## DEFEAT NOW STARES GERMANY RIGHT IN THE FACE

### MAGATA MARU PASSENGERS CREATE BIG RIOT IN BOMBAY

PASSENGERS RECENTLY REFUSED LANDING AT VANCOUVER CREATE RIOT ON REACHING HOME—SEVERAL ARE KILLED AND MANY WOUNDED.

(Special to The Daily News—12 Noon)  
Calcutta, Oct. 2.—The Bengal government issues the following statement:  
The Sikh passengers from the Magata Maru, who were refused permission to land in Vancouver arrived at Bombay Saturday. Some of them refused to get on the train for the Punjab and opened fire with their revolvers. One European was killed and

several others, including the commissioner of police, were wounded. One Punjab policeman was killed and several wounded. The troops were compelled to fire to check the rushes of the Sikhs, sixteen of the rioters being killed. The remainder scattered to the surrounding villages but later were rounded up.  
It is interesting to note that the riot was not checked by the native police.

PERMITTED TO PROCEED TO EUROPE AFTER DISSMISSING GERMAN CREW. The American ship "Red Cross," formerly a Hamburg-American liner, now crossing the Atlantic carrying Uncle Sam's daughters who have volunteered for service on Europe's battlefields.

### GERMANS ARE MAKING STRONG ATTACK ON ANTWERP FORTS

DETERMINED TO CAPTURE CITY—BELGIAN STRATEGY LURED GERMANS INTO TRAP—MANY KILLED AND GUNS CAPTURED.

(Special to The Daily News.)  
Antwerp, Oct. 1.—(Special 5:30 p. m. Thursday.) The German attack on Antwerp continued about the night with little success. The Belgian forts were so effectively that the Germans had to change the position of their batteries several times.

At Woevre and St. Catherine's the forts remained silent for a time yesterday. The Germans thought them out of action and sent a field battery to take them. These found themselves under a sudden Belgian fire and few of the Germans escaped. The Belgians then made a sortie and captured several guns.

### GERMAN PRESS PREPARING PEOPLE FOR DEFEAT AND RUIN

(Special to The Daily News—10:30 A. M.)  
Berlin, Oct. 2.—Germans are agitated at the tone of the papers which have arrived. The only meaning which can be attached to their statements is that they are preparing the German people for defeat and ruin. The messages ask that

judgment be suspended should news arrive that the Germans have been compelled to abandon certain positions.  
These papers state that the French and British are pushing back the Germans by sheer weight of numbers. Making these statements brought about the suppression of the papers.

### RUSSIANS FOIL GERMANS IN CROSSING NIEMEN RIVER

(Special to The Daily News—12 Noon)  
Petrograd, Oct. 2.—In Sulwalk, the Russians have foiled attempts of the German left

flank to force a passage of the Niemen River. In the capture of Augustow and Neptzow, the Russians have broken the German center.

(Special to The Daily News)  
Callao, Oct. 1.—(Special 5:30 p. m. Thursday.) The British steamer Bankfields, with a cargo of sugar valued at half a million dollars, was sunk off the Peru coast by the German steamer Leipzig. The crew was landed at Callao.

### THE BODY OF HOYT HAS BEEN FOUND

Shortly after going to press yesterday The News received a wire to the effect that the body of L. J. Hoyt was found. This was the fifth day of the search, for he was shot at 1:30 p. m. on Sunday.

Chief Gammon, of the provincial police, took a party out a few days ago and it was with their assistance the body was found. Mr. Duncan, of this city, one of the party that when from the city, was the one to locate the body. Wednesday night the camp fire Hoyt and his partner made shortly before he was shot was located. From this the party worked until they were successful.

The body arrived in town by launch about 3 o'clock this morning and is at Hayner's parlors. The inquest will be held today.

### GERMANS ADMIT REHEAT TSING TAU

(Special to The Daily News.)  
Pekin, Oct. 1.—(Special 5:30 p. m. Thursday.) A German report sent from Tsing Tau by pigeon says the German retirement from its second defence line was due to the overwhelming strength of the Japanese. The report says the Japanese lost 1,700 killed and 800 wounded.

### SERVIANS REFUSE TO SACRIFICE MEN

(Special to The Daily News—12 Noon)  
London, Oct. 2.—A dispatch from Nish says the Serbian commander has ordered a temporary abandonment of the attempt to capture Sarajevo as the Austrians occupy positions which can only be taken at a great sacrifice.

### BRITISH WILL MINE COAST OF GERMANY

(Special to The Daily News—12 Noon)  
London, Oct. 2.—The British government announced today that it had decided to mine the coast of Germany. The shores of Germany had been mined previously by themselves but as the knew their locations they had the advantage and could come out with their submarines. This action is to prevent future raids.

### SKIDEGATE AND LAWN HILL GET FIRST PRIZE

C. Richardson, of Lawn Hill, is a happy man today. He represents a combination exhibit from Lawn Hill and Skidegate on the South End of Queen Charlotte Islands and his exhibit pulled down first prize for the best district collection. The prize is a \$50 cup and since this is the second time they have won it, according to the terms thereof, they own it. A diploma also goes with the prize.

This is certainly a fine boost for the south end of the Queen Charlotte Islands. That district is perhaps not so well known as others around here but in soil and climate it is very near perfect and anyone examining the products they grow there will realize that there is a great future before it. There are already a large number of settlers there and the government has established an experimental farm. All that the district requires is better transportation to make it the garden of the Pacific.

### C. C.'S IN THE LEAD.

The C. C.'s again proved that they are the best all-round baseball team in Northern British Columbia by defeating the Prince Rupert All-Star team yesterday by the score of 11 to 8. The game was a good one to watch, both teams fighting all the way through. In the seventh inning Mr. Sheer, manager of the Haysport cannery and an old Seattle player, started to pitch, but couldn't stem the tide. The C. C.'s were hitting the ball hard and Crispy Mathewson himself would have been unable to stop them. By winning this game the C. C.'s have first claim on the baseball cup offered by A. J. Prudhomme.

### GERMANS REINFORCED MAKE STRONG STAND

(Special to The Daily News—12 Noon)  
Paris, Oct. 2.—The official bulletin says that terrible fighting continues near Roye on the French left, where the Germans have been strongly reinforced. The action extends more and more toward the north.

The Germans attempted during the night to bridge the Meuse near St. Michael but the French guns destroyed the structure.

In Woevre the French continue to make progress.

### KAISER IN THE EAST WHERE ARMY IS BEAT

(Special to The Daily News—12 Noon)  
Petrograd, Oct. 2.—Dispatches say the Kaiser is undoubtedly with his troops on the East Prussian frontier, where the Germans have met with reverses and have been forced to retreat.

### TONIGHT'S FAIR PROGRAM

Another excellent program is being provided by the management for the entertainment of the visitors this evening at the Exhibition Building. The numbers are as follows:  
Piano Solo... Mrs. A. H. Hoelscher  
Vocal Selection... Welsh Male Choir

After the concert is over the evening's proceedings and the Fair will be brought to a close with a popular dance.

A telegram from General Manager Capt. C. H. Nicholson, of the Grand Trunk Pacific Steamship Company, states that the Prince George will leave Vancouver next Monday and will arrive in Prince Rupert at 8 a. m. Wednesday morning. As no arrangement has been made for the Prince George to carry the mail, as heretofore, the Board of Trade has addressed a strong telegram to the Controller of Railway Mail Service at Ottawa, urging on the government the necessity of having mail sent north on this vessel.

The Meliakatla Indian band will provide the music for this afternoon and evening.  
Hon. H. E. Young Provincial Secretary, left for Victoria last night by the City of Seattle.

### RUSSIANS COMPEL GERMANS TO RETREAT

(Special to The Daily News—12 Noon)  
Petrograd, Oct. 2.—The official bulletin says the German troops attacking Ossowitz are retreating hastily to the north.  
The Russian troops continue to repulse the enemy from the boundaries of the government districts of Sulwalki and Lomza.

### THE EXHIBITION.

#### A Splendid Musical Program Delighted the Large Crowd Last Night.

The Exhibition Building was crowded last night, and everybody must have been delighted by the musical program provided. Every number was of a high order and there was such a variety that all tastes were provided for. The program opened with a beautiful rendering of "The Lost Chord" by Mr. Hoelscher on the flute.

The Welsh male choir then sang "The Soldiers' Chorus" from "Faust" in spirited style, followed by "Crossing the Plains" as an encore and Mrs. Miller sang "My Ain Folk" in a very pleasing manner.

Kitkatla band and the Irish Fusiliers did good work in their respective capacities, while two members of the latter gave a sparring display. The Swedish dancers performed in their usual graceful fashion and the Pierrot troupe of local ladies and gentlemen excelled themselves. The program closed with a piano solo by Miss Neumann.

DAILY EDITION

Friday, October 2, 1914.

The whole Empire has been stirred up by the doings of the British troops in France. It is intensely gratifying to know that the old British tenacity is still as strong as ever, and that the Highlanders of today can emulate the daring of their grandfathers at Waterloo by charging solid columns holding by the stirrup-leathers of the Scottish cavalry.

The heart of every Briton must thrill as he reads of these things, but what the man in the street is waiting for is a real ding-dong sea fight. He is wearying to hear that the British bluejackets have knocked the German fleet to smithereens. Meantime, the naval warfare has been pretty much a game of chess, with Sir John Jellicoe proving himself a past-master in the game. In no war of the past have the high seas been so clear for the merchantmen of a belligerent country.

When the time for striking does come, Jack will be right there as of old. In the days of

the "wooden walls," when he clambered aboard the enemy with his cutlass in his teeth, he was a terror; today, though with vastly different weapons and at a much greater distance, he goes into the fight with Nelson's famous dictum ringing in his ears and the same old bulldog courage in his heart.

For the German naval man Jack has a supreme contempt. The German conscript is merely a soldier helping to garrison a floating fortress and will never be a sailor.

Jack Tar is born with the tang of the sea in his blood, while the German is brought from the factory and the plow; forced to serve his three years; and then goes back to his civilian vocation again.

Gunnery plays a much more important part in naval warfare today than in the past, and in this the British navy is second to none, but, as of old, seamanship and courage are the supreme factors in a sea fight and British seamanship and courage must win.

### GRAY HAired MEN AND BOYS FORCED TO FIGHT

Defeats of Austrians Induce Extreme Cruelty in Their Handling of Prisoners.

Petrograd, Oct. 2.—Specialists here estimate that the extreme limits of Austro-German resources in men for this war do not exceed 6,000,000, about two-thirds being German and the other third Austrian.

The Germans have lost in France, Belgium and East Prussia, together with their vast losses in concert with Austria in Galicia, no fewer than 1,000,000 men. The Austrians in their conflict with Russia and Serbia have likewise lost another 1,000,000 men in killed, wounded and prisoners, the latter being particularly numerous, owing to the readiness of the Slav elements—about one-half of the total Austrian armies—to surrender to their fellow-Slavs.

This leaves the Teutonic belligerents with four millions, to some extent made up of last-line resources—children, and men over 60 years of age. Of these, one million are in array against the French and British, and another quarter to half a million on lines of communication through Belgium and occupying fortresses. The total, therefore, available now for taking up positions against Russia does not exceed from two and one-half to two and three-quarter millions.

**People Feel the Pinch.**  
German armies in the field doubtless get fed, but the populace is already feeling the squeeze, as is proved by orders restricting the killing of cattle. The orders issued forbid killing young calves or cows under seven years of age. It is in this vital work of starving Germany that the British fleet is accomplishing more far-reaching results than even the victorious armies.

The Austrians are apparently showing as little mercy to the wounded as the Germans are said to be doing. An officer, who has returned from a Galician battlefield, says he saw numberless instances of brutality. German and Austrian officers, with their orderlies, went around this field strewn with dead and dying. Their salutation to any dubious case was a kick in the ribs, with the order, "Aufstehen," if any signs of life were shown, the helpless sufferer being finished off by an officers revolver or with men's gun-buts.

The fate of the Cossack who is taken alive is one to be dreaded. It is asserted that the Cossacks have inspired such fear in the enemy that when one is captured torture is resorted to before death is inflicted.

Eight Hundred Sharpshooters Parade Streets and Hear Speeches.

Toronto, Oct. 2.—The Home Guard Sharpshooters, nearly 800 strong, and accompanied by their own band of thirty pieces and the Boy Scout pipe band, paraded last night in battalion formation. After drilling, the guard marched up Bay Street and proceeded via Queen, Yonge and Shuter Streets to the Arena, which was opened to them on account of the rain. Here they were addressed by President Falconer, who spoke a few words of encouragement to them, emphasizing the necessity of the sacrifices everyone was called upon to make. General Otter, the colonel-in-chief, was on parade, as was also Professor Wrong and Mr. W. S. Dinnick. Five of the companies are now up to full strength.

 Toronto, Oct. 2.—No time is being lost in the formation of a second Canadian contingent to the war zone. A dozen officers, specially chosen from the men at Valcartier, passed through the city last night on the way to Western Canada to recruit men for the second regiments. These officers were on their way to points from Winnipeg to Vancouver.  
 Sergeant Armstrong, of Red Deer, informed The Globe that they would try to gather as many men as possible during the next few weeks to make up the 19,000 for the second contingent. He was pleased with Valcartier, declaring that the men there had received a good training. The Vancouver express carried all the men. Others will arrive shortly to recruit in the Ontario centers.

**GERMANS ARE MAKING A DETERMINED EFFORT TO INVEST ANTWERP**  
 Ghent, Oct. 1.—The German efforts to invest Antwerp appear to have become more strenuous and determined. Their lines extend westward nearly into this city, and their artillery is hard at work on the south bank of the Scheldt, seven miles away. Railway service south of here has been stopped altogether. There is, however, still ground for the hope that the city itself will escape a direct attack.  
 Brussels has been completely cut off and is occupied by a largely reinforced German garrison.

**SUBMARINE THAT BLEW UP BRITISH CRUISERS SAID TO BE UNINJURED**  
 London, Oct. 2.—A dispatch received by the Reuter Telegram Company from Amsterdam stated that the German consul there, according to the newspaper Telegraf, has been advised by his government that submarine U-9, which is credited with having blown up the three British cruisers in the North Sea, has returned to a German port uninjured.

**NEWFOUNDLAND MAY JOIN THE DOMINION**  
 Old Colony Is Again Talking Confederation With Canada.  
 St. Johns, Nfld., Oct. 2.—Not in twenty years has there been so much talk in press circles and by the fireside of confederation with the Dominion as there is at present. A growing majority is strongly in favor of making the question a really serious political issue in the Island.  
 Within thirty years Newfoundland's exports have grown from \$5,000,000 to \$15,000,000, her imports in the same proportion, and her revenue from one to four millions. The material prosperity of the people has been enhanced in a still greater degree.  
 Good advice has been known to crack the cement of friendship.

Three freight cars of the Great Northern Railway came in on last evening's train. What is now a rare sight will soon be very common for all railway lines will soon have their cars here.

One of the striking things about the passenger service of late is the large percentage of strange faces. Travelers from the East are now coming where before it was mostly those from the Interior. Last night's train was packed.

H. M. McMullin, of the telegraph office, was in Paris when the war broke out. He has just returned to Prince Rupert.

George B. Fredell refereed the fight last night with much satisfaction. The Metlakatla band was there and played at intervals throughout the performance.

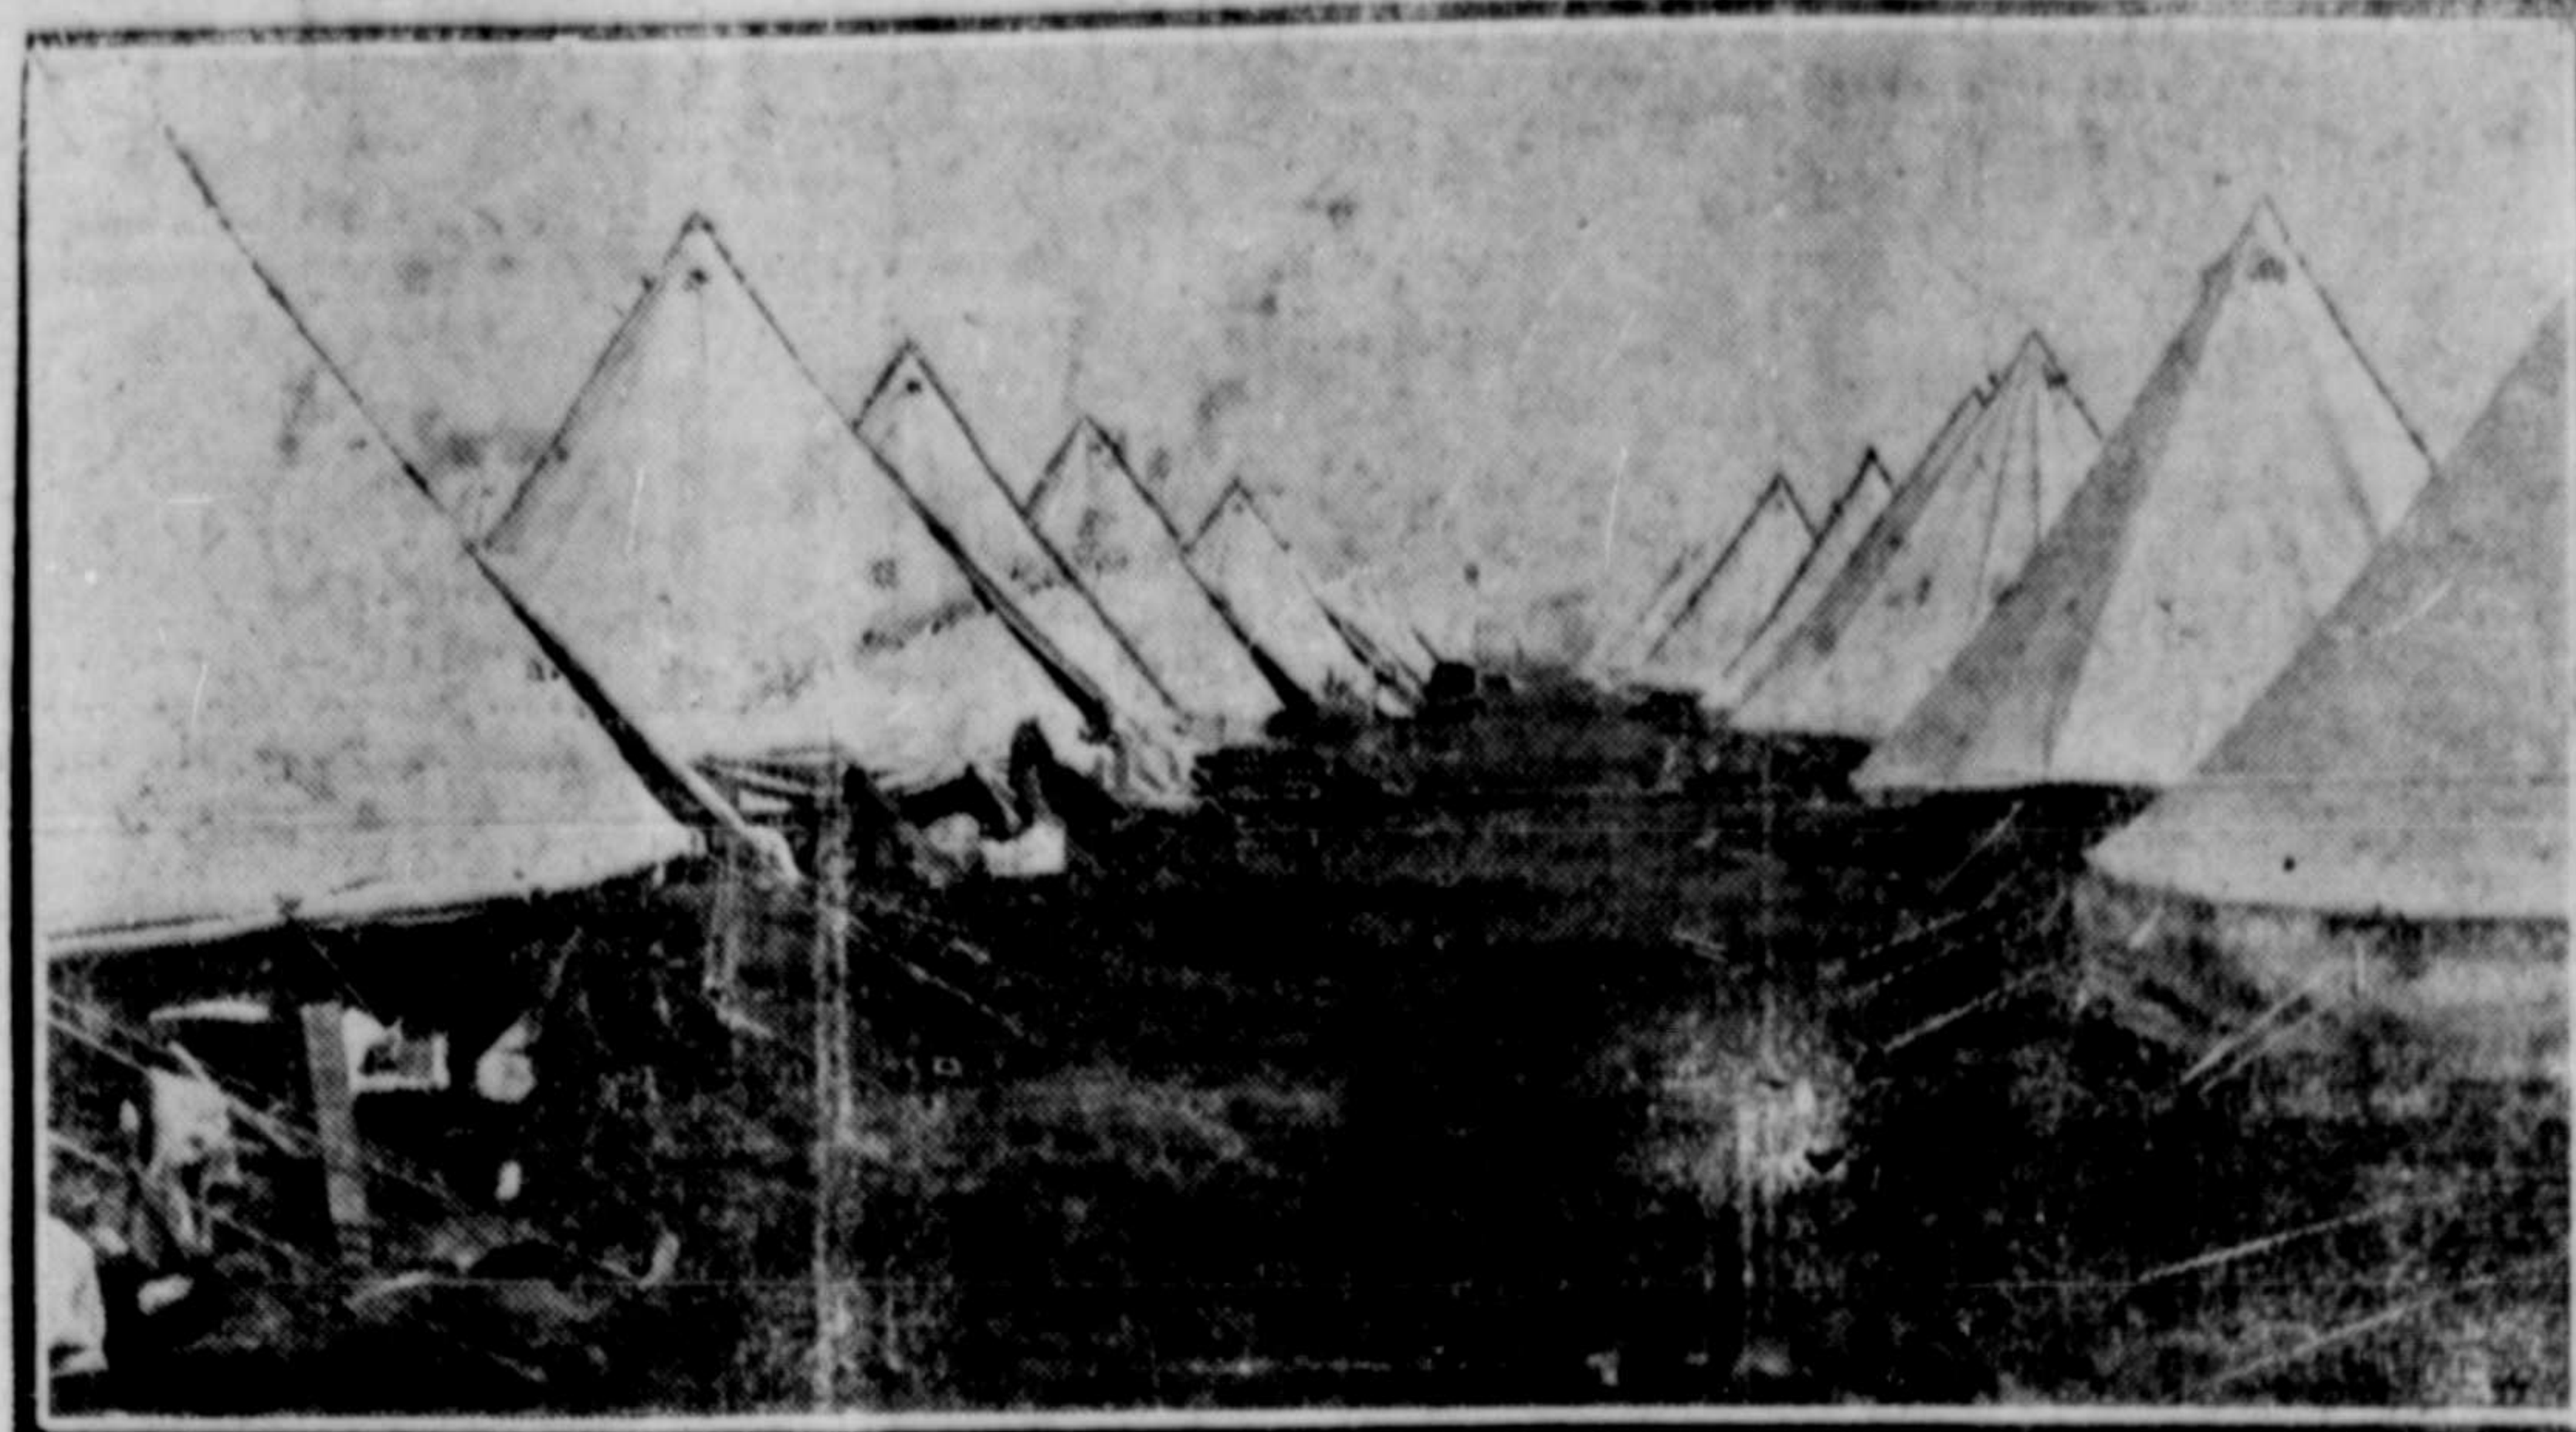

Mrs. D. McLeod, of New Hazelton, arrived in the city last evening. She is the guest of Mrs. Naden. Mr. McLeod will be down in a few days. The Foley, Welch & Stewart branch at New Hazelton has been transferred to Prince George.

This afternoon at 4 o'clock Mr. A. H. Tomlinson, government horticultural expert, will explain the awards in connection with the horticultural classes.

Only two Indian bands entered the band contest this year. Each played an overture and a march, a prize of \$100 being given for the best march and a silver cup for the best overture. The boys across the bay—Metlakatla—look both prizes in competition with the Kitkatlah band. Although the latter lost, according to a good many musicians they were not far behind. The Indian bands are certainly a credit to the district.

F. W. Bohler, of Kitsumkalum, is certainly a prize winner. Out of sixty entries he got forty-five prizes. He won first prize for the single collection of field roots. He also won the Rennie prize. Mrs. Bohler also won two prizes, one for pickling and one for fruits. Mr. Bohler has been in that district for eight years.

Roses of butter are a new thing in Prince Rupert. The exhibit of Mrs. Wm. Deekie along that line was excellent. For this ornamental work in butter, which is all hand work, she received first prize. She has done considerable of this work in Scotland, where she also took first prize. Her Scotch oat cake also took first prize. It certainly looked very palatable.

**DEMANDS OF INDIANS MUST BE LOOKED INTO**

Great Falling Off in Last Few Years—Indians Say Prizes Not Worth Expense of Coming Here.

There has been a good deal of heart searching the last few days because the Indian representation has not been as large as in former years. The trouble is that the Indians feel the prizes offered are not worth competing for. In former years there were eight and nine bands, while this year there were only two. The Indians are the most welcome visitors to town of any for they buy large supplies here and they are always very generous with their services. Something will have to be done next year to induce a larger number to compete. The Indians appear to be quite fair in their demands and it will be up to the city to do the rest. Indeed, the Indians can be assured that when the whole question is gone into that any reasonable obstacles will be overcome.

**ANNUAL MEETING HELD LAST NIGHT**

Northern B. C. Agr. and Indust. Assn. Holds Annual Meeting—Officers Elected for Coming Year.

The Annual meeting of the Northern British Columbia Agricultural and Industrial Association was held last evening in the City Hall, President J. H. McMullin in the chair.

The president announced that no report could yet be given as the Fair was not over. In spite of the unfortunate conditions in Europe, which caused the prize list to be restricted, a goodly showing was made. He was specially pleased at having the new building completed, which was only made possible by the assistance of the City Council and the provincial government.

Lakelse and Kitsumkalum, by unanimous consent, was united into one district.

The directorate was enlarged so as to include two representatives from the City Council and one from the fishing industry.

After the president announcing that he would not be a candidate for re-election, which was greatly regretted by all present, the following officers for next year were chosen:

President—A. J. Prudhomme. Vice-President—A. H. Allison. Secretary—L. Bullock Webster. Directors—Geo. Frizzell, L. Crippen, Geo. Nickerson, D. McD., Hunter and G. Nelson.

**THE C. P. R. FINDING WORK FOR THEIR MEN**

Mr. F. W. Peters, C. P. R. general superintendent in British Columbia, has announced that work would be found by the company on its main line east of Spence's Bridge for 150 or 200 men, who would be selected from the company's former employees, married men to be given preference.

The men would be given jobs along the right-of-way on double and single track work. They are expected to start work on Monday of next week.

While preference will be given to those men who formerly worked for the company and who were laid off, those of the men who are married will be preferred over all others. Single men will come next and married men, not company employees, will then be given work. Only British subjects or subjects of allied nations will be taken on and not all the men will be drawn from Vancouver, as there are several in up-country towns who deserve the company's support.

**RED CROSS TEA.**

The ladies of Prince Rupert will serve tea and refreshments on the balcony of the Exhibition Building from 3 to 10 p. m. during the days of the fair. This will be in aid of the Red Cross. Don't fail to patronize them. 227-231

**KING GEORGE SENDS GREETINGS TO INDIAN TROOPS**

London, Oct. 2.—King George has sent a message of greeting to the British Indian troops to be delivered to them on their arrival in France.

**JUDGE'S DECISION ON BAND CONTEST**

The Metlakatla band showed both in their march number and their overture that their leader had perfect control over his men, which, on the other hand, the leader of the Kitkatla band did not have, having to beat the time with his feet also, which showed lack of control.

The "Semiramie Overture," being in the same class with "Rienzi," "Fest," "William Tell," "Pagliacci," etc., was too difficult a number for any amateur band to attempt. There was a hesitation of attack in all tempos by the Kitkatla band.

One of the first points in all band contests is, have your various instruments in tune. In all pianissimo passages in the "Semiramie Overture" the brass section had a tendency to flatten, and in forte passages to blow sharp. The Metlakatla band in their overture, two clarinets played out of tune, and the tempos were good, where on the other hand the Kitkatla band took too many liberties on tempos.

If the leaders of these bands want more definite points of decision, I have a record of same, and will gladly publish same. It is advisable to use your own bandmaster in band contests, and not change at the last moment, as it causes a friction of confidence between the conductor and bandmen.

**A. H. HOELSCHER.**

The Civilian Rifle Association is holding its annual individual and team championship on the range at McNicol Creek on Sunday. The Irish Fusiliers are entering a team, which will stand a very good chance of winning the team championship, as they have several old Bisley shots on the team, including an ex-winner of the Queen's Prize. Lieutenant Christie, a very well known Vancouver shot, will captain the Fusiliers' team, while the civilian team will be under the direction of Mr. D. C. Stuart, captain of the association.

The gambling case came up in Police Court this morning. L. Larkin, M. Lofgreen, Fred Neilson, Alex. Smith, John Omer and S. Schmidel were fined \$12 each. Roy Chrisman was fined \$50.

Are your books behind or out of balance? If so, apply Box 120, Daily News. 2271f.

**BARRIEAU WON BOXING CONTEST**

Hagen Was Outclassed and Failed Repeatedly to Cope With Barrieau's Straight Left.

Throughout the twenty-round boxing contest between Frank Barrieau, of Vancouver, and Romeo Hagen, of Seattle, at the National Sporting Club's rooms last night, Hagen was completely outclassed. In round after round he either stopped Barrieau's straight left with his mouth or ducked and received a stiff uppercut to the jaw.

From start to finish Barrieau had the measure of his man and won as he pleased. In the fourteenth round Hagen went down and nearly out but recovered gamely. He took a tremendous lot of punishment unflinchingly, but did not show the form he displayed in the previous encounter. Probably he took too much out of himself making the weight.

In the preliminaries, the drawn bout between the "Battling Swede" and Williams produced a great deal of amusement and some pretty hard hitting.

Frank Smeathers and Monte Label furnished the second bout, and for a man obviously out of condition, Frank did some real good work, but in speed, of course, he was no match for Monte, who is getting into real good shape for his coming contest with Clark, which has been postponed till the night of Saturday, October 10.

The members of the Kitkatla band are to be commended for the good sportsmanship they showed in giving their services free last night after being so disappointed with the result of the contest.

**GEORGES GARPENTIER WOUNDED IN BATTLE**

London, Oct. 2.—Georges Garpentier, the boxer, has been seriously wounded while serving at the front with the French army.

The regular meeting of the Board of Trade, which should have been held this evening, has been postponed until next Friday night on account of the Fair.

The fisheries display which was arranged by the management will be sent by the directors to the General Hospital, with the exception of the porpoise, which the have given to the Canadian Fish and Cold Storage Company. B. B. Jones, of Skeena Crossing, has contributed his potato exhibit to the hospital.

The baby contest is scheduled for 2 o'clock and will take place in the ladies enclosure on the balcony.
