WAR CLOUDS GATHER OVER WASHINGTON

DIPLOMATS FEAR BREAK IS INEVITABLE --- GERMANS HURLED BACK BY FRENCH

UNITED STATES IS DISAPPOINTED WITH REPLY

Tone of Note Offensive—Germany Rebukes Wilson—Diplomats Fear that Break is Inevitable.

(Special to The Daily News.)
Washington, May 5.—The German note has been received and there is undisguised disappointment. Its tone is offensive though it admits that the Channel steamer Sussex may have been torpedoed.

Berlin claims that the submarine warfare has been carried on in accordance with the principles of international law. The note also declares that Germany cannot dispense with the use of the submarines in conducting its warfare against the Allied trade.

German Rebuke.

Germany complains that President Wilson is unfair in his demands and rebukes the United States for not accepting the German offer to limit American travel to a certain number of neutral ships. Diplomats fear that a break with Germany is inevitable.

"DYNAMITE JAWN" THE PARTY FRIEND

In government circles we have a most peculiar situation. For one thing, the premier has been caught stealing jam. This is figuratively speaking, but the other day his face was all smeared with it and he hasn't got it rubbed off yet. The jam was the election frame-up. The story is not all complete to tell, they say, but the legislative "enquiry" has given the snap away. It was crude, very crude. And the way the premier hand-picked his committee! There's Neil Mackay. Well, a lot of people have a right to think about Neil what they wouldn't say, because he'd have them pinched. The premier made a terrible blunder when he selected Neil for chairman of his enquiry. Neil hasn't any nerve. Rather, he has nerve, of a sort, but he can't control himself like Ernest Miller (Grand Forks), for instance. It was simply pitiful, even to those to whom it was pleasing on afterthought, the way Mackay balled up the scheme to protect the imported jail-bird Kelly, who was brought over by Johnny Sullivan, a saloonman of Vancouver, and who used to be called "Dynamite" in Seattle. Jawn, in the hands of somebody who doesn't know him, is just as unreliable as dynamite, too, and goes off before time and does a lot of damage. That is what endangers the government enquiry

FOUR MORE IRISH REBELS SHOT IN LONDON TODAY

Fifteen Sentenced to Ten Years in Jail—United States ex-Minister is Arrested in Dublin.

(Special to The Daily News.)
London, May 5.—Four more Irish rebels were court-martialled and shot today. They were Jos. Plunkett, Edward Daly, Michael O'Hanehan and William Pearse.

Fifteen others, who were sentenced to death, have had their sentences commuted to ten years imprisonment and another has been commuted to eight years in prison.

Notable Arrest.

James L. Sullivan, of New York, and former United States minister at San Domingo, has been arrested in Dublin on a charge of complicity in the rebellion.

Accused was counsel for Jack Rose in the famous Rosenthal murder case, and was a friend of William Jennings Bryan, late Secretary of State. He was discharged from his post as Minister at San Domingo after an enquiry into certain contracts. He was born at Killarney, in the south of Ireland.

at this time. Jawn has misfired, and when the government majority of the enquiry gets poking around when he is on the stand, they want to use a long stick and be ready to jump. He knows a whole lot about the government. Howsoever, to return to the personnel of the hand-picked and sun-dried committee. Besides Mackay, in the chair, there's Earnie Miller. He isn't a bad scout, take him all around, and he is as slippery as an eel. Besides, he has brains of a cunning sort, capable of carrying out with considerable finesse the directions of his boss. Now, for instance, had Earnie been in the chair, instead of Neil, the gambler Kelly, who got all tangled up, would have got his immunity much smoother than by the bungling of Neil. But Mr. Bowser wanted Earnest to do the angling, so he couldn't well be chairman and do it under regular rules, though there doesn't seem to be any rules followed where the government is concerned. And right across the table we have the little man, Doc Maguire, erstwhile dentist, but one of the smoothest politicians at the capital. Doc has that exceptional attribute of keeping his mouth shut. But what he says when it opens, stings. One can see, without much stretch of the imagination, Doc and Earnie getting together after the adjournment of the committee.—Vancouver Sun.

In the above picture President Wilson looks as if he did not have a care in the world. Today, when his political life depends upon instant action in regard to the offensive German note, he is liable to be looking a trifle more serious.

SELIG-STEEN SPOON COMPANY IS FORMED

J. G. Steen, who has ever been alive to the possibilities of developing his business in supplying the wants of the fishing industry, recently found it necessary to move into larger premises on Second Avenue in the building formerly occupied by Little's Poolroom. In the past he has done a large business in the supplying of gasoline tanks etc., for fishing vessels and yesterday he completed a deal by which he will extend his business in making fishing requisites by forming, along with Bill Selig, who has long been closely connected with fishing on this coast, a company to handle the Selig Fishing Spoon.

The company will be known as the Selig-Steen Spoon Company and will have its factory and sale room on Second Avenue. The spoon is the invention of Bill Selig and the American patent has already been secured while the Canadian patent has been applied for. Fishermen claim that the Selig spoon has qualities which no other spoon possesses and all who have tried it will have no other, as it attracts the fish as no other does. The company will supply the device to the trade only and will shortly have its plant in shape to turn them out in wholesale quantity for the American and Canadian market.

HELPING HAND SOCIETY'S GIFTS ACKNOWLEDGED

Mrs. A. J. Galland, secretary of the Helping Hand Society, is in receipt of the following letter from J. H. McMullin.

Dear Madam:—I am in receipt of a letter from Major Peck in the course of which he says: "The H. H. Society of Prince Rupert has sent us some very nice parcels for the boys. I do not exactly know what the society is, but I hope you will thank them for their gift and tell them it was very much appreciated."

Will you kindly accept Major Peck's appreciation through me. Yours obediently,

J. H. McMULLIN.

"PLUGGING" CLAIMED TO BE TORY SCHEME

(Special to The Daily News.)

Victoria, May 5.—Edward Huggins, the house-keeper of a Vancouver rooming house called the Princess Rooms, and Mrs. Wallace, of the Albany Rooms, corroborated the stories of the Seattle "pluggers." They stated that when in Vancouver, the men lived at their rooms.

Huggins stated that the "pluggers" wanted to bet that Tisdall would win. Mrs. Wallace said that the crowd at her place was under the control of Jack White, who wired Clancy, the Seattle politician, as follows: "Bunch cattle running wild."

Tory Scheme.

The Liberals claim that the whole scheme is a plot which has been rigged up against them.

VALHALLA DANCE

The members of the Valhalla Society held a delightful little dance last evening in the K. of P. Hall, when over a hundred young folks spent a jolly evening. The music was provided by Alec Grey and H. A. Harvey; the ladies of the society served dainty refreshments, and morning came all too soon. The dance was a big success from every standpoint.

STARTLING REVELATION IN THE SHELL ENQUIRY

Eastern exchanges of April 28 contain the first of the evidence in the shell enquiry. Colonel Carnegie is on the stand and is liable to be there for some days.

The most remarkable facts brought out so far are that the British war office complained to the committee that it was letting contracts to New York agents and that these agents were trying to get other companies to take portions of the orders. It suggested that the committee get in touch with J. P. Morgan & Co., who was handling American business for the British war office.

The following is the war office cable and Sir Sam's reply:

"We are informed that the Shell Committee is placing an order for two million No. 80 fuses in the United States, and that agents are trying to induce manufacturers to take a part of the order, thus interfering with other orders already placed. This may be incorrect, but we believe any orders in the United States should be placed through J. P. Morgan & Co."

A cabled reply from Sir Sam Hughes was put in. It read: "I am satisfied with the negotiations of my Shell Committee, which have been marked with extreme caution and minute examination. There will be no interference with present manufacturers engaged on fuses. The report is unfounded, and appears to emanate from disappointed promoters."

This cable, Col. Carnegie swore, he prepared with Gen. Bertram. "It was, I believe," said the witness, "drafted by myself, and perhaps strengthened with ebullitions by the General, the Minister of Militia."

It also transpired, in connection with the turning down of the offer of Russell & Harris, the Canadian firm who had been promised part of the contract for fuses, that the day on which the firm wired that they could handle the work, contracts were sent to United States firms for the full quantity.

GERMANS ARE THROWN BACK BY THE FRENCH

Enemy Now Further Back Than They Were Two Months Ago —Two More Zeppelins Are Destroyed.

(Special to The Daily News.)

Paris, May 5.—French troops in their belligerent operations have thrown back the Germans northwest of Deadman's Hill to beyond the ground occupied by the enemy two months ago.

West of the Meuse a strong German attack was repulsed along the entire front. An attempted attack on Cappy, south of Somme, has completely failed.

More Zeppelins Gone.

London, May 5.—(Official) A Zeppelin was destroyed by a British light cruiser squadron off the coast of Schleswig yesterday.

A Zeppelin raided Saloniki early today. The airship was subjected to a heavy gun-fire and was destroyed. Only one out of her crew of thirty escaped.

BOOTH FISHERIES STARTING HERE

The Booth Fisheries, whose representatives spent some time here last summer looking over the fishing situation, have now started here in real earnest. W. McCormick, of Seattle, the engineer of the company, is in the city and is now calling for tenders for the construction of a warehouse.

The building will occupy a space of about sixty feet square just beyond the new premises of the San Juan Company and the Atlin Fisheries at the west end of the G. T. P. wharf. The Booth warehouse will be two storeys high, the ice-crushing being done in the top storey.

Some time ago, the Booth Company had an ice storage constructed at Lake Cathlyn and last winter had 2,500 tons of natural ice put up at that point, preparatory to starting their packing plant here. William Maddock, of Seattle, will be buyer for the company here, Mr. McCormick only remaining until everything is in working order.

GOOD, IF TRUE

If the Amsterdam report that the civilian population is leaving Metz is authentic, it is the most important news that has reached us since the battle of the Marne. It can only mean that the Germans are about to fall back from Verdun upon Metz, their strongest fortress and the capital of Lorraine, which was taken from the French in 1870. The fact that the French are steadily gaining on the Verdun front lends color to the Dutch report and it is just possible that the Germans are stupid enough to imagine that the French will even up the terrible slaughter of Germans at Verdun by battering themselves to pieces against Germany's strongest fortress.

If the report is true, and the Germans are about to retire to Metz for strategic purposes, it is an acknowledgment of utter defeat at Verdun. Such an acknowledgment will be a bitter blow to the German soldiers and a still more severe one for the citizens of Germany, who have been buoyed up by the belief, founded upon false German military reports, that the attack on Verdun could have but one ending and that would be the capture of Paris.

The French need never attempt to take Metz as they can do much more effective work in helping to roll back the German army which occupies the other portion of the western front. The strongest part of the German forces may be isolated in Metz and called upon to surrender at the proper time. A retreat from Verdun would be the greatest encouragement the men on the rest of the front could receive, if encouragement were needed.

LAND FRAUD

The investigations of the Public Accounts Committee at Victoria are proceeding as rapidly as circumstances and the tricks of the members of the government will allow. In every line of enquiry, utter incompetence and worse have been revealed and yesterday, the first of the flagrant land frauds, which have been perpetrated throughout the province for years past, was gone into.

The enquiry revealed the fact that the land department had been swindled to the extent of many hundreds of thousands of dollars by the classing of valuable timber land as second-class agricultural land at \$2.50 per acre.

This is a mere drop in the bucket compared with what has been done in this province, but it is sufficient to show the standard of the government land department. Of course, the Tory press will tell us that Billy Ross did not know anything about it, and then will go on to reiterate that the committee has discovered nothing corrupt in any way. Things have gone on so long in this way that the Tories have become so case hardened that probably they have convinced themselves that it is quite all right. If so, all the more reason why they should be consigned where men with such ideas of right and wrong naturally belong.

NOTES AND COMMENTS

Tom Whalen, the Fernie hotel-keeper who voted twice in one election in Fernie and then gave himself up to the police to head off an enquiry, was busy in Vancouver on election day. Was Tom

working his head off and voting as often as he could for MacDonald, we wonder?

The Shipping Bill has been introduced though it is somewhat more than ten days since the Victoria election, within which time it was promised.

The Shipping Aid Bill does not say a word about building five out of ten ships in Victoria. Where the ships are to be built is now an open question, for obvious reasons.

Every conceivable corner of the coast will be promised ships to build while the election is on, but what about the twenty-five which Lorne Campbell went to Ottawa to get?

The Tories are hoping that the evidence of the jail-birds whom they brought from Seattle will sound loud enough to drown the noise made by the timber fraud revelations.

Dutch reports are not always reliable, but here's hoping that the latest one is true.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Olaf Hanson, of Prince Rupert, B. C., as the owner in Fee-simple, under a Tax Sale Deed from the Collector of the City of Prince Rupert to Olaf Hanson, bearing date the 16th day of September, A. D. 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert in the Province of British Columbia, more particularly known and described as:—Lot ten (10), Block eighteen (18), Section six (6), Map 992.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Olaf Hanson as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice.

"And in default of a caveat or certificate of its pendency being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the 'Municipal Clauses Act, 1906,' or section 293 of the 'Municipal Act, 1903,' or section 139 of the 'Assessment Act, 1903,' or section 253 of the 'Taxation Act,' in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

GREEK LIBERALS
FAVOR THE ALLIES

Paris, May 2.—The first mass-meeting at Saloniki of the Greek Liberal party since the arrival there of the Allied troops was held Sunday. The Havas correspondent at Saloniki says that an immense crowd gathered to listen to the Liberal orators who demanded that Greece return to the policies of former Premier Venizelos and intervene in the war on the side of Serbia and her allies. The crowd cheered references to France and England, the correspondent says, and shouted its disapproval of Germany, Austria and Bulgaria.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economise labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.

NAAS INDIANS AND THE B. C. GOVERNMENT

Ottawa, April 30.—Two representatives of the Nisgha tribe of Indians, whose territory is in British Columbia, between the Skeena river and the Alaska boundary, are in Ottawa along with the leading men of other tribes in the coast province to protest to the Canadian government against the alleged violation of their native rights by the province of British Columbia.

The representatives of the Nisghas are Charles B. Barton and Andrew Mercer, of Naas river, B. C. The matter already has been taken up with the imperial privy council. It is claimed by the Indians that they never ceded their land to the crown. They are protesting that from time to time the government of British Columbia and various persons acting in the name of the crown, "under the assumed authority of the land act of British Columbia, have made surveys of, granted records of pre-emption of, sold and issued patents for various parts," of their territory.

They claim they have rights under the Indian land title and the proclamation of George III in 1763. Barton declared today that the Indians are only asking justice at the hands of the Canadian government and the people of this country. The sympathy of Sir Wilfrid has been sought; Hon. Dr. Roche, minister of the interior, has been interviewed, while the whole matter shortly will be laid before Premier Borden again. Negotiations have been going on with government officials for several years, and the Indians have hope of succeeding shortly. Their aim is to bring the matter up in parliament.

STARTLING REVELATIONS IN THE SHELL ENQUIRY

(Continued From Page One.)
with this phase of the business, are missing, but these Colonel Carnegie has promised to try and procure.

Mr. Hellmuth read in full the contract with the American Ammunition Company, including the provision for heavy advances and for cancellation in event of default. The contract was for \$10,416,664 and the total advance was \$1,562,500.05.

One startling communication was presented to the commission. It was a letter dictated by General Bertram, tendering Bassick, an American firm, a contract for three million fuses at a "minimum" price of \$4.25 per fuse.

Colonel Carnegie was repeatedly brought up sharply by the judges for the comments made in giving his evidence.

MARGUERITE CLARKE AT THE WESTHOLME THEATRE

The large audience at the Westholme last evening thoroughly enjoyed the work of Anita Stewart in "The Goddess." This great serial is most quaint and interesting. The innocence displayed by the girl from the wilds is provocative of no end of funny situations. A most pleasing innovation last night was the singing of C. D. Jones, who was heard to great advantage in Tosti's "Good Bye" and "Let Me Like a Soldier Fall."

Tonight, there is a specially fine program, when that most popular of movie stars, Marguerite Clarke, appears in a six-act drama of circus life, entitled "Still Waters." Besides the usual program, there will be screened by special request "My Old Dutch," the Chevalier coster play which created so much interest earlier in the week. On this occasion a male voice choir will sing Chevalier's famous song, "My Old Dutch," and H. A. Harvey will sing "Knocked 'em in the Old Kent Road."

THE BEAUTY OF SUNLIGHT

is that every garment washed with it bears the impress of purity; a purity begotten of sweet, cleansing oils, and maintained by absolute cleanliness in manufacture; a purity exalted by the co-operation of workers united for the purpose; a purity demonstrated by the "\$5,000 guarantee" which rests upon every bar of SUNLIGHT SOAP.

A substitute for Sunlight is not as good and never can be. Insist upon the genuine—Sunlight Soap.

The name Lever on Soap is a guarantee of Purity and Excellence.

Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights

the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada

Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blazoned forth by the beacon fires of advertising on the high hill of public favor?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lunenburg Building, Toronto.
