## GERMANY DEFEATED THIS YEAR SAYS HAIG

### GERMAN RAIDER REPORTED SUNK OFF BRAZIL---GERMANS PLAN CUBAN REVOLT

#### HAIG SAYS THIS YEAR WILL BE DECISIVE ONE

Great Preparations for Final German Defeat—Many Miles of Railways Built—Admiralty Confident.

(Special to The Daily News.)

Paris, Feb. 14.—Sir Douglas Haig, in an interview with war correspondents here, stated that this year will be the decisive one and that Germany will be beaten. The Allied military authorities are busy building strategic railways behind the Allied lines and three hundred and fifty kilometers (about 220 miles) have been built during the past few months. The munitions output is at its maximum and at present the supply exceeds the needs of the Allies but the Entente forces must have more heavy artillery.

#### Submarine Menace.

London, Feb. 14.—Admiral Lord Charles Beresford, in the House of Lords yesterday, asked what measures had been taken to meet the German submarine menace, which had reached serious, if not alarming, proportions. Lord Lytton replied that the country measures adopted by the Admiralty had already achieved great success since being put into effect and the result justified their having confident expectations for the future.

#### Western Front.

The British forces raided German positions east of Souchez last night and killed a number of Germans, while others were made prisoners. Raids were also successfully carried out near Neuville St. Vaast, Loos and Ypres. In the Ancre region, the Germans made unsuccessful attacks on the British positions and tried to re-capture the newly-captured hill in this sector. They also attacked several camps east of Parlova, but all were unsuccessful.

#### WHITE AUSTRALIA

(Special to The Daily News.)

Sydney, Feb. 14.—Speakers at the annual meeting of the British Immigration League meeting emphasized the necessity of having a greater population in Australia but pointed out that they must have a white Australia. Several speakers pointed out the necessity of fostering trade with Russia.

The solicitors for the Patriotic Fund will call on you Thursday the 15th.

#### CRUISER GETS GERMAN RAIDER AFTER TUSSLE

Gruelling Fight Off Brazil—The Admiralty Convoys Liners Over The Atlantic—Lane of British Cruisers.

(Special to The Daily News.)

Buenos Ayres, Feb. 14.—A report received here states that a British cruiser has got a German raider after a gruelling battle off the Brazilian coast.

#### Steamers Convoys.

New York, Feb. 14.—Seven steamers have arrived here from British ports, having made the trip across the ocean without mishap. A cordon of Allied warships convoyed them across the Atlantic. Trawlers swept the ocean lane clear of mines ahead of the convoy and fast cruisers gave ample protection against submarines and raiders. A funnel shaped lane of boats has been formed to protect all ships.

#### Admiralty Supreme.

The British Admiralty demonstrates a wonderful supremacy on the high seas in protecting shipping in the barred zone. Admiral Bacon says not to worry about the submarines and that the German boats are unwarranted. He says that the U boat successes are slight and should not cause any alarm.

Official heads of all the big United States corporations display great readiness to act in the event of war. They are preparing for the quick mobilizing of troops and special committees have been selected for the handling organization from many angles.

#### PRINCE GEORGE WILL BE OVERHAULED HERE

An impression seems to have been created, as a result of the discussion at the recent meeting of the Retail Merchants, that the Grand Trunk Pacific does not intend to overhaul any of its steamers here. The Prince Rupert comes on the run in place of the Prince George next week, and it is certain that the Prince George will be overhauled at the drydock here.

#### RUSSIAN OFFICIALS VISIT UNITED STATES

(Special to The Daily News.)

San Francisco, Feb. 14.—Nineteen officials of the Russian ministry reached here yesterday on the Japanese liner Shinyo Maru. They are here to make a survey of the Russian population in the United States. The party will also visit Canada.

#### OTTAWA PLANNING REORGANIZATION

Canadian Surgeon-Colonel Gorrell, Who Recently Committed Suicide, With His Majesty The King.—This interesting photograph was taken a few months ago by a member of the Canadian Expeditionary Force, at the Duchess of Connaught's Hospital at Cliveden, near Taplow, of which Colonel Gorrell was Commandant, before the recent enquiry. Her Majesty is between the two. On the left is nursing matron McDonald. Their Majesties were frequent visitors to the Duchess of Connaught's institution.

#### THREE BRAVE SONS RETURN FROM FRONT

Three of Prince Rupert's brave sons returned home this morning after having "done their bit" in the trenches. Allen Robertson, a son of the heather, and formerly partner of George McColl, is still suffering from the effects of shell concussion. He was blind for several days after being admitted to hospital but his sight gradually returned, though his eyes are still weak. He also received shrapnel wounds in the head and stomach.

Joe Hutchinson, formerly with the H. S. Wallace Company, was one of the party. Joe received severe shrapnel wounds in the arm and still feels the effects, after spending many weeks in hospital. Both boys will report at Esquimalt at intervals during the next six months and, if still unfit for further active service, will be discharged.

When Allen Robertson was able to take notice of things in the field hospital in France, he found that he was being cared for by Miss M. S. Fulton, formerly of Prince Rupert. The boys were accompanied to Victoria by Miss Fulton, who is now preparing to return to the front.

The third member of the party was N. Bokshytz, a native of Russia, who left here with the second contingent. "Nik" has difficulty in turning his head, as he is suffering from a severe shrapnel wound in the back of the neck, a livid scar running up to the base of the skull. He also received shrapnel in several other parts of his anatomy and was altogether pretty badly shot up. When asked "Are you through now, Nik?" he replied with a big smile, "Not yet."

#### LEGISLATURE OPENING HAS BEEN POSTPONED

Victoria, Feb. 13.—The opening of the provincial legislature has been postponed until Thursday, March 1st.

#### RED CROSS SALE

Mrs. Charles L. Monroe and Miss Scott will have charge of the Red Cross sale on Friday first, in the rooms on Third Avenue. The ladies are doing great work at these sales and the public is responding nobly to the demands of the boys at the front. Each week a good sum is contributed and the good work must be kept up until the war is over.

Selling out at cost, phone 493, Cavenaile & Hannan.

#### BRITISH HAVE KUT COMPLETELY HEMMED

(Special to The Daily News.)

London, Feb. 14.—In the Irak theatre of war, the British continue their drive against the Turks and now have them completely hemmed in around Kut-El-Amara in Macedonia.

On the Macedonian front, the Italian forces last night repelled a German surprise attack between Cerna and Lake Presba.

#### ASSAULT CASE

Stanley Wozny, John Wozny, Dan Small and Mike Iwanich, the participants in the knife and fork scrap on Second Avenue, were brought before Magistrate Carrs yesterday. Stanley Wozny was dismissed, but the other three were fined \$15 each, one of these being the informant. It transpired in the hearing of the case that Mike was largely responsible for the starting of the fight.

#### GOOD ADVERTISING

The Monetary Times devotes a column and a half to the annual report of City Treasurer Johnson, quoting at length from Mr. Johnson's statement. The Financial Post also devotes over a column to the report, giving a detailed statement of Mr. Johnson's figures.

#### TOPNOTCH SHOW AT WESTHOLME THEATRE

The Westholme was filled to overflowing last night and none could have been disappointed with the special fare provided. The five-act Famous Players' feature, "Public Opinion," in which Blanche Sweet played the leading part, proved one of the finest productions of this deservedly popular company. Miss Sweet was never seen to better advantage. The photoplay was full of interest from start to finish, while it also provided several thrills. Chaplin in "The Rink" was funnier than ever, while he gave an exhibition of roller skating worth seeing alone. Charlie and the big fellow kept the audience in fits of laughter. This is something to be seen and not described. The same show is repeated tonight and is bound to draw another crowded house. Ed. Stilwell's motor effects were very effective.

#### CANADIAN PATRIOTIC FUND

Meeting of canvassers tonight at 8 o'clock in the city hall. Will all who have already received notice please attend this meeting.

#### CUBAN REVOLT ENGINEERED BY GERMAN AGENTS

Wilson Determined to See Things Through—Peace Talk is Over So Long As Submarines Are at Work.

(Special to The Daily News.)

New York, Feb. 14.—Dealing with the revolt which is threatened in certain quarters in Cuba, the Tribune says that coincident with the revolt there was unusual emigration of Germans to Cuba from New York. Since the situation between Germany and the United States became critical about one hundred Germans left here, first taking out papers as prospective American citizens, as they could not have obtained passports otherwise. An extensive revolt in Cuba would necessitate the use of American troops to restore order under the terms of the Platt amendment.

#### Washington Situation.

Washington, February 14.—By quickly and sharply replying to Germany's suggestion of the reopening of negotiations for peace, President Wilson has handed out a hint to the organized pacifists and propagandists. Those close to the president intimate that he has shown those working against war that they are laboring at the wrong end of the trouble. If there is an armed clash, the president emphatically says that the blame will rest on the shoulders of Germany. The way to peace he declared is for Germany to withdraw her U-boat decree.

Germany's tactics towards Ambassador Gerard and other Americans has aroused anger, and the official notice that the Yarrowdale prisoners have again been detained in Germany has served to increase the spirit of bitterness toward Germany.

Demands for the release of the Yarrowdale prisoners will be made on Germany, and with the demand will go an explanation that the United States is not seizing German ships or crews and that America is only interested in seeing that the German ships are not sunk so as to become obstructions to American harbors.

#### Wants Ports Opened.

Count Von Bernstorff will sail on Wednesday. Senator Salisbury today offered a resolution to throw down the neutrality barriers and to throw open all United States ports to Allied war ships. He said, "This might enable the government, without the declaration of war, to assist in preventing the violation of our rights at sea by giving assistance to those who are at present combating these violations." It is understood that Salisbury's resolution has the complete approval of President Wilson.

The State Department regards Dr. Bartheleme, a German newspaper man in Washington, as unwelcome and prefers that he return to the Vaterland along with Bernstorff.

#### RALPH SMITH DIED OF EURAEMIC POISONING

Victoria, Feb. 14.—Euraemic poisoning was the cause of the death of Hon. Ralph Smith, after a very brief illness. The announcement came as a profound shock. The deceased statesman had a long and honorable record in public life.

Premier Brewster declares that the late Mr. Smith was an administrator of pronounced ability. The leading citizens of Vancouver speak in the highest terms of the deceased.

#### PHOTO SHOWS SIX SERBIANS HUNG BY HUNS

Dead Officer Yields Evidence of Brutality—Liner Afric is Sunk—Twenty-two Lives are Lost.

(Special to The Daily News.)

London, Feb. 14.—The Times this morning has received from the Serbian Legation a copy of a photograph found on the body of a dead German officer showing six Serbians hanging to posts near the railway station at Krushevatz, in the part of Serbia in the possession of Austria. Between fifty and sixty thousand Serbian women and children have been deported and interned in Austria for alleged crimes.

#### Liner Afric Sunk.

Five persons were killed outright when a German submarine sunk the White Star liner Afric, a vessel of 12,000 tons, yesterday. Seventeen of the crew are missing. The Afric was in the employ of the British government. She was a steel vessel.

The British steamer Saxonian landed today two boatloads of survivors from the sunken liner. The survivors had been afloat on the open sea in small boats for sixty-eight hours. There were three Americans amongst the crew.

The Greek steamer Aghios Aprydion, of 768 tons, has also been sunk.

#### Austria Lagging.

British officials think that Austria would like to quit but that the visit of the Emperor Wilhelm to Vienna may bolster up their flagging spirits.

#### Swiss Precautions.

A Reuter despatch from Berne says that the officials of the trades unions and socialist organizations, numbering approximately ten thousand, who have hitherto been exempt from military service, are being called up.

#### LADIES, ATTENTION!

Mrs. W. T. Kergin and Mrs. Holby will be at the Red Cross rooms tomorrow morning to give a demonstration on the knitting machine. Mrs. Holby, who has thoroughly mastered the working of the machine, will have the knitter at her home for some time and will be glad to initiate any ladies who are willing to go into the mysteries of it. It is an enormous help in turning out socks for the boys and the ladies are invited to take advantage of this labor-saver.

The Patriotic Fund has got to have four times as much money as last year. The demands are terrific.

## NATURALIZATION

The question of the value of naturalization papers has come prominently to the front since the break with Austria and Germany in 1914, and, now that there is a possibility of the United States becoming embroiled in the struggle, it is more prominent than ever. We are not concerned with the American situation, but the Canadian situation does call for thought upon the part of Canadians.

For years past Canada has been endeavoring to increase its population. The rest of the Empire could not possibly supply enough immigrants, therefore, the claims of Canada were placed before the citizens of the various European countries with a view to inducing them to come and make their homes in the Dominion.

The appeal of Canada met with a hearty response and vast numbers of men came over here. The great majority of these were of the laboring classes, and, Canada being in the midst of a period of railway construction, they were welcomed. It was natural that many of these immigrants should come from Germany and Austria, as well as from Russia, Norway, Sweden and the other countries. Probably a large majority, certainly a large number, of these immigrants left their homes in order that they might live under a government which gave individual freedom. They, in very many cases, left their home countries because they objected to the military rule which obtained. They refused to become conscripts and serfs of a military class. In doing so, they cut off all possibility of ever returning to their homes, and, in many cases, made many sacrifices, most of them leaving their families in the old land, never to see them again.

It is only natural, at a time like the present, that there should be a certain amount of suspicion against immigrants from Germany and Austria, but it is well that we should not allow our suspicions to warp our judgment or our better feelings, nor should we allow

it to interfere with the future welfare of this Dominion, which still needs millions of men and women. When these Europeans come over here, it is better that they should qualify as Canadian citizens than that they should remain aliens, that is, provided care has been taken to find out whether they will be acceptable as Canadians. It may have been made too easy for some to become Canadians, and anything easily got is often valued lightly. That, however, is merely by the way. The fact remains that there are many naturalized Canadians today who are in a very awkward predicament. They have renounced their native land; they have broken all family ties, and have thrown themselves heart and soul into the work of developing Canada. War comes, and they, through no fault of their own, find that they are neither Canadians nor anything else. If Canadian naturalization papers are truthful; if they are more than mere scraps of paper, these men are Canadians, just as surely as if they had been born in Canada of Canadian parents. If the privileges given by their papers are to be taken away, they are people without a country; exiles for all time. They dare not return home, yet many would deny them their rights as Canadian citizens.

It is true that many naturalized Germans have shown themselves to be Germans still, by their actions since the outbreak of the war. In every instance of this kind, prompt and drastic action should be taken, but it is un-British to condemn men in the mass because a few have committed a crime. When a man has taken the oath of allegiance to Canada, and has shown himself to be a thoroughly good Canadian, the fact that he was born in Germany should not be held against him. He is not responsible for the accident of his birth. A man must be estimated according to his actions and not according to his birth-place. If naturalization papers mean nothing, it would be better that they be done away with entirely.

## HON. RALPH SMITH

In the death of Hon. Ralph Smith, British Columbia loses one of its political landmarks. The deceased minister began life with rather a meagre education but possessed of a fund of sound common-sense, coupled with the shrewdness which is common to men of the north of England, though Scotchmen are usually given credit for having most of it. As a practical miner, Ralph Smith was well-suited to represent the working man in the legislature, and, if his views in later life did not always exactly coincide with those of the labor men, it was largely due to the fact that the minister had been able to take a wider view of life, embracing all classes. His death will have cast a deep gloom over the cities of Vancouver, Victoria and Nanaimo in particular, as it has done over the whole province in general. It is particularly sad that this doughty fighter should have been cut off just on the threshold of the new legislature in which he was expected to play a prominent part.

Premier Brewster will not have far to look for a successor, though it will be with very deep regret that he will do so. Pat. Donnelly, the Liberal candidate in Vancouver, who was relegated to seventh place on the soldiers' vote being counted, seems to be the likely nominee, and it is almost certain that Vancouver will return him by acclamation. Mr. Donnelly is eminently suited to fill the position in the cabinet, and that he is a man of broad views was shown by his speech following the intimation that he had not been elected.

With 400,000 Canadian soldiers under arms the Patriotic Fund this year will need increased contributions.

## FROM FAR AND NEAR

Light deck guns firing projectiles of from 4 to 6 pounds, in the hands of trained gunners, have been found effective in dealing with submarines.

A British aviator performed one of the most thrilling feats of the war the other day, when he, while acting as observer on an aeroplane which had been damaged, climbed out on to one of its wings and stood there to balance the machine while it glided to earth. The pilot brought it safely to land.

W. E. Ditchburn, who has been inspector of Indian agencies in the southwestern part of the province for the past seven years, has been appointed chief inspector of agencies for the province.

Boys under seventeen years of age, who have been taken overseas as drummers and buglers, are to be discharged. Boys of over 17, who are well developed and who will reach the age of 18 shortly after arriving in England will be accepted for service.

South Vancouver Liberal Association recently passed a resolution protesting against Hon. Robert Rogers being sent to London as a Canadian representative to the Imperial Conference, in view of the finding of the commission of enquiry into the Winnipeg scandals. A copy of the resolution is being sent to Premier Borden.

Thornton K. Fell, clerk of the British Columbia Legislature since 1879, continues in that capacity under the new government. This is Mr. Fell's fortieth year as clerk. He has served under ten speakers, being all but the first.

The leading German Socialist organ, *Vorwaerts*, asserts that the Socialists in Germany do not endorse the new unrestricted submarine campaign.

The Vancouver Province is making amends for its recent forgetfulness regarding the Prince Rupert drydock by devoting considerable space to the structure in its columns.

2,000,000  
Belgians  
Depend on us  
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flag are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!
