## BROAD HINT TO GREECE AND ROUMANIA

### BRITAIN'S POLICY OUTLINED—THE BALKAN FENCERS RECEIVE FINAL WARNING

#### GREECE AND ROUMANIA MUST FIGHT FOR THEIR BRETHREN

HON. G. E. MASTERMAN OUTLINES BRITAIN'S POLICY OF SETTLEMENT AFTER THE WAR—GERMAN FLEET TO BE SUNK OR DIVIDED—GREECE AND ROUMANIA ARE WARNED

(Special to The Daily News.)  
London, Nov. 16.—A semi-official statement of Britain's final intentions after the war is contained in an article in the Daily Chronicle by Hon. G. E. Masterman. The writer says that Belgium must receive complete independence with an indemnity sufficient to restore her ruined cities and industries.  
France will get Alsace-Lorraine, which she lost in the Franco-Prussian war, and an indemnity for damage done by the enemy. The river Rhine will form a new natural boundary between France and Germany.  
Denmark will get the province of Schleswig, which is purely Danish, but which was taken under the wing of Germany with scarcely a "by your leave."  
Poland.  
German, Austrian and Russian Poland will be united into one

dominion under the Czar or a king appointed by him.  
Italy.  
Italy will get the district of Trentino and Italian Irredenta, while the Turkish Empire will be dismembered. Serbia will be restored with Herzegovina and an indemnity received from Austria.  
Germany.  
The German fleet is to be surrendered and sunk or divided among the Allies, while all Zeppelins will be destroyed. The German colonies will go to the nations who conquered them.  
Greece and Roumania.  
The article ends by saying that if Greece and Roumania consider Greek Irredenta and Transylvania not worth fighting for, they will never receive them, as NATIONS WHO ARE UNFIT THROUGH COWARDICE TO RISK LIFE IN FIGHTING FOR ENSLAVED BRETHREN, ARE UNFIT TO RULE THEM.

SCENE OF ITALIAN OFFENSIVE

Map shows Carso Plateau and Isonzo river district, where the Italians recently administered fearful losses on the Austrians who threw their artillery into the ravines and ran. Especially heavy fighting took place near San Martino; many prisoners captured.

#### GREECE WILL ALLOW SERBS TO REACH SEA

Greece Yields to Pressure—Conflicting Reports From Serbia—Vesels Will Fall To The Allies.

(Special to The Daily News.)  
London, Nov. 16.—As a result of pressure brought to bear upon the Greek government, it has modified its position in regard to Serbia. It now agrees that, in the event of a Serbian retreat to Greek soil, the Serbs will not be asked to disarm, but will be permitted to reach the coast without interference.  
Monastir Threatened.  
Despatches from Macedonia are conflicting. It is stated that the Bulgarians have been reinforced and have begun a new offensive, making desperate efforts to force a way through the Katchnik Pass to Pristina and through the Babuna Pass to Perlepe. Both operations threaten Monastir.  
Another Report.  
The Allies are still advancing in Serbia, and have cut off many Bulgarians from the main body. The French have made a terrific drive on Vesels and its fall is only a matter of a few hours.

#### 50,000 HUNS WERE TAKEN BY RUSSIANS

Russians Took Many Guns and Men Last Month—Kitchener Arrives at Lemnos—Italy Protests to the States.

(Special to The Daily News.)  
Petrograd, Nov. 16.—The official summary of the last month's operations on the eastern front shows 50,000 German prisoners taken, with 21 heavy guns, 118 machine guns and 3 searchlights. We are still advancing west of Riga.  
Kitchener in Aegean.  
Milan, Nov. 16.—Lord Kitchener has arrived at Mudros on the island of Lemnos in the Aegean Sea, accompanied by the resident general in Egypt. The little town of Mudros is the British base for the Dardanelles operations and is the naval base from which the bombardment of the Bulgarian coast was conducted.  
Air Raids.  
Rome, Nov. 16.—It is officially announced that two Austrian aeroplanes have bombarded Bresce killing seven persons and wounding ten. No material damage was done.  
Thirty Killed.  
Milan, Nov. 16.—Austrian aeroplanes flying very low dropped five or six bombs on Verona, killing thirty people. The enemy aeroplanes flew off when attacked by Italian aeroplanes. The government buildings were not damaged.  
Italy Protests.  
London, Nov. 16.—Italy has protested to the United States over the sinking of the Ancona.

#### LETTER RECEIVED FROM DON M'LEOD

Martin O'Reilly has received a most interesting letter from Don McLeod, who helped construct the city telephone system. Don left Prince Rupert before the war was dreamed of, intending to go to South America. He was heard from in San Francisco and New Orleans and then was lost track of.  
This letter was written in the cellar of a convent in France, Don being a signaller with the British Expeditionary Force. He enquires for many of Prince Rupert's old timers and declares that if he gets through alive he will be here again. He had not encountered any of the Prince Rupert boys up to the time of writing.

#### O'LEARY OUTBOXED BY FREDDIE WELSH

(Special to The Daily News.)  
Winnipeg, Nov. 16.—Freddie Welsh completely outboxed Johnny O'Leary in nine out of twelve rounds here last night. The world's champion made O'Leary look like an amateur during most of the bout.

#### QUESTION OF LOCATING REGIMENT IN RUPERT

At the close of the council last night, the mayor asked what was to be done with regard to the locating of a regiment here. Col. Warden said that there was not room enough to train a regiment.  
If the city guaranteed free light, phone, water and garbage collection and made provision for the billeting of the men, there was a possibility of one company being located here. He felt that the city should make an effort to have at least one company here and that the citizens might be prepared to make arrangements for billets.  
Ald. Beveridge asked what other cities are doing.  
The mayor said that the southern cities made all these concessions with regard to utilities and some provided free quarters.  
Ald. Beveridge moved that free light, phone, water and garbage collection be granted.  
Ald. Edge thought there were buildings vacant which might be used. He felt that an added payroll of \$15,000 per month for the winter would be worth having.  
It was finally agreed to grant free utilities to the regiment or part of it, and that the finance committee report next week as to quarters for the men.

#### ACCIDENTAL DEATH

Jack Conway returned last night from Port Essington where he conducted the enquiry into the circumstances attending the death of Peter Henderson, who was burned in his shack. "Accidental death" was the verdict of the jury.

#### CITY OF SEATTLE IS ONLY SLIGHTLY DAMAGED

The Pacific Coast Steamship Company's steamer City of Seattle entered the drydock yesterday afternoon for temporary repairs, after which she will proceed to Seattle, where she will be thoroughly overhauled. Under the direction of J. H. Pillsbury, the ship was docked without a hitch, everything working like clockwork.  
It was found that the vessel is very slightly damaged, thanks to the sound judgment displayed by her skipper, Captain McGillivray, at the time of the accident. For a distance of about 21 feet from the bow and below the ten foot mark her plates are badly dented. The steamer will be in the drydock for two days. The broken plates will be cut away and a sheathing of wood will be put on, with cement filling on the inside. The remainder of the freight, which is still on the government wharf, will be picked up by the Senator which leaves Seattle on November 23rd.

#### MR. AND MRS. C. A. COUTURE ARRIVED LAST NIGHT

C. A. Couture, who has been back east for a two months' vacation, returned on last night's train, and he did not return alone. On Nov. 6th at St. Marie, Beauce County, Quebec, Miss Alexandrine Geanest, of that town, became Mrs. Couture, and the happy couple left that night for Prince Rupert. They received a right warm welcome from the many friends of the bridegroom on their arrival here last night.

#### COUNCIL DISCUSSES HOSPITAL GRANT

At the city council last night, a motion was presented by Ald. Montgomery asking that the hospital board be requested to submit an estimate of their probable expenditure for 1916 with a view to having it placed before the electors at the January election.  
Ald. Montgomery explained that his reason for bringing in the motion was that he felt, along with many other citizens, that the hospital board was getting too much money and that it was time the ratepayers had some voice in the matter. He suggested a plebiscite being taken at the next election as being the most economical way of getting an expression of public opinion.  
Ald. Nicol said that such a proposal would place the board in an awkward position, as they could not give a reasonable estimate in advance. He also pointed out that the board was elected annually and that the present board would be asked to estimate what the next board would spend.  
Ald. Beveridge, in seconding the motion, said that he felt that a \$10,000 grant to the hospital was too high. He felt that the people ought to know what they are paying for.

The city solicitor said that he could not say offhand whether such a plebiscite would be in order, but he thought that the municipal act did not provide for such a course of action.  
Ald. Dybhavn said he could not grasp the force of the motion as the council had certain powers in such matters. The council has the power to refuse or make the grant as they see fit irrespective

#### HYPHENATED NEWS FROM GERMAN PAPERS

The News has received quite a bulky package of clippings from German papers from some Hun in Seattle. Several of the articles are in German so that they are perhaps not quite so desperate as they appear. Translated, most of them tell of dire happenings to the inhabitants of England engineered by gentlemen from Hunland.  
There is quite a number of pictures from the same source, mostly showing the British lion in rather advanced stages of decrepitude. All have been published for the edification of hyphenated Americans, and are more "cultured" than edifying. This particular Hun, whose handwriting resembles that of a former resident of Prince Rupert, who penned a letter which the News refused to publish, encloses the following note:—"Why don't you fellows publish the truth? Please copy those articles otherwise I won't send you any more."  
"I hope you get a good 'fresching' (this must be German) that should stop your bragging."

of any expression of public opinion.

The motion was defeated, Ald. Beveridge and Montgomery voting for it and Ald. Nicol, Edge and Dybhavn against it.

#### EARLY CLOSING

The compulsory early closing bylaw applied to grocers, to come into force on November 25th, passed its final reading at the city council last night.

## THE TRIUMPH OF GREED

Evidence accumulates that Sir Robert Borden's Purchasing Commission is playing politics with war contracts. The Hon. A. E. Kemp, as the responsible head of the commission, cannot afford to ignore the very definite charge of maladministration made in the current issue of Men's Wear, a journal devoted to the interests of the clothing trade, and published by the Acton Company, a firm of excellent reputation. Men's Wear says:

"It is not a shame, it is a crime, that in a time of life or death with the nation men should traffic in its needs. There are men fattening at the public trough while their fellows pour out their life blood in a foreign land. There are men scheming to make money out of this awful tragedy while the cries of heart-broken widows and orphans rise to heaven. Our soldiers go half clad while political tricksters and cowardly shysters play this boodle game.

"Canada's minister of militia is not to blame for the equipment blunders and delays that have held back his efforts to put the full number of men in the field. No man in Canada could have accomplished more than General Sir Sam Hughes has done in the past year to give this country her true place in the great conflict and the mother country the support she needs in this greatest crisis in her history; but his hands have been tied by a cursed political system. There is absolutely no reason why there should be a word of complaint with regard to the supply of clothing, shoes, and accoutrements. We have plenty of concerns in Canada to supply all that is needed in much less

time than it takes to get the men to wear them, and if the minister of militia had the handling of these matters there would be a different story to tell.

"The situation is best illustrated by a case that has occurred in the city of Toronto. In spite of the number of bona fide clothing factories anxious to get a share of the work, a large contract for uniforms was recently given to a real estate man, who had no more experience in clothing manufacture than the member of parliament who got him the contract. He farmed out the order to a firm of foreigners at a net profit of over twenty thousand dollars, promptly covering his chances for loss with insurance. Here is a man who, beyond perhaps a subscription to the party fund, has never turned his hand in the making of a fortune out of his country's necessity. No doubt instances might be multiplied almost indefinitely. As we have already said, it is not a shame, it is a crime."

The Globe gives space to this very serious statement in the hope that Sir Robert Borden will insist upon a public inquiry into the circumstances attending the awarding of contracts for the clothing and equipment of Canadian troops. The incident referred to in Men's Wear is not an isolated one. Some of the strongest Conservatives among the manufacturers of Toronto could tell similar stories. There were references to the diversion of contracts to middlemen who did nothing but collect a rake-off in correspondence that passed between the Canadian manufacturers and the government almost a year ago. Why not ask Sir Charles Davidson

to turn his attention to the clothing and equipment contracts, so that the country may learn the names of the "political tricksters and cowardly shysters" accused by Men's Wear of playing the boodle game while Canada's soldiers go half clad?—Toronto Globe.

## NOTES AND COMMENTS

The Conservative "Cabinet Crisis Doctor," the Hon. Bob Rogers, has been sent for by the British Columbia Tories. Bob used to have a great reputation for "doctoring," but the Manitoba debacle left it rather badly dented.

Bob said that he had never heard that there had been any quarrel in Victoria. This doubtless is what may be termed a "diplomatic truth." No doubt Bob listened with the same ear which failed to record the graft stories from Manitoba.

After his experiences with Roblin, Bob Rogers evidently thinks it safer to appear in person at the seat of trouble rather than to trust to telegrams. Conversations are harder to get hold of than telegraph files and leave nothing to be destroyed.

The citizens of Peace River Crossing have decided to drop the "Crossing" and this famous spot in the annals of northern travel will in future be known as Peace River.

The "Kulturists" who took movie films of the sinking France would be careful to miss out the shelling of lifeboats.

It is reported that Bill Bowser had to call in Bob Rogers in order to convince Sir Dick that London will suit his health much better than Victoria. Of course Dick prefers London to Victoria, but he would much rather go of his own accord.

### ENJOYABLE DANCE AT SMELTER TOWN

A record attendance enjoyed the dance and supper given last Friday by the Finance Committee of the Anyox Boat Club, in Recreation Hall. This dance was the third of a series of monthly dances being given by the Club for the purpose of raising funds to pay for their new float and slip, and the dancing public showed their hearty approval of the method in the heavy gate receipt which the treasurer recorded.

The music was furnished by Moore's Music (a business orchestra) and was more than usually excellent. The program contained many of the very latest dances as well as the older figures including the hesitation, half-step, pas-ma-la, quadrille and the standard waltz and two-step, the accompaniments to which show that Anyox is right on the musical map. This thriving smelter town is to be congratulated on its good fortune in having such finished artists as those working with Mr. Moore and their efforts are the more appreciated when it is considered that not one of the organization depend upon music for a livelihood; each and every member of the orchestra was recruited from the working force at the smelter and each is an efficient workman in his particular occupation.

For the annual Christmas dance, given by the superintendent to the citizens of the town, Mr. Moore intends to stage an orchestra of between seven and twelve musicians, all workmen in the smelter, many of whom are well known in Prince Rupert.

## MAJESTIC THEATRE

The installment of "The Broken Coin" showing at the Majestic tonight is one of the most exciting seen yet. Kitty and her colleague are ship-wrecked and land amongst savages. Kitty retains her sprightly humor, but is just a little shy of the dusky gentlemen. The Animated Weekly is very interesting, showing a Belgian princess receiving a number of wounded Tommies, and other European items. "A Man's Temptation" is a comedy drama, in which a young gymnastic instructor falls in love with another man's wife and gets a big scare. "The Village Postmaster" and "Dan Cupid, Fixer" are two good comedies.

## WESTHOLME THEATRE

"The Runaway Match," this week's episode in "The Diamond from the Sky" is certainly the most thrilling part of this great serial yet screened. Arthur Stanley does some marvellous things in the way of dodging death. The Gaumont Gazette is just as interesting as usual, showing many views from the seat of war. "Heart Trouble" is an amusing comedy drama, which is more funny than dramatic. The "trouble" is heart disease of the curable kind. "The Quest of the Widow" and "The Champion Process Server" provided smiles for everybody last night.

All news isn't as black as it is printed.

Neighbors should try to do as they expect to be done by.

# A Suggestion for Efficient Economy

Throughout the Empire has gone the call for personal economy to meet the extraordinary demands of the war. Here is a timely suggestion to men who have been spending from \$25.00 to \$75.00 a year on barber shop shaves:

Invest five dollars in a

# GILLETTE Safety Razor

and shave yourself at home.

The saving will not be limited to money—the time you'll gain will be even more important, for the morning shave with the Gillette need not take more than five minutes.

And the comfort rivals the economy. Though you never shaved yourself before, you'll have no trouble in getting a clean, cool, safe shave with the Gillette Safety Razor. No more waiting your turn in the chair—no more breaks in the morning's work—no more dependence on unknown barbers when travelling, for the Gillette works anywhere.

Truly, the man with a Gillette is an efficient economist. Get one yourself to-day. "Bulldog", "Aristocrat" or Standard Sets cost \$5.—Pocket Editions \$5. to \$6.—Combination Sets \$6.50 up. Your Hardware Dealer or Jeweler will show you an assortment.
