PRICE FIVE CENTS

BRITISH PRODUCE A NEW ZEPPELIN CHASER

FURTHER SUCCESSES ON SOMME FRONT -- SERBIANS MAKE IMPORTANT GAIN

BRITISH HAVE INVENTED NEW ZEPPEL CHASER

New Tractor Bi-plane is Last-word Aviation—Russians Move Towards Lemberg—Red Cross Ship Sunk.

(Special to The Daily News.)
London, Oct. 5.—The British have produced a new tractor bi-plane which is powerfully constructed and of such marvellous stability that its movements in the air are practically automatic. The new machine, which is designated the "Zeppelin Chaser," is employed in home defence in England against the raiding airships of the enemy. It is considered the most formidable air machine ever invented.

Lemberg Drive.
After several days of incessant fighting, the Russians have gained the advantage on the eastern front and have made further progress towards Lemberg.

The Berlin report says that the Russians continue their heavy assaults on the Austro-German lines on the eastern front.

Red Cross Ship Sunk.
A British Red Cross steamer has been sunk in the Straits of Dover. No details are yet available as to the extent of the loss of life.

COBALT DISCOVERY CREATING INTEREST

The discovery of cobalt in conjunction with gold on Rocher De Boule mountain is creating deep interest among the experts of the Geological Survey at Ottawa. Cobalt is found in New Ontario in conjunction with silver but the gold combination is very rare. The development of the property, in which W. S. Harris is interested, is being watched closely by geologists.

SHIPPING MERGER

The merging of the interests of the Pacific-Alaska Steamship Co. with those of the Pacific Coast Steamship Company, reported in The Daily News some time ago, is now an accomplished fact. The new company will be known as the Pacific-Alaska Navigation Co. and Mr. Alexander, president of the Pacific-Alaska Steamship Co., better known as the Admiral line, is at the head of the new concern. Nothing is yet known as to the plans of the new company in regard to Prince Rupert.

PAT PHILLIPSON WILL BE MARRIED SHORTLY

Pat Phillipson, the genial Dominion constable, left today for Aiyansh, on the Naas River. It is reported on good authority that, on arrival in the north, Pat will take unto himself a wife and that Miss Florence Roydes, matron of the school at Aiyansh, will very shortly be Mrs. Pat Phillipson.

HUGE TRACT OF SERBIAN SOIL IS RECOVERED

Bulgarians Defeated and Kissali Station Taken—Rumanians Take Four Thousand Prisoners.

(Special to The Daily News.)
Paris, Oct. 5.—The Serbians have defeated the Bulgarians at Nize Hill and have captured the railway station at Kissali. The Entente Allies have recovered approximately two hundred and thirty square kilometres, about two hundred and fifty square miles, which was originally Serbian territory.

Rumanian Success.
Bucharest, Oct. 5.—The Russo-Rumanian army on the Dobrudja front have scored a big success at Amzacea where they captured four thousand prisoners and seven guns.

Berlin Report.
A report from Berlin says that the Rumanians have failed in their attempt to invade Bulgarian territory and have been driven across the Danube. The report states that Prince Leopold's men hit the Slavs hard.

Russian General Wounded.
Petrograd, October 5.—General Khoranov, commanding the Russian army on the Rumanian frontier, has been seriously wounded.

WINDOWS SMASHED BY FLYING ROCK ON THIRD

The staff of the Prince Rupert Importing Company this morning shortly after nine o'clock thought that the Germans had come and that they had started to shower shrapnel on the city. One of the plate glass windows in the front of the store was smashed and a distinctly Scotch atmosphere prevailed in the vicinity. It turned out that the missile was not shrapnel but simply ordinary Prince Rupert rock which had been ejected from a trench in Third Avenue in which a new water main is to be laid. Through lack of care on the part of someone in firing a small shot, chunks of rock flew out across the sidewalk. One entered the window of the Importing Company's store and another found its way into one of the rooms of the house above, occupied by H. E. Ross. Fortunately, no one was hurt, the total casualties being a few bottles of liquor and some broken glass. It is surprising that a chunk of rock as big as a man's head could have crashed into a window full of bottles and do so little damage.

PROHIBITIONISTS WAIT ON QUEBEC PARLIAMENT

(Special to The Daily News.)
Quebec, Oct. 5.—Three hundred delegates who visited the provincial parliament advocating that prohibition be adopted in Quebec were notified that the government's views on this question had undergone no change.

FRESH ADVANCE BY FRENCH NORTH OF SOMME

The accompanying map shows the territory over which the French made their great advance the other day to a depth of two miles along a four-mile front. By taking Bouchavesnes they have crossed well beyond the line from Peronne to Bapaume. They are now five miles from Peronne and are determined to eject the enemy by a flanking movement. While the French are attending to Peronne the British, further north, are making a strong bid for Bapaume.

VENIZELOS SEEKING NO CABINET HONORS

(Special to The Daily News.)
Athens, Oct. 5.—Ex-Premier Venizelos, sounded as to his attitude in the event of Greece going to war with Bulgaria, answered that he wanted no cabinet position but that he would support any ministry which sought to put the Greek armies beside those of the Entente Allies.

CHRISTMAS GIFTS FOR PRINCE RUPERT SOLDIERS

The ladies of the Helping Hands Society are already preparing Christmas gifts for the Prince Rupert boys at the front. This year they will take the form of very handy kit-bags and also supplies of cigarettes and matches. Matches are a very scarce commodity both in France and Belgium as there is a very heavy duty on them. Contributions of money for the purchase of the "smokes" and the matches should be handed to Mrs. Reilly or Mrs. Galland, or left at Orme's drug store before the end of this month, while articles for the kit-bags will be accepted by the same parties.

The following are the Red Cross details in regard to the kit-bags. The bag should be of coarse linen or canvas, about 18 inches by 21, with rings at corners to hang by. Pockets containing comb, brush, tooth-brush and paste. Towels, wash cloth, soap, pair of pyjamas, shirt, socks and soft slippers. Also twelve sheets of paper, envelopes in rubber band, and pencil. Shaving requisites, handkerchiefs and toilet paper.

Footwear for the whole family—Wallace's. 233.

RECRUITING MEETING IN OTTAWA TUESDAY

(Special to The Daily News.)
Ottawa, October 5.—The September enlistments in the Dominion total 6,351, of which number British Columbia has supplied 984. R. F. Green, member for Kootenay district, has been appointed associate Director of National Service to assist Sir Thomas Tait, who was recently appointed Director of National Service. A meeting to discuss the question of recruiting has been called at Ottawa for Tuesday, October 10th.

BRIDGE COLLAPSES WHEN CARS COLLIDE

Cleveland, Oct. 4.—Two trolley cars collided on West Third Street Bridge causing it to collapse, and allowing cars, loaded with crowds at the rush hour, to drop fifty feet below to the tracks of the Baltimore-Ohio Railroad. Eight are dead and sixty injured.

COUNTY COURT

The following cases come before Judge Young in the County Court on Tuesday, October 10th.

Sibbald vs. Fotos.

SERIOUS RIOTING BY LAVAL STUDENTS

(Special to The Daily News.)
Montreal, Oct. 5.—Students of Phillips Square last night and demolished the recruiting tent of the Pioneers Battalion and destroyed their posters. The students returned to St. James Cathedral and then proceeded along St. Catherine Street where they pulled down the trolley poles of the street railway. When the police sought to interfere with the rioters, they were stoned and reserves had to be called out. Several policemen and students were injured and four students were arrested.

BRITAIN REQUIRES MANY MORE RECRUITS

(Special to The Daily News.)
London, Oct. 5.—"More men, and still more men needed," is the statement given out by the board recently appointed to draw a fine comb through the list of exemptions from military service. Many more men are needed both for the firing line and for the making of munitions.

FEARFUL CONDITION OF EXILED ARMENIANS

(Special to The Daily News.)
New York, October 5.—A huge campaign for the relief of the Armenians and Syrians is being launched in the United States. Pamphlets explaining the terrible situation amongst the Armenians are being sent to all the churches and relief organizations throughout the country and it is hoped that a sum of five millions will be forthcoming.

There are one million starving Armenians and Syrians scattered throughout Turkey, Syria, Persia and Palestine and their condition is fearful. Many have been forced to subsist on grass, herbs, locusts, dead animals and in desperate cases have been known to eat dead human bodies. The Turks have carried out wholesale massacres and in some cases have lined up men so that one bullet would kill several in order to save the supply of ammunition.

NOTICE

The annual general meeting of the Prince Rupert Branch, Canadian Red Cross Society, will be held in the Court House, Friday, October 6th, at 8 p. m. The annual report will be read, and the election of the executive committee for ensuing year will take place.

It is urged that every member be present and as many new ones as possible. Memberships can be had from Mrs. Woodland on payment of annual dues of \$2.
J. B. ROERIG, Secretary.

NEW WELLINGTON COAL, phone 116. We have just received a shipment of 500 tons Lump Coal. We are prepared to put in your winter's coal for you.

BRITISH MAKE FURTHER GAIN ON WEST FRONT

Strongly Fortified Position is Taken After Desperate Fighting—Germans Lack Munitions.

(Special to The Daily News.)
London, October 5.—After a desperate battle extending over three days, in which ground was gained yard by yard, the British are now in complete possession of Eaucourt L'Abbaye and have also captured a strongly fortified line of German defences and three hundred prisoners.

The official returns show that the Allies have taken 27,000 prisoners on this front since July 1st and have engaged in battle thirty-eight German army divisions, compelling twenty-nine of these, approximately three hundred and fifty thousand men, to withdraw from the fray, exhausted or broken.

German Troubles.
According to a document received from a German prisoner, taken on the Somme, Germany is suffering from a serious shortage of munitions, ammunition and aeroplanes but that there is still plenty of food.

SOLDIERS' RIBBONS

As many of our Canadian soldiers have been decorated with honors on the field of battle, it is interesting to note the coloring of the medal ribbons as, except on special occasions, the ribbon only will be worn. First comes the Victoria Cross, which is coveted by every soldier who wears the King's uniform. Its ribbon is red, the badge of courage, proclaiming silently but eloquently that the wearer has, by immortal heroism and devotion, earned the right to wear the bronze cross.

A red ribbon with dark blue edgings denotes that the wearer has gained the D. S. O. This is awarded only to officers of commissioned rank, as is also the Military Cross, the ribbon of which is blue with a white centre, the blue, white and blue stripes being of the same width. A red ribbon with a black centre is that of the Distinguished Conduct Medal, which is awarded to non-commissioned officers and men. In addition to these there will be medals struck for the present war, probably carrying clasps for the various big battles and probably ribbons of different colors according to the stages of the campaign through which the wearer has passed.

Snappy fall models in men's shoes—Wallace's. 133.

DAILY EDITION  Thursday, October 5, 1916.

AMBULANCE WORK

Shortly after the outbreak of war a branch of St. John Ambulance Association was formed in the city and many ladies and gentlemen took advantage of the classes and graduated in first aid work. Now that the first rush of war excitement is over, there is lessening of interest in this splendid work, which is regrettable. Ambulance work is not necessarily connected with warfare, though its greatest use at the present is in that sphere. A knowledge of how to render first aid to anyone who has sustained injury is something of the greatest value and well worth acquiring, and has on many occasions been the means of saving life.

The doctors in this city have ever been ready to devote a portion of their valuable time to delivering lectures and giving demonstrations before the ambulance class, and, as doctors are becoming fewer in our midst, that time is becoming more valuable. At the last session of the ambulance class the attendance dwindled away so that it was really a waste of time for the doctor to devote so many hours to lecturing to so few people, and the probability is that there will be some difficulty in getting a lecturer for the ensuing session. The one inducement for a doctor to give of his time and energy to this splendid work will be a class sufficiently large and sufficiently interested to carry through the course. The association meets on Friday evening first at 5 o'clock, in the Board of Trade rooms, to elect officers and make plans for the winter session, and it will be a splendid thing if there is a large attendance, not only

of members, but of many who have not yet taken an interest in this very essential work.

In every walk of life there is the possibility of a sudden demand for first aid. Out hunting or boating, an accident may happen at any moment with a doctor many miles away and a life may be at stake. First aid will stop the bleeding from a wound; fix up a broken limb comfortably so that the patient may be removed to a hospital with the minimum amount of pain, and in many ways prove of the first importance in an emergency. If the public come to realize the great privilege which is extended to them in having an opportunity to take up this work, there will be a large attendance on Friday evening.

NOTES AND COMMENTS

The Rumanians, by rushing a pontoon bridge across the Danube near Silistria, slipped one over on Von Mackenzen. The Germans take credit for burning the bridge after the army had got across, but that will probably not worry the Rumanians as they won't want to come back that way soon.

The Spanish and American ministers in Brussels seem to have checked Von Bissing's steady reign of execution of helpless Belgians for minor offences. The German governor has done his utmost to strike terror into the civilian population of the Belgian capital since he was placed in power. As a lieutenant in the war of 1871 the same gentleman earned an unsavory reputation.

Even though the Berlin reports are very unreliable, it would appear that the Russians have suffered a rather severe check in

their drive on Lutsk. However, every Berlin report of success lately has been followed by a greater and more important Allied success in the same region and this may be no exception.

In C. T. Partington and Alick Stowell, Prince Rupert has given two more of her finest sons in the cause of liberty. The hardest part is played by the loved ones who remain at home and bear all the anxieties of waiting and watching for the casualty lists, while they experience none of the counter-acting excitement of the fray, which keeps the soldier from thinking for a moment that he is facing death.

Vancouver is able to boast of several daring young aviators who have gained the Military Cross for their exploits. Prince Rupert may some day soon be just as proud of the same distinction.

NATIONAL FISH DAY

Tuesday, October 31, has been set aside as the National Fish Day throughout Canada. It is hoped that this movement will be effective in increasing the use of fish as a food throughout the Dominion and that in time every day will become "fish day" in that this most nutritious and cheap food will be used at least once every day.

The annual Thanksgiving supper will be held on Monday evening, October 9th, from 6 to 8 o'clock in the basement of the Methodist Church. Tickets 50 cents, children 25 cents.

Crockery—open-stock, dinnerware patterns—Wallace's.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

The Grand Trunk Pacific Railway Company hereby gives notice that it has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert at Prince Rupert, a description of the site and plans of warehouse proposed to be built in Prince Rupert Harbor at Prince Rupert, British Columbia, in front of waterfront block "G", according to registered plan of the town-site of the said city of Prince Rupert deposited in the aforesaid Land Registry Office as No. 923.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of said site and plans, and for leave to construct the said warehouse.

Dated at Winnipeg, Manitoba, this 25th day of May A. D. 1916.
 THE GRAND TRUNK PACIFIC RAILWAY COMPANY.
 H. H. HANSARD, Solicitor.

MINERAL ACT

Notice to Delinquent Partners.

To G. W. Maxwell and Charles Nicholson. TAKE NOTICE that whereas I have done and caused to be done assessment work on the Wolf Mineral claim, situated at the head of Alice Arm, Observatory Inlet, in the Skeena mining division of Skeena district, assessment work for the years 1913, 1914, and 1915, and have paid for said work and recording same, the sum of \$307.50. Unless you pay me the sum of \$231.50, for your share of the said assessment work, together with the cost of this advertisement, I shall, at the expiration of ninety (90) days from the date hereof apply to the mining recorder at Prince Rupert, B. C., to have your interests in the Wolf mineral claim vested in me, in pursuance of the provisions of the mineral act.

Dated at Prince Rupert, B. C., this 19th day of February, 1916.

DARING HELEN HOLMES AT MAJESTIC THEATRE

The Majestic Theatre was packed last night when a fine variety of pictures was screened. Helen Holmes, in "The Fight at Signal Station," was probably the big attraction, though the other items were first-class. The Signal station fight is some scrap and Miss Holmes brings off another of those daring feats which have made her famous. On this occasion she jumps from the arm of a telegraph pole on to the top of a moving freight train. Another thrilling moment is when Seagrue, the villain, leaps from his horse on to the cab of an engine while it spins along. "Almost a Widow" is an extremely amusing comedy in which a mouse plays an important part. The Mutual Weekly is newsy and interesting. In the railroad feature Ed Stillwell is wonderfully successful in producing "effects," even to the tick-tick of the telegraph instrument.

CROWN PRINCE IS BLAMED FOR WAR

The Echo Belge, which, since the occupation of Belgium, has been published in Holland instead of in Brussels, records an interview with a Hollander, the member of the staff of one of the boats plying up and down the Rhine, all of which are now staffed by Hollanders, as the German members of the crew have been recalled for some form of war service. As having unique opportunities for observation, he was asked to describe the state of mind of the German people, and he remarks:—

"In general, astounding; yes, I must say, admirable! Why aren't such energy and such a spirit of sacrifice put to the use of a better cause?"

An astonishing discretion prevails everywhere. Warning placards are all around one. If soldiers are speaking together, they grow silent at the approach of a civilian.

"People reckon that the war is the doing of the militarist party and its chief, the Crown Prince. They never talk of him, and their silence is significant. Only once, when my attention was elsewhere, I thought I heard something whispered about 'the big empty-head.' That is the current nickname for the Crown Prince, 'der dicke eitel Kopf.' The Emperor

LIEUTENANT GUYNEMER, the most daring of French aviators, who brought down three German aeroplanes in two and a half minutes the other day and then dropped ten thousand feet to earth and alighted unhurt. He is known throughout France as the "Fokker-Killer."

is still as popular as ever. His portrait is everywhere. People have no grudge against him. He is pitied rather for allowing himself to be dragged by his entourage into this dreadful war. But the wine is drawn, and must be drunk. It concerns the safety and the welfare of the Empire." —Exchange.

SIR SAM HUGHES NOT GOING TO THE FRONT

The London Daily Mail says that there is no danger of Sir Sam Hughes going to the front as he now realizes that conditions there have changed since the early days of the war.

The Mail goes on to say, "Early in the war, certain political soldiers received unwise commands, but as the sanguinary nature of the struggle developed, it became obvious that the front is no place for politicians, however eloquent, active or astute."

"We agree with our Canadian contemporaries that political appointments might bring about disaster of the first magnitude to the Canadian army," says the Mail. It also says that Sam is doing good work in keeping Canada in the limelight.

Coughing scatters germs — Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.

Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.

The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is especially due to its great value as a permanent lung and bronchial healer.

Sold everywhere, 35c large bottles.

Sherbrooke, P. Q.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

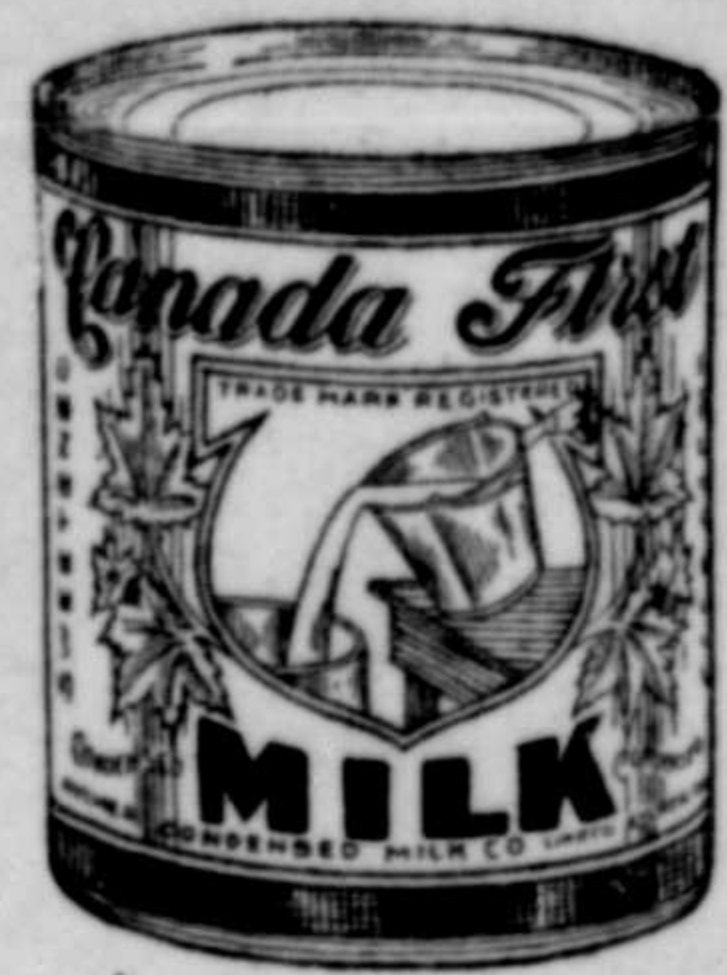

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

Geo. L. Clayton, - Prince Rupert, B.C.

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker? On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm? Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast. This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:
Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Box 1555
Helgerson Block Prince Rupert, B. C.

REMARKABLE DRAMA AT THE WESTHOLME THEATRE

"Her Bitter Cup," the five-act drama at the Westholme, is a remarkable story of the struggles of a dare-devil girl of the slums to provide food and shelter for her starving neighbors. She sticks at nothing to attain her ends, even to selling herself in order that the poor may have enough to eat. The leading role is played by Cleo Madison, who, with Kathleen Kerrigan, wrote the play. As a frame-work on which to display some remarkably clever acting it is a success, but it is difficult to see just what moral those two clever young ladies sought to point in the tale. It might be described as a non-moral story. The staging is superb and better acting has not been screened here. There is a fine Universal Weekly and a Nestor comedy besides.

"Invictus" shoes for men who value style and quality—Wallace's. 233.

George W. Nickerson, who has been making Winnipeg his business headquarters for some time, is expected back in Prince Rupert one of these days.

Ben Self is having the store in the Helgerson Block, formerly occupied by Williams & McMeekin, fitted up as a pool room. It will be opened shortly.

All certified shipmasters and officers are invited to the meeting of the Shipmasters and Officers Association at 8 p. m. on Friday first. Important business to be discussed.

John Barnsley, manager for the Union Steamship Company here, has returned from a visit to Victoria and Vancouver. Mr. Barnsley reports that things are picking up in the south, particularly in Vancouver.

Yesterday, Charles Tikkas, of Ocean Falls, student at Captain McGee's Nautical Academy, was successful in passing his examination for a master's certificate. To date, Captain McGee has not had a single failure.

H. S. Sifton, R. Uehlein, R. W. Earle and E. A. Vincilette, of San Francisco, arrived in town this forenoon on the City of Seattle from the north. They have been big game hunting up the Stikine River since August and have a fine collection of heads with them. Mrs. Earle accompanied the party.

HALIBUT RECORD

The schooner Venus brought in 16,000 pounds of halibut this morning and the Stranger 12,000. They sold to the Booth Company at 10 1/2 cents, a record price for this port. The Corona, with 22,000, sold to the Atlin Company at the same figure and the Aurora, with 2,000, sold to the Cold Storage Company at 10 1/2.

RED CROSS SOCIETY CHANGES QUARTERS

The above headline has nothing to do with nickels and dimes but is simply a notice that the Red Cross sales will now be conducted in the Hart Block, near the Bank of Montreal. Friday's sale will be conducted by Mrs. Besner and Mrs. Morrissey and ladies are again reminded that large quantities of home cooking can be disposed of. There is heavy fighting on the Somme and this means more casualties and a greater demand for Red Cross supplies.
