CONSERVATIVE IDEA OF BUSINESS GOVERNMENT

The following extract from an editorial of the Victoria Times clearly demonstrates the kind of work which the Journal does not recognise as being corrupt:

According to the evidence of the contractor for the new wing of the legislature building before the Public Accounts Committee on Thursday, the sub-contract for plumbing and heating was awarded to the highest tenderer, a Victoria firm, whose figure exceeded the lowest bid by \$11,000. But that proceeding which seemed to have been thoroughly in accord with the established practice of our "business government" on such matters, was not the worst feature of the affair as disclosed in the contractor's story, as the following extract from his evidence will prove:

"Mr. Macdonald read Contractor McDonald's letter of May 20, 1914, to the minister of public works, in which, as the first member for Vancouver said, he went through the solemn form of saying 'there are three heating and plumbing tenders from Victoria firms and Hayward & Dods, being the lowest, with your approval, we will award them the contract.'"

Mr. Macdonald—"Needless to say, that was not a correct report of the facts?"

"It looks that way."

"And just as solemnly you get an answer from the Deputy Minister, Mr. Foster, on May 28, approving of Hayward & Dods getting the contract?"

"Yes."

"Had you spoken to the Deputy Minister before you wrote the Minister on May 20?"

"I had talked to him."

"Had you mentioned any of the figures of the tenders to him?"

"I mentioned two or three."

"So that when you wrote him that Hayward & Dods were the lowest tenderers he knew there were lower ones?"

"He had the other figures. I don't know what took place between him and the Minister."

"What other conversation took place?"

"He said he would see the committee."

"What committee?"

"The patronage committee."

"What did he tell you when he came back?"

"That Hayward & Dods were the choice of the patronage committee, or words to that effect."

"Some of these patronage committee saw you at times, you said?"

"They did."

"What were the names of these public servants who took such an interest in these matters?"

"I don't remember. I did not know them. They would mention the name of Price."

FIVE HUNDRED WERE KILLED IN IRISH REVOLT

Twelve Thousand Rebels—Liberty Hall Shelled—Casement will Probably Hang—Canadian Navy Scores.

(Special to The Daily News.)

London, April 29.—Five hundred men have been killed in the revolt in Ireland. There are a hundred dead in Dublin. Warships shelled Liberty Hall and drove out the rebels. Troops armed with bombs drove the rebels from St. Stephen's Green, taking four hundred prisoners.

The rebels number 12,000 and it is believed that they were armed from German submarines.

Sir Roger Casement will probably be hanged for high treason. He requests the authorities that they use a silken cord.

Rainbow Scores.

Vallejo, Cal., April 29.—The Canadian cruiser Rainbow has captured the power schooner Oregon in the Gulf of California. She was under charter to a German firm and was en route to Guaymas.

MAJOR A. W. AGNEW IS SERIOUSLY WOUNDED

Word reached the city last evening that Major A. W. Agnew, adjutant of the 48th Battalion, had been seriously wounded "somewhere in France." The report stated that the Major's right arm and eyes had been injured; that his condition was not dangerous, and that he was getting on well.

Major Agnew was one of Prince Rupert's real pioneers, having taken part in the original survey of the township, afterwards going into partnership with J. Fred Ritchie. Mr. Agnew did much good work for the city, being the engineer who laid out the greater part of Prince Rupert's water and hydro-electric plant. It will be the sincere wish of all citizens that he will make a good and speedy recovery from his wounds.

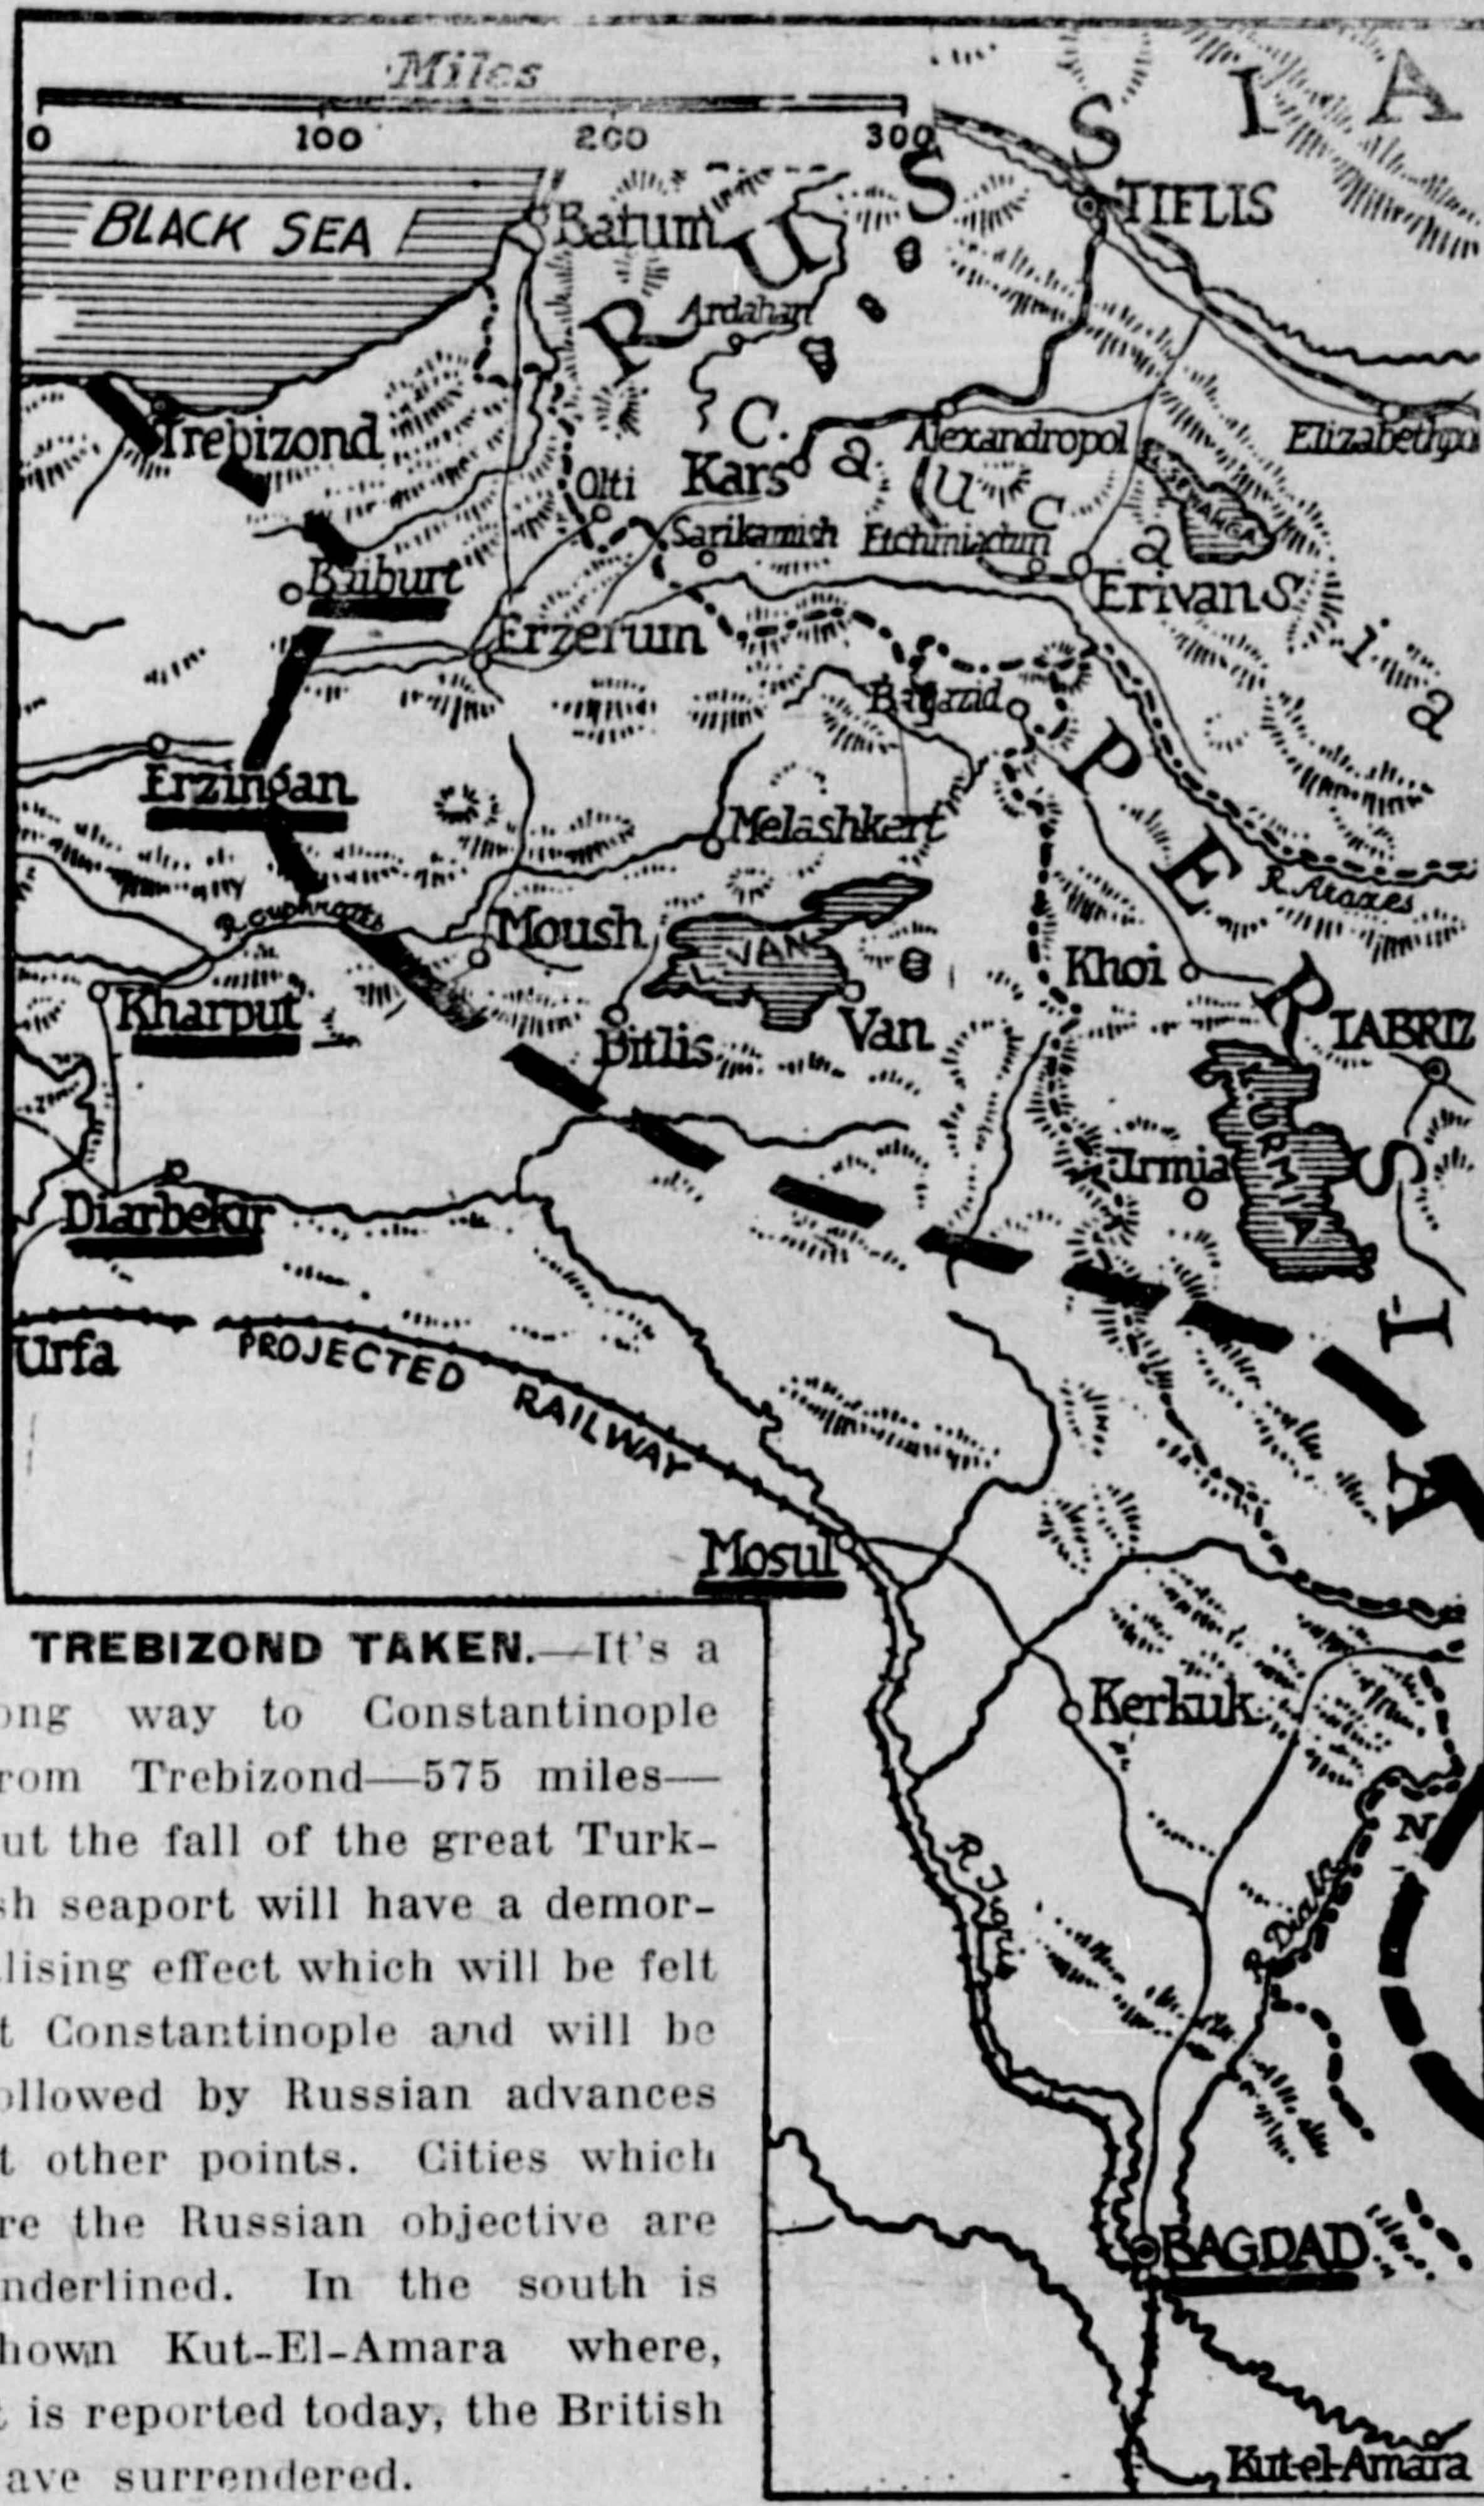

FOURTEEN RECRUITS FOR B. C. BANTAMS

Lieut. Greenhill and Corporal Roe, of the B. C. Bantams, returned last evening from the interior bringing fourteen recruits with them. The sturdy little corporal marshalled the recruits on the platform and marched them up town in real military fashion. The new men looked pretty big for Bantams, but they can be exchanged for small men from the 102nd.

Lieut. Greenhill and his men left for Victoria on the Prince Rupert this morning.

TREBIZOND TAKEN.—It's a long way to Constantinople from Trebizond—575 miles—but the fall of the great Turkish seaport will have a demoralising effect which will be felt at Constantinople and will be followed by Russian advances at other points. Cities which are the Russian objective are underlined. In the south is shown Kut-El-Amara where, it is reported today, the British have surrendered.

SERIOUS MISCHIEF DONE BY YOUNGSTERS

A bunch of young boys have kept the police very busy for several days past around Seal Cove district. The youngsters have been carrying on a campaign of wanton mischief which, in older boys, would constitute a very serious charge. As a result of the investigation, the police office now resembles a gunsmith's shop, there being two rifles and a shot gun in Chief Vickers' keeping, these having been taken from a house on Sixth Avenue, East, and from the steamer Amie, belonging to G. L. Clayton.

The youngsters also did about \$100 worth of damage to the launch Vasa at Seal Cove, having smashed her signal lights, several skylights and thrown a quantity of fishing gear overboard.

They also broke into the home of the Rev. Mr. Rushbrook and appropriated quite a deal of stuff including a watch, the remains of which have just been found by the police. The boys had wrenches and tools of various kinds cached away behind stumps, and seemed to have been imbued with the freebooting idea. Just exactly what action will be taken by the police has not yet been decided upon.

Howard Pringle left on the Prince Rupert this morning to join the 14th C. M. R., and Harry Welford and Donald Crearer left to enter the ranks of the 68th Battalion of artillery. There was a large gathering of friends at the wharf to wish them godspeed.

Ten per cent. of the receipts at the Westholme on Monday will go to the Red Cross fund.

PRINCE RUPERT BOY DIES OF WOUNDS

Lance-Corporal P. J. Lumsden, who was recently reported wounded, is now listed as having died of wounds. Mr. Lumsden was one of the brightest young men who left from Prince Rupert and his death will be mourned by a large circle of friends. His home was at Canso, N. S.

DR. L. W. KERGIN AT SALISBURY PLAIN

Lieut. L. W. Kergin, R. A. M. C., is now located at Sling Camp, on Salisbury Plain, and is kept pretty busy from 6:45 a. m. until evening. The doctor describes the plain as being a piece of prairie country about forty miles by twenty and an ideal training ground except in wet weather. He expects to go on active service shortly, but exactly where, of course, he does not know.

"KELLY" ADMITS REHEARSING HIS EVIDENCE FIRST

Chairman of Committee Prevents "Kelly" from Revealing His Real Name—Enquiry a Farce.

(Special to The Daily News.)

Victoria, April 29.—Before the legislative committee, John J. Kelly, alias Spencer, of Seattle, testified that he was hired with a dozen others to come to Vancouver on election day and impersonate for M. A. Macdonald. "Kelly" refused to reveal his right name. He could not remember the polling places at which he voted in Vancouver.

He admitted that he had rehearsed his evidence before Lawyer Bullock-Webster before seeing the committee. He was promised immunity from arrest last Saturday in Seattle by John L. Sullivan, a Vancouver hotel-keeper who brought him to Victoria.

H. C. Brewster declared that the proceedings were a farce when he was prevented by the chairman of the committee from finding out the real name of "Kelly." Mr. Brewster pointed out that immunity was only voted in the legislature on Wednesday, while the hotel-keeper had promised it to "Kelly" on the previous Saturday.

THE CONTRAST

Nothing could more clearly mark the contrast between the Liberals and the Tories in this province than their respective actions in regard to the demand for an investigation into election charges. The moment the Liberal leaders discovered that something crooked had been tried, they started an investigation which terminated in a warrant being issued for the arrest of the supposed guilty party. The information was laid by the Liberals, who also furnished a fast power boat for the use of the police in making the arrest.

In Victoria on election day a shebeen ran full blast until the Liberals complained to the police and had it stopped. The whole business was carefully squashed and no thorough investigation made as to who was responsible for the supplying of large quantities of liquor illegally. An effort was made by some members of Victoria city council to have the matter cleared up but nothing came of it. The notorious Harry Price, who was proven to be guilty of receiving a coal rake-off, was the active manager of the Victoria Tory campaign, in fact the Tories told each other that they simply must have Harry. They got him and his methods.

In Rossland, there are just as strong allegations as any that have been made in Vancouver, and it would be interesting to know, for instance, where all the betting money came from. Of course, according to Tory ideas of corruption, there is nothing corrupt in handing a man \$10 to bet on the Tory candidate. They consider that just as legitimate as handing the sub-contractors for the Parliament Building work

to party men at \$39,000 more than others bid.

The outstanding facts, are that there were irregularities in all three elections and that the Liberals are not only willing but anxious to investigate the one by which they are supposed to have profited while the Tories absolutely refuse to investigate the other two. If they are satisfied that everything was all right why do they refuse? What do they want to hide? The Liberals are anxious to lay every fact bare, why are the Tories so bashful?

INVESTIGATION

The Journal, with its usual disregard for facts, insinuates that the alleged "plugging" was the means of returning Liberal "members" to the house. The Province takes the Vancouver Matsonian sheet to task for trying to convey the same idea, and states that "citizens may feel assured that the announced result of the poll was perfectly fair in that Mr. Macdonald got more votes from people entitled to vote than did Mr. Tisdall," and goes on to show that, if there was any "plugging," it was merely fractional. However, the size of the crime is not the important point and Mr. Macdonald and every Liberal worthy of the name is anxious to have the matter dug up to the very roots.

It is gratifying to find that the Journal at least gives M. A. Macdonald credit for having a conscience, as it claims that the knowledge of the irregularities has worried him. This is decidedly more than can be said of certain members of the government, who have sat complacently in the house for fourteen years in the knowledge that they actually owe

"HOW MOVIES ARE MADE" AT WESTHOLME THEATRE

There is big variety in the Westholme show tonight, with a modern two-act drama which deals with the evils of gambling; a two-act western drama entitled the "Gunman," which is thrilling and full of life; a single reel western drama, "Purser Pursued" and "Alternative," a strong little story.

"Nellie's Wedding" is "some" celebration, while "How Motion Pictures are Made" shows Fatty and Mabel and other "movie" celebrities viewing their own work on the screen of a private theatre where the films are tested before being submitted to the public.

their seats to the coarsest kind of work. However, the knowledge has never worried them a trifle. "Get there and stay there" is their motto.

The Journal also repeats the cry that the Liberals have been able to prove no corruption in their investigations. To the Journal, this may be so, but, to ordinary people, the handing over of \$35,000 of the Songhees money to the party press; the giving of \$80,000 graft in the Kitsilano deal, which throughout was illegal, and the handling of the contracts on the Parliament Building extension by the politicians for their friends, is enough to condemn any government, and there is much more of the same to come.

JAPANESE DRAMA AT MAJESTIC THEATRE

"The White Pearl," the five-act Famous Players production at the Majestic tonight, is the story of a girl who is shipwrecked off the coast of Japan and ultimately becomes a Geisha girl. She has been heralded as a goddess by the Japanese, and, having lost her memory, accepts her new surroundings as a matter of course. She is ultimately discovered by her lover and all ends happily. There is some very pretty Japanese scenery in this piece and several of the actors and actresses are actually Orientals.

The Gaumont Gazette shows some very good war pictures, including a splendid view of the Grand Duke Nicholas reviewing Russian troops; Belgian wounded being cared for and several other military features.

PRINTERS' "PI."

THE TORIES ARE flooding THE Province WITH GARBLED accounts OF THE proceedings IN THE "plugging" enquiry. LONG PREPAID telegrams ARE BEING sent TO THE subsidised press AND THE PUBLIC will TAKE them AT THEIR true value. STANDING convicted OF CORRUPTION IN THE handling OF PUBLIC affairs, BOWSER'S only defence IS TO try TO MAKE the Liberals

LOOK like Tories. MEANTIME, the Journal DEVOTES four columns TO A report OF THE evidence OF A man from Seattle WHO REFUSES TO GIVE his real name. GARBLED stories ALWAYS act AS A boomerang AND THIS will be NO EXCEPTION. WHEN the real story OF THIS affair COMES out A FITTING title WILL BE BOWSER'S REVENGE.

Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights

the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada

Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blazoned forth by the beacon fires of advertising on the high hill of public favor?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumada Building, Toronto.
