## BRITAIN PREPARING FOR NEW OFFENSIVE

### PEACE HOPE SHATTERED MEANTIME -- STARTLING REVELATIONS BY LAWSON

#### FACTORIES ARE PREPARING FOR BIG OFFENSIVE

Munitions Turned Out at Enormous Speed in Britain—Prisoners Captured by French and British.

(Special to The Daily News.)

London, Jan. 16.—British munitions factories are today turning out every forty-eight hours more heavy gun ammunition than they manufactured in the entire first year of the war and production is still increasing each week in preparation for the great new offensive on the western front.

##### Western Front.

The British last night carried out a series of their raids which are demoralizing the German defenders, who never know just where the enemy is to strike next. On this occasion the attack was directed against the German lines north of Loos. Small companies advanced, with bombing companies in the lead. The bombers approached close up to the German dug-outs before they were discovered and had the occupants at their mercy. Little resistance was offered and a number of prisoners were captured.

##### French Attack.

Paris, Jan. 16.—On the Somme front, the French forces made several surprise attacks last night and captured war material and prisoners. Attacks by small parties are very successful and as many as three hundred prisoners are taken in one night. The Germans attempted to make counter-attacks but all failed.

#### ASSESSMENT REDUCED OVER TWO MILLIONS

That the city assessment will be 16 per cent lower than last year was the announcement made at the city council meeting last evening from the assessor's report for 1917. The total assessment is returned at \$11,645,595, a decrease of \$2,196,219. This is \$5,840,890 below the highest assessment ever made in the city.

On the motion of Ald. Dybhavn, seconded by Ald. Smith, the report was received.

Ald. McClymont raised the question of the assessment of the waterfront. The mayor said that this would be taken up at the court of revision.

Grand Annual Ball of Local Union 745 in Railwaymen's Hall on Wednesday evening, Jan. 17th. Westholme orchestra. Refreshments. Tickets 50 cents. Proceeds to Returned Soldiers' Association. Real good time assured.

#### GERMANY WILL NOT CONSIDER ALLIED TERMS

War Clouds Looming Darker—German Foreign Minister Says Door Closed Meantime, But May Re-open.

(Special to The Daily News.)

Berlin, Jan. 16.—Zimmerman, the German Foreign Minister, has informed the associated press that the conditions put forward by the Entente Allies are too hard and could not be accepted by Germany. He looked upon the Allied reply to President Wilson as something of a rebuff, but believed that the answer did not finally and completely close the door against later peace efforts, before one side or the other is completely crushed.

He expects that a failure of the Entente summer offensive might make possible the approaching of the subject of peace again next year, when reasonable terms would have a prospect of successfully bringing the war to an end.

Referring to the German proposals, the Minister said: "We can't afford to create the impression that we are for peace at any price. For us to pursue the matter further at the present time would be hailed as an expression of weakness. There is not a German who would not rather die than see the Allies accomplish their plan to crush Germany. In the meantime, until the battle of victory is ours, the door is closed for further peace negotiations."

##### Vadani Taken.

London, Jan. 16.—The enemy are now in complete possession of Vadani and Bulgarian artillery is firing on Gairis, from the right bank of the Danube. Berlin announces that the Germans repelled all the Rumanian attempts to regain Vadani.

##### Russian Report.

Petrograd, Jan. 16.—The Rumanians have forced back the invaders northeast of Fokshani and inflicted heavy casualties on the enemy.

##### CIVIL SERVICE

In the list of successful candidates for the civil service appear the names of G. R. S. Tit and John M. Struthers, Prince Rupert, the latter in the preliminary and the former in the qualifying examination.

Special meeting of the Fish Packers' Union in their hall, 6th Ave., Thursday, Jan. 18th, at 7:30 p.m.—F. W. Grimble, Secy.

The Returned Soldiers' Association begs to intimate that all efforts to raise money on behalf of the association must first have the sanction of the members.

NEW WELLINGTON COAL, phone 116. We have just received a shipment of 500 tons Lump Coal. We are prepared to put in your winter's coal for you.

THE CORNWALLIS-WESTS AND SOME FIGURES IN THE WAR OFFICE SCANDALS.—This picture not only gives good likenesses of all the principals in the British War Office scandal, but also gives the genealogical tree of the Cornwallis-Wests, showing the important position which Mrs. West held in the upper strata of British society.

#### AMERICAN AVIATORS OBJECTS OF SEARCH

(Special to The Daily News.)

San Francisco, Jan. 16.—Col. Bishop and Lieut. Robertson, the missing United States army aviators, are now the objects of an international hunt. The missing officers are believed to be marooned in the southern Arizona desert.

#### LUMBER TENDERS

The city council last night accepted a tender of Albert & McCaffery for 100,000 feet of fir lumber at \$15 per thousand, this being the lowest offer. Tenders were called for by mail and Ald. Casey thought that it should have been done through the press, though he admitted that the price was low and could not be met by the other bidders.

#### TUG-BOAT WANTED

The undersigned is open to purchase a small steam tug, forty to fifty feet; must have good sound hull, first-class machinery and be seaworthy in every respect. Apply by letter, giving all particulars, stating where tug can be inspected. WILLOW RIVER LUMBER CO., GISCOM, B. C.

#### HARMONIOUS OPENING OF MUNICIPAL YEAR

The new council met for the first time last evening, when Ald. McMeekin occupied the chair formerly filled by Ald. Barrie. Before entering upon the evening's business, Mayor McCaffery expressed pleasure in seeing so many of last year's council again at the board. So far as he was concerned, the year 1916, with its joys and sorrows, was forgotten, and he was prepared to meet the council as a new council to do the best he could for the welfare of the citizens as a whole, and he hoped and believed that the council would work in harmony towards the same end.

#### HEAVY SNOWSTORM

(Special to The Daily News.)

Dallas, Texas, Jan. 16.—The heaviest snowstorm in history struck this city yesterday and the street cars had to be operated all night in order to keep the street railway open for traffic this morning.

#### PLUGGING ENQUIRY WILL BE THOROUGH

Victoria, Jan. 13.—The appointment of two judges as members of a royal commission to investigate the charges of corrupt practices at the Vancouver bye-election held in February last, will shortly be made. Discussing this matter today Hon. John Oliver, acting premier, said to the press:

"The commission of enquiry into the Vancouver election irregularities will be a commission of judges and the gentlemen to compose the commission will be appointed as soon as the judges who have been requested to act decide as to their course of action and also decide as to the form and scope of the commission on which they will act. The widest possible discretion is being extended to the judges and their reply is expected at an early date.

"The enquiry will be a thorough, complete and non-partisan one, and the commissioners will be given every power which they request or suggest, so that they may carry on the proceedings in their own judicial discretion, absolutely free from any possibility of outside interference."

#### NOTICE

David H. Hays has taken over the real estate, insurance and safety deposit business handled by Hon. T. D. Pattullo. Mr. Hays will conduct this additional business at his present office at the corner of Second Avenue and Second Street.

#### THOMAS LAWSON DROPS BOMB AT INVESTIGATION

When Forced to Speak Lawson Makes Startling Charges—Says Chairman Gave Him the Initial Information.

(Special to The Daily News.)

Washington, Jan. 16.—Threatened with imprisonment if he continued his refusal to divulge the names of the persons implicated in the stock gambling pool, which profited by advance information regarding the issuing of President Wilson's peace note, Thomas W. Lawson, before the House Committee on Rules, asserted yesterday that Representative Henry, chairman of the investigation committee, furnished him with the initial information. Secretary McAdoo; H. Phirey Fiske a banker; a senator known by the initial "O"; member of the Federal Reserve Board Warburg, and Malcolm McAdoo, brother of the secretary, were mentioned as possessing knowledge of the affair.

Mrs. Ruth Thomason Visconti, in the presence of her attorney, declared that Secretary Tumulty received his share of the profits through Lawson. There is a repeated rumor current that Count Von Bernstorff, the German Ambassador, made two million dollars in the deal.

Every implicated person, including newspaper and magazine editors, has been subpoenaed to appear today when Lawson will be given a further hearing. An emphatic denial to Lawson's charges has been made by Representative Henry and Secretary McAdoo. Secretary Tumulty said: "I will make good here. I won't go to jail as the goat."

#### RITA JOLIVET AT THE WESTHOLME THEATRE

Tonight and tomorrow, the Famous Players' drama, "An International Marriage" is presented at the Westholme Theatre. The star of this highly interesting photoplay is Rita Jolivet, who has not been seen in Prince Rupert for some time, but whose reappearance will be welcomed by all Westholme patrons. A Topical Budget, showing the latest world's news completes a good show.

#### COURT OF REVISION

At the city council meeting last night, the mayor nominated the following aldermen to act with him as a Court of Revision: Ald. McClymont, Dybhavn, McRae and Montgomery. The court will sit on March 5th.

HEALTHY SOLDIERS

The Seattle P.-I. has the following to say in regard to a report on the health of the soldiers in the trenches. The P.-I. attributes their immunity from disease to the fact that they are so constantly in the fresh air. Undoubtedly this is to a large extent responsible for the splendid health of the soldiers, but it is not unlikely that a great deal of their power to resist disease is the result of their attitude of mind. The following is the P.-I. article:—  
Notwithstanding all that has been said about the squalor and discomfort of life in the trenches at the battle front, the remarkable fact appears, according to all medical testimony, that the health conditions of the men averages far better than is the case with those at home and even better than among men of the same class and the same physical equipment in the days of peace.  
A French army surgeon has recently written about experiences at the front during the entire year of 1915, with the troops under his immediate observation. He shows that notwithstanding the fatigue, the overcrowding, the exposure and the unfavorable climatic conditions, the total of contagious diseases among this army was less than two-fifths the peace average. In 1915 there were 853 cases of contagious disease, as compared with 2,457 cases in a similar force before the war.  
In spite of the extreme contagiousness of measles and scarlet fever, he writes, they did not spread among troops bivouacked or camped in the war zone in makeshift shelters, where there was at times the utmost overcrowding. He attributes this entirely to the life

in the open air and to the hyper-oxygenation. It seemed to him that repeated contact did not possess the importance previously attributed to it in the communication of contagious diseases.  
The facts brought out have convinced even some of the more skeptical that predisposition plays the most important role in this matter and that the pathological seed, however abundant and however virulent, will not germinate in an inappropriate soil. In other words, the sound health of the men as a rule, their simple life, the abundance of fresh air, made them to a considerable extent immune from diseases to which they were exposed, a matter worthy of the largest consideration in civil life as well as in caring for the health of armies. It is an immunity which it is fairly within the powers of every one of present moderate health to cultivate and acquire. It is irrational methods of life which create the weaknesses and disease.

NOTES AND COMMENTS

The government threatens to assume control of the western coal mines unless the operators and the men can settle their differences soon. The government has its hands full already without having to run coal mines and it would be better for it to decide as to whether the demands of the men are reasonable and, if they are, that the operators grant them at once.

Premier Brewster is showing that he is getting right down to business and that he knows what is wanted in the way of mining development in this province. If ore to feed a steel plant can be established it will put this coast

on the map in ship-building. Texada Island is believed to hold the right kind of ores and there are also deposits in the north which will be looked into.

The Italians report the capture of two Austrian submarines. The British destroyers are grabbing a number of the undersea pests every week but the British Admiralty does not allow any information to be published on the subject.

\$300,000,000 has been distributed in the United States in the way of bonuses to labor. This is the way wages are increased temporarily without danger of the men demanding that the increase be permanent. It is a step towards the taking of the men into partnership, which is bound to come sooner or later.

# A Distinctive Reason

What is the chief reason for the superiority of Dr. Price's Cream Baking Powder?

There are several good reasons, but there is one which distinguishes Dr. Price's from other baking powders.

This reason, which every woman should know, is that Dr. Price's Baking Powder is made from Cream of Tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in cheaper baking powders.

### LONE STAR PROPERTY WORKED UNDER BOND

M. T. Watt left Smithers for Edmonton Saturday night for a few weeks. He closed a deal on the Lone Star group and has put a number of men to work on it. This property is on Hudson Bay mountain just up a short distance from Lake Kathleen. It was located and partially developed by Jennings Bros. and they are in charge of the new work.

Jennings Bros. had done four hundred feet of underground work. They have a vein twenty one feet wide which is mineralized all across. It is low grade, and requires considerable development before determining upon the installation of a plant for treating the ore. An engineer is expected shortly to sample the vein and advise upon the treatment of the ore and the development. In the meantime a hundred feet of tunnel will be driven and this will give a hundred feet of depth.

The Lone Star Mining Co. will operate under a B. C. charter. Capital is a million dollars with a million shares. The ore is silver lead. Omineca Herald.

PACIFIC MILLS LIMITED, Mark Smaby, agent. Dated May 13th, A. D. 1916. Aug. 13

### Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance. We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:— I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

### Sterling THE ENGINE OF REFINEMENT

- FISHERMAN'S ENGINE: 2 Cyl.—5 1-2 in. by 7 in., 12-15 Horse Power. 4 Cyl.—3 3-4 in. by 5 1-2 in., 25 Horse Power. 6 Cyl.—6 1-2 in. by 8 in., 35-38 Horse Power.
