## GREEK GOVERNMENT WILL SATISFY DEMANDS

(Courtesy Hotel Prince Rupert.)

London, November 29.—The Greek government is ready to discuss any proposals made by the Entente Allies and will satisfy all demands, which will not affect their neutrality. The situation is still disquieting.

British troops are now on the front line against the Bulgarians, but no action has yet taken place.

### French Steamer Sunk.

The French steamer Omara has been sunk by a submarine in the Mediterranean and twenty lives lost.

### Wheat Commandeered.

Ottawa, Nov. 29.—The Canadian government has commandeered 45,000,000 bushels of wheat for the use of the Allies.

### Turks Active.

London, Nov. 29.—The Turks are again attacking on Gallipoli Peninsula, having received fresh supplies of ammunition from the Bulgarians.

### THE LONG ARM

This morning, Chief Vickers brought Alexander Gordon Hardacre north with him from Vancouver. Hardacre, some two years ago, was in custody here on a charge of supplying liquor to Indians, and managed to escape. Noticing that a man of the same name was charged in Victoria recently with attempted robbery, Chief Vickers made enquiry in Vancouver and found that he particularly wanted to see the gentleman. Hardacre, when released at Victoria, drifted over to Vancouver and was taken care of by the Vancouver police on information laid by Mr. Vickers.

### ST. PETER'S CONCERT

A good time is promised, for the programme is even better than ever, and you have the satisfaction of knowing that your two bits will help to repair some of the damage done by the Kaiser's bullets. Proceeds in aid of Canadian Red Cross fund. Concert commences at 8 p. m.

5 cents to 35 cents—Xmas Cards—Wallace's.

Will you be there Friday? Where? The Liberal meeting of course.

## GEORGE C. COLE MAY RETIRE FROM SERVICE

Hon. George C. Cole, who is visiting his old home in West Virginia, is reported as saying that he intends to retire from the American consular service and resume the practice of law in Weston or Wheeling, West Virginia.

Mr. Cole has been in the service for ten years, having served in Buenos Ayres, Dawson and Prince Rupert. In an interview, he said, "Prince Rupert is destined to become a great seaport on the Canadian west coast. The recent completion of a railroad system, spanning the continent and tapping the vast grain fields of Saskatchewan and Alberta will bring an enormous tonnage of grain for re-shipment south to Seattle and San Francisco, and over the Pacific to Japan."

### PRINCE RUPERT CREW ARE DOING THEIR BIT

Mr. King, chief steward on the Prince Rupert, reports that Mr. McArthur, G. T. P. agent in Victoria, has received a letter from Mr. Bachus, who was formerly purser on the Rupert, and who is now in the trenches. The boys on the Prince Rupert have been sending regular supplies of tobacco to the boys at the front, and the members of the crew have received many postcards in acknowledgment of their thoughtfulness.

## PROJECTED OPERATIONS OF THE RESOURCES COMMISSION

INTERESTING FIELD FOR INVESTIGATION IN BRITISH COLUMBIA—HOW THE PROVINCE HAS BEEN MORTGAGED AND GIVEN AWAY TO THE SPECULATORS

Ottawa, November 27.—Much interest is expressed here in the projected operations of the Dominion Resources Commission, which is to take stock of our national assets and point out what can be done to increase production and thus help to pay the war debt and build up traffic for the one transcontinental railway and a half which might be taken over by the government.

It is a large order, but the Commission has wide scope and ought to be getting busy soon. It will not do to postpone these constructive ideas until the war is over or to straggle in as the Hospital Commission does months after the conditions, in the shape of returned and disabled heroes with no jobs waiting for them, begin to overwhelm us. The hope is also expressed that the Dominion Resources Commission is not another of Mr. Micawber's promissory notes and that it will bring in an exhaustive report which will be acted upon promptly.

In discussing the resources of the Dominion the Commission may touch upon the question of Alberta's natural resources, and will possibly inquire why these resources have not been handed over to Alberta as promised by Premier Borden, some five years ago, when he had small expectations of ever handling them. Of course, that was in the heat of conflict, and promises, at that time, meant no more than German's promises to the Bulgarians and Greeks, which are mighty free of the other fellow's prop-

## LIBERAL MEETING

A Liberal meeting will be held in the commodious rooms of the Association, Stork Block, 2nd Avenue, on Friday evening December 3rd, commencing at 8:15 o'clock.

### SPEAKERS:

MR. G. R. NADEN

Who will particularly deal with Prince Rupert in its relation to the Provincial Government and

MR. FRED STORK

Who will handle the subject of Prince Rupert in its relation to the Dominion Government.

Both of these speakers are thoroughly conversant with their subject, having lived in the city since before incorporation and their addresses should be of very especial interest to many who have since come to the city and who may be unaware of many matters of deep public concern with which the speakers will deal.

EVERYBODY WELCOME

## CATHOLIC LADIES HAVE BIG DANCE AT ANYOX

The Old Fashioned dance and supper given by the ladies of the Catholic Altar Society, November 25th, was one of the most successful of the season's social affairs. The popularity of this zealous society was attested by an overwhelming attendance; more than one hundred couples took the floor and many more were unable to gain admittance.

One of the features of the evening was the raffle of five prizes on which the ladies had sold upward of seven hundred chances. The winners were: 1st, chest of silver, value \$75.00, T. McCrosky; 2nd, camera value \$50.00, E. Drummond; 3rd, gold necklace, value \$40.00, C. Ellis; 4th, travelling case, value \$35.00, R. T. Cooke; 5th, smoking set, value \$25.00, D. Robertson.

After the raffle, Moore's Music played a program of twenty numbers in their usual excellent style. For this occasion the orchestra reverted to the dances of fifty years ago, playing the quadrille, polka, mazurka, minuet and barn dances with waltzes and two steps interspersed.

During the intermission the ladies served a dainty lunch of their own making, which will ensure a packed hall at their future entertainments. The strains of the home waltz were not heard until 2 o'clock Friday morning.

save in his own country. As a matter of fact it is not Sir Richard's fault at all. British Columbia simply sized him up wrong—they mistook his hair for genius. And now he has had his hair cut.

After shedding enough tears at the sad plight of British Columbia to fill, say, the Fraser river, the Commission will retrace its steps to Manitoba, where it will encounter a bewildering state of affairs. It seems that the Roblin government long ago did all they could to the natural resources of Manitoba and at their last victorious election had recourse to the unnatural ones in the shape of a million and a quarter dollars worth of extras for Thomas Kelly, a considerable part of which found its way into the party chest, and did much to smite the wicked Grits. These resources, including enhanced cupolas, skimmed steel work, and imaginary concrete, were not only unnatural, but highly artificial.

However, the Roblin government worked them for all they were worth, which, as we said before—

## FISHERIES OFFICIALS COMING THIS WEEK

F. H. Cunningham, chief inspector of fisheries for the Dominion government, and D. N. McIntyre, deputy minister of fisheries for the B. C. government, will be in Prince Rupert this week. These gentlemen are members of the fisheries advisory board and will conduct an inquiry into fishery matters at this point. They will interview the local fishing men and report to Ottawa as to changes in conditions desired.

## PUBLIC MEETING ON THE FISHERIES QUESTION

A public meeting will be held at the City Hall tomorrow at 8 p. m. for the purpose of considering what method should be pursued in laying the various grievances of the fisheries interests of the port of Prince Rupert and No. 2 District before Messrs. Cunningham and McIntyre, who have been appointed by the authorities at Ottawa to go into these matters on the ground. Messrs McIntyre and Cunningham are expected to arrive in Prince Rupert this week.

These matters are of the utmost importance to the future welfare of the fishery interests and to the city of Prince Rupert generally, and have been taken up fully by the fisheries committee of the city council and the Board of Trade, and these committees will present a report at the meeting.

All interested are requested to attend.

## JAP PRISONERS ARRIVED FROM SOUTH THIS MORNING

O'Hara, Kameda and Nagano, the Japs who come up for trial at the assizes which open here on Thursday, in connection with the murder of J. R. Pittman at Port Essington, were brought north on the Prince Rupert this morning.

They were accompanied by Emil Carlson, one of the witnesses in the case, who has completed three months of a six months' sentence for supplying liquor to Indians.

## BULGARIAN PLANS

The withdrawal of the Bulgarians from the attacks on Monastir is in keeping with the arrangements made by Czar Ferdinand with the Kaiser during his secret visit to Berlin last July. At the time, Ferdinand was supposed to be visiting at one of his country seats, but Russian officials, who have arrived in Petrograd from Sofia state most positively that during that time of absence the Bulgarian monarch was busy in Berlin outlining his plans for the future of Bulgaria.

The Czar of Bulgaria is not in this fight in order to spread German "kultur," but to gain what Bulgaria has all along wanted—another seaboard. Ferdinand has for years been casting longing eyes on the Adriatic, with the disputed port of Durrazzo as his objective.

The bargain made last July was that if the Bulgarians kept the railroad between Vienna and Constantinople clear, Durrazzo would, on the conclusion of hostilities, become a Bulgarian seaport.

It is clear then that the taking of Monastir or the pursuing of the Serbians into Albania are not parts of Bulgaria's plans. If Germany is successful, they will get their free will of that region in due course. Meantime, a strong Anglo-French force is advancing along the Vardar river and promises to seriously menace the railroad to Constantinople. If Bulgaria can protect that railroad for Germany and enable communication to be opened up to Constantinople, concluding with a final German victory, Ferdinand is assured of having ports on the three seas, the Aegean, Black and Adriatic.

To have continued hostilities

towards Monastir would have upset German plans by weakening the forces along the railroad, which is the one point of importance. Ferdinand is playing for high stakes, therefore is going to put up a big scrap to try and win. His previous talk of simply wanting Serbian Macedonia and quitting fighting when that had been attained was evidently a crude attempt at a bluff.

## NOTES AND COMMENTS

McBride says the government will solve the prohibition question without importing legislation. Bowser thinks he cannot solve another big question without exporting a few cabinet ministers.

If Roumania allows Russian troops to pass through her territory, after refusing passage down the Danube to the Germans, her neutrality must be even more benevolent towards the Allies than that of Greece.

In Australia, New Zealand and South Africa, they figure that a man's politics has nothing to do with his capabilities as an officer, in short, that a Liberal can lead troops just as ably as a Conservative. They have some queer ideas in the southern seas.

It may strike one on this side of the Atlantic as ludicrous, but it is a fact that Lord Kitchener would have had supreme command over the British forces no matter which party had been in power.

It would be interesting to know if Sir Sam ever tried to discuss politics with Lord Kitchener.

What has happened to Prince Rupert? You will find out at the Liberal rooms on Friday.

## PROJECTED OPERATIONS OF THE RESOURCES COMMISSION

(Continued From Page One.)

fore, was a million and a quarter, and that does not go very far back into the mists of time where the Commission would probably meet with the Agricultural College, the Brandon Asylum, the Bell Telephone deal and other resources, now considered unnatural, but which were deemed natural enough by the Roblin government at the time they were needed. Of course, the Commission has been given power to investigate resources both natural and unnatural and consequently the Manitoba Parliament Buildings will come under their scrutiny. It will possibly be sufficient to concentrate on that. The citizens of Canada will be satisfied to get a good report on that without going into matters of ancient history.

The tale is a moving one—how orders-in-council became mere scraps of paper to be torn up by Premier Roblin and his ministers, how incriminating figures not written on asbestos paper, like-wise telegrams, were destroyed by fire; how crooked officials were given long leave of absence, so as to keep the books straight; how Hook did not pay Salt ten thousand dollars to stay in Denver, that is to say, not the first ten thousand, because he was robbed of it in Omaha, but how he paid him the second ten thousand from the same parties, because to have been robbed of it again might reasonably be suspected as a habit rather than a coincidence. At all events Salt got his, and so did Hook.

The Commission will also note that Mr. Thomas Kelly, who tapped the resources of Manitoba for an extra million and a quarter, is now negotiating, with the assistance of eight Chicago lawyers, the delicate question of how much he will give up to be allowed to come back. In other words, the burglar, having been caught with the goods, discusses with the householder, what portion of the swag

RICHARD B. MCGINNIS hereby gives notice that he has, under Section 7 of the said act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of Titles at Prince Rupert, B. C.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, Richard B. McGinnis will under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans, and for leave to construct the said wharf.

he will surrender to have the pistol pointed away from his head.

After the Commission has finished with Manitoba, it will take a look at Ottawa, where it will find that all the natural resources, natural and unnatural, have been pretty well exploited for the government's friends, except, perhaps, the supply of honorary colonels, which is practically inexhaustible. Every department is spending freely, "dashing along" as Nicholson, M. P., says, and the Public Works Department, while it is naturally eclipsed by the tremendous outlay of the Militia Department, is doing almost as well as in the anti-bellum days. The Commission will probably take note of the keenness with which patriots of the right party complexion took advantage of the resources of Canada in matters like paper shoes, window glass binoculars, spavined horses and such. The Shell Committee will also come in for a little attention as a body of contract-awards, who put such a big dint in the resources of Great Britain that Lloyd George sent a special commis-

sioner to Canada to find out who was tickling John Bull's feet and making him throw spasms.

After these preliminary items have been discussed the Dominion Resources Commission may be expected to get down to real business and answer questions like these: Why is Canada such a dear place to live in? Why does bacon on the hoof bring the farmer six cents, and bacon over the counter set the consumer back thirty cents a pound? Why is the Northwest farmer obliged to hoard his wheat or part with it at slaughter prices instead of selling it to the United States? If the object of the Commission is to give information, rather than head it off, it will answer these and many other burning questions.—H. F. Gadsby.

## "BROKEN COIN" NIGHT AT THE MAJESTIC THEATRE

This is "Broken Coin" night at the Majestic. Kitty Grey and her friends are still marooned on an island in the South Seas and there are some lively and amusing happenings. Just at the close a steamer comes in sight, but you must be at the Majestic to get the whole exciting story.

The program includes "On Dangerous Ground," a drama with a punch; "Crime of Thought," a comedy drama, and two most enjoyable comedies. "Dream of a Painting" is full of fun, while "Lizzie's Dizzy Career" is screamingly funny.

The inimitable Max Linder will be on deck in one of his best comedies on Wednesday and Thursday.

## "THE DIAMOND FROM THE SKY" AT THE WESTHOLME

"The Web of Destiny" is the title of tonight's episode of "The Diamond from the Sky." This installment is just as full of power and interest as its predecessors. There is also a very fine Gazette showing the Italian fleet in action; horses swimming a river and towing an inflated raft and other "war" items. "Eventide" is a series of magnificent sunset effects. "Pigs in Clover" is an amusing comedy drama, while "A Lucky Deal" is a typical western story which grips.

The dainty Mary Pickford is coming on Wednesday and Thursday in "The Dawn of a Tomorrow." Rex Beach's great play "The Spoilers," in nine reels is due on December 16th.

This loan is authorized under Act of the Parliament of Canada and both principal and interest will be a charge upon the Consolidated Revenue Fund.
