## STANISLAU CAPTURED BY THE RUSSIANS

### SALONIKI OFFENSIVE MAY BRING IN ROUMANIA — GERMAN FLEET OUT AGAIN

#### RUSSIANS TAKE STANISLAU BY GREAT CHARGE

Important Galician Railroad Centre Captured — Base for Attack upon Hungary.

(Special to The Daily News.)

Petrograd, Aug. 12.—The Russian army, which has been hammering away at Stanislaw for the past few days, taking one fortified position after another, gained its objective yesterday in capturing the city in one swift, desperate rush.

Stanislaw, next to Lemberg, is the most important railroad centre in Galicia and two lines run from this city to Lemberg, the one crossing the Dniester directly north of the captured city and the other striking west and then north through Stryj to Lemberg. The Russian are rapidly closing in on the big Galician railroad centre both from the east and from the south, while the southern army may be able to cut off the Austrian retreat from Lemberg to Grodek, which point the enemy will fall back upon in making for Przemysl.

Stanislaw is also an excellent base from which to carry on the invasion of Hungary as it places General Letchitsky within striking distance of Halich.

#### MANITOBA WITNESS BECOMES HYSTERICAL

(Special to The Daily News.)

Winnipeg, Aug. 12.—Architect Horwood, following sixty hours of fourteen consecutive days in the Witness box at the trial of Sir Rodmond Roblin and the Manitoba ex-ministers, during which time he admitted committing crimes on instructions received from Roblin, Montague and Coldwell, broke down completely and became hysterical.

#### DANISH WEST INDIES DISPOSAL OPPOSED

(Special to The Daily News.)

Copenhagen, August 12.—The Danish government continues to debate the selling of the Danish West Indies to the United States. Opposition speakers severely criticise the proposed action of the government.

#### Sons of England.

Toronto, Aug. 12.—J. D. Proctor has been elected president of the Supreme Lodge of the Sons of England.

#### 2000 Harvesters.

Vancouver, August 12.—Two thousand men have registered at an employment office to engage in harvesting on the prairies.

#### SALONIKI DRIVE FINAL LINK OF BIG OFFENSIVE

Big Battle in Progress—Roumania Expected to Join—General Sarrail in Command of Allied Armies.

(Special to The Daily News.)

London, August 12.—The Allied forces in the big Saloniki offensive number 800,000, many of whom are Serbians. The big battle now in progress is the beginning of the Allied effort to clear Serbia of the invaders and to bring Roumania into the struggle on the side of the Entente Allies.

General Sarrail, the French leader, is commander-in-chief on the Balkan front. The Saloniki attack is the last link in the combined Allied general offensive on all fronts, and co-incident with it is a new French offensive against the German positions in front of Verdun, where the French have made important gains. In this region, the enemy is fiercely bombarding Chatancourt.

#### MAJOR M'MORDIE HAS BEEN AWARDED D. S. O.

Major S. P. McMordie has been given the D. S. O. for his magnificent work in leading his company in the capturing of what was considered practically a forlorn hope. It will be remembered that, in leading the charge, the gallant major had the misfortune to lose an eye and received ten shrapnel wounds. The commanding officer sent word to Mrs. McMordie, in the simple language of the British soldier, "that Major McMordie had led the charge with great gallantry." That he did something more than this, as our officers are leading charges with great gallantry every day, is evidenced by the fact that the C. O. recommended Major McMordie for the D. S. O. and this great honor has now been conferred.

Prince Rupert has just cause for pride in the fact that two of its citizens now possess this coveted honor. The first was won by Lieut.-Commander Peters, son of Fred, Peters, K. C., and the second by Major McMordie.

In the latest copy of The Brazier, which came to hand last evening, there is further news of our boys and also a photo of Major C. W. Peck, who, along with several other officers from the south, has been mentioned in despatches for distinguished conduct on the field.

It also states that Frank Salter has returned to the trenches and received a warm welcome from the boys. Frank has been promoted sergeant since rejoining the battalion.

In a list of men who have been granted commissions on the battle field for conspicuous service is the name of Sergt. J. Russell.

Balloting on Rainbow completed Total ballots cast forty three Victoria eleven Vancouver sixteen New Westminster two Newcastle two Nanaimo four Prince Rupert one Kaslo two Cowichan one Saanich two Esquimalt two Returning officer would not permit scrutineers to divulge the politics of respective candidates Geo Mabon Scrutineer

The above telegram to The Sun from Mr. George Mabon, opposition scrutineer at the taking of the naval forces' vote on H. M. C. S. Rainbow at Esquimalt, will be read with amazement. "Returning officer would not permit scrutineers to divulge the politics of respective candidates." In a series of editorials in The Sun it has been pointed out that just such a miscarriage was possible under the Act as planned by Mr. Bowser. Under the "Canadian Soldiers on Active Service Act" passed by the Dominion the form of ballot enables the voter to declare whether he votes for the Government or the Opposition. Under the Bowser Act all mention of Government or Opposition is left out although the Provincial Act was copied from that passed by the Dominion. The miscarriage was possible, but that such a flagrant injustice should be committed seemed almost beyond the bounds of probability. The result has more than justified our fears. Sixteen votes are cast for Vancouver candidates by voters permanently on ship-board, and in all probability knowing little or nothing of the nineteen candidates nominated thirty-six hours before. The voter who under the Dominion Act could favor government or opposition as he chose was denied that privilege. He was debarred the absolutely necessary information as to the parties to which the candidates belonged. We have government, opposition, independent, independent Conservative and a Socialist candidate, but which was which remained a sealed book to the voters on the Rainbow. They were permitted merely to scan nineteen names and to "select" as many as the law allows, without the knowledge absolutely indispensable to the expression of their choice. Under the pretense of granting them the franchise, the real franchise, the right of considered choice of candidates, was deliberately denied. A more farcical and outrageous travesty upon the franchise is unknown in the history of Canada. How long will the people of British Columbia tolerate the rascals who have wasted their substance, and are now applying the gag to block all expression of opinion? We are closely approaching—if we have not already reached—a crisis in the affairs of this province when drastic remedies will have to be applied.—Sun.

W. X. Macdonald, the Bowser candidate for Atlin, is in town, after a tour of his constituency. Naturally, he looks forward to having a majority, but, if he is correctly reported in the Journal, he seems to have been forcibly struck by the fact that they have roads in Atlin.

C. Ollis, of the Fort Garry Hotel staff, Winnipeg, accompanied by Mrs. Ollis, left for the south this morning. They were highly delighted with their stay in Prince Rupert.

#### Will the Prohibition Act tend to Lessen the Consumption of Liquor?

CLAUSE 57 OF THE ACT PROVIDES FOR THE UNLIMITED, UNRESTRICTED AND UNCONTROLLED IMPORTATION OF LIQUOR FROM POINTS OUTSIDE THE PROVINCE.

With the above clause in mind, the reader is asked to honestly answer The following questions:

Does not importation of liquor necessarily mean its purchase in quantity?

Does not the importation clause provide for a person placing unlimited orders for liquor without any restriction as to the frequency of the orders?

Is it not human nature for a man to use anything more freely when he has an ample supply on hand?

WILL NOT THE ACT HAVE THE TENDENCY TO ACTUALLY INCREASE THE INDIVIDUAL CONSUMPTION OF LIQUOR BECAUSE OF THE FACT THAT IT MUST BE PURCHASED IN QUANTITY AND KEPT IN THE HOME RATHER THAN PURCHASED BY THE SINGLE GLASS OR BOTTLE?

EVERY ELECTOR SHOULD THOROUGHLY READ THE ACT

Copies of the Act can be secured on application to the Merchants Protective Association, Room 24, Canadian Life Building, Vancouver.

#### GERMAN FLEET SEEN STEAMING FOR NORTH SEA

Kiel Canal Squadron Passed Danish Point—Berlin Claims Air Successes off Coast.

(Special to The Daily News.)

Copenhagen, August 12.—The German Kiel Canal fleet, composed of dreadnoughts, cruisers, destroyers and submarines, is reported to have been seen steaming at full speed through the narrows of the Little Belt, between the Baltic Sea and the Cattegat, evidently making for the North Sea through the Baltic entrance, between Sweden and Denmark.

#### German Casualties.

London, August 12.—The total German casualties since the beginning of the war, according to a table compiled from lists prepared by the enemy, amounts to 3,135,177.

#### Berlin Reports Success.

Berlin, August 12.—Squadrons of German aeroplanes have made successful attacks upon British battleships off the Flemish coast and also on the Russian aviation station on the island of Oesel, off the Gulf of Riga.

#### Turkey Refuses.

Washington, Aug. 12.—Turkey has refused to grant the request of the United States for the appointment of a neutral committee to undertake the relief of Syria, where thousands of native Christians are starving.

#### Somme Front.

London, August 12.—On the Somme front the French have opened a very heavy bombardment on the enemy positions, while the British on this front have made further gains against the second line German trenches.

The French have captured German trenches at Maurepas and a fortified quarry south of Hemwood.

#### BASEBALL

The Colts defeated the C. C.'s last night by 8 runs to 3. The batteries were: Colts, Wally Anderson and Art Manson, and C. C.'s Babe Fortin and Tyrwhitt. Naturally the Club boys are looking around for a reason for this unexpected reverse, and the chief one given is that about half of their regular players did not show up at the park. There is a suspicion, however, that the presence of Art Manson on the Colts' lineup had something to do with the result, while it was stated very significantly this morning that Harvey Fraser was umpire. However, be all these things as they may, the win has done the Colts a lot of good and they are right after the scalps of the Club boys, so there is going to be some lively ball next game.

#### Munitions Deliveries.

Toronto, August 12.—Munition deliveries are running behind the quantity promised on account of the inadequate supply of skilled workers.

#### AUSTRIANS ARE DRIVEN ACROSS VALLONE RIVER

Terrible Enemy Losses When Gorizia was taken—Enemy Fleeing Leaving Material to the Italians.

(Special to The Daily News.)

Rome, August 12.—The four days resistance at Gorizia cost the Austrians seventy thousand men killed and wounded and thirty thousand prisoners. The Italians now occupy the entire Doberdo Plateau and have captured Rubba, San Martina, and Del Carso and have now reached the Vallone River, compelling the Austrians to retire well beyond it.

The number of prisoners and quantities of war material and general accessories taken by the Italians is continually increasing, as the enemy is leaving behind everything cumbersome in his flight.

#### Hindenburg Reduced.

Berne, Aug. 12.—It is reported that Field Marshal Von Hindenburg has been reduced from the command of the armies of the Central Powers on the eastern front and that the command has been given to Archduke Charles of Austria.

#### ROY M'KINNON HAS BEEN KILLED IN ACTION

Word reached town last night that Roy McKinnon, one of the members of St. Andrew's Society who left for overseas service, has been killed in action. Roy is the second of the Scotch boys to make the supreme sacrifice. W. A. Patterson was slightly wounded also but has now quite recovered. Jack Kelly, George Abbott, Bob Davie, Bob Robertson, George Sellars and all the other members of the Scotch contingent are happy and well.

**THAT CARPET**

H. H. Stevens is one of the most adroit platform performers ever billed in Prince Rupert, and as a flag-waving spell-binder he is a wonder. Dealing with facts, however, is not his strong point. He excused the spending of \$2,662.10 of public money, on an auspicious occasion, for "RENT OF CARPET," by stating that this item included furniture, etc. We will give Mr. Stevens the benefit of the doubt, and say that he did not know what he was talking about when he made this statement, and would advise him to turn to page C 322 of the provincial public accounts for the year ending March 31st, 1913, and he will find the following items in connection with that event:—  
Rent of Carpet \$2,662.10  
Furnishings, etc. 10,982.22  
All through the list, when an item included something more than was named, the term "etc." is used, but the \$2,662.10 stands for "rent of carpet" alone, and furnishings etc. come along for over ten thousand dollars.

As we said before, Mr. Stevens may not have been familiar with the figures, but that is all the more reason why there should be no objection taken to the contradicting of a speaker when he makes a statement which is absolutely false. In the past, the people of this province have had to stand for a lot of this "putting over" of faked figures, but that day is gone. This is once more a free country and surely the people are entitled to have ministers and candidates brought to book when they try to get away with false statements.

Mr. Stevens' explanation of J. P. Shaw's drawing down of \$30 per day and his indemnity at the same time was more ingenious than truthful, and it was perfectly right that George Naden should force him to admit that this illegality was got over by the passing of a special act of parliament. The Bowser

machine could pass a special act of parliament making it legal to pay \$15,000 a year (the McBride salary) to Joe Merryfield for his services to the machine, in the guise of "public work." The act would make it legal, but it would never make it right. The people of this province have had more than enough of this legalized illegality, and are now demanding that British Columbia be governed by men who will do what is right, instead of men who will make legal what they know to be palpably wrong.

**NOTES AND COMMENTS**

H. H. Stevens challenged The Daily News to correct its statement to the effect that "over a million dollars had been spent on the University of British Columbia and all that we have is a site." This is the correction:—Over a million dollars of the public money was spent on the University of British Columbia, while all there was to show for it a short time ago was a site and a president. What has been built since the time spoken of by The News is no more a University than our "road round the island" is a thoroughfare.

In taking the vote on H. M. S. Rainbow, the sailors were not told which were Liberal and which were Bowser candidates. There are nineteen candidates in Vancouver and the men knew not what they stood for. The people of this province cannot stand for this one minute longer.

H. H. Stevens virtually called upon the electors of Prince Rupert to vote for Manson, in spite of the fact that he supported Bowser. Stevens naturally still feels a little sore at Bowser over his losing that sand bank in English Bay.

Now that William Manson has seen how much the people here enjoy a real good debate, he may accept T. D. Pattullo's challenge to joint meetings. H. H. Stevens

**GILLETT'S LYE EATS DIRT**

did the fair thing on Thursday night. It is up to William to do likewise.

The local cog in the Bowser machine says that "The News ridicules the idea of the soldiers voting." The Journal knows that in making this statement it is uttering a cold, calculating lie of the real Bowser type.

What the News ridiculed was the hanging up of ballot bags for six weeks, in a flagrant attempt to manipulate the soldiers' vote, thus taking away the franchise from the soldiers by killing the effect of their vote, which is certain to be heavily against Bowserism with all its Prussian evils.

**STRIKING DRAMA AT WESTHOLME THEATRE**

As a rule, the most popular leaders of the screen are of the gentler sex, but Harry D. Carey, in "Just Jim," the four-act drama at the Westholme tonight, captivates and holds an audience just as cleverly as does Mary Pickford or any of the other leading little ladies. "Just Jim" is an intensely human story; a story of a criminal. It is full of thrill and adventure, one scene showing a stage-coach going over a five hundred-foot precipice into a foaming torrent. Another shows the sinking of a schooner after a terrific shelling. It is one of the most fascinating of stories.

There is also a fine society drama, two good comedies and some fine music by P. C. Daugherty and H. A. Harvey.

**PIFATE PICTURE AT MAJESTIC THEATRE**

"To Have and to Hold," the live-act photoplay of the seventeenth century at the Majestic tonight, is a most striking feature. It describes most vividly the adventures of the men who ventured forth at that time to settle the land of Columbus. Scenes of piracy are splendidly produced and every turn of the reel is full of life and action.

The latter part of the play depicts life in Virginia, the scenes being laid in Jamestown, where the types of early pioneers are faithfully portrayed. The work of Mae Murray, one of the beauties of the stage, is splendid and the picture makes one of the most interesting and thrilling stories of the screen.

A Mutual Weekly and a most amusing comedy, along with some first-class music makes up a splendid show.

# SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915.  
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well".

## HONORARY COLONELS GETTING IT ROUGH

London, August 9.—Canadian honorary colonels are not so much in evidence nowadays as they were in the earlier stages of the war, though there are still a number of "officers" adorned in the khaki of Canada whose duties are far from military. These gentlemen are regarded with contempt by all the real soldiers. Truly the sight of a man who has not seen a day's service strolling down the Strand taking salutes from real men-chaps who have done their turn at the front—is sickening to any self-respecting man from Canada.

One of these dolled-up frauds sent out from Ottawa to buy military boot laces or sell apples to the army, was standing in his accustomed corner of a well-known Strand bar-room one morning when two real Canadian soldiers chanced in, so 'tis said.

"Say, X—, what is your commission anyway?" inquired one of the fighters contemptuously, surveying the fakir from the top of his gold-braided, red-banded staff colonel's cap to his spurred boots. "His commission?" snapped a third combatant who heard the question, "why it is ten per cent."

## 2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

## Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising: Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Luvsden Building, Toronto.

# Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.  
MAKE LABOUR EFFICIENT.  
SAVE MATERIALS FROM WASTE.  
SPEND MONEY WISELY.

### LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

### LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

### LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

### LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
