THE COMPANY MEETS DEMANDS OF THE MEN — FINANCE MINISTER RE-ELECTED

FRATERNIZING INSTEAD OF FIGHTING HELPED GERMANY

THANKS ARE RETURNED TO RUSSIANS FOR FRATERNIZING WITH GERMAN TROOPS INSTEAD OF FIGHTING THEM — ENABLED GERMANY TO RUSH TROOPS TO WEST FRONT TO HOLD ATTACKS.

(Special to The Daily News.)
Petrograd, June 23.—German aeroplanes along the Russian northern front dropped leaflets over the Russian trenches which stated: "Thanks for the long rest which fraternizing gave us. It served the purpose of permitting German troops to be moved to the western front to hold up the attacks of the British and French. Enough are now transferred and we are going to fight again. Any fraternizers will be shot."

British Front.
London, June 23.—We made successful raids last night south-east of Queant and in the neighborhood of Neuve Chapelle and Armentieres. Many casualties were inflicted upon the enemy and we secured many prisoners.

French Official.
Paris, June 23.—The engagement which opened on Wednesday between the French and Germans by a German attack near Vaux Aillon to the southeast of Laon is being continued spiritedly by artillery. Infantry fighting has died down, temporarily.

The Germans penetrated our positions on the Leon Heights, but were ejected after hard fighting. The temporary gains of the enemy forces were made at a tremendous sacrifice. The German casualties number thousands.

Russian Report.
Petrograd, June 23.—The Finnish Socialists are agitating for a republic to be declared in Finland, to be free from Russia altogether. In the Caucasus, the offensive was resumed against the Turkish forces. A swift blow was struck, and tremendous losses were inflicted upon the enemy, who fled in disorder. Very few escaped. We made few prisoners.

Hunger Riots.
Copenhagen, June 23.—Hunger riots have broken out at Stettin. The city is in the possession of the rioters. Troops are being rushed in to quell the disturbances.

Ships Sunk.
London, June 23.—The Norwegian steamer Cederic has been torpedoed. The captain and twelve of the crew are missing. The Danish steamer Orion, 1,898 tons, was also torpedoed and the crew are all saved.

Raids on America.
London, June 23.—The German newspapers are seriously discussing the possibilities of Zeppelin raids on the American Atlantic seaboard towns.

What Austria Wants.
Copenhagen, June 23.—It has been learned here that proposals have emanated from Austria that in return for the granting to Italy of the Iredenta, Austria will require a longer seaboard on the eastern side of the Adriatic. She will also require a slice of Italian

inland territory, with Albania and Montenegro.

The Belgian Slaves.
Le Havre, June 23.—The promises of Germany to return the deported Belgians to their own country have been brazenly broken. Only a score of the Belgians have been sent back to their native land.

WOULD REGULATE AERIAL TRANSIT AFTER THE WAR

(Special to The Daily News.)
London, June 23.—In consideration of the great traffic in the air after the war ends, Lord Montagu of Beaulieu, makes an appeal for its regulation. He would allow only silenced engines to operate on the lower levels. Above ten thousand feet he would have the other internationalized. It will be possible to cross the Atlantic in three stages by all daylight travel.

THE VANCOUVER STREET CAR STRIKE SETTLED

(Special to The Daily News.)
Vancouver, June 23.—The strike of the operators of the B.C. Electric street cars has now been settled. The company has acceded to the demands of the men.

WHAT SOCIALISTS SAY

(Special to The Daily News.)
Copenhagen, June 23.—Boris Reinstein, of Buffalo, Dr. Max Goldfarb, of New York, and Dr. David Ovitich, of New York, the American representatives to the Socialist Conference at Stockholm, says that the declaration of war by President Wilson was the work of the capitalists in the interests of Wall Street, with which President Wilson is closely allied. It was ordered because Wall Street believed that Russia might conclude a separate peace, giving Germany the victory, which had to be prevented at all costs.

FORT GEORGE ELECTION

Word received yesterday indicated that the first sitting to be held by Judge Young, the commissioner appointed to investigate into the alleged irregularities at the Fort George election on Sept. 14th last, when Mr. W. R. Ross, Conservative member for the riding, was elected over Mr. John McInnes, Socialist candidate, will be held on July 18.

The investigation was ordered by the Government following the receipt of a petition by Mr. McInnes and his friends asking that a commission be appointed and setting forth certain allegations of irregularities by the Conservative candidate and his followers. Mr. W. J. Bowser will represent Mr. Ross as counsel at the hearing. Mr. McInnes had retained Mr. Oscar Bass as his solicitor.

ORDER IN COUNCIL TO OPERATE COAL MINES

(Special to The Daily News.)
Ottawa, June 23.—An order in council has been passed by the Government appointing Mr. W. H. Armstrong, Vancouver Commissioner, to operate the coal mines in District 18. He will leave at once to open the coal mines, and will have all authority to fix wages, the price of coal, etc.

WILL TRY THE CZAR

(Special to The Daily News.)
Petrograd, June 23.—Nicholas Romanoff, the former Czar of Russia, and a number of other officers, will be placed on trial to prove whether they planned a separate peace with Germany.

THE NEW TRAIN SERVICE

The new train service on the Grand Trunk Pacific will be inaugurated tomorrow, June 24th. From now on, passenger trains will leave Prince Rupert at 11:30 a. m. on Mondays, Wednesdays and Fridays, and the trains from the East will arrive in Prince Rupert on Sundays, Tuesdays and Fridays at 5:30 p. m., making connections here with the steamers for the southern points and Alaska. The steamers Prince Rupert and Prince George will leave here on Saturdays and Mondays at 9 a. m. for the south and at 12 noon on Wednesdays for Alaska. These vessels will arrive in Prince Rupert from the south on Wednesdays and Fridays at 6 a. m.

THE ASSIZES

The sittings of the High Court were continued yesterday. Mr. Justice Morrison on the bench, and the last of the criminal cases were disposed of. In all three cases, a verdict of not guilty was brought in by the jury. Yesterday the case of Marco Pini on a charge of attempted murder was concluded, and also the Jap case from Essington. On Monday the civil cases will be heard, of which there are two. The first is Case v. the city, arising out of the blasting accident in Fulton Street. The other case is M. P. Olson v. the Molybdenum Mining and Reduction Co.

ARRANGING FOR JULY FIRST CELEBRATION

A meeting was called by the mayor in the city hall last night for the purpose of arranging suitable celebration of July 1st. This, besides being Dominion Day, is also the fiftieth anniversary of Confederation of the Dominion. The meeting was well attended by the citizens, and arrangements were discussed at some length.

It was suggested by the Rev. Canon Rix that on Friday, the 29th, the day on which the schools close for the holidays, some suitable ceremonial should be undertaken for the children, and that on Sunday, a mass meeting of the Churches might mark the anniversary. This matter was left to Canon Rix.

Monday being a statutory holiday, would be devoted to sports, and Chief Vickers was appointed chairman of the finance and sports committee, which is composed of Messrs. J. Carmichael, Ben Self, Jack Judge, Geo. Bryant, and George Frizzell. The arranging of the sports, and of a ball game, etc., will be in this committee's hands, from whom more will be heard later.

MANY NEW SETTLERS FOR BULKLEY VALLEY

Fifty thousand bees, accompanied by their innumerable progeny, were shipped up from Vancouver this week for the Bulkley Valley. Mr. H. A. Robinson, of Smithers, and the Rev. Father Allard, of Fort St. James, will experiment with the bees this summer. There are thousands of acres of fireweed, which is a great honey plant in other parts of the world, being equal in productivity to clover, and if the Bulkley Valley fireweed is equal to the fireweed of other parts, there is a great future in bee-keeping in store for the settlers along the line of the G. T. P.

ST. ANDREW'S MEMBER LECTURES ON THE WAR

A great concourse assembled last night in the large hall of the St. Andrew's Society to hear Capt. McNeil, the Society's physician, relate some of his experiences at the front. The president of the St. Andrew's Society, Mr. S. D. Macdonald, was in the chair and previous to the lecture, a short musical programme was greatly appreciated by the audience. Mrs. William Millar, Mrs. Jarvis McLeod and Mrs. C. A. G. Armstrong contributed numbers very acceptably, and a violin solo by Mr. J. H. McMillan was very much appreciated. Mrs. Captain Bay was the accompanist and as usual, was perfection itself.

Captain McNeil, at the outset of his lecture, said that no man who has been in France could be a pessimist as to the eventual outcome of this great conflict. We will win, absolutely. We can beat Germany and we will beat Germany. Captain McNeil told of leaving Vancouver with the 102nd under Colonel Warden for Britain and of the selection of that battalion out of four for immediate service in France. His account of the trip across from England via Havre to the Ypres front and how the regiment spent three days and nights in the little French train, was of great interest.

He gave a graphic description of the doings of the Canadian regiments on the Ypres front and later on the Somme and at Vimy Ridge. Dr. McNeill met many of the Prince Rupert soldiers and paid a great tribute to Colonel Cy Peck, D. S. O., whom he met over there. He said that he was one of the best soldiers that ever stepped across the Channel. He also met Jack Kirkpatrick there. A vivid description of the fight for the Regina trench was given, where so many of the Prince Rupert boys were lost. He told of the death of Major Agnew, Capt. Partington and Adair Carss. Out of the twenty officers in that attack, Major Brandt was the only one to come out unscathed.

The account of the preparation and of the attack on Vimy Ridge was explicitly told. The high regard in which the Germans hold the Canadians was shown by the orders which were captured with a German officer. These orders showed that the Germans knew that they were opposed to the Canadians, who they claimed were the best fighters in the British army, and that they were never known to surrender.

Dr. McNeill gave a very interesting description of the work of the Medical Corps, and of how the wounded were collected from the fighting zone and evacuated to the rear. He paid a special tribute to the stretcher bearers, who go about their work unconcerned even when under fire. In dealing with the wounded, Dr. McNeill said that alcoholic stimulants were seldom now used, cocoa being used instead, with better results. The soldiers themselves in a great many instances, prefer cocoa to the tot of rum which is allowed them.

Quite a number of very interesting souvenirs of the war were displayed to the audience. These included a Prussian Guardsman's helmet, gas masks and many other relics from the battlefield. The lecture by Dr. McNeill was very much appreciated by all who listened to it and a very hearty vote of thanks was proffered him. A collection was taken in aid of the Patriotic Fund, the gross amount of which was around thirty dollars, and the proceedings terminated by the singing of the National Anthem.

NEW LEAGUE FORMED TO RESIST CONSCRIPTION

(Special to The Daily News.)
Montreal, June 23.—A new anti-conscription league has been formed known as the Knights of Death. The object is to resist conscription by all legitimate means first. If these fail, then by any other, including armed resistance.

Bourassa denies that Quebec would bleed for England. He says that the House of Commons is fooled by the Eastern members. He puts faith in neither Liberals nor Conservatives, and says that Sir Wilfrid Laurier has not declared against conscription.

In the House.
Ottawa, June 23.—In the debate on the Army Service Bill, the Solicitor-General says that the Military Service Bill would affect Quebec but lightly. The men there marry young and in addition, they are mostly agricultural workers.

FINANCE MINISTER IS NOW RE-ELECTED

(Special to The Daily News.)
Victoria, June 23.—Mr. John Hart, minister of finance in the Provincial House, has been re-elected by a majority of one hundred and fifty.

WOMAN'S SUFFRAGE

(Special to The Daily News.)
London, June 23.—Miss Pankhurst comments upon the great victory won by women in Great Britain. The giving of the franchise will stir women to even greater effort. The age limit is to remain at thirty. Six million women have now equal political rights.

JACK CARGILL WRITES FROM THE BATTLE FRONT

A very interesting letter has been received by Mr. J. H. McLeod from Jack Cargill, who used to be in the Customs House here. He writes from the front on the other side of Vimy Ridge, and from the photograph he encloses, appears to be agreeing with the life military.

He mentions seeing several of the boys from the west there, including Jack Kirkpatrick, Sergt. Tom Maitland, Jim Parks, Sergt. Jack Wynn, and Tom Rowlett. He also mentions seeing Bob Forrest of the Yukon contingent. He came through the fight for Vimy Ridge and says that if the British troops had been driven out of such fortifications, it would be time for them to quit France altogether. He enquires after many of his friends and sends his kindest regards to them all.

THE RAILWAY PROBLEM

The question of the railroads is expected to be up before parliament in the near future again. More money will be required by the C. N. R. and the C. T. P., and the question of the proposed increase in the freight rates has yet to be disposed of. To empower the railway companies to postpone a permanent solution by collecting millions from the people through increased freight rates, in the opinion of the Toronto Globe, would be intolerable. The Globe continues:

The time is ripe for a bold and courageous policy of nationalization. The proposition presented to Parliament by the majority Commissioners is a hybrid. It is neither nationalization nor corporate control, and such a compromise is unnecessary. If the grounds are sufficient for taking over the Grand Trunk, for example, there is no excuse for leaving the Canadian Pacific untouched. The Grand Trunk is needed, so it is asserted, in order to round off the new system in the East. It is obvious that it would be still stronger in the East if it were also fed by the network of local lines now operated by the Canadian Pacific. It would unquestionably be stronger in the West, from both the financial and operating points of view, if the proposed changes in distribution of mileage embraced the Canadian Pacific. Why imperil a billion-dollar undertaking by refraining from doing the one thing that would guarantee its success?

The Commissioners defend themselves behind the assumption that it would be better to have active competition as between the Canadian Pacific and the Dominion Railway. But they had really cut that ground from under their feet when they said, on page XIV. of their report: "If the State took over and undertook to operate the Grand Trunk, the Grand Trunk Pacific, and the Canadian Northern, it would be morally bound to offer to purchase the Canadian Pacific also." There is no practical difference, so far as the Canadian Pacific is concerned, between State operation and trustee operation. The competition would be just

as unfair in one case as in the other. On the principle that a half loaf is better than no bread, the plan now under consideration is to be preferred as against leaving the existing tangle unadjusted; but why throw away the chance of getting the full loaf that is plainly to be had?

This is a time of crisis in many respects. As a nation we are fighting against heavy odds for the right to exist in our own way. Internally we have many problems which call insistently for solution. Chief among them is this huge railway tangle, with its impending burden of loss. The very spirit of the times demand the stoppage of all forms of waste, and that spirit will rebel against anything being attempted which falls short of accomplishing all that needs to be done. The waste now going on among our railways will not be stancher, nor will further drafts upon the people's treasury be avoided, if the Canadian Pacific is omitted from the proposed consolidation. All that the situation demands is a show of courage, the courage to solve a big problem in the right way while we are at it. And a broad measure of nationalization will do it.

NOTES AND COMMENTS

The Government has created another precedent. In the House of Commons the Hon. Albert Seigney openly admitted that he had recommended Mr. Raoul Renaud, editor of Le Franc Parleur, published at Quebec, as accountant in his department. This newspaper was "agin the Government," and in order to close it up, and to prevent the publication of articles inimical to the Government, the editor has received a lucrative appointment. But possibly it is hardly correct to call this instance a precedent.

Hindenburg has been compelled to execute another strategic retreat, this time in Belgium. Bit by bit the Allies are either blowing the German out of France and Belgium, or, as in this instance, he is going quietly of his own accord. The longer he remains on foreign soil, the more uncomfortable he is going to find it. Before long, the Hun will be

MAGIC BAKING POWDER

WINNIPEG TORONTO, ONT. MONTREAL

glad to go a long piece further on his own accord, too.

The latest reports received from Germany disclose the fact that there is very serious unrest among the people there. Just how much this unrest is cannot be judged very well. The police in that country are adepts in herding the people out of the dangerous paths. "Verboten" is still as efficacious a word as ever. Besides being hungry, the people have now to wear paper clothes. Necessity, being the mother of invention, is responsible for many things.

A Conservative member of Parliament, Mr. Joseph A. Barrette, speaking in the House of Commons the other day, was in favor of keeping Sir Robert Borden from visiting England, because he absorbs too much Imperial sentiment on these trips. Coming from a Conservative, this is significant. Doubtless, there are many other Conservatives who think similarly, but partyism is the gag which prevents them disclosing their real thoughts. It is seldom indeed that such criticism is heard from Conservative party members on the floor of the House.

DAYLIGHT SAVING

Ottawa, June 22.—Canada is to have "daylight saving." Sir George Foster introduced a Government bill into Parliament "to provide for the time in Canada being in advance of the solar mean time during the summer months." He explained that it meant turning the clocks on one hour, and would come into effect upon proclamation by the Government.

Mr. A. K. Maclean asked whether it was proposed to make the bill effective during the present summer. Sir George replied in the affirmative, and intimated that the reversion to solar mean time would come again with the end of September. He promised to explain the bill fully on its second reading.

GERMANY'S GEESE ARE ALL SWANS

London, June 22.—Berlin endeavors to exaggerate minor operations to the magnitude of an important battle, with the object of minimizing the results. The public has become so familiarized with the German method of announcing imaginary attacks in force in order to belaud the gallantry of the defence and to conceal its failure that it has long ceased to attach any credence to such stories. The method was introduced by Hindenburg, and until its nature became apparent it had the effect of obscuring the true course of events.

The deception is practised in various forms. Sometimes a mere raid or reconnaissance figures as a real attack, culminating in the complete repulse of the assailants, when, as a matter of fact, the raiders had withdrawn in the ordinary course after having effected the purpose for which they had been detailed. Sometimes an abortive German attack is disguised as an imaginary Allied attack, which is supposed to have been repulsed.

Several instances of this form of deception have been observed. But the most common form is that exemplified in reports which are designed to convey the impression of a general attack on a wide front, in order to assume the credit of having maintained the positions except at a few points. These are usually described as advanced positions, implying that they were not intended for obstinate defence, and they may, as a rule, be assumed to be the only points that were actually attacked.

WATER NOTICE

USE AND STORAGE
TAKE NOTICE that Arthur E. Haydes, whose address is 723 Fort Street, Victoria, B. C., will apply for a licence to take and use sixty cubic feet per second and to store about 300 acre-feet of water out of Bonanza Creek, which flows southeasterly and drains into Granby Bay about at or near Lot 1675, Cassiar District.
The storage-dam will be located at about 1 1/2 miles from mouth of creek. The capacity of the reservoir to be created is about 300 acre-feet, and it will flood about 20 acres of land. The water will be diverted from the stream at a point about at or near the dam, and will be used for power for mining purposes upon the mine described as the Midas, Parliament and Fox Groups, situate near the headwaters of Bonanza Creek.
This notice was posted on the ground on the 22nd day of May, 1917.
A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the water recorder at Prince Rupert, B. C.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
ARTHUR E. HAYDES, Applicant.
M. P. OLSEN, Agent.
The date of the first publication of this notice is June 2nd, 1917.

WATER NOTICE

USE AND STORAGE
TAKE NOTICE that Magnus P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 20 cubic feet per second and to store 600 acre-feet of water out of Clearwater Creek which flows southwesterly and drains into the Kitsault River about 22 miles from the head of the Inlet of Alice Arm.
The storage-dam will be located at the westerly outlet of Clearwater Lake. The capacity of the reservoir to be created is about 600 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at a point about at the dam, and will be used for power for mining purpose upon the mine described as the Matilda, Fox, Monarch and other mineral claims, located on Kitsault Mountain.
This notice was posted on the ground on the 16th day of May, 1917.
A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the water recorder at Prince Rupert, B. C.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

"WATER ACT, 1914."

BEFORE THE BOARD OF INVESTIGATION
In the Matter of all Streams in the Nelson and Fort Fraser Water Districts.
A MEETING of the Board of Investigation will be held at the Court-house at Hazelton on Monday, the 23rd day of July, 1917, at 10 o'clock in the forenoon.
In the Matter of all Streams in the Prince Rupert Water District.
A meeting of the Board of Investigation will be held at the Court-house at Prince Rupert on Wednesday, the 25th day of July, 1917, at 10 o'clock in the forenoon.

At these meetings all statements of claim to water privileges under Acts passed before the 12th day of March, 1909, on any of these streams, all objections thereto, and the plans prepared for the use of the said Board, will then be open for inspection.
All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit.
Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.
The Board at the said meetings will hear the claimants, will determine the quantity of water which may be used under each record and the further works which are necessary for such use, and will set dates for the filing of plans of such works and for the commencement and completion of such works.
And whereas there may be persons who, before the 12th day of March, 1909, were holders of water records on the said streams and yet have not filed statements of their claims with the Board of Investigation, such persons are required to file, on or before the 15th day of July, 1917, a statement, as required by section 294 of the "Water Act, 1914." The forms (No. 50 for irrigation and No. 51 for other purposes) may be obtained from any Government Agent in the Province.
The claims of riparian proprietors who have filed, as required by section 4 of the "Water Act, 1914," statements of claim to waters of any of the said streams will be heard at the same times and places.
Dated at Victoria, B. C., this 7th day of June, 1917.
For the Board of Investigation,
J. F. ARMSTRONG,
Chairman.

BURIAL SERVICE A LIBEL ON THE LORD

Montreal, June 22.—"Our present burial service is a libel upon the Lord," said Dr. C. J. Hastings, Medical Officer of Health, Toronto, in advocating the teaching of hygiene in the schools of Canada, at the annual meeting of the Canadian Medical Association, at McGill University here. Continuing, Dr. Hastings said:
"Our ministers quote, 'The Lord giveth and the Lord taketh away.' He does nothing of the kind. We medical men are largely responsible for the death rate, and it is time that the Canadian Medical Association took drastic action in order to safeguard public health against the encroachment of diseases which endanger our citizens and lower the standard of the nation's manhood."
A resolution was passed recommending that the teaching of hygiene be compulsory in all Universities and in all the faculties thereof, and recommending the organization of a practical course in all Normal Schools throughout the Dominion, and the adoption of text books on hygiene.

NOTICE TO MARINERS

British Columbia—Chatham Sound, Malacca Passage, Lawyer Islands. On the summit of the northern Lawyer Island a change in the character of the light will be made between July 1st and 5th. The fixed white dioptric light will be replaced by a flashing white catoptric light, showing three flashes, at four second intervals every twenty-four seconds, thus: flash, four seconds interval; flash, four seconds interval; flash, sixteen seconds interval. For half the time of revolution, or twelve seconds, the light will be totally eclipsed; for the other half, a light of 450 candle power will be visible, through which the stronger flashes will show.

Alaska—Chatham Strait, Warm Spring Bay, light established. On the northernmost point on south side of entrance to Warm Spring Bay a fixed white light of 60 candles has been established.

WESTHOLME THEATRE

The picturization of one of Charles Dickens' famous novels will be played at the Westholme tonight. "Great Expectations" is a delightfully written book, and this photoplay made from the novel is equally enjoyable. The charm and flavor of Dickens' writing has been conveyed to the pictures and his attention to detail has been carefully followed. "Great Expectations" is widely known, but to any who do not know the story, tonight's show will be a revelation. A Travelogue will also be shown, as well as a Ham and Bud comedy.

CANNING PLANTS IN CITY OF WINNIPEG

Winnipeg, June 22.—A project to establish three municipal canning plants in Winnipeg to preserve surplus vegetables and fruits for use during the winter months is receiving the support of the City Council, the Manitoba Government and scores of prominent Winnipeg citizens. A manufacturer of tin cans in Hamilton has offered to sell several thousand quart and gallon tins to the plants at half the cost price in order to help the project along.

Apples may be included among the fruits canned if the suggestion of a British Columbia woman is adopted. She says enough apples that are now wasted could be evaporated to supply hundreds of families during the winter months. The British Columbia Government at present will not permit shipment of apples with blemishes. Thousands of bushels of apples only slightly damaged are allowed to rot annually. She says these apples could be saved by the preserving process.
