### RESIGNATION WITHDRAWN AND RENEWAL OF RUSSIAN OFFENSIVE IS PROMISED

#### ITALIANS ARE ADVANCING UPON TRIESTE

Austrian Inhabitants Are Panicked Stricken at Rapid Italian Progress—Records are Sent to Vienna.

(Special to The Daily News.)

Rome, May 19.—The Austrian commander has ordered all civilians to evacuate the Isonzo section, in which the Italians are steadily forging ahead. Trieste is now panic stricken at the approach of the Italian troops, who are now only twelve miles distant from the city limits. The government offices, banks, and the leading business houses have hurriedly shipped their records to Vienna. The Italian armies have taken 6,432 prisoners up to date in their offensive against the Austrian lines.

**British Help.**  
British heavy artillery batteries are co-operating with the Italians in their offensive, and have been of great assistance, in aiding the advance of the Italian infantry.

**French Front.**  
Paris, May 18.—Dispatches received here state that the Germans are adopting precisely the same tactics in destroying the towns and villages and transferring troops, as those which preceded their other famous retreat from the Somme to the Hindenburg line. This action on the part of the enemy is understood to be the prelude to another and greater withdrawal.

In the Craonne region, several fierce attacks on the French positions were made by the Germans, but their intention of driving the French troops back was frustrated.

The whole series of the German attacks were repulsed, and very heavy losses were inflicted.

**British Front.**  
London, May 19.—General Haig reported that to the northeast of Armentieres, two raids were made by the Germans in some strength. The raiding parties were beaten off easily. No mention is made of the fighting around Bullecourt or any other portion of the Hindenburg line.

**German Admission.**  
Berlin, May 19.—The ruins of the former village of Bullecourt were evacuated according to command, without disturbance from the enemy, who established himself there twenty-four hours later.

(Special to The Daily News.)

Amsterdam, May 19.—Rumors of German origin are prevalent at The Hague that a truce is about to be arranged between Russia and the Central Powers.

#### THE CRADLE

"PAPA" JOFFRE SEES NEW YORK SKYSCRAPERS

The picture shows the French Mission arriving in New York to join the British Mission. Leading is Mr. Rene Viviani, Foreign Minister, on the arm of Mr. Joseph H. Choate, who died so very suddenly a few days ago.

#### GERMANS THINK OF SALVING SHIPS

Amsterdam, May 17.—The problem of salvaging ships sunk by submarines is solved, according to the Hamburger Fremdenblatt, which says that German engineers have perfected a process of raising ships from the bottom of the sea. Details are withheld, except that especially equipped salvage vessels will be employed and that they will be able to operate even in stormy weather.

The Fremdenblatt, which as an example put the value of the ships sunk in February alone at what it calls the moderate figure of \$180,000,000, says the number of ships sunk and their favorable position in most cases for raising guarantee for many years after the war plenty of work and a rich profit.

#### A SUMMER SCHOOL FOR B. C. TEACHERS

Arrangements are now being completed by the Education Department for the holding of a summer school in Victoria. The school will open Tuesday morning, July 3rd, and close on Friday, August 3rd. All teachers actively engaged in teaching in the provincial schools are eligible for admission without fees.

#### MORE GERMAN BRUTALITY

The Hague, May 17.—With characteristic brutality the Germans have now announced that if they do not obtain Dutch fish the Relief Commission will be refused permission to import fish for the population of Belgium and Northern France. The import has already stopped. As a Times correspondent telegraphed, the stoppage of the fish supply to Germany was due to refusal of Dutch fishers themselves to trawl fish for the German market at the risk of being torpedoed in the safety zone by a submarine.

Every article specially reduced at Goldbloom's.

#### SUBMARINES GET ORDERS BY WIRELESS

Amsterdam, May 18.—Between 80 and 100 German submarines have fallen victims to British nets alone and Germany now has about 325 submarines in operation, according to the Telegraaf, which reports an interview with a member of the crew of the German submarine U-58. This is the submarine which sank the Dutch grain ships in February.

The U-58 is commanded by Captain Count von Plaetau. According to the interview, the submarine discharged three or four torpedoes against the Dutch ships and then zigzagged between them, sinking them with bombs and shellfire.

When at sea the German submarines assemble at given points every morning and receive wireless instructions, presumably from Heligoland. There are about 39 U-boats of the newest type, each carrying a crew of 56 men, and this fleet is supplemented by a secondary squadron marked with a C, the German sailor said, and that the first-class boats have a speed calculated as sufficient to overtake any cargo vessel.

#### NOTICE TO MARINERS

Marguerite Clarke is the star artist, and she is a prime favorite with the people of Prince Rupert. The play itself is of a very high order, and of its kind, none other is better. The combination of a star actress and a fine play should afford the audience tonight a treat.

In addition, a Travelogue of the southern Hemisphere, and the latest Pathe Gazette, showing pictures of the latest world doings, will also be screened.

Just arrived—100 tons Washed Nut Coal—Albert & McQuerry, Phone 116.

#### TREACHEROUS PLOT OF CZAR AND KAISER

(Special to The Daily News.)

Paris, May 19.—A Moscow newspaper publishes a long account of a treacherous pact arranged between the late Czar and the Kaiser which is alleged to have been aimed by the two rulers against France. A secret treaty is said to have been signed in 1915, even at which time Russia was bound by an offensive and defensive alliance with France.

This information has had a great solidifying effect upon the Russian people. The secret treaty was subsequently cancelled through the ability of Count Witte.

#### ALABAMA RECORD NET YET ECLIPSED

The activities of German raiders Emden, Moewe, Prinz Eitel Frederick and Karlsruhe have called attention to the Confederate raider Alabama, which it is pointed out, still holds the blue ribbon for destructive work accomplished, writes W. W. Jermaine in the Seattle Times.

Whatever the name of the new German commerce destroyer that has been operating off the east coast of South America, naval authorities say that it must prove itself of greater destructive capacity than the Emden, and must keep the seas much longer, to equal the record of the Alabama. The Alabama exceeded the Emden in the number of captures made, the time spent at sea, the distance travelled, and the value of property sunk and burned.

The Alabama cruised up and down the North Atlantic and the South Atlantic coast, the Caribbean Sea, the Gulf of Mexico, the Indian Ocean and the China Sea. During these trips her commander measured wits with the United States warship San Jacinto and exchanged fire with the United States ship Hatteras, a converted ferry doing blockade duty off the Texas coast. From the Jacinto the Alabama escaped, and the Hatteras she sank, rescuing officers and crew. The Alabama, it is pointed out, did not rank high as a battleship, for her gunnery was poor, and in her first and final encounter with an enemy worthy of that name much of her ammunition was found to be defective.

Of several commerce destroyers in the Confederate navy, the Alabama was easily the most successful. She was credited with the capture of sixty-nine ships. Her nearest competitor was the Florida, with thirty-seven captures to her credit, and after the Florida came the Shenandoah, with a record of thirty-six merchant prizes. After the Shenandoah came the Tallahassee, with twenty-nine captures; the Sumpter, with eighteen, and the Tacony, with fifteen. The number of United States ships known to have been taken by these commerce destroyers was 269, although the record is believed to be incomplete.

The sailing or steaming time of the Emden and other commerce destroyers of the present great war has been measured in weeks. The Alabama, however, known by Laids, of Birkenhead, her builders, as "290," sailed out of the Mersey in the summer of 1862, raised the Confederate colors off the Azores on August 24 of that year, and met her fate under the guns of the Kearsarge off Cherbourg on June 19, 1864.

#### U. S. AMBASSADOR TO AUSTRIA RETURNS

(Special to The Daily News.)

New York, May 19.—Mr. Penfield, American Ambassador to Austria, has now arrived here. He brings a tale of sorrow and suffering of the peasantry of France. He says that Almighty God will never permit the Kaiser's mad assault upon civilization to be successful. The distress in Austria is terrible, but that country is not yet at the end of its resources. The people are kept in absolute ignorance of the happenings of the outside world.

#### THE DEATH OF JOSEPH H. CHOATE

After but one day's illness, the man who has been described as "the foremost citizen of New York," Joseph Hodges Choate, died on Monday at his residence in New York. He had taken a very active part in the entertainment of the French and British Missions to the United States, and had attended Divine service on the Sunday previous with Mr. Balfour, British Foreign Minister.

His sudden death will leave a gap among the illustrious of the United States. In the photograph printed today, he is seen with M. Viviani on his arm, on the reception of the French Mission. From 1889 to 1905, he was the Ambassador of the United States to the Court of St. James and among the diplomatic corps there, he was most deservedly popular.

A man of delicate perception and quick wit, his bon mots were famous. On one occasion, at a function in London, he paid a delicate compliment to his wife, throwing an interesting side light on his intimate family relations. On being asked who he would rather be, other than himself, he replied, "Mrs. Choate's second husband."

#### SOME OF THE "BOYS" ARE ENTERTAINED

The older members of the Boys Own Club were entertained last night at the home of Mr. and Mrs. Smith, Fifth Avenue, West. The main feature of the evening was the guessing contests, which tested the ingenuity of the boys considerably. The prizes were carried off by Jack Currie and James Mitchell. The consolation prizes went to George Allen and Ralph Smith. Cards and other games were also indulged in and through the genial hospitality of the host and hostess, a most enjoyable time was spent. A patriotic chorus brought the evening to a close.

## THE WAR

The latest information coming from the various fronts show that little by little, on many fronts, the enemies of the Entente nations are being driven back. At no one point are they able to make any permanent progress. On the British and the French fronts in the west, while no great territorial gains have been captured during the last few days, at several distinct points, progress has been made, a few yards at a time, but always at the expense of the enemy. The German General Staff have thrown reserves into the front line in despairing efforts to stem the pressure exerted by the Allies, and at times have attempted a counter offensive over a wide front, but it has been unable to move the Allied line.

Notwithstanding the transfer of thousands of his troops from the eastern theatre to the west, Hindenburg has seen the Allies "nibble" at his "line," reinforced as it is. The Allies have now got the upper hand, and Hindenburg knows it. His great problem seems now to be to get his armies back to the Rhine, without losing them. He is losing them too fast as it is, in casualties.

The Russians have again commenced their offensive all along their northern front, and with the enemy lines depleted of the thousands sent to the west, and being held there, their task should be lightened to that extent. The Italians are busy, and have made important progress in the direction of Trieste. Operations have also started in Macedonia where British, French, Italian, Serbian, Greek and Montenegrin soldiers have already shown the Bulgars that they mean business this time. With success in this region, which may be looked for, as Germany has her own hands too full to lend any assistance to her unfortunate friends there, communications with Constantinople may soon be cut, and with supplies cut off, Turkey will not be able to last very long as a military power. The last reports received of the state of Bulgaria showed that the people in that country have had all the war they want, and

are ready for peace, almost at any price.

For the Allies, the position at the present on every front seems to be better than ever it was. They are now in the height of their strength, both in numbers of effectives and in guns and munitions. On the other hand, the Central Powers are on the wane. This does not mean that they are unable to put up a strong resistance yet. Tough fighting will yet be in store, because the military caste who rule in the Central Empires know that once their subject peoples realize that all their sacrifices have been in vain, and that with it all, their armies are beaten in the field they will get a short shrift from those they have deceived. On that account, the German leaders will do everything in their power to encourage their soldiers to put up a desperate resistance. The German mind has been trained for the past forty years to believe what their military rulers have told them. They accept their statements regarding the invincibility of the German arms with childlike credulity. Their whole mental training has made them want to believe it. But once the deception practiced upon them is realized, and shown to them, a complete volte face may be expected, just as happened in Russia.

## NOTES AND COMMENTS

Three prominent Austrian politicians are reported to be on their way from Vienna to Switzerland with peace proposals. They hope to be given a safe conduct to France in order to discuss the subject with the French Cabinet. A similar move was made towards Russia a few days ago, but it made no headway. Austria practically asked Russia to desert her allies, while she herself remained with the late triple alliance. This move has been rightly called "a particularly Prussian performance."

The new Emperor Karl seems to be having a particularly hard row to hoe. He has a new parliament to meet very shortly, in which the Slavic elements of his population are very largely represented. Among them the peace sentiment is very strongly pronounced. Between the wishes of

## MAGIC BAKING POWDER

his people which will doubtless be expressed in the coming session of the parliament, and the will of the Kaiser, he will have to choose. There is no middle course.

## WOULD NOT BANISH CZAR AND CZARINA

Washington, May 17.—Confidential intelligence received here through diplomatic channels discloses, according to the Foreign Affairs news service, a local organization, that the Russian Provisional Government's plan for deportation of the dethroned Czar and Czarina has been defeated, at least temporarily, by the Council of Workmen and Soldiers' Delegates. The Government had decided, it was said, to banish the former ruler and his consort, to-

gether with their son, to England, which country had volunteered an asylum for them.

It was also made known, the same news service reports, that the Council of Workmen and Soldiers Delegates had been responsible for the refusal of Grand Duke Michael to accept the Regency. The Council was reported to favor a republican form of government, and the majority of the members of the Provisional Ministry a monarchy under a liberal constitution.

The reason for the Council's opposition to the banishment of the Royal family has been attributed to its desire to deprive them of a portion of their immense fortunes, a Commissioner having already been appointed to take over their domains. Their combined wealth is estimated to total \$9,000,000,000, which formerly yielded them a prodigious income.

# SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

**ALBERT VARNER**  
Buckingham, Que., May 3rd, 1915.  
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach. I say take "Fruit-a-tives", and you will get well".

## THE FEDERATION OF THE WORLD

Many prophecies regarding the present war have appeared from time to time in the columns of the daily press, but it is safe to say that no picture of the future was ever drawn so boldly, so clearly, so truthfully and with such clearness of prophetic insight as the picture which the great poet Tennyson drew of the present titanic struggle for the mastery of the air and ocean.

The wonderful description of the present awful war is to be found in the poem "Locksley Hall" which was written and published over seventy years ago.

Tennyson in this poem writes: "For I dipt into the future, far as human eye could see, Saw the vision of the world, and all the wonders that would be; Saw the heavens fill with commerce, argosies of magic sails; Pilots of the purple twilight dropping down with costly bales; Heard the heavens fill with shouting, and these rained a ghastly dew, From the nations' airy navies grappling in the central blue; Far along the world-wide whisper of the south wind rustling warm, With the standards of the peoples plunging through the thunder-storm; Till the war-drums throbbed no longer and the battle-flags were furled In the Parliament of Man, the Federation of the World."

This remarkable prophecy of

WAITING AT THE BUNGHOLE.—From the New York Commercial.

the greatest of English poets seems like a meteor light thrown upon the darkness of the night, for it draws our attention to the wonderful blessings that will flow upon the world when the war is over. If we must honestly concede that Tennyson's picture of the war so far, is realistically true, must we not believe that the outcome will be "The Parliament of Man, the Federation of the World?"—J. G. ### COUNCIL OF THIEVES ASKS MORE FREEDOM

Petrograd, May 17.—A mass meeting of thieves was recently held at Rostoff-on-the-Don to demand a share in the new freedom and a chance to turn over a new leaf. The Chief of the local militia and the President and several members of the Council of Workmen's and Soldiers' Deputies were present on invitation.

Practically all branches of the profession of thievery were represented, and several of the most accomplished members made speeches in which they outlined the difficulties confronting them and declared that it was impossible to return to honest pursuits without the help and support of the community. The speakers complained that recently the population had risen against them and, in some instances, went so far as to lynch some of their brothers.

Chief of Militia Ralmikoff asked for help and support by the people in aiding the efforts of the thieves at reformation. One of the bystanders complained that he had been relieved of his purse containing six roubles. The thieves roundly protested that it was not the work of a professional and took up a collection to reimburse the victim.

### Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:—

I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A.
