GERMANS WANT CONFERENCE AT THE HAGUE

NO DEFINITE PEACE OFFER -- FRENCH ADVANCING -- BRITISH GAIN ON TIGRIS

PEACE TERMS TO BE MADE KNOWN AT CONFERENCE

Kaiser Makes no Definite Terms But Asks for Conference at Which Terms Will be Discussed.

(Special to The Daily News.)

Washington, Dec. 18.—The Kaiser is to fix Germany's peace terms when the Allies meet him to discuss peace. A definite outline of the German peace conditions will not be given unless the Allies agree to a peace conference.

Count Von Bernstorff, the German Ambassador to the United States, visited Secretary of State Lansing yesterday and expressed the utmost optimism concerning the ultimate outcome of the German offer to discuss peace terms.

Great Britain's answer is expected to be made within ten days. The belief of neutral diplomats here is that the issue rests with Britain and that as Britain decides so will her Allies.

German Press Reports.

London, Dec. 18.—The German press is quoted as saying that Germany does not desire any cessation of hostilities during the peace discussion, but merely a conference of all belligerents. It is suggested that the conference be held at The Hague on January 15th, and that the belligerents openly state their views. While the conference sits, military operations would go on as at present.

Fishing Tied Up.

Copenhagen, Dec. 18.—The decision of the Entente Allies to discontinue the supply of paraffin oil, petrol and fishing tackle for the Danish fisheries in the North Sea has completely paralysed the industry.

ANOTHER HUN PRINCE

(Special to The Daily News.)

Berlin, Dec. 18.—Princess Jochim of Prussia, daughter-in-law of the Kaiser, has given birth to a son. This is the tenth grandchild of the Emperor and the fourth born since the beginning of the war.

NINE THOUSAND PRISONERS ON VERDUN FRONT

General Nivelle Continues to Advance North of Douaumont—Germans Driven Back by British.

(Special to The Daily News.)

Paris, Dec. 18.—The French troops, under the command of General Nivelle, who has led his army with such brilliancy since taking command on the Verdun front, continue their successes north of Douaumont. They made progress in Caubieres Wood and also captured the village of Bezonaux yesterday.

The Germans made a violent attack against the French positions at Cote du Poivre but the attempt was broken up by the French gun fire.

The French have been successful in maintaining intact their entire new front and German prisoners continue to be brought back, the total number now exceeding nine thousand, amongst which are two hundred and fifty officers. There is the usual cannonade in progress along the rest of the Verdun front.

British Front.

London, Dec. 18.—A small party of the enemy approached the British trenches north of Hill 60 on the Ypres salient in an endeavor to bomb our men, but were caught by our barrage fire and made no attempt to enter our trenches.

There was some artillery activity during the night north of the Ancre on the Somme front, and also north of Ypres, but today all is calm on the Belgian front. We bombarded the enemy trenches north of Hulluch and east of Neuve Chappelle.

VANCOUVER TO HAVE ANOTHER ELECTION

(Special to The Daily News.)

Vancouver, Dec. 18.—Joseph Martin, K. C., stated without qualification that Premier Brewster assured him that M. A. Macdonald would not be made attorney-general until the Scott affair was cleared up. Nomination papers were filed today by Hon. Ralph Smith, Hon. M. A. Macdonald, and D. E. McTaggart for the by-election to be held on December 23rd. No candidate has been nominated by the Conservatives.

GREAT BRITAIN'S NEW PRIME MINISTER AND THE MEMBERS OF HIS FAMILY

David Lloyd George is here shown in formal and informal poses, one picture being taken at a camp where he spent a short vacation with Mrs. George. The members of his family are the soldier sons, Richard and Gwilym, the little girl, Megan, and her sister, Miss Owen Lloyd George.

MEXICAN SITUATION MUCH MORE SERIOUS

(Special to The Daily News.)

El Paso, Texas, Dec. 18.—The country around Chihuahua is in a state of panic over the successes of General Villa and his bandits. Villa declares that he will re-occupy the entire city on Christmas Day and the populace is making frantic efforts to evacuate.

General Trevino is holding a secret conference with General Bell, of the United States army on American soil, the Mexican having crossed to El Paso for that purpose. It is stated that the presence of the United States troops in Mexico is giving Villa an opportunity to rally the Mexicans round him.

Villa continues to inflame the Mexican peasantry against the Carranza party and the United States. He says that it is an open disgrace that Mexicans, under Carranza should consort with the Americans and that the presence of an American punitive expedition on Mexican territory is as a red rag before the eyes of a bull. The presence of General Pershing's army gives Villa a growing popularity daily.

Jiminez, Parrail and Torrien are now in the hands of Villa and his marauding forces.

TWO VESSELS FAST ON NEW JERSEY COAST

(Continued on Page Three.)

Point Pleasant, N. J., Dec. 18.—Two of the most treacherous sections of the New Jersey coast are holding fast two victims. The United States transport Sumner, which grounded on the Barnegat Shoals, is being smashed to pieces by the incessant pounding of relentless seas, and the Norwegian steamer Juno, 2,200 tons, en route from England to New York without cargo, is three miles from shore on Little Egg Harbor Shoals. There is little hope of salvaging either vessel.

IKEDA PROPERTY MAY BECOME MORE ACTIVE

S. J. Castleman and R. R. Hedley, of Vancouver, have come north to visit the Ikeda mine on the Queen Charlotte Islands. Mr. Castleman is one of the owners of this property, which has been shipping ore to the Granby smelter all summer. With copper at such a high price, the Ikeda is a paying proposition and the owners are contemplating greater development work. There is a large body of ore in sight and it is hoped to considerably increase the output next summer.

ALEXANDER MILLAR IS SHOT DEAD IN SEATTLE

Alexander Millar, formerly a bank manager at Grand Forks, B. C., and recently a real estate agent in Seattle, was shot dead in his office by a man named H. M. Stokes, on Friday. The two gentlemen had for some time had a dispute over a joint real estate deal and Stokes claimed that there was money due him. On Friday, after Mr. Millar had refused to pay him any further monies, Stokes became desperate and shot Mr. Millar dead, afterwards giving himself up to the police.

Mr. Millar was a brother of Mrs. W. E. Burritt, of this city, and was well known to many citizens of Prince Rupert. The deepest sympathy of all citizens will go out to Mr. and Mrs. Burritt in their tragic bereavement. One of the saddest features of the tragedy is that Mrs. Millar was visiting in New York at the time.

TIGRIS FORCES APPROACHING KUT-EL-AMARA

Further Advances Made—Army Now Within Mile of Tigris—Storms Retard Italians—Fate of Capt. Blaikie.

(Special to The Daily News.)

London, Dec. 18.—The British army on the Tigris front, which assumed the offensive on Wednesday, has made a further advance and is now within three-quarters of a mile of the River Tigris, opposite Kut-el-Amara, which was held so gallantly by General Townshend's Expeditionary Force some time ago.

Italian Front.

Rome, Dec. 18.—On the Trentino front, military operations have been checked by violent storms. On the Julian front fighting is confined to desultory artillery actions east of Gorizia and on the Carso Plateau. In spite of the inclement weather, the Italian troops continue to carry on the work of consolidation of the Austrian positions gained.

Captain Blaikie's Fate.

London, Dec. 18.—Mr. Bonar Law, in the House of Commons on Saturday, stated the government had already "taken such action as was thought necessary to save Captain Blaikie," the commander of the British steamer Caledonia, who was taken prisoner by the crew of a German submarine after sinking his vessel. It is feared that Captain Blaikie may suffer the same fate as Capt. Hyatt, who was foully murdered by his German captors.

Mr. Bonar Law stated significantly that, among German prisoners now in British hands, is a son of Admiral Von Tirpitz, the captain of the cruiser Emden, and Prince Joseph of Hohenzollern.

AMERICAN OPINION

America, the most peace-loving nation in the world and the greatest of the neutrals, believes that the time is not yet ripe for peace and that Germany's proposals should be submitted to the Entente powers without comment. In other words, Washington is convinced that what Berlin is proposing is not really peace, but simply a cessation of hostilities. War is not necessarily confined to open and active military and naval operations, and America seems to be satisfied that a cessation of fighting at the present time would simply result in a situation similar to that which obtained before the war, except that, not only would Germany be preparing for a further and a greater struggle, but the Entente Allies would be building up enormous armies and huge stocks of munitions for the postponed titanic struggle.

A full consideration at the present time of the peace proposals put forth by Germany would also mean the stopping of all further enquiry by Washington into the submarine question, particularly the sinking of the Marina. It would also mean the postponing for months of the United States enquiry into the deportation of Belgian civilians, a form of slavery much more aggravated and brutal than that which the American people shed rivers of blood to wipe out in their own country. The nation which produced Abraham Lincoln cannot seriously entertain the peace views of a nation while that nation is driving thousands of helpless civilians into the most degrading form of slavery at the very moment

when it is drawing up peace proposals.

The nation which sees nothing wrong in wresting thousands of poor Belgians from the midst of their families, to send them into an enemy country to do forced labor, is not fit to name the word "peace." That nation's sense of right and wrong is still so warped that it knows not the meaning of peace, but is thinking only of expediency. There is not the faintest doubt as to the final outcome of the war, but even if the Allies were to go down in the struggle, they had better do so rather than allow themselves to be lulled into a false sense of security by the smooth phrases of the Berlin diplomatists.

NOTES AND COMMENTS

Lord Northcliffe gives a most encouraging opinion of Britain's military strength for the coming year. Northcliffe was right when he raised the big holler about the lack of the right kind of shells, and he probably knows what he is talking about on this occasion also.

The French troops on the Verdun front have given a six miles by two reply to the German peace proposals. Only by keeping up such good work can real peace ever come.

"Teddy" Roosevelt seems to have taken up the cause of the deported Belgians with his usual vigor. He is the right man for the job and President Wilson might do a great deal worse than send the colonel to Berlin to make enquiries.

Russia has replied to the German peace proposals in the only possible way. Russia wants peace

Those New "Bran Foods"—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives. The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of **Shredded Wheat Biscuit**, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran, which is Nature's laxative. A body-building, strength-giving food. Serve with milk or cream or sliced peaches and cream or other fruits.

Made in Canada

but she does not want a peace made in Germany.

Diplomacy is a slow-moving thing. Officially, the Allies are not yet clear as to whether Constantine is for them or against them. Unofficially, Tino has made his position abundantly clear.

Sir Robert Borden seems to have had a real busy time in Vancouver. It would appear that he figures Prince Rupert does not warrant a visit.

Sir William MacKenzie went to Victoria to interview the cabinet, but it seems to have resulted in the cabinet interviewing Sir William. There were many things which the new ministers wanted to know.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

ARRESTED AT ANYOX IN CONNECTION WITH THEFT

William Murray, a passenger for Anyox on the Maquinna on Friday, has been arrested and brought to Prince Rupert in connection with the theft of a travelling bag belonging to Rev. A. E. Price, who came north on the same boat. The police met the boat here but were unable to locate the right man. Constable Shiel, of Anyox, was wired to and, on searching the blankets of Murray, found some of the missing property. Upon the arrival of the prisoner here, he was given a preliminary hearing and the case was adjourned until Friday, Dec. 23rd, when it will come before Magistrate McMullin.

FOX FEATURES AT WESTHOLME THEATRE

The Westholme management is doing its utmost to provide its patrons with the very best pictures obtainable, and the latest acquisition to their weekly program is the famous Fox service. Fox films are shown in the leading theatres throughout the continent at much higher prices than are charged by the Westholme, but they are being introduced to Prince Rupert audiences without any advance in price. "The Plunderer," featuring William Farnum, will be screened tonight, in addition to the Katzenjammer Kids, a series of clever cartoons and a very fine gazette.
