SMASHING BLOW STRUCK ON THE BELGIAN FRONT

ATTACK MADE ON A NINE-MILE FRONT TAKES FIRST OBJEC-TIVES-TANKS IN THICK OF FIGHT -- MANY PRIS-ONERS TAKEN-GERMAN TRENCHES ARE BLOWN UP

(Special to The Daily News.) London, June 8.—The British LIBERAL VICTORY troops under General Haig opened an offensive this morning on the Messine and Wystchaete Ridge in Belgium on a nine-mile front. The first objectives were taken everywhere and further progress is ready counted and further numbers continue to reach the collecting stations. This new offensive is three miles south of Ypres.

The fighting is still in progress. The rush of the British carried them across the Messine Wyteschaete Ridge, and they are entrenching now. Over one million pounds of explosives were used to blow up the foremost German positions. Twenty per cent more guns were in operation preparatory to the advance than were used in the Battle of Arras. The trench positions all the way from Observation Ridge, southeast of Ypres, to Placestreet Wood, north of Armentieres, were also captured. The tanks were in the thick of the fighting. The British naval air planes dropped bombs on the German aerodrome near the coast between Zeebrugge and Ostend. The British machines returned safely.

French Front.

Paris, June 8 .- In the region . to the northwest of St. Quentin a strong force of Germans attempted a midnight raid over our lines on a front of six hundred yards. The raid was repulsed. To the north of Chemin des Dames heavy artillery fighting continues. Ottawa as a possible Cabinet of opinion seemed to be that the Berlin Report.

THE MILITIA ACT

Section 10 of the Militia Act says: "All the male inhabitants of Canada, of the age of eighteen years and upwards, and under sixty, not exempt or disqualified by law, and being British subjects, shall be liable to serve in the Militia; Provided that the Governor-General may require all the male inhabitants of Canada capable of bearing arms, to serve in the case of a levee en masse."

The list of exemptions includes Privy Councillors, judges, deputy ministers of departments, clergy, telegraph clerks in active employment, revenue collectors, police and firemen, professors in colleges. persons disabled by bodily or mental infirmity, only sons of widows, pilots and conscientious objectors.

Section 69 of the same Act says: "The Governor-in-Council may place the Militia or any part thereof in active service anywhere in Canada, and ALSO BEYOND Canada, for the defence thereof, at any time when it appears advisable so to de by reason of emergency."

This law is older than Confederation. It was embalmed in the Dominion Statutes, if we remember rightly, largely through the instrumentality of Sir George Cartier, Sir John A. Macdonald's right-hand man from Quebec. It certainly has not been attacked from that province, and Colonel Armand Lavergne invoked it not long ago. It would appear to meet the war situation to a nicety. "Beyond Canada" means any place where military effort is required for the defence of Canada, and in the present emergency that assuredly is France.

The Militia Act divides the male population liable to serve in the Militia into four classes. The first class comprises single men and widowers without any children between the ages of eighteen and thirty. The second comprises unmarried men and widowers without children between the ages of thirty and forty. Married men, and widowers with children, between thirty and forty-five make up the third class, while the fourth class consists of all those between the ages of forty-five and sixty.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way

New Way

teaspoons Dr. Price's Baking Powder 4teaspoons Dr. Price's Baking Powder 1 teaspoon flavoring

2 tablespoons shortening 1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.
