## HINDENBURG LINE IS NOW BEING BROKEN

### FURTHER CAPTURES BY THE BRITISH AND FRENCH ARMIES — ST. QUENTIN NEXT

#### BRITISH AND FRENCH STILL ADVANCING

Another Mile of Hindenburg Line Captured by British Army—French in Suburbs of St. Quentin.

(Special to The Daily News.)

London, April 14.—Another mile of the supposedly impregnable Hindenburg line has been captured by the British forces yesterday. The pivotal point of the German line around Arras is being threatened by General Haig's troops.

Around Metz-en-Couture the entire salient about two miles wide by about a mile deep has been taken by the British, simultaneously with the advance to the north of Arras. The British have averaged a gain of a mile in depth on a whole front of five miles in their sweep. The little town of Gouzeaucourt has now been cleared entirely of the Germans.

#### Canadians Advance.

The Canadian troops are steadily advancing from the Vimy Ridge today. On the eastern slope of the ridge they have occupied the enemy trenches to the east of forest. At Souchez, a hundred and ten prisoners, nine machine guns and one machine gun were captured.

#### Germans Astonished.

Desperation stalks behind the German lines. The chiefs of the German army are astonished at the tremendous and unceasing strength of the British smash, which has upset all their calculations. Prisoners of war are being utilised to dig further trenches to the rear of the present line, thus relieving more German fighters, while word has also gone back for reinforcements. Among the captured trench defenders today were included transport drivers, assistants, chauffeurs, bandmen and many other auxiliary service men.

#### St. Quentin.

Joining up with the general British offensive, Gen. Nivelle's troops today have pressed forward to a point where the southern pivot of the German retreat is fatally menaced by their blows.

The French troops are in the suburbs of St. Quentin today. At the same time, the British are pounding away on the west of the city, and are making their way forward surely. The final capture of St. Quentin and Gobain is now certain. The result of this must be the breaking of the first point of the Hindenburg line, according to the French strategists.

#### THE RESOURCES OF THE UNITED STATES

(Special to The Daily News.)

Washington, April 14.—Voluntary recruiting in the United States is at present slow. It is computed that at the present rate of progress that six years will be required to secure the numbers of men necessary.

It is recognized that the resources of the United States are unlimited. They are estimated at the stupendous total of \$250,000,000,000. In the measure regarding the bond issue presently up before Congress, unlimited power is given. Three billions will be loaned to the Allies and four billions will be kept as a reserve. The country is computed to have a much greater reserve than any of the other nations of the world.

#### SHIPPING BOUGHT BY THE UNITED STATES

(Special to The Daily News.)

Copenhagen, April 14.—A dispatch to the Danish newspapers states that the Americans are buying the majority of Norwegian ships now under construction in American shipyards. The dispatch states that they have purchased more than two hundred thousand tons.

#### ACCIDENT ON THE FISH WHARF YESTERDAY

An accident of a distressing nature occurred on the fish wharf yesterday afternoon. Peter Buchan, who is well known around town, got his foot caught in the ice crushing machine of the Booth Fisheries, Ltd. He was rushed to the hospital, after efficient first-aid had been rendered, and it was found that several toes were so badly crushed that they had to be amputated. His foot and foreleg were rather badly lacerated, and at first it was thought that the whole foot would be lost. If nothing else intervenes, the patient will get off with the loss of two or three toes, which is bad enough.

#### ARREST "MASTER SPY"

New York, April 10.—The German "master spy" was snared today by United States secret service agents when they took into custody Lieut.-Col. Arthur E. Bielkowsky, a retired German artillery officer. His arrest was regarded by federal officials as the most important stroke of the day in a general round-up of alien enemies all over the country.

In his first smash at the heart of the enemy spy system in the United States, government agents found a parallel to the astonishing espionage system discovered in England when war broke out between that country and Germany.

Lieut.-Col. Bielkowsky has been living in the United States for thirty-one years, all the time, it is said, a representative of the enemy's general staff and a close friend of the Kaiser.

#### GERMAN CRUISER WAS BLOWN UP

Washington, April 10.—The interned German gunboat Cormoran at Guam was blown up last night. The Cormoran refused to surrender to the American forces which went to take possession of her and she was destroyed by her crew.

Two German officers and five enlisted men were killed by the explosion. A later message indicated that one of the German officers reported killed may have escaped.

Twenty officers, twelve warrant officers and 321 enlisted men were taken prisoners.

#### NO SEPARATE PEACE FOR THE RUSSIANS

(Special to The Daily News.)

Petrograd, April 14.—The Russian people are averse to overtures regarding a separate peace. There is a small chance that the Germans will be able to work their will on the new country. It is understood here that the separate peace stories are being spread in order to frighten the Allies, if possible. Russia is convinced that the war must go on to a victorious conclusion.

#### THE RED CROSS

The following night letter has been received here this morning, which is self explanatory:

Toronto, April 13th, 1917. J. B. Roerig, Esq., Canadian Red Cross Society, Prince Rupert, B. C.

Following cable has been sent by Chairman of Executive Commissioner in London: "Owing to heavy casualty lists, demands upon our society must be great. Please understand that Canadian Red Cross want every possible assistance rendered that will help the sick and wounded. Money and supplies will be provided upon recommendation of yourself and War Committee. The generosity of the Canadian people justifies us in authorizing you and committee to assist to the fullest possible extent."

Please give this wide publicity. A. M. PLUMPTRE, Hon. Sec. Central Branch Canadian Red Cross Society.

The heavy casualties on the western front during the present "Big push" are using up the medical supplies, etc., for the sick and wounded very fast, and greater and greater demands continue to be made upon the Society. The people of Canada will see to it that the promise of the Canadian executive to the Commissioner in London will be implemented to the fullest degree.

#### THE GERMAN PEOPLE WANT TO KNOW

(Special to The Daily News.)

Amsterdam, April 14.—The Socialist newspaper "Voerwarts," in Berlin says editorially that the German government must have the courage to tell the German people the truth and the whole truth. It is recognized that Germany cannot dictate terms of peace to the whole world of enemies.

#### SUBMARINES ON THE PACIFIC COAST

(Special to The Daily News.)

Washington, April 14.—Rumors of enemy submarine vessels plying their nefarious trade off the Pacific coast are persistent, but thus far there has been no official verification, is announced today by the Navy Department.

#### THE RAILROAD COMMISSION

It is stated on the authority of visitors from the east that the settlement which the commission, appointed to look into the railway problem in Canada, recommends, will include a grant of \$50,000,000 to the G. T. P. and \$47,000,000 to the C. N. R. This it is understood the government will carry out. The spending of the money will be supervised by a government commission and can only be used for needed improvements.

#### DEMANDS INDEMNITY

(Special to The Daily News.)

Madrid, April 14.—The Spanish government has forwarded a note to Germany demanding an indemnity for the sinking of the Spanish steamer San Fulgencia last week by a German submarine.

#### ST. ANDREW'S SOCIETY HOLD CELEBRATION

There was a great gathering of Scotsmen and their friends last night in the new rooms of the St. Andrew's Society. The premises of the old Kaien Island Club, later known as the Railwaymen's Hall, have been acquired by the Society and a fitting celebration of the move to the new quarters was made last evening. The entertainment took the form of a smoking concert and was a very successful affair, from start to finish. A fine programme of vocal and instrumental music was arranged, which was thoroughly enjoyed. A few speeches were interspersed throughout the programme, which added greatly to the interest of the evening. Mr. Fred Stork was in a very happy vein, and in his usual inimitable style, pleased the gathering very greatly. Mr. Stork is an artist in telling stories, of which he seems to have an inexhaustible fund.

Alderman McClymont delivered a telling speech on the subject of democracy, and gave some hard knocks to our present day party system of government.

Mayor McCaffery was also present, and congratulated the Society on their new premises in a neat speech.

The Rev. Dr. Grant made a very fine speech and touched lightly upon many topics. The remarks passed by Dr. Grant will be long remembered by those assembled who listened attentively.

Mr. T. H. Johnston, of the Cold Storage Company, was also present as a visitor, and his "fish" stories and others were very much appreciated.

With story and song, the night passed all too quickly. A dainty supper was served about ten o'clock and from that time onward the minutes seemed to take wings.

The St. Andrew's Society is to be congratulated upon their possession of such an efficient house committee which is composed of Messrs. Robb, Murray and Clapperton, and Mr. W. R. Martin had a great deal to do with the spick and span state of the new rooms.

Mr. S. D. Macdonald is president of a strong society and great credit is due to him and to his executive for the splendid success of this function.

Those who contributed to the musical part of the programme, were Messrs. Geo. Waddell, Clapperton, Dowther, Moore, McColl, Steen, Gauld, Williseroft, Dave Thomson, Sturgeon and McDonald. Mr. J. H. McMillan gave some splendid violin selections, and the orchestral selections were much appreciated. Mr. W. Robb gave a recitation and a vocal quartette went well.

Many friends of the St. Andrew's Society members were present and one and all agreed that this St. Andrew's smoker was one to be long remembered.

#### MUST MAKE NO MISTAKE

(Special to The Daily News.)

Berlin, April 14.—Captain Perissus, the German critic warns the country not to shrug their shoulders at the entry of the United States into the war. The same mistake must not be made as was made regarding the military forces of Great Britain.

#### AMERICAN AVIATION

Washington, April 14.—British and French airmen will aid the United States in building up the American Aviation service as rapidly as possible.

#### GERMANS SINK MORE HOSPITAL SHIPS

(Special to The Daily News.)

Washington, April 14.—The British hospital ship Gloucester Castle, 7,999 tons, has been torpedoed without warning in the English Channel on the 30th of March. The "Salta", 7,284 tons, was also sunk by a mine in the English Channel on the 10th of April, and fifty-two persons were drowned.

#### STARS AND STRIPES HOISTED IN LONDON

London, April 13.—The American flag was unfurled today beside the colors of the Entente nations in the London Bridge cafe for soldiers and sailors, which is conducted by the Countess of Limerick. The presentation of the flag was made by Mrs. Walter Hines Page, wife of the American ambassador, in the presence of the Lord Mayor of London, Sir Wm. Henry Dunn, Sir Francis Lloyd, Lady Jellicoe, Lady Haig and a large assembly of soldiers and sailors who gave three cheers for the Stars and Stripes as well as cheers for Lady Haig, in honor of the victory of her husband, Field Marshal Sir Douglas Haig, on the western front.

#### THE "PRINCE RUPERT"

The work of getting the "Prince Rupert" all ready for the high tide on the 22nd inst. is proceeding satisfactorily. Already the big steamer has been lowered some feet at the forward end, and the work of drilling and blasting the rock is proceeding apace. Several air drills are at work night and day, besides hand drillers. Only small charges of dynamite can be used, sufficient to just crack the rock, which is then removed. By the time the tides reach their highest level, about the 22nd of the month, it is expected that the vessel will be lowered sufficiently to enable her to float without any trouble.

#### THE SUBMARINE MENACE

(Special to The Daily News.)

London, April 14.—The returns for the month of March shows that eighty British vessels have been able to evade or beat off attacks by the enemy U boats. The number of vessels entering and leaving British ports continues to increase.

#### LOOKING FOR ORE

Mr. J. G. Johnson, engineer for the Ladysmith Smelting Corporation, was a recent visitor to this city, in the interests of his firm. The Ladysmith people are said to be in the market for ore and are likely to take up any promising copper properties which may appeal to them. It is expected that Mr. Johnson will be back here again in about two months' time to carry out a proper survey of this district as well as of those further north.

The headquarters of the Ladysmith Corporation are in Victoria.

**PEACE**

Speaking at the American Club luncheon in London yesterday, Premier Lloyd George said that he "can see a real peace coming, with the advent of the United States into the war." When the time for peace arrives that it will be a "real" peace is the desire of most people. Not a peace that is only a truce, and which may lead to further and more frightful wars.

Reports have been received repeatedly from neutral capitals of the efforts of some of the Central Powers to effect separate peace. Word from the Vatican comes to the effect that Austria is pressing the Pope to make a move in the direction of peace. Bulgaria is also said to be making overtures to the Entente ministers in a neutral capital through her minister there with a separate peace in view. It is very possible that these rumors are founded on fact. Indeed it is extremely probable.

The economic condition of Austria-Hungary is certainly very bad, and freed from the control of their German masters, the people of the Holy Roman Empire would sue for peace today, without any further delay. Bulgaria is also finding that the glory of war is after all an empty thing. Her people are ready for peace, and outbreaks among the population of her larger cities in favor of an immediate withdrawal from the unequal conflict have been frequent of late. Only by the iron hand of brute military force have the people been restrained.

In Germany itself, while overtures for peace have been made on several occasions to Russia, under the old regime, these were made not with any desire for peace, but only for the purpose of releasing her armies on the eastern front to be utilized in the west against the Allies. That was before her armies in the west had been compelled to retreat before the ceaseless pounding of the guns of the Allies, and before the "Big push" started.

Her civilian population are going hungry now, and have been on short commons for a long time. When the pinch is felt in the armies, when her troops can no longer get

enough to eat, their stomach for fighting will to a large extent be modified. When the armies in the field and the people at home realize that the German forces are no longer invincible, in fact, learn the true state of affairs as they exist even at the present day, it is safe to say that their desire for a cessation of hostilities will be whetted.

The "real" peace spoken of by Mr. Lloyd George will be made, so far as is possible in human affairs, a lasting peace. This generation have seen enough of the horrors of war to last for centuries, and if after all the sacrifices made by the warring nations some means is not devised whereby there will be no more "war nor rumors of war," among the nations, then all their sacrifices have been in vain.

**NOTES AND COMMENTS**

Evidently the outside world has had an exaggerated notion of the religious veneration with which the Russian people have been supposed to regard the person or office of the Czar. The impression has been prevalent in other parts of the world that they looked upon the Czar as the viceroy of God. Now they have abolished the office, made the late occupant a prisoner, and commended his estate to the public treasury. People do not abolish the office of viceregent of the Deity and imprison his person unless they have ceased to regard his in that light.

General Kuropatkin, it is reported, got eight million dollars from Berlin to let the Germans break through the Russian line; but gave his bribers the double cross, held the line solid, and sent the money to the Duma. There is nothing of the J. Wesley Allison about Kuropatkin. He does not seem to have even deducted a rake off.

Napoleon's error, by which he fell, was his belief that outside of France people could be ignored and it was only necessary to bribe or bully thrones. When the people rose at last he misunderstood the phenomenon because he had never made provision in his calculations for such a possibility and he never did come to an understanding of it. The Hohenzollern

imperium has the same idea—joined to another also quasi Napoleonic and erroneous—that outside of Germany everyone has his price.

On the occasion of one of his many visits to Great Britain, generally without formal invitation, it is written that the Kaiser had a violent altercation with the late King Edward, who, after the approved British standard, promptly knocked his royal relative down. Whether the story be true or not—and it is not improbable considering the disposition of the All-Highest and the true manliness of the King—it will be some time ere any other Briton will enjoy the high privilege of chastising the Kaiser on British soil.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the **Belgian Relief Fund**

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are so well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—but we give all we can to help our martyred Allies!

"FRUIT-A-TIVES" Brought The Joy Of Health After Two Years' Suffering

**MADAM LAPLANTE**  
35 St. Rose St., Montreal, April 4th.  
"For over two years I was sick and miserable. I suffered from constant headaches, and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach and the constipation was dreadful. I suffered from pain in the back and kidney disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no headaches, no palpitation, no heart trouble, no constipation, no pain or kidney trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health."

## THE COMING CAMPAIGN THROUGH GERMAN EYES

The latest leading article of the Frankfurter Zeitung, as quoted in the London Times, on the military situation shows that the German public is being gradually prepared to face the campaign of 1917 from somewhat new points of view.

The argument starts from the idea that Germany and her allies have now succeeded in "unifying land war and sea war." Great stress is laid upon the assertion that the military authorities deprecated the beginning of the submarine campaign last autumn and that they waited until Hindenburg was ready "to envisage new strategical aims," and until "it was possible to wage land war and sea war in unity against the western powers and to rise to the highest possible level of effectiveness." Then the submarine war began and then began also "the decisive fight in the west." The public is now told that it is a great mistake to regard the submarine war as aimed only at Britain; it is aimed at the whole entente.

The Frankfurter Zeitung writes "If our work (the submarine campaign) succeeds it would suffice for our armies firmly and strongly to prevent the enemy from invading our country—our own country and the area which we hold in pawn. It would suffice if Hindenburg, with the art of which he is master, were, with the smallest possible expenditure of strength and blood, to overthrow the last great attack of our enemies. But our enemies fear considerably more. There is no gaiter front which does not regard itself as the specially chosen goal of Hindenburg's aggressiveness. Even in the third spring of the war, they hold us capable of the highest things."

**The "Brilliant" Retreat.**

The Frankfurter Zeitung then bravely fits into this picture the apparently contradictory German retreat in the west. It says, "Like lightning from a clear sky the German change of front on the Aene has burst in upon these considerations. It is a riddle and it is also an extremely painful surprise. What the final purpose and meaning of this matter may be is entirely in the dark. But two things are already certain—first that we are here faced by a very clever and effective move, by an idea which is perhaps quite simple, but precisely for that reason is brilliant; and secondly, that the carrying out of that idea was splendid.

"We understand the satisfaction of our soldiers at the front, we rejoice with them at the success of the stroke, and we are proud of our troops and their leaders. The campaign of 1917 has made a good beginning. There has been no great battle and no victory, but side by side with the submarine war, there has been a movement on the English front for which we have no name, but which enables us to begin the decisive months with the established fact that there are surprises both on water and on land."

The arrival of copies of the Frankfurter Zeitung dated today will be awaited with interest if for no other reason than just to see what degree of surprise is evinced at the smashing of the long-vaunted Hindenburg line.

## LAND REGISTRY ACT

(Sections 36 and 134.)

TAKE NOTICE that application has been made to register John Bergman, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 10th day of September, 1915, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known as Lot Ten (10), Block Five (5), Section Seven (7), Map 922.

You are required to contest the claim of the tax purchaser within thirty days from the date of the service of this notice (which may be effected by Registered Mail or as Directed, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "...and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John Bergman:

AND WHEREAS on investigating the title it appears that prior to the 9th day of September, 1914, (the date on which the said lands were sold for overdue taxes) you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John Bergman unless you take and prosecute the proper proceedings to establish your claim, if any to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 6th day of December, A. D. 1916.

H. F. MACLEOD,  
District Registrar of Titles,  
To Simon Peterson, Davisville, California.

The date of the first publication of this notice is February 21st, 1917.  
GEORGE MCAE, Applicant.

## Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and sure defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Stratroy, Ont., writes:—

I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today Is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College street, Toronto.

## Navigable Waters Protection Act.

R. S. C., CHAPTER 515.

The Grand Trunk Pacific Railway Company hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert, at Prince Rupert, a description of the site and plan of lumber mill and other works proposed to be built in the Prince Rupert harbor at Prince Rupert, British Columbia, in front of Waterfront Block "T", according to registered plan of the townsite of the said city of Prince Rupert registered in the aforesaid land registry office as No. 923, Section 7.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plan and for leave to construct the said works.

Dated at Winnipeg, Manitoba, this 21st day of February, A. D. 1917.  
THE GRAND TRUNK PACIFIC RAILWAY COMPANY. H. H. HANSARD, Solicitor.

## In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

## WESTHOLME THEATRE

At the Westholme Theatre tonight there will be screened a wonderfully interesting photoplay entitled "Intrigue," in which Lenore Ulrich, the famous actress is the star. The play is one of very great interest, and it will hold the audience spellbound from start to finish. The title "Intrigue" is usually associated with matters political or social, and in this photoplay, the title is no exception to the rule. Lenore Ulrich is seen at her best, and she certainly justifies her reputation.

Mutt and Jeff are also with us again, and will be seen with interest. The musical programme is up to the usual standard.

Through an error, the price of admission was stated in the advertisement yesterday to be 15c instead of 25c, thus causing some misunderstanding, which is to be regretted. The added cost of certain films makes the increase in admission necessary.
