RUSSIAN STEAM ROLLER STILL ADVANCES

IMPORTANT SUCCESSES AT MANY POINTS—GERMAN ATTACKS FAIL IN THE WEST

RUSSIANS ARE CARRYING ALL BEFORE THEM

General Advance Over Extensive Front—Stripa River Crossed and Further Important Gains Made.

(Special to The Daily News.)

London, June 10.—The Russians are still succeeding in their tremendous offensive against the Austro-Hungarians on the eastern front from the Pripet river to the Rumanian border, along a front of two hundred and fifty miles.

The Russian troops have crossed the Stripa river in Galicia and have reached the Zlota Lipa river. East of Lutsk, near the centre of the advancing Russian line, General Brusiloff's troops have made important advances along the Sty river and the Kovel Kovno railway.

Petrograd describes the Russian gain as a victory without parallel, and that the Germans have sent troops to aid the Austrians in their effort to stem the great Russian onslaught.

Austrian Prisoners.

Petrograd reports that eleven hundred and forty three officers and sixty-five thousand men have been taken prisoner since the present great drive began.

DR. McNEILL REPORTS "MAJOR" GIBSON KILLED

Mrs. G. R. Naden received a letter last evening from Mrs. W. E. Burritt, who is in the south. In the course of the letter, Mrs. Burritt said that Dr. McNeill had brought in a report that "Major" Gibson had been killed. Mr. Gibson was one of the most popular of Prince Rupert's old timers and it will be sincerely hoped that the above is only a rumor.

HUDSON BAY RANCH DAMAGED BY FIRE

The Hudson Bay ranch was badly damaged during the recent bush fires around Smithers. The barns, mess house, implement sheds and their contents were destroyed, the total damage being about \$5,000. Most of the stock was in the fields and fortunately escaped. The buildings were not insured.

GERMAN ATTACK AGAIN FAILS ON VERDUN FRONT

Liquid fire avails Nothing Against French Big Guns—Heavy Bombardment on Right Bank of Meuse.

(Special to The Daily News.)

Paris, June 10.—On the left bank of the Meuse, the Germans attacked the French positions on Hill 304; made two attacks to the west of the hill and two to the southeast. The attacks which were accompanied by projections of liquid fire, failed completely under a solid curtain of fire from the French big guns and the fire of the French mitrailleuses.

On the right bank of the Meuse the Germans are carrying on a very heavy bombardment through out the region south of Thraumont farm; in the Chapitre and Fumin woods and in the sector to the south of Damloup.

In the Vosges.

In the Vesges region a strong German reconnaissance at Hartmanns-Weilerkopf has been dispersed.

CONTRIBUTORS TO THE PRISONERS OF WAR SALE

Mrs. McColl and Mrs. Jennings who conducted the sale of home cooking in aid of the prisoners of war, wish to thank Mrs. W. Keith for the dresser set which she so kindly donated, and Mrs. Carpenter for the cap, which was held over until the next sale. The ladies also wish to thank the following for contributions: Messdames Sinnott, Hal Peck, Orme, Reekie, Eggert, Besner, Rix, T. H. Johnson, Smith (Digby), de Gex, William Manson, F. McD. Hunter, Jenns, G. A. Woodland, R. H. Shockey, Peter Black, R. L. McIntosh, J. H. McLeod, Sam Johnson, Akerburg, S. D. Macdonald, Hull, Williseroft, Blance, Knight, Merryfield, Pattullo, J. C. Scott, Sherman, and Meehan, and Miss Irwin, Mr. Goldbloom and Mr. W. E. Williams.

The Society has to thank Mrs. Jennings and Mrs. McColl for their contributions and for the amount of work they did in connection with the sale.

HILL 60 DANCE

The Hill 60 Chapter of the Daughters of the Empire entertained a large gathering of young folks at a dance in the Steele Block last evening. The music was provided by Charles Balagno and it was declared to be one of the jolliest little dances ever.

PRISONERS OF WAR

The sale of home cooking in aid of the prisoners of war, at the Red Cross rooms yesterday, realized the sum of \$23.45. The sale was conducted by Mrs. McColl and Mrs. Jennings. The dresser set donated by Mrs. J. W. Keith was won by Mrs. George McColl with ticket No. 4. The ladies could have disposed of much more home cooking than was supplied.

THE NAVAL FIGHT

The top picture is that of the German battleship Pommern which was sunk by British torpedo boats in their daring rush amongst the Kaiser's fleet in the gathering darkness on May 31st off the Skagerrack. The smaller picture is that of the German cruiser Frauenlob, which is officially admitted by Berlin to be missing since the historic naval battle. The little inset map shows the Skagerrack, where the fighting took place.

JUSTICE HUGHES TOP IN BALLOT

(Special to The Daily News.)

Chicago, June 10.—The indications are that Justice Hughes, of New York, will be the choice of the Republican Convention as candidate for the presidency. "Teddy" Roosevelt has not a very strong following in the convention.

The second ballot stood:—Hughes, 328½; Root, 98½; Fairbanks, 88½; Cummins, 85; Roosevelt, 81. It requires 495 ballots to effect a nomination.

CITY TREASURER HAS RETURNED FROM NEW YORK

City Treasurer E. D. Johnson and Mrs. Johnson returned from the east last evening. During his stay in New York, Mr. Johnson was able to spend four days in the city hall of New York and was able to gather a considerable amount of valuable information in regard to the handling of various municipal financial matters.

MAQUINNA AT 5:30

Owing to the fact that she has to make an extra call on the way south, the Princess Maquinna will leave here at 5:30 on Sunday evening instead of 6 o'clock.

Mr. and Mrs. T. M. Grindley, of Edmonton, arrived in the city last evening. They were met by Albert Davidson, of the G. T. P., who is a relative of Mrs. Grindley. Mr. Grindley is of the firm of Gorman, Clancy & Grindley, of Edmonton.

Citizens will be glad to hear that Major A. W. Agnew has recovered from his wounds and has passed the medical examination for further active service. Though he has lost an eye, he hopes to go back to the trenches after a two months' leave of absence.

SCOTCH SOCIETY IS STILL FLOURISHING

St. Andrew's Society held its half-yearly meeting last night, when six new members were nominated. The secretary's report showed that the society is in a flourishing condition, despite the fact that forty-five of its members are on active service. All of these are still alive, though several have been wounded.

After the business had been disposed of, a most enjoyable social evening was indulged in, when the following contributed numbers: Messrs. J. N. Sinclair, W. H. W. Murray, R. Dowther, C. D. Jones, C. W. Gault, A. Clapperton, W. Robb, G. P. McColl, and T. McMeekin, W. V. Davies, as usual, was a host in himself at the piano. The house committee provided lots of good things to eat and a "ground nicht" was spent.

IT PAYS

There was such a rush at the Acme fire sale in the McIntyre Block this morning, that the doors had to be closed. Long before the advertised time of the sale, crowds of ladies began to gather and when the sale began the attendants were simply rushed off their feet.

Mr. Merchant, take note, it pays to advertise in The Daily News. Daily News advertising reaches the home, as today's big rush testifies, and the advertising that GETS THERE is the advertising worth having.

POLICE COURT

At the police court yesterday, Mandie Fox was fined \$50 for keeping a disorderly house. Two Indian girls, Mrs. Steele and Marian Powell, were each fined \$25, as inmates, and John Anderson was fined \$10 and costs as a frequenter.

ARGUMENT BEGINS IN FUSE ENQUIRY

Ottawa, June 7.—The summing up of the evidence taken at the Meredith-Duff inquiry was commenced this morning by Mr. Hellmuth, K. C., government counsel. Mr. Hellmuth referred at length to speeches made in the House by Messrs. Carvell and Kyte, in which the former had pointed to the shell committee as having wickedly entered into fuse contracts which had been described as nefarious transactions, and in which the minister of militia had been charged with responsibility.

Mr. Justice Duff remarked that the inquiry had been based upon Mr. Kyte's speech, but if references were to be made to speeches by Mr. Carvell, other speeches made in the House could be referred to.

A long argument between the counsel and Commissioner Duff as to the grounds of the inquiry followed, in which Mr. Hellmuth declared that the commission had sat for thirty days and not one little of evidence had been produced to show that General Sam Hughes had been corrupt. If the facts had been known, no one would have had the hardihood to suggest a commission.

Commissioner Duff said that he was sorry that this was Mr. Hellmuth's state of feeling as he felt that the contracts cast on the gentlemen of the commission a burden of explanation and he had found the explanation very difficult to follow.

In closing, Mr. Hellmuth held that the charges had fallen down.

F. B. Carvell, who followed, said he was disappointed with the summing up of Mr. Hellmuth. Publicly and privately he had been congratulating him on the manner in which he had handled his case. He had now abandoned that high plane and had taken the position of a political advocate.

HAMPSHIRE SURVIVORS' SUFFERINGS

Cruiser at Sea but an Hour When Blown up—Kitchener and His Staff were Swamped in a Small Boat.

(Special to The Daily News.)

Aberdeen, Scotland, June 10.—Earl Kitchener embarked on the cruiser Hampshire at the extreme north of Scotland and the vessel had only been out at sea one hour when she sank, apparently blown up.

Some of the twelve men who were washed ashore on a raft, in their terrific battle with the sea, had their clothing torn from off their bodies and their feet and hands are terribly mutilated as a result of their desperate efforts to climb the cliffs on this rocky coast.

About eighty bodies have been found along the base of the cliffs and many were still warm when discovered.

The survivors state that Earl Kitchener and his staff were placed in one of the ship's boats which got clear of the wreck, but was swamped in the terrific sea which was running at the time.

German Naval Losses.

The Hotel Rupert wire says that visitors from Hamburg, the big German seaport on the River Elbe, report that the docks are full of battered German warships.

IMPERIAL OIL COMPANY TO MAKE IMPROVEMENTS

There arrived on the train last evening, C. D. Stillman, of Sarnia, vice-president of the Imperial Oil Company. He is accompanied by Mrs. Stillman, and T. Clarkson, who represents the company in Peru, where a large part of the raw product comes from.

The company will shortly install additional equipment at its wharf near the drydock for the quicker handling of oil. The party went over the ground last night with G. A. Woodland. They left this morning for the south.

STEAMER CONNECTIONS

In connection with the new G. T. P. schedules, it is well to note that the Chelohsin, arriving on Sunday evening, connects with the eastbound train on Monday morning, while the Chelohsin, going south on Tuesday evening fits in with the arrival of the train from the east that evening.

He had put up a man of straw to knock him down.

Proven, Says Mr. Carvell.

VACANT LOTS

Two years ago the city of Regina started putting its vacant lots under cultivation, and the scheme has proved highly successful, both from a utilitarian and an aesthetic point of view. So successful was the plan in Regina that the Rotary Club took the matter up in Toronto last year with the result that, on 130 vacant lots, over \$5,000 worth of produce was grown. This year there are more applications for lots than there are lots to give. The Club made a nominal charge of \$1.00 to each applicant, and for this nominal fee, seeds and young plants were provided.

Prince Rupert has no Rotary Club but it has a few vacant lots, and it would add greatly to the appearance of the city were these to be turned into gardens. In the outlying districts, spuds, cabbages and other lines of produce could be grown, if the grower felt so disposed, and, in the closer districts, flower gardens could be produced which would add tremendously to the appearance of the city. The school board has under consideration some plan for the training of the children in gardening, and the vacant lots of the city should provide ample scope for the energies of the youngsters, while the training in gardening would prove of inestimable benefit to the children.

Calgary has started a Vacant Lot Garden Club and the results have been most encouraging, 250 lots being now under cultivation. The city helps out with the preliminary work by putting the land in shape for gardening. Other eastern cities are following along the same line, and it would be a splendid thing if Prince Rupert were to take up the idea. Owners of vacant lots could perhaps be got to form a Vacant Lot Club which could make arrangements as to terms, etc. The members of the Horticultural

Association would probably be delighted to lend their assistance in such an effort to make Prince Rupert a city beautiful.

NOTES AND COMMENTS

The Tories are dropping F. W. Welsh from their Vancouver solid six. This is rather significant in view of the part this gentleman played in the recent "plugging" operations.

The Russians seem always to be in the wholesale business when it comes to taking prisoners. Anything less than a hundred thousand or so seems to be beneath their notice. More important than the number of prisoners is the fact that the army of the Czar once more occupies Lutska and may soon retake Lemberg. More power to them.

The people of Vancouver and Victoria are ready to give confirmation of the figures in the elections when the general elections come along. Mr. Brewster and M. A. Macdonald are infinitely stronger in public favor than they were in March.

Bowser refused any real enquiry into his illegal procedure in regard to the P. G. E., and the Lieutenant-Governor did likewise, but neither of these gentlemen can hinder the public from expressing their opinion of the deal when the election comes along.

Billy Ross seems to have finally bid goodbye to Fernie, as the Tories there are looking for his successor. Billy's desertion of his old camp for pastures new is a sure and certain sign of how things are to go in Fernie, and is also a sure indication of the result throughout the province.

William Manson will have some time explaining his qualifications for the job of Minister of Agriculture when he faces the people of the Islands and the interior. They know something about agriculture and also a good deal about William.

LIEUT. DOLLING IS MAKING RECOVERY

Lieut. Dolling, who so distinguished himself at the front some time ago, is recovering nicely from his wounds. He was pretty well loaded up with pieces of shrapnel, but the surgeons have removed the pieces of metal from the wounds and he is in a fair way towards complete recovery.

THRILLS GALORE AT WESTHOLME THEATRE

"Fire and Sword," the six-act feature at the Westholme tonight, is a startlingly realistic picture of warfare amongst the Arabs. There is nothing stager about it, the scenes being full of life and action. Perhaps the most thrilling scene in a play which is full of thrills is one in which the mounted Arabs rush into a river in the most daring fashion imaginable. This is one of the finest things the Westholme has ever screened.

The Eclair Gazette, showing Earl Kitchener at the Allied Conference in Paris is reproduced by special request, and a great ducky comedy completes a splendid show.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use of "FRUIT-A-TIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

ARGUMENT BEGINS IN FUSE ENQUIRY

any doubt that no commission would have been appointed unless the minister had been affected?

Mr. Carvell replied that he did not know, as he was not the keeper of the thoughts of the government.

The minister was the man of straw which Mr. Hellmuth put up in order to knock down. The inquiry had been restricted.

"We had sheaves of evidence in connection with contracts placed in Canada, which we were not allowed to investigate," said Mr. Carvell.

Mr. Carvell denied that he had retreated from his position. His learned friends who thought so had a few more things coming. Mr. Hellmuth had now become the chief of the counsel for the shell committee. Mr. Carvell argued that every point in the cables sent by Sir Robert Borden to Sir Sam Hughes in London had been proven by the evidence, to the hilt.

Allison's Share.

The fact that the American Ammunition Company had a maximum capital of one million, and a minimum capital of one thousand; that advances had been made; that there was an agreement between Bassick, Cadwell and Yoakum to split the commission, had been proven. Mr. Carvell declared that much had been said of the wonderful things Col. Allison had done to bring down the price of fuses. He recalled, however, that evidence showed that the first price of the International Company had been \$5.50. Two weeks later it was reduced to \$5, and a month later to \$4.50, all before Col. Allison had anything to do with price reduction. "I would like to know what Al-

lison and his confreres had to do with that reduction," went on Mr. Carvell. "If Allison did anything it is up to him to show that he ever lifted a finger, did one thing or write one word that resulted in this reduction."

MINERAL ACT

NOTICE TO DELINQUENT PARTNER

TO J. A. ROGERS,
TAKE NOTICE that, whereas I have caused to be done the assessment work for the year 1915 on the mineral claims known as "Ladybird No. 4" Mineral Claim, situated in Cascade Creek valley, north of Silver Lake, in the Stewart, B. C., Mining District; and the "Stumpy" Mineral Claim, situated on the east side of Cascade Creek at the head, in the said Stewart Mining district, and have paid for said assessment work the sum of \$200.00; unless you pay to me the sum of \$100.00 for your share of the said assessment work together with the costs of this advertisement, I shall, at the expiration of ninety days from the date hereof, apply to the Mining Recorder at Stewart, B. C., to have your interest in the said "Ladybird No. 4" and "Stumpy" Mineral Claims vested in me in pursuance of the provisions of the "Mineral Act."
Dated at Prince Rupert, B. C., this 5th day of November, 1915.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

The Tale The Wagons Tell

My office window faces a street, close to the railway freight sheds.

All day long a steady stream of trucks and lorries lumber by—loaded with boxes, barrels and bales.

One truck I noticed the other afternoon was particularly interesting. No two boxes were the same, and stencilled on the end of each was the name of some well-known product—soap, tobacco, socks, breakfast food, cocoa, port, tea, chocolates, perfumery and baking powder.

Gathered there in prosaic wooden boxes were the results of thousands of hand's labor in all parts of the world.

The cocoa had been grown in Brazil, shipped to Bristol, transhipped to Montreal and finally distributed from Toronto.

The tea was gathered by swart-skinned natives of the romantic island of Ceylon; from sunny Portugal the luscious, big grapes had been gathered years ago, fermented, bottled and branded with a famous name; from Egypt had come the cotton and from South America the dyes that entered into the product finally stamped with the brand of a well-known hosiery.

There, behind that obviously prosaic truck-load of freight was the whole romance of modern commerce—the skilled production, the universal demand for food, drink and raiment, and the world-wide distribution of the things we use every day.

And then I speculated why we use these things every day, instead of some other things; and that brought me plump back to my own job of advertising.

The names of some of the boxes on the lorry were known everywhere to-day, but had been unknown a few years ago; and I saw then more clearly than ever before that Advertising is really a great channel digger. It is like the Panama Canal. You can sail from Montreal to Vancouver now, around the Horn. You can get there, but it is going to take months. A year or so from now you will sail through the Panama Canal and chop the journey to less than half. A new channel will have been dug.

The great names in commerce to-day are those of the manufacturers who have let modern advertising steam-shovel a channel across the isthmus of distributing difficulties.

The great names in the commerce of to-morrow will be those of men who widen and dredge this channel so that the greater traffic may pass smoothly and quickly from the source of production to the homes of the consumer.

If you are doing a local business

talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you

to have counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."
SIR THOMAS WHITE, Minister of Finance.

- PRODUCE MORE, SAVE MORE.
- MAKE LABOUR EFFICIENT.
- SAVE MATERIALS FROM WASTE.
- SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
