### FRENCH LINES BROKEN BUT ENEMY SWEEPED BACK—FRENCH AIR RAID IN BALKANS

#### GERMANS INTO FRENCH LINES BUT REPULSED

Fiercest Fighting of the war—  
Crown Prince Loses Thousands  
—Huns Resort to Massed  
Formation.

(Special to The Daily News.)

Paris, April 18.—A powerful German infantry attack along the Meuse at Douamont has been repulsed. The enemy broke through the French lines but was swept back by a heavy curtain of machine gun and artillery fire.

The Crown Prince lost thousands of men out of his army of a hundred thousand yesterday. The fighting was of the fiercest yet, the enemy reverting to mass tactics without effect.

#### Steamer Torpedoed.

London, April 18.—The steamer Kent has been torpedoed without warning and forty-nine persons lost. She was a vessel of 3,890 tons and was unarmed.

#### PURSUIT OF VILLA AT A STANDSTILL

(Special to The Daily News.)

El Paso, Texas, April 18.—The pursuit of Villa is at a standstill owing to the unprovoked attack by Carranza's soldiers upon the United States cavalrymen at Paranal. The recent report of the death of Villa is discredited.

#### AMADIE ROBERGE HAS PASSED AWAY

There passed away yesterday at his home on Fraser Street, one of Prince Rupert's old-time residents, Amadie Roberge. Mr. Roberge had been in indifferent health for a considerable time, an acute attack of inflammation of the lungs having seriously undermined his health.

Deceased was 46 years of age and was a native of Quebec. He passed the greater part of his life in the west and north, and came to Prince Rupert from the Yukon. He leaves a widow and two children to whom the sympathy of the citizens will be extended. The funeral will take place from the Catholic Church at 9:30 on Wednesday morning to Fairview cemetery.

#### CABINET CRISIS HAS CANCELLED CONSCRIPTION

Asquith Makes Announcement—  
Turkish Submarine Strikes a  
Mine and Sinks—British  
Reverse on the Tigris.

(Special to The Daily News.)

London, April 18.—Premier Asquith in a statement in the House of Commons today announced that conscription has been cancelled owing to the cabinet crisis.

#### Turkish Submarine Sunk.

A Turkish submarine has been destroyed by a mine off Trebizond in the Black Sea. The crew perished. This was one of four submarines recently sent by Germany to Turkey.

#### British Lines Forced.

The British lines south of the Tigris have been forced back a distance of five hundred yards.

#### French Air Raid.

Paris, April 18.—Twenty-two French aeroplanes bombed the headquarters of the Bulgarian staff at Doiran with great success.

#### PUGSLEY FAVORS SHIPBUILDING PLAN

In a discussion in the House of Commons the other day Mr. Pugsley expressed the hope that even at this late date the government would undertake the construction of small war vessels, such as small cruisers, torpedo boat destroyers and submarines, for the protection of Canada's coasts. Steps should also be taken to at once encourage the building of a new mercantile marine. He believed that if the duty was taken off engines, boilers and machinery, etc., there were men in Canada willing to at once commence the building of wooden ships. Mr. Pugsley quoted an eminent British authority as having stated that if the war continues the question of a food supply for Great Britain will become serious. This authority had said that 50 per cent. of the food supply of the mother country is carried by neutral vessels. Should the submarine menace continue, the owners of these neutral vessels would be afraid to continue in the trade. It was, therefore, most desirable that Canada should without delay construct ships in this country to carry our food products across the Atlantic.

#### Construction Policy.

J. G. Turriff also urged the desirability of Canada entering upon a policy of ship construction. He was more interested, he said, in the building of merchant ships. The supplying of food to the Empire was just as necessary as the making of guns and ammunition. W. F. MacLean thought the government should encourage ship building, and also the building of aeroplanes. Mr. MacLean Continued on Page Three

#### H. S. CLEMENTS' REPLY TO DRYDOCK REQUEST

The city clerk last night read the reply of H. S. Clements, M. P., to the citizens' resolutions in regard to the drydock. As the letter contained a private opinion regarding the future of the G. T. P. and C. N. R., we refrain from publishing it in full, but the gist of it was that the government could do nothing, the drydock being entirely in the hands of the railway company. Mr. Clements assured the citizens that if the G. T. P. placed a reasonable proposition before the government, he would do everything in his power to have work started at the dock.

In referring to the shipment of supplies to Russia, he stated that the whole business was outside the control of the munitions board and entirely in the control of the Russian government.

Ald. Montgomery suggested that it only remained for the council to take the matter up with the G. T. P.

The city clerk said a copy of the resolutions had been forwarded to Mr. Chamberlin but that so far there had been no reply.

#### PROSPECTING FOR HALIBUT

Seward, Alaska, April 15.—The Seward Fishermen's Association today adopted a resolution requesting the United States bureau of fisheries to send the fisheries steamer Albatross to prospect the Portlock banks and other waters near here in search of halibut. The fishermen want the fisheries department to do the same work for the fishermen that the geological survey does for the mining men. Under the present system individual fishermen spend many weeks each year prospecting banks for halibut.

#### HERRING SEASON OVER

The herring fishing season, which has been a very poor one, seems to be over. Large quantities of herring suitable for bait have been caught off Porcher Island, but the Prince Olaf on her last trip returned light and the shoals have evidently gone from there. No herring of shipping quality have been taken this year, the fish caught being only of use for bait for the halibut fishermen.

#### F. H. CUNNINGHAM'S REPLY TO FISHERMEN'S DEMANDS

The city clerk last night read the report of F. H. Cunningham, in regard to the fishermen's resolutions placed before the Fisheries Advisory Board at Ottawa in January. It was as follows:

Res. 1. Herring territory extended, but no reduction in license fees allowed.

Res. 2. Fishermen will not be allowed to take humpback or dog salmon for halibut bait, as these fish are yearly becoming more valuable.

Res. 3. Unlimited independent salmon licenses will be issued, but the board will not interfere with the cannery boat-rating.

Res. 4. Board refused to grant drag seine licenses for fishing in creeks and streams in No. 2 district, as it would interfere with the run of the fish.

Res. 5. The board decided that the granting of cannery licenses to all applicants was a question for the department to consider.

Res. 6. The question of appointing a chief inspector of fisheries for this district was also ruled as a matter for the department.

Res. 7. The appointment of two local members to the advisory board was also left to the department.

Res. 8. This clause, which asked for the removal of the limit to the number of trolling lines used by one salmon fishing boat, was approved.

Res. 9. The matter of prospecting for halibut banks has been referred to the Biological Board.

Res. 10. The request that the holder of a gill net license or other net license be permitted to take any kind of fish without paying another license was not approved.

Res. 11. The removal of all export regulations in regard to shell fish on the Pacific coast was approved.

Without restating in detail the questions in the resolutions the above report should show clearly just what has been done by the board, or rather what they have refused to do.

#### SIR WILFRID LAURIER'S REPLY TO RESOLUTIONS

In reply to the mayor's letter enclosing a copy of the citizens' resolution in regard to the starting of work at the drydock, Sir Wilfrid Laurier sent the following letter:

Ottawa, April 7th, 1916.

Dear sir:—I am in receipt of your favour enclosing copy of the resolutions of the citizens of Prince Rupert in respect of the drydock.

As you know, being now in Opposition, I cannot do much, but whatever I can do, I will be only too glad to do.

I am more sorry than even you may be, to see that no use has been made of the Grand Trunk Pacific road which, under existing circumstances, could be of such immense service. Believe me, Yours sincerely,

WILFRID LAURIER.

Mr. M. P. McCaffery, Prince Rupert, B. C.

#### ENJOYABLE CONCERT BY SALVATION ARMY

The Salvation Army hall was packed last night when the Rev. H. R. Grant, who kindly presided in the absence of the Rev. J. F. Dimmick, announced the opening number of a very fine concert program. In his opening remarks he dwelt upon the great work which is being done by the Salvation Army, much of which had come under his own notice.

Vocal solos were rendered by Mrs. William Millar, Mrs. F. Button, Mr. S. Darton and Mr. C. D. Jones, the latter taking the place of Mrs. J. H. McLeod. Each of those singers was heartily applauded. The recitations of Miss Margaret McColl, Mr. J. C. Brady and master Jack Davidson were thoroughly enjoyed, as also were the pianoforte solos of Miss Ruby Dimmick and Mr. W. V. Davies, while the duets of Messrs. Clapperton and Jones were rendered in the best style of those accomplished vocalists. The dialogue, "Confessions," by Mr. and Mrs. E. H. Patterson created no end of merriment. Mr. W. V. Davies acted as accompanist in his usual efficient manner.

At the close, Captain Cooper heartily thanked Mr. Grant for his occupancy of the chair and the artists for the fare they had provided. "God Save the King" concluded a very enjoyable concert.

#### NO VOTE TAKEN IN KITSILANO RESERVE DEAL

Anderson Gives Evidence—Druggist and Former Member Did the Excavating—Hannington Resigns.

(Special to The Daily News.)

Victoria, April 18.—Former Auditor-General Anderson, before the public accounts committee, admitted that no vote was taken for the \$300,000 for the purchase of the Kitsilano Reserve. He says that the number 192-B given was a mistake, giving the appearance that a false entry had been made in the public accounts.

#### Buildings Enquiry.

The Parliament Buildings enquiry showed that George A. Fraser, a Victoria druggist and a former member of the legislature, was allowed yard for removing the top soil for the excavation of the site.

(The latter part of the wire is not clear, as a contractor is entitled to yardage for all excavation. It may be that he was allowed yardage in rock.—Editor.)

#### Hannington Resigns.

The premier has announced that the resignation of H. C. Hannington, inspector of legal offices, has been accepted, following the disclosure of his having accepted \$2,000 commission on the purchase of the court house site.

In the building enquiry it transpires that Dr. Richards was awarded the contract for the excavation for the power-house.

#### BANTAMS OFFICER ARRIVED YESTERDAY

Lieut. J. A. Greenhill, of the B. C. Bantams, arrived in the city yesterday on the Princess Sophia, and will spend about two weeks recruiting in this district. Lieut. Greenhill intends to visit points along the G. T. P. between here and Prince George and will also make a trip to Anxox.

The Bantams are already about five hundred strong and are housed in first-rate quarters in Beacon Hill Park, Victoria, and just as soon as men are passed by the doctor and are sworn in they will be shipped to Victoria, pay and sustenance allowance starting immediately. Lieutenant Greenhill is enthusiastic in regard to the battalion of little men and says they will be one of the smartest units which has ever left Canada for the front.

All who intend joining this smart battalion should see Lieut. Greenhill at the Hotel Prince Rupert or the recruiting office next to the Continental Trust Company.

**SPLENDID VARIETY AT WESTHOLME THEATRE**

There is wide variety in the eight-reel show at the Westholme tonight, in which the Topical Budget has some fine war scenes, including that of the Grand Duke Nicholas presenting medals to some of his soldiers.

"The Grudge" is a thrilling two act western drama of more than usual interest, in which there is an abundance of the "wild and woolly" element. "The Renegade" is a story of the African wilds, in which a young nobleman becomes a slave and his captor goes to England to claim his estates. Of course it all comes right in the end. "The New York Girl" is a lively two-act comedy depicting the adventures of a city girl in the country. There is also a very fine series of views of the Riviera.

**POLITICS FIRST**

Public men of a certain type are incapable of regarding the war in any other light than as a convenient and timely agency for the promotion of political ends. Friends of ministers naturally look at the matter from another standpoint; as an opportune diversion in the affairs of the world which can be turned to their personal profit. Those, in short, may be cited as the reasons why there have been no many scandals in connection with administration of the militia department. The proposal to move the troops stationed in the neighborhood of Victoria, the best training station on the continent, to Vernon and other places is due to the desire of R. F. Green, M. P., and Hon. Martin Burrell to gain political favor with the electors of the interior through the medium of public expenditures in their constituencies. What do people of that calibre care about the cost to the country of the unnecessary transportation of soldiers from one part of the country to another? Furthermore, what matters it to them that the British military authorities are clamoring for men while units which have been in training in Canada, in some cases for more than a year and are eager to get to the front, are denied the opportunity they crave?—Victoria Times.

ing more numerous and heartily sick of the pilfering and patronage business, federal and provincial. Royal Commissions, no matter how substantial their personnel, have in the aggregate proved farcical. They take voluminous evidence, but by the time their report is filed, half a dozen brand new scandals have arrived and those under investigation by the royal commission have either died, disappeared or been sent to a political refuge.

Sir Robert Borden should take a much stronger stand on this fuse and shell business. The citizens ask for that. They feel that something is wrong. The government must clean house, even if the loss of a cabinet minister is involved. Otherwise, the country will help the government to clean house and in a way which may prove surprising to the premier and his supporters.—Monetary Times.

**NOTES AND COMMENTS**

Berlin seems to be at last realizing that there is a limit to the submarine correspondence, and that President Wilson is capable of doing something more strenuous than sending notes.

The accounts by eye-witness of the fighting around St. Eloi make just as thrilling reading as his description of the battles of Ypres and Festubert. Tobin's Tigers are measuring up to the standard expected of them.

Sir Sam Hughes is given to making speeches, but that which he will deliver in the House today will be the most important of his life.

William Manson waxed elo-

quent over the Soldiers' Home-stead Bill, but the best points he made covered matters which unfortunately are not included in the bill. For instance, he insisted that the genuine settler who has worked hard making improvements, and who has purchased his land from a speculator who has not paid up, must be protected. However, the bill does not protect him in the least.

Jack Place has introduced a woman's suffrage bill regularly every session and it has regularly been consigned to the waste paper basket. This year, he has been asked to withdraw it to allow Bowser to bring in a bill of his own which shall be put to a referendum. Why all this sudden consideration for a matter which the Tories have always turned down, just as they did Workmen's Compensation?

**CITY AUDITOR**

At the city council last night, a letter from W. E. Hodges, of Vancouver, was read offering to do the city's auditing for next year at the same figure as this year, namely \$1,200. On the motion of Ald. Montgomery and Ald. Barrie, the matter was referred to the finance committee for report.

**"THE GODDESS" TONIGHT AT THE MAJESTIC THEATRE**

"The Goddess" becomes more popular each week at the Majestic, and deservedly so. As the "Goddess" the famous Anita Stewart scores a big success. In this installment she plays fairy godmother to a poor family in the slums of New York, her appearance in the metropolis causing a great sensation.

"Perkin's Pep Producer," a Bloom Center comedy, is of the rollicking type. The Selig Tribune Weekly has some splendid Mexican war scenes, including pictures of Villa and General Funston.

"The Heart of the Sheriff," a western drama, and "The Leather Goods Lady," a bright comedy, complete a good show.

**THE FUSES**

One cannot wonder that Sir Wilfrid Laurier and the opposition generally are dissatisfied with a Royal Commission as a medium for the fuse investigation. This dissatisfaction is shared by many Conservatives who think beyond mere party lines and by independent voters who are becoming more numerous and heartily sick of the pilfering and patronage business, federal and provincial.

### PUGSLEY FAVORS SHIPBUILDING PLAN

(Continued from Page One.)

said that the very best aeroplanes were being built now in Toronto for the British government. The factory had six hundred men and it was shipping three aeroplanes a week. There was no reason, he said, why the industry could not be enlarged and aeroplanes built, also at other places in Canada. The estimate of a school of aviation also had been suggested in connection with the naval college at Halifax.

Hon. Mr. Hazen, replying to Mr. Turriff, said that it would take a year to build a seven thousand ton vessel, and while it would quickly be paid for by the high freight rates if the war continued, the rates would fall considerably though not to the old level, if the war ended. The rates would be maintained above normal because of the number of commercial ships destroyed during the war.

Aviation was more a matter for the militia department. However,

he thought that Canada had very little need for a flying corps at the present time. The government had been assisting Britain with regard to the flying service and had examined 206 Canadians who wanted to enter the service. They took their training in flying in this country and 170 already had been sent to England. This was all that had been asked for. Two men from Winnipeg, he added, who had received the very best training in the United States, had come here in order to be sent to England, but they had to be refused because they were 31 and 32 years old respectively, and the age limit of 30 years is strictly adhered to by the admiralty.

### The Royal Standard Test

Here's where we test the choicest samples of Canada's six million acre wheat crop. We grind them into flour in the little mill you see on the left of the picture. Then comes the supreme test—bread-baking. If the bread is perfect in every way we pronounce the wheat A1 and the flour—ROYAL STANDARD.

IN HIS vision

MIGHTY vessels  
LOADING and unloading  
AT HER wharves,

THE CITY

CAME to life

**Local News Notes**

Mrs. J. H. McLeod returned yesterday from a visit south.

Best quality of household lump and nut coal. Prince Rupert Coal Co., phone 15.

Lieut. Greenhill, of the B. C. Bantams, has opened a recruiting office next door to the Continental Trust Company on Second Avenue.

The question of cheaper rates for cooking power has been laid over for another week, on account of the rush of financial business at the city hall.

The report in The News yesterday to the effect that Neil McKay had been wounded has been confirmed by Mrs. McKay. Mr. McKay was wounded in the thigh.

The city council meeting last night was adjourned until 5 p. m. today in order, if possible, to conclude the business in connection with the bond issue so that Mr. Easton may go south tonight.

Corporal Roe, who is assisting Lieut. Greenhill in recruiting for the Bantams, is an ex-navy man and carries several medals, amongst them the civilian V. C., which he obtained for daring life-saving at sea. The corporal is not big but he evidently assays high.

**BE A BOOSTER**

Do you know there's lots o' people  
Settin' round in every town  
Growlin' like a broody chicken,  
Knockin' every good thing down  
Don't you be that kind of cattie,  
'Cause they ain't no use on earth,  
You just be a booster rooster,  
Crow and boost for all you're worth.  
If your town needs boostin', boost 'er,  
Don't hold back, an' wait to see  
If some other feller's willing—  
Sall right in, this country's free;  
No one's got a mortgage on it,  
It's yours as much as his;  
If your town is short on boosters,  
You get in the boostin' biz.  
If you see some fellow tryin'  
For to make some project go,  
You can boost it up a trifle;  
That's your cue to let him know  
That you're not a golin' to knock it  
Just because it ain't your "shout,"  
But you're goin' to boost a little,  
'Cause he's got the best thing out.  
If you know some feller's fallin',  
Just forget 'em 'cause you know  
That same feller's got some good points;  
Them's the ones you want to show.  
Cast your loaves out on the waters,  
They'll come back a sayin' true;  
Mebbe they will come back "battered"  
When some fellow boosts for you.  
—Exchange.

**How Brown Learned How.**

There is a man who makes shoes for children—and sells them to stores all over Canada But he is only just learning how people buy.

It was this way: His wife—let us call her Mrs. Brown—phoned to him and asked him to buy some underwear for little Brown.

Picture Brown now among the throng of mothers at the "Children's Underwear" counter. He asks for Underwear for a child of six. He looks it over helplessly. What on earth does he know about Children's Underwear? For lack of anything better to say he asks: "Is this good quality?" The answer is short and quite conclusive: "It's Blank's"—naming a well-advertised line. That short word says everything. Brown pays his money and goes home, quite satisfied with his purchase.

Now what bothers Brown—a manufacturer of shoes, is this: How would it affect the purchase of a child's shoes if the salesman said "They're Brown's"?

Nobody knows Brown's shoes. Brown doesn't advertise.

The name Brown signifies nothing when used in connection with children's shoes. The salesman must use all his persuasive wiles to induce people to buy them.

The point is—If the name Brown was as synonymous with Children's Shoes as "Blank's" is with Underwear, wouldn't Brown sell more shoes with less effort?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
