PARSONS AND POLITICS

Mr. McKim, speaking at a Conservative ward meeting in Vancouver recently, in dealing with the charges made by Dr. Mackay and Rev. A. E. Cooke, said that "clergymen should not dabble in political matters when moral issues were not before the people."

Evidently the Tory spokesmen down below are satisfied that there was no moral issue involved in the granting of a measure in behalf of the Dominion Trust Company, by which the public of Canada prices.

Another item of \$45,000, it is alleged, was loaned illegally by the directors to the Alpha Mort -gage Company, which now owns most of the stock in the C. H. I. C. This money was also loan or reserve fund money, according to the liquidator's claim. The sum however, is secured and no ultimate loss is anticipated. It may be found, however, that the directors should put up this money at once to prevent the creditors from being delayed and do the waiting themselves until the securities can be liquidated.

ADVERISED GOOS!

THE ROAD TO THE RIGHT.

JOU'VE met at least one of those few good old souls, who are constantly getting the worst of it when shopping, who don't believe in advertising. A hundred disappointing and instructive experiences have failed to teach him their plain lesson.

When he bought his first watch he was beguiled into buying one without a known name or a trustworthy guarantee. That watch—a poor timekeeper—cost him dearly by reason of missed appointments and missed trains, and for frequent repairs. Yet he paid the price of a good watch.

It is the same story with regard to his underwear, his shoes, and his fountain pen.

This good old soul's case is not unique. Many of us, if the truth be confessed, resemble him; we allow ourselves to be sold merchandise with an unknown brand or trade mark instead of buying merchandise which is well known to us through the medium of advertising. In slang language, we get "stung" pretty often.

In most of these cases we have ourselves to blame, for "the road to the right" thing to buy has been made plain by advertising.

There is no good reason for passing by the known thing, soundly guaranteed, to buy a dubious article, which, quality for quality, cannot be cheaper than the known, branded article.

"It is better to be sure than sorry."

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
