INDUSTRIAL OUTLOOK

In that most comprehensive and informative handbook-"Canada, the Country of the Twentieth Century," by Watson Griffin-issued by the Minister of Trade and Commerce in Canada, there is much to justify the conclusion that long before the end of this century Canada will have a population of seventy-five million people. What Canada lacks most is settlers; men who will produce. The country has reached a stage where productive industry must find wider markets. Canadian manufacturers have now an opportunity to launch out on the world-channels of commerce that are opening up as a result of this war. All the warring nations have concentrated so largely on the trade of war that there must necessarily be a great shortage of manufactured goods for domestic and industrial purposes. The British manufacturers, for instance, are making every effort to capture the Russian

SKEENA LAND DISTRICT-DISTRICT OF

COAST, RANGE 5. TAKE notice that George Roderick Mc-Kenzie, of Prince Rupert, B. C., occupation engineer intends to apply for permission to lease the following described lands:-Commencing at a post planted at the N. E. corner of T. L. Lot 2729, Range 5, Coast District, Porcher Island, thence south 20 chains, thence west 80 chains, thence north 80 chains to shore line, thence south-easterly following shore line to the point of commencement; containing 350 acres more or less.

GEORGE RODERICK MCKENZIE.

Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more and the ruthless Germans refuse to supply them!

Backed by the

beigian Kelief Tund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the Central Executive Committee, 59 St. Peter St., Montreal

\$2.50 Feeds A Belgian Family A Month.

Ramsay's Empire Cream Sodas

in 2-Ib. Tins

Have attained their enviable reputation by their superior quality and uniformity. The most discriminating housewife insists upon "Ramsays Empire" when buying Soda Biscuits.

They are made in B. C. and your grocer gets his supply frequently and quickly, insuring freshness, which means crispness.

Prove it by buying a tin with your next order.

Vancouver, B. C.

roduction and |hritt'

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."— SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE. MAKE LABOUR EFFICIENT. SAVE MATERIALS FROM WASTE. SPEND MONEY WISELY.

LET US PRODUCE AND SAVE-

The war is now turning on a contest of all forces women, old and young. The more we produce the of \$500,000,000. more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR-

make your labour tell now. Making war is the first tell. Have a War Savings Account. Buy a War business of all Canadians. Efficiency in labour is as Bond. important as efficiency in fighting.

LET US NOT WASTE MATERIALS-

Begin at home. The larger portion of salaries and resources-men, munitions, food, money. The and wages is spent on the home-food, fuel, light, call to all is to produce more and more. It may be clothing. Are any of these things being wasted? necessary to work harder. The place of those who \$20.00 a year saved from waste in every home in enlist must be taken by those at home, men and | Canada will more than pay the interest on a war debt

LET US SPEND OUR MONEY WISELY-

Are you spending your money to the best advan-tage? What do you think of extravagance in war In this war-time all labour should be directly pro- | time? Tens of thousands of Canadians are daily ductive or should be assisting in production. Make it | risking their lives for us at home. Is it not our duty as efficient as possible. If your labour is on something | to be careful and economical? Canadian dollars are that can be postponed, put it off till after the war and an important part of the war equipment. Make them

THE CARE OF A PIANO

If the ear of the student be naturally musical, a piano which is out of tune will be an endless source of disturbance and torture. If, on the other hand, the musical taste and ear of the beginner be, as yet, unformed, what can you imagine would be more harmful, more obstructive to progress than an instrument which is badly out of tune, and often out of order?

Have G. C. Walker, pianetuner, attend to its needs by the year - all work guaranteed.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall-when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association. Room 503 Lumsden Building, Toronto. Enquiry

involves no obligation on your part—so write, if interested.
