HUNS MAKE GREAT EFFORT AGAINST ALLIES

GREAT ATTACK IN FORCE FAILS TO DISLODGE EITHER THE BRITISH OR FRENCH

GERMANS NOW LAUNCH BIG OFFENSIVE

Concerted Counter Attack Made on Both British and French Fronts by Hun Armies—All Repulsed.

(Special to The Daily News.)

London, May 16.—The German staff have launched a concerted counter attack on both the French and British fronts today. The tremendous forces employed in these counter attacks suggest an almost general counter offensive movement. Most of the attacks were repelled, and only insignificant bits of ground were relinquished by the Allies. On the portions of the Hindenburg line held by the British, violent attacks were made, particularly around Bullecourt, but in this sector, the enemy was repulsed with tremendous losses. General Haig reports heavy fighting around this stronghold and the defeat of the enemy objective. A successful raid was carried out by the British near Ypres.

French Front.
Paris, May 16.—The Germans launched an attack against the French lines on a wide front near Bouville following a violent artillery bombardment. Heavy fighting on various other sections of the front are also reported. In the Woevre and in Lorraine, raiding parties successfully cleaned up the enemy trenches, taking many prisoners.

THE RESIGNATION OF ATTORNEY-GENERAL

(Special to The Daily News.)

Victoria, May 16.—Premier Brewster has announced in the House that he has received the resignation of Mr. M. A. McDonald the attorney-general. He had handed it to the Lieutenant-Governor.

Mr. Brewster accepted the resignation of Mr. McDonald, which had been made without solicitation, because in the public interest the receipt of money from the C. N. R. was objectionable. He said that no railway has any influence with the Government.

Mr. McDonald followed the Premier in addressing the House and said that in accepting the money from R. J. MacKenzie he took it as a personal contribution and that the charge that he took it from the C. N. R. was not established by the Commissioner. Mr. McDonald was wildly applauded.

RED CROSS NOTES

The thanks of the Society are accorded to Mrs. Akerberg and Mrs. Jarvis McLeod, who had charge of the sale of home cooking last Friday. Mrs. Hubert Ward also very kindly assisted. The people of Prince Rupert are also thanked for their splendid assistance in raising the sum of \$149.30.

Will Mrs. W. L. Fraser please call at the Red Cross rooms and claim five pounds of coffee. The Society cannot locate her.

Three little girls, Misses Eleanor Peck, Helen and Mary McRae, have sent \$1.60 to the society, being proceeds of the sale of flowers, which is acknowledged with thanks.

The motor engine presented to the Red Cross Society will be drawn for at the Scandinavian entertainment on the 17th inst. Messrs. Akerberg, Thomson & Co. are very heartily thanked for this splendid contribution, the proceeds of which were turned into last Friday's sale.

Bishop de Pencier, speaking to the women of Vancouver, said, "If it were not for the Red Cross, I do not know what our fellows would do." The Bishop has just returned from the front, where he was acting as Chaplain and he knows of their terrible sufferings, and of what assistance the Red Cross Society has been.

Further assistance is yet necessary. The demands for food stuffs at the Friday sales is much greater than the supply. By every person doing their share, greater help can be rendered to the men who so bravely and uncomplainingly are giving up life there for us. "Greater love hath no man than this."

The citizens of Stewart have sent a donation of \$25 to the Society, which is acknowledged with many thanks.

The following is a list of the donors and the articles won at the drawings held at last Friday's sale:—Mr. A. T. Broderick presented a five dollar gold piece which was won by Mrs. Halsey; Mrs. Galland, a hanging basket, won by A. B. Evans; Mrs. Shrub, fish, won by Mrs. Ward; Mrs. Jarvis McLeod, camisole, won by G. H. Arnold; Sam Bloom, a sack of flour, won by Mrs. F. S. Wright; A Friend, a box of cigars, won by W. J. Nelson; Lynch Bros., tin of coffee, won by A. B. Evans; Mr. Lando, a box of candy, won by A. Finnie; Mrs. Jarvis McLeod, fruit, won by Mrs. H. E. Peck; Mr. W. J. McCutcheon, an ebony brush, won by J. N. Sinclair; Miss Scott, a biscuit jar, won by M. Connor; Lynch Bros., a ham, won by Mrs. F. Dowling; Mrs. Wright, a cushion top, won by A. Finnie.

PRESIDENT WORRIED BY TACTICS OF HOUSE

(Special to The Daily News.)

Washington, May 16.—The tactics adopted by the House of Representatives is causing considerable worry to President Wilson. He will have to whip the dilatory Congressmen into speedier action on war legislation.

The Roosevelt division amendment is now a clause in the selective army bill. The Senate and the House have passed the final decision in the volunteer army scheme up to the President.

THE CHANCELLOR WILL NOT SPEAK YET

(Special to The Daily News.)

London, May 16.—According to advices received here from a reliable source, it is stated that the German Chancellor, Bethmann-Hollweg, has refused to discuss either war or peace aims in the Reichstag.

MURDER AT KIMSQUIT

Mr. J. H. McMullen returned this morning from Kimsquit, after holding an inquest on two Indian women who were found shot through the back. The women were wife and daughter of a well known Indian named Stikine Joe. They had gone out to dig potatoes in the morning, and in the afternoon a little Indian boy went out to see how they were getting on and found them shot through the back.

The mystery of their death is unsolved.

ANYOX ATHLETES HOLD A SMOKER

(Special to The Daily News.)

Four fast boxing matches, one good wrestling match, with a sprinkling of music and speeches made Friday last a period in the history of Anyox. Over three hundred athletic fans witnessed the events with unflagging interest, and not once during the entire programme was there a moment when something was not doing. Each guest was met at the door by a member of the association, who presented a pipe and tobacco, a cigar or cigarettes. Every seat in the house was a good one and from the time President Harry Andrew entered the ring to make the opening address until the decision was given on the final bout, the entertainment was such that made the price of admission seem a small consideration.

The first match was between two popular lightweights, Bobby Graine and Billy Searo. Both boys were in fine shape and the last three rounds was an exhibition of splendid boxing. Graine got the decision.

Between the first and the second bout, Mr. Allan Lloyd sang "When the ebb tide flows," and the careful quiet which prevailed indicated the attention of the audience.

The second bout was between Dick Wall and Kid Clark (Campbell). This was a star performance, and Wall got the decision on both points and aggressive-ness.

Next came the raffle of Joe Lee's diamond ring. Captain Sinclair, of the mosquito fleet, won it. It is valued at \$150.

The match between Martin Sutherland and Ed Wall turned out to be the main event, although there was a difference of fifteen pounds in the weights of the two men. Considering the weights and build of the two boxers, one could almost have called this a draw bout, but the judges were pledged to decide that "the best man wins" and the match went to Wall.

The association's own Hawaiian strong orchestra entertained the house with popular and Hawaiian selections, while Arthur Dion and Ralph Rogers prepared for their wrestling sketch. These boys work well together even without music, and their act would have been good on any stage. The first fall was an exhibition of some fairly good work and took only eight and a half minutes. Both falls went to Dion.

Miles McInnes then took advantage of this occasion to make a presentation speech for Clair Connor and Ben Davis, two of the association's boys who are bound for "somewhere in France." Both boys were called upon for a response and both did. Bennie claimed he couldn't make a speech, but they wouldn't believe him.

The final bout was a pretty one. Dave Homewood and Jimmy Ferguson, six-foot spiders, classed by themselves in the favor of those present. Their work was clean, skilled and satisfying. They sparred when they sparred and fought when they fought, and both of them knew what they were doing. It was a match for points and Ferguson got the decision.

The officials were as follows:—Judges, Miles McInnes, W. Hamilton, H. Andrew; Referee, Al Williams; Timekeeper, Fred Bell; Announcer, Frank Moore. There will be other evenings of this kind from now on, and the slogan of the association meantime is "We Want Five Hundred Members."

TROUBLE IN RUSSIA IS STILL SERIOUS

(Special to The Daily News.)

Petrograd, May 16.—The leaders of the Duma are fully alive to the perils of the present discordant condition of the country. Premier Miliukoff has gone to the Russian front in order to strive for unity of action to avert the country from irreparable disaster. A coalition government may yet be formed, which would destroy Russia. The Council of Workmen and Soldiers has issued another appeal to the army to fight against the insidious advances of the German hordes. The success of the Huns means Russia's enslavement.

Generals Brussilloff and Gourko have resigned today. The former is regarded as the most notable of Russia's generals.

Russian Front.

Petrograd, May 16.—Reverses to the Russian troops on both the Caucasian and Mesopotamian fronts are reported today.

WOODEN SHIPS

The Imperial Munitions Board have appointed Mr. R. P. Buchart, of Victoria, director of shipbuilding for British Columbia to deal with all questions in connection with the building of wooden ships in the province. Captain J. W. Troup, of the C. P. R., has been appointed assistant director. The head office of Mr. Butchart and Captain Troup will be in Victoria and all communications relating to wooden shipbuilding in the province should be addressed to them. So reads a dispatch from Ottawa.

These two gentlemen know British Columbia well, and what it is capable of doing in the way of shipbuilding, and doubtless it will be much more satisfactory having men with a knowledge of the provincial capabilities in command of this department of the work of the munitions board than leaving such to Ottawa.

Now that British Columbia men have to do with British Columbia shipbuilding, possibly the ship shed in connection with the Prince Rupert plant at Hays Cove will now be utilized for the purpose it was designed for.

Several million dollars are to be expended in the building of wooden vessels, and in the ordinary course of events, some of that money ought to be expended here, where the facilities are for such work, rather than in the laying down of new yards and slips in the south. With a thoroughly modern and perfectly equipped plant all ready waiting for the orders to go ahead with the work, it is only to be expected that some use will be made of it, and a start made to get some return on the investment.

For a plant of the magnitude of the one here to have lain idle for so long when every plant in the south is overwhelmed with orders for ships, and in some cases turning orders down, this is no good advertisement for Prince Rupert, nor for those who have had charge of the plant during this period.

Instead of dealing now with a board in Ottawa, whose interests are principally in the East and in Eastern industries, now British Columbia men will have some say in the doing of

the Munitions Board in British Columbia, and in the interests of the province, doubtless they will see that it is no good thing to keep the Prince Rupert plant idle any longer. If these gentlemen do not see it so, something in the nature of an eye-opener might be given them.

Now is the time for something to be done in the matter either by the people of Prince Rupert or the G. T. P., or by both. At a time like this, an idle plant is a reproach to any community. Ships and war materials are in urgent demand, and have been for a long time now, but for some reason or other, the plant here has had no share in the war production. Let it be hoped that the reproach will now be removed and that production, what all nations are now crying out for in every direction, will soon commence at Hays Cove.

NOTES AND COMMENTS

Germany is still trying to use her Zeppelins against Great Britain. The British naval gunners have bagged another one in the North Sea. If this one was not on a bombing expedition, it is expected that it was out on a scouting trip preparatory to the German High Seas Fleet matching itself against that of Britain. That the German fleet would come out, now that the winter storms are past, is the hope of every British sailor.

With activity renewed in the Balkans, in Palestine, in Mesopotamia, the Turks and the Bulgars ought to be accounted for this summer. Germany is now in such a state that she will be unable to lend her allies much help this time. Left to their own resources, either nation is in no position to put up a prolonged resistance.

The King of Greece has been liberally exercising his prerogative of making and unmaking governments. Now the people of Greece appear to be rapidly making up their minds that they ought to have something to do with setting up and pulling down both kings and governments.

Mr. Bowser says his reputation as a public man is as good as that of John Oliver. He is quite mistaken. Indeed, Mr. Bowser

has no reputation. It lies buried under the ruins of the Dominion Trust and the P. G. E. so completely that not even a ragged end sticks out.

The war is speeding up many a movement that appeared impossible of settlement without interminable discussion. The British government has all but reached a decision that the way to settle the liquor problem is for the state to buy out the whole system, lock, stock and barrel.

Venezelos understands the Near Eastern situation better than any other statesman. If his advice had been followed from the first the Balkan situation would be greatly different from what it is today. Happily, he is coming into his own.

"OLD GLORY" NOW FLIES IN FRANCE

Paris, May 14.—Five hundred "Old Glories" are fluttering on French battlefronts today.

The enemy in his trenches "across the great divide" does not have to strain his eyes to see the Stars and Stripes flapping the breeze on the most conspicuous parts of the five hundred ambulance service, now with the French armies.

Driving the ambulances, literally composing the advance guard of the American armies preparing to fight the Germans, are five hundred young Americans from almost every state in the Union. From now on the American ambulance service is prepared to augment its army of ambulances, by one section a week—from 25 to 30 cars in a section. As each car rumbles away from the Paris headquarters at 21 Rue Raynoud an American flag is firmly fixed on the top, where the enemy will have no difficulty in seeing that he is now fighting more than the famous French tri-color on those parts of the front held by the French.

"THE WONDER HAT OF THE SEASON"—That's what it is called.—What is claimed to be the most tasteful and stylish hat of the season is before your eyes. It is made of white novelty straw and has a white George de la Brim with insets of white printed Georgette that add considerably to the attractiveness of the hat. It can be worn on the hottest summer days, and instead of making one uncomfortable, it adds to their comfort.

IN MEMORY OF A GREAT MAN

Had he been spared, Charles Melville Hays, under whose direction the city of Prince Rupert was founded, would have been sixty-one years of age today. Like a voice from the beyond came the following lines, just found in the pocket of a garment worn by him when he was here in 1910, the first year of this city's life, and clipped by him from a local paper then.

The lines are headed "Kipling's Latest" and so characteristic are they of the man's mental trend, they will bear reproducing.
If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting, too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies;
Or, being hated, don't give away to hating;
And yet don't look too good, nor talk too wise.

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with triumph and disaster
And treat those two imposters just the same;
If you can bear to hear the truth you've spoken,
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn out tools.

If you can make one heap of all your winnings,
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the will which says to them "Hold on."

If you can talk with crowds and keep your virtue,
Or walk with kings—nor lose the common touch;
If neither foes nor loving friends can hurt you,
If all men count with you, but not too much;
If you can fill the unforgiving minute
With sixty seconds worth of distance run,
Yours is the earth and everything that's in it,
And—which is more—you'll be a man, my son.

Bathe Internally

Over 50,000 People Are Now
Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestine for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisoned waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's, Druggist, Corner 3rd Ave. and 6th St., or ask there for "Why Man of Today is Only 50 per cent Efficient," a booklet of great interest, which is given free on request. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

IN THE LETTER BOX**PUBLIC CRITICISM**

Editor Daily News,
Dear Sir:—I read a few days ago, a letter in your estimable paper signed by a representative of a foreign government in which he severely criticised an officer of the Dominion Government. And I wish to remark to one who reads the law so intelligently (?) that the proper channel for redress is through the governmental departments concerned, and that it behooves one so well read in International Law to air his opinions in such matters through the public press.

HAYSPORT DANCE

The Patriotic Dance given by the people of Haysport Friday night, May 11th, was a great success. Although the weather was unfavorable, there was a large attendance from Port Essington, Balmoral and Claxton.

Everyone thoroughly enjoyed the splendid music rendered by Messrs. Balagno Bros., of the Westholme Theatre. Mr. George Frizzell, of Prince Rupert, who kindly consented to act as floor manager, was the five-wire of the occasion, and kept things in a whirl from start to finish and through his splendid efforts helped to make it, as every one heartily agreed, one of the most successful dances ever given on the river.

The refreshments served at midnight were excellent.

The proceeds of the dance which amounted to \$56.00, were handed over to the Ladies Patriotic Guild, of Port Essington, who are doing splendid work for our boys at the front.
