RUSSIANS ATTACK STRONGLY AT THREE POINTS--ENEMY RETREATS ON LEMBERG

BRUSSILOFF DRIVES ENEMY ON TO LEMBERG

Austro-Germans Attacked at three Important Points--Must Give one to Protect Others--Turks at Suez.

(Special to The Daily News.)

Petrograd, Aug. 1.—The Russians are now advancing upon Kovel and have crossed the Stokhod and now occupy the stretch of country between the Sarney-Kovel and the Kovel-Rojitche railroads. General Brussilloff's army is driving the Austrians back toward Lemberg.

It is believed that the Austro-Germans are unable longer to successfully oppose the three great Russian attacks on this front. Kovel, Valdimich-Volnski and Lemberg are the objectives of three separate attacks and the enemy will probably sacrifice one of these points in order to strengthen the other two. Kovel will likely be abandoned, as Valdimich-Volnski lies nearer to Lemberg but the probability is that the Russians will be able to cut off all possibility of a retreat from the former point to Lemberg, as there is a strong Russian army already heading for the Bug river from Brody.

Attack on Suez.

The Turks are attacking the Suez Canal with 12,000 troops on a ten-mile front.

PATRIOTIC FUND

(Special to The Daily News.)

Ottawa, August 1.—A statement issued from the head office of the Canadian Patriotic Fund says that it has no intention of asking the Dominion Government to collect subscriptions for the fund.

It is probable that in 1917 two provincial governments, New Brunswick and Saskatchewan, will make subscriptions, as they have decided to impose taxation to meet any deficit there may be after the voluntary campaigns have been concluded.

HALIBUT ARRIVALS

Six halibut schooners brought in 88,000 pounds of halibut this morning. They were the Aurora, 10,000; Mabel, 8,000; Agnes, 17,000; Dolphin, 18,000, and the Lillian S., 5,000. The Rose Spit, owned by Capt. Rorvig, brought in 7,000 pounds.

OVER THIRTY THOUSAND CANADIAN TROOPS ON PARADE.—This picture shows Sir Sam Hughes reviewing thirty-one thousand troops from all parts of Canada at Camp Borden, the largest camp in Canada. The pictures show the thick dust which is stirred up by the marching of the soldiers, which, combined with the intense heat, was the cause of a riotous outbreak in this camp.

REVOLUTION AGAIN BREAKS OUT IN CHINA

(Special to The Daily News.)

Pekin, China, August 1.—There has been another revolutionary outbreak at Hankow resulting in a large district being burned and looted. Many natives were killed in the rioting and a number of Russian women were injured. Companies of foreign volunteers finally checked the uprising.

272 PERISHED IN NEW ONTARIO FIRES

(Special to The Daily News.)

Haileybury, Ont., Aug. 1.—The death list in the New Ontario holocaust now amounts to two hundred and seventy-two. It is possible that this list will be augmented when reports are received from outlying farms.

COLONEL J. W. ALLISON CAN "RESIGN HIS RANK"

Ottawa, July 31.—It is understood that Militia orders in the near future will contain the interesting notice that Honorary Colonel J. Wesley Allison "is permitted to resign his rank."

The comments of the Meredith-Duff Commission on Colonel Allison gave one reason. The absence of Sir Sam Hughes, and the vesting of his authority for the time being in Mr. McCurdy, the new Parliamentary Secretary for Militia and Defence, give the second reason. It may be noted, however, that under the terms of Mr. McCurdy's appointment he is not allowed to change the policy of the department without securing the consent of the Cabinet. In the present instance, however, there can be little doubt but that a ready consent will be given to the changing of Sir Sam's policy.

Wade's Offer to Bowser

To W. J. BOWSER:

I am informed that last night in your references to the Liberal Executive meeting you said that "they ought to have F. C. Wade bring Scott back and he promised there would be revelations." You do not say there would be revelations in any way reflecting on my honor, though that is your insinuation.

You dare not make a direct statement against me because it would be a dastardly lie. You prefer to lie by innuendo because you are a physical and moral coward.

Nevertheless, poltroon as you are, I will make you an offer that will put your sincerity to the test. If you will withdraw your warrant against Scott, and go with me to Seattle, I will join you in inducing Scott to return. I will do anything you can suggest with that end in view. I will pay his expenses to return and if we are successful, I will then leave him with you so that you can do all in your power to back up your foul and lying insinuations.

Do you accept my offer or not? If you do not, you stand before the people of British Columbia, in all your moral depravity as a confessed coward and a liar. Vancouver, July 28, 1916. F. C. WADE.

IRISH NATIONALISTS STILL DISSATISFIED

(Special to The Daily News.)

London, August 1.—The Irish Nationalist party has withdrawn from all association with the coalition government. The Nationalists are dissatisfied with the new Secretary for Ireland, Henry Edward Duke, and also with the Attorney-General, Sir Frederick E. Smith, both of whom are Unionists and out of sympathy with Nationalist ideals.

The Irish members state most emphatically that they will never agree to any reduction in the number of their representatives at Westminster until a permanent settlement of the whole question of Irish Home Rule has been reached.

H. O. CREW HAS RETURNED FROM OVERSEAS SERVICE

H. O. Crew, one of the local boys who fell wounded and gassed in the second battle of Ypres, arrived in the city yesterday. Mr. Crew has taken over a year to recover from the effects of the gas, and is still far from well. He says there is no chance that Gamble and Denison escaped. They were on either side of him in the charge, but he never saw them again.

LAUNCH PURCHASED

The city has purchased a launch for Shawatlans service at a cost of \$350 with small boat complete. As launch hire was costing \$10 per trip it is reckoned that a considerable saving will be effected.

PIPELINE SUPPORTS

The city council last evening adopted a report of Supt. Kennedy endorsed by the finance committee, recommending the placing of cement supports under certain sections of the city pipeline.

BRITISH AIRMEN DO GREAT WORK ON WEST FRONT

Seven Tons of Bombs Dropped—Train Blown up and Ammunition Depot Fired—German Methods Again.

(Special to The Daily News.)

British Headquarters, France, Aug. 1.—The Royal Flying Corps has successfully carried out several bombing raids and has dropped seven tons of bombs upon the German lines of communication and billets. One enemy train was blown up and an ammunition depot was set on fire, while one hostile aeroplane was destroyed.

The British aviators had many encounters with German aeroplanes and several enemy machines were brought down. Three British machines are missing.

German Methods.

Chicago, August 1.—According to a Washington despatch to the Chicago Herald, the explosion on Black Tom Island was the result of a German plot. It is reported that the German Imperial government has employed agents to blow up all shipments of ammunition for the Allies wherever found and regardless of the risk to life and property.

French Success.

The Rupert Hotel bulletin says that the French have made a big advance on the Somme front and have captured the last line of German defences before Peronne.

AMERICANS CLASH WITH MEXICAN BANDITS

(Special to The Daily News.)

El Paso, Texas, August 1.—Two Americans have been killed and one wounded in a clash with Mexican bandits who had crossed the Rio Grand below Fort Hancock.

LIGHT FOR SECTION TWO

On the recommendation of Supt. Kennedy, the city council last evening decided to carry electric lighting into section two, as a result of the petition presented recently by the residents of that district.

The city council last evening adopted the report of the superintendent of utilities in regard to the putting in of water connections for Mr. Wintonick, 7th Ave. and Conrad St. The connection will be put in.

RE B. C. PROHIBITION ACT

WILL IT RESTRICT?

READ THIS "WIDE OPEN" CLAUSE OF THE ACT Section 57, Par. 2:

"Nothing in this Act shall be construed to interfere (a) With the right of any person to import from without the Province liquor for bona fide use in his private dwelling house.

Does not this clause provide for free and unrestricted importation of liquor with out (1) control by the Government, (2) Limitation as to the amount which may be ordered, (3) Restriction as to frequency of orders. NOTE:—The prohibition legislation of Washington and Oregon allows liquor to be imported only under permits issued by the county authorities, the amount on each permit being limited to 2 qts. of spirits or 12 qts. of beer with only one permit to any individual every 20 days in Washington and every 28 days in Oregon. Despite these restrictions, Prohibitionists in both states say that the provisions for importing liquor are so broad as to make the legislation of real value.

WHAT WOULD BE THE SITUATION IN BRITISH COLUMBIA UNDER ITS PROHIBITION LAW WHICH IS "WIDE OPEN" AS FAR AS IMPORTATION OF LIQUOR IS CONCERNED? WOULD SUCH LEGISLATION BE LIKELY TO RESTRICT THE CONSUMPTION OF LIQUOR TO ANY APPRECIABLE EXTENT? As fair minded men, the electors of British Columbia are asked to carefully consider the terms of the Prohibition Act

A CHALLENGE

The Liberals have shown that they are in grim earnest in their promises to clear up the Vancouver "plugging" allegations by demanding that John T. Scott be brought back from Seattle. Some days ago, the Tory press made mention of the fact, but, of course, it carefully omitted to state that the Liberals were solely responsible for the movement. Proceedings were started by a few Liberal individuals and their efforts have the heartiest support of the Liberal executive in Vancouver.

Bowser made the statement that "they ought to have F. C. Wade bring Scott back and he promised there would be revelations." F. C. Wade promptly accepted the challenge and now invites Bowser to withdraw his warrant for Scott's arrest and join with the Liberals in their effort to bring Scott back. Mr. Wade, in an open letter in the Sun, invites Bowser to join him in the movement, and it is hard to see how Bowser can refuse the invitation. If his protestations are sincere, he must accept the challenge. The letter is strongly worded and his description of the premier is decidedly more forcible than polite. It concludes thus: "Do you accept my offer or not? If you do not, you stand before the people of British Columbia, in all your moral depravity as a confessed coward and liar."

The premier of this province cannot very well ignore such a challenge and its acceptance should do much to clear up the situation which arose after the overwhelming defeat of C. E. Tisdall last February, a defeat which shook the Bowser party to its very foundations. The Tories have tried hard to make political capital out of the absence of Scott, who was hired to do ordinary clerical work by the Liberals, but who, it is alleged, assisted in carrying on irregular work. The Liberals have all along

shown their desire to get to the root of the matter, and it is up to Bowser now to show that he is equally anxious to right a wrong. It is inconceivable that he should refuse.

NOTES AND COMMENTS

The United States courts have decided that the British steamer Appam cannot be regarded as a prize of war by the Germans. Germany's naval methods do not measure up to the requirements of international law either under or on top of the sea.

The demonstration in the Westholme Theatre on August fourth is in no sense a celebration, but simply a renewal of the resolution passed last year on the first anniversary of the war. On that day, throughout the Empire, British people declare solemnly to see the war through to the bitter end.

The Russians seem to be carrying everything before them in their bid for Lemberg. More power to them.

Had the Kaiser been able to foresee events ahead for two years from August third, 1914, it is quite certain that there would have been no European war.

In reviewing the second year of the war, the German chancellor glimbs down considerably from the attitude adopted by Berlin at the outset. There is an entire absence of the usual Prussian arrogance from the recent speech of Von Bethmann-Hollweg in which he attempts to shoulder the responsibility for the war on to Russia.

Gustave Herve, the noted French Socialist, says that Europe will be quite content to leave the punishment of the Kaiser to Britain. It would be fitting were the punishment of this arch-fiend left to the women of the Empire.

THE SMALLEYS SCORE A HIT AT THE WESTHOLME

In "Scandal," the five-act Red Feather feature at the Westholme tonight, the Smalleys make a great hit. The play is just what its title implies, a continual round of evil gossip with its attendant tragic results in the lives of the people talked about. It is a play with a moral which should appeal to all. There are many thrilling scenes, especially the concluding one in which the chief victim of the evil gossip meets her husband after years of trouble. It is a remarkable drama and is bound to create intense interest wherever shown. Thanks to the misinterpretation of the most innocent actions of Daisy and her employer, several lives are made miserable for years, and the end is tragedy. The play was followed with the closest interest last night and is certain to draw another large audience tonight. Two good comedies complete a fine show. The music last night was a most enjoyable feature.

PRISONERS OF WAR

The sale in aid of the prisoners of war realized the sum of \$25 last Friday, \$10 of this amount being raised by Mrs. Shockley's two little girls by selling flowers. The silk bag donated by Mrs. Clancy was won by Mrs. Hull and the centrepiece donated by Mrs. McIntosh was won by Miss Shockley. Much more food than is contributed could be sold at these Friday sales and it is hoped that next Friday, being the anniversary of the beginning of the war, a most liberal response will be made for the benefit of the Canadian boys who are suffering for us in Germany. ALDERMEN DEBATE ON CITY PATRONAGE

In passing the patronage list for the past six months at the city council last evening, Ald. Casey remarked upon the fact that McRae Bros., had received more business than any of the other printing firms, while there were other items which he did not understand.

Mayor McCaffery stated that requisitions had been passed by the council for each item.

Ald. McRae said that many of the items had been passed while Ald. Casey was away staking water claims. It was difficult to see just on what basis Ald. Casey made his statement, as, figured from any reasonable standpoint, he contended that McRae Bros. did not get their full share. For instance, they employed more than double the number of men than all the other firms put together, while they also paid two trade licenses and also were much heavier ratepayers than all of the others. He also pointed out that the total included stationery and printing, while none of the other concerns handled both. He moved that the two distinct lines be kept separate in future.

Ald. Dybhavn said that so far as he could see the distribution was quite fair. He was aware that there were many lines of stationery which could only be procured from McRae Bros.

The Mayor said that he had spoken to Mr. Johnson on this matter and had been assured that in many instances it was a case of getting it at McRae's or sending out of town.

Ald. Casey said that his chief object in raising the point was in order that the purchasing agent might realize that he was not in any way bound to purchase as much as possible from this firm

simply because a member of the firm was an alderman.

Ald. McGlymont figured out from the statement that one firm which employed only one man got \$84 worth of business, while the business going to McRae Bros. figured out at \$38 per man employed.

Ald. Barrie said that each firm should have an equal share. He thought that McRae Bros. got too much of the business.

Ald. McRae asked him to show how he figured this out, and invited him to use figures instead of his imagination.

Ald. Barrie said that he could not see why the number of men employed had anything to do with it.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

**Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of those will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."
—SIR THOMAS WHITE, Minister of Finance.

**PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.**

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
