PHIL SMITH RETURNS FROM GROUNDHOG TRIP

Phil Smith, of Vancouver, who was one of "Coolgardie" Smith's party which went through here some time ago, arrived last evening from the interior and left for the south this morning. "Phil," who arrived in Victoria in 1865 from Derbyshire, England, is one of the real old timers of the province. He came to the coast via the Isthmus of Panama and it took just two months in those days to travel from England to Victoria.

"Phil" is no stranger to the bush, but he reckons the trip he just finished was one of the hardest but most enjoyable. The party left Hazelton on August 2nd and travelled by the telegraph cabins to the sixth, where they struck off for the Groundhog country to do some prospecting; big game hunting with an idea of making "movies" as a side line. The party consisted of "Coolgardie" Smith, A. E. Aswell and his nephew, Rube Hull, the well known newspaper man, Phil Smith, John Oderstrom, as guide and movie man, and Philip Wilson, as Indian packer.

Phil speaks in the highest terms of the treatment accorded them by the line-men, especially of their assistance to him when coming out alone on the return trip.

The first "movie" was taken at cabin five, and the genial John Dewar will figure on a screen for the first time in his life. John was delighted to meet visitors from the outside, but when he found they had a movie outfit with them, he was "flabbergasted."

From the sixth cabin they struck in over the old Cassiar trail and made Groundhog Mountain, 190 miles from Hazelton, on August 16th, when they took movies in a heavy snowstorm in mid-summer.

On the way in they met "Groundhog" Jackson and his wife between Cariboo and Burns Creeks, coming down from Telegraph Creek and later encountered Fred Smith, one of the best known trappers in that country. Phil must have discovered a family relationship with Fred for he decided that he would return with the trapper, who was relaying, and the two set off for civilization. Phil has an idea that his friends in the south will declare that he suddenly remembered about the election and that he hustled home to vote.

He says that the Groundhog country is the finest hunting country he ever saw, there being all kinds of big game besides lots of willow, spruce, and dusky blue grouse. When he left for home, the party was going into the sheep country in order to enjoy some good hunting and to endeavor to get some unique wild life pictures. Though Phil is not so young as he once was, he made the last 42 miles into Hazelton in two days, though he admits that he shed a few blankets, fishing tackle and other encumbrances on the way.

Desperate Bowserism

In order to overawe the electors, Bowser supporters are resorting to the ancient game of offering big sums of money on their candidates. In Granby, the officials offered to wager \$1,000 that W. X. McDonald would be elected. The wager was promptly covered by the boys, who are almost to a man enthusiastic supporters of Frank H. Mobley, the Liberal candidate, and much more money was offered by them that Frank would be elected, but, so far, there are no takers. The Bowser bluff was called.

Still More Desperate

British Columbia Forever has been posing as a Scotchman, but his offer of \$100 to \$10 that William Manson will beat T. D. Pattullo by 500 votes proves that he either is far from Scotch or that there is a place in New Westminster for such as he. If the Journal correspondent, who is ineffectively hiding behind a non-de-plume, wishes to do any betting on the terms mentioned, he can only get an acceptance by coming along openly. We have been bombarded this morning with offers of money to cover this most absurd proposition, and as much as \$10,000 could have been raised in five minutes this morning to take care of such foolish bets. However, the very absurdity of the proposition shows its insincerity and it simply shows the dire straits to which the Manson supporters are reduced when they have to resort to this played-out game of offering ridiculous propositions simply in order to try and keep up the courage of their few remaining supporters. The Journal correspondent had better get his think tank oiled up so that he may devise something a little more original. Scotch though he is, the editor of The News would rather sacrifice this opportunity to grab \$100 easy money than lose an opportunity to cast his vote against Bowser and Bowserism.

KISPIX INDIANS GET SIX MONTHS IN JAIL

Two young Kispix Indians, Peter Williams, aged 13, and John Green, aged 20, were brought before Judge Murphy this morning on a charge of breaking into the store of Wm. Holland at Kispix.

Rev. W. E. Collison acted as interpreter, and both pleaded guilty. An uncle of one of the accused testified to their previous good conduct and stated that the deed was committed through thoughtlessness.

Judge Murphy warned accused of the seriousness of the offence and told them that he could send them to the penitentiary for 4 1/2 years. He could not release them upon suspended sentence, nor did he want to send them to the penitentiary, as that would make criminals of them, therefore, he sentenced them to six months in jail. He warned them that if they again committed any offence they would be much more severely dealt with.

"BABE" FORTIN LEFT FOR VERNON TODAY

"Babe" Fortin left for the south this morning en route for Vernon, where he will join the 158th Battalion. There was a large gathering of the boys at the wharf to wish him godspeed. Before leaving, the members of the Catholic Club ball team presented him with a purse of gold as a token of their esteem and appreciation of his efforts as the mainstay of the team during the past three years. The boys expressed the hope that he would help pitch his battalion to victory as he had pitched the ball team to success.

Mr. Fortin is the fourth member of his family to enlist, his father and two brothers already being on active service.

FIERCE BATTLE RAGING ALONG RIVER DANUBE

Heavy Fighting on Seventy-mile Front—Russians Joined by Rumanians—Austrians Retreating.

(Special to The Daily News.)

London, Sept. 9.—There is a fierce battle raging along a seventy-mile front from the Black Sea to the Danube, between the Russo-Rumanian forces and those of the Central Powers.

It is reported that the Kaiser intends to proceed to Bulgaria to decorate the Bulgarian and German commanders who captured the Rumanian fortress of Turturkai.

Austrians Retreat.

Vienna, Sept. 9.—The Austrians have again been compelled to retreat from their positions to the north of Kronstadt, which stronghold was recently taken by the Russians. The Rumanians are pursuing the enemy relentlessly and the Austrians are utterly unable to resist their furious attacks.

NAT GOODWIN AT WESTHOLME THEATRE

Nat. C. Goodwin, the greatest actor of the American stage, is the big attraction at the Westholme tonight, in "Business is Business." It is a picturization of Mirabeau's famous drama and is one of the biggest things ever screened at the Westholme. The story is laid in Paris, southern France and Monte Carlo and is splendidly staged. It tells of the struggles of the poor aristocrat and the matrimonial and other troubles of society people, and is intensely dramatic throughout, ending in tragedy.

"Firing the Butler," an L-K. O. comedy makes up a really fine show.

P. J. Sandvick, buyer for the Gold Storage Company, expects to leave next week on a visit to his old home in Norway.

Mr. H. C. Brewster, M.L.A. Liberal Leader in the Province of B.C., said:

"I am surprised that we are not asked to pass an act that will actually prohibit; that is, that advantage has not been taken of the Dominion legislation giving power to the Province to prohibit the possession of liquor. There are many features of this legislation not in the best interests of our people. As an example I refer to the burden of proof which should not be on the accused, as in this Act, because this is wrong and an **Un-British Principle**"

WILLIAM FAILED

We regret that the local Bowser organ, by accusing us of misrepresentation, has forced us to again refer to the feeble way in which Hon. Wm. Manson has acted as representative of Prince Rupert. The Journal makes no attempt to state wherein was the misrepresentation, but merely states the fact. Perhaps it will be good enough to say which of the following facts are untrue.

Many lots in this city, from which the provincial government drew a huge sum in cash at the original auction, have reverted to the government. There are heavy arrears of taxes on those lots and the city has for years been trying to get the government to assume those taxes.

Hon. William Manson knew, or ought to have known, this.

The municipality of Point Grey was in a similar position and applied to the government for payment of arrears of taxes. The Executive Council assumed responsibility for the arrears and also for taxes up to 1920, after which time it is proposed to auction the lots again.

Hon. William Manson was a member of the Executive Council when the agreement was entered into with Point Grey, in fact, was chairman of the council.

Hon. William Manson, knowing that Prince Rupert was in a similar plight and was receiving no redress, made no effort to get the same arrangement made for this city. He did not even notify the mayor and council that such an agreement had been entered into with Point Grey, and but for the services of the press, the council would still have been in ignorance of the fact. In plain language, Hon. Wm. Manson was so little interested in his own constituency that he made no attempt to secure for it what he had already helped to give Point Grey. The

explanation may be that Point Grey is in the south and that Prince Rupert is in the north and that the majority of the council are from the south, but the fact remains that William did nothing, when he could have done much, even in sending a postcard to the city council.

Will The Journal inform the people of Prince Rupert just exactly wherein there is the slightest word of misrepresentation in this statement of fact?

NOTES AND COMMENTS

Von Hindenburg says that the military situation is favorable. He is an optimist of the stamp of the Bowser politicians who report faithfully that the situation is favorable just to keep the remnant of their supporters from succumbing.

T. D. Pattullo, in urging the Liberal candidate in Prince George to withdraw in favor of John McGinnis, showed that his one desire is to defeat Bowserism. Mr. Pattullo, with the rest of the Liberal candidates, is satisfied that men of the independent character of Mr. McGinnis and Mr. Parker Williams will be a big asset to the province.

It becomes more apparent every day that this election is no ordinary party struggle. The tremendous revulsion of public sentiment against Bowserism has thrown men of every shade of politics into one camp in the meantime. The result should be clean government for this province for the first time for years.

What do you do for a living, asked a man of a resident in the interior recently. "Oh, I'm a member of the Tory executive." This is typical of Bowserism. What does Joe Merryfield do for a living? You all know and you also know who pays the expense. Joe is Bowserism personified.

Bowser has committed political

suicide and all that remains to be done is the holding of the funeral on Thursday. There will be no necessity for a post mortem examination and Bowser does not believe in such things anyhow.

In the Letter Box

Prince Rupert, Sept. 7th.

Mr. Editor:—His Lordship, Bishop Du Vernet, attempts, in various articles published recently, to defend the British Columbia Prohibition Act, and in Wednesday's issue states, "It will close the licensed bars, thereby breaking up the present treating system and it will take the liquor trade out of politics."

In stating it will close the licensed hotels, and in fact all hotels, the Bishop is correct. That it will break up the present treating system is partly correct. That it will take the liquor trade out of politics is an admission that the liquor trade will continue.

act will not close the hotels, but we contend that this act will introduce bottle drinking, and also keg drinking of strong liquors, which is the worst form of drinking. How any man can defend drinking in the homes, in the shacks, in apartment houses, in dwelling houses of every description and in every locality as being preferable to the present system, does not seem sound argument.

If his Lordship and all other Prohibition people want to wipe out the liquor traffic, why did they not demand and insist on getting legislation that would do so, as was within their power.

Read what Mr. Brewster, leader of the Liberal party, said on the floor of the House about this act:

"I am surprised, indeed, that the Prohibition people have not taken advantage of the favorable position they now occupy, and submit an act that will effectually prohibit. There are many features of this legislation, not in the best interests of our people. As an example I refer to the burden of proof which should not be on the accused, as in this act, because this is wrong and an un-British principle."

"I am surprised that we are not asked to pass an act that will actually prohibit; that is, that advantage has not been taken of the Dominion legislation giving power to the province to prohibit the possession of liquor."

Read what Mr. Parker Williams leader of the Socialist party, said on the floor of the House, about this act.

Mr. Parker Williams, member for Newcastle, when discussing the act in committee criticised the measure severely. Speaking from the workingman's standpoint, he declared the act to be class legislation of the rankest type, and said that the bill was not a Prohibition measure in any particular. The words of Mr. Williams, in this connection (in part) were as follows:

"It would look as if this act was intended to remove the temptation of drink from wage earners by indirect methods, and is, therefore, another example of class legislation, the intention being that the workingman will

AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-TIVES" — The Wonderful Fruit Medicine — will Protect You

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the Kidneys and Skin are overworked, in their efforts to rid the blood of this refuse matter.

Poisoning of the blood in this way often causes Indigestion, Loss of Appetite and Disturbed Stomach. It may produce Headaches and Sleeplessness. It may irritate the Kidneys and bring on Pain in the Back, Rheumatism, Gout, and Rheumatic Pains. It is the chief cause of Eczema—and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter.

"Fruit-a-tives" will always cure Auto-intoxication or self-poisoning—as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.

be unable to send outside for his liquor, but the rich man will be able to have all he wants. I am surprised to hear that the Prohibitionists are satisfied with the terms of an act which permits any man to import liquor into the province of British Columbia by wholesale. I am willing to vote for Prohibition that will prohibit, but not for such a lop-sided, jug-handled imitation such as the present bill."

Read what Mr. Thompson, member of Victoria city, and one of the leading Conservatives of the province, said on the floor of the House about this act.

Mr. H. B. Thompson, Conservative member for Victoria, in speaking of the Act called attention to the fact that it was not a government measure in any sense of the term. The government was in no way responsible for the Bill, except for its drafting and preparation for the referendum vote. It was an Act prepared and demanded by certain members of the Prohibition party executive.

"On the other hand here is the 'gold-brick.' There is nothing like prohibition in the bill. It will not diminish the consumption of alcoholic beverages, but will increase the purchase of strong liquor. It will turn the home into a saloon, and the drug store into a liquor shop, where subterfuge, deceit and false pretence will become common and open, in order to obtain liquor. It will take a standing army to enforce it, if indeed, twenty-five thousand extra provincial police could do so. It is un-British in principle; the right to search a man's home

SHOWING AT THE MAJESTIC THEATRE TONIGHT.

without a warrant being re-accusatory and repugnant. The onus of proof on the accused will engender blackmail and espionage."

His Lordship also states: "If after a fair trial some defect in the working of the act is found we can quickly remedy this, once we are free from the tyranny of a powerful monopoly."

Has Premier Bowser, has Mr. Brewster, has Mr. Parker Williams, or any of their followers ever stated that they would extend or limit the B. C. Prohibition Act, if carried? They would have just as much right to do one as the other, therefore, why does Bishop Du Vernet state that if the act is defective (and he honestly knows right now it is) that we can quickly remedy this.

Mr. Editor, there is only one remedy, and that remedy was to have accepted the Doherty Act and included it in this legislation by Act of Parliament, and this for some reason was not done, and Mr. Brewster, Mr. Parker Williams, and Mr. Thompson openly state could have been done if the Prohibition people wished it.

Yours faithfully,
GEO. W. MORROW.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also --- particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

BOWSER MUST GO

STILL UNANSWERED

Until the Bowser party is able to answer the following questions to the satisfaction of the public, there is no hope that their machine men, F. W. Welsh and John L. Sullivan, can escape from public condemnation in connection with the "plugging" at the Vancouver by-election.

Why did not John L. Sullivan have the immigration officers turn back the "pluggers" at the crossing of the boundary line?

How did Fred Welsh know from whom the wireless message came when they were unsigned?

Why did Welsh destroy the letter supposed to have contained incriminating evidence against the Liberals, which he received from Sullivan?

Why did Welsh destroy the two wireless messages which he claimed contained incriminating evidence against the Liberals?

Why did Welsh, under oath, deny all knowledge of the presence of these men, when his landlord, Clark, a staunch Conservative, swore that he personally told Welsh of their presence on two occasions on the morning before the election?

Why did Welsh not notify the police until the afternoon of election day?

Was it a likely thing for Liberals to give "pluggers" over Mr. Welsh's store?

Why did Welsh have the soap contractor add the \$25 to his tender to the school board?

Why did Welsh quit the Vancouver Bowser ticket, or was he compelled to do so?

Why was Welsh sent to London to supervise the taking of the soldiers' vote?
