B. C. AWAKENS

Under the caption "The Awakening of British Columbia," the Toronto Globe has the following to say in regard to the result of the recent election in this province:

The great Pacific coast province of British Columbia two days ago awoke from its political lethargy and started on a new career on a higher ethical plane. The McBride-Bowser government, which had administered its affairs for the past thirteen years with the most cynical disregard for political decency, went to its doom and was practically obliterated. It had been sowing the wind for years, and, as usual, it reaped the whirlwind. It has been extinguished as completely as the Roblin government was disposed of in Manitoba, and its members may consider themselves lucky if they escape such an aftermath as followed its overthrow. The movement that visited retribution so effectually on persistent and flagrant wrongdoers was a popular one, and it included discontented Conservatives as well as indignant Liberals; prominent among the former was Sir Hibbert Tupper, who contributed greatly to the satisfactory result of the election.

The Liberal leader, Mr. H. C. Brewster, will have a safe working majority, no matter how the soldiers may have voted, and he will have plenty of good material out of which to form his cabinet. He has been much more of a business man than a professional politician, and that is at present a fortunate thing for a province that has been brought by professional politicians to the the responsible task to which | Captain McGee, M. Much of its Crown domain has been alienated to speculators who are making no industrial SIR SAM HUGHES IS use of land they have been allowed to acquire on a margin. This must be radically changed either by crediting them with the payments they have made and giving them title to as much land as they represent, or in some other way equally effective. What is needed is a numerous population attached to the soil, not a few landholders acting as vampires sucking the life-blood of the community. Te Victoria Times and Vancouver Sun have done much to expose the iniquities of British Columbia's land laws and prepare the way for reform.

The prohibition victory in the referendum vote is of a piece with the great political revolution with which it is contemporaneous. It brings British Columbia into the great war has done much to originate and will yet do more to maintain. The prohibitionist campaign was contributed to by many agencies, among to specify The Vancouver British Columbia into line with with Ontario, and, for all practical purposes, with the Maritime Provinces.

Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks-they have had no chance to raise moreand the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity for the sake of our own self-respect let us give all we can to help our martyred Allies!

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 971, payable as follows:-

10 per cent on application;

" 16th October, 1916; " 15th November, 1916;

" 15th December, 1916. The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cach under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes-including any income tax-imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg. Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

FANNIE WARD AT MAJESTIC THEATRE

Fannie Ward is the Famous Players' star at the Majestic Theatre tonight and tomorrow in the great five-act drama, "For the Defence." In this production, Miss Ward appears as a petite French girl who, coming to America as a stranger, is suddenly thrown into the midst of tragedy. By an accident she becomes the sole witness of a murder, of which a young man, unknown to her until he renders her needed assistance, is accused. This is one of the most dramatic of Lasky productions and depicts Fannie Ward at her best.

There is also an Eclair Animated Weekly of war bulletins from the various fronts, while the music provided by the Majestre orchestra is one of the brightest features of a splendid show.
