PRICE FIVE CENTS

SPRING OFFENSIVE STARTING IN EARNEST

THE KING CONGRATULATES GENERAL HAIG ON WORK OF CANADIAN TROOPS

GREAT CAPTURES BY THE BRITISH IN THE BIG DRIVE

CANADIANS ARE NOW WELL BEYOND THE FAMOUS VIMY RIDGE—ELEVEN THOUSAND GERMANS AND OVER A HUNDRED GUNS CAPTURED—MANY MACHINE GUNS ALSO

London, April 11.—The Canadian troops are now well beyond the Vimy Ridge, which was said by the Germans to be impregnable, after their two years of hard work making its defences as strong as possible. The eastern slope of the so-called ridge is now cleared of the enemy entirely, and all their counter attacks withered away before the British fire. The total number of prisoners taken so far amounts to about eleven thousand. Over one hundred big guns were also captured before the enemy could get them away to their rear. The suddenness and strength of the British onslaught has proved too much for the Germans. More than 100 machine guns and about 60 trench mortars of various shapes and sizes were also taken possession of by the victorious British.

Near Cambrai.
More villages were taken today by the British in the direction of Cambrai and intense fighting is in progress. Near St. Quentin the enemy has been driven from the high ground between Veuviere and Tardingacourt.

To the southeast of Ypres, the enemy made a sudden attack and reached our support trenches, but was promptly ejected. In the drive to the north of Arras, we have captured the village of Sem-paux, and all the neighboring defences to the north and south of the Scarpe River. The prisoners taken yesterday exceeded nine thousand, and forty of the German's big guns were taken at the same time.

Congratulations.
The King has sent congratulations to General Haig, saying that Canada will be proud that her troops have taken the Vimy Ridge.

WAR BETWEEN U. S. AND AUSTRIA-HUNGARY

Washington, April 11.—It is expected here that a declaration of a state of war existing between the American Government and that of Austria-Hungary will follow upon the departure of the Austrian Charge d'Affaires.

AMERICAN SHIP SUNK

Liverpool, April 11.—The American steamer New York has struck a mine. The passengers and crew were all transferred safely.

FIRE BREAKS OUT DURING THE NIGHT

The fire station had a call early this morning, about 1:30 a. m., from Beach Place at the west end of Section one. On the arrival of the department at the scene of the blaze the house was well alight downstairs. Mr. Brandt, who is engineer at the cold storage, was the only one in the house at the time, Mrs. and Miss Brandt being out of town.

The fire caught from an overheated stove pipe and spread very rapidly. The fire department was able to save the building and confine the flames to the bottom flat. Practically all the contents of the flat were destroyed, among which were two pianos. The house is owned by Mr. Arthur Smith.

The fire department arrived with great promptitude and in a short time had the situation well in hand.

RED CROSS NOTES

The sale of home cooking will be held on Saturday this week instead of Friday at the request of Miss Ivy Jennis, who will be in charge, assisted by the Misses Du Vernet, Pillsbury, Young, Saunders and Beckwith. This committee has been working very hard for the last six weeks and the public will find many bargains. The sale will be held in Road Superintendent's office at the corner of Third Avenue and Fourth St., beginning at ten o'clock in the morning.

As it is the rule of the society not to beg for donations, and as at present there are very few articles on hand for the sale on Saturday, any contributions for raffling either in fancy work or eatables will be gratefully received and acknowledged.

The society acknowledges with thanks the sum of \$25 from Mr. B. L. Tingley, of Port Clements.

The sale last Saturday in the new premises in charge of Miss McLenaghan and Miss Bella McLeod realized \$50. The articles contributed and won are as follows: Carved walnut box from Mr. H. C. Black, won by Mrs. Clements; crochet yoke and sleeves from Mrs. J. McRae, won by Mr. H. C. Black; centre piece from Mrs. D. H. McDonald, won by Mrs. E. Shoekley; crochet basket from Mrs. Hugh Dunn, won by Mrs. Hal Peck; crochet bag from Mrs. D. C. McRae, won by Mr. Fuller; picture from Judge Young, won by W. Kilpatrick; Indian basket from Mrs. Deasey, of Massett, won by Mr. George Hanson, U. S. consul.

Very much more food could be sold at these sales. During the past month the supply has gradually fallen off until last week only half the usual amount was received. At present the demand far exceeds the supply. At the present critical time in the history of the war, everyone should be prepared to make some sacrifice to take care of the wounded.

The favorite household coal is Ladysmith Wellington. Phone 15, Prince Rupert Coal Co. U.

WHERE THE BRITISH ARMIES ARE OPERATING IN THE EAST
This map shows the district where both General Maude's and General Murray's columns are advancing towards a junction in the vicinity of Alexandretta or Aleppo.

THE REPORT UPON THE CITY MARKET

The special committee appointed to report upon the working of the city market reported to the city council last evening. "In the past there has been one chief complaint against the policy of the market, that the market was not self supporting and was costing the ratepayers some hundreds of dollars per annum, chiefly by paying for utilities used in the city market. In order to make the market self sustaining, we, your committee, recommend to the council that permission be granted to the market clerk to carry a stock of merchandise to be sold in the city market, on his own responsibility. In return, he shall pay for the use of all utilities and overhead expenses of the market, together with the regular license fee charged other merchants for similar businesses. The same rules and regulations to remain in force as exist, in regard to his duties as market clerk."

WESTHOLME THEATRE

At the Westholme Theatre tonight, the fourth episode of the great photoplay, "The Shielding Shadow", will be shown. Great interest has been taken in the display of the previous instalments of this story without words, and most people will want to see what follows. The mystery surrounding the other episodes will be deepened in this chapter. There are to be screened some rattling good comedies, of the kind that bring laughter from 'way down, and a Pathe Gazette will show the latest events of importance. The orchestra, as usual, is up to the mark.

NEW OFFENSIVE

As a result of the big drive now proceeding on the western front calls upon the Red Cross Society for the sick and wounded boys at the front will be more urgent. They are fighting for us. Do Your Share. Patronize the FISH POND SATURDAY

WHAT WILL BE DONE WITH THE RAILWAYS?

That the government will not extend any further aid to the railways in any form, is what Sir Thomas White is said to have definitely stated. This is about the first definite statement regarding the railroad situation which has been reported. The Financial Post in a recent issue says:

"It has been learned that definite legislation will be introduced at the next session of the House to permanently end the railway difficulty. Just what form the solution will take is still very largely a matter of conjecture, but one thing is regarded as absolutely assured and that is that the government will not extend and further aid in any form to the railways. Sir Thomas White is said to have definitely stated this much.

"Nothing will be done of course until after the report of the Railway Commission has been submitted. Sir Henry Drayton informed the Financial Post that the report had not yet been completed. He admitted that as a matter of fact there would likely be two reports.

"It is clear that the members of the Commission are not agreed and that the views of each side will be advanced in the rival reports. Smith, it is said, will favor some form of corporate control, while Drayton and Acworth will stand behind the nationalization of the Canadian Northern Railway and the Grand Trunk System in some form. It is generally believed that Sir Thomas White favors some form of nationalization.

"All manner of rumors are heard," concludes the Post, "but the one outstanding feature of the situation is the practical certainty of Government action."

THE COUNTY COURT

Before Judge Young yesterday afternoon, the charge of resisting arrest against Earl Brown was found proven and he was sentenced to three months hard labor in the Okalla Prison Farm. Today the case brought by James Pierce against Frank Nevins, of Kitsumkalum, was dismissed.

THE WAR FEELING IN SOUTH AMERICA

Rio de Janeiro, April 11.—An official declaration has been made by the Brazilian Government announcing that diplomatic relations have been broken off with Germany. Germans on the Brazilian coast have been found signalling to ships at sea.

Buenos Ayres, April 11.—The Argentine Government has issued a declaration announcing their support of the position taken by the United States against Germany.

San Salvador, April 11.—Guatemala is under martial law. Disturbances of a serious character has taken place, and are said to be due to the German agents who are infesting the republic.

KAISER'S DEATH MAY COME SOON

London, April 9.—The Morning Post gives prominence to a despatch from its Washington correspondent, who cables a report given on the authority of German bankers in America, who are on most intimate terms with the German Government, that the German Emperor is fatally ill of Bright's disease. Death is expected within the next few months.

The Emperor, according to the correspondent's informant, has for some months past been in the depths of depression. The efforts of his physicians and entourage to rally him have been unsuccessful, and the disease has so completely fastened itself upon him that recovery is impossible. The correspondent adds:

"With his death, according to the German bankers, the house of Hohenzollern will lose the throne of Germany, the Crown Prince being known to be a moral degenerate, and the German people could not accept him as their sovereign. Either Germany will become a republic or a limited constitutional monarchy, the real power being exercised by a parliament elected by universal franchise. It is the opinion of the German bankers, knowing the conditions existing in Germany, and the temperament of the people, that unless there should be a sudden uprising, which they do not expect, a constitutional monarchy rather than a republic, would be the outcome."

PIRATES

San Diego, April 11.—Two U. S. torpedo boat destroyers have captured a schooner laden with arms and munitions for Mexico.

PUBLIC MEETING

Thursday, April 12, 1917, at 8 p. m. in Carpenters Union Hall.

All wage earners are urgently requested to attend this meeting, as a District Union is being formed, affiliated with the International Union of Mine, Mill and Smelter Workers. Since hardly any fact is better known than that civilization evolves under economic stress, and is administered in accordance with the general knowledge of mankind, therefore, organization and education must be the essential groundwork to happiness and progress. We, therefore, deem it necessary to organize the Northern District Union of Prince Rupert, B. C. If you are an unorganized wage worker, come and join us, and be one of the three million in America. If you are a member of organized labor, come and help us launch the new ship. 87.

GEO. CASEY, International Organizer.

THE CITY AND THE LACK OF WATERFRONT

The city council sat much later than usual last night discussing the weighty matters pertaining to the municipality. Among these matters the question of waterfront for the city received a deal of attention. A resolution was introduced by Alderman Nelson asking that the government set aside for the use of the city sufficient waterfront to meet its prospective needs. Another resolution brought in by Alderman McRae as an amendment, which went into more concrete detail, it read in part as follows:

"That the provincial government be requested to assign to this city lots one and two, Block 'F', the vacant space between Lot one (Block 'F') and the east end of the government wharf. This property the city proposes to use for the erection of a cold storage plant and a municipal wharf.

"The cold storage plant would be used to provide cold storage accommodation to local merchants and others who do not find it feasible to install such a plant for their own limited use. Said plant would be used for the freezing and storage of bait for fishermen, and for the making of ice.

"The municipal wharf would be used as a public fish wharf where all the fishermen would bring their catches and sell to the various buyers.

"This wharf would be used as a municipal coal wharf. There are certain propositions that, owing to the nature of circumstances, lend themselves to public monopoly, such as telephones, electric light, etc., and to these, so far as Prince Rupert is concerned, we would add—the sale of fuel. The source of supply is five hundred miles distant. To be dealt in economically it must be shipped in large quantities in order to insure a low transportation charge. There must also be proper facilities at this end for the economic discharge and distribution of said cargo.

"Our information is that the Granby Co. sell coal at Anyox, delivered, for \$8.00 per ton. Our information also is that the city of Vancouver lands coal on scows in False Creek for \$4.69 per ton. It is believed that from \$2.00 to \$2.50 per ton can be saved on every ton of coal consumed within the city. We do not say that the price of \$10.00 per ton has been excessive under the conditions that it has been handled. The price in the past few days has been advanced to \$11.00 per ton. We do hold, however, that tens of thousands of dollars can be saved to the citizens annually through the handling of coal by the proposed method."

After some considerable discussion, the amendment was carried.

CARRANZA IS NEUTRAL

El Paso, April 11.—President Carranza now at Juarez, declares that Mexico will uphold her neutrality.

The "Lister" fishing boat has arrived with 20,000 lbs. halibut, and the Doreen with 6,000 lbs.

DAILY EDITION

Wednesday, April 11, 1917.

The moral significance of the United States espousing the cause of the Entente powers, and on the grounds that she does so in defence of the common interests of civilization will prove of incalculable value, apart from the great material assistance she will be able to render. When the time comes for the discussing of the peace terms, which will prove to be a test of the harmony of the Allies, she can be depended upon to possess similar ideals to those of Great Britain, and for this reason her part is certain to be of great importance. Her example too will exercise a powerful influence upon the remaining neutrals. Already certain of the other republics in South America are said to be considering the matter. Her example may not have the actual effect of inducing the European neutrals to join in the war against Germany on account of their propinquity to that country, but it will have definitely decided them that to take up arms for Germany would be a disastrous thing to do. The speech of President Wilson has already reverberated round the world, and the principles advocated therein will find a readier acceptance, coming from such a source, and being backed up by action.

In a material way there is a tendency to underestimate the value of her aid. Her naval strength, it is true, is relatively small, but as it will doubtless be utilized after consultation with the Allies, and is of first rate quality, its advent into the scene of hostilities must have a beneficial effect. The United States Navy can do excellent work in policing the lanes of traffic on the Atlantic, and, if considered necessary, a squadron could be dispatched to the Mediterranean to increase the Allied naval power in that sea. On land the resources of the United States are very great. Her military strength at present is puny compared with that of any of the great powers engaged in the war, but in six months or a year she could raise an army of almost any size, and, if required, send a large and formidable contingent overseas.

America's taking part in the war means unlimited loans for

the Allies; in other words, the resources of the country will be utilized in this way to defeat the enemy. If, as Mr. Lloyd George says, it is the silver bullet that will be the decisive factor in the struggle, the entry of the United States is of inestimable worth. With the preparations afoot the supply of munitions that has been going to the Allies can be increased tenfold. By systematizing and conveying traffic on the Atlantic, and in this way reducing the danger from submarines, and by adding to the immense shipbuilding programme under way, America can do much to alleviate the shortage of foodstuffs in Great Britain and France.

These are the main ways in which she will help, and they are one and all of such vital importance that it can be readily seen how America's decision will shorten the duration of the war. For that reason, as well as because of the tremendous moral emphasis given to the justice of the Allies' cause, the action of the United States stands in the foremost rank of the many epoch-making events of our time.

HOSPITAL FOR RETURNED SOLDIERS IN VANCOUVER

At the meeting of the city council last evening a letter was read from the managing secretary of Vancouver Hospital making an appeal for funds for the completion of a hospital for wounded soldiers. The present accommodation is taxed to the utmost capacity, making further accommodation necessary. Thirty-five thousand dollars is the sum required for the new building, of which \$30,000 has already been promised, but further assistance is still required. The instituting of a tag day was mentioned. On the motion of Alderman McClymont, seconded by Alderman McMeekin, the motion was referred to the finance committee.

THE HEALTH DEPARTMENT

On a recommendation of the Health Committee brought before the city council last evening, it was moved by Alderman Casey, seconded by Alderman Dybhavn, that the acting city engineer take over the management of this department.

Running on two Cylinders? Don't be a two-cylinder man. The human engine can reach the utmost of its powers through a fuel food that is entirely consumed without forced draft or waste. Shredded Wheat Biscuit supplies the greatest amount of strength-giving nutriment with the least tax upon the digestion. It is a better-balanced ration than meat, eggs or potatoes. For breakfast with milk or cream.

Made in Canada.

TENDERS FOR COAL

The lighting plant at Cow Bay requires twenty-five tons of lump coal and tenders for the supplying of this quantity were opened at the city council meeting last night. The firm of Albert & McCaffery offered to supply this demand at the rate of \$9.60 per ton and the Prince Rupert Coal Co. bid \$9.50. Alderman McClymont moved, seconded by Alderman Casey, that the lowest tender be accepted, which motion was adopted.

Call the Pony Express for wood cut in stove lengths or 4 feet. Best household coal and general transfer. Piano moving our specialty. Prices moderate. Phone 301, R. W. Rogers.

COAL NOTICES

SKEENA LAND RECORDING DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
1 cup flour	1 cup flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 EGGS	1 EGG
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar, derived from Grapes
Made in Canada No Alum

THE RETURNED SOLDIERS INTERVIEW THE COUNCIL

A delegation from the Returned Soldiers Association waited upon the city council last evening and the subject of the employment of "alien enemies" by the civic government was discussed very fully. Mr. Peter Lorenzen, the city engineer, was the alleged alien enemy and his vindication by the city council was complete. In reply to the returned soldiers, the mayor and each councillor expressed their opinion of the case. For the returned soldiers it was stated that the matter had been brought to their attention by citizens outside of their association, and they admitted the right of the city council to act as they saw fit in the matter.

The facts as brought out in the council chamber were that Mr. Lorenzen was born of Danish parents in the lost provinces of Schleswig-Holstein, which were stolen from Denmark as were Alsace-Lorraine from France a few years later, by Germany. Mr. Lorenzen's father, although he continued to live in the conquered territory, was never else but a Danish subject, always refusing to take the oath of allegiance to Prussia. He educated his family likewise, to such good purpose that rather than swear fealty to the conquerors and serve in the German army, Mr. Peter Lorenzen left Schleswig before he became of military age. He came west, settled in Canada years ago and became a Canadian citizen. It was felt by each member of the council that he was a Canadian, if not by birth, by adoption. To discriminate against him now, after all these years would be to exile him. He had no other country. He was bound by no oath of any other government.

"You may not think you are asking very much," said the mayor, "but you are asking me to declare officially that this man is an exile and that he has no country. If you come to me with any other man qualified to fill his position, who is a returned soldier, this council is obliged to consider the returned soldiers in every way, but I cannot see how I am assisting you in discharging him now."

"I am very sorry if I displease you," continued the mayor, "I would rather displease any other organization in town, but you will think the better of me when I tell you just how I feel."

In the very full discussion of the matter which followed, entered into by every councillor, it was felt that as no charges were brought against Mr. Lorenzen, except the accident of his birth and the fact of his being an official member of the short-lived German social club in this city, which was immediately dissolved upon the outbreak of the war, to take action against him would be like condemning him without a trial, which was un-British. Mr. Lorenzen, it was stated had already volunteered for active service, but just on account of his name and his birth place, he had been refused. It was stated that malicious attempts were being made against the acting engineer which might work an injustice upon him. The soldiers were offered every facility for investigating the true facts so that they could refute such stories.

At the finish of the discussion, the delegation replied to the council and withdrew.

LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 91,111, Filing 5,814
TAKE NOTICE that application has been made to register John Bergman, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 10th day of September, 1915, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known as Lot Ten (10), Block Five (5), Section Seven (7), Map 223.

You are required to contest the claim of the tax purchaser within thirty-five days from the date of the service of this notice (which may be effected by Registered Mail or as Directed, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "...and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons served with notice, ... and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the abovementioned lands, in the name of John Bergman:

AND WHEREAS on investigating the title it appears that prior to the 9th day of September, 1914, (the date on which the said lands were sold for overdue taxes) you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John Bergman unless you take and prosecute the proper proceedings to establish your claim, if any to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office Prince Rupert, B. C., this 6th day of December, A. D. 1916.

H. F. MACLEOD,
Apr. 17. District Registrar of Titles,
To Simon Peterson, Davisville, California

WATER NOTICE

DIVERSION AND USE
TAKE NOTICE that George McRae, whose address is Skidegate, B. C., will apply for a licence to take and use 150 cubic feet per minute of water out of Demeter Creek, which flows northerly and drains into Allford Bay, about 15 chains from the N. E. corner of T. L. 835. The water will be diverted from the stream at a point about ten chains west from N.W. corner of Lot 4, B. C. Fisheries, and will be used for power purpose upon the land described as adjoining Timber Limit 835 in application to lease.

This notice was posted on the ground in the 15th day of January, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914 will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is February 21st, 1917.
GEORGE MCHAE, Applicant.

MORETON FREWEN WANTS A FISH MONOPOLY

The following is an excerpt from a recent issue of the "Cold Storage and Produce Review." Mr. Moreton Frewen is well known in this city, and his name has been mentioned in connection with the clearing of the land immediately across the harbor.

Mr. Moreton Frewen, writing from Sussex to the London Daily Telegraph, confesses to be one of those who see in cold storage salvation from food shortage, and he emphasizes this also with regard to fish supply. The situation, he says, points to the necessity of cold storage plants in every town of 10,000 souls. He touches upon Canada's vast fishery resources, and instances that at the terminal port of Prince Rupert the receipts of salmon for the first 26 days of September last were over 5,000 tons and of halibut, 1,567 tons, valued at the local cold stores at \$6,950. He adds: "A very shapely spring salmon, weighing 4 lbs., was forwarded from Rupert by Mr. Peter Wallace to Messrs. Spiers and Pond; and was on exhibition in their Ludgate Hill establishment. These fish, were freights at all normal, can be delivered, iced, not frozen, for 7d. a lb. in London, and, although they do not compare in quality with our own Salmo salar, are still an excellent food fish." Many may not agree with Mr. Frewen's dictum that the nationalization of the Empire's fisheries is desirable. He argues that the daily receipts of fish at Prince Rupert, the central port for the British Columbia fisheries, is already some 350 tons, chiefly halibut and salmon, and if the State would offer to pay present prices, namely 4d. per lb. for halibut and 5d. for salmon, and would ac-

gate to itself a monopoly, with these at the maximum prices, it would be easy with this advertisement of an unlimited cash demand, to secure a full trainload—a thousand tons daily—at that one port.
The correspondent states that he has ascertained that a rail and steamship rate of 1d. per lb. from Prince Rupert via Montreal to Liverpool, would be liberal, indeed generous. If through its agencies in every small town Great Britain distributed such fish supplies at a profit of 1d. per lb., it might in a short time secure a rent from its vast ocean pasture of twenty to thirty millions a year on a consumption of 6 ozs. per day.

TENDER SALE X 909. Sealed tenders will be received by the Minister of Lands not later than noon on the 7th day of May, 1917, for the purchase of Licence X 909, to cut 3,130,000 feet of Hemlock, Cedar and Spruce, and 3,500 lineal feet of piling, on an area adjoining Lot 1697, Juskatia Inlet, Graham Island, Queen Charlotte District. Two (2) years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, B. C., or District Forester at Prince Rupert, B. C.

LAND REGISTRY ACT. (Sections 36 and 37.) Re Application No. 9144-L, Filing 5819. TAKE NOTICE that application has been made to register The Corporation of the City of Prince Rupert in the Province of British Columbia, as owner in fee under two Tax Sale Deeds from the collector of the City of Prince Rupert, bearing date the 7th day of December, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known and described as North-Westerly Seventy (70), feet of Lots Eleven (11), and Twelve (12) Block Eighteen (18), Section One (1), Map 923.

2,000,000 Belgians Depend on us for Bread! Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them! Backed by the Belgian Relief Fund. So generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left. Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter! No people under the Allied Flag are so well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies! Send your subscriptions weekly, monthly or in one lump sum to Local Provincial Committees, or to the Central Executive Committee, 80 St. Peter St., Montreal. \$2.50 Feeds A Belgian Family A Month.
