TURKS APPEAL TO KAISER FOR ASSISTANCE

NAVAL ENCOUNTER OFF BELGIUM--THE LANCASHIRES MINE GERMAN TRENCHES

GRAND DUKE IS FORGING AHEAD TOWARD BAGDAD

Turkish Army Driven From Rowanduz Region--Attack and Counter Attack on the Eastern Front.

(Special to The Daily News.)
Petrograd, May 17.—The Russian forces which recently drove the Turks from the Rowanduz region continue to make progress westward and are steadily drawing nearer the Bagdad railroad. It is believed that the Grand Duke has completely outwitted the Turks, who are led by German officers, and that the Turkish army which compelled General Townshend to surrender, will be forced to yield to the Russians.

Turkish Appeal.
Athens, May 17.—Enver Pasha, the Turkish dictator, has appealed to the Kaiser for men and munitions to help block the Russian advance upon Bagdad. The Turkish message warns the Kaiser that German hopes of the commercial conquest of Mesopotamia will be crushed if the Muscovites capture Bagdad.

Eastern Front.
Germans on the eastern front, between Dvinsk and Vilna, captured advanced Russian trenches near Lake Dolje, but were driven back upon their former positions by a Russian counter-attack.

Armenians Suffering.
New York, May 17.—There is intense suffering amongst the Armenians in Turkey, Persia and Syria. Hundreds are dying daily from starvation.

THREE HUNDRED KILLED IN GERMAN FOOD RIOTS

London, May 16.—Unprecedented food riots occurred in Mannheim, Germany, last Saturday, according to the Exchange Telegraph's Geneva correspondent. The military brought machine guns into play to quell the mobs and 300 persons were killed or wounded. Fugitives from Mannheim arrived at Basle, Switzerland, with the story, the correspondent wired.

NOTICE TO MARINERS

Mariners plying in the vicinity of the North Channel, Queen Charlotte Sound, are warned to keep a lookout for a raft of logs adrift near Browning Island about one mile from the Mainland in the North Channel, on Sunday, April 3rd, when in tow of the tug B. C. Boy, the raft broke adrift. It contains approximately 500,000 feet and is about 60 feet wide by 100 feet long, standing 16 feet high.

GENERAL ALDERSON HAS CONDEMNED ROSS RIFLE

(Special to The Daily News.)
Ottawa, May 17.—General Alderson, who lately retired from the command of the Canadian Expeditionary Force in Flanders, condemns the Ross rifle as an active service weapon, in comparison with the Lee-Enfield rifle, which is used by the British troops. General Alderson claims that after a thorough test had been completed, it was found that the hands of the soldiers who used the Ross weapon were bleeding.

It has been contended by rifle experts that the Ross rifle is the finest gun in the world for target work, but that for active service it was not nearly so useful as the British weapon.

SMALL BOY SENT TO INDUSTRIAL SCHOOL

Steve Wintonak, the eleven-year-old boy, who with two others has been causing so much trouble to the police lately, was brought before Magistrate McMullin yesterday afternoon on a charge of stealing a watch, cartridges and spectacles from Nels Larson's power boat.

The boy's parents stated that he was entirely beyond their control, and the magistrate sent him to the Industrial School in Vancouver for a period of two years.

GERMANS PREPARING FOR ATTACK ON RIGA

New York, May 16.—A Copenhagen despatch to the Journal says: "The German naval and military forces are preparing for a combined land and sea attack against the Russian port of Riga, according to reports current here today."

RUPERT SWIMMING CLUB

All members and those wishing to become members, will please attend a general meeting to be held on Friday, May 19th, at 8 o'clock p. m., in the office of the Secretary, No. 327 2nd Avenue, for the purpose of electing officers for the year 1916.

ED. H. MORTIMER, Secretary.

Fred Wells arrived in town yesterday from Surf Inlet, where he is developing property adjoining the Tonopah-Belmont Mines. Fred was one of the original holders of this property and still holds an interest under the terms of purchase.

Lydia Luther and Christine Aurio, two Indian girls who have been giving trouble to the police, were yesterday ordered to return to their homes. The former goes to Port Simpson and the latter to New Metlakatlah.

Everybody is going to hear the coon troupe at the Westholme tonight. Better go early and get a good seat. One show only.

Dance at the Auditorium May 24th. Four-piece orchestra. Gents \$1.00. Ladies free.

SAILORS FACE TERRIFIC GALE IN OPEN BOATS

Inhuman Conduct of German Submarine Commanders—Crew Turned Adrift and Left to Their Fate.

(Special to The Daily News.)
Liverpool, May 17.—Chief Officer Collins, of the British ship Calgate, which was sunk in the Atlantic by a German submarine, reached Liverpool yesterday. He vigorously protested against the inhuman conduct of the German submarine commanders in setting the seamen adrift in open boats during a terrific gale with a high sea running. The boat in which Collins was, drifted for forty-five hours under the most dangerous and trying conditions before it was picked up by the British patrol boat.

Naval Encounter.

London, May 17.—An encounter took place yesterday off the Belgian coast between flotillas of German and British torpedo boat destroyers. After a short engagement, the German vessels withdrew to their ports. The British sustained no casualties in the encounter.

Casement's Trial.

Sir Roger Casement, who is charged with high treason, will know today the decision of the magistrate in regard to his trial. It is expected that he will come before a judge and jury in the higher court on the capital charge.

CATHOLIC CLUB BOYS TAKE THIRD BALL GAME

In beautiful weather, and before quite a large gathering of spectators, the Catholic Club boys last night defeated the Colts in the third game of the local baseball league, by 7 runs to 4.

The game was the most exciting played this season, the teams keeping well together throughout. Jack Keefe made the hit of the game, driving a beauty to the rock pile. The Colts for the first time in the series had to bring on a second pitcher, Bennie McDanjels relieving J. Grey. It is up to the C. C.'s to take the next game making things all square, with lots of keen ball to follow. Arthur Mansoh caught for the Colts and Harry Astori for the C. C.'s, while Babe Fortin again pitched for the latter.

Captain Gilmore is being asked by his friends if he has been at the front. Cap was good enough to assist someone to roll up a drum of gasoline when the drum skidded, doing quite serious damage to the captain's head, necessitating a few stitches.

FOUND—A batting eye, only slightly used. Looks like a major leaguer's. Owner can have same by paying for this ad.—Jack Keefe, Dominion Baths.

The Callies will hold a football practice at 6:30 this evening.

WHY VON KLUCK FAILED BEFORE PARIS

In the course of his recently published war volume, "Over the Front in an Aeroplane," Mr. Ralph Pulitzer, an American correspondent, introduces a new theory to account for Von Kluck's fatal mistake that led to his undoing at the Marne and the collapse of Germany's great sweep on Paris.

"Why did not Von Kluck march on Paris when he had the chance?" I asked the officer who was sitting on one side of me. "I will tell you," he replied. "In the 1913 Kriegsspiel (great manoeuvres) in Germany the theoretical invasion of France by the attacking armies was precisely the same advance as in actual fact they made the following year. In the manoeuvres Von Kluck commanded the right wing, precisely as he did in the actual invasion. In these manoeuvres he came to a point in his advance where he had to choose between attacking Paris and swinging past Paris in pursuit of the enemy.

"He decided to attack Paris. The verdict of the board of generals who were judging the manoeuvres contained the severest kind of arraignment of Von Kluck for having violated the cardinal principle of German military strategy by allowing a mere geographical point to divert him from the one paramount object of German generalship—the enemy's army. We actually possess a copy of this official reprimand, for tout s'achete (there is nothing that money will not buy,) you know.

"Now, when little over one year later Von Kluck in actual warfare came face to face with precisely the same choice of alternatives, with the previous year's censure still stinging fresh in mind, he ignored Paris and followed the enemy army."

WHIST MATCH

After the meeting of the Oddfellows last night, a whist competition between the Oddfellows and the Knights of Pythias was played, in which the Oddfellows were the victors. A return game will be played on June 11th.

NOTICE

The management of the Westholme Theatre announce that, for the benefit of those who did not see it, they will show "Graft" in the second show only, Thursday night.

CITY OF PRINCE RUPERT

The city will shortly issue a new telephone directory. Any desired changes in name, number, or address, please notify the Superintendent of Telephones in writing before June 1st, 1916.

The Oddfellows, at their regular meeting last night, appointed W. G. Barrie and S. V. Cox as representatives of the local lodge at the Grand Lodge to be held in Vancouver on June 14th.

Baptist Church, Friday, 19th, 3 to 6 p. m. Afternoon tea, 10 cents. Sale of home cooking and aprons.

BORDEN, WHITE AND CURZON COMPARED

The Toronto Globe, in dealing with the evidence given before the Shell Commission, in which it was shown clearly that the committee was directly responsible to the Canadian government, publishes the following extract from speeches of Sir Robert Borden, Sir Thomas White and Lord Curzon:

Sir Robert Borden (Hansard, March 7). My Right Honorable friend (Sir Wilfrid Laurier) told us this (Shell) Committee never measured up to the task which was set before it; that it absolutely failed in its attempt to organize the industries of this country for the production of munitions; that its work has been a disgrace to the people of Canada, and that it has never given any satisfaction from first to last. I will venture to say that you could not select any six men in this house from either one side or the other who would have made fewer mistakes in the conduct of gigantic operations such as the Shell Committee were eventually compelled to carry on. I say this further, that I believe as few mistakes were made in Canada as in any other part of the Empire in the organization of commercial industry for the production of munitions of war.

Sir Thomas White (Hansard, March 28, after the Kyte disclosures). He (Sir Wilfrid Laurier) says that this (Shell) Committee is a committee of this government. Mr. Speaker, there cannot be responsibility unless there is authority. It is true that this Shell Committee was named by this government, but it is also true that this Shell Committee was agent of the Imperial Government. It acted under instructions from the Imperial Government. It had no authority to take any steps or give any order unless with the approval or upon the instructions of the Imperial Government.

Lord Curzon (in the British House of Lords). In Canada the system adopted by the War Office has been this: they have made their orders from an early date, through the Canadian Government, treating the Canadian Government in fact as their agent, for the supply of munitions of war.

"CHARLIE CHAPLIN" AGAIN FRIDAY AT WESTHOLME

There was a large audience at the Westholme last evening to see Charlie Chaplin in "The Mix Up" and all enjoyed the fun heartily. In order that all may have an opportunity of seeing those four reels of laughter, "The Mix Up" will be shown at the second show on Friday.

For the benefit of all who did not see "Graft" on Monday, the fourth episode of this great series will be screened at the second show on Thursday evening. Tonight the Westholme will be in the hands of Prince Rupert's coon troupe.

LANCASHIRES EXPLODE MINES AND SEIZE LINE

Successful Ending to British Sapping Operations—Artillery Fighting on Verdun Front.

(Special to The Daily News.)
London, May 17.—On the Vimy ridge, on the British portion of the western front, the Lancashire Fusiliers exploded several mines and seized two hundred and fifty yards of the enemy's forward line, inflicting very heavy casualties upon the Germans.

Verdun Front.

Heavy artillery fighting continues in Belgium and France. The fighting is especially severe in the vicinity of Dixmude and St. Georges, on the British part of the line and at Avoncourt wood, Hill 304 and Le Mort Homme, (Deadman's Hill) northwest of Verdun.

Austrian Claims.

Vienna claims that the Austrian troops southwest of Trento, in the southern Tyrol, have captured Italian trenches, taking 2,500 prisoners, including 65 officers along with seven guns and eleven machine guns.

ENGINEER MINES ARE SHOWING WELL AT DEPTH

Captain Alexander, who holds a controlling interest in the Engineer Group of claims in the Atlin district, paid a visit to the drydock yesterday afternoon and was greatly impressed with the plant.

Captain Alexander reports that the Engineer mine is making good progress, showing good values at the 200-foot level, with improvement at depth. The ore is free milling and the company has a stamp mill installed on the property.

HALIBUT ARRIVALS

Halibut remains around 6 1/2 cents, this price being paid yesterday by H. O. Roberts of the Pacific Fisheries for the following fares: Nautilus, 5,000; Selma, 6,000; Mira, 10,000, and Dorreen, 11,000.

The Alliance brought in 10,000; the Zorra, 16,000; the Agnes B., 7,000 and the Jupiter, 17,000 pounds.

P. G. E.

It is gratifying to find that the men who have had charge of the provincial purse are philanthropists. They made a deal with the Pacific Great Eastern that the proceeds of the bonds, when sold, would be handed over to the company as the work proceeded and in proportion to the work done. The estimated cost of the work was a little over eighteen millions. The work is only partially completed, but already over eighteen millions have been handed over to the company, while \$16,000 of interest on the bonds has already been paid out of the public treasury, though this fact was hidden at first.

Bowser now admits that he had "not hewed to the line" in this matter, and gave as his excuse that, had the full amount not been handed over, the company would have gone bankrupt. In this connection, it is interesting to go over the list of the members of the company and to bear in mind that these gentlemen are largely of the millionaire class. How much of their own cash did they put into the railroad? Their chief work was to get the charter for the railroad; let the construction work to themselves and their friends, and sit down and wait for the profits to be earned for them by the sub-contractors.

Bowser allowed criminal financing to be carried out by the government in order that this company might not go bankrupt. How much harm would it have done to this province had the company been made to stay with its financial arrangements and go bankrupt if it wanted to? If the millionaire railroad promoters, who got all the profits, had

little real interest in the province, that they would allow the company to go bankrupt simply because the government refused to be a party to criminal financial proceedings, while they retained their millions, they were unworthy of any government support in the first instance. The Pacific Great Eastern deal requires a good deal of investigating and in the next few months the public will learn a few more things about Tory financial methods in this province.

NOTES AND COMMENTS

Bowser did not "hew to the line" in the Pacific Great Eastern financing, but this is no new failing on the part of this combination of Whitney and Asquith. He suspended hewing operations in regard to the Dominion Trust Act and many other little episodes, though he spared no effort to "get there" in the Nanaimo military movement.

William Manson was evidently quite content, as usual, to do the will of Bowser in regard to the overpayments to the P. G. E. The P. G. E. evidently must be financed irrespective of agreements or honest parliamentary procedure. This is probably what the Tory press describes as "bluff honesty". "The story of the Stikine," one of the most interesting tales of Tory adventure in Northern British Columbia, is in the hands of the publishers and may see the light of day shortly. The most interesting chapter is "How We Commandeered the River," written by "Dynamite Joe."

THE CRY OF THE PRISONERS

We left our homes to fight for King and Country,
We did our little bit for you out there,
We fought them fair, and then they gassed us,
And now we're Prisoners of War, on fare That's all too scanty,
SEND US BREAD.

Some of us while on our Empire's Mission Got badly wounded, sore in need of aid,
All of us starving; in addition,
Affliction on us heavily is laid,
And we are hungry,
SEND US BREAD.

Oh, you who live in plenty's larder In Western Canada where grows the grain Help us to bear the fate that's harder,
Tightening our belts to ease the pain of gnawing hunger,
SEND US BREAD.

You cheered us when we left the Station,
You helped us on our way to fight the Huns,
We, to uphold the honor of the Nation,
Went forth to man our Country's guns,
Now we are starving,
SEND US BREAD.

On God we still rely, as ever,
But God He works by human hands,
Will you not, out of your abundance,
sever
Some store for Prisoners in foreign Lands?
For we're so hungry,
SEND US BREAD.

The above verses were written by a prisoner of war in Germany and should be a great incentive to the people of the west to do everything they possibly can to send food to the boys who have not only to put up with the jeers of their jailors, but have to do so on empty stomachs.

MARVELS OF WAR SURGICAL OPERATIONS

"I have seen two soldiers, with shrapnel bullets in their brains, sitting up in bed talking and laughing with their friends. Is there no limit to the marvels of modern surgery?" writes an orderly in one of the London hospitals. Judging from the marvellous achievements of our war surgeons, we do not think there is. Quite recently a Canadian soldier whose lower jaw had been partly carried away by a fragment of shell, causing terrible disfigurement, was provided with a new jaw, built with a piece of the wounded man's ribs. In another case a lieutenant in a Highland regiment, whose lower jaw had been almost completely blown away, was doctored in a marvellous manner. The surgeon put a new floor to the man's mouth, actually induced two pieces of bone to grow on the lower jaw, fixed complete artificial teeth and healed the remains of the lips, with the result that now the man is as normal as ever, and the only trace of his mishap is a slight scar by the mouth. In another case the successful reuniting of the spinal cord was made for the first time in surgery. A soldier whose spinal cord had been completely severed by a shell splinter was so treated that in a short time he was able to move his lower limbs and gradually recovered his sensory powers. Another wonderful operation was the extracting of a fragment of hand grenade from the heart of a Parisian sergeant, the cure being established beyond all doubt.—Exchange.

If you want to serve your King and country see Charles Youngman, recruiting sergeant for the 102nd Battalion. tf

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."
—SIR THOMAS WHITE, Minister of Finance.

- PRODUCE MORE, SAVE MORE.
- MAKE LABOUR EFFICIENT.
- SAVE MATERIALS FROM WASTE.
- SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

LUX
Pure Essence of Soap

WON'T SHRINK WOOLLENS

Something different!

LUX is the very essence of the finest soap, in flakes. Its use adds to the life of woollens, flannels, filmy laces and all dainty fabrics.

LUX

dissolves readily in hot water and breaks into a foamy, cream-like lather which cannot injure the finest garments or the smoothest hands. It coaxes rather than forces the dirt out of clothes and adds a new note of refinement to wash-day work.

LUX softens the hardest water—makes the bath a luxury and the shampoo a delight. Sold everywhere at 10 cents.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 508 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
