Fierce Fighting on West Front—Australians Again to the Fore—Denmark to Pay Indemnity.

(Special to The Daily News.)

Paris, August 7.—On Saturday there were two tremendous battles raging in the north of France, one before Picardi and the other before Verdun. The Verdun battle resolved itself into a violent artillery duel, while the Picardi encounter is still in progress.

North of Pozieres, the Australians and the Sussex regiment captured six lines of German trenches without striking a blow and also carried the earthworks of the enemy at the intersection of the Thiepval and Moquet roads. After these successes the Allied forces progressed to the east of the Leipsic redoubt and in the direction of the Thiepval valley.

Danish Indemnity.
It is reported that Denmark has been forced to pay an indemnity of \$2,250,000 to Germany for allowing British submarines to enter the Baltic last year, from the North Sea. The entrance to the Baltic is strongly guarded by Danish forts and Germany claims to have evidence that the British submarines were allowed to pass those forts under permission from Denmark.

FRED PARKER DIED AT THE HOSPITAL TODAY

The funeral arrangements are in the hands of Hayner Bros., and interment will take place at Metlakatlah.

Australians and New Zealanders in the Fray—Many Prisoners Taken—Italy Breaks With Germany.

(Special to The Daily News.)

London, August 7.—A Turkish force eighteen thousand strong attacked the British troops 21 miles east of the Suez Canal on the Mediterranean side. Strong counter attacks were made by the British force, which was largely composed of Australians and New Zealanders, and the enemy was defeated and twenty-five un wounded Turks and Germans were taken prisoners.

More Ships Sunk.
The British unarmed ships Tottenham and Favornian, the Italian steamer Sieta, and the Greek ship Tricoupsis have been sunk by the enemy.

Italy Breaks with Germany.
Rome, August 7.—It is officially announced that Italy has severed all commercial relationship with Germany and that the treaty of 1891 is definitely broken. The Italian government has now assumed control of all concerns in Italy financed by German capital.

Paris, August 7.—The Paris Journal publishes an official black list of all American firms and individuals who have been guilty of trading with the enemy.

ELOQUENT ADDRESS BY DR. J. L. CAMPBELL

The Empress Theatre was filled last evening, when Dr. J. L. Campbell, of Vancouver, delivered the best of four addresses. This famous preacher, who is just as well known in Europe as on this side of the Atlantic, held the large audience spell-bound by his eloquent appeal for the Old Book. In showing the power of the Bible and its teaching, he drew vivid pictures of conditions in parts of the world where it was unknown, or unrecognized, dealing particularly with the standard of womanhood. In the East he had seen a woman harnessed with an ox to a plow, a condition impossible where Christianity reigned.

In dealing with science as a substitute for Christian faith, he showed how little Huxley, Darwin and John Stuart Mill could accomplish for poor suffering humanity. In conclusion he appealed to all to give the teaching of the Bible a chance and they would find it the true light of the world. An augmented choir rendered special anthems and Mrs. McMillan gave a solo. The choir was led by J. E. Davey, and W. Vaughan Davies presided at the organ, throughout the four meetings.

William Tuttle, who is largely interested in mining in the interior, left for the east this morning.

SIR BASIL MARKHAM HAS PASSED AWAY

(Special to The Daily News.)

London, August 7.—Sir Arthur Basil Markham, for sixteen years member of parliament for the Mansfield division of Nottinghamshire and a wealthy mine owner, is dead.

Sir Arthur was president of the Royal Colonial Institute and a prominent imperialist. He figured very prominently in the press in recent months as a critic of the actions of Premier Asquith and the late Earl Kitchener and their methods of conducting the war.

PRAIRIE WHEAT CROPS SUFFER FROM HAIL

Regina, August 7.—Hundreds of thousands of dollars worth of damage has been done to the wheat crops in various sections of the prairie provinces by severe hail storms.

DEVELOPMENT WORK ON GIBSON ISLAND

The property recently acquired by the Granby Company on Gibson Island is opening up splendidly and a scow load of ore which has been treated at Anyox from that camp shows very encouraging values. The company is planning for extensive development work and a large force of men will shortly be at work on the island. A wharf will be built there at no distant date.

BISHOP STRINGER WAS HERE THIS MORNING

Bishop Stringer, of the diocese of Selkirk, arrived from the Yukon this morning and left for the east on the train. Bishop Stringer is one of the most distinguished missionaries of the Anglican Church, having been one of the pioneers in the Mackenzie river country in the early days, while he was also an outstanding figure in the Yukon at the time of the gold rush. The Bishop is possessed of qualities which would have made him an outstanding man in any walk of life.

TRANS-PACIFIC TRADE FOR PRINCE RUPERT

That Japan is becoming very much interested commercially in Prince Rupert is well known in official circles. The Daily News learns upon good authority that the recent visit of officials from the land of the chrysanthemum had quite an important commercial bearing, and that a Japanese steamship line is right now seriously contemplating the making of Prince Rupert a point of call. It is proposed to build wharves along the water front of section two, and, if the present plans are carried out, it should mean the beginning of very important business for Prince Rupert, and the first fulfillment of "Walter Claxton's" recent prophecy in our columns.

Japanese steamship lines have been tremendously active since the outbreak of the war and every available ship-building yard over there is busy building new vessels. Huge profits have been made and those profits are being put to good use in the development of new business, and it is not unlikely that this city is to benefit thereby. The opening up of trans-Pacific traffic from this port has long been a dream and it had been hoped that the start would have been made by a Canadian line. The Japs are evidently going to take the lead and no one in Prince Rupert will offer any objection, though it would have been much more gratifying to have had a Canadian line opening up the business.

SENATOR BOSTOCK'S SON KILLED IN ACTION

Senator Bostock's many friends in Prince Rupert will regret to learn that his son, Lieutenant A. H. Bostock, has rendered the supreme sacrifice for his King and Country. The senator was for years member of the House of Commons for Yale-Cariboo and accompanied Sir Wilfrid Laurier on his visit to Prince Rupert five years ago. Many years ago, Mr. Bostock founded the Weekly Province in Victoria, which later developed into the Vancouver Daily Province. He has been a prominent figure in British Columbia for many years and the sympathy of the whole province will go out to him in his bereavement.

"MIDDY" WILL JOIN

"Middy" Fortier, the popular chaffeur, has decided to join the Forestry Battalion and there is no one in town better fitted for the work. "Middy" has had great experience of lumbering in his native Quebec and should be a big asset to the battalion. If necessary, he will hand over his fine car for the service of his country.

L. C. Pearson, of the G. T. staff, left this morning for his old home in Celina, Ohio, via Seattle and Chicago. Mr. Pearson recently lost his mother.

BRODY REGION SCENE OF HAND TO HAND FIGHT

Six Villages Taken—Desperate House to House Fighting—Hindenburg to Take Command.

(Special to The Daily News.)

Petrograd, August 7.—Between the Sereth and Graberka rivers, to the south of Brody, the Russians have captured six villages and have taken three thousand prisoners. The Austrians and Germans put up a fierce resistance in each village and there was terrific hand to hand fighting in the streets, the enemy being driven from house to house.

Another report states that the tide of war in Galicia is shifting in favor of the Teutonic armies and that both at Kovel and in the Carpathians, the Germans are taking the offensive.

Berlin Report.
Berlin, August 7.—General Von Hindenburg, who has been in command of the enemy forces on the Riga front, and Arch-Duke Charles Francis of Austria have been assigned the command of the Austro-German forces in opposition to the Russians on the eastern front. Germany is rushing all available reserves to that front to stem the Russian advance.

Caucasus Front.
Petrograd, Aug. 7.—The Russians have captured five lines of enemy trenches and a number of prisoners including the commander of the 52nd regiment.

In Mesopotamia.
In Mesopotamia, the Russians have captured two lines of trenches and have inflicted heavy damage upon six more.

In the Black Sea, Russian torpedo destroyers have sunk forty-two small Turkish sailing craft near Kerasun and have bombarded the enemy storehouses at Samsun.

The first refrigerator car owned by the Booth Fisheries has arrived. It is the forerunner of many such.

WHERE DID IT GO?

The Victoria Colonist is publishing a series of epistles to H. C. Brewster. In No. 2, it defends the handing over of millions to the P. G. E., and the Victoria Times replies as follows:

We are again told by the government press that Foley, Welch & Stewart have sunk \$9,000,000 "of their own money" in the Pacific Great Eastern Railway. Where did it go? Who got it? According to the government's chief engineer the road to date cost \$18,800,000, and according to the minister of railways practically all of it came from the funds raised on the credit of the province and held in a trust account to be paid out pro rata with construction up to completion. And this was nearly \$7,000,000 more than the company was entitled to according to the provision of the law which when it was passed was lauded by the government and the Colonist as safeguarding to the utmost the public interest. That law as it affects the company is held by the government to be a dead letter; as it affects the people it is very much alive, for they are now paying the interest on the bonds guaranteed by them under its provisions.

The promoters of the Pacific Great Eastern are the sole, undisputed owners of the railway the people of the province are building. They divided among themselves the entire share capital without putting up one cent for it. This also was in violation of the law. Will our contemporary in Epistle No. 3 to Mr. Brewster kindly deal with this little deviation? They also awarded the contract to themselves without any competition. There was no supervision, no check, no control in the interests of the public who are taxed to the neck to pay the entire cost of construction and the interest besides. The province is to be further burdened with debt to enable the

promoters to receive another \$6,000,000, conveniently called a "loan," but which will amount to nothing less than a gift outright. When Mr. Brewster asked for an investigation and an accounting the rubber stamp majority laughed him to scorn.

No wonder the local Bowser apologist seeks to cast the onus of this transaction upon the shoulders of Sir Richard McBride. But it was while Mr. Bowser, solicitor for the Pacific Great Eastern and Mr. Welch, of Foley, Welch & Stewart—does this mean two retaining fees from the same organization?—was attorney-general, sworn to administer the laws honestly and impartially, and acting minister of finance, sworn to safeguard the public interest in the administration of the public funds, that a part, if not all, of the proceeds of provincial guaranteed bonds were paid to his clients in such a way as to involve a breach of the criminal law of Canada and for which in other countries he would be compelled to confront a judge and jury. Our contemporary compares this with the federal government loan of \$21,000,000 to the C. P. R. during its construction, but this comparison of course ignores the fact that the assistance to the transcontinental was wholly regular and lawful, while the other is admittedly a flagrant violation of the statute.

NOTES AND COMMENTS

Vancouver must be thirsting for excitement since it wants a United States-Mexican conference in addition to a provincial election. If the Mexicans bring their cutlery with them, the election will be a very tame side show compared with the conference.

hold the record for reviews since the war broke out.

According to the Victoria Colonist, Foley, Welch & Stewart placed \$9,000,000 of their own money in the construction of the P. G. E. It must have been very carefully placed for no one has been able to discover where it is. Even the Colonist does not give a shadow of a hint as to where it is hidden.

If the Asquith government can abolish preventable poverty it will have accomplished more good than any government which ever assembled.

JOHN BARRYMORE AT THE MAJESTIC THEATRE

John Barrymore, the renowned movie star, appears at the Majestic tonight in the Famous Players five-act photoplay "Nearly a King." This comedy was specially written for the great comedian and gives ample opportunity for the display of the thousand and one comic sides of his art. It is the story of a wealthy young American who has the misfortune to resemble the Prince of Bulwana, an adventurous spirit who is on the verge of being palmed off on a princess whom he has never seen. It is an hilarious comedy, which also contains many exciting episodes. Things happen at an amazing pace and with the most comical results, and there is not a dull moment from start to finish. A very fine Eclair Gazette, showing the latest from everywhere completes a great show.

On Wednesday and Thursday, Robert Edson will be shown in "The Absentee."

Five more stalwart recruits for the Foresters Battalion left for Ottawa this morning, in charge of Sergeant Hall. They were:—Hugh Murdock, Louis Forkrud, Charles Solberg, Louis Forkrud, and Murdock Smith. Louis Forkrud came all the way from the Naas valley to join. Charles Solberg already has two sons at the front.

DROWNING FATALITY IN THE BULKLEY RIVER

At New Hazelton on Tuesday morning John Lindquist was drowned in the Bulkley River while attempting to cross.

The deceased and H. L. Myers left town on horseback and rode to Twelve Mile where they were to cross. A raft was constructed and the crossing was made, but they missed the landing. The raft was carried down stream. John was in front and caught a tree that was hanging over the water and hung on while the raft and Myers continued down stream. Myers got mixed up in some sweeps and it is supposed that John tried to swim to his assistance. Myers says he got to within a few feet of the raft and went down.

As soon as he got to shore Myers gave the alarm. Search is being continued for the body.—Omineca Herald.

SETTLERS HAVE HAD ENOUGH OF BOWSER

Alex. M. Manson, the coming member of the Legislature for Omineca riding, returned at the end of the week from his trip throughout the interior with H. C. Brewster, M. A. Macdonald and T. D. Pattullo. It was his first visit east of Endako and he was struck by the splendid possibilities of the country all the way to McBride, particularly with the Nechaco valley. He believes that mining has a great future in the Prince George district, though activity is not so marked there as in Omineca.

Mr. Manson says that the Liberal leaders were greatly impressed with the natural resources of the interior and enjoyed every moment of the trip. "They set out to give instruction, and, well as they did that, one ventures to believe that they received almost as much as they gave," said Mr. Manson. The development of the interior is regrettably backward, and hundreds of real settlers have left the interior because of the conditions which prevail, the most pernicious condition of all being that the settlers find it impossible to settle in communities, but are scattered over a vast area, miles apart. The settlers that are left are having a hard struggle and their resentment towards the government that has permitted present conditions is not concealed. They particularly resent the political serfdom of the Bowser patronage system. They will have no more of Bowserism and are anxious to have a change to decent government.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

Hon. William Manson arrived from the south early this morning on the Chelohsin.

A. Kinghorn, formerly of this city and now with the G. T. P. in Edmonton, is spending a week in town.

F. Bradshaw and Clyde A. Heller of the Tonopah-Belmont Development Company, arrived from Surf Inlet yesterday.

Father Thayer preached yesterday morning in the Roman Catholic Church. It is interesting to note that Father Thayer celebrated the first Mass in Prince Rupert in 1908.

Over 800,000 pounds of halibut was landed at Prince Rupert during the last five days. There is so much fish coming in that the G. T. P. has difficulty in providing enough refrigerator cars.

Mr and Mrs. J. E. Lalonde and baby left for Prince George this morning, where Mr. Lalonde takes over the management of the G. T. P. Telegraphs. Many friends were at the train to wish them success.

Mr. Hardy received letters last night from his boys, Fred and Alf who are with the 102nd Battalion at Bramshot. They are fit and well and looking forward eagerly to being sent to France.

Hon. Dr. Roche, Minister of the Interior, and Col. Thompson, member for the Yukon, arrived from the north on the Princess Charlotte on Saturday. Col. Thompson left for Victoria last evening, his family remaining here to visit with Mr. and Mrs. J. H. Thompson. Dr. Roche left for the east this morning.

The G. T. P. ticket office simply swarmed with tourists this morning and the train which left for the east was one of the heaviest from a passenger standpoint which has ever pulled out of Rupert.

LAWRANCE D'ORSAY AT WESTHOLME THEATRE

There is a magnificent eight-reel show at the Westholme tonight, when Lawrence D'Orsay is presented in "The Earl of Pawtucket," in five reels. The play was specially written for D'Orsay and it is one of the most laughable comedies ever produced. It is one grand roar, riotously, rippingly funny. Anyone who has seen D'Orsay on the stage will make a point of seeing it. All the laughs have been preserved and are handed out with a liberal hand.

In addition to this great film there will be shown the first instalment of "The Master Key," one of the few really great serials of the screen. A fine Keystone comedy completes a record show.

YUKON TRAFFIC

That the north is beginning to look upon Prince Rupert as its trading centre is evidenced by the fact that G. W. Nickerson Company have just booked an order for a carload of Quaker flour for shipment to Dawson. This will be the first carload of flour to be shipped through Prince Rupert to the Yukon. This enterprising firm was also the first to bring in a carload of milk over the G. T. P.
