GERMAN POSITION IS NOW DESPERATE

Paris, Sept. 8.—There is a general opinion here that even if the Allies lose the great battle now being waged they may still make the siege of Paris difficult, while if the Germans lose the situation of their entire army in France would be critical.

BRITISH SUBMARINES SENT OFF TORPEDOES IN GERMAN HARBOR

Hull, Sept. 8.—Early last week destroyers and submarines of the British navy by a close survey discovered a passage between the mines which the German destroyers used in coming out to the North Sea. With that information a flotilla of submarines and destroyers proceeded to round up the German ships. When the operations were finished the British vessels returned to their base with the exception of one submarine. Much anxiety for the fate of the vessel was felt and the fleet concluded it was lost. Just as this fear began to be viewed as a certainty the submarine turned up.

BRITISH ARMY MANEUVERS AT THE WESTHOLME

The management of the Westholme opera house announces another fine patriotic program for Wednesday and Thursday. The big feature will be the second installment showing the recent maneuvers of the British army and navy. The boys of the Irish Fusiliers have been invited to attend the Wednesday performance and have promised to bring their buglers with them. There will be new slides showing a number of the most prominent army and navy officers, including Lord Roberts, Kitchener, Baden-Powell and others. Patriotic songs and selections by the bugle band will help to enliven the occasion.

Among the pictures shown there will be a very fine two-reel comedy, "Why Girls Leave Home." This is a scream from beginning to end and is bound to be immensely popular. The music, by the Westholme orchestra, will be appropriate and will include several new selections.

Donald D. Back Again. The Donald D., of the Canadian Fish and Gold Storage Company, was towed into port yesterday by the G. E. Foster after being held up for a month at Union Bay on order of the Navy Department. Captain Grady is a salt of the first water but did not like to take any chances of being captured by the Germans. The good ship Donald D., Captain Grady, and 2,000 tons of coal would look good to the Germans just now.

Sons and daughters of the British Empire must feel a great pride in the magnificence of the British navy, which has within a few weeks cleared the seven seas of the enemy and her merchant ships.

Premier Asquith is making an eloquent and most effective appeal to the patriotism and fighting spirit of the Empire. His words are spoken to only a few thousand of Britain's people but they are passed on to 'the children of the Empire' throughout the whole world.

Britain has few trained soldiers, only a handful compared with the other big European powers, but she has volunteers without stint and while the British volunteers who go to war have not the training of professional soldiers, they have

British hearts, which know no defeat, and the British spirit to uphold the nation's honor and glory, built up by centuries of successive victories.

Premier Asquith's appeal means a great army of British volunteers for the front.

The aggregate of Canada's external trade is something over one thousand million dollars a year. Of this only about four millions last year was with Germany and less than a half a million dollars' worth with Austria.

Except that she must change her base in a financial respect and do her borrowing for constructive projects in the United States, where she can get the money, Canada's position is unaltered by the war in a business sense.

Echoes of Wedding Bells

The following item, though somewhat delayed, will be of interest to local people on account of the popularity of one of the contracting parties, Mr. Joe Greer:

Greer-Barr. A very pretty wedding was solemnized at the First Methodist Episcopal Church by the Rev. W. T. Kerr on Wednesday, August 12, at 4:30 p. m., when Bertha Gwendoline, youngest daughter of the late Mr. Alex. and Mrs. Barr, formerly of Kinmount, Ontario, became the bride of Joseph Greer, of Prince Rupert, B. C.

The bride, who entered the church on the arm of her father, Mr. R. H. Barr, was becomingly attired in cream silk de Chine, elaborately trimmed with lace, and wore the customary wedding veil. She carried a shower bouquet of bridal roses and sweet peas.

The bridesmaid, Miss Margaret Manary, cousin of the bride, was attired in a pale blue chiffon and carried a bouquet of pale pink carnations.

Mr. Floyd Tucker ably assisted the groom.

Music was rendered by Mr. Carroll Day.

After the ceremony a wedding dinner was served at the Hotel Benson, after which the happy couple left on the 8.15 train for California, on their honeymoon, accompanied by the best wishes and congratulations of their numerous Portland friends.

On their return north, Mr. and Mrs. Greer will reside in Prince Rupert, B. C.—Portland Morning Oregonian.

Latest War Bulletins

(Sunday, September 6, 1914.)

The British casualties so far in the war now reaches fifteen thousand. The Allies are again bombarding Cattara. Fifteen thousand men per day enlist for the front in Britain. The advance line of the Allies for the defence of Paris came in contact with the German right wing on Saturday. A short engagement resulted in an advantage to the Allies. The German forces in four divisions are in a turning movement toward the south, rather than pushing forward to Paris. The First German army has reached Leferte and Montmiral, the second is at Chantilly and the third at Rheims. The fourth has also moved south, and fighting continues in Lorraine. The Germans have captured three forts at Mauberge, near the French-Belgian boundary. The rest are defended by British and French and are still holding out.

New York—The British embassy at New York in a review says the Allies now have unchallenged command of the seas. The fighting strength of the Allies in France is unimpaired. The Russians have been successful in their invasion and the Allies have been successful in their colonial attempts. Sir John French is reported to have gotten around on the left of the German army and General Joffre has turned the German lines.

The Germans have evacuated Lille. There has been no main trial of strength in France in the last five days. The British are refitting and consolidating their units. The French defeated three German army corps near Guise. The British army is now south of Marne in a line with the French on the right and on the left. The British successfully guarded the whole line of the French left flank until the fifth and seventh French armies came into operation on the British left and right.

OVERSEAS ARMY EXPECTED TO PASS THROUGH VANCOUVER

Vancouver, Sept. 8.—It is reported that 75 trains of East Indian soldiers are to be sent east from here on the arrival of boats from India, all bound for Europe. This is not confirmed. The report also states that New Zealand and Australian contingents are going to Europe this way, and that many Russian forces will do the same.

We have new goods arriving on every boat and are making them at such prices as will make them sell, even in these hard times.—Demers. 207-8

MILLION MEN FIGHTING FROM PARIS TO VERDUN

(Special to The Daily News.) Paris, Sept. 8.—A million men were engaged in the fighting yesterday, extending east from Paris to Verdun. The Allies have had the better of the fight so far, and in some quarters the Germans had to retire.

VETERAN WHO WAS WITH LORD ROBERTS

Old With Rheumatism—But Cured By "Fruit-a-lives".

THAM, ONT., APRIL 3rd, 1913.

I am a veteran of the Crimean War in the Indian Mutiny, volunteering in the Royal Artillery into the Royal Engineers, and served with Lord Roberts during the Indian Mutiny, in a pensioner's hand-to-hand combat. Pierce's exposure left me with Rheumatism, and I suffered from Rheumatism, so that my legs swelled up, and it was impossible for me to walk. I tried "Fruit-a-lives". They cured me of Rheumatism and Constipation. I am now in regular employment, I walk miles a day and enjoy perfect health.

The men are in the act of firing a salute over the graves of four German and four English soldiers who perished when the Amphion and the mine laying Koenigen Luise were destroyed. The other picture shows 200 German prisoners who were taken prisoners as they were about to leave England for the Continent.

ST. JOHN AMBULANCE ASSO. IS DOING SPLENDID WORK

ASSOCIATION IS PROVING TO BE ONE OF GREAT SERVICE TO THE EMPIRE IN THE PRESENT WAR—PROVIDES QUALIFIED MEN FOR AID AT FRONT.

Splendid attendance and active interest is being manifested by those who have joined the local center of the St. John Ambulance Association and a men's class of 30 is diligently taking up the studies for first aid under the tuition of Dr. J. P. Cade and Dr. H. E. Tremayne. Classes are held every Tuesday evening at the city hall at 7:30 p. m. and immediately previous to the lectures Mr. King, a certificated member, and Sergeant North, of the Fusiliers, give the members practical demonstrations of bandaging and how to carry the injured. A ladies' class will be formed just as soon as the necessary text books and supplies are received from headquarters, but owing to the unprecedented demand for supplies throughout Canada it may be some time before local requirements are filled.

That the work of the ambulance brigade of the association is proving of vast service to the Empire in supplying qualified men for the army on the continent, for the navy and for home requirements in England in this time of stress, the following open letter from Col. Sir J. R. Andrew Clark, is handed The News by Percy F. Godenrath, honorary secretary of the local association:

"Sir,—As the many supporters and well-wishers of the St. John Ambulance Brigade and also, perhaps, the public generally may be interested to learn what support that body has given to the nation in the present crisis, may I ask you if you could find room in your paper to publish the following short report?

 Vancouver, Sept. 8.—The Pacific cable has been cut somewhere between Bamfield, B. C., and Fanning Island, presumably by the German cruiser Nurnberg. The cut is probably near Fanning Island.
 The Nurnberg evidently eluded the Australian cruiser Australia at Honolulu and steamed 1,500 miles south to Fanning Island. The Nurnberg left Honolulu on September 1 with the Australia in pursuit.
