## TERRIBLE AUTO DISASTER AT VANCOUVER

### BRITISH GAINS ON SOMME FRONT --- PEACE MEETING IS BROKEN UP AT CARDIFF

#### NINE DIED WHEN AUTO PLUNGED IN THE FRASER

Ladner-Vancouver Stage Burst Through Gates and Dived into Draw—Another Accident.

(Special to The Daily News.)

Vancouver, Nov. 13.—Nine people perished on Saturday night in what is described as the worst auto accident which has ever occurred in the vicinity of Vancouver. The auto stage, plying between Ladner and Vancouver, plunged in the North Arm of the Fraser River at South Vancouver, bursting through the gate guarding the draw. Warning lights were lit at the time. The following bodies have been recovered: Mrs. A. W. Evans, North Vancouver; Laura Evans, aged 42, daughter of Mrs. A. W. Evans; W. H. Walker, engineer, Vancouver, George Smith, the driver of the ill-fated stage, South Vancouver; John Marshall, North Vernon, Wash., Frank Keene, Vancouver; Kenneth Ritchie, Ladner, and an unidentified Chinaman. The missing are: Arnold Wilcox, Ladner, and possibly two others.

The rescued are: Muriel Evans, aged 10, daughter of Mrs. Evans; Thomas Shortreed, Edmonds, B. C., and Henry Hutchinson, Vancouver.

#### Another Accident.

While rushing to a trivial fire, the auto hose wagon collided with an automobile and then crashed head-on into a street car on Main Street. Seven were injured, two dangerously.

#### ROCK SLIDE

Yesterday afternoon there was quite a rock slide on the railroad track just beyond the Rupert Marine wharf, over a ton of rock slipping down from the sidehill. A gang of men was put to work and the big boulders broken up and the track cleared.

#### GERMAN STEEL WORKS BOMBED BY OUR AIRMEN

Three German Machines Brought Down—British Gains at Courcellette—Serbian Successes.

(Special to The Daily News.)

Paris, Nov. 13.—Seventeen British aeroplanes bombarded the German steel works at Fockeling. A thousand kilograms of projectiles were dropped on the buildings and several explosions and fires were observed. Three enemy machines, which tried to drive off the British aviators, were destroyed.

#### German Air Attack.

Amiens has been bombarded by German aviators and nine civilians killed and twenty-seven injured.

#### British Success.

London, Nov. 13.—In face of a terrific barrage of fire, British troops last night advanced and captured the eastern portion of the Regina trench at Courcellette. Berlin despatches state that the British forces succeeded in penetrating the advanced German trenches north of Courcellette.

#### Serbian Success.

Serbian troops, in a series of attacks north of the Cerna, on the Macedonian front, have entered Polog and have captured six hundred prisoners. The Serbians were completely successful in their attacks on the Bulgarian positions.

#### GERMANS HATE WILSON

(Special to The Daily News.)

Amsterdam, Nov. 13.—According to German newspapers, President Wilson is the most hated man in Germany.

#### J. J. ANDERSON MISSING FROM HUNTING PARTY

Jack Anderson, driver with the Pioneer Laundry Company, who went out hunting with some friends yesterday morning, is missing. They left town about six o'clock and went up McNicholl Creek. About 8 o'clock they separated on the Georgetown trail with an arrangement that they return to the beach at 4:30 in the afternoon. His two friends returned and waited until 7:30 in the evening but Anderson did not turn up. The boys returned to town and then about nine o'clock went out to search for him. They were out until midnight but could find no trace of the missing man. This morning a larger party went out and a rigid search is being made.

#### Later.

The search party returned about noon along with the missing man, who had come out to the beach at a point further along than was agreed upon. Jack is none the worse for his night's outing and had the satisfaction of bringing home a deer with him.

O. Hewitt came in from Atlin on the Princess Sophia yesterday.

#### ANOTHER INEFFECTIVE BORDEN COMMISSION

Ottawa, November 10.—The chances are that many Canadian citizens will experience the high cost of dying before the Borden government reaches a solution of the high cost of living. In fact, a solution is the last thing the Borden government wants to reach. Too many of their cold storage friends are on the wrong side of the question.

The high cost of living is at least five years old, although it has become much more acute within the last two years. The government of Sir Wilfrid Laurier, it will be remembered, went out of office in September, 1914, trying to do something that would stem the increased prices. Unfortunately for the Canadian consumers, the pork packers, the cold storage operators and the food usurers of one kind and another rallied around the old flag—useful old flag that—and defeated the benevolent intentions of the Liberal party. Since then there has been absolutely nothing to keep the high cost of living in order. The forestaller has had his own greedy way. The Borden government has not even attempted to make him be good.

Of course the government has been investigating. Investigating is one of the best and most frequent things it does. But is never a great hurry about these investigations. Let it be thorough. Slow and sure like the tortoise—or better still like the snail, or even better than that, like the glacier that moves perhaps a foot a year. And then after all the facts have been dug up and put back again, if they are too bad

or shifted into the report, if they are only half good, why bury the report for another two years and let it go at that.

This is what the government did with the High Cost of Living report compiled by Mr. Coates of the Labor Bureau. It took two years to get it together and another year for the book to reach the binding stage. A wonderful mass of statistics it was, but the conclusions were vague. The government did not want any morals pointed. It rather leaned to the theory that it was the cost of high living that was being reported on. Being issued under Tory auspices the report of course said nothing about the effect on the high cost of living of a forty per cent. tariff, with an anti-British preference to aggravate the difficulty. How could the report say anything about it? To do so would have been to blaspheme the fundamental doctrines of the Borden government. No matter how high the cost of living goes, you can always depend on it that the tariff will be higher so long as the Borden government is in power. There's no telling where it will be by the end of this year. In two years it has shot up fifteen per cent. By the law of averages we ought to have by the end of 1916—a forty-seven per cent. tariff and then some. Giving the tariff another squeeze is safer than taking it out of the shell profiteers. The people are used to it—long experience has taught them to grin and bear it. But the shell moguls—well they know how to kick.

Yes, next to milking the tariff, investigating the high cost of living is the best thing the Borden government does. It is willing to

#### TORY NEWSPAPERS ELECTING CABINET

The Tory press in the south continues to "assist" Mr. Brewster in the selection of his cabinet and repeated reports are being published as to the probable appointments, each one carefully leaving out the name of M. A. Macdonald, the senior member for Vancouver. The following is the latest list published in Vancouver this morning: Premier and Minister of Finance, H. C. Brewster, Attorney-General, J. W. DeB. Farris; Minister of Public Works, Ralph Smith; Minister of Mines, J. E. Thompson, of Grand Forks; Minister of Lands, T. D. Pattullo, Prince Rupert; Minister of Agriculture, John Oliver; Provincial Secretary and Minister of Education, Dr. King, of Cranbrook; President of the Council, William Sloan, Nanaimo, and Speaker, John Keane, of Kaslo. The message also states that Mr. Bowser will resign at the end of this week.

To all these forecasts, Mr. Brewster has repeatedly replied that he has nothing to say and he describes the latest attempts to name his cabinet as "piffle." "Certain Tory newspapers seem to be doing their best to interfere in the cabinet appointments by veiled suggestions," said Mr. Brewster in an interview. He repeats that he will not make his cabinet known until the Lieutenant-Governor has called upon him to form a government.

Mr. Bowser says that he will not resign until the certificates of the soldiers' votes have been returned. As Sir Richard did not mail these until Nov. 6th, and mail is taking about twenty days from London, Mr. Bowser will probably hang on until the end of this month and the new government will not take office until the beginning of December.

#### WELSH PEOPLE WANT NO PEACE MEETINGS HELD

Meeting at Cardiff Broken up by Patriotic Crowd—Speaker is Dragged From Off the Platform.

(Special to The Daily News.)

Cardiff, Wales, Nov. 13.—A conference in favor of the opening of peace negotiations, arranged under the auspices of the National Council of Liberties, was held here on Saturday evening.

The meeting was broken up by a crowd of several thousand patriotic demonstrators. James H. Thomas and Ramsay MacDonald, members of the House of Commons, made speeches but when Thomas attempted to rally his forces when the crowd became troublesome, he was unceremoniously dragged from the platform. The crowd obtained full possession of the hall and waved flags and sang "God Save the King."

New London, Conn., Nov. 13.—Deputy Collector of Customs Comstock has refused clearance papers to Captain Koenig, of the German submarine Deutschland. The crew is ashore.

Sydney, N. S. W., Nov. 13.—The coal strike is still unsettled and thirty steamers are tied up in Sydney harbor alone. Trains are running on reduced services and many factories have been closed down.

#### THE DOBRUDJA

The contrast between fighting conditions on the western front and that on the Russian and Rumanian fronts was never more strikingly displayed than in the reversal of matters on the Dobrudja. In the west, it is a case of dogged, determined struggling for a hundred yards of advantage here and a few hundred yards there, every foot of the way being honeycombed with trenches and a strong enemy to be met at every turn.

In Russia, Transylvania and Rumania, armies are moving with the utmost freedom. Miles are gained and lost in a day. The most spectacular movement of the whole war has been the returning to the offensive by the Rumanians and Russians on the Dobrudja front. The great movement on this front began with a sudden night attack by the Rumanians on the army of Von Mackenzen. The Danube was crossed, the Teutons taken by surprise, and Rumania claimed a great victory. Suddenly, the situation was reversed. The first Rumanian army was driven back to the Danube; across it and right on for miles to the north, they were driven by Von Mackenzen. Berlin reported that the first Rumanian army had been shattered and that the second had been badly broken up.

Today, after being driven north for miles, the Rumanians, supported by their Russian Allies are back at the Danube, battling for the bridge at Tchernavoda. It is amazing. The Allies advanced twenty-five miles in one day and they must have travelled another twenty within the next twenty-four hours.

Berlin claims that Mackenzen did not stand and fight the

enemy, as he was instructed not to do so. This probably means that he was in no shape to make a successful stand, and it will likely turn out that his great advance was more apparent than real, in that it was made by light forces, without heavy guns. Whether the Rumanians and Russians have been able to bring along their artillery remains to be seen, but that they are in force is evident from the heavy fighting that is going on at Tchernavoda. The fighting on the Rumanian front is not vital to the result of the war as a whole, and its chief benefit to the Allies is that it is keeping a considerable army of Austrians and Germans busy, while they are badly needed elsewhere. Victory on the Danube will make the task of the Allies in Greece much easier, and the end of the struggle in the Balkans will be quickened by several months, as it will enable a victorious army of Rumanians and Russians to squeeze the enemy from the north, and, when the French, British, Serbians and Italians start their big move from Saloniki in the spring, their work will be comparatively simple. Every eye for the next few days will be turned on the Danube.

#### NOTES AND COMMENTS

It must be a nerve-racking job to run for President of the United States. Waiting for two days with hopes of victory one moment and the assurance of defeat the next must be a terror to a man who is highly strung.

The submarine sighted by British ships off the Virginia Capes is probably the U-57 which is to convoy the Deutschland on her return voyage across the At-

#### Killing the Calves

All sorts of excuses are offered for the high price of beef, the most plausible being the alleged demand for veal—"the killing of calves which should be allowed to grow into regular beef." You cannot have beef if you eat it as "veal," but you can have **Shredded Wheat Biscuit** which contains more real nutriment than beef and costs much less. Shredded wheat biscuit is the whole wheat steam-cooked, shredded and baked. Make it your "meat" for ten days and see how much better you feel. California is in a political uproar over the supposed treachery of Hiram Johnson to Hughes in the presidential election. Johnson probably received a lot of Democratic support but it does not follow that he found it necessary to "double-cross" the Republican candidate.

## ANOTHER INEFFECTIVE BORDEN COMMISSION

(Continued From Page One.)

keep on investigating to the end of the chapter. It hopes to be investigating when it goes out of office. The main thing is that its friends shall have plenty of time to make money at the public expense. Consequently the Borden government could die investigating. It probably will. It certainly couldn't survive an attempt to act on what it finds out. The few friends it has left belong to the privileged classes who make the cost of living what it is and they certainly wouldn't stand for any spasms of conscience on the part of a government that owes its existence to them.

In fact the Borden government has to be very careful to keep these powerful but peevish persons quiet. One of them was planted in the very midst of the Economic Commission so as to head off any mischief in that direction. This commission—one of the eighty-six appointed by the Borden government—has been running for over a year but it hasn't reported yet. It may be doubtful whether it ever will report. If it did report it may still be doubted whether any real knowledge would be available with the Arch Cold Storage entrenched in its very bowels. Incidentally it may add to the high cost of living that the Arch Cold Storage has one of the biggest contracts for embalmed beef for the British army placed on this continent. Which goes to show that the laborer is worthy of his hire even if he does perform high public duties ostensibly for nothing.

Many deputations have visited Ottawa to interview the government on the high cost of living and to see what it couldn't do about it. All these deputations got was a hearing and perhaps a soft nothing by way of an answer. It is not the intention of the Borden government to interfere with its friends making hay while the sun shines. Moreover the sun is going to shine for the Borden government's food-monopolizing friends as long as the Borden government remains in office. All the government's friends, shell makers, horse chanters, the Alli-

sons, Garlands, Fosters and the like have been allowed to do well. Why discriminate? Why put a crimp in the food manipulators? On the contrary, lay on Macduff and damned be he who first cries halt, enough.

Enemies of the high cost of living will not take much comfort of the fact that the committee which is to investigate, and, if possible, to slay the monster, consists of three cabinet ministers—Mr. Crothers, Mr. Rogers and Mr. Doherty, none of whom is personally interested in the subject.

Mr. Crothers is the Minister of Labor, but he has never known labor's hardships and vicissitudes. He is a lawyer to whom the cost of living is nothing more than an academic question. Hunger has never pinched the Hon. Thomas—God forbid that it should—and he has, I am instructed, no little mouths to feed. The Trades and Labor Congress, by the way, doesn't seem to fancy him as minister of Labor. They treat him more like a culprit than a cabinet minister. Perhaps that is the reason they treat him that way. What I mean to say is that labor treats him that way because being a culprit and being a cabinet minister in the Borden government are one and the same thing. At any rate the labor men don't like his interpretation of the Industrial Disputes Act. His tendency, so they say, is to work it against them.

The Hon. Bob Rogers has enough laid by for his old age, so that the high cost of living has no terrors for him. Faced with the high cost of sirloin steak Bob would probably say "Why not eat chicken?"

As for the Hon. Charles Doherty, he draws two pay envelopes, one as a cabinet minister of Canada, the other as a superannuated judge of the High Court of Quebec. The high cost of living can never daunt him—he is doubly armed.—H. F. Gadsby.

# 2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

# Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:  
**Sincerity -- Enthusiasm -- Advertising:  
Three mighty forces, close-linked.**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

## CITY OF PRINCE RUPERT ATTENTION VOTERS

Persons who hold lots under agreements, or assignment of agreement, must make a declaration giving particulars of their title, before the last day of November. Any person neglecting to take such declaration will not be entered on the voters' list.

It is impossible for me to ascertain the names of agreement holders unless they come in personally. It will greatly facilitate matters if persons wishing to make declaration bring their agreements, so that I may inspect them and thus prevent errors.

Reference to old voters' lists satisfies me that only a small proportion of agreement holders have registered in past years. This, I believe, has happened because people wrongly think their names will be inserted without any action on their part. I therefore call special attention to the necessity of agreement holders making declarations.

FRED PETERS, City Clerk.

## MARY PICKFORD AT WESTHOLME TONIGHT

Mary Pickford is the big attraction at the Westholme tonight in her latest triumph "The Eternal Grind." This famous little actress usually appears as an immature maiden, looking out on life shyly, but in this play she is a very mature young lady, prematurely ripened by hard work in a factory. Miss Pickford strikes a new note of power in her latest role, in the part of a girl whose indomitable will, fearlessness, resolution, ingenuity and forceful personality compel the admiration of all. The verdict of the critics is that this is "the greatest she has ever done." It is a powerfully gripping story and there should be a packed house as the drama is for one night only. A Gazette showing the latest world's news completes a great show.

## LUMBERMEN WANTED
