Gentlemen:-A sweeping victory has been won throughout the province for the cause of good government. In this district my lead is sufficient to give me every confidence that the final result will not change me situation, and must take this early opportunity to thank the electors and the valiant supporters who conducted the campaign.

I wish also at this time to thank the Daily News and its very capable editor, Mr. Turnbull, for the clean, able and aggressive fight made by that paper.

THE PEOPLE WIN

The people of British Columbia have spoken, and in no uncertain voice. Thirty-seven Liberals have been elected to the Legislature and the probability is that the other ten will be Conservative. It is to be sincerely hoped that they will be, as the first essential to strong government is an opposition. It would really have been better had there been a few more members on the opposition benches.

The north is to be congratulated upon its returning three fighting members in T. D. Pattullo, Alex. M. Manson and F. H. Mobley. It is to be regretted that John McInnis has not been elected for Fort George, as he would have been an acquisition to the government in the strenuous business which lies before it. However, the soldiers' vote is still to be counted and there is a big probability that the men at the front will return Mr. McInnis. In taking it for granted that the final results of the election will be pretty much along the lines indicated by the voting in the province, we are not forgetting the fact that many thousands of soldiers' votes have still to be reckoned up, but are quite satisfied that the soldiers will only emphasize the fact that British Columbia must have clean government.

The result cannot be taken as a party triumph, but as a glorious victory for the people of this province. H. C. Brewster and his supporters in the house have been elected by the people to carry on the business of the province for the people. Men of all shades of political opinion have put them there and it is safe to predict that the members of the new government will strive their port is justified.

Depend on us

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity for the sake of our own self-respect—let us give all we can to help our martyred Allies!
