CHEERING REPORTS FROM BATTLE FRONTS

BRITISH NAVAL SUCCESS — RUSSIANS PROGRESS IN BUKOWINA AND PERSIA

HUN OFFENSIVE BEFORE VERDUN NOW CRUMBLING

Check is Turning Point of War—Germany Now on Defensive—German Promises to Bulgaria Worthless.

(Special to The Daily News.)

London, March 21.—The German offensive before Verdun is now crumbling. An enemy attack on Malancourt was repulsed with heavy German losses.

The check received at Verdun is an immense disaster to Germany and marks the turning point of the war. Henceforth Germany will be entirely on the defensive.

Cheering Reports.

The reports from the other fronts are cheering. In an effort to induce Bulgaria to attack Saloniki, Germany formally ceded the Greek port to Bulgaria, with a promise to uphold the cession at the peace conference.

Ex-Premier Venizelos has re-entered the political arena in Greece.

Belgium Invited.

The Entente Allies have notified Belgium that she will be invited to participate in the peace negotiations.

LITTLE PAUL THOMPSON PASSED AWAY LAST NIGHT

Paul Warren Thompson, the little son of Mr. and Mrs. William Thompson, of Seventh Avenue, passed away last night at 10:30 as a result of an attack of pneumonia following upon measles. The little fellow, who was three years and six months old, was a particularly bright child and a general favorite with all who knew the family. The deepest sympathy of the whole community will go out to Mr. and Mrs. Thompson in their sad bereavement.

The funeral services will be conducted by the Rev. W. W. Wright in the parlors of the B. C. Undertakers tomorrow at 2:30 p. m., interment taking place at Fairview Cemetery.

DEVELOPMENT WORK ON HIGHLAND BOY MINE

The Omineca Herald reports that two shifts are now working on the Highland Boy mine which is being developed by Mr. E. P. Spalding of Spokane, who is associated with Mr. Rust, of Tacoma, and several New York financial men.

The men are driving a 1,600-foot cross-cut and the number of men will be increased as the tunnel work proceeds. Financial arrangements are completed for the handling of the property and it is expected that the Highland Boy will be a shipper this season.

VIENNA ADMITS RUSSIAN GAIN AT USCIECZKO

Russian Army has Crossed the River Dneister to Make Attack on Bukowina—Russians in Persia.

(Special to The Daily News.)

London, March 21.—The Russians have crossed the river Dneister for an attack upon Bukowina.

Vienna admits the evacuation of Uscieczko on the Dneister, after a six months defence, owing to heavy losses resulting from the fire of the Russian artillery.

Russians in Ispahan.

Petrograd announces that the Russian forces have entered Ispahan, the ancient capital of Persia. The subjugation of Armenia is now in progress.

IMPORTATION OF LIQUOR PROHIBITED

Ottawa, March 21.—Hon. C. J. Doherty, minister of justice, introduced a bill into the House of Commons yesterday to prohibit the importation of intoxicating liquors into provinces where prohibition is in force. The liquor shall not be imported from any other province or from foreign countries. This act will assist in the enforcing of the prohibition law as provinces at present have not the power to prohibit the importation of liquor.

VENTURE SKIPPER IS THE PROUD FATHER OF TWINS

Captain Noel, the genial skipper of the Venture, was the recipient of hearty congratulations all round on his arrival from the south yesterday morning. There was good cause for the hand-shaking, in fact there were two causes, a boy and a girl, Mrs. Noel having presented the captain with twins just before he left for the north this trip.

DETECTIVE DRAMA AT WESTHOLME THEATRE

"The Diamond from the Sky" continues to draw large audiences to the Westholme and the adventures of the Stanley boys and their friends are still the centre of interest. The "Riddle of the Wooden Leg" is a particularly good two-act detective drama, in which a young lady detective discovers that the secretary to a banker plays a dual role of respectable young man and thief. In order to mislead the police, he attaches a wooden leg to one of his normal paws and thus throws the suspicion upon an innocent cripple. Of course it all comes right in the end.

"Sympathy Sal" is a pleasing western comedy in two acts, and the Gaumont Graphic is thoroughly up-to-date in war news and European features.

New furniture at Tite's March sale can't be beat for prices. 71

GHOST-LIKE GAS MASK WORN BY SCOTCH REGIMENT.—The photo shows guard of Scotch soldiers as they appear in the northern French war zone. They are seen wearing the gas mask which they use when within range of the enemy's bombs.

THE BOARD OF TRADE AND PUBLICITY WORK

At the city council last night, a letter from D. G. Stewart, chairman of a special committee of the Board of Trade, was read, asking that the city contribute \$100 towards the publication of Mr. Garde's mining report and also \$50 per month for the remaining ten months of the year for publicity purposes.

The finance committee, to whom the letter was addressed, recommended that \$50 per month be contributed, dating from April 1st, \$150 in all.

Ald. Casey said that it seemed to him a very unsatisfactory way of spending the people's money. He thought it was entirely out of order for the city council to appropriate this money to be used by a body which was in no way responsible to, or representative of, the people, without knowing how the money was to be spent.

When the question of publishing Mr. Garde's report came up on a former occasion, he was in favor of its being published, but the finance committee, to which it was referred, evidently was too weak to come to a decision and had referred the matter to the Board of Trade for advice and that advice had cost \$500. He thought that the finance committee was an irresponsible body and dealt loosely with the matter. Last year he had favored the granting of \$600 for publicity work, part of which he had understood was to pay for this mining report, but he found that Mr. Garde had drawn up the report gratis. He strongly opposed the grant of this further sum.

Ald. Montgomery said that he had opposed the grant last year and he was still of the opinion that no money should be voted to a private organization for publicity purposes. He felt that it was in the interests of the community that the mining report be published.

(Continued on Page Two)

CITY MARKET

The city market clerk reported to the council last evening that the sales in the market for the month of February amounted to \$787.35.

LEGISLATURE DIED ON TUESDAY SAYS TAYLOR

"I have already advised that the legislature terminates four years from the day that the returning officer signed his return certificate per sections 38 and 39 of the Provincial Elections Act, 1911, in respect of the first writs issued in the 1912 election. The year is reckoned exclusive of the day of signing the return, which means that if the certificates were signed March 14, 1912, the legislature would expire midnight of March 14, 1916. I positively disagree with the opinion of the attorney-general that the legislature can sit until June 1 because the maximum return date fixed for all writs was June 1, 1912." S. S. Taylor, K. C.

MEXICAN BATTLE IS EXPECTED TODAY

(Special to The Daily News.)

El Paso, Texas, March 21.—General Villa is now moving northwest from Naminquina. Unless he succeeds in avoiding a clash between the troops of Carranza and the American forces, he will have to fight. The clash is expected to take place today.

PRIVATE BILL

The mayor reported to the city council last night that he expected a wire from Victoria tonight stating that the city's private bill had passed through the committee stage, but that the wires were down meantime. Mayor McCaffery said that the bill was the first to be considered by the committee and the only clauses there was any difficulty over were that which applied to a reserve fund and to the issuing of short-term notes.

STREET IMPROVEMENT

The acting city engineer reported to the council last night through the board of works that the changing of the curve at the corner of Eighth Avenue and McBride would cost about \$50 in labor and that there was sufficient material on hand to carry out the work. It was unanimously agreed to proceed with the improvement.

LIQUOR MEN WANT COMPENSATION CLAUSE

(Special to The Daily News.)

Victoria, March 21.—Premier Bowser spoke on the debate on the address from the throne in the legislature last night.

He criticised his Liberal critics and said that only \$18,000,000 of the \$40,000,000 of Pacific Great Eastern bonds had been issued.

He did not refer in his speech to shipbuilding or prohibition. A delegation of financial men will meet the premier today to urge the insertion of a compensation clause in the Prohibition Bill.

GERMAN UNDERSEA PETROL SUPPLY TANKS

When war broke out the German had foreseen his difficulties in the North Sea. His purpose had been well defined, and his plans were complete and his depots stocked (says a special correspondent of The Scotsman writing on German U boat ruses.)

The underwater depots of the German submarine service, for example, were not created after the beginning of hostilities. They were of a character too elaborate to be laid, as mines were, by anxious crews who rushed in fear and trembling from the shelters behind Heligoland and sped back thankfully if they had not been caught at their vile work. Something of the care which had been bestowed by Germany upon peacetime preparations for the war at sea may be realized from an incident in which two vessels of our County class figured many months ago. The vessels were on duty in the North Sea, out from the eastern edge of the Dogger Bank, at the time. They were not "periscope hunting," but were keenly alive to the extreme probability of a hostile periscope appearing at any moment, and the lookout on board was very sharp.

A Pretty Game.

Quite a lively time was experienced on one of the ships when in the distance an object which appeared to be a periscope was seen just lifting above the surface of a very calm sea. The sighting ship which was about to

(Continued on Page 4)

RUNNING FIGHT BY DESTROYERS OFF ZEEBRUGGE

German Destroyers limp into Port After Two are Hit—Belgian Port Shelled by Our Monitors.

(Special to The Daily News.)

London, March 21.—Four British torpedo boat destroyers defeated three German destroyers in a running battle off the Belgian coast yesterday. The enemy ships sought refuge at Zeebrugge, two of their number being hit by shells. The British casualties were four men wounded.

Zeebrugge Shelled.

Rotterdam reports that great damage was done to Zeebrugge and many were killed in the great air raid on Sunday. A squadron of British monitors continued to shell the Belgian port after the fleet of aeroplanes had retired.

FISHERMEN'S STRIKE STILL UNSETTLED

The latest report from Seattle with regard to the fishermen's strike is that only one or two of the smaller owners have signed on crews and that the great majority are holding out against the demands of the men and are stripping the boats of gear preparatory to laying them up indefinitely. The owners consider that if any further concessions are made that it will not be worth while sending the boats out, as profits for the boat-owners in the past few seasons have been very small and in many cases non-existent.

COMEDY, DRAMA AND NEWS ITEMS AT MAJESTIC THEATRE

"According to Their Lights," the headliner at the Majestic, is a two-act drama of a coal mining deal in which a gang of mining crooks are cleverly countered. It is quite an exciting story, being full of incident.

"The Cornet" is the story of how a musical instrument broke up a happy home and how, years afterwards, the runaway wife, who objected to the hobby of her husband, is brought back through the medium of her little boy. "The Merry Moving Men," with Ham and Bud doing the moving is just as funny as Ham and Bud can make it. The Selig Tribune Weekly shows some most interesting views of recent happenings from all over the world, including French war scenes. "Just a Lark," a real good little drama, makes up a good show.

Big reductions in prices still going at Tite's home-furnishing sale. 71.

FLYING

The outstanding feature of the great war is the invaluable service rendered by the aeroplane. Merely at the experimental stage at the outbreak of hostilities, the airship, aeroplane and hydroplane have developed so rapidly that today their services are looked upon as part of the ordinary routine of warfare. The aeroplane is undoubtedly the most useful of the air machines, in that it presents a smaller target to the enemy's guns than the other craft, and by reason of its build gives least resistance to the air currents and is, therefore, more easily managed in a heavy wind.

With the advent of the big gun, some method of directing fire, other than the old-fashioned plan of simply viewing the effect through field-glasses, became necessary, and the aeroplane here found its greatest sphere of usefulness. Today, it is virtually the eye of the army and is to the artillery officer what the periscope is in the trenches or on a submarine. The effect of every shell is noted by an officer several thousands of feet in the air and is recorded by signal to the battery.

In attack, the work of the aeroplane has been largely confined to raids on munitions plants and railroad centres of the enemy, and in this has done much to retard the progress of our opponents. The Germans, unfortunately for themselves, have devoted much of their ingenuity in the air to raiding cities, which by no stretch of the imagination could be classed as military quarters, in fact, they have used the air as they have used the sea, in an attempt to scare the people of Britain.

Today, there is an ever-in-

creasing demand for air pilots and many of the young men of Canada are anxious to qualify for this thrilling work. The chief difficulty is that the war office provides nothing in the way of tuition for budding pilots. Pupils are obliged to furnish their own training and to pay their share of the equipment, which, in the meantime is very limited. The Aero Club of Vancouver was formed last fall with the object of providing opportunities to young men of the coast to prepare themselves for this branch of the service. Five planes are needed and it seems that the only way in which they can be procured is by public subscription. It would appear that the war office should share the larger part of the burden, but, meantime, it only has use for men who have gained their certificates. There will shortly be given to the people of Prince Rupert an opportunity to do their share in helping along a branch of the service, which is second to none in importance, and it goes without saying that this city will not be behind Vancouver in helping to provide equipment for our intrepid young aviators to be.

NOTES AND COMMENTS

The weather man forgot our usual snowstorm last weekend, but old J. P. was right on the job yesterday.

It seems rather a pity that that Allied air raid on Zebrugge did not happen while the German fleet was taking its airing recently.

Verdun was omitted entirely from the war despatches yesterday for the first time for about two weeks. The great German offensive has evidently collapsed.

GILLETTE'S LYE EATS DIRT

The little brown men in Vancouver have opened hostilities before they were properly equipped.

With the French and British south of them and the Roumanians and the Russians north of them, the Germans and Bulgarians in the Balkans are liable to be badly squeezed some day soon.

THE BOARD OF TRADE AND PUBLICITY WORK

(Continued from Page One.)

published and he moved an amendment that \$100 be voted for that purpose and that the \$50 per month be not granted.

Ald Casey seconded the amendment.

Ald Nelson said that the members of the finance committee did not look upon the Board of Trade as an irresponsible body. He felt that a young city required publicity work and, as there was a huge stack of letters of enquiry to be answered by the Board of Trade, he thought that the money would be well spent. He believed that part of the \$450 would go towards publishing the mining report.

Ald Montgomery said that the correspondence could be handled from the city hall. He thought

LAND REGISTRY ACT

Notice Under Section 36

TAKE NOTICE that an application has been made to register Olaf Hanson, of Prince Rupert, B. C., as the owner in fee-simple, under a Tax Sale Deed from the Collector of the City of Prince Rupert to Olaf Hanson, bearing date the 10th day of September, A. D. 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert in the Province of British Columbia, more particularly known and described as:—Lot ten (10), Block eighteen (18), Section six (6), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Olaf Hanson as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice.

"And in default of a caveat or certificate of its pendency being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the 'Municipal Clauses Act, 1906,' or section 293 of the 'Municipal Act,' or section 139 of the 'Assessment Act, 1903,' or section 253 of the 'Taxation Act,' in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 19th day of January, A. D. 1916.

H. F. MACLEOD, District Registrar.
To Paul M. Schubert, Lily Schubert.

that, under the auspices of the city, the replies would carry greater weight. He was of the opinion that a body like the Board of Trade should be self-supporting, and that a year like the present called for the closest economy.

Ald Nelson replied that had there not been need for economy, he would have supported a vote for a much greater sum as \$450 did not do much in the way of publicity. He looked upon this amount as being some small assistance towards helping the work along, the members' fees doing the rest.

Ald McClymont said that the fact which appealed to him was that there was this huge stack of correspondence to be handled. He thought it was bad business to receive a letter of enquiry and to send no reply. He had suggested that a stenographer be hired and the members of the board take turns in dictating replies, but he found that it would take a month to clear off the arrears and the pile was steadily growing. He felt that it was essential that this work be done and that it was best done by the Board of Trade.

The report of the committee was concurred in, Ald Casey, Barrie and Montgomery dissenting.

MINERAL ACT

NOTICE TO DELINQUENT PARTNER

TO J. A. ROGERS,
TAKE NOTICE that, whereas I have caused to be done the assessment work for the year 1915 on the mineral claims known as "Ladybird No. 4" Mineral Claim, situated in Cascade Creek valley, north of Silver Lake, in the Stewart, B. C., Mining District; and the "Stumpy" Mineral Claim, situated on the east side of Cascade Creek at the head, in the said Stewart Mining District, and have paid for said assessment work the sum of \$200.00; unless you pay to me the sum of \$100.00 for your share of the said assessment work together with the costs of this advertisement, I shall, at the expiration of ninety days from the date hereof, apply to the Mining Recorder at Stewart, B. C., to have your interest in the said "Ladybird No. 4" and "Stumpy" Mineral Claims vested in me in pursuance of the provisions of the "Mineral Act."
Dated at Prince Rupert, B. C., this 5th day of November, 1915.
A. LUND.
Per Alex. M. Manson, his solicitor.

LAND REGISTRY ACT

Notice Under Section 36

TAKE NOTICE that an application has been made to register Sven Holmquist, of Prince Rupert, as the owner in fee-simple, under two Tax Sale Deeds from the collector of the City of Prince Rupert, to Sven Holmquist, bearing date the 17th day of September, A. D. 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as:—Lot three (3), Block forty-five (45), Section eight (8), and Lot four (4), Block thirty-five (35), Section eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Sven Holmquist as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice.

"And in default of a caveat or certificate of its pendency being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the 'Municipal Clauses Act, 1906,' or section 293 of the 'Municipal Act,' or section 139 of the 'Assessment Act, 1903,' or section 253 of the 'Taxation Act,' in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 19th day of January, A. D. 1916.

H. F. MACLEOD, District Registrar.
To Grand Trunk Pacific Development Co., Ltd., J. P. Conrad, Jack Jenkins, Mrs. C. R. McDonald.

MINERAL ACT

Notice to Delinquent Partners.

To G. W. Maxwell and Charles Nicholson.
TAKE NOTICE that whereas I have done and caused to be done assessment work on the Wolf Mineral claim, situated at the head of Alice Arm, Observatory Inlet, in the Skeena mining division of Skeena district, assessment work for the years 1913, 1914, and 1915, and have paid for said work and recording same, the sum of \$207.50. Unless you pay me the sum of \$231.50, for your share of the said assessment work, together with the cost of this advertisement, I shall, at the expiration of ninety (90) days from the date hereof apply to the mining recorder at Prince Rupert, B. C., to have your interests in the Wolf mineral claim vested in me, in pursuance of the provisions of the mineral act.

Dated at Prince Rupert, B. C., this 19th day of February, 1916.
J. E. STARK.

ANOTHER MINING PROPERTY BONDED

George Jennings, of Spokane, is in town this week and he has decided to take a bond on the Daly West group on Rocher de Boule mountain and just an hour's walk from the Herald office. Mr. Jennings is now closing the deal and work will start the first of May. Before actual mining can start a small piece of trail is to be built and cabins erected.

George Jennings is a former resident here and has been in charge of several properties during their early development. He knows Rocher de Boule mountain thoroughly.

During the past year George has been in charge of the East Caledonia property in the Wardner district and as soon as he returns to Spokane he will get a gold property in Idaho working and return to New Hazelton the latter part of April. — Omineca Herald.

CITY OF PRINCE RUPERT

NOTICE IS HEREBY GIVEN that an application will be made in the Legislative Assembly of the Province of British Columbia at its next session on behalf of the City of Prince Rupert for an Act containing provisions which are shortly stated as follows:—

(1) To authorize the changing debentures issuable under the bylaw in this clause mentioned, from the Sinking Fund plan to Annuity Instalment or Serial Bonds and the terms of years as herein stated:

No. 1	Bylaw and Object	Amount	pres.	pro.
97	Local Improvement Section 1	\$600,000	50	30
59	Hydro Electric	550,000	50	30
63	Government Debt	115,000	50	30
11	Telephone Plant	40,000	20	10
29	Electric Light Plant	66,000	15	10

and authorising the collection of instalments under such bonds with power to sell such bonds at a discount, and to use the Sinking Funds already collected towards reducing the debt; and power to raise any deficiency on sale of bonds by the issue of further bonds. Such changes to be made without submission to the ratepayers.

(2) Validating Bylaw No. 243 of said City; being "a bylaw for the purpose of authorising the renewal of certain treasury certificates, and for issuing an additional amount of such certificates," and authorising the issue of bonds on the said Annuity Instalment or Serial plan for the \$100,000 mentioned in Bylaw 243 for not more than 30 years and also to ratify Bylaw 245, relating to such debentures; both without submission to the ratepayers.

(3) To provide for temporarily financing all said bonds by authorising the issue, renewal or reissue of temporary notes for not more than five (5) years from the date of such issue, renewal or reissue, pending the sale of the bonds heretofore mentioned and making provision for the payment of any loss which may be made on the sale of such temporary notes, renewals or reissue thereof:

(4) To provide for collecting instalments both for principal and interest before bonds have actually been sold. Such instalments so far as principal is concerned to be applied to reduce amount of treasury certificates or temporary notes then outstanding or to be issued.

(5) To provide for similar changes with regard to the following Bylaws, the debentures authorised by which have been hypothecated to the Bank of Montreal; but only with the consent of such Bank.

Bylaw.	Object	Amount	pres.	pro.
158	Section One Improvement	\$140,000.00	49	30
140	Change of Grade 2nd Ave.	7,437	50	20
148	Grading Lanes	29,000.00	50	20
156	Grading 8th Avenue	25,000.00	50	20

(6) To provide that securities to be issued under the following bylaws, under none of which any securities have as yet been issued, Annuity Instalment or Serial bonds may be issued and such bonds to be for the term here set forth, namely:

Bylaw.	Object	Amount	pres.	pro.
180	Morse Creek Bridge	\$ 35,000	50	30
181	General Sewer System	350,000	50	30
182	Grading Fulton Street	12,000	40	20
183	Grading City Property, 2nd Ave.	46,000	40	30
207	Electric Pole Line Extens.	45,000	20	15
209	Telephone System Extension	60,000	20	15

with power to use the sinking funds heretofore accumulated to reduce the debt when incurred, and further, to cease collecting further sinking fund, and to provide for the collection of full instalments for total principal on each said bylaw from the commencement of the work authorised. The application of such instalments to reduce the amount of bonds required to be issued.

(7) To provide that no further sinking fund shall be collected under Bylaw No. 208: being "The Water Main Extension Bylaw" except sufficient to pay off \$20,000 of debentures already sold thereunder, and providing for the issue of Annuity instalment, or Serial bonds, term twenty (20) years, for the balance of the debt, namely; \$130,000, and for the use of the sinking fund already collected under said bylaw, except the part applicable to the \$20,000 already issued; to reduce the said amount of \$130,000 bonds when issued.

(8) As to Bylaws Nos. 144 and 241 relating to Market Place grading: Power to change the debentures authorised thereby from Sinking fund plan to Annuity Instalment, or Serial bonds at thirty (30) years, and to use the sinking fund already collected to purchase bonds to be issued thereunder, and to cease collection of further sinking fund:

(9) To provide for raising a reserve fund to ensure prompt payment of annual instalments to the amount of \$50,000 for present authorised indebtedness, and \$20,000 for every additional \$1,000,000.

(10) Providing that it shall not be necessary to submit to the ratepayers any bylaw making the change from sinking fund debentures to Annuity instalment or Serial bonds or changing the term of years, or the issue of new bonds to meet loss on sale of bonds or temporary notes.

Your King and Country Need You

RECRUITS WANTED FOR 62nd OVERSEAS BATTALION, CANADIAN EXPEDITIONARY FORCE.

RECRUITING OFFICE AT PROVINCIAL GOVERNMENT OFFICE NOW OPEN.

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

1.—How long am I to serve? Until the end of the war and six months after if required.

2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.

5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

A MILLION mosquitos ARE TO BE bred BY THE health DEPARTMENT of NEW YORK and DISTRIBUTED safely PACKED in jars AMONG the schools AS PART of a CAMPAIGN to educate CHILDREN in the STUDY of the needs AND HABITS of the MOSQUITO so they may RECOGNISE THE dangerous KIND at a glance. SUPPOSE a jar BREAKS when PROFESSOR Baldhead IS LECTURING on the

NEEDS and habits OF THOSE cheerful LITTLE insects AND A swarm OF THE harmless, but INDUSTRIOUS sort LAND on HIS pate AND THE back of HIS neck WHILE a solitary DANGEROUS member ATTACKS his left ankle, WOULD he proceed TO CALMLY investigate THE VARIOUS brands WITH A view to SPARING the life of THE HARMLESS kind? WE WONDER.

GERMAN UNDERSEA PETROL SUPPLY TANKS

(Continued From Page One.)

warn her neighbor when from the latter vessel also the suspicious object was seen. A pretty game at once developed between the two ships. It was a game which had been fatal to submarines of the enemy before, but on this occasion the prospective victim was unresponsive. The supposed periscope remained where it first appeared, despite the wiles of the cruisers. The uncertainty did not last very long, and as soon as it was realized that, whatever the object was, it certainly was not a periscope, there was an examination by launch, and the young naval officer in charge of the examining party received what was perhaps the greatest surprise of his career.

A Great Steel Tank.

The object which had sent the cruisers on a merry dance was a very unpretentious buoy, made in Germany. It was hauled aboard the launch, and the light tackle which held it was carefully gathered in. Then came, swirled in seaweed, heavier tackle which had lain on the ocean floor, and with the heavier tackle came the surprise. Running gear, devised and shackled with great ingenuity, was set free, and the launch crew hauled away happily. Up to the surface hove a great steel tank, and as its crusted top threw off the load of water with a sidelong heave, a voice from the launch remarked, it is said, "What price the Great Eastern!" Thus was found one of the first petrol-supply depots set under the sea, whilst we were wrangling over domestic affairs, for the use of an enemy who had no thought of war! The tank was carefully examined, and the surprise occasioned by its discovery was no greater than the respect evoked by the skill displayed in its construction. Without difficulty, and in complete safety, the U boats could draw oil fuel from this store, either by bringing it to the surface or by submerging beside it. There was provision for compensation by weight of water for petrol withdrawn.

The examination of such a find was interesting enough to lead to delay, but with the submarines of the enemy probably not far off, and with little prospect of speedily detaching the tank from its anchorage, the finders were well advised to destroy it. A single shot from a light gun smashed the tank to atoms, and the oil that spread over the surface of the sea was not the last film of oil which from such a source floated far to puzzle the mariners and raise strange tales.—Ex.

- FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association. Room 503, Lumsden Building, Toronto.
