NICHOLAS WILL LEAD ON DOBRUDJA FRONT

GREAT DRIVE FOR CONSTANTINOPLE STARTING — HON. COLONELS DISROBED

NICHOLAS WILL LEAD CAMPAIGN INTO BULGARIA

Grand Duke to Command Russo-Rumanian Armies—Berlin Alarmed—Allies Cross Struma River.

(Special to The Daily News.)

London, Oct. 7.—The Grand Duke Nicholas, who has been in command of the Russian campaign in Turkish Armenia since he relinquished the command on the eastern front, has departed for the Dobrudja region to take command of the Russo-Rumanian armies which are driving through Bulgaria in the direction of the railroad between Vienna and Constantinople, with a view to cutting off all communication between the Central Powers and the Turkish capital and ultimately taking possession of the city at the head of the Bosphorus. The news is creating alarm in Berlin.

Allies Take Nevoljen.
Paris, October 7.—The Entente armies have crossed the Struma River and their artillery fiercely bombarded the town of Nevoljen, compelling the Bulgarians to evacuate the town. The Allies now occupy the position vacated by the enemy and are consolidating the territory captured.

WORLD'S SERIES

(Special to The Daily News.)

Boston, Oct. 7.—All indications point to a battle of left-handed pitchers in the first game of the world's series at Boston today. It is settled that Manager Robinson will send Rube Macquard to the mound for Brooklyn, while Manager Carrigan will rely on Dutch Leonard to uphold the honor of the champions of the American League.

The betting last night was 10 to 7 in favor of Boston, with very little Brooklyn money in sight. The supporters of Boston are far from predicting a walk-over and expect a good battle.

Later.

Boston leading at the end of the eighth inning 4-2. The batteries are, Boston, Shore and Cady; Brooklyn Marquard and Meyer.

John J. McNiven, of the Inland Revenue Department, left for Victoria this morning.

REGISTER NOW

Property holders only are on the municipal voters' list permanently. All who hold trade licenses must register this month at the city hall, if they wish to vote in the municipal elections in January. If you are not a property holder nor a holder of a trade license, you must pay your road tax and apply to have your name placed on the list. Do it now.

BRUSILOFF IS HAMMERING ON LEMBERG LINE

Incessant Blows Struck During Last Twenty-four Hours—Rumanians in Grim Struggle.

(Special to The Daily News.)

Petrograd, October 7.—General Brusiloff is continuing his series of terrific assaults against the Austro-Germans on the Galician front, incessant blows having been struck during the past twenty-four hours against the approaches to Lemberg. Important positions have been captured and five hundred prisoners taken.

Mackenzen's Effort.

London, Oct. 7.—The Prussians Bulgarians and Turks, under General Von Mackenzen, are endeavoring to crush Rumania and to prevent the Rumanians, Russians and Serbians from prosecuting their advance on the Turkish capital.

In Transylvania.

Bucharest, October 7.—The Austrian, Hungarian and German forces have defeated the Rumanians on a fifty-mile front in Transylvania, compelling the Rumanians to withdraw from the positions they captured recently.

FREDERICK ADAMS KILLED IN ACTION

Constable William Adams received a telegram from the officer in charge of records at Ottawa containing the sad news that his brother Fred was killed in action on September 28th. Fred came out to this country with his brother about eighteen years ago, locating in the Kootenays, and coming to Prince Rupert in the early days. Mr. Adams had received no word from his brother for several weeks and just last night remarked that he was afraid that all was not well. Fred was 35 years of age and while in Prince Rupert was a highly respected and popular member of the Sons of England. The deepest sympathy of the whole community will go out to Mr. and Mrs. Adams in the loss of an only brother.

CHURCH OF ENGLAND NOTES

There will be special Thanksgiving services in St. Andrew's Church tomorrow at the usual hours. The church has been specially decorated under the direction of Mrs. Jennings. There will be special music.

The Sunday School children will attend the morning service and will not meet in the afternoon.

St. Peter's Sunday School will meet at 2:30 p. m. and a regular service will be held at 3 p. m.

On Monday, October 9th, being National Thanksgiving Day, there will be held in St. Andrew's at 8 a. m. a service at which the Sacrament of the Lord's Supper will be administered.

RUMANIANS CONTINUE TO ADVANCE IN TRANSYLVANIA

The Rumanians have made further progress and are now 75 miles west of the Rumanian border into Transylvania. The expulsion of the enemy from the lower shaded portion seems imminent and the latest reports state that the Austro-German forces are fleeing before the Rumanian forces.

ANNUAL MEETING OF RED CROSS SOCIETY

The annual meeting of the Red Cross Society was last evening in the Court house, Judge Young, the president, in the chair. The president read the report drawn up by J. B. Roerig, the secretary, in which an outline of the year's work was fully and clearly given and thanks extended to the public for their hearty support, without which nothing could have been accomplished. The press was thanked for its services to the cause.

Mrs. Woodland then read a financial statement, which set out very fully the amounts raised in the various districts and at the different sales, etc., in the city. It was accompanied by the report of the auditor, Mr. C. L. Munroe.

Mrs. Kergin, as superintendent of supplies, read a detailed report of the activities of and results achieved by her department. Further reference to those reports will be made in more detailed fashion later. The reports showed that about \$10,000 had been raised here for this worthy cause.

After reading the executive report, the president said that the ladies of this city had done a marvellous work during the past year and the results had exceeded the expectations of the most sanguine. "As we each day take up the newspapers and notice the lists of casualties growing larger and larger, we must realize that there must be no falling off, but that our efforts should be redoubled, and I am quite sure that during the coming year they will be," said Judge Young.

Mrs. R. L. McIntosh reported for the Prisoners of War Committee, making special reference to the services of the press in connection with this branch of the work.

The following officers were elected for the ensuing year:—President, Judge Young; Vice-President, Mrs. R. L. McIntosh;

BOARD OF TRADE AND THE LABOR SHORTAGE

The Board of Trade met last evening, L. M. de Gex being called to the chair in the absence of G. A. Woodland. G. W. Nickerson, the president, sent in his resignation, as he found that he would not be back in the city for a considerable time. It was left over until the end of the year.

A report was received from the legislative committee in regard to the alleged labor shortage. Letters were brought down from the various mining companies in the district stating that there is a shortage in several lines of labor and each company favored the raising of the embargo on foreign labor. The committee recommended that the embargo be lifted.

George R. Naden moved that the report be referred back to the committee for further consultation with the Trades and Labor Council, which body would be able to present the other side of the question. This was seconded by O. H. Nelson and carried unanimously.

Secretary, Mr. J. B. Roerig; Treasurer, Mrs. G. A. Woodland; Superintendents of Supplies, Mrs. Kergin and Mrs. Dawson; Executive, Mesdames Morrissey, Besner, Dawson, W. T. Kergin, J. H. McLeod, Morrow, Lipssett, Galland, Oakley, Peck, Jennings, Conway, J. Smith, Arnold, Steen, Rix, Sinnott, Reilly, R. H. Shockley, T. H. Johnson, Humble, McColl, J. H. Thompson and Jenns.

Votes of thanks were tendered the auditor, Mr. Munroe, and all the office-bearers for the past year. The meeting closed with the singing of the National Anthem.

NEW WELLINGTON COAL,

phone 116. We have just received a shipment of 500 tons Lump Coal. We are prepared to put in your winter's coal for you.

HUN SUBMARINE CAMPAIGN NOW HANGING FIRE

Chancellor and Opponents Fail to Agree—More Steamers Sunk.—Honorary Colonels Disrobed.

(Special to The Daily News.)

Berlin, October 7.—There is small chance of the submarine campaign being resumed on a large scale as the differences between Chancellor Von Bethmann-Hollweg and his opponents are still unsettled and apparently nothing can be accomplished as no good has resulted from the conferences held since the Chancellor made his speech in the Reichstag.

Steamers Sunk.

London, Oct. 7.—The British steamer Isle of Hastings, the Greek vessel Samos and the Norwegian ship Cedric have been sunk by enemy submarines.

Somme Front.

London, Oct. 7.—There is a lessening of activity on the Somme front but British raiding parties have successfully entered several German trenches.

Toy Colonels Slammed.

Canadian army honorary colonels have been forbidden to wear their uniforms in England.

ENJOYABLE SOCIAL

A thoroughly enjoyable book social was held in the Presbyterian Church last evening. Rev. Dr. Grant delivered a short address, after which Miss Marguerite Morgan gave a recitation; Miss Marguerite Kilpatrick rendered a pianoforte solo and Mr. Morris gave a vocal selection. Mrs. McMillan won the prize in the book-naming competition and Master Archie Grant for the most original title suggestion. There was a large attendance and all had a good time.

HALIBUT ARRIVALS

There were several heavy halibut fares overnight. The Tom & Al had 65,000; the Constance 55,000; the Liberty, 45,000; the Pioneer, 40,000, and the Advance 15,000. No sales had taken place at noon but prices are likely to be lower. The Andrew Kelly, of the Cold Storage Co., brought in 80,000 pounds.

The first show at the Majestic tonight is at 6:30 sharp. Be there on time if you want a seat.

GERMANS SEND AMBASSADOR ON PEACE MISSION

Gerard Bound for Washington to Ask Wilson to Intercede with the Allies—New Loan Scheme Here.

(Special to The Daily News.)

New York, October 7.—A well known gentleman in high financial circles said today that Germany had asked Ambassador Gerard to present a letter to President Wilson asking him to use his influence in bringing about peace.

The Evening Post publishes a statement, which is secured from a trustworthy source, that the Ambassador is returning to Washington as the personal bearer of the letter and will have an audience with President Wilson immediately on his arrival.

Savings Loan Scheme.

Ottawa, Oct. 7.—The Minister of Finance contemplates inaugurating a plan whereby every chartered bank in Canada, including the post office, may accumulate savings from one dollar upwards into a special war account until a certain amount is reached, when depositors will have the privilege of purchasing war saving certificates which will be attractive as short term investment securities. The scheme has been in force in Great Britain for some time and is found to be very popular and productive of splendid results.

COLLISION IN FOG

(Special to The Daily News.)

Norfolk, Oct. 7.—The City of Norfolk, bound for Baltimore loaded with passengers, during a fog collided with the British freighter Hawkhead which was anchored in Hampton Roads. The Norfolk returned to her pier in a seriously damaged condition. No casualties are reported.

MINING BOOM

From the report presented at the statutory meeting of the New Hazelton Gold-Cobalt Mines Limited, it is apparent that Hazelton is shortly to become still more famous as a mining district. It is gratifying to note that the majority of the directors of the company are Canadians, or can at least claim a long connection with Canada. Mr. Alfred Shaw, who presided at the meeting, is one of Vancouver's best known business men; Mr. A. Erskine Smith, better known as "Coolgardie" Smith, though born in Australia, has been actively engaged in mining and other lines of business in British Columbia for years and is known to practically every mining man in the province; Mr. George E. Trorey has for years been general manager for Birks Limited, in Vancouver, and is one of Vancouver's most highly respected business men, while Mr. Nicol Thompson is representative in Vancouver for Cammell, Laird & Company, one of the largest steel and shipbuilding companies in the world, with big works in Sheffield, Birkenhead and on the Clyde.

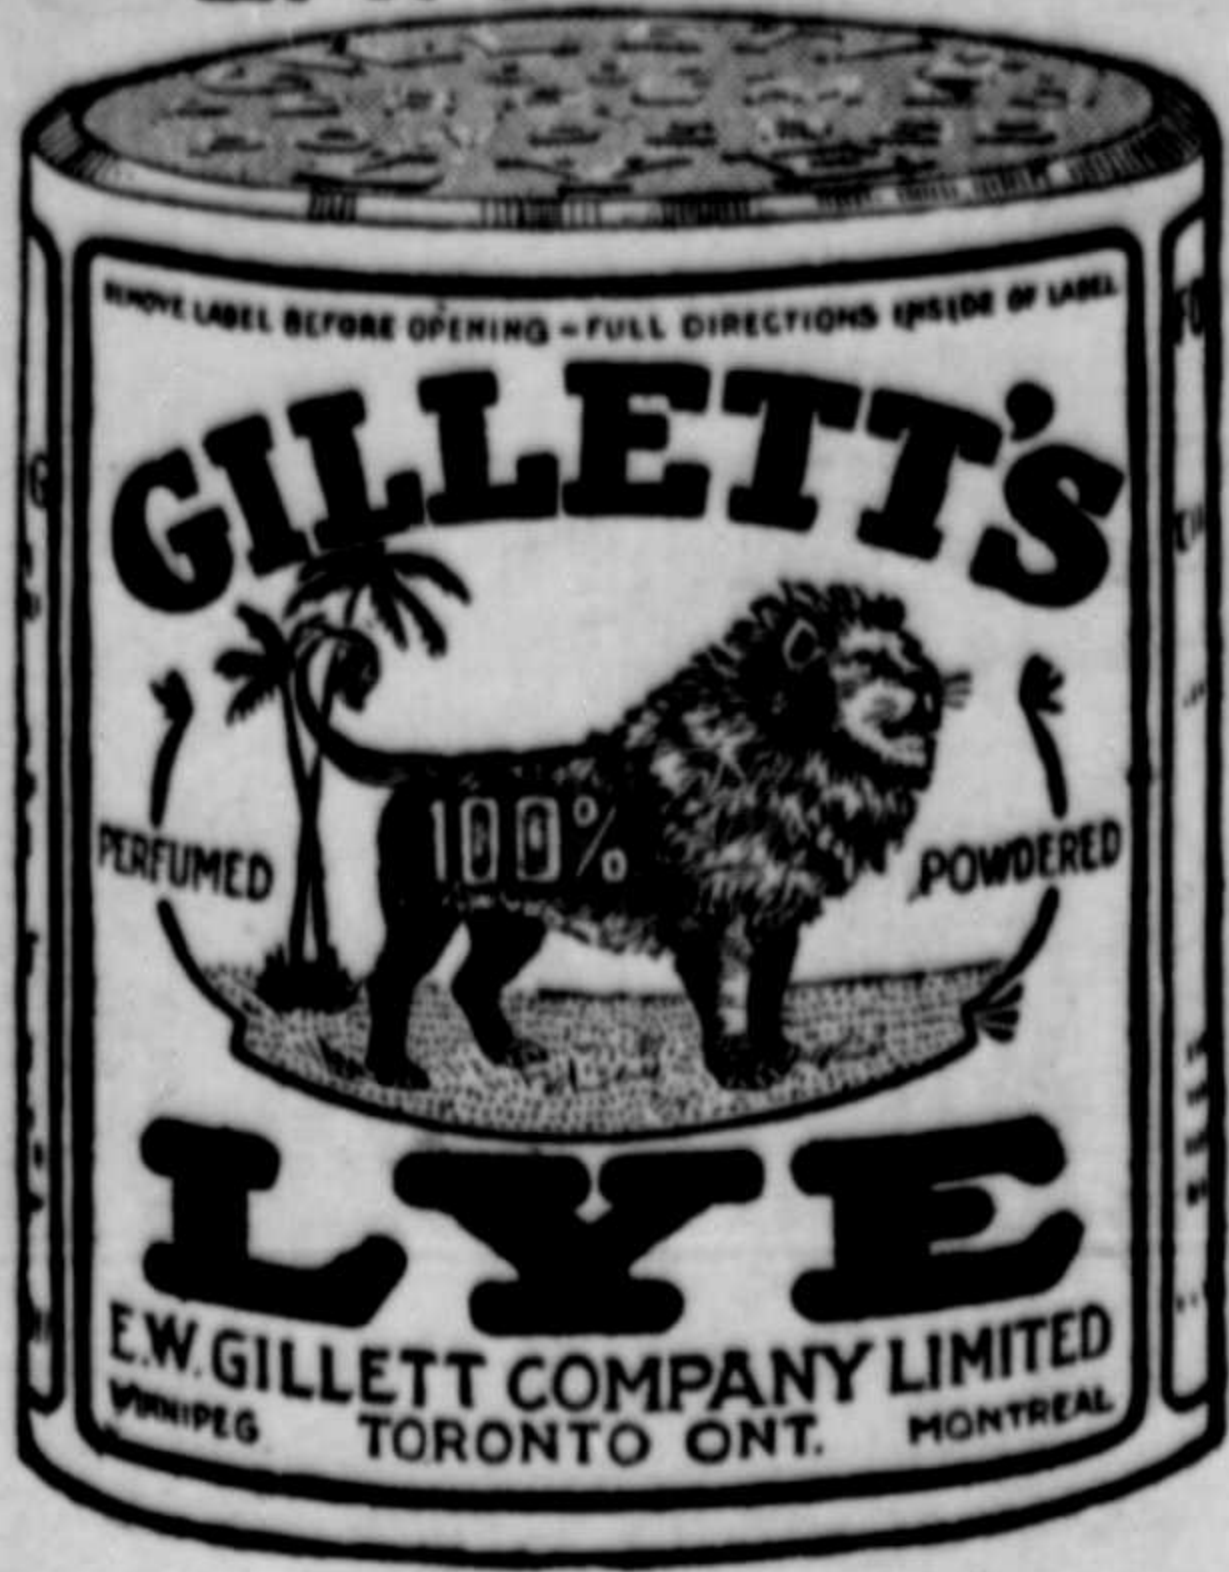

"Coolgardie" Smith, while here recently, predicted that there would very shortly be a mining boom in the north, in fact, went so far as to say that it had now begun. If it has, it is a boom of the right kind. Mining engineers of wide experience are visiting this district making examinations of the various deposits, and samples of ore are being thoroughly tested and the possibilities weighed from a purely business standpoint. The boom which the north is undoubtedly experiencing has no resemblance

to the rush to the Klondyke or the penetrating of the Cariboo in search of placer in the sixties.

Mining today is a serious business from which much of the glitter and romance have been eliminated. It is now being conducted along scientific business lines just as milling and manufacturing are. It is true that the prospector still sets out every morning in the firm belief that he will strike it rich, and he still has his moments of wild excitement, but in this region he does not find nuggets weighing several ounces and he does not make a fortune in a few days and then proceed to the city to have a good time. The modern prospector is looking for what his predecessor passed over as worthless. He is looking for combinations of minerals from which large corporations, with up-to-date machinery may extract fat dividends when their mining and milling are carried on with mathematical precision.

In this scientific form of mining, where does the prospector come in, in sharing the profits? He is the man who first brings to the world the valuable information that certain deposits exist at a given place. It is he who makes the big development possible. He is rarely a business man. He is proverbially hard up. The welfare of the prospector is one of the big questions to be faced in this province, as he is one of its greatest assets. Some plan should be devised by the government to encourage the prospector in his search for the wealth of the hills, while it might be possible to make it compulsory that the discoverer of a property be

GILLETT'S LYE EATS DIRT

given a certain percentage of stock in the company which is formed to carry out the development work. Such a scheme would naturally have its difficulties, but the outstanding fact is that the prospector should be assisted by the government, and it may be safely left to the authorities to decide what form that assistance should take.

NOTES AND COMMENTS

The Italian cavalry have taken a town called Georgueatis Ekiskopi. It must have taken some courage to tackle a place with a name like that. It reminds one of some of the Russian names which Mark Twain once described as being so long that they had a perspective.

So Sir Sam Hughes has returned and calls himself a Lieutenant-General. This is not a patch on what some of the newspapers have called him in the past two years.

Ottawa is calling for five thousand seamen for service under the Admiralty. So we are to have some kind of a navy after all.

The story of Flight Lieutenant Clement's adventures puts the stories of a gentleman called Jules Verne entirely in the shade.

Greece has gone broke now and refuses to pay her bills. Constantine must be paying the way to make a gentle "touch."

If Berlin continues to shatter the Rumanian army as it is doing there won't be any Rumanians left by Christmas.

Grand Duke Nicholas has a habit of lying low for a few months and then suddenly turning on the Turks and rending them. The Turks must keep wondering where he is going to break out next.

NAVIGABLE WATERS PROTECTION ACT. R. S. C. Chapter 115. The Grand Trunk Pacific Railway Company hereby gives notice that it has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert at Prince Rupert, a description of the site and plans of warehouse proposed to be built in Prince Rupert Harbor at Prince Rupert, British Columbia, in front of waterfront Block "G" according to registered plan of the townsite of the said city of Prince Rupert deposited in the aforesaid Land Registry Office as No. 923.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of said site and plans, and for leave to construct the said warehouse. Dated at Winnipeg, Manitoba, this 25th day of May A. D. 1916. THE GRAND TRUNK PACIFIC RAILWAY COMPANY. H. H. HANSARD, Solicitor.

MAGNIFICENT SHOW AT THE MAJESTIC THEATRE

There was another crowded house at the Majestic last night when "The Race," featuring Anita King and Victor Moore, was presented. The general opinion was that this is just about the best picture seen here yet. It is the story of an auto race across the continent between Miss King and Moore, the one in a Duplex and the other in a Grayson car. Opponents of the Duplex destroy a bridge in order to defeat Miss King but she charges right across the gap. It is a thrilling moment. Disaster follows and her opponent goes to her assistance. This is a picture to be seen and not described. It is a wonder, Ed. Stillwell gets the auto and train effects well nigh perfect. You can hear the grind of the brakes and experience all the rush and whirl of the race. It is the most realistic thing ever.

The scenes of Prince Rupert and vicinity are particularly good. The scenes along the Skeena and other northern rivers are magnificent, while the picture of salmon leaping over the rocks is wonderful. This is a two hours show and there never was a better anywhere.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 2nd, 1915. For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well". ALBERT VARNER.

50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

ADVERTISE IN THE DAILY NEWS

METER INSPECTOR

The meter room in the city hall has been a busy spot for the past week while Inspector McNiven of the government electric inspection service tested some three hundred meters. The meters have to be thoroughly tested every five years, so that those examined on this occasion were installed in 1911. After being carefully cleaned, each meter is wired up on a testing board alongside a rotating standard meter; the power turned on and the number of revolutions checked up.

Any faults having been corrected, the meter is then transferred to another board where it is left for an hour with the power on in order to test the gearing attached to the registering dials. Mr. McNiven says that the testing bureau here is the best equipped of any outside of the large cities of Vancouver and Victoria and the department had every-

thing in such good shape that he was able to get through with his work in remarkably quick time.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

Central Executive Committee, 59 St. Peter St., Montreal \$2.50 Feeds A Belgian Family A Month.

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising: Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

BOARD OF TRADE AND BAIT SHORTAGE

At the Board of Trade meeting on Friday night, J. T. C. Williams raised the important matter of the scarcity of herring bait for the halibut fishermen. He proposed that the halibut men be allowed to carry a small net with which to catch their own bait wherever herring were found, these to be used exclusively for bait and no license to be charged for the privilege. He said that several of the halibut men had been taking salmon owing to the shortage of herring bait.

George R. Naden said that he was told that a cannery had refused to sell salmon when asked to provide them for bait.

Mr. Williams did not think that this could be so, though salmon were so valuable this year that the canners wanted all they could get for canning purposes. The matter will be brought before F. H. Cunningham and D. N. McIntyre when they visit Prince Rupert this fall in connection with their duties on the Fisheries Advisory Board.

GREAT NEW SERIAL AT WESTHOLME THEATRE

The second installment of the Mexican serial "Liberty," at the Westholme last night, bore out the promise which the first two reels gave. As Liberty, the daring young lady who is carried off by bandits but makes her escape by climbing a precipice with the assistance of an equally daring young man, in the person of Eddie Polo the strong man of the screen, Miss Marie Walcamp is splendid.

"Fatherhood," the five-act western drama in which Hobart Bosworth plays the leading role, is a pleasing drama in which there are several remarkable coincidences and a great deal of the human element. It is an interesting tale from start to finish and Bosworth plays splendidly the part of a ranger who has suddenly found the love of a young wife in his later years after he has devoted most of his life to the acquiring of wealth. A Nestor comedy completes a good show.
