## BRITISH HIT GERMAN LINE ANOTHER BLOW

### FURTHER ADVANCE MADE IN BELGIUM -- BRITISH TROOPS GAIN ALL OBJECTIVES

#### HAIG SMASHES GERMAN LINE ONCE AGAIN

Another Smashing Blow on German Trenches Advances British Line on a Long Front—Guns Captured.

(Special to The Daily News.) London, June 16.—General Haig's troops drove forward today and struck another rapid blow at the German lines, between Ypres and Comines, gaining all objectives. One hundred and fifty prisoners, a number of howitzers and seven machine guns were captured. The British now occupy the former front trenches of the Germans from the River Lys to the River Warnave.

ADVANCE TWO MILES DEEP. The map shows the former battle front and the British line after the successes along a front of ten miles, which included the capture of important points, and six thousand prisoners.

#### ALLIED NOTES REJECTED BY DELEGATES

Leaders of Soldiers and Workmen in Russia Scorn Notes From the Allies—Proposals Denounced.

(Special to The Daily News.) Petrograd, June 16.—The leaders of the Soldiers and Workmen committees in Russia have treated the notes received from the British, French and American Governments scornfully. The notes have been definitely rejected by the delegates. The revolutionaries seem bent upon undermining the alliance. Even the press are united and loud in their denunciation of the proposals, and say President Wilson is the worst offender. The pacifists are active, and say that as the Government has failed, it is now up to the people to take action.

Lieut.-General Sir H. C. O. Plumer. Commander of the second British army, which won the big victory on the Messines Ridge.

#### HON. T. D. PATTULLO TALKS WITH HIS CONSTITUENTS

MR. F. H. MOBLEY, M. P. P., AND MR. A. M. MANSON, M. P. P., ALSO DISCUSS THE AFFAIRS OF THE PROVINCE—LARGELY ATTENDED MEETING LISTENS ATTENTIVELY TO SPEECHES

A large and enthusiastic gathering of the citizens took place last night in the Empress Theatre when the Hon. T. D. Pattullo, minister of lands, Mr. F. H. Mobley, M. P. P. for Atlin, and Mr. A. M. Manson, M. P. P. for Omineca, told of what had been done during the last session of the Provincial Parliament, and also spoke of many things of interest to the people in general, and of northern British Columbia in particular. Mr. Fred Stork was chairman of the meeting, and in his introductory remarks said that heretofore, when the member for the district came to town it has been the recognized procedure for him to talk to his own particular flock, but in this instance, an invitation was extended to everyone in town to hear the minister. He referred gracefully to the number of ladies present and of the marked interest taken by the ladies since the franchise had been granted them.

made by the Grand Trunk Pacific looking to the acquirement by them of government property on the other side of market square in order that they may close out Cow Bay. Strong objections have been made by the city. This is a question as to which is the greater public benefit. There are two sides to this question. It occurred to me, I made the suggestion in the city council in the presence of the G. T. P. representative, with whom I had not discussed the matter, that it might be a good thing for the city to get some Grand Trunk waterfront in transfer on that account. If the Grand Trunk were willing to give this waterfront, I would see that the transfer will be made as soon as possible. Rather than give to the city 200 feet, I would prefer that the G. T. P. loosen up on a little of the waterfront they have. So much will be reserved so that the city will have some waterfront, but meantime, I am going to loosen a little from the G. T. P. In case at any time any arrangements are come to with the G. T. P., they must live up to their contract. Before I will give them anything, I want to know what they are going to do, and when, and what position they are in to do it.

The Hon. T. D. Pattullo, minister of lands, who was the first speaker, said that he had always felt that a member returning from the Legislature should at once get in touch with his constituents and render to them an account of what has been accomplished. Mr. Pattullo entered quite exhaustively into the legislation of the new Government at Victoria, and explained the provisions of the Audit Act, the question of the railroads, the Civil Service Bill, the Mineral Survey Act, the Equal Guardianship Act, and the Forest Relief Amendment Act, and the creation of the Department of Labor.

With regard to closed towns, Mr. Pattullo intimated that notice had already been served upon the Granby Company that the Government claimed one quarter interest in their townsite at Anyox, in accordance with the regulations governing townsites.

Waterfront. "For a good many years," said the Hon. Mr. Pattullo, "those of you who were here at that time will remember that there was considerable agitation that the city should have waterfront. I myself took part in that agitation. I never thought that the city was fairly treated. I thought that the city should have more waterfront and all they had was 200 feet in Section 2. The provincial government has some 1,500 feet. The government wharf is not in as good condition as it ought to be. It will not stand the heavy strain of handling coal traffic. I took the matter up with the Public Works Department and an investigation is being made as to why such conditions are and the information will be got. I don't see why the government wharf should not be the wharf of the people just as much as a city wharf would be.

"I told the city council frankly that I was not in favor of giving them lots 1 and 2. I do not like to cut right into the middle of 1,500 feet, because we never know what demands may be made for some greater development on a large scale some day and right in the middle would be the city wharf. There are many applications for waterfront, which I think are entitled to some consideration, but I propose at the east end of the 1,500 feet to reserve 200 feet on behalf of the city. Cow Bay. Representations have been

Water Power. "This is a question of long standing. I myself was once on a delegation which visited Victoria and put up a hard fight, but I am sorry to say that the question remains much as it was. I have had communications with the city council, and I think they are pretty well satisfied with the view that I take and at a subsequent date you will have an opportunity to say whether you approve of the course which the Government pursues or not.

The Drydock. "I do not know of anything more important to the town than the drydock. We can hardly speak temperately when describing that situation. The mayor had sent to me a copy of a letter from the assistant secretary of the Munitions Board, the tenor of which I did not like. I wrote him and received a reply from Mr. Flavelle, and answered Mr. Flavelle that he was only stalling. He said that he understood that we had difficulty in getting Douglas fir in Prince Rupert. I told him very plainly that the drydock was built under contract for subsidy from the Dominion Government and conditions were such that long since we should have been building ships and making munitions. He sent that letter to Mr. Buchart, who wrote me a letter, but his letter was a stalling letter. I wrote him again and the last reply I received was to the effect that all the contracts for wooden ships had been given out, but that some orders for engines might be given. In Victoria they have let contracts to the Foundations Company, which is a Montreal firm. They have secured a piece of ground from the Province. (Continued on Page Three).

#### G. T. P. WILL GET A NEW MANAGER

The following is taken from the Vancouver Province:

"W. P. Hinton, traffic manager of the Grand Trunk Pacific, will shortly be appointed general manager of the road. Mr. Hinton was in Montreal yesterday conferring with Chairman Smithers and President Chamberlin. The latter will take three months' leave of absence shortly, a prelude to his resignation. In that event J. E. Dalrymple, traffic vice-president, will succeed him. Mr. Hinton, who is regarded as the 'coming man' of the Grand Trunk, was at the Windsor Hotel, but naturally would say nothing about impending changes. He was full of optimism, however. 'Nothing can shake my faith in the West and its future,' he said. This information will be very satisfactory to the residents along the G. T. P. line and particularly to the citizens of Prince Rupert. The faith of Mr. Hinton in Prince Rupert and the West has been proved before, and Mr. Dalrymple is also one who believes in the great future in store for this end of the line.

#### THE COLTS GO NORTH

Last evening the Colts baseball team left for Alice Arm and Anyox on the Princess May. A series of ball games have been arranged, the first of which will be played this afternoon at Alice Arm. Thereafter the Colts will meet the Anyox team, after which the latter will play Alice Arm, and the Colts will meet the winner in a final. All the teams are in first-class shape and some good ball is expected.

#### SKEENA CANNERIES NOW WANT FISHERMEN

It has been learned from recent arrivals in town that a scarcity of fishermen exists on the Skeena, and the canneries are having some difficulty in having their licences taken up this year. This is accounted for by the fact that there are over six hundred fishermen out trolling, and they are getting very fair catches. At Langara, and around the Queen Charlotte Islands, also at Dundas Island, the trollers are most numerous.

Further south, it is learned that there are as many fishermen as there are licenses for. All preparations are being made for the coming sockeye season which opens on the 20th inst.

On the Naas River, the spring salmon has not been very successful this year, but hopes are entertained that if this weather continues, that the sockeye season will be good.

On enquiry, Inspector Williams states that the weekly close season for trolling will not be enforced this year. This is the first season for which trolling regulations have been applied, and the strenuous opposition to the close season was backed by such good reasons that its application will be deferred.

#### MINERS WILLING TO WORK

(Special to The Daily News.) Ottawa, June 16.—Mr. Crothers has received word from Green, representing the western coal strike. The men are willing to accept his proposition and return to work, provided the mine owners accept. The attitude to conscription is announced by President Watters. Declares wealth must go first. Labor wants some further proof that the state is in actual danger. Recall the previous contrary assurances given by the Premier, and says that Labor was not even consulted over the matter.

Just arrived, 350 tons of lump coal. Phone 116—Albert & McCaffery.

Every article is reduced. Summer clearing sale at Goldbloom's.

#### GENERAL NEWS ITEMS

(Special to The Daily News.) The strike situation in Vancouver is unchanged. Paraguay and Uruguay have formally announced an embargo against the exportation of flour and wheat from their borders. Sanford Evans, ex-mayor of Winnipeg, is likely to be appointed food controller of Canada. A general amnesty for Irish political prisoners has been announced in the House of Commons by Bonar Law. The North German Gazette says that Germany will never make restitution to the Allies for the losses in shipping caused by the submarine campaign. The Uruguan Senate decided today that if American warships visit Uruguan ports, they will be treated as non-belligerents. Sympathy was expressed with the United States.

### CONSCRIPTION

The one subject which is of the greatest interest in the Dominion today is whether or not compulsory military service will be enforced by the Government. There are very few people but will admit that the principle of conscription and the placing of the whole country on a proper war basis is the thing to do at a time like the present. In this connection, it is well to remember that the principle of conscription does not mean the application of compulsory military service, only. It has a wider significance than that, and in order to place the country on a proper war footing, as other nations have been compelled to do, the principle will require to be applied in many other directions.

While the immediate object of the bill now introduced into Parliament is the securing of one hundred thousand men to complete the half million promised as the quota from the Dominion it is apparent that the powers given the Government by this bill make it possible for them to call up even a greater number than that, should the necessity arise. But the conscription of the man power of the country is not sufficient. What about food stuffs? The average man, who is head of a family, and in Canada there are many young families, cannot regard with equanimity the idea of his being drafted to fight his country's battles, and his dear ones left to face the ever-rising cost of bare living on the allowance made by the Government. The allowance, while generous compared with that of some European countries, does not seem very large, especially in the West, and it is grossly unfair that the food barons and manipulators should, with the connivance of a friendly Government, be permitted to realize fat profits at the expense of the dependents of those who are risking their lives for these same people. The Government, elected to preserve the rights of the people at large, have for the three years of the war, permitted prices to rise from height to height, without taking any action.

This conscription bill as it

was introduced is only a part conscription bill. It is not complete. It has been left for a member of the Opposition to call the attention of Parliament to an equally important matter to which this Government would never apply conscription, unless they were compelled to, much against their will. That is, that the accumulated wealth at present in private hands contribute towards the cost of the war, in like manner as so many brave men have contributed their lives.

The Soldiers who have fallen on the field of battle have given all that they had for the welfare of the Empire—and "what will a man give for his life—yea, all that he hath." It is a very much lesser thing to ask that those who do not risk their lives should give up a part of what that life is worth. Equality of sacrifice is demanded of everyone in time of national peril. And it is but reasonable that those who do not offer their lives should contribute at least part of what life is worth to them. Until such action is made compulsory, it will never become general.

The logical supplement to compulsory military service is compulsory financial contribution. If the Government were honest in their placing the burden of the war equally throughout the people, they would have taken long ago, not as loans, but as a direct tax, that surplus of riches from those who possess it.

It is safe to say that if such steps as would ensure the protection of dependents from exploitation, and the placing of the burden of the war upon the broader backs of those most able to bare it, there would never have been any necessity for the introduction of this bill of half measures now before Parliament.

### NOTES AND COMMENTS

On account of the duplicity of King Constantine, the Allies have been compelled to take strong measures to protect their rear in the Balkan campaign. With an active Hohenzollern as a partner, it is evident that the late king could not be trusted to maintain that neutrality which he pro-

fessed. Venizelos, the Cretan, will now be in a position to weld Greece into some kind of unity, and it may be taken for granted that the Allies will obtain every assistance from the people of Greece, in the campaign against the Bulgars, Turks and Austrians.

Bit by bit the German line is crumbling before the constant battering of the Allies' bombardment. The two retreats announced in yesterday's dispatches may be taken to be the prelude of a further and possibly greater strategic retreat. A second strategic retreat will put Hindenburg in the class of the past masters in the art and the great leader of the German forces to victory will have another story to tell the Kaiser.

Several of the children who were injured when the bomb fell upon the school building in London were so seriously hurt that they have since died. It will have been noticed that of late the German aeroplanes are leaving the open towns and cities of France alone. They know that reprisals will follow swift and sure from the French aviators. Thus the French civilian population to a certain extent are protected. But returning evil for evil is not a

# AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

## HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-TIVES" — The Wonderful Fruit Medicine — will Protect You

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the kidneys and skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes indigestion, loss of appetite and disturbed stomach. It may produce headaches and sleeplessness. It may irritate the kidneys and bring on pain in the back, rheumatism, gout, and rheumatic pains. It is the chief cause of eczema — and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter. "Fruit-a-tives" will always cure auto-intoxication or self-poisoning — as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

WHERE IT IS WARM ENOUGH TO BASK ON THE BEACH.—Here is a typical scene of the English bathing beach, where everybody appears to be happy. It will be noticed that the male representation does not include eligibles between the ages of eighteen and forty-one and the fair bathers this year must do without an escort.

### HON. T. D. PATTULLO TALKS WITH HIS CONSTITUENTS

(Continued From Page One.)

cial Government on the Songhees reserve for the building of ships, and they have to start from the grass roots up to prepare their plan, and here we have a two million dollar plant all ready. Contracts worth millions have been given out in the east time and again, and how much has been given to British Columbia? It is nothing short of stealing, the way it looks to me. We are really in the hollow of the hands of a few men back East and I think we will have to get up a Western party and will have to do so for our own protection. The question of consideration for the West is one of the most important before us at the present time. There is a perfect clique of men down there. Ottawa is bound to the C. P. R. and the C. N. R., while the G. T. P. can get nothing. Just look at Sir William McKenzie telegraphing the Provincial Government that the C. N. R. was removed to the jurisdiction of Ottawa.

#### Returned Soldiers.

Mr. Pattullo also spoke on what the Government was doing and had in hand for the returned soldiers. This was in reply to a request from the Great War Veterans Association. He explained the constructive policy of the Government in regard to technical and vocational training and also the land settlement scheme at some length. A suggestion had been made by one of the soldiers that the Government build some small fishing vessels, and Mr. Pattullo thought that there was some merit in that suggestion.

#### Woman's Suffrage.

Mr. F. H. Mobley next addressed the meeting and emphasized the privileges and the responsibilities acquired by the women of the province when the suffrage was extended to them. He pointed out that "women shall be capable of being elected as members of the Legislature subject to the same conditions as men" and he hoped before long to see women representatives on the floor of the House. He explained the Equal Guardianship Act and the question of the Returned Soldiers, and before going further, accused the Hon. Mr. Pattullo of cribbing the speech he had intended making. Mr. Mobley dealt very extensively with the legislation in regard to mining.

#### Public Servants.

Mr. A. M. Manson in opening, said: "I am very glad that this is a public meeting and not a party meeting. On the 14th of September last, when we were elected to represent the people at Victoria, we ceased to be Liberals and became public servants." Mr. Manson made a brilliant speech and emphasized the fact that the majority of the members of the Legislature were young men, not professional politicians, but business men. He told how that instead of the house sitting for less than an hour in the afternoon, as was the custom during the term of the previous Government, the present House worked long hours and conscientiously performed their duties. This was shown by the volume of business put through the House during the

session. He referred to the difficulties encountered by the Government, first by the old Government hanging on to office after the election, and on account of the death of the Hon. Ralph Smith the late minister of finance.

Mr. Manson thought that the long term spent by the Liberal party in the wilderness was not without its rewards, as otherwise the Hon. Mr. Brewster might not have been secured as leader of the party. He paid a striking tribute to the business ability of the Premier. The Mineral Survey Act, Public Works, the Elections Act and Prohibition were spoken of by Mr. Manson. Regarding the Lands Settlement Act, he said that the big agricultural portion of the province lay north from Bella Coola and in the Bulkley, Nechaco, Francois and Ootsa valleys and along the line of the G. T. P. Mr. Manson claimed that with modern farming the old days of drudgery associated with farm work were past, or passing. It was useless to expect people to go on to the land with such prospects. Mr. Manson drew a rosy picture of the coming farm life in British Columbia, when electricity will milk the cows, and telephones and picture shows and all modern conveniences will be within reach of the farming community. "They deserve it," said Mr. Manson. "Under such conditions the returned soldier and many others would go on the land. But," concluded Mr. Manson, "we don't want the returned soldiers to become a political institution, as was the case of the G. A. R. of the United States."

### WATER NOTICE

#### DIVERSION AND USE

TAKE NOTICE that George McRae, whose address is Skidegate, B. C., will apply for a licence to take and use 150 cubic feet per minute of water out of Pemslar Creek, which flows northerly and drains into Allford Bay, about 15 chains from the N. E. corner of T. L. 835. The water will be diverted from the stream at a point about ten chains west from N.W. corner of Lot 4, B. C. Fisheries, and will be used for power purpose upon the land described as adjoining Timber Limit 831 in application to lease.

This notice was posted on the ground on the 15th day of January, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914 will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

M. P. OLSEN, Applicant.  
The date of the first publication of this notice is February 21st, 1917.

### Navigable Waters Protection Act.

#### R. S. C., CHAPTER 115.

The Grand Trunk Pacific Railway Company hereby gives notice that it has, under section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert, at Prince Rupert, a description of the site and plan of lumber mill and other works proposed to be built in the Prince Rupert harbor at Prince Rupert, British Columbia, in front of Waterfront Block "F", according to registered plan of the townsite of the said city of Prince Rupert registered in the aforesaid land registry office as No. 923, Section 7.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plan and for leave to construct the said works.

Dated at Winnipeg, Manitoba, this 21st day of February, A. D. 1917.  
THE GRAND TRUNK PACIFIC RAILWAY COMPANY. H. H. HANSARD, Solicitor.

### TIMBER SALE X 895.

Sealed tenders will be received by the Minister of Lands not later than noon on the 20th day of June, 1917, for the purchase of Licence X 895, to cut 2,592,000 feet of Spruce, Cedar, Balsam and Hemlock on an area situated on the east shore of Mathieson Channel, Range 3, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester at Prince Rupert, B. C.

### MINERAL ACT

#### Certificate of Improvements.

NOTICE  
"Dougall," "Dougall Fractional," and "Waterfront" Mineral Claims, situate in the Skeena Mining Division of Cassiar District.

Where located.—On the west side of head of Alice Arm.

TAKE NOTICE that I, Richard B. McGinnis, Free Miner's Certificate No. 11306, acting as agent for the Dolly Varden Mines Company, Free Miner's Certificate No. 931-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 24th day of April, A. D. 1917.  
J. J. S. RICHARD B. MCGINNIS.

# FLEET FOOT

A fine stock of Hardware, Gurney's Oxford Stoves.  
We Sell Nothing But The Best.

## FRED STORK'S HARDWARE

## Save the Food and Serve the Empire!

The Average Canadian Family Wastes Enough to Feed a Soldier

"The Kitchen must help as well as the Workshop and the Trenches"  
Lloyd George.

INTELLIGENT economy in the kitchen can do much to prevent the threatened world famine—can counteract the effect of high prices—and can replace growing debt with systematic saving.

Careful investigations show that before the war the average British family wasted 25% of their food—and we Canadians were even more extravagant.

This waste is not in a few big things, but in many little ones, each, we used to think, too small to bother about—such as careless peeling of vegetables and fruit—failure to make good use of dripping and "left-overs"—and such others as will occur to every thrifty housekeeper.

For the Empire's sake as well as your own, hunt up and cut out these leaks! You'll be helping to relieve the food shortage—saving your own money—and putting yourself in a position to buy Canadian War Savings Certificates and help win the war.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post-Offices and Banks, thus yielding over 5% interest. Should you need it, you can get your money back at any time.

The National Service Board of Canada,  
OTTAWA.

### FOLLOWED EXAMPLE OF HAROUN EL RASCHID

A very interesting account of one of the builders of the Empire is given in a recent number of the Montreal Journal of Commerce. The Journal says:

The part played by India in the advance in Mesopotamia calls fresh attention to the part India is playing, and likely to play in the future of the Empire. A very interesting pro-consul, Lord Carmichael, has just returned to England from the governorship of Bengal where his knowledge of Indian affairs is proving of the utmost value to the Government. Carmichael was a most unconventional governor, and nothing pleased him more than to wander around the native quarters of Bombay, Calcutta and other large cities, travel on third-class railway carriages disguised as a native, and in other ways keep in touch with the common people. In this way he was able to learn an immense amount about the under-current of Indian political and economical questions. Carmichael also served as governor at different times of Victoria and Australia. He was raised to the peerage a few years ago as a result of the good work he did in Egypt, Australia, and in India. It is, however, as a governor of India that he is best known.

Great Clearance sale for two weeks only. Everything must go, at GOLDBLOOM'S. 141.

C., merchants have applied to the Dominion Government for permission to build an addition to wharf now situated on Lots Three (3), and Four (4), Block "F", City of Prince Rupert, said lots are owned by the Provincial Government and leased to us.

Plans of construction of said addition are being submitted to the Public Works Department Dominion Government by the Provincial Government. ALBERT & McCAFFERY LIMITED Dated 22nd May, 1917. 324

#### WESTHOLME THEATRE

Tonight there will be shown at the Westholme, "The Evil Eye." This is a story of great power and is full of action from start to finish. It is of a most lively nature, and the scene of the story is placed in Mexico. There is a wealth of local color from that land of sunshine and dark complexities, tomas and jealous revenge. "The Evil Eye" is certainly one out of the ordinary, and the very title suggests something sinister. A Pathe Gazette showing the latest happenings over a wide radius, and a Travelogue will also be displayed, which altogether makes a splendid programme.

#### LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 9144-1, Filing 5819. TAKE NOTICE that application has been made to register The Corporation of the City of Prince Rupert in the Province of British Columbia, as owner in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 7th day of December, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known and described as North-Western Seventy (70), feet of Lots Eleven (11), and Twelve (12) Block Eighteen (18), Section One (1), Map 923.

You are required to contest the claim of the tax purchaser within thirty-five days from the date of the service of this notice (which may be effected by personal service or as directed), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above mentioned lands, in the name of The Corporation of the City of Prince Rupert:

AND WHEREAS on investigating the title it appears that prior to the fourteenth day of September, 1915, (the date on which the said lands were sold for overdue taxes), you were a mortgagee thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of the above corporation unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part. Dated at the Land Registry Office, Prince Rupert, B. C., this 20th day of December, A. D. 1916.

H. F. MACLEOD, District Registrar of Titles. care C. L. Freeman, C. P. B. Bldg. Edmonton, Alberta.

### OBJECT TO PACIFISTS LEAVING GREAT BRITAIN

London, June 14.—Members of the National Seamen's and Firemen's Union have taken prisoner Frederick Jowett, president of the Independent Labor party, and James Ramsay MacDonald, chairman of the Labor party, both members of Parliament, who were about to sail for Petrograd.

An enormous demonstration was held yesterday afternoon in Trafalgar Square to protest against permitting Mr. MacDonald and Mr. Jowett to proceed to Petrograd on account of their supposed pacifist leanings. The meeting was opened by the reading of the following telegram from Captain Tapper of the Seamen's and Firemen's Union: "I have MacDonald and Jowett prisoners. The crew refuses to sail with them."
