RUSSIANS BREAK THROUGH EASTERN GERMAN LINES

A GREAT DRIVE IS WELL UNDER WAY — GERMANS DISMAYED AT SPEED OF THE RUSSIAN SWEEP — SIX THOUSAND MORE PRISONERS CAPTURED — PROGRESS IS ALSO MADE IN MESOPOTAMIA

(Special to The Daily News.)

Petrograd, July 4.—The new Russian offensive has resulted in the capture of other six thousand prisoners, making sixteen thousand within the past two days. The Russians are advancing towards Zlochoff in Galicia and have occupied the towns of Presovic, Zboroff, and Kóretchiva. The Austro-German armies have retreated westwards across the little Stripa river. This latest drive of the Russian forces is swelling in force and its pace has dismayed the Germans. Brusiloff's attack is said to be the bloodiest of the war.

Report From Berlin.

Berlin, July 4.—The Russian troops have broken across the heights on the western banks of the Stripa River in Galicia and succeeded in extending northward the gap made in the Teutonite lines the previous day. At Koniuch, strong Russian attacks broke down under heavy losses.

GERMAN PRESS MUZZLED

FRIENDS TAKE LEAVE OF MR. J. B. F. MELVILLE

As a small mark of the esteem in which the fellow employees of the Grand Trunk Pacific held Mr. J. B. F. Melville, they gathered together yesterday afternoon and presented him with a purse of gold. Mr. Melville has been in the city for the past seven years, and his genial presence won for him as a friend everyone who came in contact with him. Mr. Melville is leaving today for New York, where he has received a good appointment.

Mr. W. C. C. Mehan made the presentation of the token of the regard in which his chief clerk was held and had difficulty in adequately expressing his sense of loss at the departure of "Jim." They had been together for the past nine years in close daily intimacy.

Jim Melville will carry with him to New York the best wishes of his friends here, and these friends will long carry with them the remembrance of a kindly Scot.

NEWS OF OUR SOLDIERS

Private Geo. W. Abbott, who left here with the 62nd Battalion, and afterwards was transferred to the 3rd Pioneers, has been invalided to "Blighty" with an attack of trench fever. "Geordie" is now located in Lancolin, England, and says he is enjoying the change from Vimy Ridge.

Word has also reached town that Private W.B. Kerr is expected back in Canada shortly. Billy Kerr is a well known old timer of this district and his many friends will be glad to see him back again.

THE POLICE COURT

Before Magistrate Carss this morning at the Police Court, one man was fined \$20 for being found drunk. He was placed upon the interdiction list.

Another was charged with keeping a disorderly house, which case was adjourned until Friday.

At the city council meeting last night, a report was read from the superintendent of utilities regarding the filling of two vacancies on the telephone staff.

Special consideration was due to two applicants, although they were not the oldest names on the list. As the majority of the utilities committee were out of town, a special committee consisting of Aldermen McRae, McClymont and Montgomery, were appointed to act with the utilities committee in this matter.

WILL REGULATE ROOMING HOUSES

It was intimated at the meeting of the city council held last night that a new bylaw will shortly be introduced by the city solicitor for the regulation of rooming houses, boarding houses and lodging houses. This has been considered advisable in view of the large number of rooming house licences for which application has been made by certain residents in the city who hitherto have not resided in section one.

GRAVEL FOR THE ROADS

Tenders for the supply of one hundred yards of gravel for use on the city streets were opened at the city council meeting last evening. A quotation from A. Swanson for 100 yards as per sample submitted, unloaded at Cow Bay, was \$2.15 per yard. C. C. Ketchum quoted \$2.00 F. O. B. wharf at Gow Bay, wharfage paid. It was agreed that the lowest tender be accepted. A letter was also read from the city engineer stating that he had a verbal offer of 100 yards at \$1.90 from Mr. M. Albert, the said gravel being on the wharf now. It was agreed that this 100 yards be purchased as more than the quantity first thought of would be required. Fourth and Fifth Streets, and a part of Second Avenue will be experimented upon with this gravel and some will also be used for the recreation ground.

WESTHOLME THEATRE

At the Westholme Theatre tonight, there will be shown the first of the "Metro" productions ever shown in this city. These are among the most famous of all film productions, and this film was made under the direction of the great Edwin Carewe. He is the most unique genius in screen production, because he always does the unusual. The story of the play is strong and tremendously tense, and gripping. But Mabel Talliaferro, the star actress, is the best of all. Her personal charm, her genuine dramatic talent, and her rapidly growing popularity are placing her at the top of the list of great motion picture actresses. She is a young actress of distinction, charm, and a personality that wins favor with the women as well as with the men. Altogether, the play tonight promises to be one of outstanding merit, and which will well be worth seeing. To balance the programme, there will be a comedy shown also.

Mrs. Gerscheitz, daughter of Mr. W. Goldbloom, arrived from the East on last night's train from Edmonton. She was accompanied by the little niece of Mr. Gerscheitz, who made the trip all the way from Winnipeg.

THE CHINESE AGAIN HAVE AN EMPEROR

The Throne at Pekin is Occupied By the Boy Emperor and the Dynasty is Once More Restored to Power.

(Special to The Daily News.)

Pekin, July 4.—The Dynasty reign has been restored to China, by the ascending of the throne of the boy emperor at Pekin just before dawn. The new emperor, Pu-Yi, is only fourteen years of age, being the son of Prince Chun who acted as regent before the uprising which caused the temporary republic. General Chang Hsun, the new military dictator in the Orient, plans to establish a constitutional monarchy and a parliament. No member of the imperial family will take a part in the politics of the nation.

CONGRATULATIONS ON THE JUBILEE

(Special to The Daily News.)

London, July 4.—Men prominent in the affairs of the Empire congratulate the Dominion on its Jubilee. Washington, July 4.—Federal agents throughout the country today are trying to apprehend enemy conspirators, who are engaged in plotting to destroy or to hinder the shipping on the Great Lakes in an effort to obstruct the nation's war time preparedness.

TROUBLE IN SPAIN

London, July 4.—Spain appears to be in the throes of a revolution. In well informed quarters, it is believed that the fall of the monarchy and the rise of a republic in its place is only a matter of days.

THE DEBATE IN OTTAWA

One of the most noticeable things in connection with the debate on the second reading of the Military Service Bill now before Parliament in Ottawa is the new line of cleavage which is being drawn across both the Liberal and Conservative parties, thus dividing the House altogether apart from previous party lines. Some of the prominent Liberals have indicated that they are in favor of the principle of the bill and also of the bill itself. Others, while agreeing with the principle of conscription, will not vote for this particular bill for the reason that it does not go far enough—that it is only conscription of man power and not of the equally necessary and as easily obtainable wealth of the nation.

So far as the Conservative party is concerned, the introduction of this conscription bill has detached from that unnatural alliance which the French Nationalists entered into with them, that party which has practically held the balance of power in Ottawa since 1914. The Frenchmen will have nothing to do with conscription. They broke with Sir Wilfrid Laurier over his naval policy, and now they have broken with Sir Robert Borden over his military policy.

It does not seem, however, that there is any likelihood of the immediate pulling into force of this bill which is causing so much argument and turmoil all over the country. The Conservative party is making all the capital they can over the necessity of more men being required for the front, even although they are enlisting at the rate of 7,000 or so per month, and at that, no recruits being accepted for artillery battalions. It is admitted that more men are required and will be required till there are no more casualties, and till victory is finally accomplished. But this bill is to be put into force not on any specified date, nor after it passes, but only after the issuing of a proclamation. It was vaguely intimated by the Minister of Labor during his little contribution to this debate that even if this bill were passed, its enforce-

ment might be delayed. So that evidently the voluntary response to the Empire's call has not ceased to the extent that we might be led to believe, even with the "letting up of recruiting" that Sir Sam Hughes spoke of.

It has been stated in the House of Commons by the Premier—and he said it in the negotiations for the coalition government—that he is willing that this bill should not go into force until after a general election. This may be taken to presage a general election soon but at the same time, it must be remembered that Sir Robert Borden himself proposed a resolution for a further extension of Parliament for another year—to the 7th day of October 1918. So that by taking these statements of the Premier's into consideration, the present Government has no immediate intention of enforcing conscription in the near future.

These considerations, of course, do away with the chief argument against the proposal of Sir Wilfrid Laurier, that the people be consulted on this matter, and that a referendum be taken. This has been objected to an account of the time which such a course would occupy, all the while when soldiers, and more soldiers were required. As there is apparently no great hurry, this would seem to be the logical way, in view of the repeated declarations by the Premier and other members of the cabinet that conscription would never, never come in Canada. Either that, or have an election at once, as would be the course sanctioned by usage.

Another noticeable feature of the debate is the emphasis which has been laid upon the necessity for conscription of the wealth of the country at the same time. This will be insisted upon by the men who are to be conscripted. Even if the whole man power of the Dominion were conscripted for either fighting or for manufacture or industrial service, the soldier who risks his life is equally entitled to that much greater sum than \$1.10 a day, which is being earned at home. If the Government, being under the impression that conscrip-

"The Poor Man's Potato" has become the rich man's luxury. Whether at three dollars a bushel, or twenty-five cents a bushel, potatoes are not a complete food. Two or three **Shredded Wheat Biscuits** with milk furnish more real, body-building nutriment than a meal of potatoes or meat, are much more easily digested and cost much less. Shredded Wheat is 100 per cent. whole wheat, nothing added and nothing taken away—gives mental vim and physical vigor for the hot days. Delicious for breakfast, or any meal, with sliced bananas, berries or other fruits, and milk. **Made in Canada.**

tion is necessary, had brought in a complete Conscription Bill which would put every citizen on the same level, instead of merely a Military Service Bill, they would have taken the whole country with them. A time like the present is no time for half measures. But, of course, a conservative Government has to be conservative, so far as is possible.

NOTES AND COMMENTS

The constantly rising prices of commodities in Canada were stated by a Cabinet minister lately to be beyond control—the ordinary law of supply and demand could not be regulated. The Hon. Mr. Crothers, Minister of Labor,

was of that opinion. Yet across the line, in the United States, as a result of action by the Government, the mine owners have arranged to have the price of coal reduced at the pithead by from \$1.00 to \$1.50 per ton. Possibly after being shown how, Mr. Crothers might do something.

The president of the Grain Growers' Association of Alberta has been invited to go to Ottawa to discuss the situation with the Premier. The seat in the Cabinet once occupied by the "Hon." Bob Rogers is still vacant. It is possible that Sir Robert is thinking of Mr. Wood in this connection?

One German Queen after another has been shorn of her regal state as the immediate outcome of the war. Doubtless if the Czarine that was, and ex-Queen Sophie could get together, what a tale of woe they could pour into each other's ears.

Both in Saskatchewan and in Alberta, women voted at the recent provincial elections. In each case, Liberal governments were re-elected. Just how much the one fact has to do with the other is open to conjecture, but no doubt remains that the women will vote progressively all the time.

The news from the seat of war continues to be favorable for the Allies. The legend of the invincibility of the German armies is being disproved slowly but surely, and with a final military defeat, the alliance of the Central Empires will crumble. The belief in the invincibility of the Germanic arms is all that holds it together, and even the other states of the enemy will welcome their freedom from the dominance of Prussia.

LUX

WONT SHRINK WOOLLENS

BLANKETS are luxuriously clean, soft and fleecy when washed with LUX. Every housewife knows that blankets are very liable to shrink in the wash and become hard and thick. LUX is the ideal preparation for washing blankets, all woolen things, fine laces, etc., because it cannot shrink them.

LUX is the economical cleanser—it dissolves readily in hot water—makes a foamy, cream-like lather which soaks rather than forces the dirt out of clothes.

When You Market Consider Your Less Fortunate Neighbor.

"Every citizen who uses more in his household than his household actually needs is increasing the cost of living for those less fortunate, and he is hindering the prosecution of the war."

Sir Thomas White, Minister of Finance.

THE well-to-do woman who sits at her phone and orders provisions lavishly, regardless of price, is abusing the power of money as a bully abuses brute strength!

No longer can we help ourselves as we see fit from an unlimited food supply—we are either limiting our buying to our own real needs or "hogging" someone else's share.

Extravagant buying by those who can afford it, with waste in some kitchens, and excess at some tables, will inevitably bring still greater hardships to those who cannot afford the prices, and hunger to those who must live on less.

Buy for your household as carefully and economically as your husband buys for his factory, store or office. Study food values as well as prices—make it a point to know just what you are getting—eliminate waste—and you'll find that you can feed your family well on far less than you spend now.

Invest the saving in Canadian War Savings Certificates and you will be doubling your service to the nation.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post Offices and Banks, thus yielding over 5% interest.

Local News Notes

Mr. Glen H. Morrissey returned from the South on the Prince Rupert this morning.

The Rev. Father McGrath arrived back again in the city last night after a trip to interior points.

Mrs. C. H. Elkins returned home on last evening's train after a short stay with friends at Port Essington.

Mrs. Musgrave, wife of Captain Musgrae of the Lillooet, which is in port today, came north on the Prince Rupert this morning.

Miss J. A. Davidson, of Vancouver, came north on the Prince Rupert and will spend a short time in the city as the guest of Mr. and Mrs. H. R. Grant.

Rev. W. W. Wright, who has been attending a convention of the Baptist Church at New Westminster, arrived back in the city on the boat this morning.

Bessie Casey, or anyone knowing of her whereabouts, please notify Miss Katherine Cohen, 806 21st Avenue, Seattle; who is anxious to hear from her. 163

The Tillamook is proudly flying her colors this morning as she is tied up at the dock. This is the fourth of July and everyone knows what this means to a U. S. crew.

At the request of the Rev. Mr. Crux nearly everyone who attended the Sunday evening service in the Methodist Church carried a flag with the result that there was a glorious array of both Canadian flags and Union Jacks.

A bylaw "authorising the borrowing of such sums of money as may be required to meet the lawful expenditure of the municipality" up to the amount of \$5,000 was read for the first and second times at the council meeting last night.

On account of making merry in a rather rowdy manner on the eve of the Dominion Day celebration, five men had to pass the night in the city jail. They were permitted to depart on the following morning after having paid a fine of five dollars.

The chief operator at Shawatlans, Mr. R. L. Force, has tendered his resignation, which has been accepted. It was agreed at the council meeting last night to advertise in the local and Vancouver newspapers for another capable man to fill the position.

Tenders for the printing of 1,200 copies of the new telephone directory were opened at the council meeting last night. The News Job Press quoted \$120.00; A. O. Franks, \$125.00, and McRae Bros., \$117.50. It was agreed that the lowest tender be accepted.

Mrs. J. Bailey, an old time resident of this city, returned on last night's train. Mr. Bailey was formerly employed at the drydock during the construction days, but lately has been engaged up the river. While here, Mrs. Bailey will be the guest of Mrs. George White, of Fourth Ave., W.

It was recommended by the city engineer to the city council last evening that electric heaters be procured for the heating of the telephone exchange during the night time. With the present steam heat, it would be necessary to heat the whole building to keep the exchange warm, which would be much more costly than using electricity. The recommendation was adopted.

The sum of nearly twenty-five dollars was raised at the sale of manual training articles held on Saturday in the Red Cross tent. The various articles were sold at a price which was quite suitable to any purchaser. If the work had been valued according to the time and labor spent on it the prices would, of course, have been much higher, but this was where the sacrifice of the boys came in.

The city solicitor made a report to the council last night regarding the damage suit brought against the city by Mrs. Case, wherein she was awarded \$3,496.30 for personal injuries. Negotiations took place before the sitting of the High Court, but at that time \$5,000 was the minimum which would satisfy the plaintiff, and which the city could not pay.

Mr. R. O. Jennings went out this morning to Amsbury.

Miss Marion Wade, of Prince George, arrived in the city last evening.

Mr. Frank McKinnon, of New Hazelton, arrived in Prince Rupert last night.

Mrs. W. Adams and children left this morning for Remo, where they will spend the summer.

Mrs. Geo. Ambrose and her daughter went out to Amsbury this morning for the summer.

Mr. W. Cameron, postmaster at Stewart, accompanied by his son, arrived in the city on a visit for a day or two.

Mrs. J. R. Mitchell left this morning for Southern Alberta on a holiday trip to visit her parents. She will be away about two months.

The Misses Bently, who have many friends in Prince Rupert, arrived from the south this forenoon and went on to their home in Edmonton.

Mr. T. A. Kelly, who is conducting logging operations at Athollet, has been in the city for the last few days and left for the Queen Charlottes last night. He was accompanied by Mr. W. L. Dass.

In a recent issue, the Fernie Free Press says, "Our old friend, Fred Stork, first mayor of Fernie, has accepted the nomination as Liberal candidate for the Dominion house for the Prince Rupert constituency. Fred has the best wishes of a host of Fernie friends."

Quite a number of people camped out across the bay during last weekend. They claimed that the weather conditions were excellent although they were sometimes awakened during the night by the sound of falling water. But with this state of affairs the flies and mosquitoes were not on the alert so that this made up for any other disagreements.

Departmental reports were received at the council meeting last evening from the city treasurer and from the superintendent of utilities, which in each case were laid on the table for one week. The reports from the treasurer had regard to telephone capital charges; the city's expenditure up to May 31, and the collection of taxes and rates. Arrears for water total \$5,102.00 and property holders in arrears will have notice of a tax sale.
