TURKS DEFEATED ON TWO MAIN FRONTS—PUT TO FLIGHT WEST OF ERZERUM

VON BUELOW WAS INSTRUCTED TO DISCUSS PEACE

French Delegates Refused to Allow Diplomatist to Speak on the Subject—French Activity at Verdun.

(Special to The Daily News.)

Milan, April 15.—Count Von Buelow, former Chancellor of Germany, at a meeting with a French delegation which was sent to Lucerne, in Switzerland, to discuss the exchange of French and German prisoners, wanted to discuss the question of a separate peace with France.

The delegates stopped him by saying that they were not sent to discuss peace and that France would never entertain any idea of a separate peace on any account.

Verdun Front.

Paris, April 14.—The Teuton artillery is being concentrated on the region of Malancourt after the repulse of the German efforts to capture Hill 304. Infantry attacks are expected with the clearing of the weather. The French batteries are active on the engaged fronts.

Hurry up Call.

Vancouver, April 15.—A hurry up call has been received by the 72nd Battalion which will report for active service at noon today. It is expected that it will leave tomorrow.

PATRIOTIC PORT ESSINGTON LADIES

The Port Essington Women's Patriotic Guild have sent two more donations to the Canadian Red Cross Society at Montreal, consisting of, 129 pairs of hand knitted woolen socks, 18 pyjama suits, 12 flannel bed jackets (Florence Nightingales), 6 flannel shirts, and 3 cloth quilts.

In former donations some of the workers had inserted notes in their socks, and two ladies, Mrs. Noble and Miss Noble, have received replies, one from a soldier in a Canadian hospital in England, and the other from a Canadian prisoner of war in Germany. This gives zest to all for greater effort, the personal touch connecting one more intimately with the brave soldiers of our Empire.

TURKS Routed AFTER SIX DAYS HARD FIGHTING

Turkish Forces Defeated on Both Main Fronts—British Relief Column is Nearing Kut-El-Amara.

(Special to The Daily News.)

London, April 14.—The Turks have again suffered two crushing defeats on their two main fronts.

West of Erzerum they are in flight before the Russian forces. The Grand Duke Nicholas' troops put in six days hard fighting before they put the Turkish army to rout.

British Victory.

The British victory in Mesopotamia brings the British relief column three miles nearer to the force which is stationed at Kut-El-Amara.

Floods from the River Tigris filled the Turkish trenches, compelling them to defend a wider front than that which they held originally. The British relief column is now within fifteen miles of its goal and is now facing easier fighting conditions.

Turkish and German officers have warned civilians to leave Bagdad and preparations are being made to put the ancient city in shape to withstand a siege.

FAREWELL PRESENTATION TO S. O. ERICH

Mr. S. O. Erich was entertained by about thirty fellow employees of the G. T. P. and friends at the Wanderers Club last night, on the eve of his departure for the south to join an active service regiment.

Mr. Albert Davidson, on behalf of those present, presented Mr. Erich with a purse of gold, and in doing so expressed regret that they were, for a time, losing Mr. Erich and admiration for the spirit which prompted him to enlist in his country's service. He wished him every success in the service and a speedy and safe return.

Mr. Erich feelingly replied and practically everyone present added a speech of appreciation and good wishes, the remainder of the evening being given over to song and sentiment, and closing with a spirited rendering of "God Save the King."

SPLENDID CONCERT BY SALVATION ARMY

On Monday at the barracks on Fraser Street, the Salvation Army will give a splendid concert in aid of local funds. The best talent of the city will take part and Rev. J. F. Dimmick will preside. A treat is in store for all who attend. One of the items on the program is a Shakespearean dialogue by Principal and Mrs. Brady. This alone is well worth going to hear. The admission is only ten cents.

RUSH OF BUSINESS FOR CITY HALL STAFF

The city officials and the council are working strenuously these days getting everything in shape for the serial bond issue. The city solicitor, treasurer and clerk are preparing the necessary new bylaws while the council meets every day, and sometimes twice a day, to pass these as they are presented. Mr. Easton is more than pleased with the progress that is being made.

Mayor McCaffery has gone to Victoria to complete arrangements there, including the lithographing of the bonds and it is expected that he will proceed from there to New York, where they will be signed. In the east he will be met by the city treasurer who also has to attach his signature.

At yesterday's council meeting, Nelson was appointed acting mayor, on motion of Ald. McClymont, seconded by Ald. Montgomery.

J. B. Robertson, of the Kitsault House at Alice Arm, is in the city. He is pleased with the progress which is being made at the new mining camp.

A. J. Prudhomme left for his ranch near Telkwa on the train this morning. Mr. Prudhomme is making preparations for carrying on mixed farming on an extensive scale and intends to bring in stock at an early date.

George L. Clayton returned last evening from Granby, where he has spent the last two months superintending the construction of a cold storage plant for the company. Mr. Clayton says it is the finest little plant of the kind on the coast.

GRAVE CONCERN FOR SAFETY OF PERSHING

along with a staff of aero messengers. No word has been received from General Pershing for several days. The United States force is four hundred miles away from the American border.

NEW HALIBUT RECORD

The record price of 94 cents was paid for halibut yesterday by the Canadian Fish & Cold Storage Company, H. O. Roberts of the San Juan Company being a close second in an effort to secure the catches of the Alvilda, which had 10,000 pounds, and the Fram with 13,000. The fish was packed and sent east this morning.

WM. MANSON IS GIVEN HOT TIME IN VANCOUVER

Liberals Heckled Skeena Member and Demanded Hearing for Ralph Smith—Meeting Quickly Ended.

(Special to The Daily News.)

Vancouver, April 15.—The Hon. William Manson was given a hot time by hecklers at a ward five Conservative meeting here last night.

The meeting was packed with Liberals who demanded a hearing for Ralph Smith, one of the Vancouver Liberal candidates. The chairman refused to give his consent to Mr. Smith's taking the platform and the meeting was prematurely ended by the chairman calling for the singing of the National Anthem.

C. E. Tisdall, who was so thoroughly beaten by M. A. Macdonald in the by-election in Vancouver, was on the platform, but did not speak.

ST. ANDREW'S SOCIETY'S BRIGHT SOCIAL EVENING

St. Andrew's Society held a most enjoyable social gathering in the rooms on Third Avenue last evening, when S. D. Macdonald presided over a full company of members. In opening the proceedings, he remarked on the healthy condition of the society, in spite of the fact that so many of its members are at the front, and intimated that three new members had just been welcomed to the ranks.

Though its numbers are smaller than formerly, there is still the same spirit of brotherhood and goodfellowship which has marked the life of this society and the informal social evening given last night in the bright new quarters was thoroughly enjoyed by all.

The St. Andrew's orchestra, consisting of Messrs. W. V. Davies, T. McMeekin and J. Lee gave spirited renderings of Scotch selections and Mr. Lee also contributed a violin solo. Messrs. Clapperton and Jones sang several duets in their best style, while each of these gentlemen rendered solos which were greatly appreciated.

Songs were also sung by Messrs. R. Dowther, George P. McColl, D. Thomson, W. Martin, T. Black, S. D. Macdonald, J. G. Steen, W. E. Willisroft, C. W. Gaud, W. Murray, Thomas Black, J. N. Sinclair, W. V. Davies and W. Turnbull, and a humorous recitation by Mr. Robb. Mr. W. V. Davies accompanied the singers in his usual able manner.

During the evening, refreshments were served, Mrs. J. H. Kelly having prepared lots of good things to eat. "Auld Lang Syne" and "God Save the King" brought a "graund nicht" to a close.

BOWSER WANTS PARSONS IN THE LEGISLATURE

Premier has Introduced Amendment to the Constitution—Boulton May Run in South Vancouver.

(Special to The Daily News.)

Victoria, April 15.—Premier Bowser has introduced an amendment to the Constitution which will permit ministers of the gospel to enter the legislature. It is rumored that the Rev. John Boulton is to be the government candidate in South Vancouver in place of Stuart Campbell, who has resigned.

The Liberals may make room for the Rev. Dr. Cooke, the author of "The Crisis in B. C."

Hannington to Resign.

Bowser has decided to ask for the resignation of H. C. Hannington, inspector of legal offices, for accepting a commission of \$2,000 in connection with the purchase of the Victoria Court House site.

LAND COMMISSIONER OF HUDSON'S BAY CO. HERE

J. H. Thompson, land commissioner for the Hudson's Bay Company, with headquarters at Winnipeg, arrived from the east last evening. He was met at this point by C. H. French, district manager for the company, with headquarters at Victoria. Mr. Thompson was formerly agent at Victoria and is well known to many here. He left for the south on the Prince Rupert this morning.

COPPER SHIPMENT

The Prince Rupert brought a carload of blister copper from Anyox last night for transshipment to the east. Shortly after the steamer berthed the copper was transferred from her hold to the car, which left for the east early this morning.

LAUNCH OWNER FOUND

Thanks to the ad. in The Daily News, the owner of the launch which was picked up near Port Simpson has been discovered. He is Charles O. Svedmark, of this city, who, with a few friends, was on his way to Goose Bay when he had to abandon the boat near Metlakatlah.

Colonel Kirkpatrick, of the 11th Canadian Mounted Rifles, returned from Prince George last evening, accompanied by Major Bullock-Webster. The colonel left for Vancouver this morning, while Major Bullock-Webster remains in town for a week.

JOBBERY

The evidence given by W. S. McDonald at the enquiry in the building of the extension to the Parliament Buildings in Victoria is illuminating in regard to the methods of the Bowser politicians. In the first place the contractors were allowed to revise their tender, in order, it was stated, to eliminate an American firm whose tender was lower than that of McDonald & Wilson. We are not opposed to giving business on every occasion possible to home contractors, but this American firm had a branch at New Westminster, at least so it would appear from their tender, and it is very evident that they would have employed men from Victoria and probably Vancouver, in carrying on the work.

From the evidence given in the enquiry it would appear that the chief fault to be found with the lowest tenderer was that he would not be pliant enough in the hands of the politicians, who wanted their nominees to get the sub-contracts. The statement that Mr. McDonald was obliged, because of political pressure, to sub-let contracts to political nominees at a loss of \$39,000, as compared with the tenders of independent contractors, is enough in itself to condemn the methods of these politicians.

In plain English, the McDonald outfit was the go-between used by the politicians in getting contracts for their friends. When it is remembered that the subcontractor for the excavation was George Fraser, a Victoria druggist, one can readily understand that the sub-contractors had to get good prices. It will be interesting to find out what the

sub-contractors did with the profits which they must have made on the work, but this will probably be so carefully covered up that it will take much more than a superficial committee enquiry to lay bare the facts.

The following questions naturally present themselves:— Why should Mr. McDonald have been willing to lose \$39,000, as he claims he did, simply to satisfy the politicians, when he already had his contract signed? How did he expect to make up the loss of \$39,000 in "extras?" Would he have thought about the extras in regard to the lower tenderers? Who were the members of the patronage committee who held him up? Probably these and a few other pertinent questions will be answered later.

NOTES AND COMMENTS

Berlin is evidently well aware that the American troops have their hands full in Mexico. However, like Canada, the United States can very quickly recruit a huge citizen army composed of the finest fighting material.

Bowser wants the soldiers to vote in the forthcoming election, but he is evidently afraid to trust the ladies.

The Tories are asserting that Merryfield does not own the Merryfield Block. That is just exactly where the trouble comes in. Joe is one of the Tory middlemen who make profits out of the people while they own nothing.

Colonel Allison did not own a munitions plant but he made a cool million or two nevertheless. Something for nothing is the motto.

SPLENDID SHOW AT MAJESTIC THEATRE

There was a crowded house at the Majestic last evening to see the famous Cyril Maude in Henrik Ibsen's "Peer Gynt" and none could have been disappointed. Ibsen's famous play makes one of the finest movie features ever screened, the piece being full of life in many different phases. The five reels are superb in every detail, while the work of Cyril Maude is perfect.

Nothing could have been a greater contrast to the star item than Chaplin in "Work." This is without doubt one of the famous comedian's funniest efforts and the audience last night simply shrieked with laughter. There is also a fine Gaumont Gazette.

Manson aired his views on woman suffrage in the legislature, but perhaps we are expecting too much of poor William. He has made two speeches this session already and that is going some.

Jack Place insists on the members putting themselves on record on the suffrage question this session. This is rather unkind of Mr. Place as the poor gentlemen have already too much to answer for.

Bowser wants to offer the soldiers 160 acres each and then ask for their votes. This is typically Bowserian.

MONSTER TEN-REEL SHOW AT WESTHOLME

Did you see Charlie Chaplin in his great six-reel comedy at the Westholme last night? With Mabel Normand and Marie Dressler Chaplin keeps the fun going in his usual hilarious fashion throughout the piece. In the first place, Charlie elopes with Tillie, a country girl. On arriving in New York they are tracked by Charlie's city girl and Charlie leaves the new love for the old, only to find that Tillie is supposed to be an heiress. It is a case of pull devil pull baker, with lots of fun, and the girls hand poor Charlie over to the police in the end.

There are four good reels besides, making up a monster ten-reel show which is great value for the money.

WILL WE EVER WALK ON AIR?

Train Of Thought Inspired By A Letter About "Fruit-a-tives"

MR. D. McLEAN

Orillia, Ont., Nov. 28th, 1914.
 "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. I tried several medicines, but got no results and my Headaches became more severe. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air. This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. Now I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I cannot say too much for 'Fruit-a-tives', and recommend this pleasant fruit medicine to all my friends."

THE DYE PROBLEM MAY BE SOLVED

It has been discovered that the land in part of Southern California is completely covered with "orchilla," a moss or lichen which grows upon shrubs, trees and rocks along the coast, and which contains a coloring matter that is expected to play an important part in solving the problem of dye manufacturing in the United States, which is urgent on account of the fact that most of the dyes used have been brought in from Germany in the past.

The coloring matter contained in the plant is in the nature of a base from which it is said that dyes, taking the place of the German aniline dyes, can be manufactured. It is stated that this plant was largely used for dyes about twenty-five years ago, the bulk of it being exported to Britain. Use of the plant was discontinued when the German discoveries made it unprofitable. A Swiss colony which is taking up the territory in Southern California intend to exploit the product. The gathering of the moss has already begun and ships are being secured for carrying it to England.—Christian Science Monitor.
