CONSTANTINE HAS VIOLATED NEUTRALITY

GREEK KING MAY BE DEPOSED—IMPORTANT MILITARY CONFERENCE IN LONDON

CONSTANTINE HAS VIOLATED HIS PROMISES

Von Falkenhayn Has Arrived in Greece—Troop Movement Has Begun—Constantine May be Dethroned.

(Special to The Daily News.)

London, Jan. 17.—General Von Falkenhayn has arrived in Greece from the Transylvanian front, having made his way to Kavala, thence south by submarine. The arrival of this German leader in Greece is evidently the signal for the beginning of a hostile movement on the part of the Royalist troops. Royalist troops are now moving northwards from Athens, evidently with the intention of joining the Bulgarians and the Turks, contrary to Constantine's promise to the Entente ministers at Athens. King Constantine has thus violated the neutrality of Greece, in which neutral zone French and British detachments have been preserving peace between the Royalist and the Venizelist troops. The new move indicates that Greek plans for combined action with the Teutonic Allies against the Entente Powers have matured and that he is to throw off the mask of neutrality.

Allied Plans.

Rome, Jan. 17.—It is stated here that the Entente Powers will depose King Constantine and that the throne will be given over to the Duke D'Aosta, a relative of the King of Italy.

ANCIENT WEAPON PRESENTED TO CITY

C. C. Perry, Indian agent, appeared to be planning a flank attack on Mayor McCaffery this forenoon as he wended his way to the city hall armed with an ancient-looking musket and a few stone hammers and adzes. Mr. Perry, on being stopped by a patrol party, explained that the musket was one of the old Lee-Enfield muzzle-loaders supplied by the Hudson Bay Company to the Indians of Port Simpson in 1853 to defend themselves against attack. A long bayonet is attached to the barrel of the weapon. Mr. Perry is presenting the musket along with the stone Indian implements to the city with the idea of forming the nucleus of a museum for Prince Rupert.

ALLIED REPLY TO NEUTRALS IS VERY BRIEF

The Pope Congratulates President Wilson—Berlin Reports Food Supply Equal to First Two Years of War.

(Special to The Daily News.)

London, Jan. 17.—The reply of the Entente Allies to the peace notes submitted by Switzerland and the Scandinavian countries has now been drawn up. Following the reply to President Wilson's enquiry regarding the possibility of procuring from the belligerents a statement of the basis upon which they would consider peace, the reply to the other neutral countries is limited to a brief and forceful acknowledgement of the receipt of the notes, the Allies having set forth their position fully in the answer to President Wilson.

Wilson Congratulated.

Washington, Jan. 17.—Congratulations from the Pope on the recent movement of the American government, in regard to the forming of a peace conference, have been conveyed to President Wilson today by M. Juan Riano, the Spanish Ambassador to Washington.

German Food Supply.

Berlin, Jan. 17.—Published figures of the grain and vegetable crops and of the number of cattle still available in Germany indicate that the food prospects for the German people and their army are equal to those of the first two years of the war. From the statements published it is evident that the food situation is not critical or even dangerous.

Alfonso as Peacemaker.

Madrid, Jan. 17.—It is reported that King Alfonso of Spain will play a prominent part in the coming peace negotiations.

ARMAND LAVERGNE MAY OPPOSE SEVIGNY

Ottawa, Jan. 13.—The Morning Journal-Press says: "It is reported in well-informed circles in Ottawa that Armand Lavergne, the Nationalist leader, has revised his decision not to be a candidate in Dorchester, Que., in opposition to Hon. Albert Sevigny, the new minister of inland revenue, at the forthcoming by-election. It is stated that Mr. Lavergne will probably oppose Mr. Sevigny if the Liberals do not put a candidate in the field."

REGISTRATION FOR INDUSTRIAL PURPOSES

(Special to The Daily News.)

Ottawa, Jan. 17.—Premier Borden has assured a Trades and Labor delegation, which waited upon him in regard to national registration, that the efforts of the National Service Commission are based purely upon an idea of attaining voluntary co-operation for industrial purposes. The Premier stated that the object of the commission is to increase to the greatest possible extent Canada's output of munitions and war supplies and that the movement is solely industrial. He said that conscription is not the aim of the National Service Board.

THOS. W. LAWSON HAS STARTED SOMETHING

(Special to The Daily News.)

Washington, Jan. 17.—The investigation committee, which is enquiring into stock market conditions and their relationship with Washington, has subpoenaed J. P. Morgan and other leading New York financiers to appear before them.

Thomas W. Lawson, continuing his evidence, emphatically attacked Chairman Henry's denial of any knowledge of the stock-jobbing operations resulting from the letting out of advance information from Washington, and brought Secretary of State Lansing into prominence in the case.

GERMANS FAIL IN ATTACK ON SOMME FRONT

British Anticipated Attack and Repelled Enemy With Losses—French Succeeded in a Surprise Attack.

(Special to The Daily News.)

London, Jan. 17.—The Germans attempted to attack the British lines at Gueudecourt, on the northern section of the Somme front, last night but the British forces repulsed the attacking parties with losses before the Germans reached the Allied trenches.

On the Ypres front and along the Comines Canal there has been heavy artillery fighting. The British trench mortars did much destructive work on the German front line trenches in the Ypres sector while the Comines Canal has been damaged as a result of the heavy British shelling.

French Front.

Paris, Jan. 17.—The French troops again executed a successful surprise attack on the German positions on the Somme front last night. There is slight artillery activity around Dixmude while the big gun action is intense in the vicinity of Hetsas.

Rumanian Front.

Russian reports state that there is still hard fighting going on around Galatz, on the Danube.

Berlin reports say that the Russians have been attacking Vadeni from both sides of the river but that all the attacks ended in failure.

Steamers Sunk.

London, Jan. 17.—The British steamer Brookwood and the Norwegian steamers Thelma and Graafjeld have been reported by Lloyd's agency as having been sunk in the war zone.

AMUSING DRAMA AT WESTHOLME TONIGHT

"An International Marriage," the Famous Players' drama which is repeated at the Westholme tonight, is rather a comedy-drama, though there is much that is dramatic in it. The wealthy old laundry proprietor has no end of trouble over his pretty daughter's matrimonial affairs, and he is always amusing, while Rita Jolivet, as the much-sought-after daughter, is charming always. Of course a really-truly American man ousts the foreign counts and dukes in the long run and all ends happily. The Topical Budget contains many good things, including a review of Russian troops. It is a good show.

RED CROSS SALE

Mrs. F. McB. Young and Mrs. J. H. McMullin will have charge of the Red Cross sale in the rooms on Third Avenue on Friday first. So long as the war lasts, the demand for Red Cross supplies is insistent and ladies are reminded that a large quantity of home-cooking can be disposed of at these sales.

WAR CABINET CONFERS WITH COMMANDERS

Nivelle and Haig Meet Premier and Council in London—Military Matters Subject of Discussion.

(Special to The Daily News.)

London, Jan. 17.—It is believed that the conference in London yesterday between Premier Lloyd George and his war cabinet and General Nivelle, the French Commander-in-Chief, and General Sir Douglas Haig, the British commander on the western front, means that preparations are being made for a great new Entente offensive in France and Belgium. Information from unofficial sources indicates that the conference had reference to the new plan of campaign and that military instead of diplomatic questions took precedence in the discussion.

King Gustave Speaks.

Stockholm, Jan. 17.—At the opening of the Swedish parliament yesterday, King Gustave, in his speech from the throne, appealed for greater national unity in view of the war conditions which prevail throughout Europe. He announced the necessity of maintaining special preparations for the up-keep of land and sea forces which, up to the present, had not been considered necessary, but which, in view of the present situation, were now believed to be indispensable to Sweden.

FRANCE DEMANDS ALSACE-LORRAINE

Paris, Jan. 15.—Paul Deschanel in addressing the chamber of deputies today after his re-election as president of that body, said: "The first articles of our program remain the deliverance of Belgium and the restitution of Alsace-Lorraine. This is the only program that can recompense us for our sacrifices and assure to our children a durable peace worthy of France and the republic."

The W. R. Lord, of the Cold Storage Company's fleet, brought in 14,000 pounds of halibut this morning. Captain Roberts reports that the weather outside is splendid and that large halibut fares may be expected soon.

MORE SHELLS

German Foreign Minister Zimmerman ably seconds the Kaiser in his protestations that Berlin will never consider a humiliating peace, and that the people of Germany would rather die than submit to defeat. Looking back, one will remember that when Germany, or at least the Prussian element in Germany, was preparing hardest for war, Berlin spoke most loudly of preserving the peace of Europe. It is not impossible, nor unlikely, that today, when Germany is shouting loudest about continuing the war, she is most ready for peace. Minister Zimmerman says that to pursue the quest for peace further would be to display weakness, but the vehement protestations of the Prussian determination not to go down to defeat is probably taken, in many quarters, as a much more significant sign of weakness than the further discussion of peace. Had Germany done no boasting in the past, the wellnigh hysterical utterances of the Prussian leaders might have a different value placed upon them, but so much that is bombastic and ridiculous has already come from the same quarter that the general opinion, not only in the Allied countries, but in neutral capitals, is apt to be that Berlin has shot its bolt and is now resorting to an ancient bluff. Be that as it may, Britain makes ample reply in the bald statement that her munitions factories are turning out more ammunition for big guns in two days than she did in the whole first year of the war.

We have heard the words of the Prussian diplomatists; we have read the speeches of the French, Russian and British statesmen; we now have ample

evidence of the fixed determination of the British people, combined with those of the Allied countries, but the German people seem to be dully silent. It is a silence which is much more eloquent than the speeches of the leaders in the Reichstag. It is a silence which tells of fears and horrors which they dare not give expression to, in view of the penalties. Maximilian Harden alone has the courage to be sincere, and his sincerity is liable to cost him dearly.

Just as the silence of the German people is eloquent, so is the report that the people of Britain have forgotten all their little animosities and are bending every energy to the production of the shells which are to tell the German armies of the approaching end. Neither side is disposed to trust in the words of the diplomats, but all can understand the actions of the people. The voice of Britain says: "Shells, and still more shells, until Prussianism is defeated," and the output of the munitions factories will speak much more effectively and be better understood than the words of all the silver-tongued orators of Europe.

NOTES AND COMMENTS

Irritating nibbling of the enemy's defences is the popular mode of attack being adopted by both the French and British on the western front and it seems to be unnerving the German soldiers. The Allied troops display the skill of the Indian in approaching the enemy dug-out silently and then it is all over.

Thomas Lawson has done some spectacular things in his time but his statements before the "leak" inquiry must surely rank as his

star performance. A bomb from a Zeppelin could hardly have caused more excitement than Lawson's recital of the names of the men implicated in the stock-jobbing pool.

It seems to be an assured fact that Vancouver is to have a "film city." One of the star actresses has already been engaged and four different companies are being formed. The exact site of the "city" is still "wropt in mystery" but every real estate operator is almost certain to know just where it is to be.

Dallas street cars had to run all night to keep the street traffic from being stopped by snow. It is fortunate that they have no street cars in Granby. There are said to be seventeen feet of snow in the smelter town just now so street cars would be liable to be lost sight of.

There was a good deal of pessimism over the Teutonic occupation of Rumania. It must have been mighty uncomfortable for the Rumanians, but there is no sign that it has been any great gain for the Austrians or Germans, except as a peg to hang peace proposals on.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

COMPLETE DEFEAT OF VILLA'S MAIN ARMY

El Paso, Texas, Jan. 12.—Confirmation of the complete defeat of Villa forces at Jimenez last Friday by Gen. Francisco Murguia's forces and of the capture of large quantities of loot at Terrero, in Western Chihuahua, by Gen. Hernandez, was brought to the border from Chihuahua City today by refugees.

These refugees said the defeat followed a general engagement between 6,000 Carranza troops and 4,000 Villa followers instead of a skirmish, as claimed by the Villa partisans here.

Two hundred wounded Carranza soldiers have been brought to the state capital, the refugees said, and the losses on both sides were declared to be heavy. They said the de facto forces occupied the town of Parral without resistance, as the Villa forces fled before the first Carranza troop train arrived. Nine cannons were recaptured at Terrero, together with eight trains of loot, which had been taken by Villa commanders after they evacuated Chihuahua City on November 27th.

The Villa forces, in command of Julio Acosta, were defeated at Terrero while guarding this cache and a large quantity of ammunition, supplies and other military elements were recovered.

THE STORY OF CASEY

Most veterans of the present war have in mind some particular officer to which they loop up and if that man is killed they mourn deeply because of it. In this case it was an officer of the 7th Battalion known as Major Casey. "Yes, Casey was one of the fighting race," said Sergt. Babin. "He enlisted as a private, went to France as a corporal and rose to the rank of Major. He was a prince among men, and there's considerable blood over on the western front at that, when you commence to size up the fellers you meet. Well in one big scrap Casey was killed. The boys knew he was killed but none had the nerve to break the news to the O. C."

"Where's Casey," was the first question the colonel asked when we got it.

"He's killed," replied one of the boys.

"I didn't ask if he were killed or alive but I asked where he was," returned the battalion commander.

"Well, I guess he's out in No Man's Land in a shell hole," one of the fellows replied.

"Well, go get him," came the sharp answer. "I don't care a curse if it takes this whole brigade we've got to get Casey."

Well, we obeyed orders, and we got Casey. We found him lying dead in a shell hole as the fellows said, with a bullet through his head, an explosive bullet at that. We carried him in and the hearts of the men who carried him I guess were a good deal heavier than the weight of the dead man.

Casey has been dead now for months, but Casey still lives in the spirit of the boys of the battalion, he will never die. "Charge for Casey," they say when they go over, and by G— the German who gets in the way when we

The above is from a St. John paper and the Casey referred to is Major "Bill" Casey, who was one of the first arrivals in Prince Rupert along with J. H. Pillsbury. All who knew Bill will realize just how the boys of the 7th Battalion felt his death. Bill was all man.

Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance. We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed. You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result. Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:— I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade. Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 143 College Street, Toronto.
