Havana, Cuba, April 6.—Jack Johnson made the following statement to the newspapers last night: "Although I have been told I believe I am the better of the two. Paris, April 6.—The knotty problem of Italy's future attitude towards Germany and Austria is rendered infinitely more complicated by the fact that King Victor Emmanuel, it is said, has \$25,000,000 invested in the Krupp armament works. If Italy declares war on Germany the King's investment will be seized by the German authorities and the House of Savoy impoverished.

LIBERAL CANDIDATE RETURNS FROM TRIP TO THE ISLANDS

WITH GOOD RECEPTION FROM RANCHERS AND WILL GET GOOD SUPPORT—SEES FIRST-HAND WRONGDOING OF GOVERNMENT.

T. D. Pattullo, the Liberal candidate in the forthcoming Provincial elections, returned yesterday from the Queen Charlotte Islands, where he has been doing a campaign.

Pattullo met with a splendid reception from the people of the Islands and thoroughly enjoyed his trip. Seen by a representative of The News, he said: "I enjoyed every minute of my trip to the Queen Charlotte Islands, and I realize the possibilities existing there more than from any other point of view. I say that the present campaign is no longer merely a political fight; it is a moral crusade against the most iniquitous system of corruption that has ever cursed the Dominion. Wherever I have gone in the Islands, I have found settlers who have reached a point where they hardly dare call their own, and are dominated and intimidated by road agents and other members of the criminal machine. Hundreds have been driven from the Queen Charlotte Islands, and the government has had no policy or plan to assist development of the Islands in any way. Large revenues obtained from the automobile roads in the Islands, and such money as has been spent on the Islands has been only given as a sop to keep the people quiet. What are supposed to be roads are no roads at all. It is a criminal waste. On the boat in which I came to the Islands and taking with me some chickens, cattle and sheep, and he told me that the reason he was leaving the Islands was that it seemed that the government did not want any settlers. Hundreds have left the Islands during the past few months. The Islands possess really splendid resources, and all it requires is a well conceived plan of assistance by the government, and honesty of purpose in carrying it out. In addition to their other material resources, the Islands possess magnificent beaches that will be an extremely valuable asset for pleasure purposes in the fullness of time."

Mr. Pattullo will poll a good vote in these outlying districts.

THE GOLDEN CALF

George Nickerson is very angry because this paper reproduced his letter exactly as it was in The Journal. He says we should have included an extra clause which he intended to have inserted. In other words, Mr. Nickerson wants us not only to argue with him but to educate him and to furnish him with the intelligence which he so much requires. Mr. Nickerson ought to go to school for a while and after he has learned to express himself clearly on paper and to know a little about what he is talking about perhaps we shall again condescend to argue with him. MASSETT SETTLERS PROTEST TO MINISTER

(Special to The Daily News.)
To the Honorable the Minister of Public Works, Victoria, B. C.: Sir,—On January 23, 1915, a meeting of settlers of Massett Inlet was held at Nadu River to protest against the unsatisfactory way in which the money for public works has been expended. In the spring of 1914 Mr. William Manson, M. P. P., promised us that no money would be expended on townsites. This promise was not kept. A considerable amount was spent on two townsites, although many settlers could not get a dollar to spend on a road or trail. It would appear that it is the opinion of the road overseers that during hard times real estate boosters are to be benefited at the expense of the settler. Outsiders and undesirables have been employed on road work while at the same time pre-emptors with families to support have been turned down. Inexperienced road overseers are appointed whose only recommendation to their position seems to be their activity in local politics. Whereas, many of the pre-emptors are bachelors and realize that the married man needs more assistance in the way of government work, they wish to point out that the bachelors are totally unable to live on fresh air alone. Our local superintendents of expenditure are in favor of a road from Massett to Port Clements, parallel with Massett Inlet all the way, a distance of about thirty miles. This proposition seems to be continued on Page Four.)

AMERICAN MONEY READY FOR CANADA

(Special to The Daily News.)
Seattle, April 2.—A feature of the recent assumption by the United States of the responsibilities of a world banker is the absorption of \$70,000,000 in Canadian securities by American bankers during the first two months of this year. The showing is extraordinary, not because this country should have the money, but because we have heretofore required much of our own capital as we could borrow in financing our tremendous growth. The lessening of our national impetus through war's confusion of trade has released large sums of money from local investment. In addition we have become the beneficiaries of an international balance of trade estimated to amount to \$1,000,000,000 annually. New York has just taken a million dollars' worth of the bonds of our neighbor, Victoria, B. C.; Switzerland has had her financial needs satisfied here; Italy has been helped; France and other of the warring nations have borrowed huge sums of money and deposited the cash in our banks for the payment of war supplies bought of American manufacturers. Premier Borden, of Canada, estimates that during 1915 the Dominion will need to borrow \$100,000,000 of American money, and there is no question that it will be forthcoming when needed. Canada is one of the three best international customers of the United States, the other two being (Continued on Page 4)

DRUG CLERK IN STORE OF MEMBER OF PARLIAMENT MAKES RAKEOFF OF \$9,000 ON ONE ORDER—THESE SAME GRAFTERS ARE NOW CLAMORING FOR A DOMINION ELECTION.

The Ottawa Citizen, one of the leading Eastern Conservative organs, is strongly attacking the grafters in the Borden government who made huge profits out of the supplies secured for the Canadian soldiers. The following is from a recent editorial: "There is a maggot eating at the heart of Canadian national life. Young men, young soldiers, are voluntarily giving their all, their lives, in defence of British freedom, British honor and Brit-

DID THE NEWS DO IT?

It is always a pleasure to be able to show an opponent that it was not ill-will but the public welfare that prompted a criticism through these columns. It is, therefore, very fitting that it should be possible today to give a little boost to the Canadian Fish and Gold Storage Company. Word has just been received that on yesterday this company announced that they had reduced the price of ice from \$5 to \$3 per ton without waiting to get any concession from the city. Perhaps after all the Cold Storage Company need not be blamed for trying to get power for themselves dealing with such an easy mark as George Nickerson. This company or any other local industry can always look for a boost from the Daily News when they show a public spirited attitude and it is to be hoped that very soon they will see their way clear to meet Coast prices on bait and storage. When they have done that this paper will advocate that they be given the 1 cent per k.w. hour rate for power. H. F. M.

EDITORIALS

In today's issue will be seen an attack of the Ottawa Citizen, a leading Conservative paper, on the grafting carried on under the Borden government in connection with military supplies for the war. But the wasteful expenditure of public money was carried on long before the war was thought of. The following figures showing the expenditures under the Laurier and Borden governments are interesting in this connection:

Laurier.	
1908-09	\$62,358,000
1909-10	75,409,000
1910-11	89,835,000
Borden	
1911-12	\$105,847,000
1912-13	135,002,000
1913-14	127,478,000

In connection with this it must be remembered that development in this country was at its acme in 1911 so that the expenditures instead of increasing since that date should have decreased. The Borden government will have to explain what it did with the money.

As a matter of fact, the people know what has happened to the money. We in Prince Rupert know where a hundred thousand odd went; and that is in purchasing government sites in this city at double their values and then wasting huge sums on excavations. What has happened in Prince Rupert has happened all over the country and it is no wonder that the expense of running the country has increased 50 per cent under the Borden government. Now they try to pay this off by a so-called war tax, but not one cent of this "war tax" goes to pay for the war. Every time you put a war stamp on your letter—and you will be doing it in a very few days—you will be contributing to the cost of yonder postoffice site where the government sunk a hundred thousand dollars of your money.

But it wasn't sufficient to put on a "war tax" to pay for the reckless expenditure of the Borden government. They had to go ahead and compel the people of the Mother Country to contribute their share. At the time when the British taxpayer is either paying for the cost of a universal war or down to his middle in the mud of the trenches fighting for the very existence of the Empire the government of Canada comes along and says: "You must contribute toward the deficit of

our government. In the last four years we were extravagant in our expenditures and now we must get the money somewhere so we have decided to make you pay your share." In other words, as Sir Wilfrid skillfully put it: "When the product of the British manufacturer escapes the German submarines the government of Canada is waiting with another torpedo unless they contribute an extra fee to the Canadian government." And this at a time when Britain is fighting for the existence of the Empire. This flag-waving Borden government has not a spark of patriotism left or they would not increase the British preference at this crisis in the history of the Empire. Shame on Sir Robert Borden and his government. H. F. M.

In every direction in which enquiry is turned, as far as an enquiry has gone as yet at Ottawa the same condition has been revealed in connection with the buying of war supplies. Always between the government and the firm that could supply the goods the government needed, there seems to have wedged in the speculator, who, perhaps with no previous knowledge whatever of the materials he was dealing in, just bought and sold and skimmed off the deal a few thousand dollars for himself.

How far and wide these operations have been carried remains to be shown, and the whole country will insist upon knowing. Only the fringe of the purchasing, which in all runs away up into the millions, has been scrutinized so far. But so far not a corner has been peeped into without revealing the patronage merchant right there, taking large tolls on the public money as it was paid out.

The same is a disgrace to the country. We feel sure that the revelations will surprise and disgust the Prime Minister. They will have much the same effect on Hon. W. T. White, Hon. George E. Foster, and Conservatives as well as Liberals the whole Dominion over. The amazing part of it is that men should have the effrontery to attempt these daylight robberies and expect to get away with the goods, knowing that the Auditor General was on duty and that Parliament would meet and its committees get to work. Did they imagine that there would

be no reckoning? Did they think the Germans were going to capture the country and burn the records? Did they look to the party truce for shelter, or did they expect a general election to raise a dust in which they could slip away?

SO-CALLED WAR TAX AND HOW IT OPERATES

(Official From Ottawa.)
Re one cent war tax on letters and post cards mailed in Canada for delivery in Canada, United States or Mexico, and on letters mailed in Canada for delivery in the United Kingdom and British possessions generally and wherever the two cent rate applies:

A war tax of one cent has been imposed on each letter and post card mailed in Canada for delivery in Canada, the United States or Mexico, and on each letter mailed in Canada for delivery in the United Kingdom and British possessions generally, and wherever the two cent rate applies, to become effective on and from April 15, 1915.

This war tax is to be prepaid by the senders by means of a war stamp for sale by postmasters and other postage stamp vendors.

Wherever possible, stamps on which the words "War Tax" have been printed should be used for prepayment of the war tax, but should ordinary postage stamps be accepted for this purpose, they will be accepted.

This war stamp or additional stamp for war purposes should be affixed to the upper right hand portion of the address side of the envelope or post card, close to the regular postage so that it may be readily cancelled at the same time as the postage.
In the event of failure on the part of the sender through oversight or neglect to prepay the war tax on each letter or postcard above specified, such a letter or postcard will be sent immediately to the nearest Branch Dead Letter Office.

It is essential that postage on all classes of mail matter should be prepaid by means of ordinary

MANUFACTURE ALCOHOL INSTEAD OF LIQUORS

Regina, Sask., April 6.—In view of the decision of the Saskatchewan government to abolish the spirituous liquor trade the agricultural and manufacturing committees thought that the distilleries of the country could easily be used for this purpose to great advantage. The committees were of the opinion that commercial alcohol could be sold at 20 cents a gallon after a good profit had resulted to the manufacturer. As denatured alcohol is manufactured from beets and potatoes, the farmer engaged in raising these vegetables would be assured of a return of over \$50 per acre. Denatured alcohol is now being used in the United States and Germany very largely as a substitute for gasoline. In the former country the retail price ranges from 18 cents to 20 cents per gallon, and in the latter 16 cents to 24 cents per gallon, according to figures secured. The Regina Board of Trade is of the opinion that the manufacturing of commercial alcohol would overcome the unemployment resulting from the closing of the hotel bars.

CONSERVATIVE M. P. AND THE DOMINION ELECTION

Mr. A. E. Ames, M. P., made a striking address in Toronto a few days ago on party strife and the present crisis. In view of the Conservative party desiring an early election, this is very interesting reading, especially as Mr. Ames is a leading Conservative.

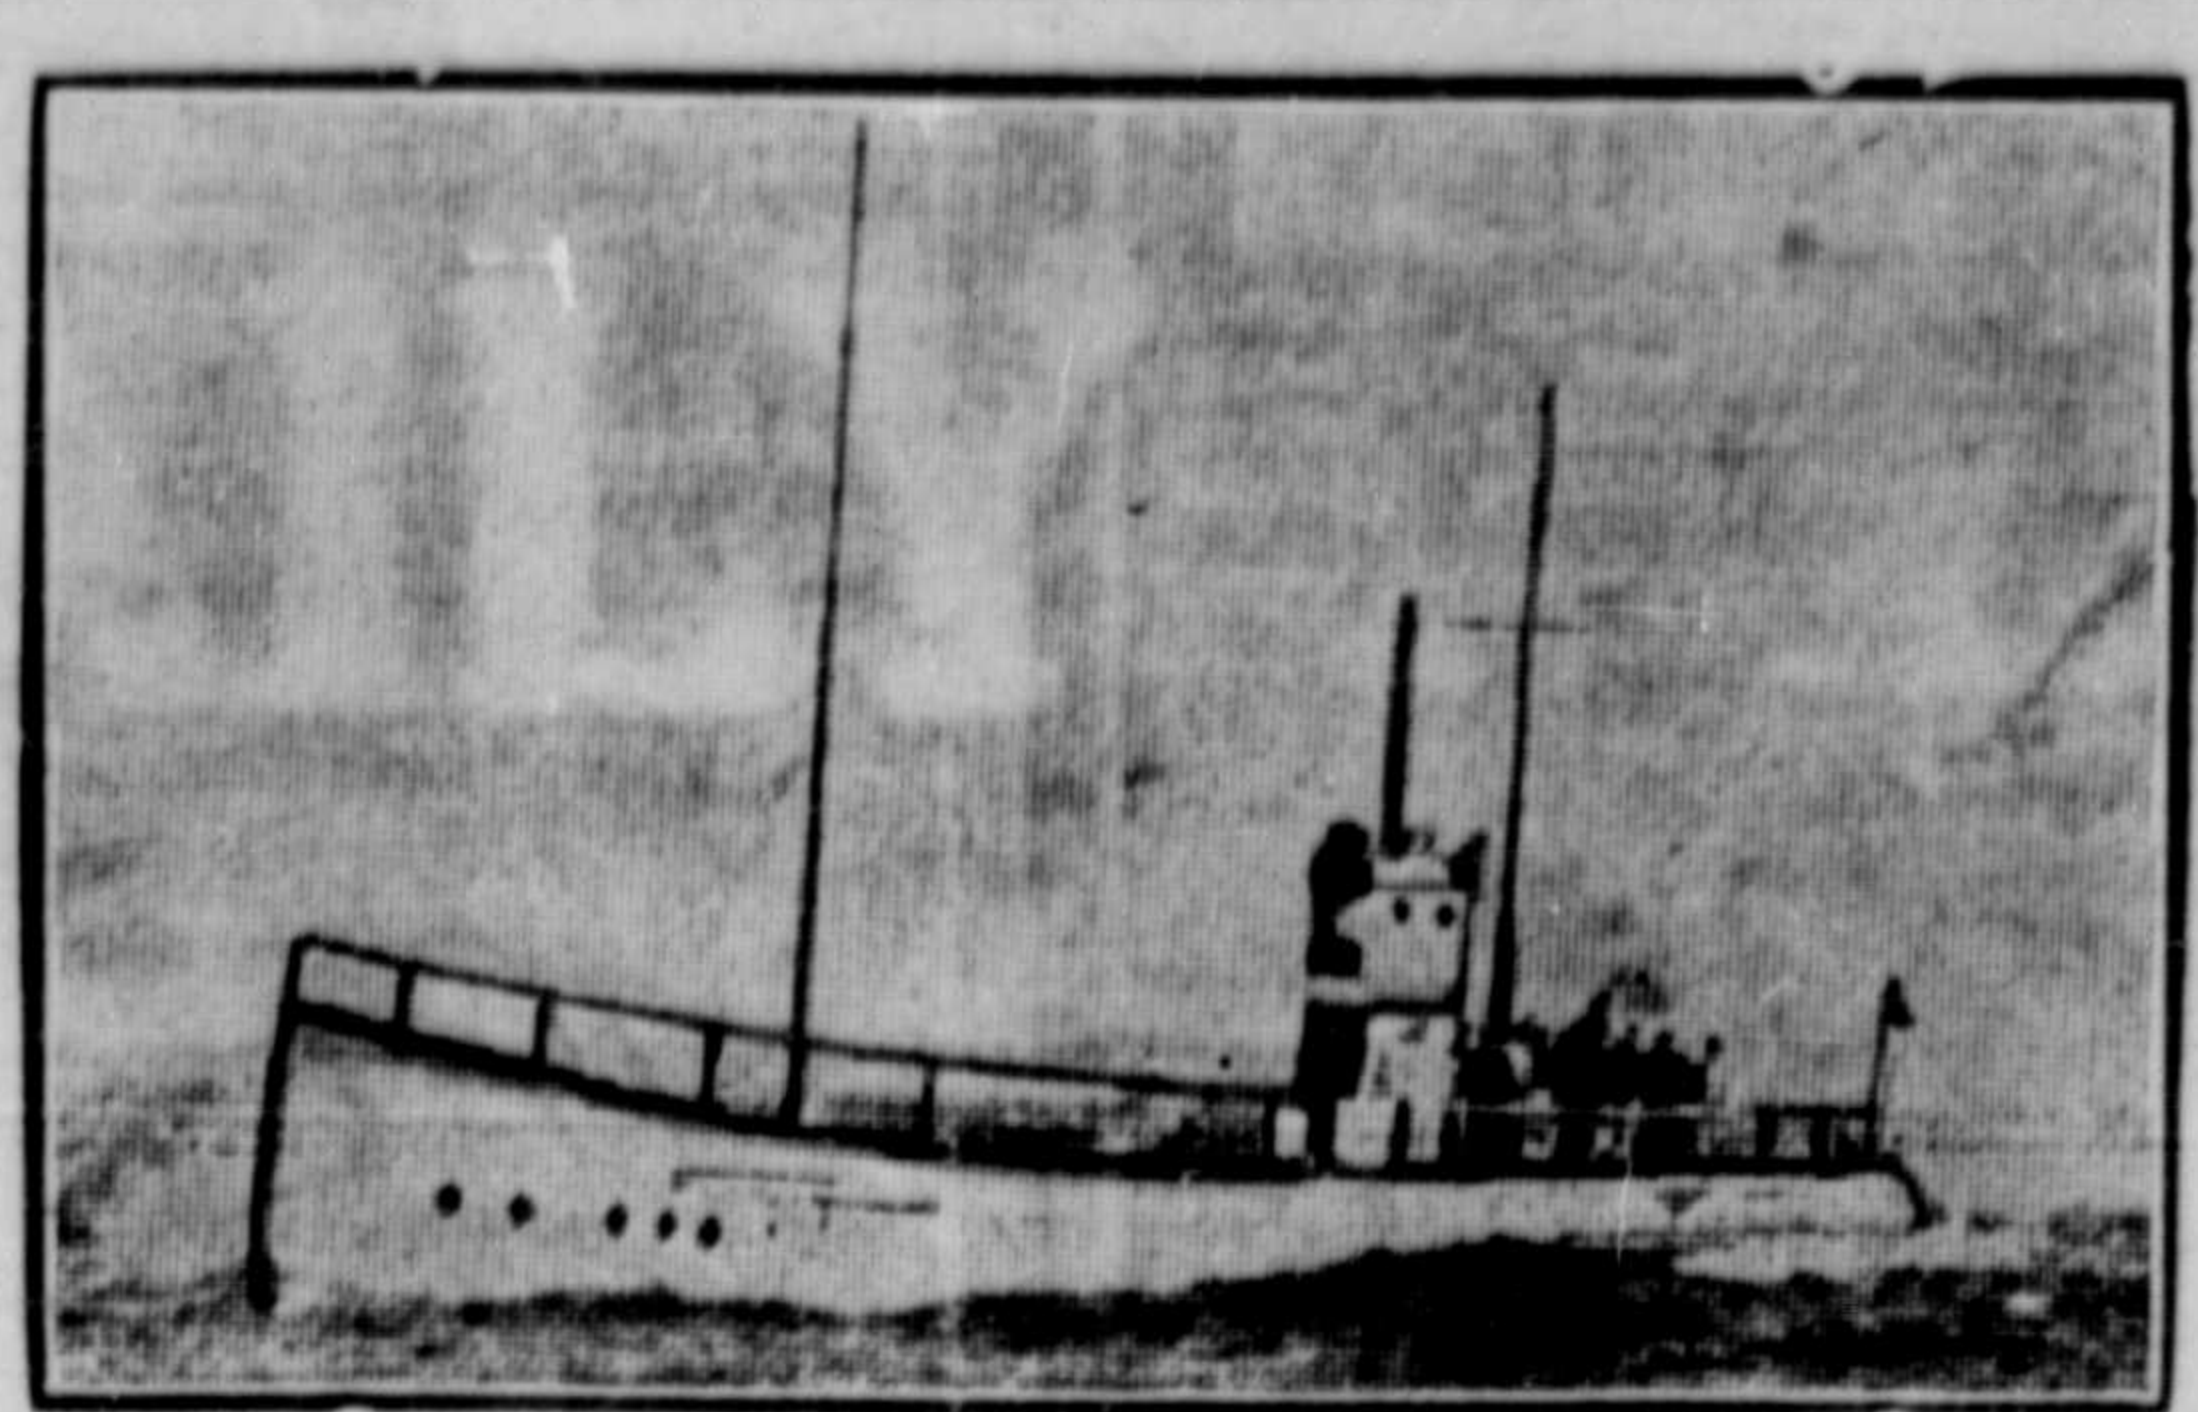

"But," he continued, "we are now deep in a struggle for existence such as has only been dreamed of, like a dreadful nightmare needing only the light of day to dispel its terrors. Thank God that in this crucial Great Britain has, in the supreme conduct of her affairs, seven men the like of whom were, perhaps, never grouped hitherto.

Canadian Party Strife. Mention has been made of the splendid spirit of unanimity and determination at the back of the men in supreme charge in Great Britain of the conduct of the war and of affairs arising out of the war situation. In this respect every good citizen of Canada must be very jealous lest certain present aspects of political life in this country point to the development of a mischievous and misplaced party strife.

The people of Canada will be careful not to apportion blame upon members of the government and of the opposition, but it is plain that if the government fully realize their responsibilities and if the leaders of the opposition fully realize theirs, and both are conciliatory and willing to consult and sincere, and sink the wish to secure party advantage, for the benefit of the country, Canada will emerge from this situation with the respect of Great Britain and of outside nations, and what is still more important, with her own self respect.

"If our political leaders cannot accomplish this result there is only one reason for it—that they are not big enough for this crisis. It may be that our Canadian experience is not yet broad and deep enough to have developed men of such gauge as the long experience and heavy responsibilities of Great Britain have produced. It should be clearly recognized, however, that, as a country, we are now placing our own label on our back in the sight of all the world. Our soldiers are doing their share, going from every class of home throughout the country, but it is sickening that we still have to see in the public press unfounded charges and counter charges of disloyalty foisted upon us by every known caustical device. Surely loyalty of all Canadians can be taken for granted, and what we need now is common sense and a clear vision of the necessity for an united front.

Credit to Our History. "I know of nothing more creditable in our history than the steadiness of the Canadian people during the first two weeks of the war. That steadiness is being well maintained, but it may not be out of place to say that if the full fruit of what has been done is to be secured, the same high sense of co-operation must hold, and neither individuals nor individual institutions must seek to take surreptitious advantage of the general understanding."

THE FAMOUS U-29, SUNK BY THE BRITISH.

This submarine of the U class is thought to have displaced about 800 tons, was driven with heavy oil. It had four torpedo tubes and two 14-pounder disappearing guns and two 1-pound high-angle guns. The Admiralty announced that evidence was to hand which pointed to the destruction of this unterseeboot.

OTTO WEDDIGEN, Commander of the U-29, which is understood to have been sunk.

He was Germany's most daring under-water navigator. It was he who while in command of the U-9 sank the British warships Hogue, Aboukir and Cressy. For this he was decorated by the Emperor. It was generally understood that he also sank the Hawke. Lately in the U-29 he has been cruising off the Scilly Isles, where he sank four British steamers and a French one. He was courteous and considerate, giving warning in most cases to the crews of the vessels he destroyed.

COMMANDER OF BLUCHER DESCENDANT OF SCOTS

Edinburgh.—When the Parliamentary Committee on Internment Camps visited Donington Hall, Leicestershire, the country house which has been converted at a cost of 13,000 pounds into a happy home for German officer-prisoners, they asked for the senior German officer. To their surprise they found that his name was John Ross. He was commander of the Blucher and is a German. The singularly British name is explained by the fact that his grandfather was a Scot.

WATER NOTICE.

Use and Storage.

TAKE NOTICE that The Port Essington Water Company, Ltd., whose address is 517 Granville St., Vancouver, B. C., will apply for a license to take and use one and one-half cubic feet per second and to store 400 acre-feet of water out of Cunningham Lake. The storage-dam will be located at the outlet of Cunningham Lake. The capacity of the reservoir to be created is about 400 acre-feet and it will flood 2.33 acres. The water will be diverted from the stream at a point about 5 chains below the said outlet and will be used for Waterworks purpose upon the land described as part of Lot 45, Range 5, Coast District, being the townsite of Port Essington. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application or to the petition mentioned below may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The territory within which the company desires to exercise its powers is described as the townsite of Port Essington. A petition to amend the Certificate granted to the company in respect of its former right so as to include the right applied for herein will be heard in the office of the Board of Investigation at a date to be fixed by the Comptroller. The date of the First Publication of this Notice is March 23, 1915. "PORT ESSINGTON WATER CO., LTD.," Applicant. "Wilson & Wheeler," Agent. 69-75-81-87

Make Monday Ironing Day

LET Sunlight Soap do your washing Monday morning and you can do the light ironing Monday afternoon. The rub, rub, rub at the board has no place in the Sunlight way—so with the hardest part of washing cut out you'll feel like making it a good day's work by doing at least part of the ironing.

A NEWSPAPER for Prince Rupert and Northern B. C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

CONSERVATIVE PAPER ATTACKS GRAFTERS IN BORDEN GOVERNMENT

(Continued From Page One.) ish tradition, the loyal orders, the Sons of England and the Sons of Honor in Canada?

Secoundrelly Patronage System. "Here it has been demonstrated and confessed before a committee of members of Parliament that a junior clerk in the Carleton Drug Company—of which William F. Garland, M. P. for Carleton, is principal owner—has made a profit of \$9,000 on an order for \$40,000 worth of field dressings and other necessities intended for brave men at the firing line.

"It is pretended that the junior clerk of the Carleton Drug Company is allowed to appropriate this patronage-begotten \$9,000 of public money without hint or interference regarding its disposal by his political masters.

"The Red Cross fund is having to appeal for more help, and many good people are giving of their scant earnings to do what little they can for the tender nursing of the Empire's poor, broken men. For the sum of \$9,000 eighteen trained nurses could have been sent from Canada and maintained at the saving line for a whole year—perhaps till the end of the war—to wash the wounds and soothe the pain-racked bodies of Canada's injured soldiers.

Swirl and Swill of Election. "Within a few weeks the political packs will have scattered across the country, and if the ringleaders have their way Canada will be plunged into the swirl and swill of a general election.

head of the Carleton Drug Company and the sophist members of the committee investigating the profits over the bodies of wounded soldiers will be expanding themselves upon political platforms and appealing for the support of the loyal orders and believers in British tradition and honor! They will vow themselves to be the saviors of the Empire.

AMERICAN MONEY READY FOR CANADA

(Continued From Page One.) England and Germany. Our financial interests recognize the obligations due to a good customer, and every effort will be made to meet the Dominion's demands.

So far have we progressed in realizing an easy financial situation that the arbitrary minimum stock prices on the New York Stock Exchange will be abolished, and America will absorb, from now on, whatever American securities may be offered by foreign investors.

ABOUT THAT \$500.

After the grandstand play that ex-Alderman Morrissey made the night he was disqualified about the city treasurer getting \$500 of the taxpayers' money, it is interesting to know a little more about the transaction. As a matter of fact, Alderman Morrissey was at the meeting of the Finance Committee when this was passed and there is no record on the minutes to show that he objected.

The Girls' Chapter of the I. O. D. E. will hold a dance on Friday, April 16, in St. Andrew's Hall. The funds raised will be used for patriotic purposes.

RY WAS VERY DRY.

A letter written to Mr. E. V. Ling by H. Shrubbsall, who was a member of the first contingent to leave Prince Rupert, has an item of local interest.

"Coming back we came to an ideal country inn named 'Plough Inn.' It was very hot and lousy and 'Old Cy' was as red as a beet. He halted us outside and went prospecting around and came back after while with a grin of satisfaction on his face.

THE ELECTION.

Ex-Alderman Thos. McClymont and ex-Mayor Newton were both nominated today as candidates for the mayoralty. To fill the vacancy of one of the aldermanic board, ex-Alderman Dybhavn, ex-Alderman Morrissey, and Mr. Casey were nominated. The election is on Friday.

MASSETT SETTLERS PROTEST TO MINISTER

(Continued From Page One.) have originated with the real estate men of the different townships. This road was not asked for and is not required by the settlers.

We believe that the right way to secure the best results for the money expended, is to have the question of road building removed from local politics and that road overseers be appointed irrespective of political affiliations.

If it is impossible for the government to do anything else, we beg to recommend that a commission be appointed to investigate conditions on Graham Island, as there are many political heelers out of a job.

The following signatures are those of resident settlers: (This was followed by a list of signatures of eighty settlers from the district at Massett and which are on exhibition at this office.—Ed.)

KETCHIKAN MAY GO.

Mr. Wright, commissioner of the Board of Trade, has just received a reply from Ketchikan with regard to the proposed trip to the Fair in which they commend the progressiveness of their southern neighbor. They ask that full particulars be sent to other Alaska coast towns. It is possible that there will be quite a few from that quarter.

SMITHERS NEWS

J. McKenna, of Burns Lake, was a visitor to Smithers last week.

F. M. Dockrill, of Telkwa, was a visitor to Smithers the latter part of last week.

Charles Barrett, of the Diamond D ranch at Barrett, has been spending a few days in town on business, not as a Socialist candidate, as some people think.

R. S. Sargent, of Hazelton, was a visitor to Smithers last week. Mr. and Mrs. Hertel, late of Prince George, have taken up their residence in Smithers.

Mrs. Joe Greer's new residence is nearly completed. Mrs. Greer expects to be installed therein about April 15.

The many friends of Mrs. J. A. Gray will be pleased to hear that she is improving. Dr. Wallace is in attendance.

Mr. and Mrs. J. N. Carr drove to the ranch Sunday, where they will spend a few days.

Last Sunday a number of Smithersites availed themselves of the fine weather and excellence of the roads to take a "hike" to the Smithers Walking Club which changed the day of walking to Saturday. Mesdames Turner and Swarthout are hostesses.

J. D. MacDougall, editor of the Endako Star, who was a delegate to the Conservative convention here, returned on Saturday.

Miss Fletcher, who is leaving for Prince Rupert (for better or for worse) will be greatly missed by her many friends here, but what is our loss will be a "Venetian" gain for someone.

Last Sunday a party of ladies and gentlemen took an auto ride down Main Street to the station and back to the garage. This is the first time an auto has traversed Main Street on terra firma. Our streets are improving.

It is suggested that Frank Dockrill, who kept his hands in his pockets all through his speech, compromise with Henry. Then they would make convincing speakers.—The Smithers Sentinel.

MORE FISH MARKETS.

Mr. Wright, commissioner of the Board of Trade, has just received a letter from a British Columbia merchant now in Montreal expressing surprise at the information he had just received about Prince Rupert being the centre of such a big fishing industry and asking for full particulars about the same. He said that a movement was on foot by the Furrows-Witby S.S. Company to put a weekly 8.5. store boat on the run from Montreal to Hull, England, and thought that some business might be done with Prince Rupert.
