## SUBMARINES CLAIM SEVENTY-TWO VICTIMS

### CANADIAN VISITORS BARRED IN BRITAIN — WILSON WAITING HOSTILE ACTION

#### SEVENTY-TWO VESSELS SUNK BY SUBMARINES

Many Neutral Ships Sunk—Two Norwegian Officers Killed—California Incident May Not Cause War.

London, Feb. 10.—German submarines continue their ruthless warfare and today sunk four more steamers, one British and three Norwegian. Two Norwegian officers lost their lives when the enemy submarines shelled the steamer Ida, owned in Norway. Since the beginning of the unrestricted submarine campaign 72 vessels have been sunk, a large proportion of these belonging to neutral countries.

##### California Incident.

It is impossible to tell whether there were any American citizens amongst the drowned from the liner California, as the passenger lists contain the names only and do not mention that any were citizens of the United States.

##### Destroyer Sunk.

The Admiralty announces that a British torpedo destroyer of the old type sank in the English Channel after striking a mine. The entire crew, excepting five, were lost.

##### ESQUIMALT WANTS PROMISED DRYDOCK

Victoria, Feb. 6.—A petition of the people of Esquimalt asking the provincial government to bring pressure to bear on the federal government to the end that a drydock be constructed without delay. This matter, it is said, dates back to 1871, the year British Columbia joined confederation. It was agreed between the governments then that adequate drydock facilities and a naval station should be maintained at Esquimalt. The provincial executive will probably take the subject up at once.

##### CASE OF THANKS

#### CANADIANS TO REMAIN HOME IN THE FUTURE

Passports to Britain Are Refused Except in Urgent Cases—Visitors Are a Burden On England.

Ottawa, Feb. 10.—The government has adopted measures restricting the movement of Canadian civilians to the United Kingdom. Passports will be withheld unless the department of external affairs is satisfied of the urgency of the business which demands the presence of a Canadian in Great Britain, and must be assured of the ability of the applicant to maintain himself while over there.

This action has been found necessary on account of the number of Canadians who are now in England, and who are not performing any useful service while they are imposing an unwarranted burden upon the British government in the matter of food supplies.

##### Western Front.

London, Feb. 10.—The British yesterday successfully raided the German positions east of Vermelles and southeast of Ypres. They destroyed enemy dug-outs and captured a number of prisoners. The British also repelled several German counter-attacks and did considerable damage to the enemy defences by means of heavy artillery explosions.

##### GOOD SHOWINGS AT HUNTER BASIN CAMP

In spite of the severe weather and other hardships of winter in a new mining camp, progress is being made at the Hunter Basin property. A small force is running a drift and getting out some very fine ore. This ore varies in width from 18 inches to 3 feet. The drift has been run 160 feet. As yet only hand work is being done, but in the spring a 4-mile piece of road will be built and preparations made for putting in machines and proper equipment. When this property is ready to ship ore it will be real money the teams will haul into town. The vein on which the work is being done shows the full width of the claim on the surface. There are other veins to be developed and numerous other claims in the same vicinity which are of great promise. The Hunter Basin district has been described as a paradise for the man with reasonable capital.—Omineca Herald.

##### GEORGE TITE'S FATHER HAS PASSED AWAY

George H. Tite, of Victoria, father of George D. Tite, of this city, passed away on Tuesday evening. Mr. Tite was called south last Sunday evening on account of his father's illness and had the satisfaction of being at his home when his aged parent passed away. The deceased gentleman was an old timer on the coast having come to British Columbia from Orillia, Ont., about thirty years ago.

The James Carruthers, of the Cold Storage Company's fleet, returned this morning from her third trawling trip, and, having had good weather, she was able to get good results. After being out only four days, the steam-trawler brought in 70,000 pounds of fish.

#### SERIOUS CHARGES AGAINST OFFICERS

North Vancouver, Feb. 7.—After a preliminary trial lasting for several hours, Graham Campbell, a sapper in the Sixth Field Company, C. E., was committed for trial yesterday to a higher court on a charge of having had in his possession, offensive weapons to the danger of the peace. The court was crowded during the entire hearing, among those present being representatives from the officers and men of the Engineers and a number of ladies. The case for the prosecution was to the effect that Campbell, while being conveyed under escort to the ferry, en route to join the overseas draft, drew a loaded revolver and threatened to shoot his escort should they seize him. At a later stage, he entered a store to phone Mr. G. H. Hanes, M. L. A., who is a lieutenant in the Engineers, and emerged from the store with a double-barrelled shot-gun which, after loading, he used to keep his escort at bay, according to the evidence.

On the court reassembling after lunch, Campbell called two Engineer witnesses to prove irregularities against the officers of the Engineers, but neither of the men made any adverse statements.

In his own statement, the accused said he had joined the Engineers, and had applied for a commission. He alleged that, in all cases, commissions could only be secured by Englishmen and members of the North Vancouver Club, where most of the affairs of the company were arranged. There were, he declared, a number of men in the Engineers, who had been there since the war started, and who had no intention of going overseas. On the morning on which he was ordered to proceed overseas he had asked to see the adjutant who, though on the floor of the hall, refused to see him. He was put under arrest, and when he asked the reason for being sent out, he was told he had to go overseas. He was refused permission to call at the telegraph office to ascertain if a telegram had arrived for him, and when he reached the ferry he pulled out a friend's revolver and told his escort that, if he were attacked, he would defend himself.

He accused the officers of the Engineers of using two carpenters for making fancy brackets while the men were sleeping in tents

without flooring, and asserted that there was no law to compel a man to go overseas against his will. The Engineers had used force to do what could not be done legally. In a lengthy statement which the magistrate accepted as an exhibit in the case for the higher court, Campbell accused the Engineers of keeping forty men around the hall on a peace strength while the work in the drill hall and kitchen was being done by overseas men. He also scored the Badminton Club at the drill hall, alleging that the members "are of the class known as 'too proud to fight'; most of them physically fit, but none of them in uniform."

"It is galling," the statement continued, "to see men who enlisted to fight for their country, washing floors and putting up the nets for a lot of lipping creatures who, instead of learning to use a rifle, are knocking about a little rubber ball."

The document concludes with the following: "If the officers of the company love their country so well, why are they content to remain here and play badminton? Do they have to remain to guard the Badminton and North Vancouver Clubs from audacious Canadians?"

##### FAREWELL DANCE TO MR. AND MRS. CARMICHAEL

The Order of the Eastern Star entertained Mr. and Mrs. James Carmichael to a card party and dance in the K. of P. Hall last evening as a mark of esteem on the occasion of their leaving the city for the east. About twenty-five couples were present and a most enjoyable evening was spent. Mrs. Carmichael was one of the original members of the local chapter and will be greatly missed, as she took an active interest in the affairs of the order. The company dispersed in the "wee sma' coors" with the singing of "Auld Lang Syne," following many expressions of deep regret that Mr. and Mrs. Carmichael were leaving the city.

#### WAR CERTIFICATES A GOOD INVESTMENT

The new war savings certificates which have been created by the government to encourage thrift and economy and to give everyone an opportunity to assist in financing our war expenditure, are now on sale at every bank and money order post office in Canada. The \$25 certificate sells for \$21.50, the \$50 for \$43, and the \$100 for \$86.

As an investment these certificates offer many attractive features—chief of which are the absolute security and the excellent interest return. For every \$21.50 lent to the government now, \$25 will be returned at the end of three years.

There are two other features which are especially interesting to small investors. First, the certificates may be surrendered at any time, if the buyer should need his money, and second, each certificate is registered at Ottawa in the buyer's name and, if lost or stolen, is, therefore, valueless to anyone else.

But while they are excellent from an investment standpoint, the certificates should appeal strongly to Canadians because they offer to those who must serve at home a splendid opportunity for a most important patriotic service. The person who honestly saves to the extent of his ability and places his savings at the disposal of the government by purchasing these certificates, may feel that he is having a direct share in feeding, equipping and munitioning our Canadian soldiers, who are so nobly doing their part.

##### RECRUITING

Lieut. E. Evans, C. E., recruiting officer for the Canadian Engineers, passed through Prince Rupert on Thursday to Ocean Falls. He reports a most favorable reception at Granby which will be productive of good results.

Any person desiring further information concerning the Engineers' Service can obtain same from Major J. H. McMullin at the government offices and be furnished with transportation to Vancouver.

Lieut. E. Evans proposes to proceed to Hazelton by the G. T. P. train on Wednesday next.

#### ISSUE OF WAR OR PEACE LIES WITH GERMANY

United States Will Protect Rights of Citizens on High Seas—Atlantic Liners May Have Guns Mounted.

Washington, Feb. 10.—It was authoritatively stated after yesterday's cabinet meeting that, in the event of the President again going before Congress, it will not be his intention to ask for a declaration of war, but that he will follow literally the words of his address in which he made announcement of the severance of diplomatic relations with Germany and that he will simply request authority to adopt all means deemed necessary to protect the lives of American seamen and citizens.

It is firmly believed that President Wilson is more determined than ever that American ships and citizens shall be free to travel the high seas unmolested and, by enforcing that right, the issue of peace or war will be with Germany, and that hostile action must come from the interference with American rights.

The government is expected to consider at an early date arrangements for the conveying and arming of American vessels engaged in the Atlantic trade.

##### Bernstorff's Departure.

The State Department has made arrangements for Count Von Bernstorff and the other German representatives to leave New York on Tuesday on the Scandinavian liner Frederick Eighth, via Halifax to Christiania. Bernstorff specifically requested that the journey be made via Halifax, in order to escape the German submarine zone on the Falmouth route, which will be evaded by making the voyage round the north of Scotland, via Kirkwall to Christiania.

##### Gerard Leaving.

The State Department has no official word of Gerard being detained and Secretary Lansing says that the news despatch to this effect is not likely to be true and that he believes that Ambassador Gerard is now, or will shortly be, on his way home. He will be much surprised if any other course is taken.

##### Berlin Report.

Berlin, Feb. 10.—Ambassador Gerard and party will leave here on Saturday evening for Berne, Switzerland, and are expected to sail for the United States via a Spanish port.

A TRUE STORY

Under the above caption, the Fernie Free Press reproduces an editorial from The Week, an alleged independent weekly published in Victoria, from which the following is an extract:

"The indignation aroused in the ranks of both political parties by the unjust dismissal of the late Deputy Minister of Lands has placed the Minister on his defence, and forced him to offer some explanation. It is a pity that before doing so he did not consult his constituents of Prince Rupert, because they would undoubtedly have warned him against publishing such an improbable story as that which he gave to the press, especially when they themselves were in possession of the facts and the latter were bound to leak out. Those facts are, that prior to the general election the one man in Prince Rupert in line for the Liberal nomination was Mr. G. R. Naden. He was easily the most popular man locally in the party, and his past services to Liberalism, as well as the great strength he had developed practically ensured his receiving the nomination. Then there was Mr. Pattullo, an aspiring young lawyer, whose friends realized that there would be a portfolio going for the northern districts, and as it would probably be the portfolio of lands, it would be almost bound to go to a lawyer. Prince Rupert also was ambitious and wanted a portfolio. So a bargain was struck; Mr. Naden and his friends agreed to stand back, allow Mr. Pattullo to get the nomination, and do their best to secure his election with the proviso that if he succeeded Mr. Naden was to get the position of Deputy Minister of Lands. No further explanation is necessary, and under the circumstances it is little short of contemptible to suggest, as the Minister does, that it was necessary to get rid of Mr. Renwick, in order to clean up the department."

The first essential of a "true" story is that it be true, and we may safely leave it to members of both political parties

in this city and district to sift out the truth contained in this yarn. It will be harder work than looking for a needle in a haystack. Where the editor of The Week got his information is hard to say, but the story has the appearance of having been rigged up for the occasion. It will be news to Mr. Naden that he ever had any idea of running as a candidate here, or elsewhere, while so far was that gentleman from making any arrangement regarding the post as deputy that the minister of lands had a hard job to persuade him to accept the post when it was offered to him.

The most amusing part of the story is that which describes Hon. T. D. Pattullo as an "aspiring young lawyer." It is too bad that "T. D." has been keeping this information up his sleeve for so many years. The "lawyer" statement gives a true measure of the truth of the story, and it is to be hoped that the editor is a little more careful about the truth of his news items than he is about the truth of his "true" stories.

NOTES AND COMMENTS

If the United States goes to war over the California incident, it will place Washington in rather an awkward predicament, as the sinking of this liner is no greater offence than many that have been committed and it is certainly not to be compared with the Lusitania incident. When Washington did not go to war over the sinking of the Lusitania, it is hard to imagine how she can make an issue of the California murder.

George Washington, the negro who was murdered by the Germans in the submarining of the Turino, may go down in history as the cause of the United States entering the European war.

If Germany is to control the seas with her submarines, Von Bernstorff need not have had Washington apply to Britain for a safe passage home.

The Post Office Department has received a cable from London stating that no more parcels of

GILLETT'S LYE EATS DIRT

food are to be sent to prisoners of war in Germany. This does not mean that the work of the Prisoners of War Department of the Red Cross Society has been suspended. It is more necessary than ever that this work should go on as the only means of sending articles to those prisoners is through the Red Cross Society in London.

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

**ALBERT VARNER**  
 Buckingham, Que., May 3rd, 1915.  
 For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well".

## WHITE SAIL CLAIMS TO BE DEVELOPED

Development of the mining industry at the head of Ootsa Lake is on the schedule for the coming season. Galena, silver-lead, zinc and copper ores have been assayed from this district Messrs Harrison, Garde and others from Prince Rupert have forty claims. A motor boat 25 feet in length and 6 ft. beam has been ordered to be delivered at Burns Lake in February. It will be hauled over land to Ootsa Lake and in the spring will go up the White Sail River to White Sail Lake where the claims are located. The plan for transportation is for a narrow gauge railroad, with ore cars that can be transferred to scows at Ootsa Lake, then via another narrow gauge to the head of Francois Lake, down the lake via scow and steamer and out to the G. T. P. at Stella. This will take the ore cars out without reloading from mine to the smelter.

These ores are very high grade and it is known that the mineral zone is of great extent. Government geologists have visited the district and examined it carefully. Their reports were most encouraging. Ootsa and Francois Lake districts will be made by the development of the White Sail mineral section.—Omineca Herald.

## In the Letter Box

**EDITOR, DAILY NEWS,**  
 Dear Sir:—In your issue of Feb. 2nd, I was surprised to read an announcement of my wedding, written under the heading of "wedding bells." I wish through your paper to correct the misleading statement. It is a false rumor, as no such event took place.  
 Perhaps the person who supplied you with the information will be kind enough to prove the statement or send me an apology through your paper, or otherwise I shall be compelled to take further proceedings.  
 Yours respectfully,

**2,000,000 Belgians Depend on us for Bread!**  
 Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.  
 Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!  
 No people under the Allied flag are so well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!  
 Send your contributions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

**The Case of A.B. Smith Retailer.**  
**A. B. SMITH** has a dry goods store in a certain Canadian city. He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then. This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.  
 Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things.  
 What Smith should do is this: If he is located in one of the smaller cities, in which there are no advertising agencies giving a local copy service, and he has no one among his own staff qualified by instinct or experience to write the daily announcements, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising-manager, will be only too glad to give Smith the assistance desired.  
 If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.  
 In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.  
 So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.  
**This man Smith---do you know him? Are YOU Smith?**  
 If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.  
 If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
