BERLIN CHEERED PARTING SOLDIERS NOW WEEPS FOR MANY DEAD -- ALLIES CHECK ENEMY

NEWSPAPER CORRESPONDENT SAYS GERMANS LOST 200,000

PICTURE OF THE ENTHUSIASM OF SOLDIERS WHO
 WENT TO WAR SINGING AND THE DREADFUL STALK OF
 DEATH THAT FOLLOWED.

Special to The News—11:30 a.m.)
 New York, Sept. 5.—The Tri-
 correspondent cables: "I
 just returned from a trip
 through the cities of Berlin, Leip-
 zig, Dresden, Hanover, Hamburg
 and other large cities in Germany.
 I was outset during the period
 of mobilization, the whole coun-
 try resembled an armed camp.
 Soldiers were everywhere. The
 railway traffic was suspended to
 facilitate their transportation. There
 was much bustle and activity, and
 a great optimism prevailed.
 The troops went singing to the
 front with no thought but of a
 victory.
 Germany is a land of uni-
 formity. Black is the
 predominant color. The women
 of Germany are either desolate or
 racked with tortures of suspense.
 Each knock at the door causes a
 panic and every household be-
 lieves it is the dreadful message
 announcing the death of a hus-
 band, son or brother.
 "Germany has called out the last
 line of reserves. Every household
 is almost directly concerned. The
 war losses have been colossal and
 the suppression of public lists by
 the authorities is not concealed.
 The extent of the toll in human
 lives Germany is forced to pay
 for the Kaiser's policy is enor-
 mous. I believe it is no exaggera-
 tion to say that more than 200,000
 Germans are already killed."

THE CALL TO ARMS

AUSTRIAN ARMY COMPLETELY ANNIHILATED

Special to THE NEWS)
 Sept. 15.—The Russian
 minister has telegraphed
 Moscow here that the Austri-
 an army of 25,000 men was
 annihilated near Lemberg, with 200 can-
 non.
 The Austrian division was prac-
 tically annihilated, the general-
 in-chief being killed.

ALLIED VICTORY FOR ALLIES DRIVE ENEMY BACK ST. QUENTIN

OF WEDGE FORCING ITS WAY INTO PARIS HAS BEEN
 ELIMINATED—ENEMY LOST ALL THE GROUND GAINED
 DURING WEEK.

Sept. 4.—Via London,
 The advance of the Ger-
 man wing is reported check-
 ed. The Germans have been
 forced to retire on St. Quentin,
 which was their point of fighting
 for a week ago.
 No Attack on Allies.
 Sept. 5.—An official an-
 nouncement as to the position of
 the Allied armies outside of
 Paris says the situation has con-
 siderably improved without any attempt hav-
 ing been made yesterday by the
 Germans against the various posi-
 tions of the Allies.
 A dispatch from Antwerp says
 an attempt of the Germans to en-
 velop the left wing of the Allies
 has been frustrated. A big force
 of cavalry advancing on Com-
 peigne was vigorously repulsed.
 The Germans were obliged to
 abandon several pieces of artill-
 ery. It is learned on good au-
 thority that the advance move-
 ments of the Germans on their
 right wing has been checked for
 the last three days under pres-
 sure from the left wing of the
 Allies.

GERMANS KILLED AUSTRIAN GENERALS

Special to The News—11:30 a.m.)
 Sept. 5.—A dispatch re-
 ceived here announces that
 10,000 Germans have completely
 annihilated the Austrians near Tama-
 ra. Two generals are among
 the dead.

ACTIVE OPERATIONS IN BELGIUM HAVE BEEN RESUMED

Paris, Sept. 5.—It was
 announced from Ostend yesterday
 that the Germans were bombard-
 ing Termonde, a fortified town in
 Belgium, about half way between
 Ghent and Brussels. The Ostend
 dispatch says that fighting is pro-
 ceeding in the district between
 Alost and Termonde. The rail-
 way near Alost has been blown
 up.

LADIES WILL AID RED CROSS SOCIETY

A number of the women of
 Prince Rupert met yesterday aft-
 ernoon at the house of Mrs. R. L.
 McIntosh to discuss plans for the
 raising of funds to assist the
 works of the Red Cross Society in
 England. The society has asked
 Canada for \$10,000, to be sent
 immediately. Much enthusiasm
 was shown by the women. Com-
 mittees were formed, and a splen-
 did patriotic concert is promised,
 the date of which will be an-
 nounced at the beginning of the
 week.

Train for East Today.

The first train with the stand-
 ard Grand Trunk Pacific sleepers
 and first-class cars left this
 morning for Fort George and the
 east. The train carries express
 through but as yet the mailcar
 service only runs as far as Smith-
 ers and the lock-bag service to
 Endako. The postoffice here has
 received no instructions yet re-
 garding a through mail, although
 the postoffice department was no-
 tified of the through train ser-
 vice some time ago.

GERMAN ARMY MAKES UNSUCCESSFUL TURN NEAR PARIS

(Special to The News—11:30 a.m.)
 Paris, Sept. 5.—The War Of-
 fice at Bordeaux issues the fol-
 lowing: "On our left the enemy
 appears to neglect Paris in order
 to pursue a turning movement
 and reached Lifere and Sous
 Journe, eleven miles from Meux.
 They passed Rheims and descend-
 ed the west bank of the river in
 Argonne. This maneuver has not
 succeeded any more than those of
 the preceding days.
 "On our right in Lorraine and
 in Vosges the fighting proceeds
 with alternative fortunes. Mau-
 beuge, which is being bombarded
 violently, is resisting vigorously."

OTTAWA BELIEVES RUSSIAN SOLDIERS ARE IN BELGIUM

Ottawa, Sept. 4.—The report
 that 80,000 Russian troops were
 landed in Scotland on August 27
 and transferred from English
 ports to Ostend is not discred-
 ited by the military department here,
 which is in close touch with the
 policy of the Imperial authorities.

When it was pointed out to one
 of the most experienced officers
 of the department that no news
 had been received from Great
 Britain, nor for that matter, any
 indication that such a move was
 contemplated, the remark was
 made by him that absolutely no
 news of British ships or their
 movements had come out of Eng-
 land. The first reports of the
 landing of Britishers on the Con-
 tinent came from France, he
 pointed out, some time after their
 arrival there.

The military department ex-
 pressed the greatest satisfaction
 with the plan of campaign of the
 Allies. The retreat towards
 Paris had been accomplished
 exactly as intended. The center
 had been kept intact.
 Not since the war began have
 the military authorities been so
 optimistic as at present. They
 expect most important news fa-
 vorable to the Allies to arrive
 shortly.

BIG AUSTRIAN LOSS AT BATTLE JADAR

(Special to The News—11:30 a.m.)
 Nish, Sept. 5.—In beating the
 Austrians at the battle of Jadar
 the Servians captured 100 guns
 and over 6,000 prisoners. The
 Austrians left over a thousand
 dead on the field.

Latest War Bulletins

(SPECIAL TO NEWS AT 2:30 P. M. SATURDAY.)

New York, Sept. 5.—German sources here claim the German
 cruiser Karlsruhe met and sank the British cruiser Glasgow off
 the coast of Colombia
 The German boat also captured and sank two British steam-
 ers and later engaged and disabled the British cruiser Bristol, ac-
 cording to the story.
 London, Sept. 5.—Russia, France and England have all signed
 a treaty agreeing that none of the three will make peace without
 the consent of all.
 Paris, Sept. 5.—A German flanking movement intended to cut
 off the Allies from the base of their supplies has failed. The Al-
 lies are more concentrated, is the only result. The Germans are
 only twenty miles from Paris and are preparing for a desperate
 assault on the city rather than investment and siege.
 Paris, Sept. 5.—An order for the mobilization of the Italian
 forces is expected to come today.
 London, Sept. 5.—A Central News Agency dispatch says that
 King Albert, of Belgium, was slightly injured by a shrapnel splin-
 ter while heading a retreat to Antwerp. The Belgians are now
 fighting with the German forces at Termonde.
 Paris, Sept. 5.—The Germans are leaving Paris on their right
 and marching southeast. The Tahir right has not yet been suc-
 cessful in getting around the British on the left wing of the Al-
 lies. The lines of the Allies are slowly giving away.

ASQUITH'S PATRIOTIC APPEAL LOYALTY OF THE LION'S CUBS

PREMIER SAYS NAVY HAS GUARANTEED NEUTRALITY OF SEA
 FOR BRITISH SHIPS—CHILDREN OF THE EMPIRE
 CONTRIBUTE LIVES AND FORTUNES.

(Special to THE NEWS)
 London, Sept. 5.—Premier As-
 quith made the first of his series
 of appeals to increase the British
 land forces at a meeting in Guild
 Hall last evening.
 He described the Empire as be-
 ing involved in a bloody arbitra-
 ment of might versus right. He
 urged that every able-bodied
 Briton capable of military duty
 should join the colors.
 "The navy," added the Premier,
 "is already doing its part. They
 have sealed up the German fleet
 and are thirsty for trial of
 strength in the open. They have
 driven hundreds of merchant ma-
 rine from the high seas and when
 the few German cruisers still in-
 vesting the distant ocean are dis-
 posed of, as they will be very
 soon, the navy will have achieved
 for Britain a neutrality of ship-
 ping as complete as was ever ob-
 tained in the days of unbroken
 peace."

TOPEDO BOAT AND MERCHANT SHIP SUNK BY MINES

(Special to THE NEWS.)
 London, Sept. 5.—An official re-
 port says the torpedo boat
 Speedy struck a mine and prob-
 ably went down after having res-
 cued a number of the crew of the
 steamer Lindsell, which was also
 sunk by a mine in the North Sea.

DAILY EDITION  Saturday, Sept. 5, 1914

Nine-tenths of one's success in business comes from his mental attitude. Petrified optimism is the key to success. In the financial struggle occasioned by our country being at war there is nothing that will restore normal conditions quicker than a cheerful outlook on conditions. Most of the people who came to Prince Rupert are resourceful enough to start all over again if they have to. Anyone who has property in this city can wait with perfect confidence that values will come back. In the meantime, if he has to turn his hand to something else he will be unworthy of his breed if he does not do it cheerfully. Cheer up!

Speaking about mental attitude, it is wonderful the large number of people one meets with a frown. They have developed that attitude throughout many years and of course business runs away from them when it sees them coming. If they are called upon to pay a bill they do it with bad grace. If you ask them, "How's business?" they say, "Rotten." Ask them what they think of the outlook, they reply in despair. How a mental outlook like that could accomplish anything is beyond the comprehension of any reasonable being to imagine. Nine-tenths

of one's fears never realize and a large amount of the balance can be offset by sheer force of will.

A good many people think that optimism and pessimism are personal attributes that are born with one and from which they cannot escape. People who hold such ideas are fatalists without perhaps knowing it and are hopeless. Attitudes of mind are formed like other habits. A cheerful disposition can be formed through habit in exactly the same way that one's fingers become nimble on the piano through habit or practice. Look for and expect the best should the heavens fall. When Napoleon was told that the Alps offered an insuperable obstacle he replied, "There is no Alps." That's the kind of attitude that conquers; and your mind can be trained to think like that just like your muscles respond to habit or training.

All successful men are progressive and optimistic. The man who is perfectly normal is so by nature. It is only when nature is thwarted and de-ranked that a man becomes a pessimist. The human voice is in its perfection in the child. Witness the newsboy and had habits make it impossible for

the average adult to have a similar voice. The teacher of elocution, however, can overcome these evil tendencies, and takes the child method of breathing as his model. The same applies in human tendencies developed by slovenliness and bad habits. They can be overcome by replacing them with correct habits whether physical or mental.

In all these cases, however, the mind must first cast out all fear and other disintegrating tendencies and assuming the mental normal outlook of a child build up its structure thereon. This comes pretty close to the Christian teaching that to enter the Kingdom of Heaven one must become a little child.

GREAT BRITAIN'S CROPS ARE ABOVE AVERAGE

Accounts received recently from the crop reporters of the Board of Agriculture and Fisheries throughout the country show that the British wheat crop is forward, and that the yield per acre will be well over the average, says Lloyd's Weekly News.

Harvest has commenced in the southern counties. Barley has improved during the past month, and will probably be up to the average.

Oats are a fair crop, though short in straw.

Beans are an average crop, but peas are not quite so good.

The potato crop is very strong and healthy, and there will be a full supply, without any addition from imports, for a whole year's consumption.

Root crops look well, but require rain.

The apple crop, especially in the districts where it is chiefly grown, is considerably above the average, while the crop of pears is even more satisfactory.

FIRST REGULAR THROUGH PASSENGER TRAIN ARRIVES

The first regular passenger train from Prince George arrived sharp on time last evening on the new schedule, which brings her in at 6 p. m. The train had a new first-class coach and a standard sleeper on, beside an official car. The sleeper, which is one of the Grand Trunk Pacific specially designed cars so popular on the eastern end of the line, will go out on tomorrow's train.

The new schedule is not to go into effect until tomorrow but the company's boys are all ready for it and will maintain a good service and keep the trains running on time.

THAT CHINA STATION COST THE GERMANS 40 MILLIONS

London, Sept. 4.—Wild indignation is manifested in the German newspapers reaching this city over the action taken by Japan in support of Great Britain. Editorially, most of the newspapers refer to the Japanese as blackmailers.

The Germans, however, seemed resigned to the loss of Kiauchau, comforting themselves with the reflection that its ultimate fate will be decided on European battlefields. The newspapers remind their readers that Kiauchau has already cost Germany nearly \$40,000,000 besides the immense sums spent on railways and mines.

NEW YORK MUSTERING MARKET ARMY BASKET

New York, Sept. 4.—In its effort to enable housewives to buy foodstuffs at lowest prices, New York will open four city markets at once, it has been announced. Each has space for 40 wagons and from 100 to 200 pushcarts.

If the prices rise too high the dealers will be asked to make room for others willing to sell at lower prices.

The surface car lines are co-operating by permitting persons with market baskets to ride on cars.

"DRYS" HELP PUT OUT FIRE IN A BREWERY

Preston, Minn., Sept. 2.—"Dry" adherents at a picnic stopped their merry-making long enough to help put out a fire in a brewery.

The Preston brewery, operated in a prohibition town and county, took fire when a party of "drys" were celebrating the result of the recent election at Preston when the city voted to continue without saloons.

While the sale of liquor is forbidden by law at Preston, its manufacture is not and the brewery is a large one.

When the fire broke out "dry" volunteers fought valiantly beside the city fire department and so effective were their efforts that the blaze was extinguished without serious loss.

JAP MARINES CHEERED VOLUNTEERS

Victoria, Sept. 4.—Capt. Douglas Robertson of the C. P. R. steamer Princess Sophia, now on the Victoria-Vancouver run, stated that the Victoria contingent for the front had the best send-off Victoria has ever accorded to any departing troops. A feature of the farewell ceremony was the presence of a large number of Japanese bluejackets from the cruiser Idzumo. The Japanese sailors were accompanied by a band which played "A Life on the Ocean Wave" and other British nautical airs as the Princess Sophia left Victoria. The troops replied with cheers for the Japanese commander.

SATAN AT HIS OWN GAME

He Tempted Her, Says Spinster Held for Extortion

Los Angeles, Sept. 2.—Asserting that Satan had tempted her, Miss Nancy Shuff, 65 years old, told the police today that she had attempted to extort money from M. M. Meyers, a neighbor.

Miss Shuff attempted to obtain \$500 from Meyers by threatening to burn his home and demanding that the money be placed in a box near a fence between their homes. She was arrested last night after the police had set traps for her.

day trip to Constantia ranch. They have now returned to Aytoun ranch much pleased with their outing.

Mr. J.J. JFfaJJJI, Jprovincial government engineer, left town on Sunday to locate the projected wagon road to connect Bella Coola with the present road leading west from the Cariboo Road. The point of junction will presumably be at Tatla Lake. This is an old idea to many of our neighboring settlers, and also to the people of Chilcotin, who have long wished for an outlet to the coast at Bella Coola. Once out of the Bella Coola Valley and the construction of this road will be simple but it seems that those responsible for our road building in the past were not fitted to the task, and knowing this, they never furthered the efforts of the people to secure this through road. It is gratifying to have some little assurance that the long-wished for road to Tatla Lake may be a reality in the course of the next few years.

P. J. Kenyon, Robert Lowe and R. Demorest arrived down from the interior on Sunday last. Mr. Kenyon, who holds the rank of lieutenant in the Legion of Frontiersmen, has wired to his headquarters at Vancouver offering his services with the expeditionary force which it is contemplated that organization will send away shortly. Lieutenant Kenyon is a tried veteran, having served with the colors in both the Matabele and Boer wars, and is a typical type of British cavalryman. His life has been for the most part spent on the frontier and he is no stranger to the hard knocks that invariably come in the course of a pioneering life.

TWENTY MILLION DOLLARS IS FISHERIES INVESTMENT

CANADA'S FOOD SUPPLY FROM THIS SOURCE IS VALUED AT THIRTY-THREE MILLION DOLLARS—COMING INDUSTRY ON WEST COAST

Montreal, Sept. 2.—To say that Canada possesses the most extensive fisheries in the world is no exaggeration; moreover, it is safe to add that the waters in and around Canada contain the principal commercial food fishes in greater abundance than the waters of any other part of the world, comments Mr. A. Johnston, the deputy minister of marine and fisheries in his annual report. The extraordinary fertility of what may be called Canadian waters is abundantly proved by the fact that, apart from salmon, all the lobsters, herring, mackerel and sardines, nearly all the haddock, and many of the cod, hake and pollock landed in Canada are taken from within territorial waters.

The coast line of the Atlantic provinces from the Bay of Fundy to the Straits of Belle Isle, without taking into account the lesser bays and indentations, measures over 5,000 miles; and along this great stretch are to be found innumerable natural harbors and coves, in many of which valuable fish are taken in considerable quantities with little effort.

On the Pacific Coast, the Province of British Columbia, owing to its immense number of islands with its bays and fiords, which form safe and easily accessible harbors, has a seawashed shore of 7,000 miles.

Most Prolific in World

Along this shore and within the limits of the territorial waters, there are fish and mammals in greater abundance, probably, than anywhere else in the whole world.

In addition to this immense salt-water fishing area, there are in the numerous lakes no less than 220,000 square miles of fresh water, abundantly stocked with many species of excellent food fishes. In this connection, it may be pointed out that the area of the distinctly Canadian waters of what are known as the Great Lakes—Superior, Huron, Erie and Ontario—forms only one-fifth part of the total area of the larger fresh-water lakes of Canada.

The fisheries of the Atlantic Coast may be divided into two distinct classes: the deep-sea, and the inshore or coastal fisheries.

The deep-sea fishery is pursued in vessels of from 40 to 100 tons, carrying crews of from 12 to 20 men. The fishing grounds worked on are the several banks which

vested in the fisheries amounted to \$24,388,459. Of this sum \$20,442,714 was invested in connection with the sea fisheries, and \$3,945,745 in connection with the inland fisheries.

In 1913 the value of the British Columbia fisheries were \$14,455,488 an increase of \$778,363 over the total of last year.

BELLA COOLA AND DISTRICT NOTES

The Camosun arrived in port on Sunday last, bringing a number of passengers besides a large quantity of freight.

Mr. A. C. Christensen and his son Andy arrived back from Takush Harbor by last Sunday's steamer. Mr. Christensen reports the safe arrival of the bunch of cattle which he took from here to the aforementioned place.

C. F. Allen, of Prince Rupert, came in on the last steamer. Mr. Allen is one of the most popular commercial men on the coast and has put in a very profitable week with the local merchants.

Mr. C. Charlton returned here on Sunday after an absence of several months in various parts of Vancouver Island. He says he saw no place which suited him as well as Bella Coola and has decided to remain here with his family.

The various schools throughout the valley opened on Monday, each with a good attendance of pupils. The Hagensborg school is in charge of a new teacher in the person of Miss Barwise. Miss W. Pecknold is back again at Lower Bella Coola school, and the Mackenzie school in the town is temporarily in charge of Mr. H. L. Harris pending the arrival of a certificated teacher.

The stork paused in his flight over this town on Wednesday and left a little daughter at the home of Mr. and Mrs. Percy Gadsden. The Courier joins their many friends in hearty congratulations.

Mr. Frank Rateliff, of Atarnok, visited town on business Thursday. He reports that the road work up in the upper part of the valley is proceeding at a fair rate and it is anticipated that by the middle of next month the road will be open to Stewie, providing, of course, that the money holds out.

Road Foreman Thos. Draney has commenced repairing the road in places where it is most needed, particularly in places where in the fall of the year large mudholes were to be seen. These places will now be filled and graveled so that wagons will not be lost in them during the wet season.

Mr. and Mrs. LeC. Grant, Miss Eveline Grant and Miss Mabel Hardy left last Friday for a holi-

A NEWSPAPER
for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

FALL OF LEMBERG COMPLETED GREAT VICTORY FOR RUSSIANS

THOUSANDS DEAD AND TENS OF THOUSANDS TAKEN PRISONERS—AUSTRIAN ARMY ONLY A REMNANT OF NO MILITARY VALUE.

(Special to THE NEWS.)
London, Sept. 5.—The Russian general staff has issued the following account of the fighting which led to the capture of Lemberg. An offensive movement was made against Lublin and Kholm on the front of the main Austrian forces. We deployed in the direction of Caviesow, Tanoff, Bielgray, Tomacheff and Belc. The line of the Second Austrian army, composed of the Third, Eleventh and Twelfth, and five divisions of cavalry, gathered in the region east of Lemberg to cover the operation of our troops in Lonthk, Dubo and Proskuroff districts.

desperate contest between August 31 and September 1. In the district on the upper course of the Gula Lipa alone, where the enemy's line balked, the Austrians lost 12,000 killed and wounded.

No Longer an Army.
The retreat of the enemy after the defeat at Lemberg assumed the character of disorderly flight and panic. The Russians took 200 guns and tens of thousands of prisoners.

It is believed the remnant of Second Austrian army is no longer of any military value.

On September 2 Lemberg was captured and also great quantities of war materials. All the buildings in the town were packed with Austrian wounded who had been abandoned in the enemy's headlong flight.

The boxing match between O'Hagen and Frank Barrieau, which was to have taken place September 5, has been postponed to September 12. Both boys arrived here on Monday and are training at the Windsor Hotel.

B. OF T. WANTS TO KNOW ABOUT PUBLIC WORKS

Dominion Government Refuses to Guarantee War Risk on the Prince Rupert.

The Board of Trade held its monthly meeting last evening. Apart from routine business there were only two important subjects taken up.

The fact that both the provincial and Dominion governments have neglected to go on with the public building here for which plans and appropriations have been made was the topic of discussion. It was decided to have the secretary communicate with the Public Works Departments of the two governments and get a definite statement whether they intended going on with the works this year.

Some days ago the board wired to Premier Borden asking that the government guarantee the war insurance on the Prince Rupert in order to get her back on the Prince Rupert run. The premier referred it to the Minister of Trade and Commerce, who reported that he could not see his way clear to do it. If he guaranteed one ship he thought he would have to guarantee all.

In the Letter Box

Prince Rupert, B. C.
September 4, 1914.

To the Editor of The News.
Dear Sir—Re John H. Thompson, deceased. As trustee of the monies collected, I am requested by those who solicited subscriptions towards the funeral expenses of the late John H. Thompson to thank all who so generously responded.

The subscriptions received were sufficient to pay all expenses and leave a balance of 50 cents, which it is proposed to hand to the cemetery caretaker.

The subscription lists and receipted account of the undertaker for \$100 are on file in my office and open for inspection during office hours.

Thanking you, Mr. Editor, for space in your paper,
Yours truly,
ERNEST A. WOODS,
City Clerk.

MILITARY SMOKING CONCERT TONIGHT

Tonight there will be a military smoking concert in the National Sporting Club hall. The smoker is under the patronage of Lieut. Col. Geo. McSpadden and the officers of the 11th Irish Fusiliers, and it promises to be a popular entertainment. There will be on the program several musical numbers, Russian dancers, fencing, and eight four-round boxing contests. The affair is in good hands and those who attend are assured an enjoyable evening. The doors open at 7:30 and the program starts at 8 o'clock.

FOOTBALL

Football Monday.

There will be a football match on Monday at 11 a. m. at Market Place between the England and Scotland players. The English team will be J. C. Bloomfield, S. Darton, G. Kelsey, G. Garnett, Eardley, Garnett, W. Dodson, Long, P. Tinker, Reddyhaugh, F. Hardy. The match promises to be hotly contested. A collection will be taken up on the grounds and the proceeds given to the hospital.

The International between Scotland and England in aid of the General Hospital funds will start at 11 prompt on Monday forenoon on the Market Place grounds, the baseball club having claimed the afternoon. A great game is expected between two good teams. Assistant Trainer Jimmy Kelly is training his men on parritch, haggis and the Auld Kirk for their physical well being, assisted by some Shorter Catechism for their moral uplift. The Englishmen are on a strict training diet of English roast beef, Yorkshire pudding and Bass' ale.

SECOND NAVAL ENGAGEMENT DISASTROUS FOR GERMANS

CONFIRMATION OF REPORTED DESTRUCTION OF GERMAN DESTROYERS AND TORPEDO BOATS—DETAILS NOT MADE PUBLIC.

(Special to THE NEWS.)
London, Sept. 5.—An official information from the War Bureau has issued a statement saying: "According to information received from a trustworthy source, seven German destroyers and torpedo boats have arrived at Kiel in a damaged condition and it is understood that others have been sunk in the vicinity of the Kiel Canal." This would indicate another naval fight.

This is official confirmation of the dispatch published yesterday.

NAVAL BATTLE MAY HAVE BEEN IN BALTIC SEA

(Special to The News—11:30 a.m.)
London, Sept. 5.—It is not clear here just what the report of the sinking of the German boats at Kiel means. Either more were sunk after reaching there from the Heligoland naval battle or else there was a fresh battle with either the British or Russian ships at the Kiel end of the Canal in the Baltic.

THEORIES IN LONDON ON NAVAL ENGAGEMENT

(Special to The News—11:30 a.m.)
London, Sept. 5.—The Chronicle, in discussing the message that seven German destroyers and torpedo boats arrived at Kiel badly damaged, says there are three theories as to the significance of the report. First, they may have been engaged in the Heligoland battle. Second, they may have been engaged in the Baltic by the Russian warships. Third, they may have been engaged in the Baltic by British ships. The first theory is generally accepted.
