FRENCH REPULSE STRONG GERMAN ATTACK

ON ELEVEN-MILE FRONT IN CHEMIN DES DAMES, GERMAN DEAD STREW GROUND

STRONGEST OFFENSIVE SINCE VERDUN

Germans Thrown Back on Eleven-Mile Front by the French Troops and Suffered Severe Losses.

(Special to The Daily News.)
Paris, July 7.—The War Office announces today that the Germans had made their strongest offensive since Verdun during this past week. They were thrown back on a front of eleven miles in the region of the Chemin des Dames, leaving the ground thickly strewn with dead. Their attacks were still made in massed formation and the French seventy lives wrought tremendous execution among their advancing ranks time after time.

British Front.
London, July 7.—There is nothing to report from the British front.

Berlin Report.
Berlin, July 7.—The war office announces that an artillery battle of great violence began at dawn today in Eastern Galicia.

Will Know Soon.
Amsterdam, July 7.—A dispatch from Berlin says that the authorities are convinced that there is no truth in the reports of the landing of large American troops in France.

Troops Encamped.
Paris, July 7.—The entire American expedition will be encamped by the fifteenth of the month.

Greece Active.
Athens, July 7.—The Greek war office is now more active than at any time since the outbreak of the war in the Balkans.

A New Abolition.
Petrograd, July 7.—The Government today abolished all decorative orders except those given for service during the war. A statement by Charles Edward Russell, of the American Mission to Russia, says that he is convinced that democracy has more than a fighting chance in Russia, and that the people will do their part towards the foundation of a republic.

TRUBLE IN ARIZONA

(Special to The Daily News.)
Phoenix, Arizona, July 7.—Four hundred Federal troops have been ordered here to preserve order.

Miss Kathleen Haslett, of the teaching staff in Anyox, is making a holiday visit to Prince Rupert, and renewing her many acquaintances here.

REPUBLICAN ARMY IN CHINA NEARS PEKIN

The Troops From the Southern Provinces Advancing on the Capital to Throw Out The Emperor.

(Special to The Daily News.)
Shanghai, July 7.—The Republican troops from all the southern provinces of China have made a rapid move northward and are converging on Peking, the capital. They number about fifty thousand and are well armed. The idea of a republic has taken a firm hold of the officials in the south and they have stated their intention of throwing out Chang Hsun, the dictator, and the new emperor. Chang Hsun is said to have only three thousand troops at his command to defend his reappointment of the Manchu dynasty. He is a military leader of great resourcefulness and it is not expected that he will allow the opportunity for fighting pass without making a bold bid to maintain his present situation.

STRIKING DECKHANDS JOINED BY STEWARDS

Vancouver, July 6.—To the ranks of the deckhands and engine-room helpers on coast steamships who are on strike have been added another element, the stewards having now become strikers, demanding an increase of 20 per cent. in wages. The stewards have gone out on the G. T. P. boats and are to leave off work upon arrival of other boats in this port.

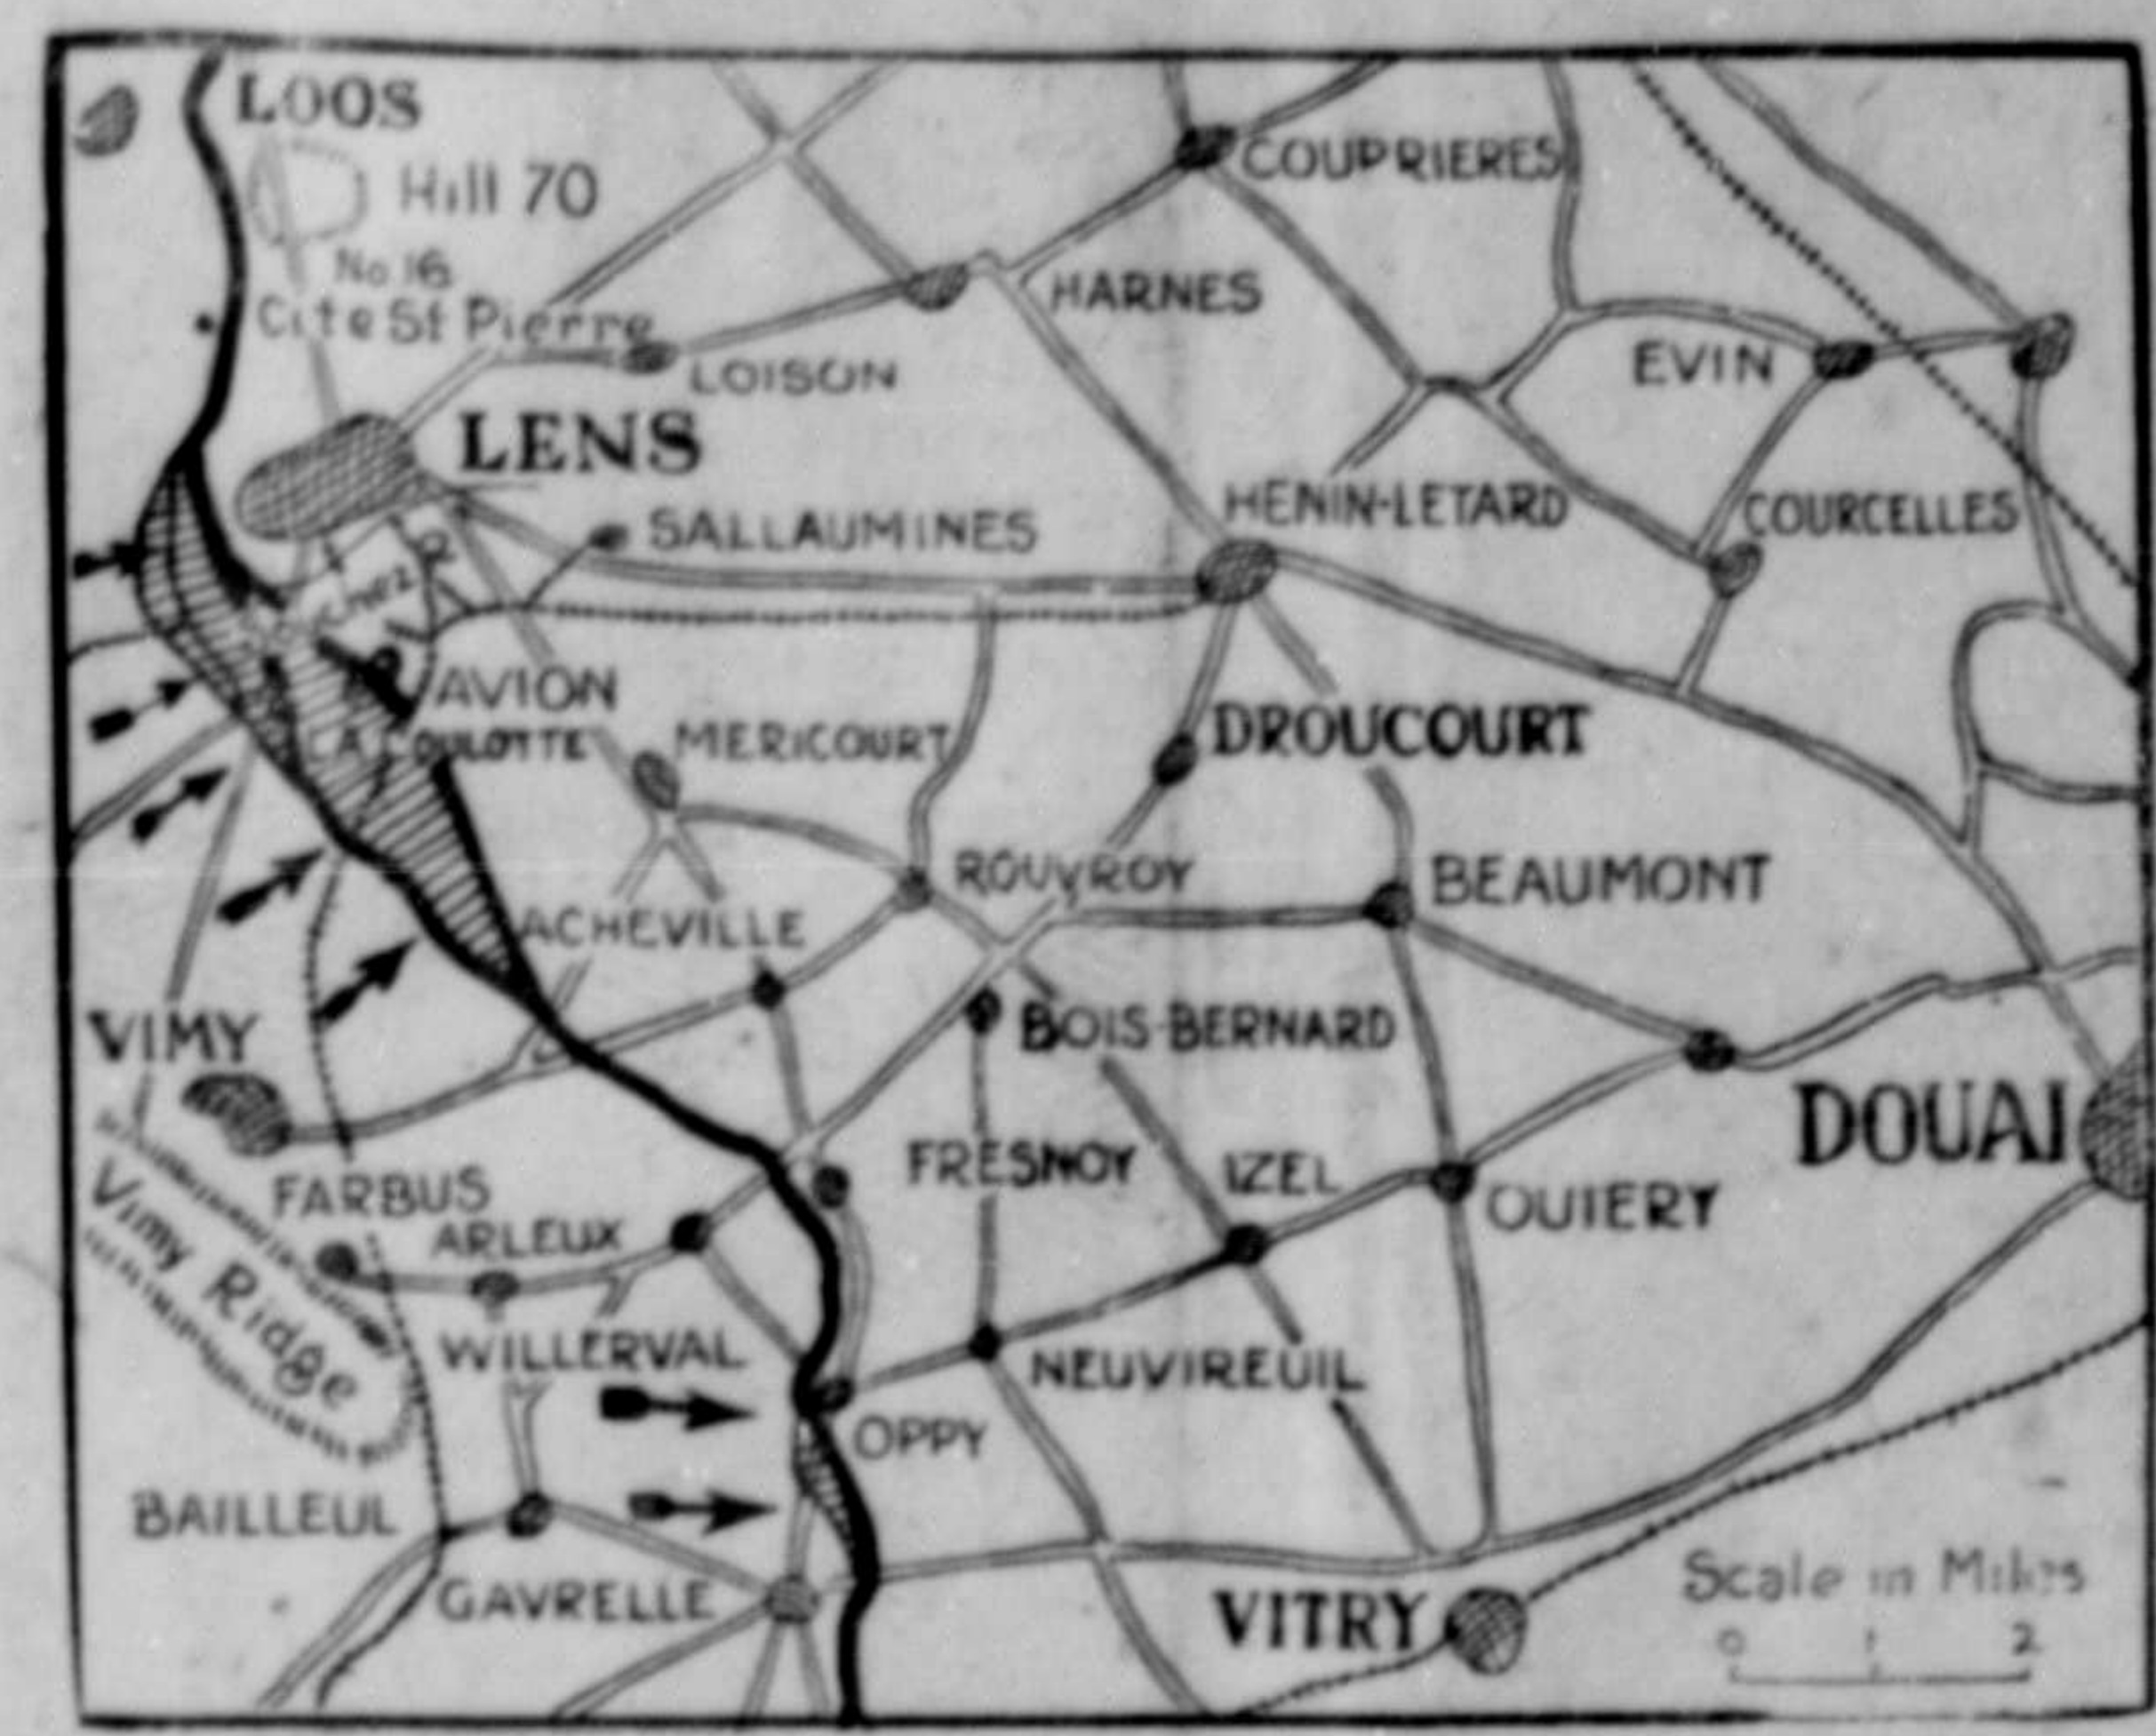

The companies affected—C. P. R., G. T. P., and Union—continue to maintain a very good service, and both company officials and strikers remain firm, the one demanding an increase based on \$60 a month for deckhands, and the other refusing to meet it.

Longshoremen Get Increase.

The report that the longshoremen also would go on strike seemed a bit premature, though it was announced yesterday, however, that following negotiations which were under way for some days between the International Longshoremen's union and the railway and steamship officials, the men have decided to accept the proffered increase. The new rates of pay are to come into effect at once, it is understood.

NATIONS ON RATIONS

Ten nations of the world are on rations. Food conditions in Canada are becoming serious. The necessity for careful examination of every expenditure is imperative upon every man and woman in the country. Thrift must be exercised by all. The need of the hour is well expressed by Stephen Leacock who writes that:—"The key to the situation, as far as we can unlock it, lies in individual thrift and individual sacrifice. Every man, today, who consumes any article or employs any service not absolutely necessary, aims a blow at his country. Save every cent. Live plainly. Do without everything. Rise early, work hard and content yourself with a bare living. The man who does this—if he uses the saved money properly—is doing war work for his country. But he must use his savings properly. That is the whole essence of the matter." As it is with men, so it is with women. The motto of all should be to save by serving and to invest in War Savings Certificates.

The map shows the scene of the fighting by the British and Canadians around Oppy and Lens. Canadian forces are playing an important part in the struggle for Lens, the capture of which is imminent.

GERMAN SUBMARINE IN HAMPTON ROADS

(Special to The Daily News.)
Washington, July 7.—It was announced here today that a German submarine had been sighted in Hampton Roads. Secretary Daniels officially reports that officers of the Atlantic fleet advised him that ships had sighted the periscope of a U-boat. He wired the Admiral at once to ascertain the full details regarding the U-boat and then to forward them to Washington immediately.

MR. JOHN DYBHAVN IS GRAND PRESIDENT

With three hundred and fifty members in attendance, the fourteenth annual convention of the Canadian Fraternity of America for the District of the Northwest came to a close at the Swedish Club in Seattle this week.

Visiting delegates were welcomed by Carl Smith. The Svea and the Norwegian male choir gave several selections. The speakers of the evening were Ole Hanson, Danish Vice Consul, M. J. Lehmann, Supreme President, Mrs. Sylvia Benson, of the women's auxiliary of Spokane, and John Dybhavn of Prince Rupert. Officers elected and installed included: Grand President, John Dybhavn, Prince Rupert; Grand Vice President, Alex Benson, Missoula, Mont.; Secretary, Frank Burman, of Spokane; Treasurer, Otto Johnson, of Seattle; Chaplain, Miss Lydia Benson, of Spokane; delegates to the Supreme Lodge, August Anderson, Seattle, and Andrew Christensen, Sandpoint, Idaho; alternate delegates, E. A. Stoivek, Butte, and John Johnson, Seattle.

On account of the strike of deckhands, etc., at Vancouver, the sailing of the Princess May, which ordinarily would have been due last night, has had to be cancelled. The Princess Alice, however, is expected on Monday.

AFTER-WAR PROBLEMS IN UNITED KINGDOM

London, July 5.—The Ministry of Labor has forwarded to Mr. Lloyd George a report which was submitted to the War Cabinet by the reconstruction committee dealing with after-the-war questions. The report deals with relations between capital and labor, and asserts that "in the best interests of the community it is vital that after the war the operation of all classes that has been established during the war should continue."

To this end the committee proposes to establish a representative organization for each industry for the regular consideration of matters affecting the well-being of the trade from the viewpoint of those engaged in it. With a view to providing the means to carry out this policy it is recommended that the Government introduce immediately into the various associations of employees and employers proposals for a joint standing industrial council in all industries where they do not now exist, with one chairman for the employers and one for the employees.

Branching out from these central bodies would be smaller organizations of workers designed to make effective the work of the central organization. The object of this organization as a whole would be to obtain co-operation by granting the working people a greater share in the consideration of matters affecting their industry.

The councils would utilize the practical knowledge and experience of the workmen and allow the workers a voice in the settlement of wage readjustments securing to them a share in increased prosperity, the greatest possible security for their earnings and employment without undue restrictions upon change of occupation or employer, and providing technical education and training facilities for the utilization of inventions and improvements designed by the work people.

NEW AMERICAN ARMY WILL BE BALLOTTED

Draft Machinery for Selecting Quota Required is Ready and Drawings are Expected Soon.

(Special to The Daily News.)
Washington, July 7.—According to all indications here, draft day will fall in the early part of next week. It is stated that the office is crowded. The draft machinery will be ready today, Saturday. The drawings for the number of men required out of those eligible under the selective draft system will take place at Washington and the indications point to the use of numbers instead of names. The actual date has not yet been decided or given out.

For Aeroplanes.

Preliminary draft bills for the organization of aeronautics, which includes the construction of 2,620 aeroplanes and the expenditure of six hundred and thirty-nine million dollars will come before the House in the Military Affairs Committee today.

Washington Units Called.

Seattle, July 7.—The State Coast Artillery units will be called into service on the 25th inst.

WESTHOLME THEATRE

A very full and varied programme will be given at the Westholme Theatre tonight. The greatest attraction will be the superb photoplay, "The Wax Model," in five acts, starring Vivian Martin. This is one of the best, and the star needs no introduction to the public. A Gazette showing some of the latest events in different parts of the world, a travelogue and a fine comedy round off the programme, which altogether is a very well balanced one. It will be a hard person to please who does not go away after the show tonight feeling satisfied with it.

The Rev. Mr. Densmore, father of Mrs. P. R. Backus, arrived in the city yesterday morning from California. He will visit Mr. and Mrs. Backus at Terrace for part of the summer.

Mrs. George Munro and Miss Allardyce, friends of Mrs. H. R. Grant, arrived from the East on last night's train and left for the south this morning.

Just arrived, 250 tons of lump coal. Phone 116—Albert & McCaffery.

COMPULSORY BILL PASSES PARLIAMENT

Debate on Second Reading Closed and the House Divided in the Midst of Very Exciting Scenes.

(Special to The Daily News.)
Ottawa, July 7.—In the House of Commons the resolution of the Premier that the Military Service Bill be read for the second time was adopted by a vote of 118 to 55. Very exciting scenes marked the event when the House divided at 2:40 a. m. The referendum amendment of Sir Wilfrid Laurier was defeated by a majority of 49, which included nineteen Liberals.

NATIONAL USE OF ADVERTISEMENT

Ottawa, July 6.—At the offices of the National Service Board of Canada it is announced that the systematic advertising campaign is now in full swing, to arouse in Canada something of the win-the-war earnestness now dominant in Great Britain and France.

Though the war has been going on for nearly three years, and though our gallant overseas contingents have won undying fame for Canada, it is beginning to be realized that most of us here at home have hardly yet waked up to the nature of the struggle in which we are engaged. Like Great Britain herself, we are slow to be aroused—slow to shake off the "business as usual" complacency. We are following the Motherland's progressive change of attitude—but because we are in the path of no Zeppelins, suffer no bombardments, and are weeks instead of months behind in evolving that grim, single-minded determination that is ready for any service—and sacrifice.

It is to arouse us from that detached attitude as compared with the Briton or Frenchman, that the National Service Board is using these appeals in the newspapers. Never has the power of national publicity been so convincingly demonstrated as in the British campaign, first for recruits, then for supplementary supplies and equipment, and later for thrift and the purchase of War Savings Certificates.

It is along the latter lines that the first series of National Service advertisements have been designed. To produce more, to waste less, particularly of food, to eliminate extravagance of every kind, to save intelligently and systematically, and to lend the savings to the nation—these are the keynotes of the calls to service which are being made to every Canadian. There is nothing academic about these national messages; nothing overdrawn or melodramatic. They are plain, straightforward, intensely practical, and in deadly earnest, telling why and particularly how everyone can help, instead of perhaps unconsciously hindering.

THE FOOD CONTROLLER AND THE HIGH PRICES

A few days ago Food Controller Hanna issued his initial statement to the Canadian people, in which he exhorted the public to practice economy and self-denial in the use of food and declared it was the national duty of Canadians to adopt a restricted menu until the end of the war.

The Dominion food controller has not been in office very long and he may not have had time to develop his plans yet, but the Canadian public are waiting with anxious expectation, in fact, with feelings resembling those with which a drowning man waits for rescue, for something more encouraging than an admonition to reduce their diet and to abstain from excessive eating. More than half of the Canadian people have been subsisting for some time on sparing fare, because food prices are so high that it is impossible for the earner of moderate wages to buy sufficient food for himself and his family. The public expects the food controller to take action at once to reduce the price of food. The government which appointed Mr. Hanna is the only government at war that has done nothing to protect the consumer from the profiteer. It has done nothing to prevent the profiteer from making undue profits by raising food prices to extortionate figures. It has done nothing at all to meet the food situation except to issue homilies to the public urging them to be economical in the use of food. Without a single exception, other governments engaged in the war have taken measures to prevent undue large profits from being made at the expense of the consumer. In Canada the consumer has no protection whatever.

Before Mr. Hanna asks the people to stint themselves in the necessities of life he should ask the profiteers to sacrifice some of their big profits. Profits should be smaller in war time than in peace, not greater. Mr. Hanna ought to investigate profits and prices, with a view to reducing both. If he is a real food controller he will.—Sun.

ON THE EASTERN FRONT

Those of little faith, who believe that the revolution in Russia had quite demoralized that country as a military power for the time being, will be somewhat surprised at the important success which so soon marked the renewal of their offensive. The smashing blow which Brusiloff delivered against the enemy, resulting in the capture of over eighteen thousand men and much war material, does not look like the action of a disintegrating military power. Russia is still some punch left.

Judging from the map, the immediate objective of the Russians is a double one. These are the towns of Lemberg and Kovel. With these objectives attained, a wedge will have been driven between the Austrian forces to the south and the German armies in Russia in the north. Most people are expecting to see a repetition of the grand triumphal march of the Russians across Galicia and the Carpathians, similar to what they did two years ago. Possibly they may not be mistaken, although the German high command may be prepared for the obvious, or what appears to be the obvious, and may be in a better position to divert the flowing tide of the Russian advance. But it will be a harder thing now than ever to stem the progress of the Russians. The armies who fought so magnificently in victory, and through defeat for despotism, will fight more stubbornly for their newly gained freedom, and more than that, they will fight more efficiently and intelligently, besides which they will be better armed. No longer will their big guns be reduced to firing but one round every twelve hours, nor their infantry men have to wait until a comrade was killed to get his rifle. Such were the conditions told of their reluctant retreat over the same ground they are now advancing over again.

Reborn Russia will yet play a decisive part in this great war and better armed and with a new spirit, again will the enemy retreat before them.

Strength in Summer
comes to the man or woman whose daily diet consists of cereals and fruits. Meat and potatoes are a heavy load on the digestive organs. The ideal Summer diet is **Shredded Wheat Biscuit**, a food that is 100 per cent. whole wheat and prepared in a digestible form. For breakfast with sliced bananas or berries, with milk or cream.

NOTES AND COMMENTS

Among the notable products of the war stands out the name of Kerensky, the spirit of democracy in Russia. Before the war, his name was unknown outside the boundaries of his own province in Russia, but henceforth his name will be classed with those of Garibaldi and Kossuth and many others who chafed under the iron rule of despotism. He is the man who laid the foundation for the reorganization of the Russian army, and by his blazing and fiery eloquence has put the vision of a new life before his countrymen. He is the man who has saved Russia, not so much from the enemy without, but from herself, and the enemy within.

The dissatisfaction which has existed for a long time in the province of British Columbia with the way in which the war orders have been placed was voiced at a meeting held on Tuesday of the Vancouver Manufacturers Association. Contracts for twenty-seven wooden vessels have been let by the Munitions Board but few, if any, of the established yards got orders. Even the aerodrome on Lulu Island, it was

stated, was to be built by an Eastern firm, although there were several British Columbia firms competent to construct it. The manner in which British Columbia has been practically discriminated against needs no emphasis here in Prince Rupert. When the Hon. T. D. Pattullo speaking here last month mentioned the necessity for a "Western party" he was applauded. Dissatisfaction with the present state of affairs is acute and general.

"Man-power is not sufficient in itself, nor is material wealth, to protect and defend the state. Both are equally necessary The Premier has pledged that the whole power of the nation shall be concentrated to the task of winning the war. The whole power of the nation is not limited to man-power, which in itself is useless, but to the material wealth as well." This is from a statement by Mr. Watters, president of the Trades and Labor Congress of Canada, regarding the Military Service Bill now in Parliament. Its logic is apparent at the first glance. The Premier, in order to implement his pledge, in addition to the Military Service Bill, will have to adopt a real conscription measure.

"WATER ACT, 1914."

BEFORE THE BOARD OF INVESTIGATION

In the Matter of all Streams in the Hazelton and Fort Fraser Water Districts.

A MEETING of the Board of Investigation will be held at the Court-house at Hazelton on Monday, the 23rd day of July, 1917, at 10 o'clock in the forenoon.

In the Matter of all Streams in the Prince Rupert Water District.

A meeting of the Board of Investigation will be held at the Court-house at Prince Rupert on Wednesday, the 25th day of July, 1917, at 10 o'clock in the forenoon.

At these meetings all statements of claim to water privileges under Acts passed before the 12th day of March, 1909, on any of these streams, all objections thereto, and the plans prepared for the use of the said Board, will then be open for inspection.

All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit.

Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.

The Board at the said meetings will hear the claimants, will determine the quantity of water which may be used under each record and the further works which are necessary for such use, and will set dates for the filing of plans of such works and for the commencement and completion of such works.

And whereas there may be persons who, before the 12th day of March, 1909, were holders of water records on the said streams and yet have not filed statements of their claims with the Board of Investigation, such persons are required to file, on or before the 15th day of July, 1917, a statement, as required by section 224 of the "Water Act, 1914." The forms (No. 50 for irrigation and No. 51 for other purposes) may be obtained from any Government Agent in the Province.

The claims of riparian proprietors who have filed, as required by section 6 of the "Water Act, 1914," statements of claim to waters of any of the said streams will be heard at the same times and places.

Dated at Victoria, B. C., this 7th day of June, 1917.

For the Board of Investigation,
J. F. ARMSTRONG,
Chairman.

LAND LEASE NOTICE

SKENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS. TAKE NOTICE that I, George McRae, of Skidegate, B. C., occupation engineer, intend to apply for permission to lease the following described lands:—

TO "JIM" MELVILLE ON HIS DEPARTURE

We have gathered to give you our Godspeed, Jim. On the eve of your going away, For you've struggled, and sorrowed and sinned with us, For many a livelong day, So we're not in the least ashamed to say—

There are a few little things you might do for us back there, and this is one of them:—Of course New York is so far away that we may safely say there exists no real spirit of rivalry between us, but you will doubtless remember it was rumored recently that a great many town lots in little old New York were of greater value than our most prominent ones here.

And about our humpty dumpty, Jim—that old story of "All the King's horses and all the King's men,"—you know, the drydock. If you meet with any gaunt spectre stalking through the streets of that great town, remember your friends and Rupert. Don't let him reach the papers. Take a long chance and kill! And sometimes in the lonely hours of the night, when you are warmly snuggled in the hay, try and work up a vision of a thousand men singing and coming at the noon-day call of that big whistle—only a dream, Jim. Still, it might help some.

And another thing: Do you remember the cottage down on Centre at the edge of the steep? Of course you do, and how you used to awaken each morning at the sound of the temple bells in old Japan, just out of sight over the neck of the big Pacific? Don't forget it, Jim—Don't do it, let it come back at will, for there you spent some of your earliest marriage years.

The day will surely come, when a familiar figure will be seen on Broadway, and some one will ask, "Who is that man?" Don't you know? Why that's Jimmy Melville. "Great Scott! So that's the man who mastered the devious and winding mysteries of financial New York in ten years!" All of this will happen, Jim, but don't let it drive old memories away. Most of those people back there lost their youth generations.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

Table with 2 columns: Old Way and New Way. Rows include ingredients like cup sugar, cup milk, cups flour, teaspoons Dr. Price's Baking Powder, eggs, cup shortening, and teaspoon flavoring.

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth, pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar, derived from Grapes. Made in Canada. No Alum.

Are You an Asset to Canada—or are You a Liability?

ARE you helping to win the War? Or could Canada put up a better fight without you? Are you working—saving—paying—to back up the men at the front? Or are you loafing—wasting—spending on selfish indulgences the money that should be loaned to the Nation?

Man-power is at a premium! The time and strength of every man in Canada should be devoted whole-heartedly to really useful work—work that will help, directly or indirectly, in the Struggle.

Food is short the world over! Every housewife in Canada should devote herself earnestly to the problem of conserving it—of feeding our people well, yet economically and without waste.

Everyone should save—and lend the savings to the nation!

Canada needs every dollar you can invest in War Savings Certificates, and for every \$21.50 you loan now, she will repay you \$25.00 at the end of three years—or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, which may be purchased at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES"

NORAH WATSON
86 Drayton Ave., Toronto,
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—growing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

RUSSIA AND THE DARDANELLES

Paris.—The newspapers print telegrams from Petrograd stating that, at a meeting yesterday evening of the Party of National Freedom, M. Miliukoff made an important speech, in the course of which he said:—

"When the end of the war comes and the enemy is exhausted the formula 'without annexations or indemnities' will be particularly advantageous to our enemies, who will be only too happy if, after having themselves levied contributions on the invaded territories, they were freed from all obligations to contribute, in spite of their acts of vandalism and their violation of the principles of international law. I can say with pride that up to the last moment I did not make it possible for the Allies to say that Russia had abandoned her rights in the Dardanelles. The essential point is not whether the Dardanelles will be Russian or neutral, but whether they will be Russian or German. When the Allies recognized our rights in the Dardanelles it was not merely to favor Southern Russia, but to ensure that the Straits should not fall into the hands of Germany."—Reuter.

LAND REGISTRY ACT

(Sections 36 and 134.)

Re Application No. 91,111, Filing 5,814. TAKE NOTICE that application has been made to register John Bergman, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 10th day of September, 1915, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known as Lot Ten (10), Block Five (5), Section Seven (7), Mar 923.

You are required to contest the claim of the tax purchaser within thirty-five days from the date of the service of this notice (which may be effected by Registered Mail or as Directed, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "...and in default of a caveat or certificate of its pendens being filed before the registration as owner of the person entitled under such tax sale, all persons served with notice.... and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the abovementioned lands, in the name of John Bergman:

AND WHEREAS on investigating the title it appears that prior to the 9th day of September, 1914, (the date on which the said lands were sold for overdue taxes) you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John Bergman unless you take and prosecute the proper proceedings to establish your claim, if any to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office Prince Rupert, B. C., this 6th day of December, A. D. 1916.

* HAZELTON MINING NOTES *

Mining in the Hazelton district is in a very healthy condition at present, several properties that were closed for the winter have recently been opened up again, and development work is proceeding satisfactorily.

The Spokane Rochede Boule mine, situated about two miles from New Hazelton, has commenced operations again with a full staff under the management of Mr. G. Jennings, Jr., formerly of Spokane, Wn.

The Silver Standard mine situated about eight miles from New Hazelton on Glen Mountain, is shipping regularly. This mine is reported to be in splendid shape for a good summer's run. Owing to the increased development at this mine, the power plant has been enlarged to twice the former capacity, and it is reported that the owners contemplate putting in a mill and concentrating plant to treat the lower grades of ore,

of which there is a considerable quantity on the surface dumps.

The New Hazelton Gold and Cobalt Company's mine situated on the Rochede Boule mountain is developing steadily, the main tunnel is now in close on 750 ft. and the vein at this point is reported to be exceptionally strong. The management contemplates commencing several stopes from the present level, which is stated to be 350 ft. below the surface showings. The company may also commence driving another tunnel some distance further down the mountain, for the purpose of proving the vein to depth.

The Comeau mine, situated at the base of the Rochede Boule mountain eight miles west from New Hazelton, shipped two car loads of copper ore recently. Recent developments at this mine have been very encouraging, and some promising ore shoots have been encountered. The property is very much lower in elevation than any of the other mines being operated in the district, which goes to prove that the ores found in the Rochede Boule district are not confined alone to the higher levels.

On the Delta Copper Company's property construction work is going ahead rapidly. An air-compressor, hoist, and machine shop
