NINETY THOUSAND SHELLS AN HOUR -- HEAVY GERMAN LOSSES AT POZIERES

FIERCEST FIRE FUSILADE EVER ON WEST FRONT

Thirty-Mile Horseshoe of Allied Artillery Drenches German Lines—90,000 Shells An Hour.

(Special to The Daily News.)

French Headquarters, Somme Front, August 18.—On a thirty-mile horseshoe the Anglo-French artillery is keeping up the fiercest fusilade ever experienced in the war. The great crescent of fire extends from Clery and St. Quentin southward to the Peronne region and shells of every calibre are bursting with such a rapidity that it is impossible to count them. The German positions are being drenched with the terrific fire.

Thirty per Second.

German Headquarters, Somme Front, August 18.—The expenditure of ammunition by the Allied artillery on this front is at the rate of thirty shells per second and frequently reaches ninety thousand shells an hour. A conservative estimate gives the rate as exceeding a million shells in twenty-four hours.

Typos Meet.

Baltimore, Aug. 18.—The International Typographical Convention has rejected a proposition to create an office of fourth vice-president, with headquarters at Montreal, to govern the Canadian business of the union. Colorado Springs has been selected as the meeting place for the 1917 convention.

Seattle Pier Bombed.

Seattle, August 18.—King Street pier has been damaged by a bomb explosion. It is believed that this was the work of German agents to interfere with the shipment of supplies to Russia.

Shooting in Seattle.

Seattle, Aug. 18.—Frank Vonderheider, supposed to be a Vancouver hotel owner, shot J. A. Collinson and his wife, killing the former and dangerously injuring the latter.

WELSH "ORDERED OFF" AT BRAMSHOTT CAMP

London, August 18.—"Voting Bramshott Monday - Wednesday fifteen hundred. Welsh ubiquitous. Protested McBride who ordered him absent himself. Polls Shorncliffe vicinity. Voting from ninth to twelfth three days. Hundred votes. Welsh absent circularizing sergeants."

The above despatch has reached The Sun from London. As we had predicted, "Soapy" Welsh made himself particularly active at Bramshott; to use the word of the despatch he was "ubiquitous." A protest against his active interference lodged with Sir Richard McBride, who "ordered him absent himself." The actions of this distinguished ward politician became so outrageous and objectionable that the Agent-General was forced to acknowledge the justice of the protest to the extent of ordering him off the field, which probably means out of bounds.

But "Soapy" Welsh is not easily suppressed. No sooner is he ordered from Bramshott than he is found busy "circularizing sergeants." The phrase no doubt has reference to the distribution of the Bowser literature, some seven tons of which were long ago sent out from Victoria.

We have another cablegram before us from London which affords interesting reading in the light of the above. Over a fortnight ago a list of the Liberal candidates was sent to an agent of the opposition in London with instructions to have it printed and distributed at Bramshott and Shorncliffe. It was feared that the presiding officers might refuse to let the names of the Opposition candidates be known, as was since actually done on board H. M. C. S. Rainbow, where the presiding officer absolutely refused to allow the voters to know who on the lists of candidates were Liberals. The following is the London cable sent in reply: Distribution positively prohibited. Press only chance. Single column Daily Mail and Mirror one hundred pounds. Instruct.

The state of things disclosed by the above cables is interesting in the extreme. While the Liberals are not permitted to even mention to the military camps the names of their candidates, "Soapy" Welsh is permitted to be "ubiquitous," until a protest results in expelling him from one field of activity. But the expulsion only ends in his applying himself busily in another sphere of action, "circularizing sergeants." At the same time the Liberals are "positively prohibited" from even letting the names of their candidates be known.—Sun.

PRINCE RUPERT HAS TWO YOUNG AVIATORS

W. E. Burritt has received a letter from Judge Young, in which he states that C. C. Purdie and Alec Young have both gained their pilot's certificates of the Aero Club of America. Prince Rupert now has two full-fledged aviators and that they will earn fame in this most thrilling branch of the Empire's service will be the hope of every citizen of Prince Rupert.

The boys are now on their way to Esquimalt to join the Royal Flying Corps and they will be met there by Judge Young, who is naturally proud of the fact that two of Prince Rupert's boys have qualified for this service and that one of them is his only son. Their training lasted three and a half months and the final tests were severe, but both boys came through with flying colors.

MRS. C. H. ELKINS WON THE WALTHAM WATCH

Mrs. C. H. Elkins won the Waltham watch offered by Cavenale & Hannan in connection with the introduction of "White Knight" Soap. The watch stopped at 1:52 and Mrs. Elkins' guess was 1:37. James R. Mitchell was second with a guess of 2:9.

POLLING BOOTH IN SIR RICHARD'S OFFICE

A special cable to the Vancouver Province states that a request has been made in the British House of Commons that a statement be published in the form of a White Paper describing the electoral machinery employed in the taking of the British Columbia soldiers' vote.

At the time of cabling, voting was proceeding briskly at Bramshott and Shorncliffe, and a polling booth had been opened at the office of Sir Richard McBride, for the convenience of any soldier voters who might happen to be in London.

The ballot paper is black, except for the names of candidates and small circular spaces opposite the names of the candidates, where the voter records his mark.

SPLENDID WORK BY LITTLE GIRLS

Gracie Carroll, assisted by Alberta Hill, collected \$13.00 last week for the Red Cross Society through the sale of flowers. Mrs. Woodland, on behalf of the society, wishes to thank these little girls for their splendid work. Next week they intend to sell flowers to raise funds for the sending of tobacco to the boys at the front.

REVISED RECRUITING PROGRAM FOR CANADA

(Special to The Daily News.)

Ottawa, Aug. 18.—The revised recruiting program calls for the appointment of a director of recruiting for every military district, under a director-general, possessing similar authority as was given Lord Derby in Britain. The objects are to stimulate recruiting and to prevent the enlistment of men engaged in industries requiring their assistance and to regulate the systems under which the present recruiting agencies are carried on.

FAREWELL BANQUET TO WALTER SCRIMGEOUR

At the Windsor Hotel last evening a farewell banquet was given to Walter Scrimgeour on the occasion of his departure for overseas service in the Railroaders' Battalion. Walter has been a resident of this city for several years and is well known to everyone. His brother, D. B. Scrimgeour, of Vancouver, who is in the city on business, was present. The brothers had not met for nineteen years and the re-union was a pleasant one. Another brother has served with the colors and is now back in Canada recovering from wounds.

Mr. and Mrs. W. H. Wright provided a sumptuous repast, which was followed with speeches complimentary to the departing soldier, who was in the service of the hotel. Fitting replies were made by Mr. Scrimgeour and his brother. Mr. Wright complimented the guest of the evening upon his splendid services to the hotel and assured him of a hearty welcome on his return from the front.

FUTILE GERMAN ATTACKS TAKE TERRIBLE TOLL

Enemy Driven Back Six Times with Terrible Losses—Crater Warfare—Five Hundred Belgians Shot.

(Special to The Daily News.)

London, August 18.—The Germans made six attempts to capture the British trenches north of Pozieres yesterday, but suffered terrible losses and gained nothing, being repulsed on each occasion.

Crater Warfare.

British Headquarters, France, August 18.—Trench fighting on this front is giving place to machine gun warfare. Shell craters are being used as vantage points, several machine guns being located in each crater.

500 Belgians Shot.

The same court martial which condemned Captain Fryatt, of the steamer Brussels, ordered five hundred Belgians to be shot for treason. The execution of the helpless civilians was carried out by the German soldiers.

Venice Raided.

Rome, August 18.—Austrian aviators made a raid upon Venice last night. The damage done was slight and there were no casualties.

Coal Miners Strike.

Shamokin, Pa., August 18.—Thirteen thousand coal miners have gone on strike with the purpose of compelling all non-union employees to join the Miners' Union.

Wheat Accumulating.

Baltimore, August 18.—On account of the accumulation of wheat at this port, owing to the shortage of tonnage, the Baltimore-Ohio Railroad has placed an embargo on all grain cargoes for export shipment.

NO REPRESENTATIVE

The local Bowser organ seeks to cover up the inaction of Hon. William Manson in regard to the government's assuming responsibility for taxes on lots which have reverted, and on which arrears of taxes are due, by throwing the onus on the city councils of past years.

The recent amendment to the act made the change possible, and Point Grey, which, like Prince Rupert, had for years been trying to find a way out of a serious situation, insisted upon the government coming to an arrangement under which arrears of taxes were assumed and taxes up to 1920 guaranteed by the government.

The information regarding the Point Grey deal came to our civic authorities through the medium of the press, and City Solicitor Peters at once took the matter up with the reeve of Point Grey and is now going into the matter direct with Victoria.

Prince Rupert needs a live representative in Victoria, and, in T. D. Pattullo, it will have just the kind of representative

it requires. Even in opposition, Mr. Pattullo could have done more for Prince Rupert than William Manson has been able to accomplish on the side of the government.

NOTES AND COMMENTS

The general opinion amongst the vast majority of people in Vancouver is that not a single Bowser representative will be returned for that city at the general election.

There is no truth in the rumor that William Manson took a gramophone and several records of H. H. Stevens' speeches with him to the Islands and that Joe was to run the show.

Throughout the province there is a demand for a change of government. The province has been short-changed so often that one cannot wonder at the demand.

The real issue in the provincial campaign is the handing over of the province to the railroad magnate and the speculator. The Bowser government admits that it has done both, yet it has the nerve to ask to be returned to power.

The Bowser press is paid to state that Brewster's terms for the extension of the life of parliament were impossible. The only matter on which Bowser and Brewster differed on that occasion was the paying of \$15,000 a year to Sir Richard McBride.

Sir Richard McBride may be worth \$15,000 a year to the Bowser machine but he can never

produce results of that value for the province of British Columbia.

Bowserism says that there must be no freedom of thought amongst the workers of this province, as Mr. Pooley ably exemplified at Esquimalt. Can you dare to support Bowserism?

Bowser thinks it is perfectly fair that he should represent your interests while his firm represents a corporation which is absolutely opposed to your interests. What do you think about it?

TURKISH NEWSPAPERS REPORT BIG VICTORIES

London, August 15.—The people of Turkey are not in the least alarmed over the crushing Russian victories in Bukovina and Galicia and the disastrous failure of Austria's offensive against Italy. The simple explanation is that the good people of the Ottoman Empire know nothing of these things; on the contrary, they are full of enthusiasm over the "glorious victories" of their European allies, and look for an early and victorious end of the war.

Turkish newspapers which have just arrived here, throw an interesting light on the character of the war "news" which is meted out to the Turkish people.

For instance, the Sabah, of Constantinople, publishes a long article on the "desperate plight" of Italy, which concludes as follows:

Italy is in a position from which she cannot escape without disaster. The Austrian armies will be in Milan in a few days, and Rome will be taken within a month. On the other hand the Turkish army, crossing the Suez Canal and occupying Egypt, will soon be masters of the situation in Northern Africa. Then Italian statesmen, full of repentance at the sight of a ruined Italy, will ask pity of their former allies, but it will be too late.

The Tanin, on its part, announces the destruction of the Franco-British fleet in the Mediterranean by German submarines, the capture of Verdun, and the flight of the French government to England.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

**Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

- PRODUCE MORE, SAVE MORE.
- MAKE LABOUR EFFICIENT.
- SAVE MATERIALS FROM WASTE.
- SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

CHARLIE CHAPLIN AT WESTHOLME THEATRE

Charlie Chaplin heads the bill at the Westholme Theatre tonight in "The Vagabond." This is described as the finest Chaplin picture ever filmed. It is full of Charlie's funny stunts while there is quite a touch of romance running through it. The romance is not allowed to interfere with the fun however, and "The Vagabond" is screamingly funny.

There are five other first-class reels and some very fine music by P. C. Daugherty and H. A. Harvey, making a most enjoyable show.

On Saturday, Marie Tempest will be presented in "Mrs. Plum's Pudding." This celebrated London star needs no introduction, and Saturday's show is bound to draw a large audience.

Railroad Strike.

Washington, Aug. 18.—President Wilson has invited the presidents of the principal railways in the United States to visit Washington immediately to discuss the differences between employers and employed.

PROPHECY

The Rossland Miner, a bred in the bone Tory organ, has suddenly qualified for a large and prominent niche in the prophet's hall of fame. Referring to a visit of Premier Bowser and party to Rossland recently the Miner says in prominent headlines: "The home of the minister of mines turns out en masse to greet 'extinguished' personages." It's a little early to refer to the great personages in question as extinguished. But on September 14th they will be blown out by a hurricane of ballots and the day will be a dark one indeed for Bowser and Company and the Bowservative party in British Columbia.—Sun.
