## ROBERT GOSDEN HELD ON PERJURY CHARGE

### LIBERALS PROVE CHARGES AGAINST ANNANCE -- SENTENCED TO NINE MONTHS

#### TORY WITNESS IS ARRESTED FOR PERJURY

Robert Gosden said Macdonald Paid Him Money—Vancouver Member Denies Charge and has Gosden Arrested.

(Special to The Daily News.)

Victoria, May 12.—Robert Gosden, former leader of the I. W. W. and a former resident of Prince Rupert, has been arrested on a charge of perjury at the instance of M. A. Macdonald, member for Vancouver, after giving evidence as a government witness in the Vancouver election enquiry.

Gosden, who was recently employed as a janitor in the Parliament Buildings in Victoria, testified that he prepared the "plugging" lists for J. T. Scott, a Liberal official and was paid \$400 and promised \$2,000 for future organization work amongst the longshoremen of Vancouver, for political purposes.

Gosden swore that he made an appointment with M. A. Macdonald outside of the post-office in Victoria on Easter Monday and received \$50 from the Vancouver member. Mr. Macdonald denies that he ever paid any money to Gosden.

It will be remembered that this latest friend of the Tories took an active part in affairs in Prince Rupert in 1911. On March 27th he was sentenced to three months hard labor in the police court in this city for intimidation.

#### ALASKA PHYSICIAN BACK FROM FRANCE

Seattle, May 9.—American residents abroad, at least in London and Paris, feel that the government of the United States has been lax and are indignant that she has not taken a firmer stand on the submarine controversy, according to Dr. James Arthur Sutherland, who is on his way to his home in Fairbanks, Alaska, after spending several months in the hospitals of the two foreign capitals.

"Her citizens in Europe feel almost ashamed of the United States in the exchange of notes on the submarine issue with the central powers," he said yesterday at the Hotel Frye. "Not that they want to see the country in the war, they only feel that it should take a firm stand in diplomatic issues.

**Laugh at Unpreparedness.**  
Americans in European cities laugh at the lack of preparedness at home, calling the nation "foolishly blind," Dr. Sutherland went on. On other subjects, how-

#### PETER ANNANCE SENT TO PRISON FOR LONG TERM

Liberals Prove Charges Against Annance—Accused Offers to Reveal Names of Higher-ups.

(Special to The Daily News.)

Vancouver, May 12.—Peter Annance, who was charged by the Liberals with attempting to procure Liberals to impersonate absentees in the Vancouver by-election, has been sentenced by Magistrate Shaw to nine months' imprisonment with the option of a fine of \$300.

Annance in the witness box expressed his willingness to tell who were behind him, but he was advised by his counsel, Mr. D. Donaghy, not to make a statement. Donaghy is a Conservative.

#### Tory Plot.

The Liberals claim that the whole scheme was a Conservative plot, and offered to ask the court to pass a light sentence upon Annance if accused would reveal the names of the men who were behind him in the attempt.

#### SERIOUS CHARGES AGAINST SMALL BOYS

Three small boys, one aged nine and the other two aged eleven, were brought before Magistrate McMullin this morning on charges of housebreaking in various parts of the east end of the city and of doing about \$100 worth of damage to the launch Vasa, at Seal Cove. The gravity of the situation has been considerably added to by the fact that yesterday, the boys broke into the Westholme Lumber Company's boarding house and appropriated two rifles and two revolvers. They were committed for trial and will come up before His Honor Judge Young.

ever, he encountered no criticism of the administration.

The most remarkable impression Dr. Sutherland gained from his experience behind the lines was of the absolute certainty the French people have of ultimate victory. When he left Paris, on March 14, the great battle of Verdun had been seventeen days in progress, and yet there was cheerfulness everywhere.

"The men and women are gritty and loyal," he said. "They feel that they are fighting for their very existence, yet are perfectly optimistic. Nine out of ten women are in black, mourning for some one lost in the war, but show no regret at their sacrifice. I found that the French people are very grateful for what assistance the Americans and Red Cross give them in hospital work."

Sergeant Wells will tell of his experiences as a prisoner of war in Germany at the Westholme tonight.

#### SERGEANT WELLS LECTURES TONIGHT

Sergeant "Doc" Wells, who lost an arm at Ypres and who spent four months as a prisoner of war in Germany, before being exchanged as unfit for further service, is the big attraction at the Westholme tonight and tomorrow. The returned soldier has with him six reels of splendid war films, taken by Lieut. Dwyer, of the 30th Battalion, providing one of the most interesting war items ever produced.

The pictures are good, but "Doc" Wells' recital of his experiences is better, as the returned warrior is one of the most entertaining of speakers. Canon Rix heard him in Vancouver and was so intensely interested that he went back a second time. By being at the westholme tonight, you will not only be entertained but will have done something to assist the prisoners of war, as the lecturer gives a percentage of his receipts for their benefit.

#### "HILL 60" DANCE

The young ladies of the Hill 60 Chapter of the I. O. D. E. will give an informal dance in McIntyre Hall this evening. The dances arranged by the young ladies of the I. O. D. E. are always enjoyable and this will be no exception.

#### GERMAN JOY OVER ZEPPELIN RAIDS

For hysterical joy over any British misfortune the journals of the Free Hansa City of Hamburg are an easy first. The Fremdenblatt furnishes us with a remarkable piece of dithyrambic writing on the recent Zeppelin raids, which deserves attention (observes the Daily Chronicle) as the authentic utterance of the leading newspaper of a city which has thriven because of its trade with this country. The following are extracts from this ferocious utterance:—

"Proud joy, grateful recognition beat high in our hearts as the news was brought to us of the third raid of our German air fleet to the coasts of our most bitter enemy—England. The brave crews of these daring airships have suddenly become the centre of all German interest. These three nights will be famous for having delivered blow on blow, for raining death and destruction on the English munition centres. For all time these three nights will be ours. But they were nights of terror for our enemy. "Step by step, from south to north, the industrial towns, the harbour works, blast furnaces, and factories were punished with devastating fire. There was first the attack on London, which has

#### PLOT TO KIDNAP ULSTER LEADER IS DISCOVERED

Asquith Arrives in Dublin—Germans Again Repulsed—Roanoke was Mystery Ship—Bomb May Have Caused the Wreck.

(Special to The Daily News.)

Dublin, May 12.—Premier Asquith arrived in Dublin today, and it is expected that martial law will soon be at an end. Mr. Asquith will take charge of Irish affairs until the new Irish Chief Secretary is appointed.

A plot to kidnap Sir Edward Carson, the Ulster Unionist leader, while on a visit to a holiday resort in County Antrim, has been discovered.

#### Germans Again Repulsed.

Paris, May 12.—Two more night attacks by the Germans, in an effort to recapture the French positions on the western slope of Deadman's Hill, have been frustrated by the French artillery fire. Artillery fighting is active at Avoncourt wood; at Douamont, and at Vaux.

#### Mystery Ship.

San Francisco, May 12.—There is a mystery surrounding the foundering of the steamer Roanoke, which went down in a gale south of here yesterday. One of the survivors states that the vessel foundered as the result of a bomb explosion.

The vessel was heavily loaded with explosives and was bound for an unknown destination and carried a scratch crew. It is rumored that she was carrying a cargo of munitions for a German commerce destroyer which she was to meet out at sea. There are no more survivors.

#### ADVANTAGES OF THE FINGER-PRINT SYSTEM

Officer Bailey has received a letter from the Chief Commissioner of Police at Ottawa, stating that the finger prints of William McConnell, who was sentenced to four months for stealing two grips from the Royal Hotel here, are exactly identical with those of one William Connelly, who was sentenced at Strassburg, Sask., on September 20th, 1913, to three months and four months for theft. This shows the advantage of the finger-print system of identification.

already often shivered in terror at seeing the death-bringing airships over its head. Then the important industrial region of Middlesbrough and Sunderland, and then northwards to the Firth of Forth and Edinburgh and Leith. "No place on England's east coast of any importance that did not experience the German air-terror over it, no town of importance for the equipment of the British Army and Navy that was not badly injured. Our brave air fleet, boldly daring in its airy courses, deserves our gratitude and our recognition of its heroism."

#### CAPTAIN BOY-ED DECORATED BY KAISER WILHELM

Conspirator Given Order of Red Eagle for Distinguished Service—Berlin Claims Austrian Ship Torpedoed.

(Special to The Daily News.)

London, May 12.—Captain Boy-ed, former naval attaché at the German Embassy in Washington and the chief conspirator in the bomb outrages in the United States; in the plot to blow up the Welland Canal, and in planning the invasion of Canada, has been decorated by the Kaiser with the Order of the Red Eagle with Crossed Swords, as a reward for distinguished service.

#### Berlin Claims.

Berlin claims that the Austrian steamer Dubrovnik, which was unarmored, was torpedoed without warning.

Germany's admission that the Sussex was torpedoed and that the commander of the submarine which committed the crime has been punished has caused scepticism here. It is reported that, instead of being punished, the commander has been promoted.

#### New German Move.

Stockholm reports that the German government will seize all ships in home ports on June 1st. The object in this new move is not apparent.

#### COLTS WIN AGAIN

The Colts again defeated the Catholic Club at Recreation Park last evening, on this occasion by a score of 7 to 1. Wild throwing on the part of the C. C.'s accounted to a large extent for their losing of the game. Bennie McDaniels pitched for the Colts, with Arthur Manson behind the bat, while Babe Fortin and H. Astori formed the C. C.'s battery.

#### DRYDOCK ACTIVITY

For some time past, there has been a prospect of work for the drydock, and, from information which we have obtained today, the negotiations are still on. No details can be given yet, but it is encouraging to know that the owners of the drydock are leaving no stone unturned to promote activity here.

#### WEDDING BELLS

At the Presbyterian Manse yesterday, Mrs. Belle Kenny, of Terrace, was united in matrimony to Mr. Olof Sundal, also of Terrace, the ceremony being performed by the Rev. H. R. Grant. After spending a few days at the coast, the young couple will return to Terrace where they will make their home.

**SHIPBUILDING**

It seems clear that, under the British Columbia Shipping Act, the type of boat that will be built on this coast will be the wooden schooner, with an auxiliary engine. That such vessels can be built economically on this coast seems certain, and that they will be big profit earners, so long as the present high freight rates continue, is apparent.

In building such ships, it will be necessary to import the necessary engines and most of the fittings and fastenings from the United States, and the question of duty at once arises. Surely it would be a tremendous aid to British Columbia shipbuilding if the duty on such engines were either taken off, or a rebate of the amount of the duty made. At the present time there is a duty of thirty-five per cent on these engines, and, as there is no heavy oil engine built on the coast, this is simply an added cost to the construction of ships which aids the yards to the south and works against the prospective yards in British Columbia.

Another point of interest to the people in the north is the using of northern timber in ship construction. It is contended that, for many of the parts, northern hemlock and spruce will be found to be more serviceable than fir. The spruce of this part of the country is entirely different from eastern spruce, and it is held to be better for hull building than the fir of the south, while hemlock could be used with great advantage in making spars, deck planking, etc.

This is a matter for the commission, which will pass all specifications, to decide, and it is just possible—being southern men—they will call

for fir wherever possible. When that Prince Rupert shipbuilding company is formed and makes application to the commission for a loan to aid their construction work, this is a point which might well be taken up, as the use of these northern timbers would give a big impetus to lumbering in this district.

**NOTES AND COMMENTS**

It is just possible that it was the Kaiser's private message, and not the German note, which brought about President Wilson's decision to wait a little longer before taking drastic action. It is rumored that the chief subject of the Kaiser's message was peace.

Ainsworth Anderson, the Liberal scrutineer, refused to make any use whatever of the list of absentees in the Vancouver election. The Tory evidence stopped with the story of the Seattle jailbirds.

The Victoria election enquiry does not proceed very fast. If it gets no further before the end of this month, the Tories will reckon they have done good business.

The Pacific Great Eastern enquiry is beginning to get interesting. Brewster has had a hard job to squeeze the facts out of Bowser and company, but he stayed with it and now the facts look ominous for certain members of the Bowser government.

The policy of the "shell" committee seems to have been "No Canadians need apply."

The Tories did not intend to say anything about the Vancouver election "scandal" until a few days before the general election.

**AUXILIARY SCHOONER IS PAYING PROPOSITION**

The Railway and Marine News publishes in its May issue a most interesting article on the cost of building and operating a wooden auxiliary schooner. Taking as a basis a vessel 250 feet long by 44 feet beam and with a depth of 17 feet, it estimates that the total cost of building such a vessel and putting her in sea-going shape would be \$120,000, at United States prices on March 15th.

The article traces a trip for such a vessel from Puget Sound to Sydney, N. S. W., with lumber, returning from Newcastle to San Francisco with coal, thence in ballast to the loading port in Puget Sound, showing a net profit per annum of \$78,882.05, making three such voyages during the year. The figures were arrived at from the actual cost and earnings of such vessels.

and now the Grits have drawn their fire and spoiled the whole business. Bill will have to think up something else.

### SKENA LAND DISTRICT—DISTRICT OF COAST, RANGE 4.

TAKE NOTICE that Frederick Bradshaw, of Tonopah, Nevada, occupation mine manager, intends to apply for permission to purchase the following described lands: Commencing at a post planted about 200 feet easterly from the northwest corner of Lot 40, Range 4, Coast District; thence north 20 chains; thence west 20 chains; thence south 20 chains more or less to the shore of Surf Inlet, thence following the shore line to the place of commencement, containing forty acres more or less.

February 18, 1916.

FREDERICK BRADSHAW.

### In the Letter Box

Editor, Daily News,

Dear Sir:—Since the auto accident of the other day, there has been considerable criticism of the auto drivers of the city. Some of this criticism has been well merited, as we think this accident might have been averted by a little more care, but there is also another side to this question. The regular taxi drivers of the city have considerable cause of complaint against some children who hang on to their cars, and who think it sport to run out in front of an on-coming car and then, when the car approaches, to run away again.

Speaking for ourselves we are glad to receive any just criticism, and, if our drivers are not complying in every respect with the law, we shall be only too pleased to have them reported to us. Our instructions to our drivers are for them to use the greatest care, to run slowly, to be continually on the watch and to constantly sound their auto horns, but we do think the public should cooperate with us in this respect and parents should try to help us by teaching their children to keep away from autos as much as possible. We have nothing but condemnation for those auto drivers who drive furiously along the narrow streets of the city and who never take the trouble to sound their horns.

Yours truly,

FORD TAXI SERVICE.

The Stockholm correspondent of the Sheffield Telegraph gives some interesting news about the Kaiser, which he has obtained from a Norwegian merchant long resident in Germany. It seems that the Kaiser wears a coat of

# 2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

the new "Papiertuch," which the German scientists have invented in order to replace woollen fabrics. This military cloth consists of thin, specially treated sheets of cotton, or some other fine textile, between which is a sheet of cellulose cloth. The cellulose cloth will not stand a hard pull, but it retains wonderful bodily warmth. The thin outside sheeting prevents tearing. One story is that the outside layers are made of nettle-cloth. These coats are airtight, and they have to be ventilated with rows of small holes. Germany has sold 100,000 of them to Bulgaria. The Austrian military blankets are of the same material.

**PRINTERS' "PI."**

THE TORY reports OF THE evidence IN THE Vancouver ELECTION enquiry HAVE BEEN in keeping WITH the evidence. THE TYPE of mind WHICH conceived the plot IS EXACTLY similar TO THAT WHICH published THE TORY accounts OF THE proceedings IN GARBLED form. JAIL-BIRD HAS followed JAIL-BIRD ON THE stand AND A FITTING climax HAS NOW been reached. THE SEATTLE crew FAILED miserably AND something

MORE daring AND drastic HAD to be STAGED. THE TORIES HAVE fooled THE public FOR years, BUT the time FOR fooling IS over. THE men WHO should GO to jail FOR THE longest terms ARE they WHO STAGED the play. "SAVE US "FROM OUR FRIENDS" WILL be THE cry OF THE TORIES HENCEFORTH.

**NEW SUBMARINE HAS NO PERISCOPE**

According to reports received at The Hague (says the London Evening News correspondent) from Hamburg, Stettin, and other German shipbuilding centres, the German Admiralty, under Admiral Canelle, are making extraordinary efforts to force the rapid construction of submarines.

Building yards are working day and night at high pressure. The naval expert of the Dutch weekly De Landstorm learns that the Germans are now devoting their attention to the construction of a submarine of a new type in which no periscope is used.

**NOTICE TO MARINERS**

Mariners plying in the vicinity of the North Channel, Queen Charlotte Sound, are warned to keep a lookout for a raft of logs adrift near Browning Island. About one mile from the Mainland in the North Channel, on Sunday, April 3rd, when in tow of the tug B. C. Boy, the raft broke adrift. It contains approximately 500,000 feet and is about 60 feet wide by 100 feet long, standing 16 feet high.

**Modern Beacon Fires**

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights

**the Beacon Fires of Newspaper Advertising** he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada  
Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blazoned forth by the beacon fires of advertising on the high hill of public favor?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumadec Building, Toronto.
