

CORPSE FROM ST. DENIS FOUND BY THE INDIANS

The Body Wore the Captain's Coat With Many Papers In It and Is Now on Aristazable Island Unburied—W. E. Curtis of Lowe Inlet Saw It

A grim relic of the St. Dennis disaster has been discovered on the shore at Aristazable Island. Mr. W. E. Curtis, manager of the Lowe Inlet Cannery who was there last Sunday getting Indians for the cannery, was shown the remains of a Chinaman whose body drifted ashore some little time ago. The body was lashed to wreckage marked with the name "St. Dennis."

Wore Captain's Coat

From the fragmentary information gathered from the Indians it seems that the corpse came ashore about a couple of months ago. The drowned Chinaman wore a lot of clothes. The Indians say he had on three of his own suits, and also the captain's coat. An Indian said that the clothes were taken off the corpse, and that the coat supposed to be the captain's had been sent to Jack Beatty, a line who keeps a store at Bella Bella. There were some papers in the pockets. Mr. Curtis was

For Dominion Day Athletic Events Dan Dempsey Enters for Most Everything—Fast Skidgate Indians Enter for Three Mile and Hundred Yds.

Entries are coming thronging for the athletic events on Dominion Day. Peter Miller and Bell, two Skidgate Indians, who have great reputations for swiftness of foot, are entered today for the three mile and 100 yards respectively.

A popular contestant who has been a plumper for every one of the short races and jumping events is Dan Dempsey of the operating department of the G. T. P. Dan promises to put up a thoroughly good tussle for more than one of the prizes, and will prove a keen competitor.

For the fat man's race C. Brown is today entered, and Mr. Besner has issued a direct personal challenge to Jack Beatty in that popular event.

LUCKY RESCUE MADE AT PORT SIMPSON HARBOR

D. W. Ganton and Mr. Geo. D. Robinson Rescued Five Helpless People Last Night from Drowning

(Special to the Daily News)

Port Simpson, June 28.—But for the heroic presence of mind of D. W. Ganton, B. A., and George D. Robinson, five persons might have lost their lives by drowning in the Port Simpson harbor last night at about one o'clock.

Boat Capsized

The five persons, Mrs. John Ganton, her two children, Miss Ganton, the lady superintendent of the Crosby Girls' Home, and Woodward, engineer of the launch Homespun, were on their way from the launch to the wharf in a small rowboat, when the craft capsized.

Came to Their Rescue

Two of the unfortunate passengers got underneath the upturned boat, while the remainder

LOST A TROPHY AT STATE GALA

\$2,500 Reward is Offered for Return of a Diamond and Pearl Necklace.

London, June 28.—The state gala at Convent Garden Opera House was marred for one of the ladies present by the loss of a valuable diamond and pearl necklace. It is valued at \$5,000, but has a sentimental value besides as a trophy of the Indian mutiny. A reward of \$2,500 has been offered by the owner for its return.

FOR OVER FIFTY YEARS HE HAS BEEN A PIONEER

Interesting Interview With Mr. Thos. Deasy, the Indian Agent for Graham Island—Came to the Coast as a Child in a Troopship Round Cape Horn and Saw Vancouver and New Westminster When They Were Uncleared Bush—B. C.'s Future

On the 28th June 1859 the good sailing ship Euphrates arrived in Esquimalt harbor, after a voyage of six months around Cape Horn. Over sixty men, women and children were brought to the Colony of British Columbia on the troopship, including the wives and children of the Royal Engineers. Several of the soldiers also followed on the vessel in the wake of the Thames City, a vessel which brought the first contingent. Of the officers, crew and passengers of the Euphrates, but two remain, and both are residents of this province. Ex-Mayor W. H. Keary of New Westminster, is one and the other is Indian Agent Thomas Deasy of Queen Charlotte Islands, now celebrating his fifty-second anniversary in Prince Rupert.

A Bit of History

Mr. Deasy was born in Portsmouth, England, in 1857, after the return of his father from the Crimean war who had fought side by side with Mr. Keary's father. The two survivors of the trip from England were born in adjacent houses and, after their arrival here, went to the same school, learned the same

trade and have both been in the civic service of British Columbia cities for many years. On their arrival the city of New Westminster was hewn out of the forest and the 160 men, comprising the Royal Engineers, preserved the peace until 1864, when the soldiers were disbanded. Of the large number of men on the roll call but sixteen remain alive.

Always a Pioneer

"I have done a great deal of pioneer work in British Columbia," said Mr. Deasy. "In 1871 I visited Vancouver which was then only known as 'Gastown,' and found the present city a wilderness. I left New Westminster in 1869 and lived in Victoria for many years. At that time the Indians outnumbered us about twenty to one, and the principal trading was with the natives. The Cariboo, Cassiar, Omineca and other gold excitements are quite fresh in my memory and it appears that I have pioneered in all of the new towns throughout the province, New Westminster, Victoria, Vancouver and even Nelson, in the Kootenays, have each been my home, at various times,

WILL CUT TWO DAYS OFF ATLANTIC TRIP

All-Red Railway Co. Will Build a Thousand Mile Road From Montreal to Labrador and Establish Port Near Straits of Belle Isle—Will Shorten Sea Trip

(Canadian Press Despatch)

Montreal, June 28.—A shortening of the sea voyage between Canada and England by two and a quarter days is promised by the promoters of the All Red Line Railway company, application for whose charter has just been filed. They will work in conjunction with the All Red Steamship Company.

The company proposes to build a railway from Montreal to a point near Cape St. Charles on the Labrador coast, near the Atlantic entrance to the Strait of Belle Isle. This will save nine hundred miles of a voyage down the St. Lawrence from Quebec, and reduce the travelling time and navigation risk.

Though level with the northern coast of Newfoundland, Cape St. Charles is on the 52nd degree the same latitude as Bristol and London, and a port could be established that would be open through the winter. The only time that the port would have to be closed would be in May and June when there is danger from ice floes that enter the harbor.

DARING AVIATOR FLIES OVER NIAGARA FALLS

Lincoln Beachey Penetrates Clouds of Mist and Spray, Then Swoops Under Arches of Bridge and Makes Perilous Flight Down the Niagara Gorge

(Canadian Press Despatch)

Niagara Falls, Canada, June 28.—One of the most sensational episodes in the history of the falls occurred this morning when Lincoln Beachey, the young aviator, fulfilled his promise to soar above the falls. The feat was only accomplished in the face of great danger. At one time it was feared that he would be lost.

Used a Biplane

Starting from the American side, Beachey launched his biplane into the air. The noise of the whirling motor for a moment drowned the roar of the cataract, as the frail machine quivered in the air over the Great Gorge. Heading direct for the Horseshoe Falls, Beachey was soon lost in the spray and mist, and fears were expressed that the daring fellow had been sucked down into the awful torrent.

Emerged Safely

But a minute later he was seen to be battling safely in the air over the mist and spray clouds, as his machine slowly mounted higher and higher. Then when he had reached an altitude he swooped down into the Gorge again, skimming beneath the arches of the upper steel bridge which was thronged with nervous sight-seers.

Down the Gorge

From there he swiftly flew down the whole length of the great gorge, skimming the surface of the rapids, until he reached the whirlpool. There he elevated his machine and mounted up to the Canadian side. Over 150,000 were present and witnessed the daring and death-defying feat.

OLYMPIC ARRIVES AT NEW YORK

The Greatest Steamer of Modern Times Completes Her Maiden Trip.

New York, June 27.—The world's largest and finest steamer, the new, triple-screw S.S. "Olympic," of the White Star Line, steamed proudly up the Ambrose Channel today and is now moored at the Chelsea pier to which a hundred foot extension was recently made so that this great vessel, 882 1-2 feet long, might be amply protected.

Throughout the voyage the "Olympic's" giant engines, the largest afloat, worked smoothly, and the 800 cabin passengers landed well pleased with their crossing. Mr. Bruce Ismay, President of the International Mercantile Marine Company, was a passenger, and expressed himself as being delighted with the latest and greatest steamer to join the White Star fleet.

The "Olympic," 45,324 tons register, exceeds by 13,000 tons and 120 feet in length any steamer in the world. A crew of 860 men is required to operate her, and 3,000 passengers can be carried.

PRINTERS WON THE GREAT INDOOR BASEBALL MATCH

With a Lead of Seven Runs to Overcome in the Last Innings They Downed the Blue Ribbons

Printers 37.
Royal Blue Ribbons 36.

By the above close margin the printers defeated their rivals in the indoor baseball game at the Auditorium last night. Black, of the ink and type boys piloted his lads in the seventh inning where he wanted them. He wanted nine runs to win. With only one man out he got them then the umpire said "curtain."

For the first two innings Corley's contingent looked dangerous after that it was a cinch.

Some two or three hundred fans turned out to see the game which was the greatest in the history of the burg's baseball annals.

Fred Henning was umpire and he did well. He was fair and

square to both teams although the fans of both hurled many satirical epithets at him.

The game was a good, clean, healthy one. Everybody entered into the right spirit of play. Each team had about an equal number of rooters of both sexes.

WHY NOT DEVELOP A TOURIST TRADE?

A great deal has been said and written about the commercial value of Prince Rupert and the surrounding country. This is all very excellent. There is no doubt about the great commercial possibilities of Prince Rupert. The horoscope hold great things in the ken for this city. Soon China and Japan will be in the front rank of the world of commerce. With Prince Rupert as the nearest port in the Western Hemisphere to the Orient, Oriental products will assuredly flow through this gateway to all points of the continent. It is economical that they should. Trade runs in the channels where the machinery for its distribution is quickest and cheapest.

But there is another advantage Prince Rupert and the adjacent territory possess, an advantage that the advertising pamphlets have not done full justice to. Thus far the sole effort has been to induce the investor to come here. All save the investor have been let alone.

The investor is entitled to a lot of consideration, but what of the tourists? The tourist traffic from the United States and Canada to points in Alaska and the north is now in full swing. Every boat northbound that has called here during the past few weeks has carried a full complement of tourists. Many of them have dropped off here for a few minutes while the boat discharged its cargo. They have taken a casual and hurried look round. Many of them have probably concluded that there is nothing here worth "sitting up to write home about." Of course they were wrong.

Last Sunday evening several hundreds of tourists stayed off here for a short time and they were privileged to see a sunset that was a never to be forgotten sight. They saw the northern side of the amphitheatre of mountains surrounding Prince Rupert bathed in a flood of gold and red. They saw the surrounding scenery at its best. They marvelled in ecstatic astonishment. Local people know that there are no sunsets in the world more beautiful than those to be seen here. Why not let the outside world know this?

Not one in a thousand of the tourists who pass through here knows that the Skeena River scenery is unsurpassed in the world. It is not generally known that Switzerland has nothing in all the grandeur and magnificence of her Alpine beauty to excel the mountain scenery of Northern British Columbia, or that nowhere can such excellent fishing, hunting and other outdoor sports be enjoyed with such pleasing results as in this part of the country. The outside world doesn't know these facts. It is time they did.

It would be a good thing if the city council would engage in a campaign to advertise in some way, for the benefit of the prospective tourists, the advantages of spending a holiday in and around Prince Rupert. If the city council is too busy to take up the matter the new Publicity Club could very profitably include a propaganda for the tourist trade in its programme.

Until we have manufacturers located here—and after—we cannot afford to overlook the tourist trade. Los Angeles and other of the lower coast cities find their chief support in catering to the demands of the sight-seeing traveller. Tourists would be glad to learn of new beauty spots. Investment and commercial development would follow the tourists' footsteps.

A handsome booklet, copiously illustrated, like the very excellent booklet recently published by the Stewart Publicity Club would find interested readers all over the continent. In addition it would pay the city to induce a few boatloads of tourists on their way to Alaska to break their journey at Prince Rupert, and become the guests of the city for a day's trip up the Skeena.

The railway and steamboat companies should co-operate with the citizens in this matter. A little generosity all round among the mutual interests would mean a harvest of dividends later on.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

SMART DIRECTOIRE COAT

The original model illustrated in the sketch is developed on Directoire lines and is made of cream tussah, with black and white satin striped tussah forming the trimming. The sash is a very attractive feature of the costume, and the sleeves are the favored three-quarter model. A rather dressy effect is gained by the introduction of heavy cream lace on the revers and cuffs. The model would develop well in dark blue tussah, with striped blue and black silk for the decorative note.

WOMEN AND BABIES SOLD

Patnetic Scenes Witnessed on the Streets of Fez

Women and babies have in the last few days been sold publicly in the streets of Fez. On the day after the arrival of the French relief force the sultan's soldiers, commanded by European instructors, set forth to punish the Ouled Djama tribe, whose territory reaches to Fez.

From the town one could see all the tribe's villages burning, and in the afternoon soldiers returned with a large number of young women, little girls and some babies. All these the soldiers sold publicly.

A pretty young married woman fetched \$35 and the babies only \$1 each. It was a pitiful sight and had a deplorable effect on the townspeople, the more so as most of the farms burned belonged to Fez people who have remained loyal to the sultan. They are rewarded by having their farms burned, the men killed and the women and children sold in the streets of Fez.

FOUR HANDY HINTS

Each One Guaranteed to Save Trouble Some Day

When laundry soap is bought in large quantities, as it usually is done, the bars should be unwrapped and placed on the top shelf of the kitchen closet to become thoroughly dry and ripened before they are used.

When sweeping a heavy rug or carpet it is a good plan to spread a newspaper on the floor and sprinkle it very lightly with water. Keep the newspaper a trifle ahead of the broom so that the dust is brushed on to it.

Warm bread or cake, and, in

fact, warm food of any kind should never be put in a covered tin or dish. The steam makes molding certain. Vegetables become soggy and unfit for food when treated in this careless manner.

For broiled salt fish soak the fish overnight in skimmed milk. When required wipe it dry and put it on a well-greased gridiron. When browned on one side turn carefully so as not to blacken. Serve with fried potatoes.

PRETTY MORNING FROCKS

Inexpensive Stuffs Lend Themselves to Dress Design This Season.

There are all sorts of inexpensive little voiles, which make very pretty morning frocks for the season. Sometimes the printed border, or the selvedge, is used to trim the edge of the bolero-like bodice, which, in nine cases out of ten, hangs over a little fullness just above the belt. Plain skirts are the best for these morning gowns, and it is always possible to dispose some pretty tabs of embroidery upon the hem, to bring the stain button and loop into play, or the large satin piping, which is so charming as a decorative medium. Printed borders, if they are very striking, are apt to shorten the appearance of the figure; but when they are done in delicate coloring this is not the case. The plain straight skirt lends itself extremely well at the present moment to the use of these lovely bordered tunics of striped ninon with good results.

DRAMATIC SOCIETY FORMED

Rehearsals Arranged for and Plays to be Presented During Next Season.

The Prince Rupert Amateur Dramatic Society was formed last night at a meeting which took place in the reading room of the Prince Rupert Inn, kindly lent for the occasion by Mr. G. A. Sewet.

Mr. W. E. Williams made an excellent chairman and explained the object of the meeting. Mayor Manson was elected Hon. President; Mr. L. Bullock-Webster, President; Mr. W. E. Williams, Vice-President; Miss Marion Johnstone, Secretary-Treasurer, and Mrs. Roberson, Miss Milligan, Mr. Ellis, and Mr. Thompson members of the Executive Committee.

It was decided to begin rehearsing September 1st, and to put a play on shortly before Christmas. The following ladies and gentlemen were present: Mr. and Mrs. L. Bullock-Webster, Mr. and Mrs. W. E. Williams, Captain and Mrs. Roberson, Miss Drummond, Miss Elliott, Miss Martin, Mrs. Blanchet, Miss Milligan, Miss Johnstone, Miss Schott, Mr. Crippen, Mr. Reichell, Mr. Heward, Mr. Thompson, Rev. Mr. James, Mr. Ellis, Mr. Whitley, Mr. Russell, Mr. McRae.

Tyrus Cobb of the Detroit-American League Club is the first major leaguer to drive out one hundred hits in the 1911 season.

"Paul Strand is a morning glory and will not last," is the way way Jackie Warren, former Tacoma outfielder and now a member of Patsy O'Rourke's Sacramento club of the Coasters, sizes up Cohn's \$5,000 southpaw beauty.

Abe Attell, one of the greatest little fighters that ever donned a pair of gloves, who was one of the army to come to Winnipeg last year, may never enter the squared circle again. From the look of things at the present time it appears that the clever feather-weight's career as a fighter is ended.

Due to a campaign for earlier baseball games in the National League conducted by the fans. Secretary Seekamp of the St. Louis Cardinals has announced that hereafter all contests will be started at 3.30 o'clock instead of 3.45.

Baltimore citizens, from the mayor down, have started a serious movement to buy a major league franchise. They are sure they will get one next year, but are not yet decided as to which franchise they will get. That is a mere matter of detail that does not worry the hustling Baltimoreans.

Kid Scaler, the Spokane lightweight, who journeyed eastward last fall in search of lucre and ring fame, is to return to Spokane soon after July 4, bringing with him a blushing bride, who declares that hubby will never again step between the ropes as principal in a boxing contest.

The New York police have dealt a blow at the prize-fighting game after several months of futile effort to prevent boxing bouts. They arrested a number of persons connected with the international amateur championship tournament in Madison Square Garden last May and four of them in special sessions were fined. They were "Tim" Hurst, the referee and baseball umpire, who was fined \$50; Samuel Lowing, a boxer \$10, and two ticket sellers \$25 each.

"Hunky" Shaw, former Tacoma infielder and now a member of the San Francisco Seals, has been "flooded" by "Kid Cupid," according to reports from California. Miss Ruth Cason of Fresno, Cal., is the bride to be. Hunky disappeared from San Francisco for a short time recently and it developed that he was spending his time in the raisin belt, flirting with the gay god Cupid.

Second Baseman Rogers of the Portland team, broke a leg while sliding into second base in a recent game. At first it was thought his only injury was a sprained ankle, but an X-ray examination revealed the fact that one of the bones in the right leg had been broken just above the ankle. This, with the sprained ankle, will serve to keep him out of the game for six weeks or more.

Napoleon Lajoie, second baseman of the Cleveland American League team, who has been out of the game for more than a month because of strained abdominal muscles, will be able to play within two weeks, it was said by the club physician. Lajoie has started exercising to get in a shape for his return to the game.

Four of the owners of the sawmill at Queen Charlotte City visited the property last week, and also inspected the coal mine on Skidegate Inlet.

WILL OPEN A SIDE-SCHOOL

Room in Old School Building Second Avenue to be Opened for Small Children of Central Section. New Teacher to be Engaged.

It has been decided by the School Board of Prince Rupert to open a room in the old school on Second Avenue in order that the little ones resident in the congested part of the city may not have so far to walk.

A teacher will be advertised for shortly, and alterations made on the staff in order to serve this side-school. It was not yet been decided who will be appointed to take charge of it. Owing to the gradual growth of the roll of pupils another teacher is required in any case.

The offer of a set of bird skins to be used for the instruction of the school children, which was made recently by Mr. W. Keene of Metlakatla, and left to Principal Hunter to deal with, has been withdrawn.

Accounts and the pay roll for the past month were passed among in all to \$765.40.

The School Board meeting was held in the police court room yesterday afternoon, and Mr. W. D. Vance, the newly appointed secretary of the Board, took his place for the first time at this meeting.

C.P.R. COLLISION NEAR CALGARY

Several Vancouver People are Injured, but None of Them Seriously.

(Canadian Press Despatch)

Calgary, June 28.—A number of Vancouver people were injured this morning on board of the C. P. R. flyer, the Imperial Limited. The flyer collided with a work train, fourteen miles west of here. The engineer jammed the brakes down in time to avert serious disaster. As a result of his prompt action, not many of the injured passengers are seriously hurt.

Send your clothes early this week to the Pantorium Cleaners. We'll be rushed for the holiday. Phone 4.

WILL GIVE GRAND CONCERT IN THE EMPRESS THEATRE

Hiller-Lindsay Concert Company Will Render a Programme of Popular and High Class Music on Thursday Night—Are Talented Artists

On Thursday evening one of the most delightful and entertaining concerts will be given in the Empress Theatre by the Hiller-Lindsay Concert Company of three very highly talented ladies.

Miss Morris Hiller, who is a violinist of extraordinary ability possesses technique and her interpretation of the classics is as masterly as her rendering of the popular and light and airy selections.

Miss Louise Lindsay is an unusually excellent soprano with a rich powerful and sympathetic voice. She demonstrates by her singing that she has been given careful and skilful training.

The company carry their own

accompanist in the person of Frances M. C. Hiller and they come here after a series of musical triumphs in the leading coast cities of the Pacific coast. They are now touring and were persuaded to stop off here and give a concert for the benefit of the music loving public of Prince Rupert.

Seats are now on sale at the Empress Theatre and should be purchased at once as there is sure to be an exceptional demand for them.

It is seldom that this city is privileged to hear such artists as those who make up the Hiller-Lindsay Concert Company.

CHURCH WRECKED IN MONTREAL

Church of St. Jean Baptiste Destroyed by Lightning—Damage \$200,000.

(Canadian Press Despatch)

Montreal, June 28.—The church of St. Jean Baptiste on Rachel street was completely destroyed by lightning last night. A bolt which struck the church shocked the sacred edifice and set fire to the damaged building. The church was one of the handsomest in the city. The damage is totalled at \$200,000.

This is the second time the building has been destroyed. In 1898 it was visited by fire and practically destroyed by the flames.

A VANCOUVER SENSATION

Ex-Alderman W. J. Cavanagh is Arrested on a Charge of Bigamy.

(Canadian Press Despatch)

Vancouver, June 28.—A sensation was caused in civic circles last night by the news that ex-Alderman W. J. Cavanagh had been arrested at his home on a charge of bigamy. He was allowed his freedom upon giving a bond for \$10,000 for his appearance at the police court this morning the answer to the charge.

WILL CENSURE PICTURE SHOWS

Ontario Government Takes Necessary Steps to Exclude Suggestive Films.

Toronto, June 28.—The Provincial Government today appointed a Board of Censors, whose duties will be to examine all moving picture films intended for exhibition in the province of Ontario. They will exclude from exhibition all pictures of immoral, obscene or suggestive character, also all pictures which depict scenes of crime and cruelty. Under this latter clause all scenes of prize fights will be barred.

Those pictures that pass the censors will be stamped. A heavy fine will be imposed on any proprietor who displays an unstamped film.

MINE IS FLOODED

Sea Breaks into Colliery at Port Hood in Nova Scotia

(Canadian Press Despatch)

Halifax, June 28.—Water from the ocean has broken into the coal mine at Port Hood a few miles from here, and according to the statement of the deputy commissioner of mines, who is on the spot, there is now absolutely no hope of saving the mine, or of working it again. Sea water at the rate of 3,000 gallons a minute is pouring in. The mine will now be allowed to fill.
