washington, Nov. 9.—Con-

fidential reports state that Lord Kitchener's ultimate objective is India.

Colonel Tobin Wounded.

Vancouver, Nov. 9.—Colonel Tobin of the 29th Regiment, has been wounded in France.

Western Front.

Paris, Nov. 9.—There is infantry fighting around Loos. There is a spirited artillery engagement in the Champagne district.

Joe Roerig has gone on a visit to his former home at Denver, Colo. He will take in the Panama Exposition en route, and expects to be away for several months.

INTERESTING BOARD OF TRADE MEETING

The regular monthly meeting of the Board of Trade was held last night when some of the suggestions brought forward at the recent special meeting were approved and acted upon.

President D. G. Stewart announced the citizen's committee to go fully into the question of making war material here. It is composed of Mitchell Albert, the chairman; George A. McNicholl, G. A. Woodland, Ald. George Casey and H. O. Robinson.

The scheme to circulate a petition for signatures making a request of the G. T. P. that they transfer their fleet headquarters to Prince Rupert was approved and the petition will be ready for signatures in the course of a few days.

In discussing the question of finances, President D. G. Stewart said that he would make it his business to see that the indebtedness of the board was wiped out before the end of the year.

APPOINTMENT OF PHONE WIRE CHIEF

Applications for the position of telephone wire chief were opened at the council meeting last night, on the motion of Ald. Montgomery.

Two of the applicants, Jas. N. Wilson and Ernest Love; both former managers of this department, asked for a salary of \$150 per month, while the rate advertised was \$135. It was finally agreed to leave Wilson and Love out of consideration.

The other applicants were P. A. Phillips, Vancouver, J. Foster, Vancouver, and H. S. Emanuels, New Westminster. The ballot showed 6 votes for Phillips and 2 for Emanuels.

P. A. Phillips, the selected man, was very highly commended by the manager of the Northern Electric Company.

Watch for the label on Domestic Bread. See back page.

DISCOURTESY

At the council last night a letter from Ald. Casey was read in which he complained of the discourteous behavior of some member of the city treasurer's staff. He recounted his attempts to get into conversation with someone at the city hall, the phone being answered on each occasion by this individual who was too busy to take the trouble to find out what or who was wanted.

Mr. Casey felt that the matter should be gone into, as the general public might be receiving similar treatment. He asked for the appointment of a committee of enquiry.

Ald. Beveridge favored the mayor naming a committee, as such conduct should be investigated. The finance committee was named.

THE WAR

The fact that Lord Kitchener has gone to the near east in person makes it clear that the Balkan situation is regarded as the most important thing at the present time. There can be little doubt but that the speedy ending of hostilities depends almost entirely upon the trend of events there. Beaten on the other fronts, the Kaiser has cleverly withdrawn the gaze of the German public to the scene of new operations, which, with the assistance of Bulgaria, and the lack of any belligerent move by Greece or Roumania, he hopes to bring to a more successful issue than his previous attempts in Russia and France. Though Germany still occupies a vast amount of foreign territory and she would appear to be still the conqueror, there is every reason to suppose that, on both the eastern and western fronts, the power of the Hun is gradually and surely diminishing, while the Allies are stronger than they have been since the opening of hostilities.

The gallant little band of Serbian warriors are fighting like heroes against overwhelming numbers, and they will go down in history along with the Belgian patriots who stemmed the first great German rush. It is clear that French and British reinforcements are arriving in Greece in much larger numbers, and, doubtless, this knowledge has given the Serbs to still more valiant efforts.

The cabinet change in Greece is virtually no change at all, and there is a great possibility that it will meet with the same fate as the Zaimis administration. The opposition under Venizelos is strong and determined, and there is no room

for doubt but that it represents the majority of the people of Greece. So far as friendship with Germany is concerned, Greece is committed now to "benevolence" towards the Allies, and if this means anything at all, it must amount to something the reverse towards Germany. It is not unlikely that the visit of Lord Kitchener to the Balkans may have not a little influence in molding the opinion of the Greek cabinet.

NOTES AND COMMENTS

The reign of the McBride government becomes every day more like the rule of the Bourbons of France whose profligacy and utter disregard of the welfare of the people brought about the French revolution.

The Bulgarians are finding that six weeks may seem as long as a Tory road superintendent's year.

Alec Manson says the Tories at Victoria have invented a new pack of cards consisting of two knaves and thirty-eight deuces.

It is rumored that the Tories are contemplating putting over one of the rawest pieces of "junkerism" ever perpetrated in this long-suffering province. If they want to top some of their previous efforts in this direction, they will have to go some.

William Manson is studying the needs of the settlers. What about the landlords who have no intention of settling?

CASE OF INTEREST TO TOWING MEN

Capt. Harry Smith, master of the tugboat Constance, which foundered off Sechart in a storm on October 1, was this morning found guilty on both charges laid against him in the police court by Steamboat Inspector Robinson. He was fined \$150, in default of payment of which he will serve forty-five days in jail.

On the charge of carrying passengers without a license, there having been a number of loggers on board of the Constance at the time of the accident, he was fined \$100 and costs, and on the charge of having taken in tow the launch Munro, which had not been properly registered and on which were also a number of loggers, the court fined him \$50 and costs.

The decision of Magistrate Shaw this morning has a most important bearing on the tugboat business on this coast, and has been keenly awaited by steamboat men in British Columbia as well as by logging men. The decision practically means that every tugboat doing business with logging camps and out of the way places along the coast will have to take out a passenger license, or else will have to refuse to carry men along with the cargo which they take to and from the camps.—Vancouver Province.

CHINESE WANT MONARCHY RESTORED

Pekin, Nov. 6.—Fifteen of the eighteen provinces of China already have voted for a restoration of the monarchy, Minister of Foreign Affairs Lu Cheng Haiang today told M. Obata, secretary of the Japanese legation.

This, he said, was the government's reason for feeling that it could not legally deter the decision of the people.

It is reported reliably that the government may require the council of state to legalize a postponement of the monarchical restoration if it is finally decided upon.

KITCHENER IS KNOWN OF SCHOOL CHILDREN

London, Nov. 6.—Lord Kitchen-er seems to be the only cabinet minister who has impressed the imagination of the English children, according to an examination of fifteen-minute impromptu essays written by 3,081 school children at the instance of Dr. C. W. Wiggins of Southwark. The

war lord was constantly referred to, but not a single other minister was mentioned.

The essays classified showed the girls reached the pitch of warlike feeling at the age of ten and the boys at eleven years. From the age of eleven onwards the pupils began to show anxiety on such questions as the cost of food and the Dardanelles operations connecting the forcing of the narrows with a plentiful food supply from Russia. Girls at thirteen manifest a maturity in their views of the war at least a year ahead of the boys. Curiously enough the advance on Paris and the retreat from Mons made little impression on the children.

A little girl, aged eleven wrote: "The origin of the war was thus: That when the German Emperor was at Windsor he insulted Queen Victoria and so King Edward smacked him round the face. The German Emperor said, 'I'll be avenged,' and hence the war."

A boy of twelve wrote: "The advantage of the war is that the men have learned to knit," and another boy wrote: "The main disadvantage of the war is that girls must remain old maids because there will not be any men left."

The Tories realize more clearly than ever that the huge gamble is over.

A Suggestion for Efficient Economy

Throughout the Empire has gone the call for personal economy to meet the extraordinary demands of the war. Here is a timely suggestion to men who have been spending from \$25.00 to \$75.00 a year on barber shop shaves:

Invest five dollars in a

GILLETTE Safety Razor

and shave yourself at home.

The saving will not be limited to money—the time you'll gain will be even more important, for the morning shave with the Gillette need not take more than five minutes.

And the comfort rivals the economy. Though you never shaved yourself before, you'll have no trouble in getting a clean, cool, safe shave with the Gillette Safety Razor. No more waiting your turn in the chair—no more breaks in the morning's work—no more dependence on unknown barbers when travelling, for the Gillette works anywhere.

Truly, the man with a Gillette is an efficient economist. Get one yourself to-day. "Bulldog", "Aristocrat" or Standard Sets cost \$5.—Pocket Editions \$5. to \$6.—Combination Sets \$6.50 up. Your Hardware Dealer or Jeweler will show you an assortment.
