FOUR HUNDRED DEATH DEALING RUSSIAN GUNS

Terrific Bombardment Preceded the Russian Advance on Czernowitz — Varna Again Attacked.

(Special to The Daily News.)
London, Jan. 8.—The nature of the determined Russian blow on the Bessarabian front may be judged by the fact that the Russians concentrated four hundred guns on Czernowitz and continued a terrific bombardment for fifty hours before the infantry attack was made.

Varna Bombarded.
The Russian forces are again bombarding Varna, the Bulgarian port in the Black Sea.

ANNUAL REPORT OF CHIEF OF POLICE VICKERS

At the meeting of the police commission yesterday afternoon, Chief Vickers brought in his report for the year. It showed that 276 cases had been dealt with, there being 246 convictions and 30 dismissals. Fines to the amount of \$1,502.65 were collected.

The work of the force had been conducted with just about half of the staff of the previous year. The chief gave credit to the criminal investigation department for the fact that Prince Rupert had been wonderfully free from any criminal element during the year. The chief said that he had received very satisfactory service from every member of the force. The commissioners complimented Chief Vickers on the able manner in which his department had been conducted.

STRIKE LEADS TO TERRIBLE RIOTS IN OHIO

Four Killed and Forty Wounded in Wild Night of Terror in Youngstown—Business Section Burned.

(Special to The Daily News.)
Youngstown, Ohio, Jan. 8.—Four are dead and forty wounded while damage to the extent of \$1,000,000 has been done by fire, as a result of a wild night of terror, occasioned by a strike of the employees of the Youngstown Sheet and Tube Company. One hundred of the rioters were jailed.

National Guard Called.
Four companies of the National Guard and two companies of militia have arrived and martial law has been declared. Ten blocks, along with the entire business section of the town have been burned.

The rioters burned a bridge; seized the company's hospital, and barricaded it in preparation for siege against the Ohio National Guard.

ELECTION POINTS

There may be nothing really new under the sun, but opening the municipal election campaign with the Daily News carrying an ad for Mayor Newton has the appearance of newness.

Morse Creek is frozen over. This phenomenon bids fair to be coincident with the end of the Newton regime.

Ever notice how much more interesting things are that you don't understand? Take that city hall bunch for example. As limpets clinging to a rock they are a most interesting and delightfully incomprehensible study, and it will take some prying to make them drop off.

Prince Rupert needs now, more than ever, a man of McCaffery's character—business ability, and disinterestedness of purpose.

All things must come to an end. The Sam Newton administration can qualify as one of all things.

When considering candidates for the mayoralty, take a long, lingering look at what the present incumbent has not accomplished. It will help some in making your decision.

FIRE ALARM

The fire brigade was called out at 6:30 last night to the corner of 5th Avenue and Fulton Street. The only trouble was a chimney blaze, which was soon quelled.

FIRST BRITISH VICTIMS OF BULGARIANS

Wounded men of the Highland Light Infantry, from the Balkan campaign, coming ashore at Alexandria, Egypt, from the hospital ship to be treated for their wounds. This was in the early part of the campaign. Since then base hospitals have been established at Saloniki by the Canadian Army Medical Corps.

STRANDED JAPS WERE NOT WHAT THEY CLAIMED

From reports in the China Free Press, it appears to be perfectly clear that the eight Japanese who were stranded on the islands some time ago were not shipwrecked fishermen, but were simply Japs who wanted to land on the continent without worrying about the formality of interviewing the immigration authorities.

It seems that these men purchased a schooner in Japan, and loaded supplies of rice, potatoes, etc. with the express purpose of drifting across the Pacific to this land of promise. This episode demonstrates the eagerness of the Oriental to enter this land of plenty.

CORRECTION

We reported J. J. Anderson as saying that he would encourage industries to come in so long as they would agree to the 45 cents per hour clause. This should have read "so long as they would do business on a legitimate basis."

COMMITTED SUICIDE BECAUSE OF ILL HEALTH

(Special to The Daily News.)
Vancouver, Jan. 8.—Mrs. A. MacFadyen, the wife of a retired up-coast hotel keeper, aged thirty has been found dead hanging from a beam in the attic of her home on Twenty-third Street, in North Vancouver. She had committed suicide following a spell of ill-health.

THE MAYORALTY

To the Electors of the City of Prince Rupert,
Ladies and Gentlemen:—In response to the wishes of a large number of ratepayers, I have consented to again become a candidate for the office of mayor for 1916. In the past I have made it a point of always being on the job in carefully guarding the affairs of the city along the lines of impartiality, practicability, economy based upon efficiency, and the preservation and success of our public utilities. If these efforts have met with your approval, might I again solicit your support as a means of the continuation of such a policy for the next year? Yours truly,
S. M. NEWTON.

Secret Profits Must be Returned to Treasury — Debenture Issue is Declared Invalid.

(Special to The Daily News.)
Victoria, Jan. 8.—Mr. Justice Clement, in giving judgment in the Pacific Coal Mines case, declares that the million and a half of debentures, issued under the act of the legislature of 1911, is invalid, and that Arbutnot and his associates are to return \$425,000 in bonds to the treasury with interest.

All secret profits arising from the sale of coal leases to the company, in exchange for \$1,320,000 in shares, are to be returned. His Lordship declares that the shares received by Dr. Young were improperly taken from the company's treasury.

Ottawa, Jan. 8.—The House of Commons opens on Thursday. The government will ask for a twelve months' extension and it is believed that the Liberals will assent to the measure.

JACK EDWARDS NOW STATIONED IN ENGLAND

Ed. Doyle last night received a card from Jack Edwards, who is now in England. Jack is a sergeant in the 2nd Pioneer Regiment, which is commanded by Col. Davis, formerly of Prince Rupert.

Mr. Edwards left here for Vancouver last fall, where he enlisted. His regiment is stationed at Haxley Down, Winchester, Eng.

SPLENDID SHOW AT MAJESTIC THEATRE

"Lillian's Husbands," the three-act comedy at the Majestic is one of the brightest pieces of pure fun screened at this popular house for some time. Lillian is the daintiest little ward imaginable and it is not surprising that "guardy" wants to marry her. In the end, the cute little miss is most amusingly fooled and of course it all ends happily.

"The Vulture," which is described as one of "Truth's Queer Stories," is a remarkable little drama of London society. An actress, introduced into high social circles, is given a frigid reception by Lady Merton, whose husband the actress ultimately finds a nuisance. The queen of the stage brings the high and mighty lady to her knees and then forgives. "All Stuck Up" is a fly-paper story which is a scream.

Airship caught in telegraph wires at Namur—Austrians are Called to stop the Russian Rush.

Amsterdam, Jan. 8.—A Zeppelin of the newest type, which got caught in the telegraph wires at Namur, took fire and was completely destroyed. Two of the crew were killed and several injured.

Italian Re-inforcements.
London, Jan. 8.—Six Classes of the Italian field and coast artillery will be called to the colors on January 12th.

Austrians for Bessarabia.
That the Russian offensive in Bessarabia is taxing the energies of the enemy is instanced by the fact that the Austrians have been withdrawn from Montenegro owing to the Russian pressure on the Bessarabian front.

CHAPLIN AT HIS BEST AT THE WESTHOLME

In "Shanghai," Chaplin is certainly funnier than ever. He brings most of his old stunts and a host of new ones, which would keep any audience in an uproar. The story is one continual scream from start to finish. Charlie in the kitchen we have seen, but Charlie in a ship's galley is excruciatingly comical. The nonchalance with which he washes the dishes in the soup, and his efforts to eat while seasick beat anything he has ever attempted. "In the Days of the Famine" is a remarkably pretty tale of the frozen north. The snow scenes are surpassingly beautiful, while there is of course a gripping love story running along. "Never Again" is a cowboy comedy which has also a touch of the dramatic.

The pessimist admits himself a failure.

THE BALKANS

The latest report from the Near East, to the effect that Von Mackenzen will lead the Central Powers against Saloniki, is a direct contradiction of the despatch of the day before, but is probably the true one. First, the Germans were sending this great leader to Alsace to engineer a big offensive; then he was going to the Bessarabian front to stop the Russian advance, and now we have him remaining in Serbia. Well, he has got to be somewhere, and will be kept equally busy no matter on which front he may be placed.

It is gratifying to find that the Greek soldiers are ready and anxious to fight. All they need are the necessary orders, and they will be at the throats of the Turks and Bulgars in a flash. It is now quite clear that the Greek people will not stand for an invasion of their country by the Central Powers, no matter where their ruler's sympathies may be.

If the reports of newspaper strategists are worth anything, the position of the Allies at Saloniki is impregnable no matter though the Austrians, Germans, Bulgarians and Turks have many more men than are at the disposal of the Allies. There is no doubt that in any such action, the huge fleet which is watching the Greek coast will be able to assist materially in the shelling of the enemy's positions. If the Saloniki attack is begun, it is a clear intimation that Germany's designs on Egypt are still uppermost, as there is nothing to be gained by simply taking Saloniki. The great way to the Far East is undoubtedly the ultimate object. That the Central Powers will ultimately fail in their object seems just as certain as the fact that they failed to reach Paris.

NOTES AND COMMENTS

The south always wants to "hog" things. Here we have Vancouver with five mayoralty candidates while Prince Rupert has only two, and Sam thinks we have one too many.

They evidently have money to bury down Cincinnati way. What would happen if somebody started a conflagration with \$300,000 worth of bills in Rupert?

It is reported that the city has \$25,000 to burn, yet the people on the hill can't get a paltry little hydrant because the folks on Park Avenue needed water.

The boys are working hard on that skating rink at Market Place. It is to be hoped that their efforts don't bring a thaw.

The Trades and Labor Council have now only three aldermanic candidates in the field, but they hope to soon remedy this defect.

Some facetious individual suggests that we should have at least fifteen aldermen this year just to help things out, since there are going to be about thirty aspirants. The more the merrier.

MINISTER OF LABOR WAS WRONGLY REPORTED

Hon. T. W. Crothers, minister of labor, denies the report, which came here from London, that all single civil servants were to join the military forces or quit the civil service. "My principle," said Mr. Crothers, "is that if there are any positions in the public service held by young men with no encumbrances, and their duties can be undertaken by disabled soldiers, who have risked their lives and suffered for their country, the soldiers should get the positions."

DECLINE SUBSTITUTES BELGIUM GAVE ALL FOR CIVILIZATION

"If Belgium starves, says John Galsworthy, the English author, the civilized world incurs a stain more black than we dare to contemplate. A little country gave itself for civilization and civilization, having the means, to save it, let it perish. We are dealing here not with words, ideals and what not, we are dealing with hunger—a very simple thing, if people are not fed, they will die. No ultimate victories, vindications, and indemnities are of the least use to Belgians, starving now. If they are not kept alive—on the shoulders of this country, the richest country and that which has gained the most by Belgium's suffering, the reproach will be the heaviest. Verily it will."

Mr. Galsworthy's words were addressed to England, but as an integral part of the British Empire, Canada must take a part of them to herself. Not a few Canadians have already realized their import and have been striving to do their part in bearing Britain's burden of caring for and feeding starving Belgium—the not long ago prosperous little country, which sacrificed all for Britain and for civilization. The story has been told too many times for Canadians not to realize the awful importance of it. A glance into the offices of the Belgian Relief Committee at 59 St. Peter St., Montreal, is sufficient to see that something is being done, but at the same time there is much more to be accomplished. The committee is sending its appeal broadcast over Canada and its plea is only for wheat to grind into flour to make bread for starving women and children.

Not one of us but would answer (Continued on Page three.)

Act containing provisions which are shortly stated as follows:—

(1) To authorize the changing debentures issuable under the

Martyred Belgium Cries for FOOD!

You have Plenty — Share it!

We cannot—we MUST NOT let the destitute Belgians starve! No victory could be lastingly glorious if it involved the decimation by famine of a small nation that deliberately sacrificed itself rather than sacrifice honor!

Earl Curzon of Kedleston, says:

"We have to relieve from privation, and from worse, these unhappy people during the forthcoming winter, the second winter which they have passed under these cruel conditions; we have to keep alive their vital resources, to support their courage, and enable them to continue to endure."

Belgian Relief Fund

has been and is administered with an Efficiency and Economy never before equalled in Public Relief Work. All accounts are audited, and every pound of food and supplies is accounted for. The arrangements are absolutely effective for securing that none of the food or money goes into the hands of the Germans, is requisitioned by military authorities, or in any way diverted from the object for which it is given.

Nearly 3,000,000 Belgians must depend this winter on charity! Without help hundreds of thousands will starve! We in Canada have plenty! In the name of humanity and of the cause for which we are fighting, let us do our part toward saving these heroic allies!
