## TEUTONIC ARMY NOW EVACUATING BRAILA

### RUSSIANS AND RUMANIANS GAIN UPPER HAND—CRUISERS HUNTING FOR RAIDER

#### BRAILA BEING EVACUATED BY GERMAN FORCES

Russians and Rumanians Have Turned the Tables on the Teutons—Cabinet Changes in Russia.

(Special to The Daily News.)

Petrograd, Jan. 19.—The Teutonic army under Von Mackensen has been definitely defeated on both wings on the Rumanian front. The Germans and Austrians are now evacuating Braila, an important commercial centre on the Danube which they captured some days ago.

The battle continues with great ferocity in the centre of this front. The Russians are shelling the towns of Tulcha and Isakcha. On the other side of the Danube the Bulgarian guns are active against the hostile shipping and military positions near Galatz and Isakcha.

**Political Changes.**  
General Belinea has been appointed Minister of War to succeed General Chouvaev, who has resigned. Following the resignation of Premier Trepoff, it is believed that there will be several other important changes in the Russian cabinet.

**Polish Vice-Roy.**  
Berlin, Jan. 19.—The Kaiser has appointed Prince Varlow Von Naumoyviki to be Vice-Roy to Poland.

**"LEAK" ENQUIRY**  
(Special to The Daily News.)

New York, Jan. 19.—The investigation into the alleged "leak" regarding the Wilson peace note has shifted to New York. The record of the stocks bought and sold by the brokers for the days covering the period of stock exchange excitement are being examined.

Washington, Jan. 19.—Sherman L. Whipple, Democrat, of Boston, has been invited to act as counsel on behalf of the government in the enquiry into the peace note "leak." Public hearings have been suspended until Monday, when Mrs. Visconti will be the first witness heard.

#### CRUISERS ARE SCOURING SEA AFTER RAIDER

Rio Believed to be the Moewe in New Garb—Brazilian Navy Keeping Sharp Look-out for Pirate.

(Special to The Daily News.)

Norfolk, Jan. 19.—Intercepted wireless reports indicate that numerous Allied cruisers are scouring the south Atlantic in search of the German raider Rio de Janeiro, which has caused such havoc amongst shipping. The raider is believed to be the Moewe disguised. It is supposed that she put to sea from Kiel under the Danish flag and passed the British and French patrols as an innocent neutral trader.

She carries collapsible funnels and auxiliary plates and other apparatus so that she may regularly change her appearance.

The British steamers Garfield and Auchiness and the sailing ship Kimburey have been sunk as also has the Danish steamer Omik.

#### Brazil Watching.

Rio de Janeiro, Jan. 19.—A division of the Brazilian navy is protecting the coast presumably as a precaution against the use of Brazilian territory as an operating base by the German raider which is in these waters. Survivors landed here from the sunken and captured vessels have made statements which indicate that no American citizens lost their lives.

**Norwegian Steamer Sunk.**  
London, Jan. 19.—The Norwegian steamer City of Tampico has been sunk in the war zone.

#### INTERESTING RELIC FROM BATTLE FIELD

D. H. McDonald has received from Andy Hepburn, formerly of the city fire staff and now in the motor transport service in France, a copy of The Continental Times, which was dropped on Allied territory on the western front by a German aviator. It is printed in English and contains such news items as are supposed to convince the British soldier that the case of the Allies is hopeless. It also gives in full Chancellor Von Bethmann-Hollweg's speech in the Reichstag on November 9th, in which he blamed Viscount Grey for having brought about the war.

#### HALIBUT ARRIVALS

Yesterday, the schooner Yakutat brought in 32,000 pounds of halibut, which was purchased by the Booth Company at 12 cents. The Director had 22,000 which went to the Pacific Fisheries at 12½ cents. Good weather still prevails outside and big catches are looked for.

#### CONSERVATIVE CHIEF WHIP HAS RESIGNED

(Special to The Daily News.)

Ottawa, Jan. 19.—John Stanfield, chief Conservative whip, has tendered his resignation to Premier Borden but retains his seat in the legislature. W. S. Middleboro, member for North Grey, has been chosen as his successor.

#### WORK HAS STARTED ON DELTA TUNNEL

Howard Campbell, one of the best known and most popular of the old timers of this district, arrived from Hazelton last evening on his way south. Mr. Campbell says that there is to be big mining development work in the interior this spring and summer. Work started yesterday on the tunnel which the owners of the Delta Group are putting in. Five years of machinery have arrived for this mine and a large force of men will be soon to work. The mining prospects in the interior never were brighter.

#### WESTHOLME THEATRE

"From Broadway to a Throne" is the title of a five-act comedy-drama at the Westholme tonight. Carter de Haven plays the leading part and the title suggests much that is funny, while there is possibly a good deal that is exciting as well.

**FOR RENT**—Five-room cottage with bath and range connected, opposite News Office, available Feb. 15. Store 6th Street, Alder Block, \$35. Store with full basement, 25x50, Third Avenue, \$20. Apply W. J. Alder, Suite 30, Alder Block.

#### TURN GERMANY INTO ONE GREAT ARSENAL

The Paris Journal special correspondent at Zurich says:—

At the general meeting of the Allgemeine Gesellschaft in Berlin the chairman, Walter Rathenau, the chief organizer of raw materials for re-equipping purposes during the war, made a speech from which we take the following: "Even those who make no mistake about the reality of the political and military situation have now the impression that, for the first time for a very long while, a distant glimmer of peace appears. But no hope should turn us from our duty.

"We must continue to extend our war factories and build new ones, to increase our production. You know that Hindenburg's strong programme calls for the entire forces of the country, and the immense tension of these forces should turn Germany into one great arsenal.

"It is no longer a war of one army against another; it is a war of material, a struggle of country against country.

"Our adversaries say that time works for them. Time works for no one. Time fights against all. Let us help ourselves. The war has taught us how to apply raw material and man power to the best advantage.

"We must put into practice the fruit of our experiences and of the new methods of war."—Exchange Special.

#### PEACE RIVER FIRE

(Special to The Daily News.)

Peace River, Jan. 19.—A fire of mysterious origin threatened yesterday to wipe out the entire town but it has now been controlled. The damage is estimated at \$20,000.

George A. McNicholl left last evening for Seattle.

#### EXTENSIVE LOGGING OPERATIONS ON ISLANDS

Thirty loggers, who arrived from the south two days ago, will leave for the Queen Charlotte Islands this evening on the Prince John, to go to work for the Thomas Kelly Logging Company, which is starting to take out spruce on a large scale. A party went over there about two weeks ago to prepare for the starting up of the work and it is believed that the operations will be of the most extensive character. The intention of the company is to take the spruce, by means of patent booms, to Vancouver. The company has purchased a large quantity of supplies in town.

#### OFFICERS ELECTED BY LIBERAL ASSOCIATION

The annual meeting of the Liberal Association, presided over by F. G. Dawson last evening, was well attended. The following office-bearers were elected:—Hon. Pres., Rt. Hon. Sir Wilfred Laurier; Hon. Vice-Pres., Hon. H. C. Brewster; President, F. G. Dawson; 1st Vice-Pres., P. W. Anderson; 2nd Vice-Pres., T. McClymont; Secretary, W. E. Williams; Treasurer, W. S. Fisher; Executive: Dr. W. T. Kergin, George Frizzell, Martin O'Reilly, H. F. McKee, W. P. Lynch, James McNulty, John Currie, J. G. Steen and W. Martin.

During the evening speeches were delivered by Howard Campbell, of Hazelton, who assured the audience that Hazelton would give Fred Stork even a bigger majority than had been given to A. M. Manson, and that their member in the provincial house is even stronger today than on the night of the election; Dr. W. T. Kergin, Fred Stork, Dominion candidate for Skeena-Atlin, T. McClymont, A. M. Manson, M. P. P. for Omineca; W. P. Lynch, John Dybhavn, and A. H. Allison. A most enthusiastic gathering closed with the singing of "God Save the King."

#### GERMAN LINER SOLD

#### GERMANS BEING MASSED ON THE SWISS BORDER

Swiss Believe Invasion is Being Planned—Little Doing on West Front—Venizelists Released.

(Special to The Daily News.)

London, Jan. 19.—The Swiss general staff, according to a Geneva correspondent, is convinced that Berlin is contemplating the invasion of Switzerland for the purpose of freeing Alsace from the French invaders. German troops are being concentrated near Basel on the Swiss border.

#### Western Front.

London, Jan. 19.—The British in the Calonne region sprang a mine under the enemy trenches with good results and successfully bombarded the enemy defenders near Greniere.

#### French Report.

Paris, Jan. 19.—The night was quiet along the whole front. Berlin admits the evacuation of the German positions near Serre on the Somme front, but claim that British attacks near Loos were repulsed after violent fighting. Serious artillery duels in the Vosges region and bomb fighting at Steenstraete.

#### Venizelists Released.

Athens, Jan. 19.—Followers of ex-Premier Venizelos, who were held prisoner by the government, have been released. Four delegates, representing the Entente Allies, will exercise full control over affairs in Greece.

#### GERMANS REQUIRE TICKETS FOR BOOTS

The German newspapers announce that, owing to the shortage of leather, the Chancellor has decided to prohibit the buying of boots and shoes in Germany without a special permit issued by the authorities, who have to satisfy themselves that the boots are really needed.—Exchange.

Carl Holm was brought up at the police court this morning charged with the theft of an overcoat. He was committed for trial. Accused had a ticket for Seattle in his pocket.

Word reached town this morning from George S. Fitzmaurice, who is "somewhere in France". On Dec. 22nd, "Fitz" was all alive and kicking.

Alex. Smith underwent an operation for appendicitis yesterday. The operation was successful and Mr. Smith will soon be around again as fit as ever.

### ARMED LINERS

The sinking of fifteen Entente merchant ships points clearly to the necessity for the arming of all our vessels against attack by submarines or raiders. A liner with a few serviceable long range guns mounted and carrying crews from the Royal Navy would be able to give an enemy raider or submarine a pretty lively time of it. Statistics show that, amongst the ships which have been armed, the mortality rate is much lower than amongst the unarmed vessels.

The United States can take no serious objection to such a measure, followed as a means of defence against an attack which is contrary to all the laws of civilized warfare, if warfare can ever be termed civilized. American lives are at stake on every liner which crosses the Atlantic, and it makes no difference to the Hun whether the ship is armed or unarmed, so far as his ideas of humanity are concerned, and the armed ship has at least a fighting chance, while the unarmed vessel has absolutely none. The fact of the matter is that the German pirate has a very healthy regard for an armed ship and will give it a wide berth if there is any danger of his getting the worst of it.

When Sir John Jellicoe intimated that the submarine menace is greater today than at any time since the outbreak of the war, he was doubtless quietly preparing the neutral nations for a change in the Allied policy in the way of defending merchantmen and it is not unlikely that, today, every British and French ship is carrying guns, for defensive purposes only. If they are not, they should be.

### WHY?

Ex-Judge Davidson draws a pension from the Dominion treasury which is supposed to provide for his living and to adequately reward him for his services to the public. He is also drawing salary as commissioner to investigate, when he feels like it or when he is told to, certain matters in connection with the administration of our military affairs. According to Hon. Robert Rogers, a man who does this is guilty of a species of "graft." Mr. Rogers is a member of the government which allows Mr. Davidson to draw pension as an ex-judge and salary as a commissioner. On the statement of Mr. Rogers, he and his colleagues are conniving at "graft" by pensioner Davidson. Why? Is it that Mr. Davidson will wield the whitewash brush as he did to the reputations of Sir Sam Hughes and Sir Richard McBride?—Edmonton Bulletin.

### NOTES AND COMMENTS

The Rumanians may have lost a large part of their country, but, like the Serbians, they have not lost their courage and seem to be "coming back" in great style.

That bunch of Germans which woke at daylight to find a company of charging Canadians right over their dug-outs probably did not realize that they had not been dreaming until they were fling off to the rear.

The financial situation in the United States is the most peculiar ever experienced, there being more gold in that country than the financiers know what to do with. Britain has relieved the situation by borrowing another \$250,000,000, for, after all, such

borrowing must be a relief and the borrower should be able to practically dictate his own terms.

The Allies have amplified their recent peace note to Washington. Probably this was a nice way of informing Wilhelm that, despite his threats of vengeance from above, they had quite definitely made up their minds in the matter.

Britain has not lost a single transport on the Atlantic, despite the efforts of the German submarines. Merchant ships are just as important as transports and the same means of protection should be afforded both.

**GERMANY REPEATED THE BISMARCK TRICK**

(Continued from Page Three)

however, this account is unsatisfactory. Copies of a newspaper supplement containing such momentous news are not usually left where they can be found, removed and sold by mere street vendors. Moreover, the date, July 30, was printed on the supplement, so that it was evidently meant to be issued; as a matter of fact it was circulated only in a very limited number of copies and in the streets around Wolf's bureau, where it was certain to produce the desired effect.

**Quick Censorship.**

Half an hour later the correspondent of the Russian Agency received a request to call at the General Telegraph office at once. On his arrival he was asked to withdraw his two telegrams which the censor refused to transmit. To his plea that so far as he knew there was no censorship in Germany, he received the reply that it had just been instituted and now declined to pass his telegrams. "In that case," he said, "my consent is of no importance, seeing that the matter is already decided." Finally he asked to have his messages returned to him, but they would consent only to his reading, not to his retaining, them.

The Russian ambassador also despatched an urgent message en clair to his government, embodying the contradiction communicated by the Wilhelmstrasse.

Now the significant circumstance is that the ambassador's first telegram stating that general mobilization had been officially ordered throughout the German empire was forwarded with speed and accuracy and reached the Russian foreign minister without delay. And this news was communicated to the Czar, who by way of counter-measure issued the order to mobilize the forces of the Russian empire. But the ambassador's second telegram was held back several hours and did not reach its destination until the mischief was irremediable. That curious incident is of a piece with the Bismarck telegram.

**FROM FAR AND NEAR**

Ketchikan is struggling hard against its unfortunate geographical position in the halibut industry. The Commercial Club of this little Alaskan town urges H. C. Strong to continue his representations to Washington for protection against Prince Rupert.

Herring are running in large quantities in Pender Harbor and the salteries are busy, while large quantities are being put up for bait.

Captain C. F. Cobbold, a director of the Alberta Land Co., which owns the Skeena River Fisheries at Haysport, has been awarded the Military Cross. Captain Cobbold is a large holder of real estate here.

The Pacific Fisherman for January reproduces the recent article in the Vancouver Province regarding the halibut controversy. The article was written in reply to a long review on the "Halibut War" in the Sunset Magazine.

The Pacific Fisherman urges strongly that cannerymen take more interest in salmon hatcheries in order that the run of salmon may be kept up.

F. J. Hayward, of Vancouver, who is interested in the dog fish oil business on Queen Charlotte Islands, disposed of 50,000 gallons of this commodity last year, and says he could have sold four times the quantity if he could have procured it.

Experiments have been made for some time in the making of paper from kelp pulp. So successful have they been that a plant is being constructed at San Diego to go into the business extensively.

Captain R. A. Bartlett, navigator for Perry in his dash to the North Pole in 1909, is having a vessel built on the Pacific coast for his polar trip of 1918. He will be accompanied by Captain Amundsen, the discoverer of the South Pole. The new trip will be made in the interests of science.

**PISTOLS CARRIED INSTEAD OF SWORDS**

The self-loading repeating pistol is the officer's weapon of today. It has superseded the sword not only because it is a more effective arm, but for the reason that the flashing of a sword betrays the presence of an officer to the enemy. It was in the Boer War that automatic pistols, adopted by both armies, came into more general use. Mostly they were of the Mauser type, and pistols of that pattern, hammerless and recoil-operated, are carried by German officers in this campaign. Our own officers have automatic pistols of various makes.

For accurate marksmanship with an automatic pistol considerable skill is demanded. A good shot provided with a good pistol can maintain accurate aim up to fully 1,000 yards.

British officers may be said to make comparatively little use of their pistols during fighting. The officer's most valuable duty is in leading and directing his men, not so much in himself actually taking toll of the foe.—Exchange.

**Bathe Internally and Keep Well!**

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.  
We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.  
You can help Nature in Nature's most effective way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and sure defence against contagion. Over half a million keen, bright, healthy people testify to its result.  
Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:—  
I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.  
Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.
