**Vancouver Editor is Lieutenant Governor**

W. C. Nichol, of Vancouver Province, will represent Throne in B.C. Government; Appointment Saturday

OTTAWA, December 27.—Walter Cameron Nichol, owner and editor of the Vancouver Daily Province, has been appointed lieutenant-governor of British Columbia in succession to Colonel E. G. Prior who died recently.

Lieutenant-Governor-elect Nichol was born at Goderich, Ont., October 15, 1866, the son of Mr. and Mrs. Robert K. Addison Nichol. He was on the staff of the Hamilton Spectator in 1881 and later with the Toronto News and Saturday Night. He was editor of the Hamilton Herald from 1888 to 1896 and came to British Columbia in 1897. He became interested in gold mining for a time but returned to journalism as editor of the Province, then a Victoria weekly. He moved the paper to Vancouver and has been its editor since 1898, making it one of Canada's most reliable dailies.

In 1897 Mr. Nichol married Miss Julia Josephine March Moore, daughter of Dr. Charles Greenwood Moore, London, England. They have a son and daughter. Mrs. Nichol, who is at present in London, is an accomplished musician.

**NEW PRESIDENT REACTIONARY**

So Says Special New York Correspondent to Manchester Guardian

**OWES ELECTION TO ROOSEVELT'S OPPONENTS**

Warren Gamaliel Harding was born in Ohio in the last year of the Civil War, says the Manchester Guardian's New York correspondent. He was educated in Ohio and, except for six years spent in the Senate at Washington, has lived and worked in Ohio all his life. To a youth of the seventies and eighties of the last century living in Ohio the difference between a Republican and a Democrat was not the difference between two equally respectable political faiths. It was the difference between patriotism and sedition, between loyalty to America and open rebellion. This early impression has governed Mr. Harding's whole subsequent career. He has lived for and through the Republican party and any departure from strict orthodoxy he sincerely regards as a particularly odious form of disloyalty.

**Party Conviction**

This underlying religious conviction about his party has carried with it unquestioning acceptance of its economic dogma. Now the Republican party of Mr. Harding's boyhood was a coalition of frehold farmers, represented by Lincoln, and the expanding industrialists of the North Atlantic seaboard. These latter were men of unrestrained energy who believed fiercely that they should be protected by a high tariff against

**POLICE COURT**

Holiday Docket Was Light—a Few Liquor Cases.

There was nothing of much importance in the police court this morning and Magistrate McMurdie—considering it has been the holiday season—had an extremely light docket to deal with. Two cases of having liquor in possession were fined the usual fifty dollars and fifty cents, and one drunk had his bail of \$20 estimated for non-appearance in court.

A fine of \$10 was handed out to a too joyous reveler on Saturday, and a man of doubtful character was let go on suspended sentence, on a vagrancy charge, with instructions to leave town immediately and not stand upon the order of his going.

Many people in the city were shocked on Christmas Day in the midst of their rejoicing and festivities to hear a rumor that in one little home, back on Tenth Avenue, tragedy had entered into the lives of one of its families. At noon of that day discovery was made by the neighbors that in a somewhat isolated house, occupied by a Mr. and Mrs. Schofield, death had claimed the husband and Mrs. Schofield was in a precarious and almost dying condition. The particulars of the sad affair, as given by Warden Bader, who was immediately on the scene, upon the police being notified, follows.

**Relief for Hard Times.**  
 The world is having a hard winter and unemployment is rife, but it is fortunate that the most of the governments have been forehanded enough to already either have relief measures in operation or plans for them well in advance. It is at such times as these that panics occur but the authorities generally are working towards avoiding such a contingency and if the schemes being evolved do not prevent panic altogether they are going to help greatly. In British Columbia, as well as other countries, the months of January and February will be the worst ones, but since the last summer was a fairly busy one and all were employed, there is likely to be a good proportion of the population able to weather the hardships of the winter without assistance and among these should be the most of the single men. To the families, in many cases, assistance will have to be extended and these should have the first claim. Criticism of the measures of relief by the various governments will no doubt be made, but it is a fortunate fact that these governments have the problem well in hand now where in previous spells of hard times the "shoe had to pinch" before emergency measures were taken at all.

**United States and Preparedness.**  
 The United States is causing a good deal of concern to the League of Nations by her action in going ahead with ambitious plans for naval development and this concern is especially keen as she has not become a member of the League. While a clash between the great American nation and the other civilized nations of the world is considered a remote possibility, still these reported preparations can not be looked upon without a certain measure of distrust and suspicion, and will have anything but a good effect on the plans that are under way for the assurance of world peace. Indeed, without the United States participating in these peace plans it would seem that they would be almost in vain. It is these militaristic schemes that keep the nations in a state bordering on bankruptcy, to say nothing of jeopardizing peace, so it is to be hoped that the United States' naval plans confine themselves to the purpose of providing a bulwark for her shores and not for the purpose of building up a mighty power for war. Preparedness may be taken to extremes just as well as lack of it and it would be well that a happy medium be taken.

**Convention of Boards of Trade.**  
 In February there is to be a convention of Boards of Trade of British Columbia in Vancouver and it is the desire of Vancouver that every board in the province should be represented. There is no doubt that Prince Rupert should also be represented there and the fact that Vancouver is the convention city should not be taken by Prince Rupert as a reason that she should not be represented. After all this continued rivalry between Vancouver and this city should not be carried too far. It is likely that a little co-operation between the two cities would gain as much as a great deal of this rivalry and, at any rate, it cannot hurt much. At last year's convention Prince George had several delegates to the Board of Trade convention and it seems fitting that Prince Rupert should decide to have hers there too. There will be many matters of vital interest to the city taken up at the big meeting.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

**CLARENCE FLEWIN HAD AN ADVENTURE**

His Small Gas Boat went Ashore and he Stayed All Night on Dundas Island

A somewhat belated story comes from Port Simpson of an accident that might very well have been attended with tragic results. It happened to Clarence Flewin, the youngest of the Flewin brothers, long time residents of Port Simpson. It appears that last Sunday he essayed to accompany his brothers on a run over to Lewis Island for the day, going over in a little gas boat of his own. He made the outward trip alright and was for a time ahead of the other boat containing his brothers, the letter on the return, however, passing him, arriving home late and going to bed thinking the young man would make out all right.

The next morning it was discovered he was not home and anxiety for his safety was at a high pitch. He was fortunately discovered through the smoke from a fire on Dundas Island. The boat was ashore on the beach and the lad was alright though decidedly hungry. He had managed to get his rifle and dry matches to shore.

**Ten Years Ago in Prince Rupert**

December 27, 1910  
 Proof of the astonishing growth of the port of Prince Rupert is patent from shipping records and the customs duty collected for the past year. Sixteen hundred calls were made at this port and over a hundred thousand dollars collected in duty.

Mr. George Platt for some time clerk at the Premier Hotel where he was deservedly popular both with his fellow workers as well as the guests, was bade goodbye by a large number of friends upon his leaving yesterday for Mile 104 to take a position with Rankin & McDougall, contractors, as book-keeper and clerk.

The new business offices for Foley, Welch & Stewart are nearing completion and it is expected that the company will move into them by the first of the year.

The Salvation Army dinner on Christmas Day, the first function of the kind held in the city, was a pronounced success. Splendid co-operation was shown in the affair by some of the citizens of Rupert. Tonight the Christmas tree will be unveiled and a musical program carried out.

**ANGLICAN CHURCH HAD FINE SERVICE**

Choir Has Been Asked to Repeat Program Which Was Highly Successful.

The services at the Church of England on Christmas Day were of a very special character. The music was one of the chief features and the choir succeeded in giving decided pleasure to the congregations present.

After a shortened form of evening prayer, Sunday night's service was made up of anthems, solos and carols which were all splendidly rendered. The soloists were Miss A. Clothier, J. E. Devey and Will Edmunds, and the quartette made up of Mrs. Ackroyd, Mrs. Pattinton, J. E. Davey and W. H. Melliar. The organist, J. Austin, rendered splendid service and there is much credit due Mr. Melliar, the choir leader, for the success of the musical part of the services. The choir has been asked to repeat the program next Sunday evening.

**SEAL COVE SUNDAY SCHOOL CHRISTMAS**

The Christmas spirit thoroughly prevailed at Seal Cove last week at the annual gathering of the children of the Church of England Sunday school, when a bountifully laden Christmas tree was the centre of attraction. The proceedings were of the nature of a jolly Christmas party, the youngsters having a joyful time, each being presented with a toy by Santa Claus, through Canon Rix, who seemed as happy and delighted as any one of the children. The grown ups, especially Mrs. Blance, who did so much to make the affair a success, may well be pleased with the result of their efforts.

Raymond A. Fisher returned on the Prince John yesterday from Vancouver where he is attending university to spend the holidays with his parents, Mr. and Mrs. W. S. Fisher, Fourth Avenue East.

**WAR VETERANS HAD DINNER AT CENTRAL**

Sumptuous Feast Provided on Christmas Day.

Amongst the many pleasant social functions taking place on Christmas Day, to celebrate the joyous season, one of the most successful was the dinner at the Central Hotel given by the G.W.V.A. to the returned soldiers in the city.

As is usual with any event of that character brought off at the Central Hotel, the menu, decorations and general tout ensemble of the whole affair was most excellent. About fifty veterans sat down at seven o'clock to a truly sumptuous dinner, and did full justice to the historic Christmas fare of turkey, plum pudding, and mince pie. Toasts were drunk, speeches were made and songs were sung, and a general jollification took place. Ray Macdonald was in the chair, President Kelly, Capt. Formby and A. H. Wilson gave the addresses, whilst the musical end was attended to by Messrs. Sloan, M. O'Donovan and Paddy Martin.

Before breaking up shortly after ten, the host and hostess, Mr. and Mrs. Peter Black, were warmly praised for the excellent dinner provided, and best wishes expressed for their happiness for Christmas and the coming New Year.

Mrs. Peter Stephen sailed on the Prince John last evening for Vancouver.

Dr. and Mrs. H. C. Davis, of Stewart, returned north on the Prince Albert last night after having spent a few days in the city.

## BRINGING UP FATHER

By George McManus

### WILLIAM BROOKSBANK HAS PASSED AWAY

Father of City Purchasing Agent Died at General Hospital Last Night.

The death occurred last night at 11:45 of William Brooksbank, father of Arthur Brooksbank, city purchasing agent. Mr. Brooksbank was apparently in good health until yesterday morning when he was taken suddenly ill and was removed to the hospital where he passed away last night. He was suffering from Bright's disease.

Mr. Brooksbank was a skilled carpenter and came first to Prince Rupert about eight years ago. Soon after the war broke out he returned to England and became a manual training instructor in the schools of Bradford, filling a gap made by the enlistment of younger men. About two years ago he returned to Canada.

Mr. Brooksbank was born in Bradford, England, 68 years ago and, besides his son here, he is survived by a widow and married daughter in England. His death will come as a shock to many people in Prince Rupert for he was highly respected and esteemed by all with whom he came in contact. Funeral arrangements have not yet been made.

### ST. ANDREW'S HAD CHRISTMAS CONCERT

About 125 Children Congregated For Tea, Concert and Tree.

The children of the St. Andrew's Society had a merry time at the annual Christmas tree held in the hall on Second Avenue on Friday evening. There were about 125 kiddies present as well as many of the parents.

At 5 o'clock the affair commenced with a tea followed by a fine program, the talent of which was drawn exclusively from the children of the Society. After this Santa appeared and gifts and candy were distributed in bounteous quantity.

Mrs. Howard Steen, Mrs. Captain and Miss Ina Woods were in charge of the training of the youngsters for the recitations, songs and dances on the program.

### SANTA CLAUS WAS HOSPITAL VISITOR

Christmas Cheer Provided by the Hospital Board, Ladies' Auxiliary and Elks.

The Prince Rupert General Hospital took on an especially cheerful aspect on Christmas morning when Santa Claus appeared and dispensed presents to every patient in the institution. This was made possible by the donations granted by the Ladies' Auxiliary and the members of the board. The Elks were also instrumental in the pleasure of the affair for they provided any number of delights for the juvenile patients. Dr. L. W. Kergin had the happy role of Santa Claus and played it to perfection.

### "WHY SMITH LEFT HOME" IS BRYANT WASHBURN'S LATEST

Tumultuous Honeymoon is Basis For Bright Screen Comedy With Popular Star.

All laughs and sunshine are promised in "Why Smith Left Home," Bryant Washburn's new Paramount-Arterraft picture which is on at the Westholme Theatre tonight. The story was adapted from George Broadhurst's stage success of the same name and concerns the escapades of Smith and his pretty bride on their tempestuous honeymoon. They are married "on the double" and against Marian's Aunt Mary's wishes. Hard luck stalks them from the start, and in such rapid-fire order do the adventures come that Smith hasn't even time to imprint that first nuptial kiss.

Train wrecks, fires, and a raging storm are among their misfortunes, and matters reach a climax when Smith is discovered in what looks like a compromising position with the good looking serving maid in their honeymoon bungalow. Marian starts home to Auntie, but an earthquake helps Smith pull some cave-man stuff, and all ends happily. Lois Wilson, leading lady of "Love Insurance," is again Mr. Washburn's chief support. Others in the cast are Maya Kelso, Winter Hall, Walter Hiers, Margaret Loomis, and Carrie Clark Ward. The picture was directed by Donald Crisp.

"Why Smith Left Home" will be especially interesting to Prince Rupert audiences for it was produced last season by the Prince Rupert Dramatic Society.

### EDWARD SKOGMO AND MISS HEDSTROM WED

Young Couple Have Lived Here Since Early Days and are Well Known.

A very pretty wedding was performed at 949 Ambrose Avenue on Christmas Eve, when Edwin Skogmo and Miss Segrid Hedstrom were united in marriage by Rev. Canon G. A. Rix. Mr. and Mrs. Hellman were the attendants.

Both the bride and groom have lived in Prince Rupert since the earliest days, the bride having attended the local public schools. The best wishes of a host of friends will follow the deservedly popular young couple.

### ROBBED STORE ON MALCOLM ISLAND

VANCOUVER, Dec. 27.—Armas Mateja and John Hamby have been brought to this city to face trial on a charge of stealing \$4,000 cash from a Finnish settlement on Malcolm Island. It is alleged that the pair have made a confession that they used a pass key to gain an entrance to the store and were able to find the combination of the safe. On being arrested they volunteered to take the police to the woods where the booty had been cached and every cent of the money was found reposing safely under a root.

### THUGS CARRIED ON AS USUAL AT XMAS

VANCOUVER, Dec. 27.—Hold-up men and thieves took no holiday on Christmas Day in Vancouver. Jim Carnaghan, watchman on the Princess Louise, was beaten about the head by a man who attempted to rob him. He was taken to the hospital.

### SUGGESTS PLAN SKEENA ROAD

"Skeena" Tells How a Road Up River would Appear when Built

The following letter appears in a recent issue of the Omineca Herald dealing with the proposed road up river from Prince Rupert: Congratulations on your fine work in the provincial election! The solid four should be able to get the Skeena Highway started. If they don't I guess we will have to send down Newton, as he promised Terrace a bridge. I think that if everybody joined in and agreed that a highway be built from Rupert to Hazelton, it would go. The east side of the Skeena from Hazelton to a point about one mile from Balmoral Cemetery, and a ferry from there to Haysport, and thence to Prince Rupert would be the most logical route and one which would be good for winter and summer. The cost of the road by this way would be about a quarter of what it would be by following the west side which, of course, would be the best scenic route. By the latter way the road would attain an elevation of 4,000 feet at Hols-in-the-Wall and around 40-44-mile points, and a long bridge at Skeena City would be necessary, with another high raise at Old Aberdeen. Otherwise it would not be so bad for grade, but all the large streams that the G.T.P. crosses would be a large item of expense, and this would all be avoided on the east side. All traffic from the west side can be crossed over by the many ferries. The road would be the means of opening up the other half of the Skeena Valley and make good times by opening one half to support the other half, and may lead to real prosperity.

"SKEENA."

### THOUSANDS OF TREES FROM CANADA WERE USED IN NEW YORK

NEW YORK, Dec. 27.—Thousands of Christmas trees cut in Canadian forests glowed with candles and electric lights in New York homes at Christmas. The demand for Christmas trees, declared dealers, was just as heavy as in former years, despite a big increase in price which dealers explained by declaring the duty on trees from the Dominion had been greatly increased. The rate on a carload of trees which was formerly \$8 is now \$20 to \$27, they assert. Another reason which they advanced for the high prices asked was that "thousands of trees cut in Canada in October for the Christmas market were buried under fifteen feet of snow."

### The Mystery of Girls' Ears

From Literary Digest "Topics of the Day."

Woman's crowning glory, her hair, receives at her hands the very best care. Every up-to-date girl prides herself on her tresses and how she wears them. The young lady of today is particularly fond of those little bunches of hair with which she conceals her ears. However, the ear muffs that Miss Flapper-age wears now are nothing new. History relates that they were part of the head-dress of the French lady of the Restoration Period. Her coiffure was crowned with an amazing edifice of curls, combs, and lace. Now, in modern times, the hearty laughter that is accorded the witty wordings about ear puffs et cetera screened in the popular "Topics of the Day" films, is evidence of the general interest in the subject of hair dressing. Whether or not you are interested in how the girls wear their hair, the Daily News feels sure that your laughter at the following paragraphs from "Topics of the Day" will penetrate even ear puffs:

News item—The crushes on the Selby cars at 6 p.m. are getting to be something fearful. Last night a woman was so jostled that one of her ears became uncovered. —St. Paul News.

It is our masculine notion that fashion might compromise and let the girls wear one ear each.—Toledo Blade.

The way they dress now, some of the girls show about everything but their ears and their judgment.—Ohio State Journal.

Perhaps it is to disprove the saying "little children should be seen and not heard" that modern girls decree their "little ears shall hear but not be seen."—Rutgers.

There, little ear puff, don't you cry; you'll be a bustle by and by.—Syracuse Herald.

"Will side whiskers ever come into fashion again?" asks a reader. Ans. "They're in fashion now. The girls are wearing 'em over their ears."—Regina Post.

A donkey has two great big ears, and keeps them standing in the air. I think a girl's a donkey too, who covers her's with wads of hair.—North Adams (Mass.) Herald.

It is all right for a girl to imprison her ears under her hair, but she ought to let them out sometimes for exercise.—Galveston News.

"I notice Susie wearing her hair a la Robert." "How's that?" "Bobbed."—N. Y. U. Alumnus.

"I'm sure crazy about my gal's puffs." "Wear her hair pretty?" "Nix; cigarette smoker."—The Sun Dial.

"Speaking of ears, of course, you know why they've been keeping 'em covered." "Yes! Why?"—N. Y. Daily News.

The following were the winners of the drawings at Barrie's furniture store on Christmas Eve: Library table, Miss Jean Ross; mattress, Miss A. McKinnon; eiderdown comforter, Hugh Hamilton.

### FROM THE OUTSIDE

Omineca Herald Writes an Appreciation of the Independent Association

The following on the establishment of the Independent Association appears in the New Hazelton Omineca Herald:

An Independent Association is now a fully organized institution in Prince Rupert. It is to take the place of the church, the secret societies, the charitable institutions, the political parties, the municipal bodies and all other organized bodies. The ambition is to bring about the perfection of human life. To do this it is proposed to carry on an educational campaign and to take a stand on all questions. The sinful politician (municipal, provincial, national and international) are first to be converted or put where all bad people should be. Then the minds of the masses are to be purified and led along the path marked out by the Independent Association. When all these things have been accomplished a small deputation is to be dispatched to heaven to reclaim the poor souls which departed in ignorance, and to generally re-organize the government there, which must surely be in bad condition by this time.

Unfortunately the Independent Association constitution makes no provision for Ireland or the social disorders and outrages in United States cities. However, everything cannot be thought of at once and the Association hopes to hold another meeting.

### NEW FRAUD SCHEME TRIED IN HOLLAND

Alleged Russian Jewelry is Sold Cheap at The Hague.

THE HAGUE, Dec. 27.—Europe's newest scheme for defrauding the public is that of selling supposed Russian crown jewels. Knowledge that some very valuable Russian jewelry, confiscated by the Bolsheviks, has actually been sold in Holland recently has prompted a number of shrewd confidence men to take advantage of Dutchmen desiring to buy something cheap.

The Hague police swooped down the other night on a group of men in a little cafe who, with their intended victim, were negotiating for the sale of 34 "pearl" necklaces and several packets of loose "pearls" which were whispered to have been surreptitiously sent to Holland from Moscow and, therefore, were for sale cheap.

Only one of the necklaces was found to be genuine. All of the others, and also the loose packets, were made up of imitation pearls. The real one, according to the police, was used as "bait."

### WALES STILL HAS PLENTY OF GOLD

Common There Though Practically Vanished in Other Parts of Britain.

LONDON, Dec. 27.—The golden sovereign has almost vanished from circulation in most parts of Great Britain since paper currency has been issued, but in the west of Wales gold is as plentiful as it was before the war, says the Daily Chronicle.

There the British sovereign causes no surprise at all when change is given and both the sovereign and the half-sovereign are passed frequently from hand to hand until the banks get hold of them.

With the exception of Spanish currency, it is probable there is as high a standard of gold currency in Wales as in any part of Europe today. Welsh farmers have earned big profits in the last few years, and hoarded them. It is these hoards of gold which are now making their appearance.

### FLOATING CREMATORY INSTITUTED IN TOKIO

TOKIO, Dec. 27.—Tokio will soon have a "floating crematory" the first of its kind in Japan. Two specially constructed vessels of 10 tons each with facilities for cremating 30 bodies at a time will be used. The vessels will be anchored at a wharf at Shibura and after funeral services have been held on board they will leave for a point about seven miles off the bay for the cremation.

### SMITHERS

Provincial government game authorities in the district are having considerable trouble with the natives, who are trapping beaver extensively regardless of the close season. Several solemn and stoical-faced Indians have been hauled up on the carpet, much to their perturbation.

Much elation is being evinced by several well known Smithers railway men who are interested in the discovery of an excellent domestic coal area, as well as oil, which was made in rather an unusual manner early last July. Late reports from mining experts are most favorable, the report of the oil showings announcing that it was as good as any found so far in Western Canada. The discovery was made while operating a steam shovel at Fraser Lake, about four miles west of Fort Fraser. They uncovered a coal seam four feet wide of the most excellent appearance. The property was immediately staked and most of the crew of the shovel are now joint owners of the embryo coal mine as well as oil wells.

## Your Bed Pillows— Would You Like To Have Them Washed?

Bed pillows are seldom washed in many households—the same pillows are used through summer and winter, illness and health.

This often happens in the dwellings, too, of housewives who are justly proud of their home sanitation. Sweet, clean slips are used, but pillows nevertheless are frequently overlooked.

Why not send your pillows to us for a thorough cleansing? We bubble them up and down in pure soft water and fluffy suds. We rinse them time and again. Then we dry them quickly in fresh, warm air, and tumble them until they become delightfully downy once more.

It gives new life to the feathers, whether they be snowy breast feathers, or the less fluffy tail feathers. The pillow, too, is sterilized. Slumber becomes a new pleasure.

Send your pillows along next time our driver calls for your family bundle. Or telephone us and we will have our driver stop next time he passes your way.
