## CASEMENT AND IRISH SOLDIER ON TRIAL

### GERMANS ARE DRIVEN FROM THEIR FIRST LINE TRENCHES SOUTH OF SOMME

#### CASEMENT AND IRISH SOLDIER FACE CHARGES

Soldier was Prisoner in Germany and Accompanied Casement on Expedition—German Promises.

(Special to The Daily News.)

London, May 15.—Sir Roger Casement and Daniel Julian Bailey, a private soldier who was arrested at Tralee, have been jointly charged with high treason.

Bailey landed from the German Submarine with Casement, but made his escape, being captured later.

Casement hung his head when counsel referred to the Knight-hood which was conferred upon accused by the King in 1912. Bailey, who was a prisoner of war in Germany, was a reservist in the Royal Irish Rifles. He was induced by Casement to join the expedition to Ireland. He said that Casement promised in the name of the German government that, if Germany won the sea battle, German troops would land in Ireland. If Germany lost the war, each Irishman would be given \$20 and free passage to America.

Casement, with Bailey and a man named Montagu, who is still at large, landed from the submarine after the British patrol boat had sunk the German vessel which carried 20,000 rifles and machine guns.

The Green flag of rebellion, which was carried by Casement on landing in Ireland, was exhibited in court. Casement made a long statement which may tend to shorten the proceedings, which are continued today.

#### JACK PETERS MAY BE ALIVE IN GERMAN

Fred, Peters, K. C., has received a letter from Mrs. Peters, in England, which has raised his hopes that their son Jack is a prisoner in Germany and not allowed to write letters. A letter in The Daily Mail states that at one place there are 1,800 British prisoners who have been there for a year but who have not been able to acquaint their people with the fact. One young officer of the Flying Corps managed to smuggle a letter through, in which he said that many of the British "missing, believed killed" are held by the Germans.

WHEN A GERMAN "FOKKER" COMES WITHIN RANGE OF BRITISH ANTI-AIRCRAFT GUNS.—A very exciting game is the winging of the enemy's aircraft. The warning "Here comes a Fokker" sends every man to the guns and great is the joy when a machine is winged. Photo shows men rushing to the guns.

#### LIEUT. DOLLING GETS THE MILITARY CROSS

Citizens of Prince Rupert will be delighted to learn that the King has conferred the Military Cross upon Lieut. C. R. J. R. Dolling for "conspicuously gallant leading during a night attack." The English paper, which reports the item, goes on to say that "It was mainly due to the promptness and coolness of Lieut. Dolling in handling his men that the assaulting party took the position aimed at. Lieut. Dolling was wounded slightly in three places, but kept up the morale of his men. On a previous occasion he led a successful bombing party against a working party of the enemy and accounted for several of them."

#### WAR LECTURE

In the Methodist Church last evening, Sergeant Fred Wells delivered an address on his experiences as a prisoner of war in Germany. After describing most graphically the battle field, with its smashed guns; thousands of dead men and horses, he went on to tell of the harsh treatment meted out to British prisoners in the German prison camps. He stated that Canadians came in for particularly brutal treatment. He had many stories to tell of the tricks played by the prisoners in feigning insanity in order that they might be exchanged.

#### HALIBUT ARRIVALS

Captain P. Rorvik, with the schooner Rose Spit, formerly the Pandora, brought in his first halibut catch, 7,000 pounds. The Chief Skugaid, of the Cold Storage Company, brought in 45,000; the Cora, 7,000, and the Mira, 10,000. Halibut sold yesterday at 6 1/2 cts.

#### OBITUARY

Hayner Bros. have received a wire to meet the Chelohsin, on which is the body of Pete Croich, who died recently at Anyox. The body is being brought south in care of Mike Cornish. The funeral will take place from Hayner's Chapel to Fairview Cemetery tomorrow afternoon at 2:30.

#### VANCOUVER ELECTION ENQUIRY CONTINUES

(Special to The Daily News.)

Victoria, May 15.—The Vancouver election enquiry has been resumed. Gosden and other witnesses testify that they saw M. A. Macdonald outside of Victoria post office on the Tuesday evening following Easter.

J. T. Scott, Ralph Smith and Ashworth Anderson have been subpoenaed to attend the enquiry tomorrow.

#### SILVER DISCOVERY AT ALICE ARM CAMP

On the mining property of J. E. Stark, one of the pioneer prospectors of the Alice Arm district, a promising silver deposit has been discovered. The discovery was made in making the new roadway.

George R. Naden, who has the property adjoining the Stark property, states that Mr. Stark has leased his claim to three miners, who have traced the deposit back for about 95 feet. As the deposit is right on the water, there will be no transportation difficulties should it develop into anything big.

#### MOTOR SHIP ERA

No more interesting chapter could be written in the history of merchant marine than the revival of the sailing ship and the installation of the modern Diesel and semi-Diesel types of engine. From every shipyard in the country come reports of a revival in this class of construction, but naturally the Pacific coast will lead in the number of vessels, chiefly owing to the fact that it possesses such vast areas of the highest class timber particularly adapted for such construction. Not only will these ships carry from Pacific coast ports cargoes consisting of the various natural resources of this country, but they can return well laden with cargoes from foreign lands and can also operate through the Panama Canal.—Railway and Marine News.

#### SERIOUS FOOD RIOTS OCCUR IN BERLIN

(courtesy Hotel Rupert.)

London, May 15.—There are food riots of a serious nature in Berlin. The shouts of the crowds can be plainly heard in the Kaiser's palace.

#### Submarine Murders.

The German outrages on the sea continue, a British vessel having been sunk without warning, thirteen of her crew being lost.

#### SIR SAM HUGHES MAY PROCEED TO THE FRONT

The Toronto Globe is informed that Major-General Hon. Sir Julian Hedworth George Bying, a distinguished English soldier, will shortly succeed Lieut.-General Sir E. A. H. Alderson as commander of the Canadian troops at the front and Major-General Sir Sam Hughes, Minister of Militia for Canada, probably will also take an active command.

Lieut.-Gen. Alderson has been in command of the Canadian troops since the arrival of the first contingent at Plymouth, England, in October, 1914. It is understood he will now take the post of Inspector-General of the Canadian forces in England.

Major-General Hon. Sir Julian Hedworth George Bying, K. C. M. G., has had an extensive military experience. In the South African war he served with distinction, and has splendidly maintained his reputation in the present war.

#### PRINCE RUPERT HALIBUT ARRIVES IN THE TRENCHES

According to old country exchanges, the boys in the trenches are being supplied with fresh fish from Canada, in ice. One article describes how Pacific coast halibut arrives at the front in "slabs like doors."

The Ridley Home has been a blessing to many a struggling settler's children and many an uncared-for child. Help it with your "two bits" at the Westholme on Wednesday night. Reserved seats 50 cents at Orme's.

#### PRICE TRIED TO STOP PROSECUTION

Victoria, May 9.—Harry Price, secretary of the Victoria Conservative Association attempted to interfere in the prosecution of Frank Slavin, ex-prize fighter, who on the day of the by-election opened a shebeen here on Yates street and ran it so wide open it became so noticeable that men were coming out of the place under the influence of drink, that the returning officer, H. W. R. Moore, had to appeal to the police to close the place. In the meantime Liberals had also complained about the blind-pig. The evidence of the city prosecutor, C. L. Harrison, before the investigation by the legislative committee tonight, leaves no doubt of the attempted interference of the secretary of the Conservative Association. Price will probably be called before the committee.

It is stated whisky bought at the Hudson's Bay store was sent to him at Conservative headquarters. When the police raided the shebeen they captured Frank Slavin and J. McBride, soldiers, and a man named Copping. Price asked the city prosecutor if the case could not be withdrawn. Later the men were turned over to the military authorities though the prosecutor objected. Nothing was done to the men by the civil authorities. Slavin's attorney was R. H. Pooley, M. P. P. of Esquimalt. Harrison and Moore were witnesses before the committee tonight. The latter merely told of having gone to the police when the blind-pig was brought to his attention.

#### ORE SHIPMENT

The steel barge Baroda, of the Griffiths fleet, is now loading ore at the Rocher De Boule bunkers. The Baroda is the largest barge which has called here and is capable of handling 2,500 tons of ore. On this trip she will take south about a thousand tons for treatment at the Tacoma smelter.

#### FRENCH DRIVE GERMANS FROM FIRST TRENCH

Bombardment on Verdun Front Still Continues—British Attack at Hulluch—Zeppelin Brought Down.

(Special to The Daily News.)

Paris, May 15.—The German bombardment of Avencourt and Hill 304 continues. South of Somme the Germans have been driven from their first line of trenches.

There is great artillery activity in the Champagne district. German field work east of Mount Tetu resulted in the capture of fifteen prisoners.

Berlin reports that the British are attacking the German lines at Hulluch.

#### Belgian Expedition.

The Belgian expedition, which invaded German East Africa, has been successful in occupying Kigali, the capital of the German province of Ruanda.

#### Zeppelin Downed.

London, May 15.—A Zeppelin has been brought down by gunfire off the Norwegian coast. Three British destroyers had pursued the craft over the North Sea.

#### Bulgarian Move.

Bulgaria is removing her troops from the Roumanian frontier to Saloniki in anticipation of an Allied offensive at that point.

#### "ANDY" HEPBURN IS PROBABLY WOUNDED

In the latest casualty list appears the name of Corporal A. B. Hepburn, amongst the wounded. In all likelihood, this is "Andy" Hepburn, late of the fire hall staff, who has been driving a motor transport on the western front.

## C. N. R. BONDS

In reply to H. C. Brewster, in regard to Sir Thos. White's statement that the Provincial and Federal governments would have to meet \$4,500,000 interest on C. N. R. bonds, Premier Bowser stated that Sir William McKenzie informed him that the Canadian Northern would be able to meet its interest charges this year. Sir Thomas White made his statement that they would not, at a time when Sir William McKenzie was very busy in Ottawa laying plans for the securing of a further fifteen millions, and it may be taken that the Federal Minister of Finance did not make the statement merely to have the satisfaction of saying something which Mr. Bowser would have to contradict. Sir Thomas White must have been very certain of his facts before he made any such statement, as he is not given to distributing bad news just for the fun of the thing.

The second portion of Mr. Bowser's reply contained an "if" which took away a good deal of the stamina from his first assertion, but he sought to strengthen it by claiming that, in any case, the province was perfectly safe, as it could take over the British Columbia section of the road, under its trust deed. Anyone who knows anything about railroads in general, and the mountain section of the C. N. R. in particular, will be able to figure out just how much of an asset this would be to the province. The only safe bet about the British Columbia section of the C. N. R. is that the province will have to meet its guarantees as Sir Thomas White stated.

## NOTES AND COMMENTS

The first big gun in Roosevelt's

presidential campaign has been fired, in the form of four pages of advertising matter in the Saturday Evening Post, which must have cost some thousands of dollars. Teddy no doubt thinks that the latest Wilson note has strengthened his position considerably.

The Journal insinuates that Gosden was not arrested for perjury, but simply as a "clever Liberal move to tie up the witness." This is one more example of the Tory type of mind which measures everything by its own standards.

Sam Hughes said in the House that there had been no profits to divide in the fuse contracts. Mr. Yoakum says that Colonel Allison drew on his profit account to the extent of \$195,000. Yoakum, being financially interested, must have been in a position to know.

The Toronto Globe says "The giving of land is the most unreasonable way to reward returned soldiers. Rewards should be generous and should be in money. Giving land to men who do not want it simply obstructs production."

The Globe might have added that selling land to people who have no intention of developing it also obstructs production. Production in British Columbia has been held back for years on this account, and the giving of the land to soldiers who don't want it is simply following out the old line of obstruction.

Harry Price, the Victoria coal grafter, seems to have been the active agent in having the election day blind-piggers transferred suddenly from the police court to the military authorities. The

## "GRAFT" TONIGHT AT WESTHOLME THEATRE

The fourth episode of "Graft" is the big item in the Westholme program tonight. This is one of the most striking stories ever produced. Each installment is a distinct story in itself. "Sherman Was Right" and "The Devil and Idle Hands" are two good dramas, while the bill also includes two good comedies, "Mrs. Prunes' Boarding House," in which Max Asher is the star, is a perfect scream. A very fine

findings of a military court are not made public.

According to the evidence in the Victoria Parliament Buildings enquiry, McDonald was not really a contractor but simply a middleman who acted as go-between for the patronage committee and the friends of the government. The prices paid to the government friends had no bearing whatever upon the prices in the original deal with McDonald. The Tories on the committee are following their usual method of blocking all awkward questions.

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough."

## BIOLOGICAL STATION FOR PRINCE RUPERT

The Canadian Fisherman, in its current issue, states that Prince Rupert, which is rapidly becoming the fishing centre of British Columbia, should have a biological station equipped for research work, with an aquarium attached and a small permanent scientific staff in charge. It states that representation should be made to the Federal government by the Board of Trade and public bodies, and that an initial expenditure of \$25,000 would be justified in the light of what Prince Rupert is now and will be as a fishing port.  
"Research, getting the facts of life habits of fish, and instruction by reports, lectures and an information bureau are the two principle functions of a biological station. Research work, on its economic and scientific side, is the main objective, but with it should go popular instruction and stimulation of interest in biology, which can be afforded only by a well-equipped and scientifically maintained aquarium. The aquarium in Battery Park is one of the sights of New York and has awakened interest in fish life and fish food in the United States. An aquarium at Prince Rupert would bring tourists from the ends of the earth."  
The article states that the increasing demand for fish makes it imperative that science should be brought to bear on every phase of the industry and likens a biological station to the experimental farm. It concludes thus: "Prince Rupert is ideally located for a great national biological station. It is on the main lines of travel by rail and water across the continent, and also across the world. The varied richness of Pacific Ocean fauna and flora are unequalled in Britain. The different types of fish and marine plants are easily accessible, the

purity and salinity of the water are recognised, the tides show amplitude and climatic conditions are right. With such unique advantages, a biological station could be established at Prince Rupert that would be to the Western Hemisphere what that station at Naples, Italy, is for Europe, the gathering place for biologists of all nations."

## SKEENA LAND DISTRICT—DISTRICT OF COAST, RANGE 4.

TAKE NOTICE that Frederick Bradshaw, of Tonopah, Nevada, occupation mine manager, intends to apply for permission to purchase the following described lands:

2,000,000  
Belgians  
Depend on us  
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

## Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."  
SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.  
MAKE LABOUR EFFICIENT.  
SAVE MATERIALS FROM WASTE.  
SPEND MONEY WISELY.

### LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

### LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

### LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

### LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

AT LAST,  
SAM'S real plan

## Modern Beacon Fires

THE old beacon  
fires were the great  
advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights

the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

## To the Manufacturers of Canada

Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blazoned forth by the beacon fires of advertising on the high hill of public favor?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumada Building, Toronto.
