## WAR RESOLUTION PASSES IN THE SENATE

### MAJORITY IN FAVOR OF DECLARING WAR AGAINST THE GERMAN GOVERNMENT

#### STATE OF WAR NOW EXISTS BETWEEN U. S. AND GERMANY

RESOLUTION PASSES SENATE BY OVERWHELMING MAJORITY  
—OF SENATORS ONLY SIX VOTE IN THE NEGATIVE  
—RESOLUTION WILL PASS IN HOUSE  
OF REPRESENTATIVES

(Special to The Daily News.)

Washington, April 5.—The resolution declaring that a state of war exists between Germany and the United States was passed through the Senate yesterday by an overwhelming majority, there being eighty-two senators for and only six against the resolution. It will at once come up in the House of Representatives for consideration and it is understood that it will be endorsed there unanimously. In the Senate, McCombs' substitute resolution to declare the existence of war on the sinking of another American ship by Germany, was defeated without a roll call. The senators voting against the passage of the resolution were, Gronna, North Dakota; La Follette, Wisconsin; Norrie, Nebraska; Lane, Oregon; Stone, of Missouri, and Vardaman of Mississippi.

#### Deepest Chagrin.

The news of President Wilson's speech to Congress recommending the passage of the resolution has been received "with deepest chagrin" by Berlin, the foreign office officials at The Hague stated today. The Berlin officials profess their inability to understand the President's pronouncement and disclaim all responsibility. The German Government leaders have said that Americans could remain in Germany unmolested as long as Germans remained unmolested in America.

The Berliner Tageblatt declares that Germany must not underestimate the importance of the United States entering the war, as America is the richest country in the world. But the German people seem convinced, according to the same newspaper, that the participation of the last great neutral in the war will not defeat Germany.

#### LILLOOET TO FINISH HECATE STRAIT SURVEY

Preparatory to starting out on her annual northern cruise, the Dominion Government hydrographical survey steamer Lillooet is now being fitted out at Esquimaux. The steamer is due to get away from port on April 11th.

Lieut. - Commander Musgrave, of the Lillooet, says the most important work to be carried out by the Lillooet this year will be the completion of the survey of Hecate Straits, the survey of this waterway having been inaugurated last summer. Both sides of the Hecate Straits will be surveyed, and it is expected that the operations along this particular section of the coast will occupy practically the whole of the summer. On the way north the Lillooet will carry out some general survey work in Millbank Sound and in the vicinity of Ocean Falls.

#### WAR ORDERS COMPLETED

Montreal, April 4.—The business of making shells for the Allied governments came to an official end in the United States today, according to a New York dispatch to The Gazette. Plants erected in many parts of the country for the exclusive purpose of manufacturing shrapnel and high explosive shells and fuses have been closing down during the last two weeks, and workmen have been shifting into other lines of activity. The Gazette dispatch reads. All the shell contracts have not been completed, and some will run for a time, but the great bulk of the work, which amounted to hundreds of millions of dollars last year, is finished.

#### MUST PAY TAX ON ENTERING THE STATES

Ottawa, April 4.—The proposed head tax of \$8 on persons entering the United States from Canada, discussed at a conference of Canadian railway officials at Niagara Falls, is understood to be contemplated by the United States Government and not the Dominion Government. Authorities here are in doubt as to the exact nature of the regulation, which becomes effective, it is understood, after May 1.

#### Over Wilson's Veto.

Washington, April 3.—The \$8 tax on aliens entering the United States, which applies to all nationalities, including Canadians, was imposed by the immigration law which was passed over President Wilson's veto in February. It becomes effective May 1. Canadians, Newfoundlanders, Cubans and Mexicans entering the United States for a temporary stay are exempt if they have resided uninterruptedly in these countries one year preceding such entrance. The tax must be paid to the collector of customs of the port or customs district to which the alien comes; but if there be no collector at such port or district, then to the nearest collector, or the master, agent, owner or consignee of the vessel, transportation line, conveyance or vehicle.

IMPERIAL PALACE IS NOW THE CZAR'S PRISON.—This is a picture of the Alexandroff, or New Palace, which has been described as a "Stucco rococo" monstrosity. It is situated in Tsar-koe Selo, or the "village of the Czar," which is located some fifteen miles south of Petrograd and has two palaces and a population of 30,000 people. It is here that the abdicated ruler of Russia is held a prisoner by his people.

#### RUMORS OF PEACE MOVES BY GERMANY

(Special to The Daily News.)

London, April 5.—A new peace move is being forced by Austria upon Germany. This is forecast in extracts taken from the Lokal Anzeiger. A declaration is made of the forthcoming announcement that Germany will make the offer worth while. The belief of close observers of German and Austrian conditions is that the Teutonic officials realize that they must make great concessions. According to the German belief the peace offer will appeal with special force particularly to Russia.

#### FOUR MOOSE JAW CARS RUN BY WOMEN NOW

Moose Jaw, March 31.—Four Moose Jaw street cars are being run today with women as conductors, thereby, it is thought, setting a precedent in Canada. The women wear grey uniforms, with military caps, skirts to just below the knees and leggings.

#### TROUBLE IN GERMANY

(Special to The Daily News.)

Amsterdam, April 5.—Dispatches received here say that labor troubles have broken out at the Vulcan Shipbuilding Works in Hamburg.

#### ARMED VESSELS SAFE

(Special to The Daily News.)

Washington, April 5.—The armed American steamers Finland and St. Paul have reached Britain safely, having escaped the submarine menace.

#### LAST HOPE GONE

(Special to The Daily News.)

London, April 5.—Speaking here today, Viscount Bryce says that the last German hope is gone. The entry of the United States into the war killed any glimmers of a final Teutonic victory. The German people must shake off militarism. The attitude of the new and the old world is proof against autocratic savagery.

It is considered here as very improbable that the full text of President Wilson's speech will be published in the German press. The Allies are considering a plan of distributing it broadcast over Germany by aeroplane.

Many new goods for Easter—Wallace's.

#### RETAIL MERCHANTS AND THE G. T. P. S. S. CO.

At a meeting of the Retail Merchants Association last evening, for which an invitation had been extended to the Board of Trade, the matter of the boycott of the Grand Trunk Pacific steamers was referred to. Assurances had been given by the G. T. P. people that machinery was in motion to bring about that which the boycott had stood for. This action could not be accomplished in one week nor two, but the G. T. P. had guaranteed to do it within three months, and they asked that the boycott be raised for that time. The boycott was instituted for the purpose of bringing pressure to bear on the G. T. P. to have their steamship headquarters where it rightfully and logically belonged, namely, Prince Rupert. It was felt by the meeting that if at the end of the three months, the G. T. P. did not come through as they promised, the boycott could be resumed even more effectually. The matter was discussed very fully and in the end it was agreed to raise the boycott for the period of three months requested by the company.

#### WELCOMING THE RETURNED SOLDIER

A large and enthusiastic gathering greeted Sergeant McIntosh last evening in the Baptist Church parlors. A very sociable evening was spent, after which the usual cup of coffee afforded ample opportunity for manifestation of good-fellowship. In replying to the welcome extended to him by the pastor, Sergeant McIntosh made reference to the satisfaction which was his in renewing pleasant associations. The sergeant left here with Captain Clayton and arrived in France with the Pioneers. It was his sad experience to have his pal, who was also his associate here in Prince Rupert, killed by his side. Sergeant McIntosh speaks very highly of the treatment accorded him in England. He will return to Sidney next week until in fit shape to receive his discharge.

#### TAKE YOUR MEDICINE

At the meeting of the Retail Merchants last night, it was intimated that information had been received of a boycott of the Prince Rupert merchants by certain of the staff of the G. T. P. in the city. It seems that a mutual agreement had been made to set off the merchants' boycott of the steamship company and those members of the G. T. P. staff were sending out of town for their supplies.

"What are we going to do about it?" was asked. In a sportsman-like manner the secretary replied, "Take your medicine."

#### TRANSPORTATION TO THE ISLANDS

At the meeting of the Retail Merchants last night, the matter of the steamer service to the Queen Charlottes was gone into and discussed at some length. General dissatisfaction was voiced with the present state of affairs.

In the course of the evening the president introduced Mr. A. R. Mallory, J.P., of Port Clements, who is waiting for a chance to get home. Mr. Mallory told of the difficulties of the growers on the Islands in getting their stuffs to market. The Queen Charlotte Islands are very fertile and can produce marketable produce in large quantities. For four years in succession Graham Island has carried off the district prize at the Prince Rupert Fair. The natural trading point for the Islanders in Prince Rupert, and yet the facilities for transportation are such that a man may have to wait in Prince Rupert for a month before he can get a steamer back again. "I want to make this statement," said Mr. Mallory, "that if the people of Prince Rupert can devise some means whereby our transportation will be improved, the people of the Islands will give it every support."

Mr. Mallory showed that the fortunes of Prince Rupert and the Islands were bound up together. The Islands produce what Prince Rupert requires, and are only one hundred miles away. All kinds of farm produce can be produced, but, heretofore, it has been impossible to ship them. Mr. Mallory instanced the case of one man who was raising pigs over there. He learned that the steamer was due on a certain day, and had his pork killed and dressed and all ready for shipment, but the steamer had to go to Granby and arrived a week late. "Just imagine the condition of that pork before it could be shipped," said Mr. Mallory. The result was that this particular man was put out of business, and Prince Rupert people have to buy their pork from far away. Even at this present moment there is a scarcity of the actual necessities on the Islands. Two men have had to come over in a twenty-foot boat to buy food. "It is quite an uncomfortable condition to be in," said Mr. Mallory.

The opinion of the meeting seemed to be that if the Grand Trunk people were not going to give the service, the mail subsidy should be taken from them and given to others who would do so.

#### BRITISH AND FRENCH RACE TO ST. QUENTIN

Both Armies Steadily Pushing  
Forward on Cathedral City—  
French Patrols on the  
City Outskirts.

(Special to The Daily News.)

London, April 5.—The perfect co-ordination which has characterized the advance of the Allies on the western front drove the ring of steel closer to St. Quentin today. To the south of the city the French have thrust forward on a front of eight miles and have captured three more villages and the domination of a series of heights only two miles from the town. It seems to be a race between the two armies, as to who will take the city first, and both armies continue to push steadily ahead, notwithstanding the resistance of the enemy. To the south of La Fere, the French are tightening the pressure against the German lines and are driving forward another wedge in the direction of Anizy.

#### A DOUBTING MEMBER

At the Retail Merchants meeting last night regarding the lifting of the steamer boycott, one member said that he had not much confidence in what the Grand Trunk people said. "Six weeks" was the time mentioned previously in connection with another matter, and now "three months" did not look good to him. He thought the merchants should stay with it until the Grand Trunk produced the goods. But the meeting decided otherwise.

UNCLE SAM'S PROBLEM

The problem of dealing with internal trouble in the event of war between the United States and German is giving the Washington Government no little concern. Some steps of a tentative character already have been taken. Two lists of Germans in the country to be dealt with have been prepared, one enumerating those who should be interned immediately and the other consisting of persons to be watched. Neither of these lists is complete and the facilities of the Secret Service are limited. On the other hand the German population is numerous and widely distributed.

The total number of Germans in the United States, estimated on the basis of the census of 1910, is 8,282,618, of which 2,501,181 are foreign born. Of the latter, New York has the largest proportion, 436,874. Illinois is third with 233,384, with Pennsylvania, Michigan and Minnesota following in the order named. Iowa has 98,758, Missouri, 88,224, and California 76,305. The total includes more than 300,000 reservists, many of whom may be storm centres, and every one of whom, therefore, would have to be interned immediately war developed between the two countries.

There are thus numerous elements of combustion in the neighboring republic, even if the majority of foreign-born Germans behave themselves. The problem would be complicated by the fact that German sympathizers in many quarters not improbably hold positions of trust which would enable them to facilitate conspiracies calculated to hamper the country in its prosecution of war. At the same time there is little doubt that German agents caught in acts of treachery would be swiftly punished. Where the processes of the courts were regarded as too dilatory the loyalists would take matters into their own hands and initiate the culprits into the simple ceremonies of the law as administered by Judge Lynch.

LIKE COMMON MALEFACTORS

A French deputy has introduced a resolution providing for the establishment of an international tribunal for the

trial and punishment of those responsible for the war and the innumerable atrocious acts authorized by them during the struggle. That is to say, the German Emperor, the Crown Prince and all the other members of the warbund who survive should be dealt with according to the elementary laws common to all civilized nations, particular attention being given to the instigators and agents of frightfulness.

We shall be very greatly mistaken if some such action as this is not demanded by the peoples of the various Entente states and any government which in its attitude towards the murderbund of Potsdam adheres to the time-honored practice of treating beaten malefactors with punctilious courtesy and respect would meet with a very hard fate. Before the war is over the whole outside world will be against Germany, owing to her violation of every canon of humanity and decency. In sentiment it is already against her. Her responsible leaders are regarded as criminals of the deepest dye in every country except her own and the states allied to her. These men should be punished as such if they should survive the wrath of their own people. Let the world go on record as wiping out the distinction hitherto made between criminals in war and criminals in peace, between state morality and private morality. Let kings, emperors and dictators realize that they are no more immune from summary execution for heinous crimes perpetrated in the name of war than Gyp the Blood was for his criminality, and one source of danger to world peace will be materially checked.

An international body for the maintenance of peace should have the power to punish those who break its laws. In the case of Germany, Austria, Bulgaria and Turkey it is possible of course, that there will be no opportunity of teaching a never-to-be-forgotten lesson in this respect. Revolutions may save the world the trouble; they may make an even cleaner sweep of the Prussian and Magyar militarists than the French revolution made of the Bourbons; many refugees from France found a shelter in Eng-

land and there will be no such haven for proscribed Prussians. But if the pitiless ruffians who authorized the murder of women and children in this war, who sank hospital ships, who poisoned wells, who executed Edith Cavell and Captain Fryatt, survive an uprising at home, they should be gibbeted as summarily as the meanest criminal according to the laws of the nations they have outraged.

ANOTHER SPEECH BY BETHMANN-HOLLWEG

Berlin, April 2.—Declaring in the Reichstag that Germany had undertaken unrestricted submarine warfare in her own defence, Dr. von Bethmann-Hollweg, the Chancellor, said:

"If the American nation considers this a cause for which to declare war against the German nation, with which it has lived in peace for more than 100 years, if this action warrants an increase of bloodshed, we shall not have to bear the burden of responsibility for it.

"Germany never had the slightest intention of attacking the United States of America, and has not such an intention now. It never desired war against the United States of America and does not desire it today."

### DEAH ME!

He was undoubtedly a young Englishman "ova 'ea" for the first time. Immaculately dressed he strolled from the dock swinging his cane jauntily. When near the B. C. Undertaking building he stood suddenly, and changing his cane to the left hand fumbled in his right hand pocket and produced an eye glass. While doing so he soliloquized:

"Wat! A grave in a fine wide street! Ah, ov cou'se, don't-yer-know, new town; 'av'nt 'ad time to build a cemetery yet."

Having screwed the glass in "is Hi" he daintily stepped from the wooden sidewalk to the muddy road a few feet and thus addressed the employee of the civic government:

"A'em, me man, for w'om digest thou that long and narrow grave?"

"Me man" stopped in his digging, straightened his back and slowly took in the clothes and the eye-glass of the questioner, took a plug of tobacco from his overalls, emptied his mouth of accumulated juice and solemnly riposted:

"Sewer pipes, you blasted ass." "Deah me," ejaculated the visitor to town, as he gingerly regained the wooden sidewalk.

## An Army of Internal Bathers

Over half a million bright, keen, up-to-date Canadians and Americans have found that Internal Bathing is more essential to their well-being than External Baths. Have found that, taken occasionally at night, they feel like more of that bilious, tired, nervous condition—but, having by Nature's own cleanser, antiseptic warm water, removed all the poisonous waste from the Lower Intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting in healthy accord, bright, happy, clear-headed and confident, eager and capable for the duties of the day.

Copper Cliff, Ont., March 2, 1916.

Dr. Chas. A. Tyrrell, Toronto, Ont.  
Dear Doctor,—I have been using your "J. B. L. Cascade" for the past three months, and am convinced that it is the most modern and scientific method of dealing with constipation that has ever been devised, and I will lose no opportunity to promote its use among my friends, as I can speak truthfully and enthusiastically as to its merits.

Wholesale and Retail Men's Wear. Why not learn more about this rapidly growing and natural practice? The "J. B. L. Cascade", the original and best appliance for this purpose, manufactured by Charles A. Tyrrell, M. D., is now being shown and explained by Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street. There also may be obtained free on request, "Why Man of Today is Only 50 Per Cent. Efficient," a most interesting booklet on the subject. If you prefer, write to Dr. Chas. A. Tyrrell, 163 College Street, Toronto, for same.

# Serve Save Produce

## EVERY ONE CAN do something for his country

Some can bear arms  
Some can produce food  
Some can make munitions  
Some can give money

It is the privilege of all to help.

## YOU CAN SERVE by Fighting—Working—Saving—Giving

This is NATIONAL SERVICE

Are YOU doing your part?

## ALL EYES turn now to the Canadian Farmer, for he can render the Empire SPECIAL SERVICE in this sternest year of the war.

But—our farms are badly undermanned—25,000 men are needed on the land.

With insufficient help, the Man on the Land fights an uphill fight to meet the pressing need for Food.

## CITY and TOWN can help.

Municipal Councils, Churches and Schools, and other organizations, both of men and women, can render National Service by directing all available labour to the Land.

Farmers themselves can exchange labour. School boys can assist.

Were you raised on a farm? Can you drive a team? Can you handle fork or hoe? If you can't fight, you can produce. Spend the Summer working on the Farm.

Let every man, woman and child in the Dominion who has access to Land, no matter how small the plot, make it produce Food in 1917.

## WESTHOLME THEATRE

At the Westholme Theatre tonight will be repeated the special double attraction screened last night. The wonderful pictures of the Battle of Courcette in which 70,000 Canadians take part is the chief attraction. The Tanks are to be seen moving irresistibly onward dealing destruction in their path. The pictures are great. Another episode of "The Shielding Shadow" is also to be shown. The verdict of all those who witnessed the show last night is sufficient inducement for those who missed that show to see the one tonight. Taken all round the evening's entertainment will be hard to beat. Tomorrow, there will be a special matinee from 3 till 5, to give those who intend going to the other attraction on that evening a chance of seeing "The Hidden Past." This will also be screened at the evening house as usual and is a play of great power. It is one of the strongest photoplays ever staged and should prove a great attraction for the evening of the holiday.
