(Special to The Daily News.)

Petrograd, Feb. 17.—Eighteen forts at Erzerum have been captured by the army of the Grand Duke Nicholas, taking 40,000 Turks prisoners and 110 guns along with large quantities of supplies.

The Turks are evacuating the stronghold and are fleeing westward. The Turkish casualties amount to 25,000.

Best News for Months.

Paris, Feb. 17.—The capture of the Turk stronghold of Erzerum is declared here to be the best news received for many months.

Erzerum is the key to Asia Minor and its fall is a deadly blow to Turkey which will affect all the theatres of war including the Balkans. The Russian victory is of far-reaching importance.

Major De Civrieux states that the conquest is more important than that of any other fortress in the world as it dominates all the routes to Asia. The forts were carried after five days of unprecedented assault.

CANADIAN FISH FOR THE BRITISH MARKET

The Weekly Bulletin issued by the Department of Trade and Commerce contains an article dealing with Canadian fish for the British market. Reports on sample shipments made show that where ever thorough care had been taken in preparing, packing and freezing the fish the results were satisfactory, the quality being good. On the whole, the outlook for development of this trade is favorable.

All persons interested in the export of Canadian fish to Britain would do well to communicate with Mr. Harrison Watson, 73 Basinghall Street, London, E. C.

VANCOUVER LIBERALS READY FOR THE FRAY

A warning that the Liberal organization is prepared to deal in an exemplary fashion with any attempts at plugging and impersonating in the coming bye-election was given by Mr. M. A. Macdonald, Liberal candidate, in the course of his speech at the Pender Street hall last night.

Mr. Macdonald delivered a vigorous attack on the new government, declaring that masquerading under the name of Conservatism, it is a machine organization opposed to the people's interests. He declared that the government is afraid to face the bye-election at Victoria against Mr. Brewster, until the party workers on the mainland were released for their assistance. He likened recent attacks upon the ministers who had published "The Crisis in B. C." to the denunciations of the Manitoba clergy by Sir Rodmond Roblin, at the very time the building steal was being engineered.—Vancouver Province.

BULGARS ARE FIGHTING ON SHORT RATIONS

Bulgarian Force Greatly Reduced
—Muns have Grabbed all Wheat
—Czar Accused of Selling
His Country.

London, Feb. 17.—A neutral diplomat, who has just returned from Bulgaria, states that the Bulgarian losses in the war number 150,000, the army now being reduced to 180,000. This force is regarded as insufficient to aid the Germans in an attack upon Saloniki.

Short Rations.

The Bulgarian soldiers are obliged to go on short rations, the Germans having commandeered all the wheat in the country.

Bulgaria Disheartened.

The people of Bulgaria are disheartened at the trend of events, and fear Russian reprisals for the aid given to the Teutons. Czar Ferdinand is blamed for selling the country to the Germans. It is freely stated that Ferdinand's recent journey to Germany was undertaken in fear of revolutionary plots unless Austro-German relief was sent.

MANY HALIBUT BOATS ARRIVED THIS MONTH

The American schooners Madeline J. and Malolo arrived last night with about 18,000 pounds of halibut each. A record number of boats have brought their catches to Prince Rupert since the beginning of this month, and, had the weather conditions been more favorable, the total quantity of fish landed here would have been a record.

SQUAD DRILLS ON RECREATION PARK

The boys of the 102nd Battalion put in squad drills at Recreation Park yesterday afternoon. The men are rapidly settling down to real hard work and make a splendid showing.

Captain Brandt is conducting a series of lectures for non-commissioned officers, which are greatly appreciated and are doing much to promote the work of the local company.

NEW TAXES

With the bulk of the new taxation, everyone will agree that it is placed where it belongs, though many will be inclined to think that munition profiteers have got off too lightly. The Hon. W. T. White is to be congratulated on the fact that he had the courage to make the tax retroactive, and the collection of it will lead to some wonderful disclosures, though it is not to be expected that the public will get to hear of the details. For instance, take the case of companies which were formed to farm out orders for munitions, but which were not equipped to produce a single shell. It is certain that many of these companies netted big profits on orders which they handed out to other contractors, who in turn placed them with the manufacturers. It will be found that, if proper returns are made, some of these middle-men made much larger profits than the firms which actually produced the munitions.

The British Columbia apple growers have hailed the extra tax of fifty cents per barrel with delight. So they should, as it will place fifty cents more per barrel in their pockets. We have not noticed any shrieks of joy from the poor people who will have to pay more for their apples, however. The new tax will not lessen the importing of American apples to any appreciable extent, and in that way will add a little to the revenue. Had the minister of finance added another twenty-five per cent, to the profits of the munitions grafters he would have been able to show a much larger return, without increasing the cost of living in the slightest.

NOTES AND COMMENTS

If protection of apples, or anything else, is a sound doctrine, it would be a good scheme for the city council to pass a bylaw to keep out the competition of the sun by forcing people to keep their blinds drawn all day, thus boosting the electric light returns.

The minister of Finance might have increased the tax on munitions profits made by non-manufacturers without any danger of the people rising in revolt.

Some people seem to have the idea that the proposed expending of \$100 in the printing of Mr. Garde's report means that the \$100 goes to the engineer. The \$100 is required to cover the cost of publishing only.

The boys of the 102nd are satisfied that they would much rather have a nice warm wind than a shovel to remove snow in the future.

It will be interesting to find where the six different combinations which got a rake-off from the binoculars contract come in in the new business profits taxes.

Shipping fish from Prince Rupert to Seattle at one time would have appeared as grotesque as sending coals to Nanaimo, yet 180 boxes of halibut were shipped to Seattle for local consumption on Tuesday night.

Fancy cups and saucers to clear at 25, 35 and 40 cents, Tite's, the home furnisher.

BALBOA PHOTOPLAY AT MAJESTIC THEATRE

"A Gentleman's Agreement," the three-act photoplay at the Majestic, is a remarkably beautiful production, in which Edith Reeves plays the part of a poor stenographer who is on the verge of starvation when rescued by a "movie" manager and given an opportunity to star. She incurs the hatred of the former leading lady and captures the hearts of the leading actor and also of the manager. The latter gentleman has given his leading man a written promise that he will give him anything he asks, as a reward for having saved his life. When it comes to the surrender of the heart and hand of the fair Ruth, it is a hard bargain to fulfill, but of course all ends happily. There is also a first-rate Pathe Gazette and a splendid reel of comic cartoons entitled "When Mice Make Merry," and a series of very fine views of French Guinea, making a show worth seeing.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Olaf Hanson, of Prince Rupert, B. C., as the owner in Fee-simple, under a Tax Sale Deed from the Collector of the City of Prince Rupert to Olaf Hanson, bearing date the 10th day of September, A. D. 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert in the Province of British Columbia, more particularly known and described as:—Lot ten (10), Block eighteen (18), Section six (6), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. LENORE ULRICH MAKES HIT AT THE WESTHOLME

"Kilmeny," the five-act Morosco photoplay at the Westholme, is one of the brightest productions ever screened. Lenore Ulrich, as a young girl of good parentage who was kidnapped by gypsies and who grew up to be a care-free fortune teller, is fascinating and irresistibly funny. Transferred to the city home of Lady Sleigh, she turns the household topsy-turvy and considerably upsets the domestic relations for a little. Her investigations of electric lighting and the various features of a modern home have most comical results. Escaping again to the woods she is just about to be forced into a marriage with one of the tribe when her father arrives on the scene, and she is restored to her home and sweetheart. One of the outstanding characters, in a play in which each part is well filled, is that of a deformed gypsy who is a very real hero, and who sacrifices all to save Kilmeny.

There is also a splendid Topical Budget and a Keystone comedy, entitled "His Talented Wife," which simply brought down the house last night.

AUSTRALIAN INVENTS DEADLY MACHINE GUN

A mechanic in Victoria, Australia, has invented a machine gun capable of firing 1,000 shots per minute, which speed has recently been increased to 1,800 shots per minute. The gun, which is named the Caldwell, after the inventor, has two barrels, each of which can be fired independently of the other and is air cooled, which does away with the necessity of carrying water to cool the barrel while working.

Caldwell sold the patent rights of his gun early this year for the sum of \$375,000 with a royalty of \$25 on each gun manufactured, and has been appointed manager of the workshops where they are turned out, at a salary of \$5,000 per annum.—Ex.

QUESTIONS ANSWERED.

- 1.—How long am I to serve? Until the end of the war and six months after if required.
- 2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.
- 3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.
- 4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.
