SIX VACANCIES IN THE SENATE

Many Names are Mentioned as Probable Selections to Upper House.

TORONTO, August 30.—With the death of Senator J. M. Douglas at Tantalus, Sask., there are six senatorial vacancies to fill—two in Ontario and one each in British Columbia, Alberta, Saskatchewan and Nova Scotia, says the Toronto Globe. The Ontario senators are expected to be selected from among three men: Hon. J. D. Reid, ministers of railways and canals; W. R. Smyth, ex-member for East Algoma, and Hon. T. W. Crothers, ex-minister of labor. The British Columbia senatorship will be filled—it is anticipated—by either the Hon. R. F. Green, M.P., and ex-member of the McBride administration, or C. W. Peck, V.C., M.P. Alberta's vacancy may be filled by either "Jimmy" Douglas, member for Strathcona, or W. A. Buchanan, M.P., who still remains a member of the Government party, though he took an independent stand on the Budget. In Saskatchewan, where a vacancy has just been created by the death of Senator Douglas, no name stands out prominently, although the applicants are reported to be "too numerous to mention." Out of Nova Scotia the Senate will get, according to loud rumors, either Hector McInnes, K.C., ex-M.P.P., or John Stanfield, ex-member for Colchester.

THIRD OFFENDERS GO TO JAIL

(Continued From Page One.)

"but they were to get all those handling liquor in this city. I was not directed to the Royal Hotel and I did not know they were carrying liquor until I bought a bottle from 'Dad' in the basement a couple of days before this. I couldn't get liquor at the Savoy when I tried, neither could I get it at the Prince Rupert. At Black's Hotel I was told that they didn't do business with two men. I didn't go back to those places when I had been refused once. I was just getting acquainted for a while and did not do any actual work. To get my evidence it was necessary for me to mix up and act foolishly at times. I might say that I was told just yesterday a friend of mine was offered several hundred dollars to swear that I offered to give him whiskey. I had to get a line up on the liquor, find where it was, and who was selling it." "Do you mean to tell me," asked Mr. Patmore, "that your visits down the line were for that purpose?" "I do." "Oh, tell it to Sweeney." "I would if he were here," reiterated the detective, "and he is a good Irishman, too." Before adjournment was made by Magistrate McMordie until tomorrow morning Detective Money, Sergeant Adams and the accused himself were heard. McKay has been released on \$1,000 bail.

CLAIMS HE CAN CHANGE SEX OF BARNYARD FOWL

PARIS, Aug. 30.—Although he has not succeeded thus far in obtaining eggs from roosters, Prof. Pezard, who is taking part in the congress of psychologists at the Sorbonne, says that after fifteen years of experiments with fowls he has obtained miraculous results, which prove that it is not impossible to change at will the sex of the barnyard fowl.

Prof. Pezard's revelations soon will be presented before the French Academy of Sciences. Meanwhile he refuses to divulge details of his experiments and has warned his conferees against fantastic hypotheses, as there is nothing available yet to prove that the inversion of the human sex is logical.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

FIRST CONCERT THIS SEASON

Musical Society opens with the Greatest Artists in Western America for First Programme

Mrs. Fahey, the finest operatic soprano in the whole of Western America, is to be the star at the opening concert of the Prince Rupert Musical Society on Tuesday, September 14, in the Westholme Theatre. The society has been able to arrange for a visit from this talented lady before she leaves on an extended tour of the eastern cities. Mrs. Fahey, whose home is in Victoria, is already well known to many of the Prince Rupert citizens and these are delighted at the prospect of hearing her again here.

That a concert or series of concerts such as this will be appreciated by the citizens of Prince Rupert is already proven by the large number of patrons who are backing the Musical Society financially in its efforts in placing the very best artists in the musical world before a Prince Rupert audience. Distant as this place is from the nearest city, it is not on every occasion that a visit from the best singers can be arranged, on account of the time spent travelling. Nevertheless, the Musical Society has in mind the bringing to this city from time to time some of the best musicians on the continent.

When Mrs. Fahey appears in the south, she always commands high prices and a crowded audience and a singer of her standing will be none the less appreciated here.

INTEREST TAKEN IN ALICE ARM MINES

Work Starting on Several Properties—Esperanza Reported to be Bonded.

ALICE ARM, August 30.—The same interests that bonded the Moose group have been investigating the Esperanza group close to town here. This is a high-grade native and ruby silver and argentine prospect and some rich stuff has been taken out. A quantity of the ore is now lying on the side of the railway awaiting shipment to the smelter at Tacoma.

Work is starting on the Silver-rip extension owned by Wolverton, Hammond and Brugky. Practically nothing has yet been done on this property yet, but the surface showings are said to be very similar to the Dolly Varden and are very extensive.

"As the representative of the Tsimpsian Power Company, I may say that the company realizes that the City Council is not ready to approach the lighting and power question and as our company have no special object in forcing the proposition at the present time we will withdraw the offer," was the comment of B. Brutinel, who offered to bring relief to the city in the matter of light and power supply.

WILL TAKE PICTURES IN RUPERT

Publicity Department of Govern-
ment Will Send Camera Man
Here for Exhibition.

That there will be a motion picture outfit in the city during the fair days is now assured in a letter received by the secretary on Saturday afternoon from A. R. Baker, director of the British Columbia Patriotic and Educational Picture Service at Vancouver. The pictures thus taken will be used in government publicity work and will be circulated as advertising matter. These pictures will probably be exhibited in Prince Rupert giving many people an opportunity of seeing themselves for the first time on the screen if they get in range of the camera man.

The fair directorate expresses a good deal of satisfaction with being able to have a "movie" man here. The Fox Film Corporation was also communicated with in this connection, but it is not yet known whether they will have a representative here.

THRILLING CRASH IN AIR CLIMAX OF HOUDINI PICTURE

Handcuff King Presents an Array
of Sensational Feats in
"The Grim Game."

One of the most amazing air accidents in the history of aviation forms the sensational climax of a new Paramount-Artcraft picture, "The Grim Game," starring Houdini, the most famous handcuff king, which is on at the Westholme Theatre tonight.

According to the story, Houdini in an airplane is pursuing a murderer, who is trying to escape in another machine. At a height of 3,000 feet Houdini is supposed to glide above the other machine, let himself down into the cockpit beside the murdered by means of a rope, and throttle him.

All went well with the stunt, the two machines circling one above the other and a third, containing Director Willat and the photographer, about a hundred yards away, until Houdini was just about to lose his hold on the rope. Then suddenly a gust of wind lifted the lower plane into the upper one, and their propeller locked. They dropped like rockets, revolving nose on nose, with Houdini still dangling on the rope and the two aviators making frantic efforts to control their machines. Death seemed certain. But a few hundred feet from the ground, with both propellers gone, one of the airmen by a miracle, succeeded in falling into a glide, and, though the other crashed nose-on into a field, the only injuries sustained were slight bruises.

CHALLENGE ISSUED

The Butchers' baseball team have challenged the winners of the Intermediate League, the Colts, to a city championship match. An afternoon game will be arranged as soon as possible and the cleaver wielders are confident that they can turn the trick. At least one member of the team feels sure that last night's champions cannot have all the luck in every game. Playing counts to a great degree and the Butchers are out to make the Colts do a little fast stepping.

Several post-mortems were held over the week-end in regard to what happened to the Red Sox on Friday evening. They played a good game apparently, but fell down at the critical moments. It is a chronic disease—at least its effects were such on Friday evening. Failure to make use of the openings provided brought about the disaster upon Harry Weber's crew.

Much interest will now be taken on the Butchers' challenge to the Colts. This fast stepping team to the Commercial league did not allow any moss to grow on them and were right on the job the morning after the deciding game.

A thankfulness has spread to a few homes that the Intermediate baseball league series is now at an end. There were three Shermans playing on different teams, two Mitchells and two Astorias. Naturally the family rivalry was keen.

Harry Butler, the clever pitcher for the Colts, got two nice trick put-outs Friday evening. In the last of the sixth he caught Herb Charleton at first base when the latter was away from his sack and listening to his team-mates inquiring as to the condition of his foot. In the sixth he caught Louis Astoria at first base when the latter was tricked into running back from second.

Something was wrong with the Red Sox coach on third Friday evening when no one came home on the long fly knocked out in the field by Rossiter. Not only should Sid Jones have been ready to run as soon as the ball was caught, but also had a splendid chance to almost walk in, for Ralph Smith who had fielded the ball thought there were three down and carelessly threw the ball down on the ground after the catch.

Rossiter pitched a high class

game for the Red Sox Friday evening. It was only on an odd occasion that the ball slipped in while serving from his large assortment of strikes. He kept the pace up to the very end and allowed very few hits. Bob Frizzell was catching in excellent form and such a battery with any support at all should have cleaned up the game in no time.

They marched in a yelling crowd—that is the Colts team and their supporters—to the E. E. Confectionery on Third Avenue after the game Friday evening. Mr. Emad quickly took in the situation as the thirty young people stormed his ice cream parlor. He realized that something great had happened and that a celebration was in full progress. With his usual genial disposition he handed over his store to the revellers and retired to the back for a smoke. Waiters were appointed and two fair maidens went behind the counter to make up dishes. Victory specials were in order and the three stacker ice creams loaded with fruits, nuts and biscuits were handed round to all.

At the departure there were cries for Mr. Emad, who has shown his generosity so many times in the past. The yells were "What's the matter with Mr. Emad?" "He's all right." "Who's all right?" "Mr. Emad." Here the party finally broke up and a number returned home to get dressed for the ball at the rink.

PREMIER ON DOLLY VARDEN LEGISLATION

(Continued from Page Four).

driven out of public life by Elliott under false charges, but the courts declared the charges false and malicious and he was still in office and would see that the laboring men and others connected with it were not oppressed.

The premier said he had not been afraid of disallowance of the measure at Ottawa, because if Ottawa disallowed their act the railway would have reverted to the province.

Not Completed.

Up to the present time the Taylor Co. has no certificate to operate the line and were under no legal obligation to carry goods as the line was still under construction. They had no right to charge tolls. While the company had no better friend than he, it was his duty to see that they were doing as quickly as possible. They would have to submit a schedule of tariff charges, which the government would approve.

The premier said the company had been working at a disadvantage and they must be reasonable over the matter. Even corporations had rights and he urged that they all work together in harmony.

The premier dealt with a great many public questions in his address and at the close heard representations in regard to local matters.

F. H. Kitto, of the Dominion Department of Agriculture, was an arrival in the city from the north on the Princess Alice on Saturday afternoon and continued his journey south by the Prince George last evening. Mr. Kitto is on his return to Ottawa after an absence of some months, during which time he has made the descent of the Mackenzie river from Edmonton, coming overland to Dawson and out by way of the Upper Yukon and the White Pass Route.

COLTS AGAIN BEAT BEAVERS

Red Sox and Colts Should Provide Interesting Game in Labor Day Play-off.

In yesterday afternoon's intermediate league elimination baseball game, the Colts were victorious over the Beavers by a 7-8 score in a closely and keenly contested game. The Intermediate League seems to be in better form now than they were during the main schedule of the league and are now putting up a fine brand of ball. The outcome of last night's encounter means that the Colts will meet the Red Sox on Labor Day in the play-off and these keen competitors of the whole season will again be seen in action. Much interest is already centred around this game for the Red Sox maintain they will come back in spite of the fact that they lost the trophy for the league championship.

The batteries yesterday were Green and Curtis for the Beavers and Butler and Hill for the Colts. Both hurlers were given a splendid opportunity to play ball and were in good form. Laporte was balls and strikes umpire, while Joe Abbott was on the base lines.
